A RESOLUTION

1 Supporting an amendment to the Constitution of the United States
2 to establish that election spending may be regulated to
3 ensure that every resident may exercise the rights to free
4 speech, political participation and meaningful
5 representation, and to protect republican self-government and
6 federalism.

7 WHEREAS, We the People have a compelling interest in
8 fostering robust political debate and self-government, securing
9 the liberty and political equality of our residents, guarding
10 against corruption and advancing federalism and the interests of
11 the several states; and

12 WHEREAS, Over the past few decades, the Supreme Court has
13 gradually come to equate election spending with "free speech";

16 rights for all residents, narrow debate, weaken federalism and
17 self-governance in the states and increase the risk of systemic
18 corruption; and

19 WHEREAS, The states and Congress should have the ability to

1 enact reasonable regulations regarding this spending; and
2 WHEREAS, The framers wisely granted the states ultimate power
3 to amend our Constitution where necessary to make it and our
4 union ever more perfect and to protect and preserve self-
5 government and liberty; therefore be it

6 RESOLVED, That the House of Representatives of the
7 Commonwealth of Pennsylvania support an amendment to the
8 Constitution of the United States to establish that election

12 government and federalism; and be it further

14 the United States Congress to propose and send to the states for
15 ratification a Constitutional amendment to clarify that states
16 may regulate the spending of money to influence elections in the
17 states and that Congress may regulate the spending of money to
18 influence Federal elections, and that in doing so the states and
19 Congress may distinguish between natural persons and legally
20 recognized entities; and be it further
