

116TH CONGRESS  
2D SESSION

# H. R. 3884

## AN ACT

To decriminalize and deschedule cannabis, to provide for reinvestment in certain persons adversely impacted by the War on Drugs, to provide for expungement of certain cannabis offenses, and for other purposes.

1       *Be it enacted by the Senate and House of Representa-*  
2       *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Marijuana Opportunity  
3 Reinvestment and Expungement Act of 2020” or the  
4 “MORE Act of 2020”.

5 **SEC. 2. FINDINGS.**

6 The Congress finds as follows:

7 (1) The communities that have been most  
8 harmed by cannabis prohibition are benefiting the  
9 least from the legal marijuana marketplace.

10 (2) A legacy of racial and ethnic injustices,  
11 compounded by the disproportionate collateral con-  
12 sequences of 80 years of cannabis prohibition en-  
13 forcement, now limits participation in the industry.

14 (3) 36 States, the District of Columbia, Puerto  
15 Rico, and Guam have adopted laws allowing legal ac-  
16 cess to cannabis, and 15 States, the District of Co-  
17 lumbia, and the Commonwealth of the Northern  
18 Mariana Islands have adopted laws legalizing can-  
19 nabis for adult recreational use.

20 (4) A total of 47 States have reformed their  
21 laws pertaining to cannabis despite the Schedule I  
22 status of marijuana and its Federal criminalization.

23 (5) Legal cannabis sales totaled \$9.5 billion in  
24 2017 and are projected to reach \$23 billion by 2022.

1           (6) According to the American Civil Liberties  
2           Union (ACLU), enforcing cannabis prohibition laws  
3           costs taxpayers approximately \$3.6 billion a year.

4           (7) The continued enforcement of cannabis pro-  
5           hibition laws results in over 600,000 arrests annu-  
6           ally, disproportionately impacting people of color  
7           who are almost 4 times more likely to be arrested  
8           for cannabis possession than their White counter-  
9           parts, despite equal rates of use across populations.

10          (8) People of color have been historically tar-  
11          geted by discriminatory sentencing practices result-  
12          ing in Black men receiving drug sentences that are  
13          13.1 percent longer than sentences imposed for  
14          White men and Latinos being nearly 6.5 times more  
15          likely to receive a Federal sentence for cannabis pos-  
16          session than non-Hispanic Whites.

17          (9) In 2013, simple cannabis possession was the  
18          fourth most common cause of deportation for any of-  
19          fense and the most common cause of deportation for  
20          drug law violations.

21          (10) Fewer than one-fifth of cannabis business  
22          owners identify as minorities and only approximately  
23          4 percent are black.

24          (11) Applicants for cannabis licenses are lim-  
25          ited by numerous laws, regulations, and exorbitant

1 permit applications, licensing fees, and costs in these  
 2 States, which can require more than \$700,000.

3 (12) Historically disproportionate arrest and  
 4 conviction rates make it particularly difficult for  
 5 people of color to enter the legal cannabis market-  
 6 place, as most States bar these individuals from par-  
 7 ticipating.

8 (13) Federal law severely limits access to loans  
 9 and capital for cannabis businesses, disproportion-  
 10 ately impacting minority small business owners.

11 (14) Some States and municipalities have taken  
 12 proactive steps to mitigate inequalities in the legal  
 13 cannabis marketplace and ensure equal participation  
 14 in the industry.
