7 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF WASHINGTON:

8 NEW SECTION. **Sec. 1.** INTENT. The state must provide education  
9 funding that corresponds to the cost of providing all students with  
10 the opportunity to learn through the state's statutory program of  
11 basic education. In chapter 548, Laws of 2009 (Engrossed Substitute  
12 House Bill No. 2261) and chapter 236, Laws of 2010 (Substitute House  
13 Bill No. 2776), the state established a comprehensive plan for  
14 enhancing the state's program of basic education. With this act, the  
15 legislature intends to realize the promise of these reforms and to  
16 improve student outcomes by increasing state allocations for school  
17 staff salaries, by revising state and local education funding  
18 contributions, and by improving transparency and accountability of  
19 education funding.

20 **PART I**

21 **SALARY ALLOCATIONS**

22 **Sec. 101.** RCW 28A.150.410 and 2010 c 236 s 10 are each amended  
23 to read as follows:

24 SALARY ALLOCATION METHODOLOGY—REGULAR REALIGNMENT—ADJUSTMENTS  
25 FOR REGIONAL DIFFERENCES IN THE COST OF HIRING STAFF. (1) Through the  
26 2017-18 school year, the legislature shall establish for each school  
27 year in the appropriations act a statewide salary allocation  
28 schedule, for allocation purposes only, to be used to distribute  
29 funds for basic education certificated instructional staff salaries  
30 under RCW 28A.150.260. For the purposes of this section, the staff  
31 allocations for classroom teachers, teacher librarians, guidance  
32 counselors, and student health services staff under RCW 28A.150.260  
33 are considered allocations for certificated instructional staff.

34 (2) Through the 2017-18 school year, salary allocations for  
35 state-funded basic education certificated instructional staff shall  
36 be calculated by the superintendent of public instruction by

1 determining the district's average salary for certificated  
2 instructional staff, using the statewide salary allocation schedule  
3 and related documents, conditions, and limitations established by the  
4 omnibus appropriations act.

5 (3) (~~Beginning January 1, 1992~~) Through the 2017-18 school  
6 year, no more than ninety college quarter-hour credits received by  
7 any employee after the baccalaureate degree may be used to determine  
8 compensation allocations under the state salary allocation schedule  
9 and LEAP documents referenced in the omnibus appropriations act, or  
10 any replacement schedules and documents, unless:

11 (a) The employee has a master's degree; or

12 (b) The credits were used in generating state salary allocations  
13 before January 1, 1992.

14 (4) Beginning in the 2007-08 school year and through the 2017-18  
15 school year, the calculation of years of service for occupational  
16 therapists, physical therapists, speech-language pathologists,  
17 audiologists, nurses, social workers, counselors, and psychologists  
18 regulated under Title 18 RCW may include experience in schools and  
19 other nonschool positions as occupational therapists, physical  
20 therapists, speech-language pathologists, audiologists, nurses,  
21 social workers, counselors, or psychologists. The calculation shall  
22 be that one year of service in a nonschool position counts as one  
23 year of service for purposes of this chapter, up to a limit of two  
24 years of nonschool service. Nonschool years of service included in  
25 calculations under this subsection shall not be applied to service  
26 credit totals for purposes of any retirement benefit under chapter  
27 41.32, 41.35, or 41.40 RCW, or any other state retirement system  
28 benefits.

29 (5) By the 2019-20 school year, the minimum state allocation for  
30 salaries for certificated instructional staff in the basic education  
31 program must be increased beginning in the 2018-19 school year to  
32 provide a statewide average allocation of sixty-four thousand dollars  
33 adjusted for inflation from the 2017-18 school year.

34 (6) By the 2019-20 school year, the minimum state allocation for  
35 salaries for certificated administrative staff in the basic education  
36 program must be increased beginning in the 2018-19 school year to  
37 provide a statewide average allocation of ninety-five thousand  
38 dollars adjusted for inflation from the 2017-18 school year.

39 (7) By the 2019-20 school year, the minimum state allocation for  
40 salaries for classified staff in the basic education program must be

1 increased beginning in the 2018-19 school year to provide a statewide  
2 average allocation of forty-five thousand nine hundred twelve dollars  
3 adjusted by inflation from the 2017-18 school year.

4 (8) To implement the new minimum salary allocations in  
5 subsections (5) through (7) of this section, the legislature must  
6 fund fifty percent of the increased salary allocation in the 2018-19  
7 school year and the entire increased salary allocation in the 2019-20  
8 school year. For school year 2018-19, a district's minimum state  
9 allocation for salaries is the greater of the district's 2017-18  
10 state salary allocation, adjusted for inflation, or the district's  
11 allocation based on the state salary level specified in subsections  
12 (5) through (7) of this section, and as further specified in the  
13 omnibus appropriations act.

14 (9) Beginning with the 2018-19 school year, state allocations for  
15 salaries for certificated instructional staff, certificated  
16 administrative staff, and classified staff must be adjusted for  
17 regional differences in the cost of hiring staff. Adjustments for  
18 regional differences must be specified in the omnibus appropriations  
19 act for each school year through at least school year 2022-23. For  
20 school years 2018-19 through school year 2022-23, the school district  
21 regionalization factors are based on the median single-family  
22 residential value of each school district and proximate school  
23 district median single-family residential value as described in  
24 section 104 of this act.

25 (10) Beginning with the 2023-24 school year and every six years  
26 thereafter, the minimum state salary allocations and school district  
27 regionalization factors for certificated instructional staff,  
28 certificated administration staff, and classified staff must be  
29 reviewed and rebased, as provided under section 104 of this act, to  
30 ensure that state salary allocations continue to align with staffing  
31 costs for the state's program of basic education.

32 **Sec. 102.** RCW 28A.400.205 and 2013 2nd sp.s. c 5 s 1 are each  
33 amended to read as follows:

34 INFLATIONARY ADJUSTMENTS. (1) School district employees shall be  
35 provided an annual salary (~~cost-of-living~~) inflationary increase in  
36 accordance with this section.

37 (a) The (~~cost-of-living~~) inflationary increase shall be  
38 calculated by applying the rate of the yearly increase in the (~~cost-~~  
39 ~~of-living~~) inflationary adjustment index to any state-funded salary

1 base used in state funding formulas for teachers and other school  
2 district employees. Beginning with the ~~((2001-02 school year, and for~~  
3 ~~each subsequent school year, except for the 2013-14 and 2014-15~~  
4 ~~school years))~~ 2020-21 school year, each school district shall be  
5 provided ~~((a cost-of-living))~~ an inflationary adjustment allocation  
6 sufficient to grant this ~~((cost-of-living))~~ inflationary increase.

7 (b) A school district shall distribute its ~~((cost-of-living))~~  
8 inflationary adjustment allocation for salaries and salary-related  
9 benefits in accordance with the district's ~~((salary schedules,))~~  
10 collective bargaining agreements~~((,))~~ and compensation policies. No  
11 later than the end of the school year, each school district shall  
12 certify to the superintendent of public instruction that it has spent  
13 funds provided for ~~((cost-of-living))~~ inflationary increases on  
14 salaries and salary-related benefits.

15 (c) Any funded ~~((cost-of-living))~~ inflationary increase shall be  
16 included in the salary base used to determine ~~((cost-of-living))~~  
17 inflationary increases for school employees in subsequent years. For  
18 teachers and other certificated instructional staff, the rate of the  
19 annual ~~((cost-of-living))~~ inflationary increase funded for  
20 certificated instructional staff shall be applied to the base salary  
21 used with the statewide salary allocation ~~((schedule))~~ methodology  
22 established under RCW 28A.150.410 and to any other salary ~~((models))~~  
23 allocation methodologies used to recognize school district personnel  
24 costs.

25 (2) For the purposes of this section, ~~((cost-of-living))~~  
26 inflationary adjustment index" means, for any school year, the  
27 ~~((previous calendar year's annual average consumer price index))~~  
28 implicit price deflator for that fiscal year, using the official  
29 current base, compiled by the bureau of labor statistics, United  
30 States department of labor for the state of Washington. ~~((If the~~  
31 ~~bureau of labor statistics develops more than one consumer price~~  
32 ~~index for areas within the state, the index covering the greatest~~  
33 ~~number of people, covering areas exclusively within the boundaries of~~  
34 ~~the state, and including all items shall be used for the cost-of-~~  
35 ~~living index in this section.))~~

36 **Sec. 103.** RCW 28A.400.200 and 2010 c 235 s 401 are each amended  
37 to read as follows:

38 CERTIFICATED INSTRUCTIONAL STAFF SALARIES—SUPPLEMENTAL CONTRACTS.

39 (1) Every school district board of directors shall fix, alter, allow,

1 and order paid salaries and compensation for all district employees  
2 in conformance with this section.

3 (2) (a) Through the 2017-18 school year, salaries for certificated  
4 instructional staff shall not be less than the salary provided in the  
5 appropriations act in the statewide salary allocation schedule for an  
6 employee with a baccalaureate degree and zero years of service;  
7 ((and))

8 (b) Salaries for certificated instructional staff with a master's  
9 degree shall not be less than the salary provided in the  
10 appropriations act in the statewide salary allocation schedule for an  
11 employee with a master's degree and zero years of service; and

12 (c) Beginning with the 2019-20 school year:

13 (i) Salaries for full-time certificated instructional staff must  
14 not be less than forty thousand dollars, to be adjusted for regional  
15 differences in the cost of hiring staff as specified in RCW  
16 28A.150.410, and to be adjusted annually by the same inflationary  
17 measure as provided in RCW 28A.400.205;

18 (ii) Salaries for full-time certificated instructional staff with  
19 at least five years of experience must exceed by at least ten percent  
20 the value specified in (c) (i) of this subsection;

21 (iii) A district may not pay full-time certificated instructional  
22 staff a salary that exceeds ninety thousand dollars, subject to  
23 adjustment for regional differences in the cost of hiring staff as  
24 specified in RCW 28A.150.410. This maximum salary is adjusted  
25 annually by the inflationary measure in RCW 28A.400.205;

26 (iv) These minimum and maximum salaries apply to the services  
27 provided as part of the state's statutory program of basic education  
28 and exclude supplemental contracts for additional time,  
29 responsibility, or incentive pursuant to this section or for  
30 enrichment pursuant to section 501 of this act;

31 (v) A district may pay a salary that exceeds this maximum salary  
32 by up to ten percent for full-time certificated instructional staff:  
33 Who are educational staff associates; who teach in the subjects of

35 transitional bilingual instruction or special education programs.

36 (3) (a) (i) Through the 2017-18 school year the actual average  
37 salary paid to certificated instructional staff shall not exceed the  
38 district's average certificated instructional staff salary used for  
39 the state basic education allocations for that school year as  
40 determined pursuant to RCW 28A.150.410.

1 (ii) For the 2018-19 school year, salaries for certificated  
2 instructional staff are subject to the limitations in section 702 of  
3 this act.

4 (iii) Beginning with the 2019-20 school year, for purposes of  
5 subsection (4) of this section, section 501 of this act, and RCW  
6 28A.505.100, each school district must annually identify the actual  
7 salary paid to each certificated instructional staff for services  
8 rendered as part of the state's program of basic education.

9 (b) Through the 2018-19 school year, fringe benefit contributions  
10 for certificated instructional staff shall be included as salary  
11 under (a)(i) of this subsection only to the extent that the  
12 district's actual average benefit contribution exceeds the amount of  
13 the insurance benefits allocation, less the amount remitted by  
14 districts to the health care authority for retiree subsidies,  
15 provided per certificated instructional staff unit in the state  
16 operating appropriations act in effect at the time the compensation  
17 is payable. For purposes of this section, fringe benefits shall not  
18 include payment for unused leave for illness or injury under RCW  
19 28A.400.210; employer contributions for old age survivors insurance,  
20 workers' compensation, unemployment compensation, and retirement  
21 benefits under the Washington state retirement system; or employer  
22 contributions for health benefits in excess of the insurance benefits  
23 allocation provided per certificated instructional staff unit in the  
24 state operating appropriations act in effect at the time the  
25 compensation is payable. A school district may not use state funds to  
26 provide employer contributions for such excess health benefits.

27 (c) Salary and benefits for certificated instructional staff in  
28 programs other than basic education shall be consistent with the  
29 salary and benefits paid to certificated instructional staff in the  
30 basic education program.

31 (4) (a) Salaries and benefits for certificated instructional staff  
32 may exceed the limitations in subsection (3) of this section only by  
33 separate contract for additional time, for additional  
34 responsibilities, or for incentives (~~(, or for implementing specific~~  
35 ~~measurable innovative activities, including professional development,~~  
36 ~~specified by the school district to: (a) Close one or more~~

3 ~~superintendent of public instruction shall summarize the district~~  
4 ~~information and submit an annual report to the education committees~~  
5 ~~of the house of representatives and the senate)). Supplemental~~  
6 contracts shall not cause the state to incur any present or future  
7 funding obligation. Supplemental contracts must be accounted for by a  
8 school district when the district is developing its four-year budget  
9 plan under RCW 28A.505.040.

10 (b) Supplemental contracts shall be subject to the collective  
11 bargaining provisions of chapter 41.59 RCW and the provisions of RCW  
12 28A.405.240, shall not exceed one year, and if not renewed shall not  
13 constitute adverse change in accordance with RCW 28A.405.300 through  
14 28A.405.380. No district may enter into a supplemental contract under  
15 this subsection for the provision of services which are a part of the  
16 basic education program required by Article IX, section ((3)) 1 of  
17 the state Constitution and RCW 28A.150.220. Beginning September 1,  
18 2019, supplemental contracts for certificated instructional staff are  
19 subject to the following additional restrictions: School districts  
20 may enter into supplemental contracts only for enrichment activities  
21 as defined in and subject to the limitations of section 501 of this  
22 act. The rate the district pays under a supplemental contract may not  
23 exceed the hourly rate provided to that same instructional staff for  
24 services under the basic education salary identified pursuant to  
25 subsection (3) (a) (iii) of this section.

26 (5) Employee benefit plans offered by any district shall comply  
27 with RCW 28A.400.350 ((and)) 28A.400.275, and 28A.400.280.

28 NEW SECTION. Sec. 104. A new section is added to chapter  
29 28A.150 RCW to read as follows:

30 PROCESS FOR REVIEWING AND REBASING SALARY ALLOCATIONS. (1)  
31 Beginning with the 2023 regular legislative session, and every six  
32 years thereafter, the legislature shall review and rebase state basic  
33 education compensation allocations compared to school district  
34 compensation data, regionalization factors, and other economic  
35 information. The legislature shall revise the minimum allocations and  
36 regionalization factors if necessary to ensure that state basic  
37 education allocations continue to provide market-rate salaries and  
38 that regionalization adjustments reflect actual economic differences  
39 between school districts.

1 (2) (a) For school districts with single-family residential values  
2 above the statewide median residential value, regionalization factors  
3 for school years 2018-19 through school year 2022-23 are as follows:

4 (i) For school districts in tercile 1, state salary allocations  
5 for school district employees are regionalized by six percent;

6 (ii) For school districts in tercile 2, state salary allocations  
7 for school district employees are regionalized by twelve percent; and

8 (iii) For school districts in tercile 3, state salary allocations  
9 for school district employees are regionalized by eighteen percent.

10 (b) Additional school district adjustments are identified in the  
11 omnibus appropriations act, and these adjustments are partially  
12 reduced or eliminated by the 2022-23 school year as follows:

13 (i) Adjustments that increase the regionalization factor to a  
14 value that is greater than the tercile 3 regionalization factor must  
15 be reduced by two percentage points each school year beginning with  
16 school year 2020-21, through 2022-23.

17 (ii) Adjustments that increase the regionalization factor to a  
18 value that is less than or equal to the tercile 3 regionalization  
19 factor must be reduced by one percentage point each school year  
20 beginning with school year 2020-21, through 2022-23.

21 (3) To aid the legislature in reviewing and rebasing  
22 regionalization factors, the department of revenue shall, by November  
23 1, 2022, and by November 1st every six years thereafter, determine  
24 the median single-family residential value of each school district as  
25 well as the median value of proximate districts within fifteen miles  
26 of the boundary of the school district for which the median  
27 residential value is being calculated.

28 (4) No district may receive less state funding for the minimum  
29 state salary allocation as compared to its prior school year salary  
30 allocation as a result of adjustments that reflect updated  
31 regionalized salaries.

32 (5) The definitions in this subsection apply throughout this  
33 section unless the context clearly requires otherwise.

34 (a) "Median residential value of each school district" means the  
35 median value of all single-family residential parcels included within  
36 a school district and any other school district that is proximate to  
37 the school district.

38 (b) "Proximate to the school district" means within fifteen miles  
39 of the boundary of the school district for which the median  
40 residential value is being calculated.

1 (c) "School district employees" means state-funded certificated  
2 instructional staff, certificated administrative staff, and  
3 classified staff.

4 (d) "School districts in tercile 1" means school districts with  
5 median single-family residential values in the first tercile of  
6 districts with single-family residential values above the statewide  
7 median residential value.

8 (e) "School districts in tercile 2" means school districts with  
9 median single-family residential values in the second tercile of

6 MODEL SALARY GRID FOR CERTIFICATED INSTRUCTIONAL STAFF—WORK  
7 GROUP. (1) The superintendent of public instruction must convene and  
8 facilitate a stakeholder technical working group to develop a model  
9 salary grid for school district use in developing locally determined  
10 compensation plans for certificated instructional staff.

11 (2) The grid is intended to be used as a resource by school  
12 districts in determining local salaries in the collective bargaining  
13 process, and it is intended to provide guidance to districts in  
14 hiring staff based on the allocation methodology, regionalization  
15 adjustments, and compensation restrictions in chapter . . ., Laws of  
16 2017 3rd sp. sess. (this act). However, districts are not required to  
17 use this grid in bargaining or determining actual salaries.

18 (3) Membership of the technical working group convened by the  
19 superintendent of public instruction may include, but is not limited  
20 to, one school district administrator each from an urban and a rural  
21 district east of the crest of the Cascade mountains and from an urban

3 recodified as sections in chapter 28A.415 RCW.

4 **PART II**  
5 **ENRICHMENT LEVIES AND**  
6 **LOCAL EFFORT ASSISTANCE**

7 **Sec. 201.** RCW 84.52.053 and 2012 c 186 s 18 are each amended to  
8 read as follows:

9 MAINTENANCE AND OPERATIONS LEVIES RENAMED "ENRICHMENT LEVIES"—MAY  
10 BE USED FOR ENRICHMENT ONLY. (1) The limitations imposed by RCW  
11 84.52.050 through 84.52.056, and 84.52.043 shall not prevent the levy  
12 of taxes by school districts, when authorized so to do by the voters  
13 of such school district in the manner and for the purposes and number  
14 of years allowable under Article VII, section 2(a) and Article IX,  
15 section 1 of the Constitution of this state. Elections for such taxes  
16 shall be held in the year in which the levy is made or, in the case  
17 of propositions authorizing two-year through four-year levies for  
18 (~~maintenance and operation support of~~) enrichment funding for a  
19 school district, authorizing two-year levies for transportation  
20 vehicle funds established in RCW 28A.160.130 through calendar year  
21 2019, authorizing two-year levies for transportation vehicle  
22 enrichment beginning with calendar year 2020, or authorizing two-year  
23 through six-year levies to support the construction, modernization,  
24 or remodeling of school facilities, which includes the purposes of  
25 RCW 28A.320.330(2) (f) and (g), in the year in which the first annual  
26 levy is made.

27 (2) (a) Once additional tax levies have been authorized for  
28 (~~maintenance and operation support of~~) enrichment funding for a  
29 school district for a two-year through four-year period as provided  
30 under subsection (1) of this section, no further additional tax  
31 levies for (~~maintenance and operation support of~~) enrichment  
32 funding for the district for that period may be authorized, except  
33 for additional levies to provide for subsequently enacted increases  
34 affecting the district's (~~levy base or~~) maximum levy  
35 (~~percentage~~).

36 (b) Notwithstanding (a) of this subsection, any school district  
37 that is required to annex or receive territory pursuant to a  
38 dissolution of a financially insolvent school district pursuant to

1 RCW 28A.315.225 may call either a replacement or supplemental levy  
2 election within the school district, including the territory annexed  
3 or transferred, as follows:

4 (i) An election for a proposition authorizing two-year through  
5 four-year levies for ~~((maintenance and operation support of))~~  
6 enrichment funding for a school district may be called and held  
7 before the effective date of dissolution to replace existing  
8 ~~((maintenance and operation))~~ enrichment levies and to provide for  
9 increases due to the dissolution.

10 (ii) An election for a proposition authorizing additional tax  
11 levies may be called and held before the effective date of  
12 dissolution to provide for increases due to the dissolution.

13 (iii) In the event a replacement levy election under (b)(i) of  
14 this subsection is held but does not pass, the affected school  
15 district may subsequently hold a supplemental levy election pursuant  
16 to (b)(ii) of this subsection if the supplemental levy election is  
17 held before the effective date of dissolution. In the event a  
18 supplemental levy election is held under ~~((subsection))~~ (b)(ii) of  
19 this subsection but does not pass, the affected school district may  
20 subsequently hold a replacement levy election pursuant to (b)(i) of  
21 this subsection if the replacement levy election is held before the  
22 effective date of dissolution. Failure of a replacement levy or  
23 supplemental levy election does not affect any previously approved  
24 and existing ~~((maintenance and operation))~~ enrichment levy within the  
25 affected school district or districts.

26 (c) For the purpose of applying the limitation of this subsection  
27 (2), a two-year through six-year levy to support the construction,  
28 modernization, or remodeling of school facilities shall not be deemed  
29 to be a tax levy for ~~((maintenance and operation support of))~~  
30 enrichment funding for a school district.

31 (3) A special election may be called and the time therefor fixed  
32 by the board of school directors, by giving notice thereof by  
33 publication in the manner provided by law for giving notices of  
34 general elections, at which special election the proposition  
35 authorizing such excess levy shall be submitted in such form as to  
36 enable the voters favoring the proposition to vote "yes" and those  
37 opposed thereto to vote "no."

38 (4)(a) Beginning September 1, 2019, school districts may use  
39 enrichment levies and transportation vehicle enrichment levies solely

1 to enrich the state's statutory program of basic education as  
2 authorized under section 501 of this act.

3 (b) Beginning with propositions for enrichment levies and  
4 transportation vehicle enrichment levies for collection in calendar  
5 year 2020 and thereafter, a district must receive approval of an  
6 enrichment levy expenditure plan from the superintendent of public  
7 instruction under section 204 of this act before submission of the  
8 proposition to the voters.

23 (4) of this section multiplied by the district's maximum levy  
24 percentage as defined in subsection (7) of this section;

30 school year commencing the year of the levy;

31 (c) Except for nonhigh districts under (d) of this subsection,  
32 for districts in an interdistrict cooperative agreement, the  
33 nonresident school district's maximum levy amount shall be reduced  
34 and the resident school district's maximum levy amount shall be  
35 increased by an amount equal to the per pupil basic education

39 resident district in the prior school year; multiplied by:

1 (ii) The serving district's maximum levy percentage determined  
2 under subsection (7) of this section; increased by:

3 (iii) The percent increase per full-time equivalent student as  
4 stated in the state basic education appropriation section of the

6 year divided by fifty-five percent;

7 (d) The levy bases of nonhigh districts participating in an  
8 innovation academy cooperative established under RCW 28A.340.080  
9 shall be adjusted by the office of the superintendent of public  
10 instruction to reflect each district's proportional share of student  
11 enrollment in the cooperative;

12 (e) The district's maximum levy amount shall be reduced by the  
13 maximum amount of state matching funds for which the district is  
14 eligible under RCW 28A.500.010.

15 (3) For excess levies for collection in calendar year 2005 and  
16 thereafter, a district's levy base shall be the sum of allocations in  
17 (a) through (c) of this subsection received by the district for the  
18 prior school year and the amounts determined under subsection (4) of

20 the sum of such allocations multiplied by the percent increase per  
21 full time equivalent student as stated in the state basic education  
22 appropriation section of the biennial budget between the prior school  
23 year and the current school year and divided by fifty-five percent. A  
24 district's levy base shall not include local school district property  
25 tax levies or other local revenues, or state and federal allocations  
26 not identified in (a) through (c) of this subsection.

27 (a) The district's basic education allocation as determined  
28 pursuant to RCW 28A.150.250, 28A.150.260, and 28A.150.350;

30 programs:

31 (i) Pupil transportation;

32 (ii) Special education;

37 (v) Food services; and

38 (vi) Statewide block grant programs; and

1 (c) Any other federal allocations for elementary and secondary

4 (4) For levy collections in calendar years 2005 through 2018, in  
5 addition to the allocations included under subsection (3)(a) through  
6 (c) of this section, a district's levy base shall also include the  
7 following:

8 (a)(i) For levy collections in calendar year 2010, the difference  
9 between the allocation the district would have received in the  
10 current school year had RCW 84.52.068 not been amended by chapter 19,  
11 Laws of 2003 1st sp. sess. and the allocation the district received  
12 in the current school year pursuant to RCW 28A.505.220;

13 (ii) For levy collections in calendar years 2011 through 2018,  
14 the allocation rate the district would have received in the prior

17 allocation for the prior school year; and

18 (b) The difference between the allocations the district would  
19 have received the prior school year using the Initiative 732 base and

22 (5) For levy collections in calendar years 2011 through 2018, in  
23 addition to the allocations included under subsections (3)(a) through  
24 (c) and (4)(a) and (b) of this section, a district's levy base shall  
25 also include the difference between an allocation of fifty-three and

27 time equivalent students in grades kindergarten through four enrolled  
28 in the prior school year and the allocation of certificated  
29 instructional staff units per thousand full-time equivalent students  
30 in grades kindergarten through four that the district actually  
31 received in the prior school year, except that the levy base for a  
32 school district whose allocation in the 2009-10 school year was less  
33 than fifty-three and two-tenths certificated instructional staff  
34 units per thousand full-time equivalent students in grades  
35 kindergarten through four shall include the difference between the  
36 allocation the district actually received in the 2009-10 school year  
37 and the allocation the district actually received in the prior school  
38 year.

39 (6) For levy collections beginning in calendar year 2014 and

8 (7)(a) A district's maximum levy percentage shall be twenty-four  
9 percent in 2010 and twenty-eight percent in 2011 through 2018 (~~and~~  
10 ~~twenty-four percent every year thereafter~~);

11 (b) For qualifying districts, in addition to the percentage in  
12 (a) of this subsection the grandfathered percentage determined as  
13 follows:

14 (i) For 1997, the difference between the district's 1993 maximum  
15 levy percentage and twenty percent; and

16 (ii) For 2011 through 2018, the percentage calculated as follows:

17 (A) Multiply the grandfathered percentage for the prior year  
18 times the district's levy base determined under subsection (3) of  
19 this section;

20 (B) Reduce the result of (b)(ii)(A) of this subsection by any  
21 levy reduction funds as defined in subsection (8) of this section  
22 that are to be allocated to the district for the current school year;

23 (C) Divide the result of (b)(ii)(B) of this subsection by the  
24 district's levy base; and

25 (D) Take the greater of zero or the percentage calculated in  
26 (b)(ii)(C) of this subsection.

27 (8) "Levy reduction funds" shall mean increases in state funds  
28 from the prior school year for programs included under subsections  
29 (3) and (4) of this section: (a) That are not attributable to  
30 enrollment changes, compensation increases, or inflationary  
31 adjustments; and (b) that are or were specifically identified as levy  
32 reduction funds in the appropriations act. If levy reduction funds  
33 are dependent on formula factors which would not be finalized until  
34 after the start of the current school year, the superintendent of  
35 public instruction shall estimate the total amount of levy reduction  
36 funds by using prior school year data in place of current school year  
37 data. Levy reduction funds shall not include moneys received by  
38 school districts from cities or counties.

39 (9) The definitions in this subsection apply throughout this  
40 section unless the context clearly requires otherwise.

1 (a) "Prior school year" means the most recent school year  
2 completed prior to the year in which the levies are to be collected.

3 (b) "Current school year" means the year immediately following  
4 the prior school year.

5 (c) "Initiative 728 rate" means the allocation rate at which the  
6 student achievement program would have been funded under chapter 3,  
7 Laws of 2001, if all annual adjustments to the initial 2001  
8 allocation rate had been made in previous years and in each  
9 subsequent year as provided for under chapter 3, Laws of 2001.

10 (d) "Initiative 732 base" means the prior year's state allocation  
11 for annual salary cost-of-living increases for district employees in  
12 the state-funded salary base as it would have been calculated under  
13 chapter 4, Laws of 2001, if each annual cost-of-living increase  
14 allocation had been provided in previous years and in each subsequent  
15 year.

16 (10) Funds collected from transportation vehicle fund tax levies  
17 shall not be subject to the levy limitations in this section.

18 (11) The superintendent of public instruction shall develop rules  
19 and inform school districts of the pertinent data necessary to carry  
20 out the provisions of this section.

21 (12) For calendar year 2009, the office of the superintendent of  
22 public instruction shall recalculate school district levy authority  
23 to reflect levy rates certified by school districts for calendar year  
24 2009.

25 ~~((13) For levies collected in calendar year 2018 and thereafter,~~  
26 ~~levy collections must be deposited into a local revenue subfund of~~  
27 ~~the general fund to enable a detailed accounting of the amount and~~  
28 ~~object of expenditures from the levy collections. The office of the~~  
29 ~~superintendent of public instruction must collaborate with the office~~  
30 ~~of the state auditor to develop guidance for districts to carry out~~  
31 ~~this requirement.~~

32 ~~(14) To ensure that levies for maintenance and operation support~~  
33 ~~under RCW 84.52.053 are not used for basic education programs,~~

35 ~~calendar year 2018, districts must provide a report to the office of~~  
36 ~~the superintendent of public instruction detailing the programs and~~  
37 ~~activities to be funded through a maintenance and operation levy.~~  
38 ~~Enrichment beyond the state-provided funding in the omnibus~~  
39 ~~appropriations act for the basic education program components under~~  
40 ~~RCW 28A.150.260 is a permitted use of maintenance and operation~~

38 ~~(4) (a) A district's maximum levy percentage shall be twenty-four~~  
39 ~~percent in 2010 and twenty-eight percent in 2011 through 2018 and~~  
40 ~~twenty-four percent every year thereafter;~~

1       ~~(b) For qualifying districts, in addition to the percentage in~~  
2 ~~(a) of this subsection the grandfathered percentage determined as~~  
3 ~~follows:~~

4       ~~(i) For 1997, the difference between the district's 1993 maximum~~  
5 ~~levy percentage and twenty percent;~~

6       ~~(ii) For 2011 through 2018, the percentage calculated as follows:~~

7       ~~(A) Multiply the grandfathered percentage for the prior year~~  
8 ~~times the district's levy base determined under subsection (3) of~~  
9 ~~this section;~~

10       ~~(B) Reduce the result of (b) (ii) (A) of this subsection by any~~  
11 ~~levy reduction funds as defined in subsection (5) of this section~~  
12 ~~that are to be allocated to the district for the current school year;~~

13       ~~(C) Divide the result of (b) (ii) (B) of this subsection by the~~  
14 ~~district's levy base; and~~

15       ~~(D) Take the greater of zero or the percentage calculated in~~  
16 ~~(b) (ii) (C) of this subsection;~~

17       ~~(iii) For 2019 and thereafter, the percentage shall be calculated~~  
18 ~~as follows:~~

19       ~~(A) Multiply the grandfathered percentage for the prior year~~  
20 ~~times the district's levy base determined under subsection (3) of~~  
21 ~~this section;~~

22       ~~(B) Reduce the result of (b) (iii) (A) of this subsection by any~~  
23 ~~levy reduction funds as defined in subsection (5) of this section~~  
24 ~~that are to be allocated to the district for the current school year;~~

25       ~~(C) Divide the result of (b) (iii) (B) of this subsection by the~~  
26 ~~district's levy base; and~~

27       ~~(D) Take the greater of zero or the percentage calculated in~~  
28 ~~(b) (iii) (C) of this subsection.~~

29       ~~(5) "Levy reduction funds" shall mean increases in state funds~~  
30 ~~from the prior school year for programs included under subsection (3)~~  
31 ~~of this section: (a) That are not attributable to enrollment changes,~~  
32 ~~compensation increases, or inflationary adjustments; and (b) that are~~  
33 ~~or were specifically identified as levy reduction funds in the~~  
34 ~~appropriations act. If levy reduction funds are dependent on formula~~  
35 ~~factors which would not be finalized until after the start of the~~  
36 ~~current school year, the superintendent of public instruction shall~~  
37 ~~estimate the total amount of levy reduction funds by using prior~~  
38 ~~school year data in place of current school year data. Levy reduction~~  
39 ~~funds shall not include moneys received by school districts from~~  
40 ~~cities or counties.~~

1 ~~(6) For the purposes of this section, "prior school year" means~~  
2 ~~the most recent school year completed prior to the year in which the~~  
3 ~~levies are to be collected.~~

4 ~~(7) For the purposes of this section, "current school year" means~~  
5 ~~the year immediately following the prior school year.~~

6 ~~(8) Funds collected from transportation vehicle fund tax levies~~  
7 ~~shall not be subject to the levy limitations in this section.~~

8 ~~(9))~~ (1) Beginning with taxes levied for collection in 2019, the  
9 maximum dollar amount which may be levied by or for any school  
10 district for enrichment levies under RCW 84.52.053 is equal to the  
11 lesser of one dollar and fifty cents per thousand dollars of the  
12 assessed value of property in the school district or the maximum per-  
13 pupil limit.

14 (2) The definitions in this subsection apply to this section  
15 unless the context clearly requires otherwise.

16 (a) "Inflation" means inflation as defined in RCW 84.55.005.

17 (b) "Maximum per-pupil limit" means two thousand five hundred  
18 dollars, multiplied by the number of average annual resident full-  
19 time equivalent students enrolled in the school district in the prior  
20 school year. Beginning with property taxes levied for collection in  
21 2020, the maximum per-pupil limit shall be increased by inflation.

22 (c) "Prior school year" means the most recent school year  
23 completed prior to the year in which the levies are to be collected.

24 (3) Beginning with propositions for enrichment levies for  
25 collection in calendar year 2020 and thereafter, a district must  
26 receive approval of an enrichment levy expenditure plan under section  
27 204 of this act before submission of the proposition to the voters.

28 (4) The superintendent of public instruction shall develop rules  
29 and regulations and inform school districts of the pertinent data  
30 necessary to carry out the provisions of this section.

31 ~~((10) For levies collected in calendar year 2018 and thereafter,~~  
32 ~~levy collections must be deposited into a local revenue subfund of~~  
33 ~~the general fund to enable a detailed accounting of the amount and~~  
34 ~~object of expenditures from the levy collections. The office of the~~  
35 ~~superintendent of public instruction must collaborate with the office~~  
36 ~~of the state auditor to develop guidance for districts to carry out~~  
37 ~~this requirement.~~

38 ~~(11) To ensure that levies for maintenance and operation support~~  
39 ~~under RCW 84.52.053 are not used for basic education programs,~~  
40 ~~beginning with ballot propositions submitted to the voters in~~

~~calendar year 2018, districts must provide a report to the office of the superintendent of public instruction detailing the programs and activities to be funded through a maintenance and operation levy. Enrichment beyond the state-provided funding in the omnibus appropriations act for the basic education program components under RCW 28A.150.260 is a permitted use of maintenance and operation levies. The report required by this subsection must be submitted to, and approved by, the office of the superintendent of public instruction prior to the election for the proposition.)~~

(5) Beginning with taxes levied for collection in 2020, enrichment levy revenues must be deposited in a separate subfund of the school district's general fund pursuant to RCW 28A.320.330, and are subject to the restrictions of section 501 of this act and the audit requirements of section 503 of this act.

(6) Funds collected from transportation vehicle enrichment levies shall not be subject to the levy limitations in this section.

NEW SECTION.     **Sec. 204.**     A new section is added to chapter 28A.505 RCW to read as follows:

PREBALLOT APPROVAL OF ENRICHMENT LEVY EXPENDITURE PLANS. (1) As required by RCW 84.52.053(4), before a school district may submit an enrichment levy, including a transportation vehicle enrichment levy, under RCW 84.52.053 to the voters, it must have received approval from the office of the superintendent of public instruction of an expenditure plan for the district's enrichment levy and other local revenues as defined in section 501 of this act. Within thirty days after receiving the plan the office of the superintendent of public instruction must notify the school district whether the spending plan is approved. If the office of the superintendent of public instruction rejects a district's proposed spending plan, then the district may submit a revised spending plan, and the superintendent must approve or reject the revised submission within thirty days. The office of the superintendent of public instruction may approve a spending plan only if it determines that the enrichment levy and other local revenues as defined in section 501(1) of this act will be used solely for permitted enrichment activities as provided in section 501(2) of this act.

(2) (a) Except as provided in (b) of this subsection, after a school district has received voter approval for a levy for an enrichment levy under RCW 84.52.053, a school district may change its

1 spending plan for the voter-approved levy by submitting a revised  
2 spending plan to the office of the superintendent of public  
3 instruction for review and approval. To revise a previously approved  
4 spending plan, the district must provide notice and an opportunity  
5 for review and comment at an open meeting of the school board, and  
6 the board must adopt the revised spending plan by resolution. The  
7 board must then submit the plan to the office of the superintendent  
8 of public instruction. Within thirty days after receiving the revised  
9 spending plan the office must notify the school district whether the  
10 revised spending plan is approved. The office of the superintendent  
11 of public instruction may approve a revised spending plan only if it  
12 determines that the enrichment levy and other local revenues as  
13 defined in section 501(1) of this act will be used solely for  
14 permitted enrichment activities as provided in section 501(2) of this  
15 act.

16 (b) If the superintendent has approved expenditures for specific  
17 purposes under (a) of this subsection, a district may change the  
18 relative amounts to be spent for those respective purposes for the  
19 same levy in subsequent years without having to first receive  
20 approval for the change from the office of the superintendent of  
21 public instruction if the district adopts the change as part of its  
22 annual budget proposal after a public hearing under RCW 28A.505.060.

23 (3) This section applies to taxes levied for collection beginning  
24 in calendar year 2020 and thereafter.

25 **Sec. 205.** RCW 28A.500.010 and 1999 c 317 s 1 are each amended to  
26 read as follows:

27 STATE LOCAL EFFORT ASSISTANCE FUNDING MAY BE USED FOR ENRICHMENT  
28 ONLY. (~~Commencing with calendar year 2000, in addition to a school~~  
29 ~~district's other general fund allocations, each eligible district~~  
30 ~~shall be provided local effort assistance funds.)) The legislature  
31 intends to continue providing local effort assistance funding to  
32 school districts. Local effort assistance provides schools in  
33 property-poor districts with funding for locally determined  
34 activities that enrich the state's program of basic education,  
35 thereby enhancing equity in students' access to extracurricular  
36 activities and similar enrichments. The purpose of these funds is to  
37 mitigate the effect that above average property tax rates might have  
38 on the ability of a school district to raise local revenues to  
39 supplement the state's basic program of education. These funds serve~~

1 to equalize the property tax rates that individual taxpayers would  
2 pay for such levies and to provide tax relief to taxpayers in high  
3 tax rate school districts. (~~Such funds are not part of the~~  
4 ~~district's basic education allocation.~~)

5 Local effort assistance funding is not part of the state's  
6 statutory program of basic education, nor are allocations for it part  
7 of the district's basic education allocation. Beginning September 1,  
8 2019, and subject to section 501 of this act, districts may use local  
9 effort assistance funding only to enrich the state's statutory  
10 program of basic education.

11 NEW SECTION. Sec. 206. A new section is added to chapter  
12 28A.500 RCW to read as follows:

13 NEW FORMULA FOR LOCAL EFFORT ASSISTANCE. (1) Beginning in  
14 calendar year 2019 and each calendar year thereafter, the state must  
15 provide state local effort assistance funding to supplement school  
16 district enrichment levies as provided in this section.

17 (2) For an eligible school district, annual local effort  
18 assistance funding is equal to the school district's maximum local  
19 effort assistance multiplied by a fraction equal to the school  
20 district's actual enrichment levy divided by the school district's  
21 maximum allowable enrichment levy.

22 (3) The state local effort assistance funding provided under this  
23 section is not part of the state's program of basic education deemed  
24 by the legislature to comply with the requirements of Article IX,  
25 section 1 of the state Constitution.

26 (4) The definitions in this subsection apply throughout this  
27 section unless the context clearly requires otherwise.

28 (a) "Eligible school district" means a school district whose  
29 maximum allowable enrichment levy divided by the school district's  
30 total student enrollment in the prior school year is less than the  
31 state local effort assistance threshold.

32 (b) "Inflation" means inflation as defined in RCW 84.55.005.

33 (c) "Maximum allowable enrichment levy" means the maximum levy  
34 permitted by RCW 84.52.0531.

35 (d) "Maximum local effort assistance" means the school district's  
36 student enrollment in the prior school year multiplied by the  
37 difference of the state local effort assistance threshold and a  
38 school district's maximum allowable enrichment levy divided by the  
39 school district's student enrollment in the prior school year.

1 (e) "Prior school year" means the most recent school year  
2 completed prior to the year in which the state local effort  
3 assistance funding is to be distributed.

4 (f) "State local effort assistance threshold" means one thousand  
5 five hundred dollars per student, adjusted for inflation beginning in  
6 calendar year 2020.

7 (g) "Student enrollment" means the average annual resident full-  
8 time equivalent student enrollment.

9 NEW SECTION. **Sec. 207.** The following acts or parts of acts are  
10 each repealed:

11 REPEALERS. (1) RCW 28A.500.020 (Definitions) and 2013 2nd sp.s. c  
12 4 s 957, 2010 c 237 s 5, 2004 c 21 s 1, & 1999 c 317 s 2; and

13 (2) RCW 28A.500.030 (Allocation of state matching funds—  
14 Determination) and 2010 c 237 s 6, 2006 c 372 s 904, 2006 c 119 s 1,  
15 2005 c 518 s 914, 2003 1st sp.s. c 25 s 912, 2002 c 317 s 4, & 1999 c  
16 317 s 3.

17 **Sec. 208.** RCW 28A.500.050 and 2009 c 548 s 301 are each amended  
18 to read as follows:

19 INTENT LANGUAGE REGARDING LOCAL INVESTMENTS—DECLARED NOT TO BE  
20 PART OF BASIC EDUCATION PROGRAM—TO BE RECODIFIED IN CHAPTER 28A.150  
21 RCW (BEA). (1) The legislature finds that while the state has the  
22 responsibility to provide for a general and uniform system of public  
23 schools, there is also a need for some diversity in the public school  
24 system. A successful system of public education must permit some  
25 variation among school districts outside the basic education provided  
26 for by the state to respond to and reflect the unique desires of  
27 local communities. The opportunity for local communities to invest in  
28 enriched education programs promotes support for local public  
29 schools. Further, the ability of local school districts to experiment  
30 with enriched programs can inform the legislature's long-term  
31 evolution of the definition of basic education. Therefore, local levy  
32 authority remains an important component of the overall finance  
33 system in support of the public schools even though it is outside the  
34 state's obligation for basic education and, after September 1, 2019,  
35 is restricted to enrichment purposes under section 501 of this act.

36 (2) However, the value of permitting local levies must be  
37 balanced with the value of equity and fairness to students and to

1 taxpayers, neither of whom should be unduly disadvantaged due to  
2 differences in the tax bases used to support local levies. Equity and  
3 fairness require both an equitable basis for supplemental funding  
4 outside basic education and a mechanism for property tax-poor school  
5 districts to fairly access supplemental funding. As such, local  
6 effort assistance, while also outside the state's obligation for  
7 basic education, is another important component of school finance.

8 NEW SECTION. **Sec. 209.** Section 202 of this act expires January  
9 1, 2019.

10 NEW SECTION. **Sec. 210.** Sections 201, 203, 206, and 207 of this  
11 act take effect January 1, 2019.

12 NEW SECTION. **Sec. 211.** RCW 28A.500.050 is recodified as a  
13 section in chapter 28A.150 RCW.

14 NEW SECTION. **Sec. 212.** Section 202 of this act is necessary for  
15 the immediate preservation of the public peace, health, or safety, or  
16 support of the state government and its existing public institutions,  
17 and takes effect immediately.

18 **PART III**  
19 **STATE PROPERTY TAX REVISIONS**

20 **Sec. 301.** RCW 84.52.065 and 1991 sp.s. c 31 s 16 are each  
21 amended to read as follows:

22 STATE PROPERTY TAX. (1) Except as otherwise provided in this  
23 section, subject to the limitations in RCW 84.55.010, in each year  
24 the state shall levy for collection in the following year for the  
25 support of common schools of the state a tax of three dollars and  
26 sixty cents per thousand dollars of assessed value upon the assessed  
27 valuation of all taxable property within the state adjusted to the  
28 state equalized value in accordance with the indicated ratio fixed by  
29 the state department of revenue.

30 (2)(a) In addition to the tax authorized under subsection (1) of  
31 this section, the state must levy an additional property tax for the  
32 support of common schools of the state.

33 (i) For taxes levied for collection in calendar years 2018  
34 through 2021, the rate of tax is the rate necessary to bring the

1 aggregate rate for state property tax levies levied under this  
2 subsection and subsection (1) of this section to a combined rate of  
3 two dollars and seventy cents per thousand dollars of assessed value  
4 upon the assessed valuation of all taxable property within the state  
5 adjusted to the state equalized value in accordance with the  
6 indicated ratio fixed by the state department of revenue.

7 (ii) For taxes levied for collection in calendar year 2022 and  
8 thereafter, the tax authorized under this subsection (2) is subject  
9 to the limitations of chapter 84.55 RCW.

10 (b) Taxes collected under this subsection (2) must be deposited  
11 into the state general fund.

12 (3) For taxes levied for collection in calendar years 2019  
13 through 2021, the state property taxes levied under subsections (1)  
14 and (2) of this section are not subject to the limitations in chapter  
15 84.55 RCW.

16 (4) For taxes levied for collection in calendar year 2022 and  
17 thereafter, the aggregate rate limit for state property taxes levied  
18 under subsections (1) and (2) of this section is three dollars and  
19 sixty cents per thousand dollars of assessed value upon the assessed  
20 valuation of all taxable property within the state adjusted to the  
21 state equalized value in accordance with the indicated ratio fixed by  
22 the state department of revenue.

23 (5) For property taxes levied for collection in calendar years  
24 2019 through 2021, the rate of tax levied under subsection (1) of  
25 this section is the actual rate that was levied for collection in  
26 calendar year 2018 under subsection (1) of this section.

27 (6) As used in this section, "the support of common schools"  
28 includes the payment of the principal and interest on bonds issued  
29 for capital construction projects for the common schools.

30 **Sec. 302.** RCW 84.55.010 and 2014 c 4 s 1 are each amended to  
31 read as follows:

32 STATE PROPERTY TAX AND GROWTH LIMIT. (1) Except as provided in  
33 this chapter, the levy for a taxing district in any year must be set  
34 so that the regular property taxes payable in the following year  
35 ~~((does [do]))~~ do not exceed the limit factor multiplied by the amount  
36 of regular property taxes lawfully levied for such district in the  
37 highest of the three most recent years in which such taxes were  
38 levied for such district plus an additional dollar amount calculated  
39 by multiplying the regular property tax levy rate of that district

1 for the preceding year by the increase in assessed value in that  
2 district resulting from:

3 ~~((1))~~ (a) New construction;

4 ~~((2))~~ (b) Increases in assessed value due to construction of  
5 wind turbine, solar, biomass, and geothermal facilities, if such  
6 facilities generate electricity and the property is not included  
7 elsewhere under this section for purposes of providing an additional  
8 dollar amount. The property may be classified as real or personal  
9 property;

10 ~~((3))~~ (c) Improvements to property; and

11 ~~((4))~~ (d) Any increase in the assessed value of state-assessed  
12 property.

13 (2) The requirements of this section do not apply to:

14 (a) State property taxes levied under RCW 84.52.065(1) for  
15 collection in calendar years 2019 through 2021; and

16 (b) State property taxes levied under RCW 84.52.065(2) for  
17 collection in calendar years 2018 through 2021.

18 **Sec. 303.** RCW 84.52.043 and 2017 c 196 s 11 are each amended to  
19 read as follows:

20 CONFORMING AMENDMENT. Within and subject to the limitations  
21 imposed by RCW 84.52.050 as amended, the regular ad valorem tax  
22 levies upon real and personal property by the taxing districts  
23 hereafter named are as follows:

24 (1) Levies of the senior taxing districts are as follows: (a) The  
25 ~~((levy))~~ levies by the state may not exceed ~~((three dollars and sixty~~  
26 ~~cents per thousand dollars of assessed value))~~ the applicable  
27 aggregate rate limit specified in RCW 84.52.065 (2) or (4) adjusted  
28 to the state equalized value in accordance with the indicated ratio  
29 fixed by the state department of revenue to be used exclusively for  
30 the support of the common schools; (b) the levy by any county may not

37 dollar and eighty cents to a rate not to exceed two dollars and  
38 forty-seven and one-half cents per thousand dollars of assessed value  
39 for general county purposes if the total levies for both the county

1 and any road district within the county do not exceed four dollars  
2 and five cents per thousand dollars of assessed value, and no other  
3 taxing district has its levy reduced as a result of the increased  
4 county levy.

5 (2) The aggregate levies of junior taxing districts and senior  
6 taxing districts, other than the state, may not exceed five dollars  
7 and ninety cents per thousand dollars of assessed valuation. The term  
8 "junior taxing districts" includes all taxing districts other than  
9 the state, counties, road districts, cities, towns, port districts,

14 the state Constitution; (c) levies for acquiring conservation futures

28 a county; and (l) levies imposed by a regional transit authority  
29 under RCW 81.104.175.

30 **Sec. 304.** RCW 84.52.043 and 2017 c 196 s 12 are each amended to  
31 read as follows:

32 CONFORMING AMENDMENT. Within and subject to the limitations  
33 imposed by RCW 84.52.050 as amended, the regular ad valorem tax  
34 levies upon real and personal property by the taxing districts  
35 hereafter named are as follows:

36 (1) Levies of the senior taxing districts are as follows: (a) The  
37 ~~((levy))~~ levies by the state may not exceed ~~((three dollars and sixty~~

15 taxing district has its levy reduced as a result of the increased  
16 county levy.

17 (2) The aggregate levies of junior taxing districts and senior  
18 taxing districts, other than the state, may not exceed five dollars  
19 and ninety cents per thousand dollars of assessed valuation. The term  
20 "junior taxing districts" includes all taxing districts other than  
21 the state, counties, road districts, cities, towns, port districts,

1       **Sec. 305.** RCW 84.48.080 and 2008 c 86 s 502 are each amended to  
2 read as follows:

3       CONFORMING AMENDMENT. (1) Annually during the months of September  
4 and October, the department of revenue shall examine and compare the  
5 returns of the assessment of the property in the several counties of  
6 the state, and the assessment of the property of railroad and other  
7 companies assessed by the department, and proceed to equalize the  
8 same, so that each county in the state shall pay its due and just  
9 proportion of the taxes for state purposes for such assessment year,  
10 according to the ratio the valuation of the property in each county  
11 bears to the total valuation of all property in the state.

12       (a) The department shall classify all property, real and  
13 personal, and shall raise and lower the valuation of any class of  
14 property in any county to a value that shall be equal, so far as  
15 possible, to the true and fair value of such class as of January 1st  
16 of the current year for the purpose of ascertaining the just amount  
17 of tax due from each county for state purposes. In equalizing  
18 personal property as of January 1st of the current year, the  
19 department shall use valuation data with respect to personal property  
20 from the three years immediately preceding the current assessment  
21 year in a manner it deems appropriate. Such classification may be on  
22 the basis of types of property, geographical areas, or both. For  
23 purposes of this section, for each county that has not provided the  
24 department with an assessment return by December 1st, the department  
25 shall proceed, using facts and information and in a manner it deems  
26 appropriate, to estimate the value of each class of property in the  
27 county.

28       (b) The department shall keep a full record of its proceedings  
29 and the same shall be published annually by the department.

30       (2) The department shall levy the state taxes authorized by law.  
31 The amount levied in any one year for general state purposes shall  
32 not exceed the lawful dollar rate on the dollar of the assessed value  
33 of the property of the entire state, which assessed value shall be  
34 one hundred percent of the true and fair value of the property in  
35 money.

36       (a) The department shall apportion the amount of tax for state  
37 purposes levied under RCW 84.52.065 (1) and (2) by the department,  
38 among the several counties, in proportion to the valuation of the  
39 taxable property of the county for the year as equalized by the  
40 department (~~(: PROVIDED, That)~~); however, for purposes of this

1 apportionment, the department shall recompute the previous year's  
2 (~~levy~~) levies imposed under RCW 84.52.065 (1) and (2) and the  
3 apportionment thereof to correct for changes and errors in taxable  
4 values reported to the department after October 1 of the preceding  
5 year and shall adjust the apportioned amount of the current year's  
6 state levy under RCW 84.52.065 (1) and (2) for each county by the  
7 difference between the apportioned amounts established by the  
8 original and revised levy computations for the previous (~~year~~)  
9 year's levies under RCW 84.52.065 (1) and (2).

10 (b) For purposes of this section, changes in taxable values mean  
11 a final adjustment made by a county board of equalization, the state  
12 board of tax appeals, or a court of competent jurisdiction and shall  
13 include additions of omitted property, other additions or deletions  
14 from the assessment or tax rolls, any assessment return provided by a  
15 county to the department subsequent to December 1st, or a change in  
16 the indicated ratio of a county. Errors in taxable values mean errors  
17 corrected by a final reviewing body.

18 (3) The department (~~shall have~~) has authority to adopt rules  
19 and regulations to enforce obedience to its orders in all matters in  
20 relation to the returns of county assessments, the equalization of  
21 values, and the apportionment of the state levy by the department.

22 (4) After the completion of the duties prescribed in this  
23 section, the director of the department shall certify the record of  
24 the proceedings of the department under this section, the tax levies  
25 made for state purposes and the apportionment thereof among the  
26 counties, and the certification shall be available for public  
27 inspection.

28 **Sec. 306.** RCW 84.48.110 and 1994 c 301 s 44 and 1994 c 124 s 32  
29 are each reenacted and amended to read as follows:

30 CONFORMING AMENDMENT. After certifying the record of the  
31 proceedings of the department in accordance with RCW 84.48.080, the  
32 department shall transmit to each county assessor a copy of the  
33 record of the proceedings of the department, specifying the amount to  
34 be levied and collected for state purposes for such year, and in  
35 addition thereto it shall certify to each county assessor the amount  
36 due to each state fund and unpaid from such county for the fifth  
37 preceding year, and such delinquent state taxes shall be added to the  
38 amount levied for the current year. The department shall close the  
39 account of each county for the fifth preceding year and charge the

1 amount of such delinquency to the tax (~~(levy)~~) levies of the current  
2 year. These delinquent taxes (~~(shall not be)~~) are not subject to  
3 chapter 84.55 RCW. All taxes collected on and after the first day of  
4 July last preceding such certificate, on account of delinquent state  
5 taxes for the fifth preceding year shall belong to the county and by  
6 the county treasurer be credited to the current expense fund of the  
7 county in which collected.

8 **Sec. 307.** RCW 84.52.070 and 2010 c 106 s 313 are each amended to  
9 read as follows:

10 CONFORMING AMENDMENT. (1) It is the duty of the county  
11 legislative authority of each county, on or before the thirtieth day  
12 of November in each year, to certify to the county assessor the  
13 amount of taxes levied upon the property in the county for county  
14 purposes, and the respective amounts of taxes levied by the board for  
15 each taxing district, within or coextensive with the county, for  
16 district purposes.

17 (2) It is the duty of the council of each city having a  
18 population of three hundred thousand or more, and of the council of  
19 each town, and of all officials or boards of taxing districts within  
20 or coextensive with the county, authorized by law to levy taxes  
21 directly and not through the county legislative authority, on or  
22 before the thirtieth day of November in each year, to certify to the  
23 county assessor the amount of taxes levied upon the property within  
24 the city, town, or district for city, town, or district purposes.

25 (3) If a levy amount is certified to the county assessor after  
26 the thirtieth day of November, the county assessor may use no more  
27 than the certified levy amount for the previous year for the taxing  
28 district. This subsection (3) does not apply to (~~the~~) state  
29 (~~(levy)~~) levies or when the assessor has not certified assessed  
30 values as required by RCW 84.48.130 at least twelve working days  
31 before November 30th.

32 **Sec. 308.** RCW 84.55.070 and 2009 c 350 s 11 are each amended to  
33 read as follows:

34 CONFORMING AMENDMENT. The provisions of this chapter do not apply  
35 to a levy, including (~~the~~) any state levy, or that portion of a  
36 levy, made by or for a taxing district:

37 (1) For the purpose of funding a property tax refund paid under  
38 the provisions of chapter 84.68 RCW;

1 (2) Under RCW 84.69.180; or

2 (3) Attributable to amounts of state taxes withheld under RCW  
3 84.56.290 or the provisions of chapter 84.69 RCW, or otherwise  
4 attributable to state taxes lawfully owing by reason of adjustments  
5 made under RCW 84.48.080.

6 **Sec. 309.** RCW 84.55.092 and 2017 c 328 s 3 and 2017 c 196 s 3  
7 are each reenacted and amended to read as follows:

8 CONFORMING AMENDMENT. (1) The regular property tax levy for each  
9 taxing district other than the (~~state~~) state's levies may be set at  
10 the amount which would be allowed otherwise under this chapter if the  
11 regular property tax levy for the district for taxes due in prior  
12 years beginning with 1986 had been set at the full amount allowed  
13 under this chapter including any levy authorized under RCW 52.16.160  
14 or 52.26.140(1)(c) that would have been imposed but for the  
15 limitation in RCW 52.18.065 or 52.26.240, applicable upon imposition  
16 of the benefit charge under chapter 52.18 or 52.26 RCW.

17 (2) The purpose of subsection (1) of this section is to remove  
18 the incentive for a taxing district to maintain its tax levy at the  
19 maximum level permitted under this chapter, and to protect the future  
20 levy capacity of a taxing district that reduces its tax levy below  
21 the level that it otherwise could impose under this chapter, by  
22 removing the adverse consequences to future levy capacities resulting  
23 from such levy reductions.

24 (3) Subsection (1) of this section does not apply to any portion  
25 of a city or town's regular property tax levy that has been reduced  
26 as part of the formation of a fire protection district under RCW  
27 52.02.--- (section 1, chapter 328, Laws of 2017).

28 **Sec. 310.** RCW 84.69.020 and 2005 c 502 s 9 are each amended to  
29 read as follows:

30 CONFORMING AMENDMENT. On the order of the county treasurer, ad  
31 valorem taxes paid before or after delinquency (~~shall~~) must be  
32 refunded if they were:

36 rolls;

37 (4) Paid as a result of other clerical errors in listing  
38 property;

- 1 (5) Paid with respect to improvements which did not exist on  
2 assessment date;
- 3 (6) Paid under levies or statutes adjudicated to be illegal or  
4 unconstitutional;

6 knowledge by any person exempted from paying real property taxes or a  
7 portion thereof pursuant to RCW 84.36.381 through 84.36.389, as now  
8 or hereafter amended;
- 9 (8) Paid as a result of mistake, inadvertence, or lack of  
10 knowledge by either a public official or employee or by any person  
11 with respect to real property in which the person paying the same has  
12 no legal interest;
- 13 (9) Paid on the basis of an assessed valuation which was appealed  
14 to the county board of equalization and ordered reduced by the board;
- 15 (10) Paid on the basis of an assessed valuation which was  
16 appealed to the state board of tax appeals and ordered reduced by the  
17 board: PROVIDED, That the amount refunded under subsections (9) and  
18 (10) of this section shall only be for the difference between the tax  
19 paid on the basis of the appealed valuation and the tax payable on  
20 the valuation adjusted in accordance with the board's order;
- 21 (11) Paid as a state property tax levied upon property, the  
22 assessed value of which has been established by the state board of  
23 tax appeals for the year of such levy: PROVIDED, HOWEVER, That the  
24 amount refunded shall only be for the difference between the state  
25 property tax paid and the amount of state property tax which would,  
26 when added to all other property taxes within the one percent  
27 limitation of Article VII, section 2 of the state Constitution equal  
28 one percent of the assessed value established by the board;
- 29 (12) Paid on the basis of an assessed valuation which was  
30 adjudicated to be unlawful or excessive: PROVIDED, That the amount  
31 refunded shall be for the difference between the amount of tax which  
32 was paid on the basis of the valuation adjudged unlawful or excessive  
33 and the amount of tax payable on the basis of the assessed valuation  
34 determined as a result of the proceeding;
- 35 (13) Paid on property acquired under RCW 84.60.050, and canceled  
36 under RCW 84.60.050(2);
- 37 (14) Paid on the basis of an assessed valuation that was reduced  
38 under RCW 84.48.065;
- 39 (15) Paid on the basis of an assessed valuation that was reduced  
40 under RCW 84.40.039; or

1 (16) Abated under RCW 84.70.010.

2 No refunds under the provisions of this section shall be made  
3 because of any error in determining the valuation of property, except  
4 as authorized in subsections (9), (10), (11), and (12) of this  
5 section nor may any refunds be made if a bona fide purchaser has  
6 acquired rights that would preclude the assessment and collection of  
7 the refunded tax from the property that should properly have been  
8 charged with the tax. Any refunds made on delinquent taxes (~~shall~~)  
9 must include the proportionate amount of interest and penalties paid.  
10 However, no refunds as a result of an incorrect payment authorized  
11 under subsection (8) of this section made by a third party payee  
12 shall be granted. The county treasurer may deduct from moneys  
13 collected for the benefit of the state's (~~levy~~) levies, refunds of  
14 the (~~state-levy~~) state's levies including interest on the (~~levy~~)  
15 levies as provided by this section and chapter 84.68 RCW.

16 The county treasurer of each county (~~shall~~) must make all  
17 refunds determined to be authorized by this section, and by the first  
18 Monday in February of each year, report to the county legislative  
19 authority a list of all refunds made under this section during the  
20 previous year. The list is to include the name of the person  
21 receiving the refund, the amount of the refund, and the reason for  
22 the refund.

23 **Sec. 311.** RCW 84.36.381 and 2015 3rd sp.s. c 30 s 2 are each  
24 amended to read as follows:

25 SENIOR CITIZEN PROPERTY TAX RELIEF PROGRAM. A person is exempt  
26 from any legal obligation to pay all or a portion of the amount of  
27 excess and regular real property taxes due and payable in the year  
28 following the year in which a claim is filed, and thereafter, in  
29 accordance with the following:

30 (1) The property taxes must have been imposed upon a residence  
31 which was occupied by the person claiming the exemption as a  
32 principal place of residence as of the time of filing. However, any  
33 person who sells, transfers, or is displaced from his or her  
34 residence may transfer his or her exemption status to a replacement  
35 residence, but no claimant may receive an exemption on more than one  
36 residence in any year. Moreover, confinement of the person to a  
37 hospital, nursing home, assisted living facility, or adult family  
38 home does not disqualify the claim of exemption if:

39 (a) The residence is temporarily unoccupied;

1 (b) The residence is occupied by a spouse or a domestic partner  
2 and/or a person financially dependent on the claimant for support; or

3 (c) The residence is rented for the purpose of paying nursing  
4 home, hospital, assisted living facility, or adult family home costs;

5 (2) The person claiming the exemption must have owned, at the  
6 time of filing, in fee, as a life estate, or by contract purchase,  
7 the residence on which the property taxes have been imposed or if the  
8 person claiming the exemption lives in a cooperative housing  
9 association, corporation, or partnership, such person must own a  
10 share therein representing the unit or portion of the structure in  
11 which he or she resides. For purposes of this subsection, a residence  
12 owned by a marital community or state registered domestic partnership  
13 or owned by cotenants is deemed to be owned by each spouse or each  
14 domestic partner or each cotenant, and any lease for life is deemed a  
15 life estate;

16 (3) (a) The person claiming the exemption must be:

17 (i) Sixty-one years of age or older on December 31st of the year  
18 in which the exemption claim is filed, or must have been, at the time  
19 of filing, retired from regular gainful employment by reason of  
20 disability; or

21 (ii) A veteran of the armed forces of the United States entitled  
22 to and receiving compensation from the United States department of  
23 veterans affairs at a total disability rating for a service-connected  
24 disability.

25 (b) However, any surviving spouse or surviving domestic partner  
26 of a person who was receiving an exemption at the time of the  
27 person's death will qualify if the surviving spouse or surviving  
28 domestic partner is fifty-seven years of age or older and otherwise  
29 meets the requirements of this section;

30 (4) The amount that the person is exempt from an obligation to  
31 pay is calculated on the basis of combined disposable income, as  
32 defined in RCW 84.36.383. If the person claiming the exemption was  
33 retired for two months or more of the assessment year, the combined  
34 disposable income of such person must be calculated by multiplying  
35 the average monthly combined disposable income of such person during  
36 the months such person was retired by twelve. If the income of the  
37 person claiming exemption is reduced for two or more months of the  
38 assessment year by reason of the death of the person's spouse or the  
39 person's domestic partner, or when other substantial changes occur in  
40 disposable income that are likely to continue for an indefinite

1 period of time, the combined disposable income of such person must be  
2 calculated by multiplying the average monthly combined disposable  
3 income of such person after such occurrences by twelve. If it is  
4 necessary to estimate income to comply with this subsection, the  
5 assessor may require confirming documentation of such income prior to  
6 May 31 of the year following application;

7 (5) (a) A person who otherwise qualifies under this section and  
8 has a combined disposable income of forty thousand dollars or less is  
9 exempt from all excess property taxes and the additional state  
10 property tax imposed under RCW 84.52.065(2); and

11 (b) (i) A person who otherwise qualifies under this section and  
12 has a combined disposable income of thirty-five thousand dollars or  
13 less but greater than thirty thousand dollars is exempt from all  
14 regular property taxes on the greater of fifty thousand dollars or  
15 thirty-five percent of the valuation of his or her residence, but not  
16 to exceed seventy thousand dollars of the valuation of his or her  
17 residence; or

18 (ii) A person who otherwise qualifies under this section and has  
19 a combined disposable income of thirty thousand dollars or less is  
20 exempt from all regular property taxes on the greater of sixty  
21 thousand dollars or sixty percent of the valuation of his or her  
22 residence;

23 (6) (a) For a person who otherwise qualifies under this section  
24 and has a combined disposable income of forty thousand dollars or  
25 less, the valuation of the residence is the assessed value of the  
26 residence on the later of January 1, 1995, or January 1st of the  
27 assessment year the person first qualifies under this section. If the  
28 person subsequently fails to qualify under this section only for one  
29 year because of high income, this same valuation must be used upon  
30 requalification. If the person fails to qualify for more than one  
31 year in succession because of high income or fails to qualify for any  
32 other reason, the valuation upon requalification is the assessed  
33 value on January 1st of the assessment year in which the person  
34 requalifies. If the person transfers the exemption under this section  
35 to a different residence, the valuation of the different residence is  
36 the assessed value of the different residence on January 1st of the  
37 assessment year in which the person transfers the exemption.

38 (b) In no event may the valuation under this subsection be  
39 greater than the true and fair value of the residence on January 1st  
40 of the assessment year.

1 (c) This subsection does not apply to subsequent improvements to  
2 the property in the year in which the improvements are made.  
3 Subsequent improvements to the property must be added to the value  
4 otherwise determined under this subsection at their true and fair  
5 value in the year in which they are made.

6 **Sec. 312.** RCW 84.36.630 and 2014 c 140 s 28 are each amended to  
7 read as follows:

8 FARM MACHINERY AND EQUIPMENT EXEMPTION. (1) All machinery and  
9 equipment owned by a farmer that is personal property is exempt from  
10 property taxes levied for any state purpose, including the additional  
11 state property tax imposed under RCW 84.52.065(2), if it is used  
12 exclusively in growing and producing agricultural products during the  
13 calendar year for which the claim for exemption is made.

14 (2) "Farmer" and "agricultural product" have the same meaning as  
15 defined in RCW 82.04.213.

16 (3) A claim for exemption under this section must be filed with  
17 the county assessor together with the statement required under RCW  
18 84.40.190, for exemption from taxes payable the following year. The  
19 claim must be made solely upon forms as prescribed and furnished by  
20 the department of revenue.

21 **Sec. 313.** RCW 84.52.067 and 2009 c 479 s 73 are each amended to  
22 read as follows:

23 ((All)) Property taxes levied by the state under RCW 84.52.065(1)  
24 for the support of common schools ((shall)) must be paid into the  
25 general fund of the state treasury as provided in RCW 84.56.280.  
26 Property taxes levied by the state under RCW 84.52.065(2) for the  
27 support of common schools shall be paid into the state general fund  
28 in the state treasury as provided in RCW 84.52.065(2) of this act.

29 **Sec. 314.** RCW 84.52.825 and 2013 2nd sp.s. c 13 s 1721 are each  
30 amended to read as follows:

31 (1) See RCW 82.32.805 for the expiration date of new tax  
32 preferences for the ((tax)) taxes imposed under RCW 84.52.065.

33 (2) See RCW 82.32.808 for reporting requirements for any new tax  
34 preference for the ((tax)) taxes imposed under RCW 84.52.065.

35 **Sec. 315.** RCW 79.64.110 and 2017 c 248 s 6 are each amended to  
36 read as follows:

1 (1) Any moneys derived from the lease of state forestlands or  
2 from the sale of valuable materials, oils, gases, coal, minerals, or  
3 fossils from those lands, except as provided in RCW 79.64.---  
4 (section 3, chapter 248, Laws of 2017), or the appraised value of  
5 these resources when transferred to a public agency under RCW  
6 79.22.060, except as provided in RCW 79.22.060(4), must be  
7 distributed as follows:

8 (a) For state forestlands acquired through RCW 79.22.040 or by  
9 exchange for lands acquired through RCW 79.22.040:

10 (i) The expense incurred by the state for administration,  
11 reforestation, and protection, not to exceed twenty-five percent,  
12 which rate of percentage shall be determined by the board, must be  
13 returned to the forest development account created in RCW 79.64.100.  
14 During the 2015-2017 fiscal biennium, the board may increase the  
15 twenty-five percent limitation up to twenty-seven percent.

16 (ii) Any balance remaining must be paid to the county in which  
17 the land is located or, for counties participating in a land pool  
18 created under RCW 79.22.140, to each participating county  
19 proportionate to its contribution of asset value to the land pool as  
20 determined by the board. Payments made under this subsection are to  
21 be paid, distributed, and prorated, except as otherwise provided in  
22 this section, to the various funds in the same manner as general  
23 taxes are paid and distributed during the year of payment.

24 (iii) Any balance remaining, paid to a county with a population  
25 of less than sixteen thousand, must first be applied to the reduction  
26 of any indebtedness existing in the current expense fund of the  
27 county during the year of payment.

28 (iv) With regard to moneys remaining under this subsection  
29 (1)(a), within seven working days of receipt of these moneys, the  
30 department shall certify to the state treasurer the amounts to be  
31 distributed to the counties. The state treasurer shall distribute  
32 funds to the counties four times per month, with no more than ten  
33 days between each payment date.

34 (b) For state forestlands acquired through RCW 79.22.010 or by  
35 exchange for lands acquired through RCW 79.22.010, except as provided  
36 in RCW 79.64.120:

37 (i) Fifty percent shall be placed in the forest development  
38 account.

39 (ii) Fifty percent shall be prorated and distributed to the state  
40 general fund, to be dedicated for the benefit of the public schools,

1 to the county in which the land is located or, for counties  
2 participating in a land pool created under RCW 79.22.140, to each  
3 participating county proportionate to its contribution of asset value  
4 to the land pool as determined by the board, and according to the  
5 relative proportions of tax levies of all taxing districts in the  
6 county. The portion to be distributed to the state general fund shall  
7 be based on the regular school levy rate under RCW 84.52.065 (1) and  
8 (2) and the levy rate for any maintenance and operation special  
9 school levies. With regard to the portion to be distributed to the  
10 counties, the department shall certify to the state treasurer the  
11 amounts to be distributed within seven working days of receipt of the  
12 money. The state treasurer shall distribute funds to the counties  
13 four times per month, with no more than ten days between each payment  
14 date. The money distributed to the county must be paid, distributed,  
15 and prorated to the various other funds in the same manner as general  
16 taxes are paid and distributed during the year of payment.

17 (2) A school district may transfer amounts deposited in its debt  
18 service fund pursuant to this section into its capital projects fund  
19 as authorized in RCW 28A.320.330.

31 **PART IV**  
32 **PROGRAM OF BASIC EDUCATION**

33 **Sec. 401.** RCW 28A.150.200 and 2009 c 548 s 101 are each amended  
34 to read as follows:

1 FUNDING ELEMENTS OF THE BASIC EDUCATION PROGRAM. (1) The program  
2 of basic education established under this chapter is deemed by the  
3 legislature to comply with the requirements of Article IX, section 1  
4 of the state Constitution, which states that "It is the paramount  
5 duty of the state to make ample provision for the education of all  
6 children residing within its borders, without distinction or  
7 preference on account of race, color, caste, or sex," and is adopted  
8 pursuant to Article IX, section 2 of the state Constitution, which  
9 states that "The legislature shall provide for a general and uniform  
10 system of public schools."

11 (2) The legislature defines the program of basic education under  
12 this chapter as that which is necessary to provide the opportunity to  
13 develop the knowledge and skills necessary to meet the state-  
14 established high school graduation requirements that are intended to  
15 allow students to have the opportunity to graduate with a meaningful  
16 diploma that prepares them for postsecondary education, gainful  
17 employment, and citizenship. Basic education by necessity is an  
18 evolving program of instruction intended to reflect the changing  
19 educational opportunities that are needed to equip students for their  
20 role as productive citizens and includes the following:

21 (a) The instructional program of basic education the minimum  
22 components of which are described in RCW 28A.150.220;

23 (b) The program of education provided by chapter 28A.190 RCW for  
24 students in residential schools as defined by RCW 28A.190.020 and for  
25 juveniles in detention facilities as identified by RCW 28A.190.010;

26 (c) The program of education provided by chapter 28A.193 RCW for  
27 individuals under the age of eighteen who are incarcerated in adult  
28 correctional facilities; ~~((and))~~

29 (d) Transportation and transportation services to and from school  
30 for eligible students as provided under RCW 28A.160.150 through  
31 28A.160.180; and

32 (e) Statewide salary allocations necessary to hire and retain  
33 qualified staff for the state's statutory program of basic education.

34 **Sec. 402.** RCW 28A.150.260 and 2014 c 217 s 206 are each amended  
35 to read as follows:

36 PROTOTYPICAL SCHOOL MODEL—ENHANCEMENTS TO CATEGORICAL PROGRAMS  
37 AND CTE—PER-PUPIL FUNDING REPORTS REQUIRED. The purpose of this  
38 section is to provide for the allocation of state funding that the  
39 legislature deems necessary to support school districts in offering

1 the minimum instructional program of basic education under RCW  
2 28A.150.220. The allocation shall be determined as follows:

3 (1) The governor shall and the superintendent of public  
4 instruction may recommend to the legislature a formula for the  
5 distribution of a basic education instructional allocation for each  
6 common school district.

7 (2) (a) The distribution formula under this section shall be for  
8 allocation purposes only. Except as may be required under subsections  
9 (4) (b) and (c) and (9) of this section, chapter 28A.155, 28A.165,  
10 28A.180, or 28A.185 RCW, or federal laws and regulations, nothing in  
11 this section requires school districts to use basic education  
12 instructional funds to implement a particular instructional approach  
13 or service. Nothing in this section requires school districts to  
14 maintain a particular classroom teacher-to-student ratio or other  
15 staff-to-student ratio or to use allocated funds to pay for  
16 particular types or classifications of staff. Nothing in this section  
17 entitles an individual teacher to a particular teacher planning  
18 period.

19 (b) To promote transparency in state funding allocations, the  
20 superintendent of public instruction must report state per-pupil  
21 allocations for each school district for the general apportionment,  
22 special education, learning assistance, transitional bilingual,  
23 highly capable, and career and technical education programs. The  
24 superintendent must also report state general apportionment per-pupil  
25 allocations by grade for each school district. The superintendent  
26 must report this information in a user-friendly format on the main  
27 page of the office's web site and on school district apportionment  
28 reports. School districts must include a link to the superintendent's  
29 per-pupil allocations report on the main page of the school  
30 district's web site. In addition, the budget documents published by  
31 the legislature for the enacted omnibus operating appropriations act  
32 must report statewide average per-pupil allocations for general  
33 apportionment and the categorical programs listed in this subsection.

34 (3) (a) To the extent the technical details of the formula have  
35 been adopted by the legislature and except when specifically provided  
36 as a school district allocation, the distribution formula for the  
37 basic education instructional allocation shall be based on minimum  
38 staffing and nonstaff costs the legislature deems necessary to  
39 support instruction and operations in prototypical schools serving  
40 high, middle, and elementary school students as provided in this

1 section. The use of prototypical schools for the distribution formula  
 2 does not constitute legislative intent that schools should be  
 3 operated or structured in a similar fashion as the prototypes.  
 4 Prototypical schools illustrate the level of resources needed to  
 5 operate a school of a particular size with particular types and grade  
 6 levels of students using commonly understood terms and inputs, such  
 7 as class size, hours of instruction, and various categories of school  
 8 staff. It is the intent that the funding allocations to school  
 9 districts be adjusted from the school prototypes based on the actual  
 10 number of annual average full-time equivalent students in each grade  
 11 level at each school in the district and not based on the grade-level  
 12 configuration of the school to the extent that data is available. The  
 13 allocations shall be further adjusted from the school prototypes with  
 14 minimum allocations for small schools and to reflect other factors  
 15 identified in the omnibus appropriations act.

16 (b) For the purposes of this section, prototypical schools are  
 17 defined as follows:

18 (i) A prototypical high school has six hundred average annual  
 19 full-time equivalent students in grades nine through twelve;

20 (ii) A prototypical middle school has four hundred thirty-two  
 21 average annual full-time equivalent students in grades seven and  
 22 eight; and

23 (iii) A prototypical elementary school has four hundred average  
 24 annual full-time equivalent students in grades kindergarten through  
 25 six.

26 (4) (a) (i) The minimum allocation for each level of prototypical  
 27 school shall be based on the number of full-time equivalent classroom  
 28 teachers needed to provide instruction over the minimum required  
 29 annual instructional hours under RCW 28A.150.220 and provide at least  
 30 one teacher planning period per school day, and based on the  
 31 following general education average class size of full-time  
 32 equivalent students per teacher:

	General education average class size
33 Grades K-3. . . . .	((25-23)) <u>17.00</u>
34 Grade 4. . . . .	27.00
35 Grades 5-6. . . . .	27.00
36 Grades 7-8. . . . .	28.53
37 Grades 9-12. . . . .	28.74

1 (ii) The minimum class size allocation for each prototypical high  
2 school shall also provide for enhanced funding for class size  
3 reduction for two laboratory science classes within grades nine  
4 through twelve per full-time equivalent high school student  
5 multiplied by a laboratory science course factor of 0.0833, based on  
6 the number of full-time equivalent classroom teachers needed to  
7 provide instruction over the minimum required annual instructional  
8 hours in RCW 28A.150.220, and providing at least one teacher planning  
9 period per school day:

10		Laboratory science	
11		average class size	
12	Grades 9-12. . . . .		19.98

13 (b) (~~During the 2011-2013 biennium and beginning with schools~~  
14 ~~with the highest percentage of students eligible for free and~~  
15 ~~reduced-price meals in the prior school year, the general education~~  
16 ~~average class size for grades K-3 shall be reduced until the average~~  
17 ~~class size funded under this subsection (4) is no more than 17.0~~  
18 ~~full-time equivalent students per teacher beginning in the 2017-18~~  
19 ~~school year.)) (i) Beginning September 1, 2018, funding for average  
20 K-3 class sizes in this subsection (4) may be provided only to the  
21 extent of, and proportionate to, the school district's demonstrated  
22 actual class size in grades K-3, up to the funded class sizes.~~

23 (ii) The office of the superintendent of public instruction shall  
24 develop rules to implement this subsection (4) (b).

25 (c) (i) The minimum allocation for each prototypical middle and  
26 high school shall also provide for full-time equivalent classroom  
27 teachers based on the following number of full-time equivalent  
28 students per teacher in career and technical education:

29		Career and technical	
30		education average	
31		class size	
32	Approved career and technical education offered at

34	Skill center programs meeting the standards established		
35	by the office of the superintendent of public		
36	instruction. . . . .	((22.76))	<u>20.00</u>

37 (ii) Funding allocated under this subsection (4) (c) is subject to  
38 section 409 of this act.

(d) In addition, the omnibus appropriations act shall at a minimum specify:

(i) A high-poverty average class size in schools where more than fifty percent of the students are eligible for free and reduced-price meals; and

(ii) A specialty average class size for advanced placement and international baccalaureate courses.

(5) The minimum allocation for each level of prototypical school shall include allocations for the following types of staff in addition to classroom teachers:

1 Technology. . . . . 0.628  
 2 Facilities, maintenance, and grounds. . . . . 1.813  
 3 Warehouse, laborers, and mechanics. . . . . 0.332

4 (b) The minimum allocation of staff units for each school  
 5 district to support certificated and classified staffing of central  
 6 administration shall be 5.30 percent of the staff units generated  
 7 under subsections (4) (a) (~~and (b)~~) and (5) of this section and (a)  
 8 of this subsection.

9 (7) The distribution formula shall include staffing allocations  
 10 to school districts for career and technical education and skill  
 11 center administrative and other school-level certificated staff, as  
 12 specified in the omnibus appropriations act.

13 (8) (a) Except as provided in (b) (~~and (e)~~) of this subsection,  
 14 the minimum allocation for each school district shall include  
 15 allocations per annual average full-time equivalent student for the

12 allocation for each annual average full-time equivalent student in  
13 grades nine through twelve for the following materials, supplies, and  
14 operating costs, to be adjusted annually for inflation:

15		Per annual average

21	Instructional professional development for certificated and		
22	classified staff. . . . .		\$6.04

23       (9) In addition to the amounts provided in subsection (8) of this  
24 section and subject to section 409 of this act, the omnibus  
25 appropriations act shall provide an amount based on full-time  
26 equivalent student enrollment in each of the following:

- 27       (a) Exploratory career and technical education courses for
- 28 students in grades seven through twelve;
- 29       (b) Preparatory career and technical education courses for
- 30 students in grades nine through twelve offered in a high school; and
- 31       (c) Preparatory career and technical education courses for
- 32 students in grades eleven and twelve offered through a skill center.

33       (10) In addition to the allocations otherwise provided under this  
34 section, amounts shall be provided to support the following programs  
35 and services:

- 36       (a) (i) To provide supplemental instruction and services for
- 37 (~~underachieving~~) students who are not meeting academic standards
- 38 through the learning assistance program under RCW 28A.165.005 through
- 39 28A.165.065, allocations shall be based on the district percentage of

1 students in grades K-12 who were eligible for free or reduced-price  
2 meals in the prior school year. The minimum allocation for the  
3 program shall provide for each level of prototypical school resources  
4 to provide, on a statewide average, (~~1.5156~~) 2.3975 hours per week  
5 in extra instruction with a class size of fifteen learning assistance  
6 program students per teacher.

7 (ii) In addition to funding allocated under (a)(i) of this  
8 subsection, to provide supplemental instruction and services for  
9 students who are not meeting academic standards in schools where at  
10 least fifty percent of students are eligible for free and reduced-  
11 price meals. The minimum allocation for this additional high poverty-  
12 based allocation must provide for each level of prototypical school  
13 resources to provide, on a statewide average, 1.1 hours per week in  
14 extra instruction with a class size of fifteen learning assistance  
15 program students per teacher, under RCW 28A.165.055, school districts  
16 must distribute the high poverty-based allocation to the schools that  
17 generated the funding allocation.

18 (b) (i) To provide supplemental instruction and services for  
19 students whose primary language is other than English, allocations  
20 shall be based on the head count number of students in each school  
21 who are eligible for and enrolled in the transitional bilingual  
22 instruction program under RCW 28A.180.010 through 28A.180.080. The  
23 minimum allocation for each level of prototypical school shall  
24 provide resources to provide, on a statewide average, 4.7780 hours  
25 per week in extra instruction for students in grades kindergarten  
26 through six and 6.7780 hours per week in extra instruction for  
27 students in grades seven through twelve, with fifteen transitional  
28 bilingual instruction program students per teacher. Notwithstanding  
29 other provisions of this subsection (10), the actual per-student  
30 allocation may be scaled to provide a larger allocation for students  
31 needing more intensive intervention and a commensurate reduced  
32 allocation for students needing less intensive intervention, as  
33 detailed in the omnibus appropriations act.

34 (ii) To provide supplemental instruction and services for  
35 students who have exited the transitional bilingual program,  
36 allocations shall be based on the head count number of students in  
37 each school who have exited the transitional bilingual program within  
38 the previous two years based on their performance on the English  
39 proficiency assessment and are eligible for and enrolled in the  
40 transitional bilingual instruction program under RCW

1 28A.180.040(1)(g). The minimum allocation for each prototypical  
2 school shall provide resources to provide, on a statewide average,  
3 3.0 hours per week in extra instruction with fifteen exited students  
4 per teacher.

5 (c) To provide additional allocations to support programs for  
6 highly capable students under RCW 28A.185.010 through 28A.185.030,  
7 allocations shall be based on (~~two and three hundred fourteen one-~~  
8 ~~thousandths~~) 5.0 percent of each school district's full-time  
9 equivalent basic education enrollment. The minimum allocation for the  
10 programs shall provide resources to provide, on a statewide average,  
11 2.1590 hours per week in extra instruction with fifteen highly  
12 capable program students per teacher.

13 (11) The allocations under subsections (4)(a) (~~and (b)~~), (5),  
14 (6), and (8) of this section shall be enhanced as provided under RCW  
15 28A.150.390 on an excess cost basis to provide supplemental  
16 instructional resources for students with disabilities.

17 (12)(a) For the purposes of allocations for prototypical high  
18 schools and middle schools under subsections (4) and (10) of this  
19 section that are based on the percent of students in the school who  
20 are eligible for free and reduced-price meals, the actual percent of  
21 such students in a school shall be adjusted by a factor identified in  
22 the omnibus appropriations act to reflect underreporting of free and  
23 reduced-price meal eligibility among middle and high school students.

24 (b) Allocations or enhancements provided under subsections (4),  
25 (7), and (9) of this section for exploratory and preparatory career  
26 and technical education courses shall be provided only for courses  
27 approved by the office of the superintendent of public instruction  
28 under chapter 28A.700 RCW.

29 (13)(a) This formula for distribution of basic education funds  
30 shall be reviewed biennially by the superintendent and governor. The  
31 recommended formula shall be subject to approval, amendment or  
32 rejection by the legislature.

33 (b) In the event the legislature rejects the distribution formula  
34 recommended by the governor, without adopting a new distribution  
35 formula, the distribution formula for the previous school year shall  
36 remain in effect.

37 (c) The enrollment of any district shall be the annual average  
38 number of full-time equivalent students and part-time students as  
39 provided in RCW 28A.150.350, enrolled on the first school day of each  
40 month, including students who are in attendance pursuant to RCW

1 28A.335.160 and 28A.225.250 who do not reside within the servicing  
2 school district. The definition of full-time equivalent student shall  
3 be determined by rules of the superintendent of public instruction  
4 and shall be included as part of the superintendent's biennial budget  
5 request. The definition shall be based on the minimum instructional  
6 hour offerings required under RCW 28A.150.220. Any revision of the  
7 present definition shall not take effect until approved by the house  
8 ways and means committee and the senate ways and means committee.

9 (d) The office of financial management shall make a monthly  
10 review of the superintendent's reported full-time equivalent students  
11 in the common schools in conjunction with RCW 43.62.050.

12 **Sec. 403.** RCW 28A.165.005 and 2013 2nd sp.s. c 18 s 201 are each  
13 amended to read as follows:

14 LEARNING ASSISTANCE PROGRAM. (1) This chapter is designed to: (a)  
15 Promote the use of data when developing programs to assist  
16 (~~(underachieving)~~) students who are not meeting academic standards  
17 and reduce disruptive behaviors in the classroom; and (b) guide  
18 school districts in providing the most effective and efficient  
19 practices when implementing supplemental instruction and services to  
20 assist (~~(underachieving)~~) students who are not meeting academic  
21 standards and reduce disruptive behaviors in the classroom.

22 (2) School districts implementing a learning assistance program  
23 shall focus first on addressing the needs of students in grades  
24 kindergarten through four who are deficient in reading or reading  
25 readiness skills to improve reading literacy.

26 **Sec. 404.** RCW 28A.165.015 and 2013 2nd sp.s. c 18 s 202 are each  
27 amended to read as follows:

28 LAP DEFINITIONS. Unless the context clearly indicates otherwise  
29 the definitions in this section apply throughout this chapter.

30 (1) "Basic skills areas" means reading, writing, and mathematics  
31 as well as readiness associated with these skills.

32 (2) "Participating student" means a student in kindergarten  
33 through grade twelve who scores below standard for his or her grade  
34 level using multiple measures of performance, including on the  
35 statewide student assessments or other assessments and performance  
36 measurement tools administered by the school or district and who is  
37 identified by the district to receive services.

1 (3) "Statewide student assessments" means one or more of the  
2 assessments administered by school districts as required under RCW  
3 28A.655.070.

4 (4) (~~("Underachieving students")~~) "Students who are not meeting  
5 academic standards" means students with the greatest academic  
6 deficits in basic skills as identified by statewide, school, or  
7 district assessments or other performance measurement tools.

8 **Sec. 405.** RCW 28A.165.055 and 2013 2nd sp.s. c 18 s 205 are each  
9 amended to read as follows:

10 HIGH POVERTY-BASED LAP ALLOCATION. (1) The funds for the learning  
11 assistance program shall be appropriated in accordance with RCW  
12 28A.150.260 and the omnibus appropriations act. The distribution  
13 formula is for school district allocation purposes only, except as  
14 provided in RCW 28A.150.260(10)(a)(ii), but all funds appropriated  
15 for the learning assistance program must be expended for the purposes  
16 of RCW 28A.165.005 through 28A.165.065 ((and 28A.655.235)).

17 (2) A district's high poverty-based allocation is generated by  
18 its qualifying school buildings and must be expended by the district  
19 for those buildings. This funding must supplement and not supplant  
20 the district's expenditures under this chapter for those school  
21 buildings.

22 **Sec. 406.** RCW 28A.150.390 and 2010 c 236 s 3 are each amended to  
23 read as follows:

24 SPECIAL EDUCATION FUNDED PERCENTAGE. (1) The superintendent of  
25 public instruction shall submit to each regular session of the  
26 legislature during an odd-numbered year a programmed budget request  
27 for special education programs for students with disabilities.  
28 Funding for programs operated by local school districts shall be on  
29 an excess cost basis from appropriations provided by the legislature  
30 for special education programs for students with disabilities and  
31 shall take account of state funds accruing through RCW 28A.150.260  
32 (4)(a) (~~(and (b))~~), (5), (6), and (8).

33 (2) The excess cost allocation to school districts shall be based  
34 on the following:

35 (a) A district's annual average headcount enrollment of students  
36 ages birth through four and those five year olds not yet enrolled in  
37 kindergarten who are eligible for and enrolled in special education,

1 multiplied by the district's base allocation per full-time equivalent  
2 student, multiplied by 1.15; and

3 (b) A district's annual average full-time equivalent basic  
4 education enrollment, multiplied by the district's funded enrollment  
5 percent, multiplied by the district's base allocation per full-time  
6 equivalent student, multiplied by 0.9309.

7 (3) As used in this section:

8 (a) "Base allocation" means the total state allocation to all  
9 schools in the district generated by the distribution formula under  
10 RCW 28A.150.260 (4) (a) (~~and (b)~~), (5), (6), and (8), to be divided  
11 by the district's full-time equivalent enrollment.

12 (b) "Basic education enrollment" means enrollment of resident  
13 students including nonresident students enrolled under RCW  
14 28A.225.225 and students from nonhigh districts enrolled under RCW  
15 28A.225.210 and excluding students residing in another district  
16 enrolled as part of an interdistrict cooperative program under RCW  
17 28A.225.250.

18 (c) "Enrollment percent" means the district's resident special  
19 education annual average enrollment, excluding students ages birth  
20 through four and those five year olds not yet enrolled in  
21 kindergarten, as a percent of the district's annual average full-time  
22 equivalent basic education enrollment.

23 (d) "Funded enrollment percent" means the lesser of the  
24 district's actual enrollment percent or (~~twelve and seven-tenths~~)  
25 thirteen and five-tenths percent.

26 **Sec. 407.** RCW 28A.150.392 and 2009 c 548 s 109 are each amended  
27 to read as follows:

28 SAFETY NET RULES REVIEW FOR FULL IMPLEMENTATION. (1) (a) To the  
29 extent necessary, funds shall be made available for safety net awards  
30 for districts with demonstrated needs for special education funding  
31 beyond the amounts provided through the special education funding  
32 formula under RCW 28A.150.390.

33 (b) If the federal safety net awards based on the federal  
34 eligibility threshold exceed the federal appropriation in any fiscal  
35 year, then the superintendent shall expend all available federal  
36 discretionary funds necessary to meet this need.

37 (2) Safety net funds shall be awarded by the state safety net  
38 oversight committee subject to the following conditions and  
39 limitations:

1 (a) The committee shall ~~((consider))~~ award additional funds for  
2 districts that can convincingly demonstrate that all legitimate  
3 expenditures for special education exceed all available revenues from  
4 state funding formulas.

5 (b) In the determination of need, the committee shall ~~((also))~~  
6 consider additional available revenues from federal sources.

7 (c) Differences in program costs attributable to district  
8 philosophy, service delivery choice, or accounting practices are not  
9 a legitimate basis for safety net awards.

10 (d) In the determination of need, the committee shall require  
11 that districts demonstrate that they are maximizing their eligibility  
12 for all state revenues related to services for special education-  
13 eligible students and all federal revenues from federal impact aid,  
14 medicaid, and the individuals with disabilities education act-Part B  
15 and appropriate special projects. Awards associated with ~~((b))~~ (e)  
16 and ~~((e))~~ (f) of this subsection shall not exceed the total of a  
17 district's specific determination of need.

18 ~~((b))~~ (e) The committee shall then consider the extraordinary  
19 high cost needs of one or more individual special education students.  
20 Differences in costs attributable to district philosophy, service  
21 delivery choice, or accounting practices are not a legitimate basis  
22 for safety net awards.

23 ~~((e))~~ (f) Using criteria developed by the committee, the  
24 committee shall then consider extraordinary costs associated with  
25 communities that draw a larger number of families with children in  
26 need of special education services, which may include consideration  
27 of proximity to group homes, military bases, and regional hospitals.  
28 Safety net awards under this subsection ~~((1)(e))~~ (2)(f) shall be  
29 adjusted to reflect amounts awarded under ~~((b))~~ (e) of this  
30 subsection.

31 ~~((d))~~ (g) The maximum allowable indirect cost for calculating  
32 safety net eligibility may not exceed the federal restricted indirect  
33 cost rate for the district plus one percent.

34 ~~((e))~~ (h) Safety net awards shall be adjusted based on the  
35 percent of potential medicaid eligible students billed as calculated  
36 by the superintendent of public instruction in accordance with  
37 chapter 318, Laws of 1999.

38 ~~((f))~~ (i) Safety net awards must be adjusted for any audit  
39 findings or exceptions related to special education funding.

1        ~~((2))~~ (3) The superintendent of public instruction ~~((may))~~  
2 shall adopt such rules and procedures as are necessary to administer  
3 the special education funding and safety net award process. By  
4 September 1, 2019, the superintendent shall review and revise the  
5 rules to achieve full and complete implementation of the requirements  
6 of this subsection and subsection (4) of this section. Before  
7 revising any standards, procedures, or rules, the superintendent  
8 shall consult with the office of financial management and the fiscal  
9 committees of the legislature. In adopting and revising the rules,  
10 the superintendent shall ensure the application process to access  
11 safety net funding is streamlined, timelines for submission are not  
12 in conflict, feedback to school districts is timely and provides  
13 sufficient information to allow school districts to understand how to  
14 correct any deficiencies in a safety net application, and that there  
15 is consistency between awards approved by school district and by  
16 application period. The office of the superintendent of public  
17 instruction shall also provide technical assistance to school  
18 districts in preparing and submitting special education safety net  
19 applications.

20        ~~((3))~~ (4) On an annual basis, the superintendent shall survey  
21 districts regarding their satisfaction with the safety net process  
22 and consider feedback from districts to improve the safety net  
23 process. Each year by December 1st, the superintendent shall prepare  
24 and submit a report to the office of financial management and the  
25 appropriate policy and fiscal committees of the legislature that  
26 summarizes the survey results and those changes made to the safety  
27 net process as a result of the school district feedback.

28        ~~((4))~~ (5) The safety net oversight committee appointed by the  
29 superintendent of public instruction shall consist of:

30        (a) One staff member from the office of the superintendent of  
31 public instruction;

32        (b) Staff of the office of the state auditor who shall be  
33 nonvoting members of the committee; and

34        (c) One or more representatives from school districts or  
35 educational service districts knowledgeable of special education  
36 programs and funding.

37        NEW SECTION.    **Sec. 408.**    SPECIAL EDUCATION SAFETY NET STUDY. (1)  
38 To ensure that the special education safety net process results in  
39 sufficient funding for school districts with demonstrated needs for

1 funding in excess of state and federal funding otherwise provided,  
2 the superintendent of public instruction shall review the current  
3 safety net process. The superintendent must make recommendations on  
4 possible adjustments to improve the safety net process and to  
5 evaluate the appropriate funding level to meet the safety net's  
6 purpose.

7 (2) The superintendent of public instruction must consider and  
8 make recommendations on the following:

9 (a) Whether fiscal components in addition to or in place of the  
10 fiscal components of community impact and high need students should  
11 be considered by the safety net committee when making safety net  
12 awards, including:

13 (i) Should a school district be able to access the safety net  
14 when a school district's enrollment of students with disabilities  
15 exceeds the statutory limit of thirteen and five-tenths percent;

16 (ii) Should the definition and the limitation on the amount  
17 provided for high need students be adjusted; and

18 (iii) Should a district have access to the safety net when it has  
19 disproportionate concentrations of students with higher than  
20 statewide average costs, but the students do not meet the threshold  
21 for high need awards; and

22 (b) How the process can be improved, including how the  
23 superintendent can best provide technical assistance to school  
24 districts that file incomplete applications, and how the timeline can  
25 be changed to provide sufficient time for a district to resubmit an  
26 incomplete application.

27 (3) The superintendent of public instruction may consider other  
28 topics deemed relevant by the superintendent that achieve the goals  
29 of subsection (1) of this section.

30 (4) The superintendent of public instruction must submit the  
31 recommendations to the governor, and the legislative education and  
32 operating budget committees by November 1, 2018.

33 (5) This section expires August 1, 2019.

34 NEW SECTION. **Sec. 409.** A new section is added to chapter  
35 28A.150 RCW to read as follows:

36 CTE FUNDING USES. (1) To the extent that career and technical  
37 education funding allocations under RCW 28A.150.260 (4)(c) and (9)  
38 exceed general education funding allocations under RCW 28A.150.260,

1 school districts may use the difference only for the career and  
2 technical education purposes, defined as follows:

3 (a) Staff salaries and benefits for career and technical  
4 education program delivery;

5 (b) Materials, supplies, and operating costs;

6 (c) Smaller class sizes;

7 (d) Work-based learning programs such as internships and  
8 preapprenticeship programs, including coordination tied to career and  
9 technical education coursework;

10 (e) New high quality career and technical education and expanded  
11 learning program development in high-demand fields;

12 (f) Certificated work-based learning coordinators and career  
13 guidance advisors;

14 (g) School expenses associated with career and technical  
15 education community partnerships with a career discovery focus  
16 including research or evidence-based mentoring programs and expanded  
17 learning opportunities in school, before or after school, and during  
18 the summer, and career-focused education programs with private and  
19 public K-12 schools and colleges, community-based organizations and  
20 nonprofit organizations, industry partners, tribal governments, and  
21 workforce development entities;

22 (h) Student fees for national and state industry-recognized  
23 certifications; and

24 (i) Course equivalency development to integrate core learning  
25 standards into career and technical education courses.

26 (2) A school district's maximum allowable indirect cost charges  
27 for approved career and technical education programs funded by the  
28 state may not exceed the lower of five percent or the cap established  
29 in federal law for federal career and technical education funding  
30 provided to school districts, as the federal law existed on the  
31 effective date of this section.

32 NEW SECTION. **Sec. 410.** A new section is added to chapter  
33 28A.300 RCW to read as follows:

34 **METHODOLOGIES FOR IMPLEMENTING CTE COURSE EQUIVALENCY.** (1)  
35 Subject to the availability of amounts appropriated for this specific  
36 purpose, the office of the superintendent of public instruction must  
37 create methodologies for implementing equivalency crediting on a  
38 broader scale across the state and facilitate its implementation  
39 including, but not limited to, the following:

1 (a) Implementing statewide career and technical education course  
2 equivalency frameworks authorized under RCW 28A.700.070 for high  
3 schools and skill centers in science, technology, engineering, and  
4 mathematics. This may include development of additional equivalency  
5 course frameworks in core subject areas, course performance  
6 assessments, and development and delivery of professional development  
7 for districts and skill centers implementing the career and technical  
8 education frameworks; and

9 (b) Providing competitive grant funds to school districts to  
10 increase the integration and rigor of academic instruction in career  
11 and technical education equivalency courses. The grant funds must be  
12 used to support teams of general education and career and technical  
13 education teachers to convene and design course performance  
14 assessments, deepen the understanding of integrating academic and  
15 career and technical education in student instruction, and develop  
16 professional learning modules for school districts to plan  
17 implementation of equivalency crediting.

18 (2) Beginning in the 2017-18 school year, school districts shall  
19 annually report to the office of the superintendent of public  
20 instruction the following information:

21 (a) The annual number of students participating in state-approved  
22 equivalency courses; and

23 (b) The annual number of state approved equivalency credit  
24 courses offered in school districts and skill centers.

25 (3) Beginning December 1, 2017, and every December 1st  
26 thereafter, the office of the superintendent of public instruction  
27 shall annually submit a summary of the school district information  
28 reported under subsection (2) of this section to the office of the  
29 governor and the appropriate committees of the legislature.

30 NEW SECTION. **Sec. 411.** A new section is added to chapter  
31 28A.300 RCW to read as follows:

32 GRANT PROGRAM FOR CTE EQUIPMENT. (1) The office of the  
33 superintendent of public instruction shall establish a competitive  
34 grant process for school districts to apply for grants for the  
35 purpose of purchasing career and technical education equipment.

36 (2) The office of the superintendent of public instruction may  
37 adopt rules for the grant program established under this section.

1 (3) Competitive grants awarded under this section are subject to  
2 the availability of amounts appropriated by the state for this  
3 specific purpose.

4 **Sec. 412.** RCW 28A.185.020 and 2009 c 548 s 708 are each amended  
5 to read as follows:

6 HIGHLY CAPABLE FUNDING PERCENTAGE. (1) The legislature finds  
7 that, for highly capable students, access to accelerated learning and  
8 enhanced instruction is access to a basic education. There are  
9 multiple definitions of highly capable, from intellectual to academic  
10 to artistic. The research literature strongly supports using multiple  
11 criteria to identify highly capable students, and therefore, the  
12 legislature does not intend to prescribe a single method. Instead,  
13 the legislature intends to allocate funding based on (~~two and three~~  
14 ~~hundred fourteen one thousandths~~) 5.0 percent of each school  
15 district's population and authorize school districts to identify  
16 through the use of multiple, objective criteria those students most  
17 highly capable and eligible to receive accelerated learning and  
18 enhanced instruction in the program offered by the district. District  
19 practices for identifying the most highly capable students must  
20 prioritize equitable identification of low-income students. Access to  
21 accelerated learning and enhanced instruction through the program for  
22 highly capable students does not constitute an individual entitlement  
23 for any particular student.

24 (2) Supplementary funds provided by the state for the program for  
25 highly capable students under RCW 28A.150.260 shall be categorical  
26 funding to provide services to highly capable students as determined  
27 by a school district under RCW 28A.185.030.

28 **Sec. 413.** RCW 28A.150.1981 and 2009 c 548 s 2 are each amended  
29 to read as follows:

30 INTENT—BASIC EDUCATION. It is the intent of the legislature that  
31 specified policies and allocation formulas adopted under this (~~aet~~)  
32 chapter will constitute the legislature's definition of basic  
33 education under Article IX of the state Constitution once fully  
34 implemented. The legislature intends, however, to continue to review  
35 and revise the formulas and schedules and may make additional  
36 revisions, including revisions for technical purposes and consistency  
37 in the event of mathematical or other technical errors.

1 NEW SECTION. **Sec. 414.** Sections 401 through 413 of this act are  
2 necessary for the immediate preservation of the public peace, health,  
3 or safety, or support of the state government and its existing public  
4 institutions, and take effect September 1, 2017.

5 **PART V**

6 **LOCAL ENRICHMENT AND ACCOUNTABILITY**

7 NEW SECTION. **Sec. 501.** A new section is added to chapter  
8 28A.150 RCW to read as follows:

9 BASIC EDUCATION ACT AMENDED TO LIMIT USE OF SCHOOL DISTRICT LOCAL  
10 REVENUES TO ENRICHMENT ONLY. (1)(a) Beginning September 1, 2019,  
11 school districts may use local revenues only for documented and  
12 demonstrated enrichment of the state's statutory program of basic  
13 education as authorized in subsection (2) of this section.

14 (b) Nothing in this section revises the definition of the program  
15 of basic education under RCW 28A.150.220 and 28A.150.260.

16 (c) For purposes of this section, "local revenues" means  
17 enrichment levies collected under RCW 84.52.053, transportation  
18 vehicle enrichment levies, local effort assistance funding received  
19 under chapter 28A.500 RCW, and other school district local revenues  
20 including, but not limited to, grants, donations, and state and  
21 federal payments in lieu of taxes, except that "local revenues" does  
22 not include other federal revenues, or local revenues that operate as  
23 an offset to the district's basic education allocation under RCW  
24 28A.150.250.

25 (2)(a) Enrichment activities are permitted under this section if  
26 they provide supplementation beyond the state:

27 (i) Minimum instructional offerings of RCW 28A.150.220 or  
28 28A.150.260;

29 (ii) Staffing ratios or program components of RCW 28A.150.260,  
30 including providing additional staff for class size reduction beyond  
31 class sizes allocated in the prototypical school model and additional  
32 staff beyond the staffing ratios allocated in the prototypical school  
33 formula;

34 (iii) Program components of RCW 28A.150.200, 28A.150.220, or  
35 28A.150.260; or

36 (iv) Program of professional learning as defined by RCW  
37 28A.300.600 (as recodified by this act) beyond that allocated  
38 pursuant to section 105 of this act.

1 (b) Permitted enrichment activities consist of:

2 (i) Extracurricular activities, extended school days, or an  
3 extended school year;

4 (ii) Additional course offerings beyond the minimum instructional  
5 program established in the state's statutory program of basic  
6 education;

7 (iii) Activities associated with early learning programs;

8 (iv) Any additional salary costs attributable to the provision or  
9 administration of the enrichment activities allowed under this  
10 subsection; and

11 (v) Additional activities or enhancements that the office of the  
12 superintendent of public instruction determines to be a documented  
13 and demonstrated enrichment of the state's statutory program of basic  
14 education under (a) of this subsection and for which the  
15 superintendent approves proposed expenditures during the preballot  
16 approval process required by RCW 84.52.053 and section 204 of this  
17 act.

18 (3) In addition to the limitations of subsections (1) and (2) of  
19 this section and of RCW 28A.400.200, permitted enrichment activities  
20 are subject to the following conditions and limitations:

21 (a) If a school district spends local revenues for salary costs  
22 attributable to the administration of enrichment programs, the  
23 portion of administrator salaries attributable to that purpose may  
24 not exceed the proportion of the district's local revenues to its  
25 other revenues; and

26 (b) Supplemental contracts under RCW 28A.400.200 are subject to  
27 the limitations of this section.

28 (4) The superintendent of public instruction must adopt rules to  
29 implement this section.

30 NEW SECTION. **Sec. 502.** PROCESS FOR RECOMMENDATIONS ON  
31 LEGISLATIVE DEFINITIONS OF ADDITIONAL PERMITTED ENRICHMENTS. (1) The  
32 superintendent of public instruction may develop recommendations for  
33 expanding the nonexhaustive list of specifically permitted activities  
34 in section 501(2) of this act to include additional discrete forms of  
35 local enrichment that otherwise comply with section 501 of this act.  
36 The recommendations may consider, but are not limited to, existing  
37 school district enrichment activities to the extent that those  
38 activities are consistent with those requirements.

1 (2) In the 2018 legislative session, the legislature must review  
2 and consider the recommendations of the superintendent of public  
3 instruction, and may enact legislation to expand the list of  
4 permitted enrichment activities in section 501(2) of this act by  
5 codifying additional, specific examples of enrichment activities that  
6 may be provided with local revenues under the terms of section 501 of  
7 this act.

8 (3) This section expires July 1, 2018.

9 NEW SECTION. **Sec. 503.** A new section is added to chapter 43.09  
10 RCW to read as follows:

11 AUDITOR REVIEWS OF USE OF LOCAL REVENUES FOR COMPLIANCE WITH  
12 ENRICHMENT REQUIREMENTS. (1) Beginning with the 2019-20 school year,  
13 to ensure that school district local revenues are used solely for  
14 purposes of enriching the state's statutory program of basic  
15 education, the state auditor's regular financial audits of school  
16 districts must include a review of the expenditure of school district  
17 local revenues for compliance with section 501 of this act, including  
18 the spending plan approved by the superintendent of public  
19 instruction under section 204 of this act and its implementation, and  
20 any supplemental contracts entered into under RCW 28A.400.200.

21 (2) If an audit results in findings that a school district has  
22 failed to comply with these requirements, then within ninety days of  
23 completing the audit the auditor must report the findings to the  
24 superintendent of public instruction, the office of financial  
25 management, and the education and operating budget committees of the  
26 legislature.

27 NEW SECTION. **Sec. 504.** A new section is added to chapter  
28 28A.320 RCW to read as follows:

29 SCHOOL BOARD HEARING ON ANY AUDIT FINDINGS UNDER ENRICHMENT  
30 RESTRICTIONS. Before the beginning of the 2019-20 school year, each  
31 school district board of directors must adopt a policy for responding  
32 to any audit findings resulting from the audits conducted by the  
33 state auditor on the use of local revenues by the school district in  
34 accordance with sections 501 and 503 of this act. The policy must  
35 require a public hearing by the school district board of directors of  
36 the findings of the state auditor within thirty days of the issuance  
37 of the findings; and may include progressive disciplinary actions for

1 the district superintendent, which may be implemented by the school  
2 district board of directors.

3 NEW SECTION. **Sec. 505.** A new section is added to chapter  
4 28A.400 RCW to read as follows:

5 SCHOOL DISTRICT REPORTS TO THE OFFICE OF THE SUPERINTENDENT OF  
6 PUBLIC INSTRUCTION ON SUPPLEMENTAL CONTRACTS. Beginning September 1,  
7 2017, school districts must annually report to the superintendent of  
8 public instruction on supplemental contracts entered into subject to  
9 RCW 28A.400.200(4) for additional time, responsibility, or incentive.  
10 The office of the superintendent of public instruction shall

27 **Sec. 601.** RCW 28A.320.330 and 2009 c 460 s 1 are each amended to  
28 read as follows:

29 SCHOOL DISTRICT SUBACCOUNT FOR LOCAL REVENUES. School districts  
30 shall establish the following funds in addition to those provided  
31 elsewhere by law:

32 (1) (a) A general fund for (~~(maintenance and operation of)~~) the  
33 school district to account for all financial operations of the school  
34 district except those required to be accounted for in another fund.

35 (b) By the 2019-20 school year, a local revenue subfund of its  
36 general fund to account for the financial operations of a school  
37 district that are paid from local revenues. The local revenues that  
38 must be deposited in the local revenue subfund are enrichment levies

1 and transportation vehicle enrichment levies collected under RCW  
2 84.52.053, local effort assistance funding received under chapter  
3 28A.500 RCW, and other school district local revenues including, but  
4 not limited to, grants, donations, and state and federal payments in  
5 lieu of taxes, but do not include other federal revenues, or local  
6 revenues that operate as an offset to the district's basic education  
7 allocation under RCW 28A.150.250. School districts must track  
8 expenditures from this subfund separately to account for the  
9 expenditure of each of these streams of revenue by source, and must  
10 provide any supplemental expenditure schedules required by the  
11 superintendent of public instruction or state auditor for purposes of  
12 section 503 of this act.

13 (2) A capital projects fund shall be established for major  
14 capital purposes. All statutory references to a "building fund" shall  
15 mean the capital projects fund so established. Money to be deposited  
16 into the capital projects fund shall include, but not be limited to,  
17 bond proceeds, proceeds from excess levies authorized by RCW  
18 84.52.053, state apportionment proceeds as authorized by RCW  
19 28A.150.270, earnings from capital projects fund investments as  
20 authorized by RCW 28A.320.310 and 28A.320.320, and state forest  
21 revenues transferred pursuant to subsection (3) of this section.

22 Money derived from the sale of bonds, including interest earnings  
23 thereof, may only be used for those purposes described in RCW  
24 28A.530.010, except that accrued interest paid for bonds shall be  
25 deposited in the debt service fund.

26 Money to be deposited into the capital projects fund shall  
27 include but not be limited to rental and lease proceeds as authorized  
28 by RCW 28A.335.060, and proceeds from the sale of real property as  
29 authorized by RCW 28A.335.130.

30 Money legally deposited into the capital projects fund from other  
31 sources may be used for the purposes described in RCW 28A.530.010,  
32 and for the purposes of:

33 (a) Major renovation and replacement of facilities and systems  
34 where periodical repairs are no longer economical or extend the  
35 useful life of the facility or system beyond its original planned  
36 useful life. Such renovation and replacement shall include, but shall  
37 not be limited to, major repairs, exterior painting of facilities,  
38 replacement and refurbishment of roofing, exterior walls, windows,  
39 heating and ventilating systems, floor covering in classrooms and  
40 public or common areas, and electrical and plumbing systems.

1 (b) Renovation and rehabilitation of playfields, athletic fields,  
2 and other district real property.

3 (c) The conduct of preliminary energy audits and energy audits of  
4 school district buildings. For the purpose of this section:

5 (i) "Preliminary energy audits" means a determination of the  
6 energy consumption characteristics of a building, including the size,  
7 type, rate of energy consumption, and major energy using systems of  
8 the building.

9 (ii) "Energy audit" means a survey of a building or complex which  
10 identifies the type, size, energy use level, and major energy using  
11 systems; which determines appropriate energy conservation maintenance  
12 or operating procedures and assesses any need for the acquisition and  
13 installation of energy conservation measures, including solar energy  
14 and renewable resource measures.

15 (iii) "Energy capital improvement" means the installation, or  
16 modification of the installation, of energy conservation measures in  
17 a building which measures are primarily intended to reduce energy  
18 consumption or allow the use of an alternative energy source.

19 (d) Those energy capital improvements which are identified as  
20 being cost-effective in the audits authorized by this section.

21 (e) Purchase or installation of additional major items of  
22 equipment and furniture: PROVIDED, That vehicles shall not be  
23 purchased with capital projects fund money.

24 (f)(i) Costs associated with implementing technology systems,  
25 facilities, and projects, including acquiring hardware, licensing  
26 software, and online applications and training related to the  
27 installation of the foregoing. However, the software or applications  
28 must be an integral part of the district's technology systems,  
29 facilities, or projects.

30 (ii) Costs associated with the application and modernization of  
31 technology systems for operations and instruction including, but not  
32 limited to, the ongoing fees for online applications, subscriptions,  
33 or software licenses, including upgrades and incidental services, and  
34 ongoing training related to the installation and integration of these  
35 products and services. However, to the extent the funds are used for  
36 the purpose under this subsection (2)(f)(ii), the school district  
37 shall transfer to the district's general fund the portion of the  
38 capital projects fund used for this purpose. The office of the  
39 superintendent of public instruction shall develop accounting

1 guidelines for these transfers in accordance with internal revenue  
2 service regulations.

3 (g) Major equipment repair, painting of facilities, and other  
4 major preventative maintenance purposes. However, to the extent the  
5 funds are used for the purpose under this subsection (2)(g), the  
6 school district shall transfer to the district's general fund the  
7 portion of the capital projects fund used for this purpose. The  
8 office of the superintendent of public instruction shall develop  
9 accounting guidelines for these transfers in accordance with internal  
10 revenue service regulations. Based on the district's most recent two-  
11 year history of general fund maintenance expenditures, funds used for  
12 this purpose may not replace routine annual preventive maintenance  
13 expenditures made from the district's general fund.

14 (3) A debt service fund to provide for tax proceeds, other  
15 revenues, and disbursements as authorized in chapter 39.44 RCW. State  
16 forestland revenues that are deposited in a school district's debt  
17 service fund pursuant to RCW 79.64.110 and to the extent not  
18 necessary for payment of debt service on school district bonds may be  
19 transferred by the school district into the district's capital  
20 projects fund.

21 (4) An associated student body fund as authorized by RCW  
22 28A.325.030.

23 (5) Advance refunding bond funds and refunded bond funds to  
24 provide for the proceeds and disbursements as authorized in chapter  
25 39.53 RCW.

27 to read as follows:

28 SCHOOL DISTRICT REVENUE TO EXPENDITURE ACCOUNTING. (1)  
29 Notwithstanding any other provision of law, the superintendent of  
30 public instruction shall adopt such rules as will ensure proper  
31 budgetary procedures and practices, including monthly financial  
32 statements consistent with the provisions of RCW 43.09.200, and this  
33 chapter. By the 2019-20 school year, the rules must require school  
34 districts to provide separate accounting of state and local revenues  
35 to expenditures.

36 (2) If the superintendent of public instruction determines upon a  
37 review of the budget of any district that said budget does not comply  
38 with the budget procedures established by this chapter or by rules  
39 adopted by the superintendent of public instruction, or the

1 provisions of RCW 43.09.200, the superintendent shall give written  
2 notice of this determination to the board of directors of the local  
3 school district.

2 be displayed.))

3 (3) In districts where negotiations have not been completed, the  
4 district may budget the salaries at the current year's rate and  
5 restrict fund balance for the amount of anticipated increase in  
6 salaries, so long as an explanation (~~(shall be)~~) is attached to the  
7 budget on such restriction of fund balance.

8 **Sec. 604.** RCW 28A.505.040 and 1995 c 121 s 1 are each amended to

4 consultation with the public employees' benefits board and the school

6 of the legislature a complete analysis of the most appropriate risk  
7 pool for the retired and disabled school employees, to include at a  
8 minimum an analysis of the size of the nonmedicare and medicare  
9 retiree enrollment pools, the impacts on cost for state and school  
10 district retirees of moving retirees from one pool to another, the  
11 need for and the amount of an ongoing retiree subsidy allocation from  
12 the active school employees, and the timing and suggested approach  
13 for a transition from one risk pool to another.

14 (5) At a minimum, and regardless of other legislative enactments,  
15 the state health services purchasing agent shall:

20 (b) Require that a health care provider or a health care facility  
21 that receives funds from a public program provide care to state

29 services;

30 (d) Consult regularly with the governor, the legislature, and  
31 state agency directors whose operations are affected by the  
32 implementation of this section; and

33 (e) Ensure the control of benefit costs under managed competition  
34 by adopting rules to prevent employers from entering into an  
35 agreement with employees or employee organizations when the agreement  
36 would result in increased utilization in public employees' benefits  
37 board or school employee benefits board plans or reduce the expected  
38 savings of managed competition.

6 accordance with the district fiscal year, as described in RCW  
7 28A.505.030.

20 in this subsection, or any other type of insurance or protection, for  
21 the members of the boards of directors, the students, and employees  
22 of the school district or educational service district, and their  
23 dependents. Except as provided in subsection (6) of this section,  
24 such coverage may be provided by contracts or agreements with private  
25 carriers, with the state health care authority ((after July 1, 1990,  
26 pursuant to the approval of the authority administrator)), or through  
27 self-insurance or self-funding pursuant to chapter 48.62 RCW, or in  
28 any other manner authorized by law. Any direct agreement must comply  
29 with RCW 48.150.050.

30 (2) (a) Whenever funds are available for these purposes the board  
31 of directors of the school district or educational service district  
32 may contribute all or a part of the cost of such protection or  
33 insurance for the employees of their respective school districts or  
34 educational service districts and their dependents. The premiums on  
35 such liability insurance shall be borne by the school district or  
36 educational service district.

37 (b) After October 1, 1990, school districts may not contribute to  
38 any employee protection or insurance other than liability insurance

1 unless the district's employee benefit plan conforms to RCW  
2 28A.400.275 and 28A.400.280.

3 (c) After December 31, 2019, school district contributions to any

11 district or educational service district may contribute all or part  
12 of the costs, including the premiums, of life, health, health care,  
13 accident or disability insurance which shall be offered to all  
14 students participating in interschool activities on the behalf of or  
15 as representative of their school, school district, or educational  
16 service district. The school district board of directors and the  
17 educational service district board may require any student  
18 participating in extracurricular interschool activities to, as a  
19 condition of participation, document evidence of insurance or  
20 purchase insurance that will provide adequate coverage, as determined  
21 by the school district board of directors or the educational service  
22 district board, for medical expenses incurred as a result of injury  
23 sustained while participating in the extracurricular activity. In  
24 establishing such a requirement, the district shall adopt regulations  
25 for waiving or reducing the premiums of such coverage as may be  
26 offered through the school district or educational service district  
27 to students participating in extracurricular activities, for those  
28 students whose families, by reason of their low income, would have  
29 difficulty paying the entire amount of such insurance premiums. The  
30 district board shall adopt regulations for waiving or reducing the  
31 insurance coverage requirements for low-income students in order to  
32 assure such students are not prohibited from participating in  
33 extracurricular interschool activities.

34 (4) All contracts or agreements for insurance or protection  
35 written to take advantage of the provisions of this section shall  
36 provide that the beneficiaries of such contracts may utilize on an  
37 equal participation basis the services of those practitioners  
38 licensed pursuant to chapters 18.22, 18.25, 18.53, 18.57, and 18.71  
39 RCW.

4        ~~((a))~~ (i) Offer a high deductible health plan option with a  
5 health savings account that conforms to section 223, part VII of  
6 subchapter 1 of the internal revenue code of 1986. School districts  
7 shall comply with all applicable federal standards related to the  
8 establishment of health savings accounts;

9        ~~((b))~~ (ii) Make progress toward employee premiums that are  
10 established to ensure that full family coverage premiums are not more  
11 than three times the premiums for employees purchasing single  
12 coverage for the same coverage plan, unless a subsequent premium  
13 differential target is defined as a result of the review and  
14 subsequent actions described in RCW 41.05.655;

15        ~~((c))~~ (iii) Offer employees at least one health benefit plan  
16 that is not a high deductible health plan offered in conjunction with  
17 a health savings account in which the employee share of the premium  
18 cost for a full-time employee, regardless of whether the employee  
19 chooses employee-only coverage or coverage that includes dependents,  
20 does not exceed the share of premium cost paid by state employees  
21 during the state employee benefits year that started immediately  
22 prior to the school year.

23        ~~((d))~~ (b) All contracts or agreements for employee benefits  
24 must be held to responsible contracting standards, meaning a fair,  
25 prudent, and accountable competitive procedure for procuring services  
26 that includes an open competitive process, except where an open  
27 process would compromise cost-effective purchasing, with  
28 documentation justifying the approach.

29        ~~((e))~~ (c) School districts offering medical, vision, and dental  
30 benefits shall also make progress on promoting health care  
31 innovations and cost savings and significantly reduce administrative  
32 costs.

33        ~~((f))~~ (d) All contracts or agreements for insurance or  
34 protection described in this section shall be in compliance with  
35 chapter 3, Laws of 2012 2nd sp. sess.

36        ~~((g))~~ (e) Upon notification from the office of the insurance  
37 commissioner of a school district's substantial noncompliance with  
38 the data reporting requirements of RCW 28A.400.275, and the failure  
39 is due to the action or inaction of the school district, and if the  
40 noncompliance has occurred for two reporting periods, the

1 superintendent is authorized and required to limit the school  
2 district's authority provided in subsection (1) of this section  
3 regarding employee health benefits to the provision of health benefit  
4 coverage provided by the state health care authority.

5 (6) The authority to make available basic and optional benefits

16 as well as bargaining agreements existing on June 10, 2010, but  
17 renewed or extended after June 10, 2010, shall be consistent with RCW  
18 28A.657.050.

19 (2) All collective bargaining agreements entered into between a  
20 school district employer and school district employees under this  
21 chapter shall be consistent with RCW 28A.400.280 and 28A.400.350.

22 (3) Employee bargaining shall be initiated after July 1, 2018,  
23 over the dollar amount to be contributed for school employee health  
24 benefits beginning January 1, 2020, on behalf of each employee for

8 funds unless the request is transmitted to the legislature as part of  
9 the governor's budget document submitted under RCW 43.88.030 and  
10 43.88.060.

11 If the legislature rejects or fails to act on the submission,  
12 either party may reopen all or part of the agreement. However, if the  
13 director of the office of financial management does not certify a  
14 request under this section as being feasible financially for the  
15 state, the parties shall enter into collective bargaining solely for  
16 the purpose of reaching a mutually agreed upon modification of the  
17 agreement necessary to address the absence of those requested funds.  
18 The legislature may act upon the health care benefit provisions of  
19 the modified collective bargaining agreement if those provisions are  
20 agreed upon and submitted to the office of financial management and

23 If the legislature rejects or fails to act on the submission,  
24 either party may reopen all or part of the agreement. However, if the  
25 director of the office of financial management does not certify a  
26 request under this section as being feasible financially for the  
27 state, the parties shall enter into collective bargaining solely for

29           (5) If the commissioner determines that a school district has not

8 **PART IX**

9 **OTHER EDUCATION PROVISIONS**

10 NEW SECTION. **Sec. 901.** ABSENTEEISM. The legislature finds that  
11 research shows that students who are chronically absent from school  
12 have lower levels of reading proficiency, reduced high school  
13 graduation rates, and less success in college. The legislature  
14 acknowledges that recent legislative actions have shifted the state's  
15 focus from truancy compliance to prevention of chronic student  
16 absences. The legislature recognizes that the superintendent of  
17 public instruction has incorporated in the state plan to implement  
18 the every student succeeds act chronic student absenteeism as one of  
19 three accountability measures. The legislature finds that addressing  
20 chronic student absenteeism and developing good school attendance  
21 habits are solvable problems. The legislature intends to support  
22 addressing chronic student absenteeism by providing state funding in  
23 the omnibus appropriations act for the 2017-2019 biennium. The  
24 legislature further intends for some of the state funding provided to  
25 facilitate a statewide accountability system to improve student  
26 graduation rates by, among other things, providing assistance to  
27 school districts about successful strategies to address chronic  
28 student absenteeism.

29 NEW SECTION. **Sec. 902.** TEACHER AND PRINCIPAL EVALUATION PROGRAM  
30 UPDATE. By November 1, 2017, the superintendent of public instruction  
31 shall provide an update to the education policy and the operating  
32 budget committees of the legislature on the implementation of the  
33 teacher and principal evaluation program. The update must include the  
34 following:

35 (1) An overview of the evaluation process including the eight  
36 evaluator criteria for teacher and principals, the three approved

1 teacher instructional frameworks, the approved principal leadership  
2 frameworks, and how student growth and professional learning plans  
3 are used in the evaluation process;

4 (2) An update of the school district school employee evaluation  
5 survey information that displays the total percentage of teachers and  
6 principals in each of the four levels of summative performance  
7 ratings: Distinguished, proficient, basic, and unsatisfactory; and a  
8 comparison of this data to the survey data from the 2014-15 school  
9 year;

10 (3) Information regarding scoring and the consequences or  
11 outcomes of evaluations;

12 (4) A review of the state and district programs that are in place  
13 to help struggling teachers; and

14 (5) Any recommendations for improving the evaluation program.

15 NEW SECTION. **Sec. 903.** INTENT REGARDING ENRICHED STAFFING  
16 VALUES. The legislature recognizes that legislation enacted in 2014  
17 and 2015 established a phase-in of increased school district staffing  
18 ratios. Under current law, these increased staffing ratios begin in  
19 the 2019-2021 biennium and exceed the school district staffing ratios  
20 established in chapter 236, Laws of 2010 (Substitute House Bill No.  
21 2776) and in chapter . . ., Laws of 2017 3rd sp. sess. (this act). In  
22 light of the education investments funded pursuant to the 2010 and  
23 2017 legislation, the legislature intends to review and prioritize  
24 future staffing ratio increases to focus on reducing the opportunity  
25 gap, assisting struggling students, enhancing the educational  
26 outcomes for all students, and strengthening support for all schools  
27 and school district staff.

28 NEW SECTION. **Sec. 904.** A new section is added to chapter  
29 28A.400 RCW to read as follows:

31 addition to the staffing units in RCW 28A.150.260, the superintendent  
32 of public instruction must provide school districts with allocations  
33 for the following staff units if and to the extent that funding is  
34 specifically appropriated and designated for that category of  
35 staffing unit in the omnibus operating appropriations act.

36 (a) Additional staffing units for each level of prototypical  
37 school in RCW 28A.150.260:

7 enrichment to and are beyond the state's statutory program of basic  
8 education in RCW 28A.150.220 and 28A.150.260. However, if and to the  
9 extent that any of these additional staffing units are funded by  
10 specific reference to this section in the omnibus operating  
11 appropriations act, those units become part of prototypical school  
12 funding formulas and a component of the state funding that the  
13 legislature deems necessary to support school districts in offering  
14 the statutory program of basic education under Article IX, section 1  
15 of the state Constitution.

16           NEW SECTION.   **Sec. 905.**   REVIEW AND PRIORITIZATION OF ADDITIONAL  
17 STAFFING ENRICHMENTS. (1) The superintendent of public instruction  
18 shall convene a technical work group, which must include  
19 representatives of diverse school districts and education  
20 stakeholders, to review the staffing enrichments to the program of  
21 basic education detailed in section 904 of this act. The  
22 superintendent, together with the technical work group, shall make  
23 recommendations to the legislature on a possible phase-in plan of  
24 staffing enrichments that prioritizes the enrichments that are  
25 research or evidence-based strategies for reducing the opportunity  
26 gap, assisting struggling students, enhancing the educational  
27 outcomes for all students, or strengthening support for all school  
28 and school district staff. The superintendent shall report the  
29 recommendations to the education policy and operating budget  
30 committees of the legislature by December 1, 2019.

31           (2) This section expires June 30, 2020.

33 of acts are each repealed:

- 34           (1) RCW 28A.150.261 (State funding to support instructional

14 educating students residing in a nonhigh school district;

16 practicable with the ability of nonhigh school districts to pay and  
17 the need of high school districts for payment; and

8 several educational service districts during such month: PROVIDED,  
9 That any school district may petition the superintendent of public  
10 instruction for an emergency advance of funds which may become  
11 apportionable to it but not to exceed ten percent of the total amount  
12 to become due and apportionable during the school districts  
13 apportionment year. The superintendent of public instruction shall  
14 determine if the emergency warrants such advance and if the funds are  
15 available therefor. If the superintendent determines in the  
16 affirmative, he or she may approve such advance and, at the same  
17 time, add such an amount to the apportionment for the educational  
18 service district in which the school district is located: PROVIDED,  
19 That the emergency advance of funds and the interest earned by school  
20 districts on the investment of temporary cash surpluses resulting  
21 from obtaining such advance of state funds shall be deducted by the  
22 superintendent of public instruction from the remaining amount  
23 apportionable to said districts during that apportionment year in  
24 which the funds are advanced.

25 (2) In the 2010-11 school year, the June apportionment payment to  
26 school districts shall be reduced by one hundred twenty-eight million  
27 dollars, and an additional apportionment payment shall be made on  
28 July 1, 2011, in the amount of one hundred twenty-eight million  
29 dollars. This July 1st payment shall be in addition to the regularly  
30 calculated July apportionment payment.

31 NEW SECTION. **Sec. 1005.** EFFECTIVE DATE. Section 1004 of this  
32 act takes effect September 1, 2019.

33 NEW SECTION. **Sec. 1006.** EFFECTIVE DATE. Sections 102, 505, and  
34 801 of this act are necessary for the immediate preservation of the  
35 public peace, health, or safety, or support of the state government  
36 and its existing public institutions, and take effect immediately.

1        NEW SECTION.    **Sec. 1007.**    EFFECTIVE DATE. Sections 1001 and 1002  
2 of this act take effect January 1, 2019.

        Passed by the House June 30, 2017.  
        Passed by the Senate June 30, 2017.  
        Approved by the Governor July 6, 2017, with the exception of  
certain items that were vetoed.  
        Filed in Office of Secretary of State July 7, 2017.

        Note: Governor's explanation of partial veto is as follows:

        "I am returning herewith, without my approval as to Sections  
106, 607, 819, and 1003, Engrossed House Bill No. 2242 entitled:

        "AN ACT Relating to funding fully the state's program of basic  
education by providing equitable education opportunities through  
reform of state and local education contributions."

        Section 106 limits school districts' use of late start and early  
release days to seven occurrences each school year. Educators use  
this time to develop new competencies, collaborate with other  
educators, receive mentoring from senior teachers, and analyze  
student data to inform instructional practices. Research shows that  
this time for job-embedded professional learning and collaboration is  
linked to student success. Limiting practices that improve student  
achievement goes against the intent of this bill and our goals.

        Section 607 requires the Caseload Forecast Council (Council) to  
convene a technical working group to determine the feasibility of  
developing a model to aid in school district four-year budget plans.  
Timely data does not exist to predict school district-level  
enrollments that factor in business growth and other local factors.  
The work required in this section is outside the scope of expertise  
for the Council. No funding is provided in the 2017-19 omnibus  
appropriations act; therefore, the Council is unable to contract for  
this work.

        Section 819 ends reporting requirements for school employee health  
insurance benefits, effective December 1, 2018. House Bill 1042,  
which I am signing today, removes these reporting requirements.  
Moreover, funding to support these requirements was not included in  
the budget, so the Office of the Insurance Commissioner will be  
unable to produce the report.

        Section 1003 repeals, among other things, the statutes that govern  
approved training and continuing education clock hours for the  
purpose of credit on the salary schedule, effective for the 2017-18  
school year. These statutes are essential to compensation in the  
upcoming school year.

        For these reasons I have vetoed Sections 106, 607, 819, and 1003 of  
Engrossed House Bill No. 2242.

        With the exception of Sections 106, 607, 819, and 1003, Engrossed  
House Bill No. 2242 is approved."
