ENVIRONMENT AND NATURAL RESOURCES

Reproduced and distributed under the direction of the Clerk of the House.

**STATE OF MAINE
HOUSE OF REPRESENTATIVES
129TH LEGISLATURE
SECOND REGULAR SESSION**

COMMITTEE AMENDMENT “ ” to H.P. 579, L.D. 774, Bill, “An Act To Protect Maine's Beaches and Shoreline”

Amend the bill by striking out the title and substituting the following:

'Resolve, To Protect Maine's Beaches and Shoreline'

Amend the bill by striking out everything after the title and inserting the following:

'Sec. 1. Department of Environmental Protection; review of Integrated Beach Management Program Working Group Report. Resolved: That the Department of Environmental Protection shall review the report titled "Integrated Beach Management Program Working Group Report," dated January 2017 and submitted to the Joint Standing Committee on Environment and Natural Resources in the First Regular Session of the 128th Legislature pursuant to Resolve 2015, chapter 66, and the specific recommendations for legislative, regulatory or other actions contained in that report. In coordination with the Department of Agriculture, Conservation and Forestry, the Department of Environmental Protection shall identify and, where necessary and appropriate, develop strategies, legislation or other actions to assist municipalities in the mitigation of coastal erosion in the State and to keep the State's beaches healthy for protection against storms, for habitat protection for coastal wildlife species and for recreational uses, including:

1. A state program, to be managed by relevant state agencies, that is designed to provide technical assistance to coastal municipalities in the management of coastal erosion issues and in the development and implementation of beach and shoreline management projects. The program must be designed to prioritize the provision of technical assistance to those coastal municipalities whose beaches and shoreline are most severely affected by coastal erosion, sea level rise and storm surges;

2. Proposals to support the identification and mapping of upland and marine sources of sand or sediment suitable for beach nourishment activities that are potentially available for such use by coastal municipalities, as well as proposals for the development and implementation of an expedited, streamlined and cost-effective state permitting or

COMMITTEE AMENDMENT

1 approval process to facilitate the removal of such sand or sediment by municipalities for
2 beach nourishment purposes;

3 3. A comprehensive state beach nourishment policy that incorporates specific
4 implementation strategies for beach nourishment activities and that identifies specific
5 criteria for prioritizing beach nourishment projects based on the severity of the effects on
6 a coastal beach of sea level rise and storm surges; and

7 4. A comprehensive state beach management program that includes identification of
8 the funding sources that are necessary and available to successfully fund beach
9 management projects under the program. In developing the program, the Department of
10 Environmental Protection shall, at a minimum, review similar programs implemented by
11 other coastal states, including, but not limited to, the Florida Beach Management Funding
12 Assistance Program.

13 **Sec. 2. Report to Legislature. Resolved:** That, no later than January 15, 2021,
14 the Department of Environmental Protection shall report to the joint standing committee
15 of the Legislature having jurisdiction over environment and natural resources matters its
16 findings and recommendations under section 1, including any proposed legislation
17 necessary to implement those recommendations. The joint standing committee may
18 report out legislation to the First Regular Session of the 130th Legislature relating to the
19 department's findings and recommendations.'

20 Amend the bill by relettering or renumbering any nonconsecutive Part letter or
21 section number to read consecutively.

22 SUMMARY

23 This amendment replaces the bill with a resolve and changes the title. The resolve
24 directs the Department of Environmental Protection to review the report titled "Integrated
25 Beach Management Program Working Group Report," dated January 2017 and submitted
26 to the Joint Standing Committee on Environment and Natural Resources in the First
27 Regular Session of the 128th Legislature pursuant to Resolve 2015, chapter 66, and to
28 identify and, where necessary and appropriate, develop strategies, legislation or other
29 actions to assist municipalities in the mitigation of coastal erosion in the State and to keep
30 the State's beaches healthy for protection against storms, for habitat protection for coastal
31 wildlife species and for recreational uses. The department is required by January 15,
32 2021 to report its findings and recommendations following that review, including any
33 proposed legislation necessary to implement those recommendations, to the joint standing
34 committee of the Legislature having jurisdiction over environment and natural resources
35 matters, which is authorized to report out related legislation.
