(c) The district may be established only after the filing of a petition as provided in the local law in the office of the judge of probate of the county and the approval of the formation of the district by a majority vote of the qualified voters, with each lot having one vote, voting in favor of the formation of the district at a referendum election conducted by the judge of probate pursuant to the local law. Notwithstanding the foregoing, the district shall

not be established unless the owner of the roads in Willow Point Estates, with the exception of subdivision (24) Glynmere at Willow Point, joins in the petition and agrees to transfer ownership of the roads to the district in the event that the district is created. The ownership of the roads transferred to the district shall be held by the district for the benefit of the owners of lots in Willow Point Estates and the roads shall be private roads for use by the property owners of lots in Willow Point Estates and as provided by the district. After the transfer of ownership of the roads to the district, the duty to maintain the roads transferred is vested in the district. After the district becomes operative and in the manner provided by local law, the district may assess and collect an annual road maintenance charge on the owner or owners of each lot in Willow Point Estates. The proceeds of the road maintenance charges shall be used by the district only for the maintenance, construction, repair, and paving of the roads and bridges, including rights-of-way, in the district and for administration of the district. Failure to pay the road maintenance charges in a timely manner as provided by the district shall result in a lien on the property which may be enforced in the manner provided by the local law.
