To amend title XVIII of the Social Security Act to support rural residency training funding that is equitable for all States, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “Rural Physician Work-
5 force Production Act of 2023”.

1 **SEC. 2. ELECTIVE RURAL SUSTAINABILITY PER RESIDENT**
 2 **PAYMENT FOR RESIDENTS TRAINING IN**
 3 **RURAL TRAINING LOCATIONS.**

4 (a) IN GENERAL.—Section 1886 of the Social Secu-
 5 rity Act (42 U.S.C. 1395ww) is amended by adding at the
 6 end the following new subsection:

7 “(u) ELECTIVE RURAL SUSTAINABILITY PER RESI-
 8 DENT PAYMENT AMOUNT FOR RESIDENTS TRAINING IN
 9 RURAL TRAINING LOCATIONS.—

10 “(1) DETERMINATION OF ELECTIVE RURAL
 11 SUSTAINABILITY PER RESIDENT PAYMENT
 12 AMOUNT.—

13 “(A) IN GENERAL.—The elective rural sus-
 14 tainability per resident payment amount deter-
 15 mined under this subsection for an applicable
 16 hospital (as defined in paragraph (7)(A)) that
 17 makes an election under paragraph (2), with re-
 18 spect to each full-time-equivalent resident in an
 19 approved medical residency training program
 20 that receives training in a rural training loca-
 21 tion (as defined in paragraph (7)(C)), is an
 22 amount equal to the difference between—

23 “(i) the total elective rural sustain-
 24 ability amount determined under subpara-
 25 graph (B) (or, in the case of an applicable
 26 hospital not located in a rural area, the

1 total elective rural sustainability amount or
 2 urban total elective rural sustainability
 3 amount, as applicable, determined under
 4 such subparagraph); and

5 “(ii) the amount (if any) the applica-
 6 ble hospital otherwise receives for direct
 7 graduate medical education costs under
 8 subsection (h) or section 1814(l), as appli-
 9 cable, with respect to each such resident.

10 “(B) TOTAL ELECTIVE RURAL SUSTAIN-
 11 ABILITY AMOUNT.—

12 “(i) ESTABLISHMENT FOR INITIAL
 13 COST REPORTING PERIODS.—

14 “(I) IN GENERAL.—Subject to
 15 subclause (II), for cost reporting peri-
 16 ods beginning during the first year be-
 17 ginning on or after the date of the en-
 18 actment of this subsection, the Sec-
 19 retary shall establish a total elective
 20 rural sustainability amount for time
 21 spent by each full-time-equivalent resi-
 22 dent in an approved medical residency
 23 training program that receives train-
 24 ing in a rural training location. Such
 25 amount shall be the amount that the

1 Secretary determines is equal to the
2 median national direct GME training
3 costs per full-time equivalent resident
4 for 2015 described in table 9 on page
5 33 of the March 2018 GAO report on
6 Physician Workforce (GAO–18–240),
7 updated for each subsequent year
8 through the first year beginning on or
9 after the date of the enactment of this
10 subsection, by the annual percentage
11 increase in the consumer price index
12 for all urban consumers (all items;
13 United States city average).

14 “(II) APPLICATION TO URBAN
15 HOSPITALS.—For cost reporting peri-
16 ods beginning during the first year be-
17 ginning on or after the date of the en-
18 actment of this subsection, in the case
19 of an applicable hospital that is not
20 located in a rural area—

21 “(aa) with respect to such
22 residents that receive training in
23 a rural track or an integrated
24 rural track, the total elective
25 rural sustainability amount per

1 resident shall be equal to the
2 amount established under sub-
3 clause (I); and

4 “(bb) with respect to such
5 residents that receive training in
6 a rural training location and who
7 are not participating in a rural
8 track or an integrated rural
9 track, the total elective rural sus-
10 tainability amount per resident
11 shall be equal to 50 percent of
12 the amount established under
13 subclause (I) (referred to in this
14 subsection as the ‘urban total
15 elective rural sustainability
16 amount’).

17 “(ii) UPDATING FOR SUBSEQUENT
18 COST REPORTING PERIODS.—For each sub-
19 sequent cost reporting period, the total
20 elective rural sustainability amount under
21 clause (i)(I) and clause (i)(II)(aa) and the
22 urban total elective rural sustainability
23 amount under clause (i)(II)(bb), respec-
24 tively, are equal to such amounts deter-
25 mined under such clause for the previous

1 cost reporting period updated, through the
2 midpoint of the period, by projecting the
3 estimated percentage change in the con-
4 sumer price index for all urban consumers
5 (all items; United States city average) dur-
6 ing the 12-month period ending at that
7 midpoint, with appropriate adjustments to
8 reflect previous under- or over-estimations
9 under this clause in the projected percent-
10 age change in the consumer price index for
11 medical care services.

12 “(C) CLARIFICATION.—The total elective
13 rural sustainability amount, the urban total
14 elective rural sustainability amount, and the
15 elective rural sustainability per resident pay-
16 ment amount determined under this paragraph
17 shall not be discounted or otherwise adjusted
18 based on the Medicare patient load (as defined
19 in subsection (h)(3)(C)) of an applicable hos-
20 pital or discharges in a diagnosis-related group.

21 “(2) ELECTION.—For cost reporting periods
22 beginning on or after the date that is 1 year after
23 the date of the enactment of this subsection, an ap-
24 plicable hospital may elect to receive the elective
25 rural sustainability per resident payment amount for

1 each full-time-equivalent resident in an approved
2 medical residency training program that receives
3 training in a rural training location in accordance
4 with this subsection. An applicable hospital may
5 make an election under the preceding sentence re-
6 gardless of whether the applicable hospital is other-
7 wise eligible for a payment or adjustment for indi-
8 rect and direct graduate medical education costs
9 under subsections (d)(5)(B) and (h) or section
10 1814(l), as applicable, with respect to such resi-
11 dents.

12 “(3) APPLICATION.—The provisions of this sub-
13 section, or the application of such provisions to an
14 applicable hospital—

15 “(A) shall not result in—

16 “(i) the establishment of a limitation
17 on the number of residents in allopathic or
18 osteopathic medicine for purposes of sub-
19 sections (d)(5)(B) and (h) with respect to
20 an approved medical residency training
21 program of an applicable hospital (or be
22 taken into account in determining such a
23 limitation during the cap building period of
24 an applicable hospital); or

1 “(ii) the counting of any resident with
2 respect to which the applicable hospital re-
3 ceives an elective rural sustainability per
4 resident payment amount under this sub-
5 section towards the application of the limi-
6 tation described in clause (i) for purposes
7 of subsections (d)(5)(B) and (h); and

8 “(B) shall not have any effect on the de-
9 termination of—

10 “(i) the additional payment amount
11 under subsection (d)(5)(B); or

12 “(ii) hospital-specific approved FTE
13 resident amounts under subsection (h).

14 “(4) ALLOCATION OF PAYMENTS.—In providing
15 for payments under this subsection, the Secretary
16 shall provide for an allocation of such payments be-
17 tween parts A and part B (and the trust funds es-
18 tablished under the respective parts) as reasonably
19 reflects the proportion of such costs associated with
20 the provision of services under each respective part.

21 “(5) ELIGIBILITY FOR PAYMENT.—

22 “(A) IN GENERAL.—An applicable hospital
23 shall be eligible for payment of the elective
24 rural sustainability per resident payment
25 amount under this subsection for time spent by

1 a resident training in a rural training location
2 if the following requirements are met:

3 “(i) The resident spends the equiva-
4 lent of at least 8 weeks over the course of
5 their training in a rural training location.

6 “(ii) The hospital pays the salary and
7 benefits of the resident for the time spent
8 training in a rural training location.

9 “(B) TREATMENT OF TIME SPENT IN
10 RURAL TRACKS OR INTEGRATED RURAL
11 TRACKS.—An applicable hospital shall be eligi-
12 ble for payment of the elective rural sustain-
13 ability per resident payment amount under this
14 subsection for all time spent by residents in an
15 approved medical residency program (or sepa-
16 rately defined track within a program) that pro-
17 vides more than 50 percent of the total resi-
18 dency training time in rural training locations,
19 regardless of where the training occurs and re-
20 gardless of specialty.

21 “(6) DETERMINATION OF FULL-TIME-EQUIVA-
22 LENT RESIDENTS.—The determination of full-time-
23 equivalent residents for purposes of this subsection
24 shall be made in the same manner as the determina-
25 tion of full-time-equivalent residents under sub-

1 section (h)(4), but not taking into account the limi-
2 tation under subparagraph (F) of such subsection.

3 “(7) DEFINITIONS.—In this subsection:

4 “(A) APPLICABLE HOSPITAL.—The term
5 ‘applicable hospital’ means a hospital, critical
6 access hospital, sole community hospital (as de-
7 fined in subsection (d)(5)(D)(iii)), or rural

6 section (d)(5)(D)(iii)) or in a location that
7 is within 10 miles of a sole community hos-
8 pital.

9 “(8) BUDGET NEUTRALITY REQUIREMENT.—
10 The Secretary shall ensure that aggregate payments
11 for direct medical education costs and indirect med-
12 ical education costs under this title, including any
13 payments under this subsection, for each year (effec-
14 tive beginning on or after the date that is 1 year
15 after the date of enactment of this subsection) are
16 not greater than the aggregate payments for such
17 costs that would have been made under this title for
18 the year without the application of this subsection.
19 For purposes of carrying out the budget neutrality
20 requirement under the preceding sentence, the Sec-
21 retary may make appropriate adjustments to the
22 amount of such payments for direct graduate med-
23 ical education costs and indirect medical education

17 “(B) Medical education costs shall not be con-

19 for purposes of payment under paragraph (1), to the
20 extent that the critical access hospital is treated as
