

As Introduced

133rd General Assembly

Regular Session

2019-2020

H. B. No. 499

Representatives Kelly, Lang

**Cosponsors: Representatives Liston, Miranda, Lightbody, Smith, K., Hambley,
Carruthers**

A BILL

To amend section 1327.70 of the Revised Code to
authorize a county to implement a motor fuel
quality testing program.

1
2
3

BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Section 1. That section 1327.70 of the Revised Code be
amended to read as follows:

4
5

Sec. 1327.70. (A) As used in this section:

6

~~(1) "Biodiesel" and "blended biodiesel" have the same~~
~~meanings as in section 125.831 of the Revised Code.~~

7
8

"Conventional fuel" means gasoline and diesel fuel.

9

"Diesel fuel" has the same meaning as in section 5735.01
of the Revised Code.

10
11

~~(2) "Ethanol extended fuel" means a mixture of gasoline~~
~~and ethanol.~~

12
13

"Fuel inspector" means a county auditor or any person who
is designated by the county auditor to perform motor fuel
quality testing under this section.

14
15
16

"Motor fuel" means ~~gasoline or diesel~~ any of the following 17
types of fuel that is sold by a ~~retailer~~ retail dealer: 18

(1) Conventional fuel; 19

(2) Biodiesel or blended biodiesel fuel; 20

(3) Ethanol extended fuel. 21

"Retail dealer" has the same meaning as in section 5735.01 22
of the Revised Code. 23

"Retail service station" has the same meaning as in 24
section 5735.01 of the Revised Code. 25

(B) The director of agriculture may adopt rules in 26
accordance with Chapter 119. of the Revised Code establishing a 27
motor fuel quality testing program that is uniform throughout 28
the state. 29

(C) (1) Unless a motor fuel quality testing program is 30
established in rules under division (B) of this section and is 31
funded and implemented by the department of agriculture, a 32
county auditor may implement a motor fuel quality testing 33
program in the auditor's county whereby a fuel inspector may 34
test motor fuel quality for octane level, sediment, and water in 35
the fuel. No fuel inspector shall charge any inspection or 36
registration fees to perform motor fuel quality testing. 37

(2) A county auditor who implements a motor fuel quality 38
testing program under this section shall acquire testing 39
equipment or ensure that testing equipment is available for the 40
county's program. The county auditor shall ensure that the 41
testing equipment meets the most recent standards established by 42
the American society for testing and materials (ASTM) 43
international. A county auditor may contract with another county 44

to use that county's testing equipment so long as the contract 45
provides that the testing is performed by a fuel inspector from 46
the county that owns the testing equipment. A county auditor 47
shall not allow the county's testing equipment to be used in any 48
other county for fuel quality testing purposes unless a fuel 49
inspector for the county that owns the equipment is conducting 50
the testing. 51

(D) If a county auditor implements a fuel quality testing 52
program under this section, a retail dealer in the applicable 53
county shall do all of the following when requested by a fuel 54
inspector: 55

(1) Allow the fuel inspector to test the octane level and 56
sediment from the retail dealer's motor fuel pumps; 57

(2) Allow the fuel inspector to test the water and 58
sediment in the retail dealer's motor fuel storage tanks; 59

(3) Allow the fuel inspector to pump a sample of motor 60
fuel, free of charge and in containers provided by the fuel 61
inspector, in an amount required by the fuel inspector for 62
testing. 63

(E) A fuel inspector shall do all of the following when 64
performing motor fuel quality testing: 65

(1) Use testing equipment that meets the most recent 66
standards established by the American society for testing and 67
materials (ASTM) international; 68

(2) Adhere to any standard or guideline set forth by the 69
director of agriculture, in accordance with division (F)(3) of 70
this section, relating to petroleum product quality and sampling 71
and testing methods that are consistent with the ASTM; 72

(3) Except as otherwise provided in division (E) (2) of 73
this section, adhere to the following motor fuel quality testing 74
compliance standards: 75

(a) Fuel storage tanks shall not exceed one-quarter inch 76
of water for ethanol extended fuel and shall not exceed two 77
inches of water for conventional fuel. 78

(b) Gasoline and ethanol extended fuel octane levels 79
tested at the pump shall be within one octane point of the 80
octane level listed on the pump. 81

(c) Gasoline and ethanol extended fuel tested at the pump, 82
per ASTM requirements, shall be visually free of undissolved 83
water, sediment, and suspended matter and shall be clear and 84
bright at either an ambient temperature or seventy degrees 85
Fahrenheit, whichever is higher. 86

(d) Diesel fuel tested at the pump shall meet the 87
standards defined by the ASTM. 88

(F) (1) For a first violation of a motor fuel quality 89
standard detected at a retail service station, a fuel inspector 90
shall issue to the applicable retail dealer an order to stop 91
selling fuel until the fuel is in compliance with this section 92
as determined by the fuel inspector, a written citation, or both 93
an order to stop selling and written citation. 94

(2) A retail dealer shall correct any violation described 95
in an order or citation issued under division (F) (1) of this 96
section within seven days after the order or citation is issued. 97
Failure to do so constitutes a subsequent offense. 98

(3) A fuel inspector, when issuing a written citation 99
under division (F) (1) of this section, may impose a civil 100
penalty on the retail dealer in accordance with rules adopted by 101

the director of agriculture under division (F) (4) of this 102
section. If the director does not adopt such rules, the county 103
auditor may adopt civil penalties for that county until such 104
time that the director adopts the rules. All civil penalties 105
collected under division (F) (3) of this section shall be 106
deposited into the applicable county general fund. 107

(4) For purposes of a county auditor-implemented motor 108
fuel quality testing program, the director of agriculture may 109
adopt rules in accordance with Chapter 119. of the Revised Code 110
establishing civil penalties for violations of motor fuel 111
quality standards. Not later than ninety days after the 112
effective date of this section, the director shall adopt rules 113
in accordance with Chapter 119. of the Revised Code that 114
establish procedures by which a retail dealer may appeal an 115
order or citation issued under division (F) of this section. 116

(G) A fuel inspector shall transmit data collected from 117
motor fuel quality testing to the director of agriculture. The 118
director shall compile such data, including dates, locations, 119
and results received from fuel inspectors, and make the data 120
accessible to the public via the department of agriculture's web 121
site. 122

(H) Any county that lawfully implemented a motor fuel 123
quality testing program prior to the effective date of this 124
section is exempt from divisions (C) to (G) of this section. 125
Such a county may continue to implement the motor fuel quality 126
testing program as that program existed prior to the effective 127
date of this section. 128

Section 2. That existing section 1327.70 of the Revised 129
Code is hereby repealed. 130
