887 authorized by the sponsored captive insurance company's certificate of authority.

888 (d) An incorporated protected cell shall not use any name that is either similar, misleading,
889 or confusing with respect to any other name already in use by any other entity doing
890 business in this state.

891 (e) An incorporated protected cell shall be entitled to enter into contracts and undertake
892 obligations in its own name and for its own account unless prohibited by an applicable
893 participant contract. In the case of a contract or obligation undertaken directly by an
894 incorporated protected cell to which the sponsored captive insurance company is not a
895 party, either in its own name and for its own account or on behalf of a protected cell, the
896 counterparts to the contract or obligation shall have no right or recourse against the
897 sponsored captive insurance company, any other protected cell not a party to such contract
898 or obligation or any assets other than against assets properly attributable to the incorporated
899 protected cell that is a party to the contract or obligation.

900 33-41-104.

901 (a) All attributions of assets and liabilities to the protected cells and the general account
902 shall be made by the sponsored captive insurance company in accordance with the business
903 plan and applicable participant contracts as approved by the Commissioner, and unless the
904 sponsor consents and the Commissioner has granted prior written approval, the general
905 account shall not be used to pay any expenses or claims attributed solely to a protected cell.

906 (b) When establishing a protected cell, the sponsored captive insurance company shall
907 attribute to the protected cell assets with a value at least equal to the reserves and other
908 insurance liabilities attributable to such protected cell in cash or in readily marketable
909 securities with established market value.

910 (c) Amounts attributable to a protected cell under this chapter are owned by the protected
911 cell. No sponsored captive insurance company shall be, or hold itself out to be, a trustee
912 with respect to those protected cell assets of such protected cell account. Notwithstanding
913 this subsection, the sponsored captive insurance company may allow for a security interest
914 to attach to protected cell assets when in favor of a creditor of the protected cell and
915 otherwise allowable under applicable law.

(d) Each protected cell shall be accounted for separately on the books and records of the sponsored captive insurance company to reflect each protected cell's financial condition and results of operations, net income or loss, dividends or other distributions to participants, and such other factors regarding each protected cell as may be provided in the applicable participant contract or required by the Commissioner.

(e) The assets of a protected cell shall not be chargeable with liabilities of any other protected cell or, unless otherwise agreed in the applicable participant contract, of the sponsored captive insurance company generally.

(f) No sale, exchange, transfer of assets, dividend, or distribution, other than a transaction in accordance with the applicable participant contract, may be made with respect to a protected cell by or to a sponsored captive insurance company or participant without the Commissioner's written approval. In no event shall such approval be given if the sale, exchange, transfer, dividend, or distribution would result in the insolvency or impairment of a protected cell.

(g) The remedy of tracing is applicable to protected cell assets if they are commingled with protected cell assets of other protected cells or the general account in violation of this article and any applicable participant contracts. The remedy of tracing shall not be construed as an exclusive remedy.

(h) The sponsored captive insurance company shall attribute all insurance obligations, assets, and liabilities relating to a reinsurance contract entered into with respect to a protected cell to such protected cell as set forth in the business plan and participant contracts approved by the Commissioner, which may include a tax allocation agreement to which the sponsored captive insurance company is a party.

(i) Notwithstanding any other provision of this chapter, the assets of two or more protected cells may be combined for purposes of investment, and such combination shall not be construed as defeating the segregation of such assets for accounting or other purposes.

(j) Notwithstanding any other provisions of this title, sponsored captive insurance companies shall not be subject to any restrictions on eligible investments whatever; however, the Commissioner may prohibit or limit any investment that threatens the solvency or liquidity of any sponsored captive insurance company.

(k) If required by the Commissioner, in his or her discretion, the business written by a sponsored captive insurance company, with respect to each protected cell, shall be:

(1) Fronted by an insurance company licensed pursuant to the laws of any state;

(2) Reinsured by a reinsurer authorized or approved by the Commissioner; or

(3) Secured by a trust fund in the United States for the benefit of participants, policyholders, and claimants or funded by an irrevocable letter of credit or other arrangement that is acceptable to the Commissioner. The Commissioner, in his or her

sole discretion, shall approve the form, terms, and funding amount of any trust, and may require the sponsored captive insurance company to increase the funding of any security arrangement established under this chapter. If the form of security is a letter of credit, the letter of credit must be in conformance with Code Section 33-41-9 and approved by the Commissioner.

33-41-105.

(a) In connection with the conservation, rehabilitation, or liquidation of captive insurance companies set forth in Code Section 33-41-21, including sponsored captive insurance companies, the assets and liabilities of a protected cell shall at all times be kept separate from, and shall not be commingled with, those of other protected cells and the sponsored captive insurance company except to the extent that the assets and liabilities of any one or more protected cells are determined to have not been allocated, segregated, and separated pursuant to the business plan and participant contracts approved by the Commissioner, and which are subject to the tracing provisions set forth in this article.

(b) Notwithstanding the provisions of this title, in the event of the insolvency of a sponsored captive insurance company where the Commissioner determines that one or more protected cells remain solvent, the Commissioner may separate such cells from the sponsored captive insurance company and may allow, on application of the sponsored captive insurance company or participant, for the conversion of such protected cells into one or more new or existing other captive insurance companies.

33-41-106.

All provisions set forth in subsection (c) of Code Section 33-41-16 shall also apply to sponsored captive insurance companies in the same manner."

SECTION 2-15.

Said title is further amended by revising subsection (c) of Code Section 33-1-17, relating to the Special Insurance Fraud Fund, as follows:

"(c)(1) The Commissioner shall prepare, on an annual basis, a separate budget request to the General Assembly which sets forth the anticipated cost and expense of funding the investigation and prosecution of insurance fraud in this state for the ensuing 12 months. Beginning with the year 1997, such budget request shall set forth the annual cost and expense of the investigation and prosecution of insurance fraud in Georgia for the preceding 12 months.

(2) There is imposed upon each foreign, alien, and domestic insurance company doing business in the state an annual assessment under a formula to be established by regulation

promulgated by the Commissioner. The formula shall be calculated such that the total proceeds paid or collected from such assessments for any year shall not exceed the amounts appropriated by the General Assembly pursuant to paragraph (3) of this subsection, which appropriation shall be based upon the budget request setting forth the applicable annual cost and expense of the investigation and prosecution of insurance fraud in Georgia submitted by the Commissioner. Such assessments may be measured by kind of company, kind of insurance, income, volume of transactions, or such other factors as the Commissioner determines appropriate. Assessments shall be due and payable for each calendar quarter at the times specified in subsection (b) of Code Section 33-8-6. Any insurance company which fails to report and pay any installment of such assessment shall be subject to penalties and interest as provided by subsection (d) of Code Section 33-8-6. The Commissioner shall provide by regulation for such other terms and conditions for the payment or collection of such assessments as may be necessary to ensure the proper payment and collection thereof. Notwithstanding the foregoing, the provisions of this Code section shall not apply to an agency captive insurance company, dormant captive insurance company, industrial insured captive insurance company, sponsored captive insurance company (including a protected cell thereof), or pure captive insurance company. Foreign and alien captive insurance companies doing business in Georgia shall, however, pay a fixed amount of \$100.00 per year into the Special Insurance Fraud Fund without regard to the amount of the Georgia premium written by such foreign or alien captive. No additional amount shall be assessed against the foreign or alien captive insurance company.

(3) The General Assembly may appropriate to the Insurance Department funds for the investigation of insurance fraud and for the funding of the prosecution of insurance fraud. The Commissioner is authorized to use such funds for investigation of insurance fraud and to reimburse prosecuting attorneys for some or all of the costs of retaining assistant prosecuting attorneys to prosecute insurance fraud cases. The Commissioner shall provide by regulation for such other terms and conditions for the use of the funds for the investigation, reimbursement, and prosecution contemplated by the terms of this paragraph."

PART III

SECTION 3-1.

All laws and parts of laws in conflict with this Act are repealed.
