IN THE HOUSE OF REPRESENTATIVES

APRIL 24, 2020

Mr. Yoho (for himself, Mr. Wright, Mr. Burchett, Mr. Perry, Mr. Wilson of South Carolina, Mr. Diaz-Balart, Mrs. Wagner, and Mr. Weber of Texas) introduced the following bill; which was referred to the Committee on Ways and Means

A BILL

To require the United States Trade Representative to submit a report on plans to facilitate the full implementation of agreements of the World Trade Organization, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Enforcing Account-
- 5 ability and Transparency in International Trade Act".
- 6 SEC. 2. FINDINGS.
- 7 Congress finds the following:

- 1 (1) The World Trade Organization is a 164-2 member international organization that was created 3 to oversee and administer multilateral trade rules, 4 serve as a forum for trade liberalization negotia-5 tions, and resolve trade disputes.
 - (2) The United States was a major force behind the establishment of the World Trade Organization in 1995.
 - (3) The United States, along with other countries, has sought to establish a more open, rules-based trading system in the postwar era, with the goal of fostering international economic cooperation and raising economic prosperity worldwide.
 - (4) Congress holds constitutional authority over foreign commerce and establishes trade negotiating objectives and principles through legislation.
 - (5) The statutory basis for the membership of the United States in the World Trade Organization is the Uruguay Round Agreements Act (19 U.S.C. 3501 et seq.), and United States priorities and objectives for the General Agreement on Tariffs and Trade of the World Trade Organization have been reflected in various legislative measures providing expedited trade promotion authority since 1974.

- 1 (6) Congress has recognized the World Trade 2 Organization as the "foundation of the global trad-3 ing system" and plays a direct legislative and over-4 sight role over the implementation of World Trade 5 Organization agreements in the United States.
 - (7) Ninety-eight percent of global trade is conducted among members of the World Trade Organization.
 - (8) Approximately 65 percent of the United States trade is with countries that do not have free trade agreements with the United States, such as with China, the European Union, and India, which thus relies on the terms provided in agreements of the World Trade Organization.
 - (9) About two-thirds of the members of the World Trade Organization self-designate as "developing" countries.
 - (10) World Trade Organization agreements allow countries to lower trade barriers gradually, with developing countries and sensitive sectors in particular usually given longer transition periods to fulfill their obligations under new agreements.
 - (11) The World Trade Organization also supplements such "special and differential" treatment for developing countries by providing capacity-build-

1	ing measures, providing technical assistance for the
2	implementation of obligations under World Trade
3	Organization agreements, and permitting countries
4	to extend non-reciprocal trade preference programs
5	to such developing countries.
6	SEC. 3. REPORT ON UNITED STATES STRATEGY AT THE
7	WORLD TRADE ORGANIZATION.
8	Not later than 90 days after the date of the enact-
9	ment of this Act, the United States Trade Representative
10	shall submit to Congress a report describing the manner
11	in which the Trade Representative plans to pursue a
12	United States strategy with respect to the World Trade
13	Organization to—
14	(1) facilitate the full implementation of agree-
15	ments reached by the World Trade Organization;
16	(2) enable the maximum benefits from trade to
17	accrue to those members of the World Trade Orga-
18	nization that face the greatest difficulty integrating
19	into the WTO multilateral trading system; and
20	(3) ensure that any member of the World Trade
21	Organization that meets all of the following criteria
22	does not receive "special and differential" treatment
23	in current or future agreements of the World Trade
24	Organization

1	(A) The member is ranked by the World
2	Bank as among one of the top 10 economies in
3	the world based on nominal gross domestic
4	product.
5	(B) The member is also a member of the
6	Group of 20.
7	(C) The member is also a member of, or
8	has begun the accession process to, the Organi-
9	zation for Economic Cooperation and Develop-
10	ment.
