

116TH CONGRESS
2D SESSION

H. R. 7919

To direct the Attorney General to convene a national working group to study proactive strategies and needed resources for the rescue of children from sexual exploitation and abuse, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

JULY 31, 2020

Ms. SPANBERGER (for herself and Mr. CLINE) introduced the following bill;
which was referred to the Committee on the Judiciary

A BILL

To direct the Attorney General to convene a national working group to study proactive strategies and needed resources for the rescue of children from sexual exploitation and abuse, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “National Response to
5 Exploitation and Sexual Abuse of Children in Unad-
6 dressed Emergencies Act” or the “Child RESCUE Act”.

7 **SEC. 2. FINDINGS.**

8 Congress finds the following:

1 (1) The growing international trade in child
2 abuse imagery creates demand and incentive for the
3 sexual assault of children throughout the United
4 States.

5 (2) United States law enforcement efforts to
6 combat child sexual exploitation have the potential
7 to help multiple distinct groups of victims, including
8 children depicted in the imagery itself who are still
9 being assaulted; children and adults whose past vic-
10 timization is being viewed and shared online; and
11 children who are being sexually assaulted by adults
12 who could be interdicted while accessing or sharing
13 illegal imagery online.

14 (3) In 2006, Congressional hearings of the
15 Committee on Energy and Commerce of the House
16 of Representatives, the Department of Justice, Fed-
17 eral Bureau of Investigation, and State law enforce-
18 ment leaders estimated that there are hundreds of
19 thousands of adults in the United States engaging
20 in child sexual abuse material crimes.

21 (4) A growing body of research—including aca-
22 demic studies, analysis by the United States Sen-
23 tencing Commission, and findings by law enforce-
24 ment polygraphers—indicates that a majority of in-
25 dividuals possessing and sharing child sexual abuse

1 material are “dual offenders”, who both possess ille-
2 gal imagery and also commit contact offenses.

3 (5) According to the National Association to
4 Protect Children, identifying dual offenders through
5 proactive police investigations is one of the most ef-
6 fective strategies for child sexual abuse prevention
7 available. By using technology-assisted policing
8 strategies, law enforcement can follow the trail of il-
9 legal imagery to the locations of offenders who have
10 a sexual interest in children, enabling the rescue of
11 current victims and interrupting future assaults.

12 (6) Despite this historic opportunity to locate
13 child sexual predators and rescue children, United
14 States law enforcement is increasingly unable to con-
15 duct proactive investigations aimed at finding the
16 most dangerous predators. According to the Na-
17 tional Center for Missing and Exploited Children,
18 leads from electronic service providers and the public
19 grew exponentially over the past decade, from
20 500,000 in 2008 to 18.4 million in 2018. This influx
21 of reports has overwhelmed law enforcement agen-
22 cies and task forces, forcing them to limit proactive
23 investigations.

24 (7) While continued, rapid response to leads
25 from electronic service providers and the public is

1 essential, increasing child rescues also requires
2 United States law enforcement to increase and im-
3 prove its capacity to conduct victim-centric, proac-
4 tive investigations of suspects it believes have the
5 highest likelihood of being contact offenders.

6 **SEC. 3. ESTABLISHMENT OF WORKING GROUP.**

7 (a) IN GENERAL.—Not later than 90 days after the
8 date of enactment of this Act, the Attorney General shall
9 establish a national working group, to be known as the
10 U.S. Commission on Children in Imminent Danger, to
11 study proactive policing strategies and resource needs to
12 rescue children in the United States who are—

- 13 (1) victims of child sexual abuse material; or
14 (2) victims of sexual abuse by individuals who
15 are also engaged in child sexual abuse material
16 crimes.

17 (b) PRIORITY.—In carrying out the study described
18 in subsection (a), the U.S. Commission on Children in Im-
19 minent Danger shall give priority to investigative leads
20 that indicate the possibility of identifying or rescuing child
21 victims.

22 **SEC. 4. DUTIES OF THE WORKING GROUP.**

23 In carrying out the study described in section 3, the
24 working group shall—

1 (1) develop estimates of the total number of
2 adults in the United States who are committing
3 crimes involving the production, distribution, receipt,
4 or possession of child sexual abuse material, includ-
5 ing the number of such individuals who—

6 (A) could be interdicted by Federal, State,
7 and local law enforcement if sufficient funding
8 resources were available; and

9 (B) are committing crimes involving sexual
10 contact with children;

11 (2) develop estimates of the total number of
12 minor victims of child sexual abuse in the United
13 States, disaggregated by age range, who—

14 (A) could be located and protected from
15 further abuse through the interdiction of indi-
16 viduals committing offenses described in para-
17 graph (1); or

18 (B) are likely to become victims of contact
19 sexual offenses by adults committing offenses
20 described in paragraph (1), in the 10-year pe-
21 riod beginning on the date of enactment of this
22 Act;

23 (3) develop estimates and descriptions of the
24 funding, resources, and proactive strategies nec-
25 essary for Federal, State, and local law enforcement

1 to successfully locate and protect minor victims de-
2 scribed in paragraph (2); and

3 (4) provide additional analysis and nonduplica-
4 tive estimates of—

5 (A) the number of adults who were ar-
6 rested by Federal, State, and local agencies
7 during the 5-year period before the date of en-
8 actment of this Act, by year, for any of the of-
9 fenses described in paragraph (1);

10 (B) the number of adults who were pros-
11 ecuted federally and in the States during the 5-
12 year period before the date of enactment of this
13 Act, by year, for any of the offenses described
14 in paragraph (1);

15 (C) the estimated number of unidentified
16 victims depicted in child abuse imagery that is
17 known to the National Center for Missing and
18 Exploited Children; and

19 (D) the number and percentage of of-
20 fenses, as described in paragraph (1) of this
21 section, that are committed by adults in a posi-
22 tion of trust or authority, including analysis of
23 potential proactive strategies that could be used
24 by social service agencies and other child abuse
25 investigators to detect both child exploitation

1 and contact sexual offenses by offenders de-
2 scribed in paragraph (1).

3 **SEC. 5. MEMBERS OF THE WORKING GROUP.**
