The commission shall cause notice of the election to be published in a newspaper published within the county, or if no newspaper is published within the county, in a newspaper published in an adjoining county, for three weeks consecutively, the last insertion of which shall be at least ten days and not more than thirty days before the day of the election, and by posting printed notices thereof at three of the most public places in each township in the county. The proposition shall be put before the voters substantially in the following form:

15 is elected at the next election subsequent to the passage of such proposal is sworn into office.  
16 **The position shall then qualify for the retirement benefits available to a full-time**  
17 **prosecutor of a county of the first classification. Any county that elects to make the**  
18 **position of prosecuting attorney full-time shall pay into the Missouri prosecuting attorneys**  
19 **and circuit attorneys' retirement fund at the same contribution amount as paid by counties**  
20 **of the first classification.**

21 2. The provisions of subsection 1 of this section notwithstanding, in any county where  
22 the proposition of making the county prosecutor a full-time position was submitted to the voters  
23 at a general election in 1998 and where a majority of the voters voting on the proposition voted  
24 in favor of making the county prosecutor a full-time position, the proposition shall become  
25 effective on May 1, 1999. Any prosecuting attorney whose position becomes full time on May  
26 1, 1999, under the provisions of this subsection shall have the additional duty of providing not  
27 less than three hours of continuing education to peace officers in the county served by the  
28 prosecuting attorney in each year of the term beginning January 1, 1999.

29 3. In counties that, prior to August 28, 2001, have elected pursuant to this section to  
30 make the position of prosecuting attorney a full-time position, the county commission may at any  
31 time elect to have that position also qualify for the retirement benefit available for a full-time  
32 prosecutor of a county of the first classification. Such election shall be made by a majority vote  
33 of the county commission and once made shall be irrevocable, unless the voters of the county  
34 elect to change the position of prosecuting attorney back to a part-time position under subsection  
35 4 of this section. When such an election is made, the results shall be transmitted to the Missouri  
36 prosecuting attorneys and circuit attorneys' retirement system fund, and the election shall be  
37 effective on the first day of January following such election. Such election shall also obligate  
38 the county to pay into the Missouri prosecuting attorneys and circuit attorneys' system retirement  
39 fund the same retirement contributions for full-time prosecutors as are paid by counties of the  
40 first classification.

41 4. In any county of the third classification without a township form of government and  
42 with more than twelve thousand but fewer than fourteen thousand inhabitants and with a city of  
43 the fourth classification with more than one thousand seven hundred but fewer than one thousand  
44 nine hundred inhabitants as the county seat that has elected to make the county prosecutor a  
45 full-time position under this section after August 28, 2014, the county commission may on its  
46 own motion and shall upon the petition of ten percent of the total number of people who voted  
47 in the previous general election in the county submit to the voters at a general or special election  
48 the proposition of changing the full-time prosecutor position to a part-time position. The  
49 commission shall cause notice of the election to be published in a newspaper published within  
50 the county, or if no newspaper is published within the county, in a newspaper published in an

51 adjoining county, for three weeks consecutively, the last insertion of which shall be at least ten  
52 days and not more than thirty days before the day of the election, and by posting printed notices  
53 thereof at three of the most public places in each township in the county. The proposition shall  
54 be put before the voters substantially in the following form:

55 Shall the office of prosecuting attorney be made a part-time position in ..... County?

56 ☐ YES

☐ NO

57 If a majority of the voters vote in favor of making the county prosecutor a part-time position, it  
58 shall become effective upon the date that the prosecutor who is elected at the next election  
59 subsequent to the passage of such proposal is sworn into office.

60 5. In any county that has elected to make the full-time position of county prosecutor a  
61 part-time position under subsection 4 of this section, the county's retirement contribution to the  
62 retirement system and the retirement benefit earned by the member shall prospectively be that  
63 of a part-time prosecutor as established in this chapter. Any retirement contribution made and  
64 retirement benefit earned prior to the effective date of the voter-approved proposition under  
65 subsection 4 of this section shall be maintained by the retirement system and used to calculate  
66 the retirement benefit for such prior full-time position service. Under no circumstances shall a  
67 member in a part-time prosecutor position earn full-time position retirement benefit service

69 retirement the person's retirement allowance shall be the sum of:

70 (1) The retirement allowance the person was receiving at the time the person's retirement  
71 allowance was suspended, pursuant to the payment option elected as of the first retirement date,  
72 plus the amount of any increase in such retirement allowance the person would have received  
73 pursuant to subsection 3 of this section had payments not been suspended during the person's  
74 reemployment; and

75 (2) An additional retirement allowance computed using the benefit formula in effect on  
76 the person's second retirement date, the person's creditable service following reemployment, and  
77 the person's average final annual compensation as of the second retirement date. The sum  
78 calculated pursuant to this subsection shall not exceed the greater of sixty percent of the person's  
79 average final compensation as of the second retirement date or the amount determined pursuant  
80 to subdivision (1) of this subsection. Compensation earned prior to the person's first retirement  
81 date shall be considered in determining the person's average final compensation as of the second  
82 retirement date if such compensation would otherwise be included in determining the person's  
83 average final compensation.

84           3. The board of trustees shall determine annually whether the investment return on funds  
85 of the system can provide for an increase in benefits for retirants eligible for such increase. A  
86 retirant shall and will be eligible for an increase awarded pursuant to this section as of the second  
87 January following the date the retirant commenced receiving retirement benefits. Any such  
88 increase shall also apply to any monthly joint and survivor retirement allowance payable to such  
89 retirant's beneficiaries, regardless of age. The board shall make such determination as follows:

90           (1) After determination by the actuary of the investment return for the preceding year as  
91 of December thirty-first (the "valuation year"), the actuary shall recommend to the board of  
92 trustees what portion of the investment return is available to provide such benefits increase, if  
93 any, and shall recommend the amount of such benefits increase, if any, to be implemented as of  
94 the first day of the thirteenth month following the end of the valuation year, and first payable on  
95 or about the first day of the fourteenth month following the end of the valuation year. The  
96 actuary shall make such recommendations so as not to affect the financial soundness of the  
97 retirement system, recognizing the following safeguards:

98           (a) The retirement system's funded ratio as of January first of the year preceding the year  
99 of a proposed increase shall be at least one hundred percent after adjusting for the effect of the  
100 proposed increase. The funded ratio is the ratio of assets to the pension benefit obligation;

101           (b) The actuarially required contribution rate, after adjusting for the effect of the  
102 proposed increase, may not exceed the then applicable employer and member contribution rate  
103 as determined under subsection 4 of section 169.350;

104           (c) The actuary shall certify to the board of trustees that the proposed increase will not  
105 impair the actuarial soundness of the retirement system;

106           (d) A benefit increase, under this section, once awarded, cannot be reduced in succeeding  
107 years;

108           (2) The board of trustees shall review the actuary's recommendation and report and shall,  
109 in their discretion, determine if any increase is prudent and, if so, shall determine the amount of  
110 increase to be awarded.

111           4. This section does not guarantee an annual increase to any retirant.

112           5. If an inactive member becomes an active member after June 30, 2001, and after a  
113 break in service, unless the person earns at least four additional years of creditable service  
114 without another break in service, upon retirement the person's retirement allowance shall be  
115 calculated separately for each separate period of service ending in a break in service. The  
116 retirement allowance shall be the sum of the separate retirement allowances computed for each  
117 such period of service using the benefit formula in effect, the person's average final  
118 compensation as of the last day of such period of service and the creditable service the person  
119 earned during such period of service; provided, however, if the person earns at least four

120 additional years of creditable service without another break in service, all of the person's  
121 creditable service prior to and including such service shall be aggregated and, upon retirement,  
122 the retirement allowance shall be computed using the benefit formula in effect and the person's  
123 average final compensation as of the last day of such period of four or more years and all of the  
124 creditable service the person earned prior to and during such period.

125 6. Notwithstanding anything contained in this section to the contrary, the amount of the  
126 annual service retirement allowance payable to any retirant pursuant to the provisions of sections  
127 169.270 to 169.400, including any adjustments made pursuant to subsection 3 of this section,  
128 shall at all times comply with the provisions and limitations of Section 415 of the Internal  
129 Revenue Code of 1986, as amended, and the regulations thereunder, the terms of which are  
130 specifically incorporated herein by reference.

131 7. All retirement systems established by the laws of the state of Missouri shall develop  
132 a procurement action plan for utilization of minority and women money managers, brokers and  
133 investment counselors. Such retirement systems shall report their progress annually to the joint  
134 committee on public employee retirement and the governor's minority advocacy commission.

169.460. 1. Any member may retire and receive a normal pension upon his **or her**  
2 written application to the board of trustees setting forth at what time not less than fifteen days  
3 nor more than one hundred eighty days subsequent to the execution and filing of such application  
4 he **or she** desires to be retired; provided, that the member at the time so specified for his **or her**  
5 retirement either (a) shall have attained age sixty-five or (b) shall have attained an age which  
6 when added to the number of years of credited service of such member shall total a sum not less  
7 than ~~[eighty-five]~~ **eighty**. For purposes of computing any member's age under this section, the  
8 board shall, if necessary, add to his **or her** actual age any accumulated and unused days of sick  
9 leave included in his **or her** credited service.

10 2. Upon retirement ~~[pursuant to]~~ **under** subsection 1 of this section, a member shall  
11 receive an annual pension payable in monthly installments **in the following manner:**

12 **(1) A member hired prior to January 1, 2018, shall receive an annual pension**  
13 **payable in monthly installments** equal to his **or her** number of years of credited service  
14 multiplied by two percent of his **or her** average final compensation subject to a maximum  
15 pension of sixty percent of his **or her** average final compensation~~[-]~~ ; **or**

16 **(2) A member hired for the first time on or after January 1, 2018, shall receive an**  
17 **annual pension payable in monthly installments** equal to his **or her** number of years of  
18 **credited service multiplied by one and three-fourths percent of such member's average**  
19 **final compensation subject to a maximum pension of sixty percent of the member's average**  
20 **final compensation.**

21           3. A member who is not eligible for normal pension pursuant to subsection 1 of this  
22 section but who has attained age sixty and has five or more years of credited service may make  
23 application in the same manner as pursuant to subsection 1 of this section for an early pension.  
24 His **or her** early pension shall be computed pursuant to subsection 2 of this section, but shall be  
25 reduced by five-ninths of one percent for each month such member's early retirement date  
26 precedes the earliest date he **or she** could have received a normal pension pursuant to subsection  
27 1 of this section had his **or her** service continued.

28           4. Upon the written application of the member or of the employing board, any active  
29 member who has five or more years of credited service with such board and does not qualify for  
30 a normal pension pursuant to subsection 1 of this section may be retired by the board of trustees,  
31 not less than fifteen days and not more than one hundred eighty days next following the date of  
32 filing such application, and receive a disability pension, provided, that the medical board after  
33 a medical examination of such member or such member's medical records shall certify that such  
34 member is unable to further perform his **or her** duties due to mental or physical incapacity, and  
35 that such incapacity is likely to be permanent and that such member should be retired; or,  
36 provided the member furnishes evidence of the receipt of disability benefits under the federal Old  
37 Age, Survivors and Disability Insurance System of the Social Security Act. The determination  
38 of the board of trustees in the matter shall be final and conclusive. A member being retired  
39 pursuant to this subsection who has accumulated unused vacation and sick leave may elect to  
40 have the commencement of his **or her** disability pension deferred for more than one hundred  
41 eighty days during the period he **or she** is entitled to vacation and sick pay.

42           5. Upon retirement for disability, a member shall receive a disability pension until such  
43 time as he **or she** meets the requirements for a normal pension pursuant to subsection 1 of this  
44 section, at which time his **or her** disability pension will be deemed to be a normal pension. The  
45 member's disability pension shall be the larger of:

46           (1) A normal pension based on his **or her** credited service to the date of his **or her**  
47 retirement for disability and calculated as if he **or she** were age sixty-five; or

48           (2) One-fourth of his **or her** average final compensation; except that such benefit shall  
49 not exceed the normal pension which he **or she** would have received upon retirement if his **or**  
50 **her** service had continued and he **or she** had satisfied the eligibility requirements of subsection  
51 1 of this section and had his **or her** final average compensation been unchanged.

52           6. Once each year during the first five years following retirement for disability and once  
53 in every three-year period thereafter while receiving a disability pension, the board of trustees  
54 may, and shall, require any member receiving a disability pension who has not yet become  
55 eligible for a normal pension pursuant to subsection 1 of this section to undergo a medical  
56 examination at a place designated by the medical board or by a physician or physicians

57 designated by such board. If any such member receiving a disability pension refuses to submit  
58 to such medical examination, his **or her** benefit may be discontinued until his **or her** withdrawal  
59 of such refusal, and if his **or her** refusal continues for one year, all rights in and to his **or her**  
60 pension may be revoked by the board of trustees.

61 7. If the board of trustees finds that any member receiving a disability pension is engaged  
62 in or is able to engage in a gainful occupation paying more than the difference between his **or**  
63 **her** disability pension plus benefits, if any, to which he **or she** and his **or her** family are eligible  
64 under the federal Old Age, Survivors and Disability Insurance System of the Social Security Act  
65 and the current rate of monthly compensation for the position he **or she** held at retirement, then  
66 the amount of his **or her** disability pension shall be reduced to an amount which together with  
67 the amount earnable by him **or her** shall equal such current rate of monthly compensation. The  
68 decisions of the board of trustees in regard to such modification of disability benefits shall be  
69 final and conclusive.

70 8. If any member receiving a disability pension is restored to service as an employee, he  
71 **or she** shall again become an active member of the retirement system and contribute thereunder.  
72 His **or her** credited service at the time of his **or her** retirement for disability shall be restored and  
73 the excess of his **or her** accumulated contributions at his **or her** retirement for disability over  
74 the total disability pension payments which he **or she** received shall be credited to his **or her**  
75 account.

76 9. If a member with fewer than five years credited service ceases to be an employee,  
77 except by death, he **or she** shall be paid the amount of his **or her** accumulated contributions in  
78 accordance with applicable provisions of the Internal Revenue Code.

79 10. If a member with five years or more credited service ceases to be an employee,  
80 except by death or retirement, he **or she** shall be paid on demand the amount of his **or her**  
81 accumulated contributions, or he **or she** may leave his **or her** accumulated contributions with  
82 the retirement system and be an inactive member and claim a retirement benefit at any time after  
83 he **or she** reaches the minimum age for retirement, except that if such a member's accumulated  
84 contributions do not exceed the involuntary distribution limits under provisions of the Internal  
85 Revenue Code, the member must elect to become an inactive member within thirty days of  
86 employment separation to avoid application of the involuntary distribution provisions of the  
87 Internal Revenue Code. When an inactive member presents his **or her** valid claim to the board  
88 of trustees, he **or she** shall be granted a benefit at such time and for such amount as is available  
89 pursuant to subsection 2 or 3 of this section in accordance with the provisions of law in effect  
90 at the time his **or her** active membership ceased. The accumulated contributions of an inactive  
91 member may be withdrawn at any time upon ninety days' notice or such shorter notice as is  
92 approved by the board of trustees. If an inactive member dies before retirement, his **or her**

93 accumulated contributions shall be paid to his **or her** designated beneficiary, if living, otherwise  
94 to the estate of the member. A member's accumulated contributions shall not be paid to him **or**  
95 **her** so long as he **or she** remains in service as an employee.

96 11. Any member upon retirement shall receive his **or her** pension payable throughout  
97 life subject to the provision that if his **or her** death occurs before he **or she** has received total  
98 benefits at least as large as his **or her** accumulated contributions at retirement, the difference  
99 shall be paid in one sum to his **or her** designated beneficiary, if living, otherwise to the estate  
100 of the retired member.

101 12. Prior to the date of retirement pursuant to subsection 2, 3, or 4 of this section, a  
102 member may elect to receive the actuarial equivalent of his **or her** pension in a lesser amount,  
103 payable throughout life under one of the following options with the provision that:

104 Option 1. Upon his **or her** death, his **or her** pension shall be continued throughout the  
105 life of and paid to his **or her** beneficiary, or

106 Option 2. Upon his **or her** death, one-half of his **or her** pension shall be continued  
107 throughout the life of and paid to his **or her** beneficiary, or

108 Option 3. Upon his **or her** death, his **or her** pension shall be continued throughout the  
109 life of and paid to his **or her** beneficiary, provided that in the event his **or her** designated  
110 beneficiary predeceases him **or her**, then his **or her** pension shall be adjusted effective the first  
111 day of the month following the month in which his **or her** designated beneficiary died to the  
112 amount determined pursuant to subsection 2 or 3 of this section at the time of his **or her**  
113 retirement, or

114 Option 4. Upon his **or her** death, one-half of his **or her** pension shall be continued  
115 throughout the life of and paid to his **or her** beneficiary, provided that in the event his **or her**  
116 designated beneficiary predeceases him **or her**, then his **or her** pension shall be adjusted  
117 effective the first day of the month following the month in which his **or her** designated  
118 beneficiary died to the amount determined pursuant to subsection 2 or 3 of this section at the  
119 time of his **or her** retirement.

120 Option 5. Prior to age sixty-two the member will receive an increased pension, where  
121 the total pension prior to age sixty-two is approximately equal to the pension after age sixty-two  
122 plus the member's estimated federal Social Security benefit, provided that the reduced pension  
123 after age sixty-two is not less than one-half the pension the member could have received had no  
124 option been elected. A member may elect a combination of Option 1 and Option 5, or Option 2  
125 and Option 5. The survivor benefits payable to a beneficiary, other than the spouse of the retired  
126 member, under any of the foregoing options shall in no event exceed fifty percent of the actuarial  
127 equivalent of the pension determined pursuant to subsection 2 or 3 of this section at the time of  
128 retirement.

129           13. If an option has been elected pursuant to subsection 12 of this section, and both the  
130 retired member and beneficiary die before receiving total benefits as large as the member's  
131 accumulated contributions at retirement, the difference shall be paid to the designated beneficiary  
132 of the person last entitled to benefits, if living, otherwise to the estate of the person last entitled  
133 to benefits.

134           14. If an active member dies while an employee and with five or more years of credited  
135 service and a dependent of the member is designated as beneficiary to receive his **or her**  
136 accumulated contributions, such beneficiary may, in lieu thereof, request that benefits be paid  
137 under option 1, subsection 12 of this section, as if the member had attained age sixty, if the  
138 member was less than sixty years of age at the time of his **or her** death, and had retired under  
139 such option as of the date of death, provided that under the same circumstances a member may  
140 provide by written designation that benefits must be paid pursuant to option 1 to such  
141 beneficiary. In addition to benefits received under option 1, subsection 12 of this section, a  
142 surviving spouse receiving benefits under this subsection shall receive sixty dollars per month  
143 for each unmarried dependent child of the deceased member who is under twenty-two years of  
144 age and is in the care of the surviving spouse; provided, that if there are more than three such  
145 unmarried dependent children one hundred eighty dollars shall be divided equally among them.  
146 A "dependent beneficiary" for the purpose of this subsection only shall mean either the surviving  
147 spouse or a person who at the time of the death of the member was receiving at least one-half of  
148 his **or her** support from the member, and the determination of the board of trustees as to whether  
149 a person is a dependent shall be final.

150           15. In lieu of accepting the payment of the accumulated contributions of a member who  
151 dies after having at least eighteen months of credited service and while an employee, an eligible  
152 beneficiary or, if no surviving eligible beneficiary, the unmarried dependent children of the  
153 member under twenty-two years of age may elect to receive the benefits pursuant to subdivision  
154 (1), (2), (3), or (4) of this subsection. An "eligible beneficiary" is the surviving spouse,  
155 unmarried dependent children under twenty-two years of age or dependent parents of the  
156 member, if designated as beneficiary. A "dependent" is one receiving at least one-half of his **or**  
157 **her** support from the member at his **or her** death.

158           (1) A surviving spouse who is sixty-two years of age at the death of the member or upon  
159 becoming such age thereafter, and who was married to the member at least one year, may receive  
160 sixty dollars per month for life. A spouse may receive this benefit after receiving benefits  
161 pursuant to subdivision (2) of this subsection;

162           (2) A surviving spouse who has in his or her care an unmarried dependent child of the  
163 deceased member under twenty-two years of age may receive sixty dollars per month plus sixty

164 dollars per month for each child under twenty-two years of age but not more than a total of two  
165 hundred forty dollars per month;

166 (3) If no benefits are payable pursuant to subdivision (2) of this subsection, unmarried  
167 dependent children under the age of twenty-two may receive sixty dollars each per month;  
168 provided that if there are more than three such children one hundred eighty dollars per month  
169 shall be divided equally among them;

170 (4) A dependent parent upon attaining sixty-two years of age may receive sixty dollars  
171 per month as long as not remarried provided no benefits are payable at any time pursuant to  
172 subdivision (1), (2), or (3) of this subsection. If there are two dependent parents entitled to  
173 benefits, sixty dollars per month shall be divided equally between them;

174 (5) If the benefits pursuant to this subsection are elected and the total amount paid is less  
175 than an amount equal to the accumulated contributions of a member at his **or her** death, the  
176 difference shall be payable to the beneficiary or the estate of the beneficiary last entitled to  
177 benefits.

178 16. If a member receiving a normal pension again becomes an active member, his **or her**  
179 pension benefit payments shall cease during such membership and shall be resumed upon  
180 subsequent retirement together with such pension benefit as shall accrue by reason of his **or her**  
181 latest period of membership. Except as otherwise provided in section 105.269, a retired member  
182 may not receive a pension benefit for any month for which he **or she** receives compensation from  
183 an employing board, except he **or she** may serve as a part-time or temporary employee for not  
184 to exceed sixty days in any calendar year without becoming a member and without having his  
185 **or her** pension benefit discontinued. A retired member may also serve as a member of the board  
186 of trustees and receive any reimbursement for expenses allowed him **or her** because of such  
187 service without becoming an active member and without having his **or her** pension benefit  
188 discontinued or reduced.

189 17. Upon approval of the board of trustees, any member may make contributions in  
190 addition to those required. Any additional contributions shall be accumulated at interest and paid  
191 in addition to the benefits provided hereunder. The board of trustees shall make such rules and  
192 regulations as it deems appropriate in connection with additional contributions including  
193 limitations on amounts of contributions and methods of payment of benefits.

194 18. Notwithstanding any other provisions of this section, any member retiring on or after  
195 age sixty-five who has five or more years of credited service shall be entitled to an annual  
196 pension of the lesser of (a) an amount equal to his **or her** number of years of credited service  
197 multiplied by one hundred twenty dollars, or (b) one thousand eight hundred dollars. Upon the  
198 death of such member, any benefits payable to the beneficiary of such member shall be computed  
199 as otherwise provided.

169.490. 1. All the assets of the retirement system shall be held as one fund.

2       ~~1.~~ 2. (1) **For any member hired before January 1, 2018**, the employing board shall  
3 cause to be deducted from the compensation of each member at every payroll period five percent  
4 of his **or her** compensation~~[, and]~~ .

5       (2) **Beginning January 1, 2018, the percentage in subdivision (1) of this subsection**  
6 **shall increase one-half of one percent annually until such time as the percentage equals**  
7 **nine percent.**

8       (3) **For any member hired for the first time on or after January 1, 2018, the**  
9 **employing board shall cause to be deducted from the compensation of each member at**  
10 **every payroll period nine percent of such member's compensation.**

11       (4) The amounts so deducted shall be transferred to the board of trustees and credited  
12 to the individual account of each member from whose compensation the deduction was made.  
13 In determining the amount earnable by a member in any payroll period, the board of trustees may  
14 consider the rate of earnable compensation payable to such member on the first day of the payroll  
15 period as continuing throughout such payroll period; it may omit deduction from compensation  
16 for any period less than a full payroll period if the employee was not a member on the first day  
17 of the payroll period; and to facilitate the making of the deductions, it may modify the deduction  
18 required of any member by such amount as shall not exceed one-tenth of one percent of the  
19 compensation upon the basis of which such deduction was made.

20       ~~(2)~~ (5) The deductions provided for herein are declared to be a part of the salary of the  
21 member and the making of such deductions shall constitute payments by the member out of his  
22 **or her** salary or earnings and such deductions shall be made notwithstanding that the minimum  
23 compensation provided by law for any member shall be reduced thereby. Every member shall  
24 be deemed to consent to the deductions made and provided for herein, and shall receipt for his  
25 **or her** full salary or compensation, and the making of said deductions and the payment of salary  
26 or compensation less said deduction shall be a full and complete discharge and acquittance of  
27 all claims and demands whatsoever for services rendered during the period covered by the  
28 payment except as to benefits provided by sections 169.410 to 169.540.

29       ~~(3)~~ (6) The employing board may elect to pay member contributions required by this  
30 section as an employer pick up of employee contributions under Section 414(h)(2) of the Internal  
31 Revenue Code of 1986, as amended, and such contributions picked up by the employing board  
32 shall be treated as contributions made by members for all purposes of sections 169.410 to  
33 169.540.

34       ~~2.~~ 3. If a retired member receiving a pension pursuant to sections 169.410 to 169.540  
35 is restored to active service and again becomes an active member of the retirement system, there  
36 shall be credited to his **or her** individual account an amount equal to the excess, if any, of his

37 **or her** accumulated contributions at retirement over the total pension benefits paid to him **or**  
38 **her**.

39 ~~[3-]~~ **4.** Annually, the actuary for the retirement system shall calculate each employer's  
40 contribution as an amount equal to a certain percentage of the total compensation of all members  
41 employed by that employer. The percentage shall be fixed on the basis of the liabilities of the  
42 retirement system as shown by the annual actuarial valuation. The annual actuarial valuation  
43 shall be made on the basis of such actuarial assumptions and the actuarial cost method adopted  
44 by the board of trustees, provided that the actuarial cost method adopted shall be in accordance  
45 with generally accepted actuarial standards and that the unfunded actuarial accrued liability, if  
46 any, shall be amortized by level annual payments over a period not to exceed thirty years. **The**  
47 **provisions of this subsection shall expire on December 31, 2017. Thereafter subsection 5**  
48 **of this section shall apply.**

49 **5.** For calendar year 2018, the rate of contribution payable by each employer shall  
50 equal sixteen percent of the total compensation of all members employed by that employer.  
51 For each calendar year thereafter, the percentage rate of contribution payable by each  
52 employer of the total compensation of all members employed by that employer shall  
53 decrease one-half of one percent annually until calendar year 2032 when the rate of  
54 contribution payable by each employer shall equal nine percent of the total compensation  
55 of all members employed by that employer. For subsequent calendar years after 2032, the  
56 rate of contribution payable by each employer shall equal nine percent of the total  
57 compensation of all members employed by that employer.

58 ~~[4-]~~ **6.** The expense and contingency reserve shall be a reserve for investment  
59 contingencies and estimated expenses of administration of the retirement system as determined  
60 annually by the board of trustees.

61 ~~[5-]~~ **7.** Gifts, devises, bequests and legacies may be accepted by the board of trustees  
62 to be held and invested as a part of the assets of the retirement system and shall not be separately  
63 accounted for except where specific direction for the use of a gift is made by a donor.

169.560. Any person retired and currently receiving a retirement allowance pursuant to  
2 sections 169.010 to 169.141, other than for disability, may be employed in any capacity in a  
3 district included in the retirement system created by those sections on either a part-time or  
4 temporary-substitute basis not to exceed a total of five hundred fifty hours in any one school  
5 year, and through such employment may earn up to fifty percent of the annual compensation  
6 payable under the ~~[employing]~~ district's salary schedule for the position or positions filled by the  
7 retiree, given such person's level of experience and education, without a discontinuance of the  
8 person's retirement allowance. If the ~~[employing]~~ school district does not utilize a salary  
9 schedule, or if the position in question is not subject to the ~~[employing]~~ district's salary schedule,

10 a retiree employed in accordance with the provisions of this section may earn up to fifty percent  
11 of the annual compensation paid to the person or persons who last held such position or  
12 positions. If the position or positions did not previously exist, the compensation limit shall be  
13 determined in accordance with rules duly adopted by the board of trustees of the retirement  
14 system; provided that, it shall not exceed fifty percent of the annual compensation payable for  
15 the position in the ~~[employing]~~ school district that is most comparable to the position filled by  
16 the retiree. In any case where a retiree fills more than one position during the school year, the  
17 fifty-percent limit on permitted earning shall be based solely on the annual compensation of the  
18 highest paid position occupied by the retiree for at least one-fifth of the total hours worked  
19 during the year. Such a person shall not contribute to the retirement system or to the public  
20 education employee retirement system established by sections 169.600 to 169.715 because of

29 **as an independent contractor, if such person is performing work in a district included in**  
30 **the retirement system as a temporary or long-term substitute teacher or in any other**  
31 **position that would normally require that person to be duly certificated under the laws**  
32 **governing the certification of teachers in Missouri if such person was employed by the**  
33 **district. The retirement system may require the district, the third-party employer, the**  
34 **independent contractor, and the retiree subject to this section to provide documentation**  
35 **showing compliance with this section. If such documentation is not provided, the**  
36 **retirement system may deem the retiree to have exceeded the limitations provided in this**  
37 **section.**
