RESOLUTION

Recognizing the importance of the Young Southeast Asian Leaders Initiative to the relationship between the United States and the member states of the Association of Southeast Asian Nations and to advancing the policy of the United States in the Indo-Pacific region.

Whereas the Young Southeast Asian Leaders Initiative (YSEALI) was created in 2013 to build a cadre of emerging leaders in member states of the Association of Southeast Asian Nations (ASEAN) with the goal of fos-

tering regional cooperation and partnership with the United States;

Whereas YSEALI is composed of influential young leaders between 18 and 35 years of age from ASEAN countries (Brunei, Burma, Cambodia, Laos, Indonesia, Malaysia, the Philippines, Singapore, Thailand, and Vietnam) and Timor-Leste who are making a difference in their communities, countries, and the region;

Whereas 65 percent of the population of the ASEAN region is under 35 years of age, and these 400,000,000 youth will determine the future of the region for decades to come;

Whereas YSEALI aims to further strengthen the enduring partnership between the United States and ASEAN;

Whereas YSEALI bolsters the ASEAN Socio-Cultural Community pillar that seeks to build a people-centered, people-oriented ASEAN community, as reiterated at the 52nd ASEAN Foreign Ministers' Meeting in Bangkok in July 2019;

Whereas YSEALI encourages its leaders to partner with each other and the United States Government to address common challenges, including economic growth, sustainable development, education, and civic engagement;

Whereas YSEALI academic and professional exchange programs in the United States allow visiting leaders to experience the culture and values of the United States firsthand, while establishing personal and professional ties to experts, institutions, organizations, companies, and local governments in the United States;

Whereas participants in YSEALI exchanges, upon returning to their countries, help promote a positive understanding of the United States;

Whereas YSEALI allows United States experts to visit ASEAN countries to share their expertise and work with YSEALI alumni on projects that advance common goals;

Whereas YSEALI programs in the Indo-Pacific region build the capacity of civil society in the fields of human rights, good governance, anti-corruption and transparency, social entrepreneurship, and media literacy, which are key to the Indo-Pacific efforts of the United States Government;

Whereas YSEALI programming increases the visibility of the United States in the Indo-Pacific region;

Whereas, in seven years, YSEALI has grown into a thriving community of more than 5,000 alumni and more than 140,000 virtual network participants;

Whereas YSEALI alumni are already distinguishing themselves as influential government officials, entrepreneurs, human rights activists, journalists, social entrepreneurs, and educators;

Whereas outstanding YSEALI alumni include two former Malaysian cabinet ministers and a Pulitzer Prize-winning Burmese journalist imprisoned for investigating human rights violations against the Rohingya;

Whereas YSEALI alumni are valuable partners to embassies and agencies of the United States overseas;

Whereas the Asia Reassurance Initiative Act of 2018 (Public Law 115–409; 132 Stat. 5387) (referred to in this preamble as “ARIA”) emphasized the importance of ASEAN to the United States and supported the elevation

of the relationship between the United States and ASEAN to a strategic partnership; and

Whereas ARIA authorized \$25,000,000 to be appropriated for each of fiscal years 2019 through 2023 to support Indo-Pacific young leaders initiatives, including YSEALI, the ASEAN Youth Volunteers Program, and other people-to-people exchange programs that focus on building the capacity of democracy, human rights, and good governance activists in the Indo-Pacific region: Now, therefore, be it
