IN THE SENATE OF THE UNITED STATES

JANUARY 24, 2019

RESOLUTION

Calling for a prompt multinational freedom of navigation operation in the Black Sea and urging the cancellation of the Nord Stream 2 pipeline.

Whereas, in late February 2014, the Russian Federation invaded and illegally occupied Ukraine's Crimean peninsula, in full contravention of the United Nations Charter

and the Helsinki Final Act, which condemn the threat or use of force as means of altering international borders;

Whereas the Russian Federation's attempted illegal annexation of Crimea is also a direct violation of its pledges as a signatory to the 1994 Budapest Memorandum on Security Assurances to respect Ukraine's sovereignty and existing borders and to refrain from the threat or use of force against Ukraine;

Whereas the inclusion of the United States and the United Kingdom as signatories to the Budapest Memorandum was essential in order to provide Ukraine the security assurances needed to give up its nuclear arsenal;

Whereas, on November 25, 2018, military forces of the Russian Federation attacked and seized three Ukrainian Navy vessels and their crews as they attempted to transit the Kerch Strait between the Black Sea and the Sea of Azov;

Whereas the Government of the Russian Federation still has not released the Ukrainian crew members or returned the Ukrainian ships that were seized illegally;

Whereas European Commissioner Julian King stated that the Government of the Russian Federation launched a disinformation campaign over a year ago designed to paint Ukraine and NATO as provocateurs in the Kerch Strait;

Whereas, as part of the Russian Federation disinformation campaign, Russian state media outlets spread demonstrable falsehoods, including claims that Ukraine was dredging the Kerch Strait seabed to facilitate the stationing of a NATO fleet, that Ukraine had intentionally infected the sea with cholera, and that Ukrainian and

British clandestine services were conspiring to destroy the Kerch Strait bridge with a nuclear weapon;

Whereas the United States has important national interests in the Black Sea region, including the security of three NATO littoral states, the promotion of European energy market diversification by ensuring unfettered European access to energy exporters in the Caucasus and central Asia, and combating use of the region by smugglers as a conduit for trafficking in persons, narcotics, and arms;

Whereas the Nord Stream 2 pipeline is a proposed underwater natural gas pipeline project that would provide an additional 55,000,000,000 cubic meters of pipeline capacity from the Russian Federation to the Federal Republic of Germany through the Baltic Sea;

Whereas the Russian Federation's state-owned oil and gas company, Gazprom, is the sole shareholder of the Nord Stream 2 project;

Whereas, in 2017, there was spare capacity of approximately 55,000,000,000 cubic meters in the Ukrainian gas transit system;

Whereas Gazprom cut off natural gas exports to Europe via Ukraine in 2006, and again in 2009, over supply and pricing disputes with Ukraine's state-owned oil and gas company, Naftogaz;

Whereas transit of Russian natural gas to Europe via Ukraine declined precipitously after the completion of Nord Stream 1 in 2011, falling from 80 percent to between 40 and 50 percent of Russia's total exports to Europe;

Whereas, in 2017, Russian gas accounted for 37 percent of Europe’s natural gas imports, an increase of 5 percent over 2016;

Whereas, on December 12, 2018, the European Parliament overwhelmingly passed a resolution condemning both the Russian Federation’s aggression in the Kerch Strait and the construction of the Nord Stream 2 pipeline; and

Whereas, on December 11, 2018, the United States House of Representatives passed a resolution calling upon the European Union to reject the Nord Stream 2 pipeline and urging the President to use all available means to promote energy policies in Europe that reduce European reliance on Russian energy exports: Now, therefore, be it

1 *Resolved*, That the Senate—

8 of Azov and to push back against excessive Russian
9 Federation claims of sovereignty;

11 nization to enhance allied maritime presence and ca-
12 pabilities, including maritime domain awareness and
13 coastal defense in the Black Sea in order to support
14 Freedom of Navigation Operations and allied inter-
15 ests;

1 (3) urges the President to use the authority
2 provided under section 1234 of the National Defense
3 Authorization Act for Fiscal Year 2018 (Public Law
4 115–91; 131 Stat. 1659) to enhance the capability

11 Russian aggression;

13 statute to impose mandatory sanctions on the Rus-
14 sian Federation under the Countering America’s Ad-
15 versaries Through Sanctions Act (Public Law 115–
16 44);

17 (6) stresses that sanctions against the Russian
18 Federation are a direct result of the actions of the
19 Government of the Russian Federation and will con-
20 tinue and increase until there is an appropriate
21 change in Russian behavior;

22 (7) calls upon United States allies and partners
23 in Europe to deny Russian Navy vessels access to
24 their ports to resupply and refuel;

1 (8) notes the resolution passed by the House of
2 Representatives on December 11, 2018, calling on
3 European governments to cancel the Nord Stream 2
4 pipeline and urging the President to support Euro-
5 pean energy security through a policy of reducing re-
6 liance on the Russian Federation;

7 (9) applauds and concurs with the European
8 Parliament's December 12, 2018, resolution con-
9 demning Russian aggression in the Kerch Strait and
10 the Nord Stream 2 pipeline, calling for the pipeline's
11 cancellation due to its threat to European energy se-
12 curity, and calling on the Russian Federation to
13 guarantee freedom of navigation in the Kerch Strait;
14 and

15 (10) urges the President to continue working
16 with Congress and our allies to ensure the appro-
17 priate policies to deter the Russian Federation from
18 further aggression.
