## 116TH CONGRESS 1ST SESSION H.R. 2044

AUTHENTICATED U.S. GOVERNMENT INFORMATION

To accelerate smart building development, and for other purposes.

#### IN THE HOUSE OF REPRESENTATIVES

April 3, 2019

Mr. WELCH (for himself and Mr. KINZINGER) introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committees on Transportation and Infrastructure, and Science, Space, and Technology, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

# A BILL

To accelerate smart building development, and for other purposes.

1 Be it enacted by the Senate and House of Representa-

2 tives of the United States of America in Congress assembled,

#### **3** SECTION 1. SHORT TITLE.

4 This Act may be cited as the "Smart Building Accel-

5 eration Act".

8

#### 6 SEC. 2. FINDINGS.

7 Congress finds that—

- (1) the building sector uses more than 40 per-
- 9 cent of the energy of the United States;

1	(2) emerging building energy monitoring and
2	control technologies are enabling a transition of the
3	building sector to "smart" buildings that have dra-
4	matically reduced energy use and improved quality
5	of service to occupants;
6	(3) an analysis of select private-sector smart
7	buildings by the Department of Energy would docu-
8	ment the costs and benefits of the emerging tech-
9	nologies, promote the adoption of the technologies,
10	and accelerate the transition to the technologies;
11	(4) with over 400,000 buildings, the Federal
12	Government is the largest building owner in the
13	United States; and
14	(5) the Federal Government can also accelerate
15	the transition to smart building technologies by dem-
16	onstrating and evaluating emerging smart building
17	technologies using existing programs and funding to
18	showcase selected Federal smart buildings.
19	SEC. 3. DEFINITIONS.
20	In this Act:
21	(1) DEPARTMENT.—The term "Department"
22	means the Department of Energy.
23	(2) PROGRAM.—The term "program" means
24	the Federal Smart Building Program established
25	under section 4(a).

1	(3) Secretary.—The term "Secretary" means
2	the Secretary of Energy.
3	(4) SMART BUILDING.—The term "smart build-
4	ing" means a building, or collection of buildings,
5	with an energy system that—
6	(A) is flexible and automated;
7	(B) has extensive operational monitoring
8	and communication connectivity, allowing re-
9	mote monitoring and analysis of all building
10	functions;
11	(C) takes a systems-based approach in in-
12	tegrating the overall building operations for
13	control of energy generation, consumption, and
14	storage;
15	(D) communicates with utilities and other
16	third-party commercial entities, if appropriate;
17	(E) protects the health and safety of occu-
18	pants and workers; and
19	(F) is cybersecure.
20	(5) Smart building accelerator.—The
21	term "smart building accelerator" means an initia-
22	tive that is designed to demonstrate specific innova-
23	tive policies and approaches—
24	(A) with clear goals and a clear timeline;
25	and

(B) that, on successful demonstration,
 would accelerate investment in energy effi ciency.

4 (6) INTERNET OF THINGS TECHNOLOGY SOLU-5 TION.—The term "internet of things technology so-6 lution" means a solution that improves energy effi-7 ciency and predictive maintenance through cutting 8 edge technologies that utilize internet connected 9 technologies including sensors, intelligent gateways, 10 and security embedded hardware.

### 11 SEC. 4. FEDERAL SMART BUILDING PROGRAM.

(a) ESTABLISHMENT.—Not later than 1 year after
the date of enactment of this Act, the Secretary shall, in
consultation with the Administrator of General Services,
establish a program to be known as the "Federal Smart
Building Program"—

17 (1) to implement smart building technology;18 and

19 (2) to demonstrate the costs and benefits of20 smart buildings.

21 (b) SELECTION.—

(1) IN GENERAL.—The Secretary shall coordinate the selection of not fewer than 1 building from
among each of several key Federal agencies, as described in subsection (d), to compose an appro-

priately diverse set of smart buildings based on size,
 type, and geographic location.

3 (2) INCLUSION OF COMMERCIALLY OPERATED
4 BUILDINGS.—In making selections under paragraph
5 (1), the Secretary may include buildings that are
6 owned by the Federal Government but are commer7 cially operated.

8 (c) TARGETS.—Not later than 18 months after the 9 date of enactment of this Act, the Secretary shall establish 10 targets for the number of smart buildings to be commis-11 sioned and evaluated by key Federal agencies by 3 years 12 and 6 years after the date of enactment of this Act.

13 (d) FEDERAL AGENCY DESCRIBED.—The key Fed14 eral agencies referred to subsection (b)(1) shall include
15 buildings operated by—

- 16 (1) the Department of the Army;
- 17 (2) the Department of the Navy;
- 18 (3) the Department of the Air Force;
- 19 (4) the Department;
- 20 (5) the Department of the Interior;
- 21 (6) the Department of Veterans Affairs; and
- 22 (7) the General Services Administration.
- 23 (e) REQUIREMENT.—In implementing the program,

24 the Secretary shall leverage existing financing mechanisms

1	including energy savings performance contracts, utility en-
2	ergy service contracts, and annual appropriations.
3	(f) EVALUATION.—Using the guidelines of the Fed-
4	eral Energy Management Program relating to whole-build-
5	ing evaluation, measurement, and verification, the Sec-
6	retary shall evaluate the costs and benefits of the buildings
7	selected under subsection (b), including an identification
8	of—
9	(1) which advanced building technologies—
10	(A) are most cost-effective; and
11	(B) show the most promise for—
12	(i) increasing building energy savings;
13	(ii) increasing service performance to
14	building occupants;
15	(iii) reducing environmental impacts;
16	and
17	(iv) establishing cybersecurity; and
18	(2) any other information the Secretary deter-
19	mines to be appropriate.
20	(g) Awards.—The Secretary may expand awards
21	made under the Federal Energy Management Program
22	and the Better Building Challenge to recognize specific
23	agency achievements in accelerating the adoption of smart
24	building technologies.

#### 1 SEC. 5. SURVEY OF PRIVATE SECTOR SMART BUILDINGS.

2 (a) SURVEY.—The Secretary shall conduct a survey 3 of privately owned smart buildings throughout the United States, including commercial buildings, laboratory facili-4 5 ties, hospitals, multifamily residential buildings, and buildings owned by nonprofit organizations and institutions of 6 7 higher education.

8 (b) SELECTION.—From among the smart buildings 9 surveyed under subsection (a), the Secretary shall select 10 not fewer than 1 building each from an appropriate range 11 of building sizes, types, and geographic locations.

12 (c) EVALUATION.—Using the guidelines of the Fed-13 eral Energy Management Program relating to whole-building evaluation, measurement, and verification, the Sec-14 retary shall evaluate the costs and benefits of the buildings 15 selected under subsection (b), including an identification 16 17 of—

18 (1) which advanced building technologies and 19 systems-

- 20 (A) are most cost-effective; and 21 (B) show the most promise for— 22 (i) increasing building energy savings; 23 (ii) increasing service performance to 24 building occupants; 25 (iii) reducing environmental impacts; 26 and

(iv) establishing cybersecurity; and
 (2) any other information the Secretary deter mines to be appropriate.

#### 4 SEC. 6. LEVERAGING EXISTING PROGRAMS.

5 (a) BETTER BUILDING CHALLENGE.—As part of the 6 Better Building Challenge of the Department, the Sec-7 retary, in consultation with major private sector property 8 owners, shall develop smart building accelerators to dem-9 onstrate innovative policies and approaches that will accel-10 erate the transition to smart buildings in the public, insti-11 tutional, and commercial buildings sectors.

12 (b) RESEARCH AND DEVELOPMENT.—

(1) IN GENERAL.—The Secretary shall conduct
research and development to address key barriers to
the integration of advanced building technologies
and to accelerate the transition to smart buildings.
(2) INCLUSION.—The research and development
conducted under paragraph (1) shall include research and development on—

20 (A) achieving whole-building, systems-level
21 efficiency through smart system and component
22 integration;

23 (B) improving physical components, such
24 as sensors and controls, to be adaptive, antici25 patory, and networked;

1	(C) reducing the cost of key components to
2	accelerate the adoption of smart building tech-
3	nologies;
4	(D) data management, including the cap-
5	ture and analysis of data and the interoper-
6	ability of the energy systems;
7	(E) protecting against cybersecurity
8	threats and addressing security vulnerabilities
9	of building systems or equipment;
10	(F) business models, including how busi-
11	ness models may limit the adoption of smart
12	building technologies and how to support
13	transactive energy;
14	(G) integration and application of com-
15	bined heat and power systems and energy stor-
16	age for resiliency;
17	(H) characterization of buildings and com-
18	ponents;
19	(I) consumer and utility protections;
20	(J) continuous management, including the
21	challenges of managing multiple energy systems
22	and optimizing systems for disparate stake-
23	holders;
24	(K) integration of internet of things tech-
25	nology solutions, including measures to increase

water and energy efficiency, improve water
 quality, support real-time utility management,
 and enable actionable analytics and predictive
 maintenance to improve building systems long term viability; and

6 (L) other areas of research and develop7 ment, as determined appropriate by the Sec8 retary.

#### 9 SEC. 7. REPORT.

10 Not later than 2 years after the date of enactment 11 of this Act, and every 2 years thereafter until a total of 12 3 reports have been made, the Secretary shall submit to 13 the Committee on Energy and Natural Resources of the 14 Senate and the Committee on Energy and Commerce and 15 the Committee on Science, Space, and Technology of the 16 House of Representatives a report on—

17 (1) the establishment of the Federal Smart
18 Building Program and the evaluation of Federal
19 smart buildings under section 4;

20 (2) the survey and evaluation of private sector21 smart buildings under section 5; and

(3) any recommendations of the Secretary tofurther accelerate the transition to smart buildings.
