(2) "Apprenticeship program" means any apprenticeship  
program that is certified or registered by the United States  
department of labor.

(B) There is hereby created a subprogram of the college  
credit plus program under which, beginning with the 2018-2019  
school year, an eligible student may participate in an

adopted under division (C) of this section. 19

(C) Not later than December 31, 2017, the chancellor of 20  
higher education and the superintendent of public instruction, 21  
in consultation with the director of development services and 22  
the administrator of workers' compensation, shall develop a 23  
proposal to implement the subprogram as prescribed by this 24  
section and submit it to the state board of education for 25  
consideration. The proposal shall include recommendations on 26  
which requirements of the college credit plus program should 27  
apply to the subprogram. Not later than June 30, 2018, upon 28  
consideration of that proposal, the state board shall adopt 29  
rules, in accordance with Chapter 119. of the Revised Code, to 30

average of 2.5 out of a 4.0, or its equivalent; 35

(2) A process by which a student may secure an 36  
apprenticeship; 37

(3) A process for approval of each student's 38

a student may work as an apprentice; 42

(5) A method for determining actual costs to a business 43

(6) A funding formula for students enrolled in a public 46
