A BILL

To prohibit discrimination against individuals with disabilities who need long-term services and supports, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

1 **SECTION 1. SHORT TITLE.**

2 This Act may be cited as the “Disability Integration
3 Act of 2019”.

4 **SEC. 2. FINDINGS AND PURPOSES.**

5 (a) FINDINGS.—Congress finds the following:

6 (1) In enacting the Americans with Disabilities
7 Act of 1990 (referred to in this Act as the “ADA”),
8 Congress—

9 (A) recognized that “historically, society
10 has tended to isolate and segregate individuals
11 with disabilities, and, despite some improve-
12 ments, such forms of discrimination against in-
13 dividuals with disabilities continue to be a seri-
14 ous and pervasive social problem”; and

15 (B) intended that the ADA assure “full
16 participation” and “independent living” for in-
17 dividuals with disabilities by addressing “dis-
18 crimination against individuals with disabilities
19 [that] persists in critical areas”, including insti-
20 tutionalization.

21 (2) While Congress expected that the ADA’s in-
22 tegration mandate would be interpreted in a manner
23 that ensures that individuals who are eligible for in-
24 stitutional placement are able to exercise a right to
25 community-based long-term services and supports,
26 that expectation has not been fulfilled.

1 (3) The holdings of the Supreme Court in
2 Olmstead v. L.C., 527 U.S. 581 (1999), and com-
3 panion cases, have clearly articulated that individ-
4 uals with disabilities have a civil right under the
5 ADA to participate in society as equal citizens. How-
6 ever, many States still do not provide sufficient com-
7 munity-based long-term services and supports to in-
8 dividuals with disabilities to end segregation in insti-
9 tutions.

10 (4) The right to live in the community is nec-
11 essary for the exercise of the civil rights that the
12 ADA was intended to secure for all individuals with
13 disabilities. The lack of adequate community-based
14 services and supports has imperiled the civil rights
15 of all individuals with disabilities, and has under-
16 mined the very promise of the ADA. It is, therefore,
17 necessary to recognize in statute a robust and fully
18 articulated right to community living.

19 (5) States, with a few exceptions, continue to
20 approach decisions regarding long-term services and
21 supports from social welfare and budgetary perspec-
22 tives, but for the promise of the ADA to be fully re-
23 alized, States must approach these decisions from a
24 civil rights perspective.

1 (6) States have not consistently planned to en-
2 sure sufficient services and supports for individuals
3 with disabilities, including those with the most sig-
4 nificant disabilities, to enable individuals with dis-
5 abilities to live in the most integrated setting. As a
6 result, many individuals with disabilities who reside
7 in institutions are prevented from residing in the
8 community and individuals with disabilities who are
9 not in institutions find themselves at risk of institu-
10 tional placement.

11 (7) The continuing existence of unfair and un-
12 necessary institutionalization denies individuals with
13 disabilities the opportunity to live and participate on
14 an equal basis in the community and costs the
15 United States billions of dollars in unnecessary
16 spending related to perpetuating dependency and
17 unnecessary confinement.

18 (b) PURPOSES.—The purposes of this Act are—

19 (1) to clarify and strengthen the ADA’s inte-
20 gration mandate in a manner that accelerates State
21 compliance;

22 (2) to clarify that every individual who is eligi-
23 ble for long-term services and supports has a feder-
24 ally protected right to be meaningfully integrated

1 into that individual's community and receive commu-
2 nity-based long-term services and supports;

3 (3) to ensure that States provide long-term
4 services and supports to individuals with disabilities
5 in a manner that allows individuals with disabilities
6 to live in the most integrated setting, including the
7 individual's own home, have maximum control over
8 their services and supports, and ensure that long-
9 term services and supports are provided in a manner
10 that allows individuals with disabilities to lead an
11 independent life;

12 (4) to establish a comprehensive State planning
13 requirement that includes enforceable, measurable
14 objectives that are designed to transition individuals
15 with all types of disabilities at all ages out of institu-
16 tions and into the most integrated setting; and

17 (5) to establish a requirement for clear and uni-
18 form annual public reporting by States that includes
19 reporting about—

20 (A) the number of individuals with disabil-
21 ities who are served in the community and the
22 number who are served in institutions; and

23 (B) the number of individuals with disabil-
24 ities who have transitioned from an institution
25 to a community-based living situation, and the

1 type of community-based living situation into
2 which those individuals have transitioned.

20 with an LTSS disability living at the

17 life;

18 (9) a failure to implement a formal procedure

21 offered the alternative of community-based
22 long-term services and supports prior to institu-

5 this section; or

6 (B) to limit the rights of an individual with
7 a disability under any provision of law other
8 than this section;

9 (2) shall be construed to affect the scope of ob-
10 ligations imposed by any other provision of law; or

11 (3) shall be construed to prohibit a public entity
12 or LTSS insurance provider from using managed
13 care techniques, as long as the use of such tech-
14 niques does not have the effect of discriminating
15 against an individual in the provision of community-
16 based long-term services and supports, as prohibited
