

115TH CONGRESS 2D SESSION

H. R. 5664

To require a report on the possible exploitation of virtual currencies by terrorist actors, to authorize a competition program to identify regulatory solutions and develop technology with respect to counter terror threat financing, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

April 27, 2018

Miss RICE of New York (for herself and Mr. KING of New York) introduced the following bill; which was referred to the Committee on Financial Services, and in addition to the Permanent Select Committee on Intelligence (Permanent Select), for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To require a report on the possible exploitation of virtual currencies by terrorist actors, to authorize a competition program to identify regulatory solutions and develop technology with respect to counter terror threat financing, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Stop Terrorist Use
- 5 of Virtual Currencies Act".

1 SEC. 2. FINDINGS.

- 2 The Congress finds the following:
- (1) Virtual currencies (VC) provide low-cost,
 high-speed means for verified transactions.
 - (2) When used positively, VCs unite disparate financial markets and provide a convenient means for a number of constituencies, including the economically marginalized, to conduct transactions cheaply across large geographic expanses.
 - (3) Simultaneously, to the extent regulatory frameworks are premised on institution-based transactions, VCs could be exploited by terrorists and cybercriminals to fund untraceable operations.
 - (4) According to the Center for New American Security (CNAS), if VCs become sufficiently liquid and easily convertible, and terrorist groups acquire technical infrastructure needed to support VC activity at a significant scale, VCs could pose a highly dangerous threat to the United States and its partners.
 - (5) The Committee on Financial Services issued a report entitled, "Stopping Terror Finance: Securing the U.S. Financial Sector" in December, 2016, which includes numerous recommendations to enhance a whole-of-government approach towards counter terrorist financing.

SEC. 3. SENSE OF CONGRESS.

- (1) to the extent current statutes require financial institutions to serve as the first line of defense against illicit activity in the global financial system, and that VCs specifically bypass such institutions, the United States needs to adapt its financial regulatory framework to ensure adequate supervision of financial activity;
 - (2) the President should develop principles to prioritize counter terrorist financing among other forms of illicit financial activity and provide recommendations to Congress to address this threat;
 - (3) such principles should include a focus on innovation and public-private partnership; and
- (4) the Financial Crimes Enforcement Network (FinCEN) should consider issuing more guidance and facilitating the establishment of institutions pursuant to sections 314(a) and 314(b) of the USA PATRIOT Act to facilitate greater information flow within and among global banks.

SEC. 4. REPORT.

The President, acting through the Secretary of the Treasury and the Director of National Intelligence, shall report on the possible exploitation of virtual currencies by

- 1 terrorist actors. Such report shall include the following
- 2 elements:
- 3 (1) Recommendations to update the regulatory
- 4 oversight structure regarding virtual currencies to
- 5 address transactions that bypass financial institu-
- 6 tions, including banks, Money Services Businesses
- 7 (MSB), and other financial institutions subject to
- 8 regulation.
- 9 (2) Assessment of current efforts by Federal
- departments and agencies to study and collect intel-
- ligence against the terror finance threat and money
- 12 laundering methodologies.
- 13 (3) Identification of gaps between Federal and
- 14 State regulations which could be exploited for illicit
- 15 funding.

16 SEC. 5. INNOVATION COMPETITION.

- 17 (a) AUTHORIZATION.—In order to facilitate public-
- 18 private partnership to develop and enhance illicit finance
- 19 prevention systems, the Secretary of the Treasury may es-
- 20 tablish a program (referred to in this section as "the com-
- 21 petition") to be known as the "Competition for Innovation
- 22 in Combating Illicit Terrorist Financing".
- 23 (b) ACTIVITIES SUPPORTED.—The Competition may
- 24 carry out, through the provision of grants or an annual
- 25 reward, the following activities:

1	(1) Collaborative research.—Provide						
2	grants, for not more than two years, to engage stu-						
3	dents, entrepreneurs, and financial experts to iden-						
4	tify regulatory solutions with respect to the exploi-						
5	tation of VCs by terrorists and other criminals.						
6	(2) Competition.—Establish an annual com-						
7	petition for a reward of not more than \$500,000 to						
8	any individual, team, or nongovernmental entity that						
9	develops technologies to facilitate counter terror						
10	threat financing, particularly that addresses the use						
11	of VCs or emerging financial technology.						
12	(c) Management.—						
13	(1) In General.—The Secretary of Treasury						
14	in consultation with the Director of National Intel-						
15	ligence, shall promulgate guidelines for review or						
16	grant applications to the Competition.						
17	(2) Requirements.—The guidelines required						
18	under this subsection shall address, at a minimum						
19	the following:						
20	(A) Criteria by which grants shall be se-						
21	lected.						
22	(B) Policies to ensure that grants are in						
23	furtherance of United States security objectives						
24	(d) ACCEPTANCE OF FUNDS FROM OUTSIDE						

25 Sources.—The Competition may accept funds from out-

- 1 side sources, including foreign governments, nongovern-
- 2 mental organizations, and private business entities and,
- 3 without further appropriation, use such funds to carry out
- 4 the purpose of the Competition.
- 5 (e) Rule of Construction.—Nothing in this Act
- 6 may be construed to make any grant recipient an agent
- 7 or establishment of the United States Government.
