or in response to a disaster or emergency is not subject to 201
professional disciplinary action and is not liable in damages to 202
any person or government agency in a tort action for injury, 203
death, or loss to person or property that allegedly arises from 204

or intentional misconduct or willful or wanton misconduct on the 217
part of the person against whom the action is brought. 218

to person or property that allegedly arises because the provider 226
was unable to treat, diagnose, or test the person for any 227
illness, disease, or condition, including the inability to 228
perform any elective procedure, due to an executive or 229
director's order or an order of a board of health of a city or 230
general health district issued in relation to an epidemic or 231
pandemic disease or other public health emergency. 232

(C)(1) This section does not create a new cause of action 233
or substantive legal right against a health care provider. 234

(2) This section does not affect any immunities from civil 235
liability or defenses established by another section of the 236
Revised Code or available at common law to which a health care 237
provider may be entitled in connection with the provision of 238
health care services, emergency medical services, first-aid 239
treatment, or other emergency professional care, including the 240
provision of medication, medical equipment, or other medical 241
product. 242

(3) This section does not grant an immunity from tort or 243

other civil liability or a professional disciplinary action to a 244
health care provider for actions that are outside the skills, 245
education, and training of the health care provider, unless the 246
health care provider undertakes the action in good faith and in 247
response to a lack of resources caused by a disaster or 248
emergency. 249

(4) This section does not affect any legal responsibility 250
of a health care provider to comply with any applicable law of 251
this state or rule of an agency of this state. 252

(5) Division (B) of this section applies only to the 253
provision, withholding, or withdrawal of health care services, 254
emergency medical services, first-aid treatment, or other 255
emergency professional care, including the provision of any 256
medication or other medical equipment or product, decisions 257
related to such services or care, or compliance with an 258
executive order or director's order by a health care provider as 259
a result of or in response to a disaster or emergency and 260
through the duration of the disaster or emergency. 261

(D) If the immunity described in division (B) of this 262
section does not apply, no class action shall be brought against 263
any health care provider alleging liability for damages for 264
injury, death, or loss to person or property on a cause of 265
action specified in that division. 266

(E) This section applies from the date of the Governor's 267
Executive Order 2020-01D, issued on March 9, 2020, declaring a 268
state of emergency due to COVID-19, through December 31, 2020, 269
and supersedes section 2305.2311 of the Revised Code during that 270
period. 271

Section 2. (A) No civil action for damages for injury, 272

death, or loss to person or property shall be brought against 273
any person if the cause of action on which the civil action is 274
based, in whole or in part, is that the injury, death, or loss 275
to person or property is caused by the exposure to, or the 276
transmission or contraction of, MERS-CoV, SARS-CoV, or SARS-CoV- 277
2, or any mutation thereof, unless it is established that the 278
exposure to, or the transmission or contraction of, any of those 279
viruses or mutations was by reckless conduct or intentional 280
misconduct or willful or wanton misconduct on the part of the 281
person against whom the action is brought. 282

(B) A government order, recommendation, or guideline shall 283
neither create nor be construed as creating a duty of care upon 284
any person that may be enforced in a cause of action or that may 285
create a new cause of action or substantive legal right against 286
any person with respect to the matters contained in the 287
government order, recommendation, or guideline. A presumption 288
exists that any such government order, recommendation, or 289
guideline is not admissible as evidence that a duty of care, a 290
new cause of action, or a substantive legal right has been 291
established. 292

(C) If the immunity described in division (A) of this 293
section does not apply, no class action shall be brought against 294
any person alleging liability for damages for injury, death, or 295
loss to person or property on a cause of action specified in 296
that division. 297

(D) As used in this section: 298

(1) "MERS-CoV" means the coronavirus that causes middle 299
east respiratory syndrome. 300

(2) "Person" has the same meaning as in section 1.59 of 301

the Revised Code and includes a school, a for-profit or 302
nonprofit entity, a governmental entity, a religious entity, or 303
a state institution of higher education. 304

(3) "Reckless conduct" means conduct by which, with 305
heedless indifference to the consequences, the person disregards 306
a substantial and unjustifiable risk that the person's conduct 307
is likely to cause an exposure to, or a transmission or 308
contraction of, MERS-CoV, SARS-CoV, or SARS-CoV-2, or any 309
mutation thereof, or is likely to be of a nature that results in 310
an exposure to, or a transmission or contraction of, any of 311
those viruses or mutations. A person is reckless with respect to 312
circumstances in relation to causing an exposure to, or a 313
transmission or contraction of, MERS-CoV, SARS-CoV, or SARS-CoV- 314
2, or any mutation thereof, when, with heedless indifference to 315
the consequences, the person disregards a substantial and 316
unjustifiable risk that such circumstances are likely to exist. 317

(4) "SARS-CoV" means the coronavirus that causes severe 318
acute respiratory syndrome. 319

(5) "SARS-CoV-2" means the novel coronavirus that causes 320
coronavirus disease 2019 (COVID-19). 321

(6) "State institution of higher education" has the same 322
meaning as in section 3345.011 of the Revised Code. 323

(E) This section applies from the date of the Governor's 324
Executive Order 2020-01D, issued on March 9, 2020, declaring a 325
state of emergency due to COVID-19, through December 31, 2020. 326

Section 3. (A) The General Assembly makes the following 327
findings: 328

(1) The General Assembly is aware that lawsuits related to 329
the COVID-19 health emergency numbering in the thousands are 330

being filed across the country. Ohio business owners, small and 331
large, as they begin to re-open their businesses are unsure 332
about what tort liability they may face. 333

(2) It also is a fact that recommendations regarding how 334
best to avoid infection with COVID-19 change frequently, and 335
such recommendations are often not based on well-tested 336
scientific information. For example, the Centers for Disease 337
Control and Prevention (CDC) for the first eight weeks of the 338
COVID-19 health emergency recommended that members of the 339
general public not wear masks since most masks are ineffective 340
in protecting individuals from viruses. The CDC then reversed 341
its recommendation and started encouraging members of the 342
general public to wear masks in public places. Ohio businesses 343
need certainty and consistency to enable them to reopen. 344

(3) The General Assembly is further aware that businesses 345
and premises owners have not historically been required to keep 346
members of the public from being exposed to airborne viruses, 347
bacteria, and germs. In Ohio, it has been the responsibility of 348
individuals going into public places to avoid exposure to 349
individuals who are sick. The same is true today: those 350
individuals who decide to go out into public places are 351
responsible to take those steps they feel are necessary to avoid 352
exposure to COVID-19, such as social distancing and wearing 353
masks. 354

(4) The current COVID-19 health emergency is new and 355
novel. Past opinions of the Ohio Supreme Court do not deal with 356
COVID-19 or duties to protect the public from exposure in public 357
places to airborne germs and viruses. Nothing in the Ohio 358
Revised Code establishes duties upon businesses and premises 359
owners to ensure that members of the general public will not be 360

exposed to such airborne germs and viruses. 361

(5) Additionally, the General Assembly has not delegated 362
to the Executive Branch of Ohio's government the authority or 363
power to create new legal duties for businesses and premises 364
owners. In Ohio's system of government, the General Assembly 365
makes Ohio's laws, and the Executive Branch enforces those laws. 366

(B) Based on its findings in division (A) of this section, 367
the General Assembly declares its intent that orders and 368
recommendations from the Executive Branch, from counties and 369
local municipalities, from boards of health and other agencies, 370
and from any federal government agency, do not create any new 371
legal duties for purposes of tort liability. Any such orders and 372
recommendations are presumed to be irrelevant to the issue of 373
the existence of a duty or breach of a duty. Furthermore, any 374
such orders and recommendations are presumed to be inadmissible 375
at trial to establish proof of a duty or breach of a duty in 376
tort actions. 377

Section 4. This act applies to acts, omissions, conduct, 378
decisions, or compliance from the date of the Governor's 379
Executive Order 2020-01D, issued on March 9, 2020, declaring a 380
state of emergency due to COVID-19 through December 31, 2020. 381

Section 5. If any provision of this act or the application 382
thereof to any person or circumstance is held invalid, the 383
invalidity does not affect other provisions or applications of 384
the act which can be given effect without the invalid provision 385
or application, and to this end the provisions are severable. 386

Section 6. This act is hereby declared to be an emergency 387
measure necessary for the immediate preservation of the public 388
peace, health, and safety. The reason for such necessity is that 389

it is crucial to provide protections for essential workers and 390
immunity from law suits in response to a disaster or emergency 391
declared by the federal government, state government, or 392
political subdivision of the state. Therefore, this act shall go 393
into immediate effect. 394
