BE IT ENACTED BY THE GENERAL ASSEMBLY OF THE STATE OF OHIO:

Section 1. That section 3727.53 be amended and section 6

Sec. 3727.53. (A) In accordance with division (B) of this 8
section, each hospital shall create an evidence-based written 9
nursing services staffing plan guiding the assignment of nurses 10
hospital-wide. The staffing plan shall be implemented not later 11
than ninety days after the hospital-wide nursing care committee 12
is convened pursuant to section 3727.51 of the Revised Code, 13
except that if the hospital's next fiscal year starts not later 14
than one hundred eighty days after the date on which the 15
committee convenes, implementation may be delayed until the 16
first day of that fiscal year. 17

(B) The staffing plan created under this section shall, at 18

a minimum, be consistent with section 3727.58 of the Revised 19
Code and reflect current standards established by private 20
accreditation organizations or governmental entities. The plan 21
shall be based on multiple nurse and patient considerations that 22
yield minimum staffing levels for inpatient care units that 23
ensure that the hospital has a staff of competent nurses with 24
specialized skills needed to meet patient needs. These 25
considerations shall include both of the following: 26

(1) The recommendations of the hospital-wide nursing care 27
committee made under section 3727.52 of the Revised Code, which 28
shall be given significant consideration; 29

a hospital shall not require a registered nurse or licensed 39
practical nurse employed by the hospital to work overtime as a 40
condition of continued employment with the hospital. 41

(2) Actions by a hospital that constitute violations of 42
division (B) (1) of this section include both of the following: 43

of a registered nurse or licensed practical nurse with the 45
hospital solely because the nurse chooses not to work overtime; 46

nurse or licensed practical nurse or permitting a registered 56

is in effect in the county in which the hospital is located or a 67

hospital. 77

(d) The nurse is actively engaged in an ongoing medical or 78
surgical procedure and the continued presence of the nurse 79
through the completion of the procedure is necessary to ensure 80
the health and safety of the patient. 81

(D) Through the attorney general or an appropriate 82
prosecuting attorney, the department of health may apply to the 83
court of common pleas of the county in which a hospital is 84
