## RESOLUTION

Reaffirming United States support for Israel and condemning the United Nations Human Rights Council for certain wasteful and abusive actions.

Whereas the United Nations Human Rights Council, also known as the UNHRC, when targeting Israel as a permanent agenda item with no other country singled out in the same manner, wastes United States taxpayer dollars and other limited resources;

Whereas a recent UNHRC report targets at least twenty-two United States companies conducting lawful business with Israel, which could result in specious legal entanglements;

Whereas the UNHRC report prepares groundwork for boycotts against companies that do business with Israel;

Whereas, on March 24, 2017, the Trump Administration stated that this effort falls far outside the scope of the UNHRC’s mandate and drains “precious resources that could be used to promote and protect human rights around the world”;

Whereas in 2007, a United Nations spokesperson noted then-United Nations Secretary-General Ban Ki-moon’s “disappointment” with the UNHRC’s decision to “single out only one specific regional item, given the range and scope of allegations of human rights violations throughout the world”; and

Whereas the UNHRC operates without transparency and wastes scarce staff resources on false human rights issues, which reduces resources for actual human rights cases: Now, therefore, be it

1       *Resolved*, That the House of Representatives—

2               (1) reaffirms the United States support for  
3       Israel;

4               (2) condemns the United Nations Human  
5       Rights Council’s (UNHRC) actions as wasteful and  
6       abusive;

7               (3) urges Congress to support S. 720 and H.R.  
8       1697 that expands anti-boycott laws to extend to  
9       international organizations such as the United Na-  
10      tions and European Union;

11              (4) supports remarks from Ambassador Nikki  
12      Haley in 2017 stating that the United States “does  
13      not seek to leave the Council, but to reestablish its

1       legitimacy’’, adding that when the Council acts with  
2       clarity and integrity, it has been effective;

3           (5) calls upon the UNHRC to reform and be-  
4       come competitive and transparent in membership se-  
5       lection; and

6           (6) calls on UNHRC members to stop singling  
7       out Israel as a permanent item on the Council’s  
8       agenda as no other country-specific human rights  
9       situation is singled out in this manner.
