To direct the Neighborhood Reinvestment Corporation with respect to the establishment of a national land bank network, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

JUNE 4, 2020

Mr. KILDEE (for himself and Mr. FERGUSON) introduced the following bill; which was referred to the Committee on Financial Services

A BILL

- To direct the Neighborhood Reinvestment Corporation with respect to the establishment of a national land bank network, and for other purposes.
 - 1 Be it enacted by the Senate and House of Representa-
 - 2 tives of the United States of America in Congress assembled,

3 SECTION 1. SHORT TITLE.

- 4 This Act may be cited as the "National Land Bank
- 5 Network Act of 2020".

6 SEC. 2. FINDINGS.

- 7 Congress finds the following:
- 8 (1) Vacant and abandoned properties desta9 bilize rural, suburban, and urban neighborhoods
 10 across the United States by creating fire and other

1	public safety hazards, driving down property values,
2	and draining local tax dollars.
3	(2) The cost of repairs to maintain such prop-
4	erties, as well as the potential unpaid taxes and pub-
5	lic liens on such properties, often exceed the prop-
6	erty values of such properties, driving away pur-
7	chasers.
8	(3) Additionally, the lack of an insurable and
9	marketable title frequently prevents such properties
10	from returning to productive use.
11	(4) Low-income neighborhoods and commu-
12	nities of color disproportionately bear the burden of
13	living near such properties and the associated haz-
14	ards.
15	(5) Land banks—
16	(A) have been developed to respond to the
17	challenges posed by such properties; and
18	(B) are primarily focused on the return of
19	vacant, abandoned, and tax delinquent prop-
20	erties to productive use in accordance with lo-
21	cally determined goals and priorities.
22	(6) Land banks, regardless of location, size of
23	inventory, or duration of existence, share challenges
24	in accessing best practices, research, technical assist-
25	ance, and other resources.

1 SEC. 3. SENSE OF CONGRESS.

It is the sense of Congress that a national land bank
network would provide the tools necessary to ensure that
land banks—

- 5 (1) use best practices;
- 6 (2) operate transparently;
- 7 (3) develop partnerships and programming to8 drive community redevelopment forward; and

9 (4) access education, expertise, and research to
10 strengthen the critical work of land banks in sup11 porting equitable communities.
