

117TH CONGRESS 1ST SESSION

H. R. 2310

To require the Administrator of the National Oceanic and Atmospheric Administration to establish a Climate Change Education Program, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

April 1, 2021

Mrs. Dingell (for herself, Ms. Brownley, Ms. Pingree, Ms. Pressley, Mr. Panetta, Mr. Cleaver, Mr. Raskin, Mr. Cohen, Ms. Norton, Mr. McGovern, Mr. Morelle, Mr. Gallego, and Mr. Huffman) introduced the following bill; which was referred to the Committee on Energy and Commerce, and in addition to the Committee on Education and Labor, for a period to be subsequently determined by the Speaker, in each case for consideration of such provisions as fall within the jurisdiction of the committee concerned

A BILL

To require the Administrator of the National Oceanic and Atmospheric Administration to establish a Climate Change Education Program, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Climate Change Edu-
- 5 cation Act".

SEC. 2. FINDINGS.

- 2 Congress makes the following findings:
- (1) The evidence for human-induced climatechange is overwhelming and undeniable.
 - (2) Atmospheric carbon can be significantly reduced through conservation, by shifting to renewable energy sources such as solar, wind, tidal, and geothermal, and by increasing the efficiency of buildings, including domiciles, and transportation.
 - (3) Providing clear information about climate change, in a variety of forms, can remove the fear and the sense of helplessness, and encourage individuals and communities to take action.
 - (4) Implementation of measures that promote energy efficiency, conservation, and renewable energy will greatly reduce human impact on the environment.
 - (5) Informing people of new technologies and programs as they become available will ensure maximum understanding and maximum effect of those measures.
 - (6) More than 3,000,000 students graduate from high schools and colleges in the United States each year, armed with attitudes, skills, and knowledge about the climate that inform their actions.

- 1 (7) The effect on the climate, positive or negative, of each of those 3,000,000 students lasts beyond a lifetime.
 - (8) Those students need to be prepared to implement changes in professional and personal practices, to support and help develop new technology and policy, and to address the coming social and economic challenges and opportunities arising from a changing climate.
 - (9) It has been demonstrated that the people of the United States overwhelmingly support teaching students about the causes, consequences, and potential solutions to climate change in all 50 States and more than 3,000 counties across the United States.
 - (10) Only 30 percent of middle school and 45 percent of high school science teachers understand the extent of the scientific consensus on climate change.

19 SEC. 3. DEFINITIONS.

20 In this Act:

21 (1) CLIMATE CHANGE EDUCATION.—The term
22 "climate change education" means nonformal and
23 formal interdisciplinary learning at all age levels
24 about—

- 1 (A) climate change, climate adaptation and 2 mitigation, climate resilience, and climate jus-3 tice; and
 - (B) the effects of climate change, climate adaptation and mitigation, climate resilience, and climate justice on the environmental, energy, social, and economic systems of the United States.
 - (2) CLIMATE LITERACY.—The term "climate literacy" means competence or knowledge of climate change, its causes and impacts, and the technical, scientific, economic, and social dynamics of promising solutions.
 - (3) CLIMATE JUSTICE.—The term "climate justice" means the fair treatment and meaningful involvement of all people, regardless of race, color, culture, national origin, or income, with respect to the development, implementation, and enforcement of policies and projects to ensure that each person enjoys the same degree of protection from the adverse effects of climate change.
 - (4) Environmental justice" means the fair treatment and meaningful involvement of all people, regardless of race, color, culture, national origin, or income, with

- respect to the development, implementation, and enforcement of environmental laws, regulations, and policies to ensure that each person enjoys—
 - (A) the same degree of protection from environmental and health hazards; and
 - (B) equal access to any Federal agency action on environmental justice issues in order to have a healthy environment in which to live, learn, work, and recreate.
 - (5) Environmental Justice community.—
 The term "environmental justice community" means a community with significant representation of communities of color, low-income communities, or Tribal and indigenous communities that experiences, or is at risk of experiencing, higher or more adverse human health or environmental effects as compared to other communities.
 - (6) Green economy.—The term "green economy" means an economy that results in improved human and economic well-being and social equity by significantly reducing environmental risks and ecological scarcities.
 - (7) Institution of higher education.—The term "institution of higher education" has the

- 1 meaning given the term in section 101 of the Higher 2 Education Act of 1965 (20 U.S.C. 1001).
- 3 (8) Local Educational agency; state Edu4 CATIONAL AGENCY.—The terms "local educational
 5 agency" and "State educational agency" have the
 6 meanings given those terms in section 8101 of the
 7 Elementary and Secondary Education Act of 1965
 8 (20 U.S.C. 7801).
- 9 (9) Nonformal.—The term "nonformal"
 10 means, with respect to learning, out-of-school edu11 cational programming carried out by nonprofit orga12 nizations and public agencies.
- 13 (10) Nonprofit organization.—The term
 14 "nonprofit organization" means an organization de15 scribed in section 501(c)(3) of the Internal Revenue
 16 Code of 1986 and exempt from taxation under
 17 501(a) of that Code.

18 SEC. 4. CLIMATE CHANGE EDUCATION PROGRAM.

- 19 The Administrator of the National Oceanic and At-
- 20 mospheric Administration shall establish a Climate
- 21 Change Education Program to—
- (1) increase the climate literacy of the United
- 23 States by broadening the understanding of climate
- change, including possible long-term and short-term

- 1 consequences, disproportionate impacts of those con-2 sequences, and potential solutions;
- 3 (2) apply the latest scientific and technological 4 discoveries, including through the use of the sci-5 entific assets of the Administration, to provide for-6 mal and nonformal learning opportunities to individ-7 uals of all ages, including individuals of diverse cul-8 tural and linguistic backgrounds; and
- 9 (3) emphasize actionable information to help 10 people understand and promote implementation of 11 new technologies, programs, and incentives related 12 to climate change, climate adaptation and mitiga-13 tion, climate resilience, climate justice, and environ-14 mental justice.

15 SEC. 5. GRANT PROGRAM.

- 16 (a) IN GENERAL.—As part of the Climate Change
- 17 Education Program established under section 4, the Ad-
- 18 ministrator of the National Oceanic and Atmospheric Ad-
- 19 ministration shall establish a program to make grants to
- 20 the following:
- 21 (1) State educational agencies, in partnership
- with local educational agencies and local nonprofit
- organizations, for the implementation of aspects of
- 24 State climate literacy plans for grades 4 through 12

1	formal and informal climate change education
2	that—
3	(A) are aligned with State education
4	standards;
5	(B) ensure that students graduate from
6	high school with climate literacy; and
7	(C) include at least 1 of the following:
8	(i) Relevant teacher training and pro-
9	fessional development.
10	(ii) Integration of key climate change
11	concepts into State education standards
12	for science, technology, engineering, and
13	mathematics (STEM), civics and social
14	studies, and other relevant subject areas
15	during the next revision of such standards.
16	(iii) Development of climate change
17	education educational frameworks and
18	model curricula and curation and dissemi-
19	nation of existing climate change cur-
20	riculum materials.
21	(iv) Creation of applied learning
22	project-based models, such as models mak-
23	ing optimum use of green features im-
24	provements to school facilities, such as en-
25	ergy systems, lighting systems, water man-

1	agement, waste management, and school
2	grounds improvements.
3	(v) Incorporation of climate change
4	mitigation and green technologies into new
5	and existing career and technical education
6	career tracks and work-based learning ex-
7	periences, including development of part-
8	nerships with labor organizations, trade or-
9	ganizations, and apprenticeship programs.
10	(2) Institutions of higher education and net-
11	works or partnerships of such institutions to engage
12	teams of faculty and students to develop applied cli-
13	mate research and deliver to local communities di-
14	rect services related to local climate mitigation and
15	adaptation issues, with priority given to projects
16	that—
17	(A) foster long-term campus-community
18	partnerships;
19	(B) show potential to scale work beyond
20	the grant term;
21	(C) are inclusive for all segments of the
22	population; and
23	(D) promote equitable and just outcomes.
24	(3) Professional associations and academic dis-
25	ciplinary societies for projects that build capacity at

- the State and national levels for continuing education by practicing professionals and the general public in green economy fields.
 - (4) Youth corps organizations to engage in community-based climate mitigation and adaptation work that includes a substantive educational component.

(b) CLIMATE CHANGE EDUCATION OFFICE.—

- (1) IN GENERAL.—There shall be, within the Office of Education of the National Oceanic and Atmospheric Administration, an Office of Climate Change Education to administer the grant program required by subsection (a).
- (2) Consultation.—The Office of Climate Change Education shall annually consult with other relevant agencies of the Federal Government to determine ways in which grant making under subsection (a) can enhance and support other national climate education and training and environmental justice goals.
- (3) Environmental justice communities.—
 The Office of Climate Change Education shall ensure that 40 percent of all funds appropriated for grants under paragraphs (2) and (4) of subsection

- 1 (a) are directed into environmental justice commu-
- 2 nities.
- 3 (4) Communities of practice.—The Office of
- 4 Climate Change Education shall establish commu-
- 5 nities of practice with respect to each of paragraphs
- 6 (1) through (4) of subsection (a) in order to accel-
- 7 erate learning.

8 SEC. 6. REPORT.

- 9 Not later than 2 years after the date of the enact-
- 10 ment of this Act, and annually thereafter, the Adminis-
- 11 trator of the National Oceanic and Atmospheric Adminis-
- 12 tration shall submit to Congress a report that evaluates
- 13 the scientific merits, educational effectiveness, and broad-
- 14 er effects of activities carried out under this Act.

15 SEC. 7. AUTHORIZATION OF APPROPRIATIONS.

- 16 (a) In General.—There is authorized to be appro-
- 17 priated to the National Oceanic and Atmospheric Adminis-
- 18 tration to carry out this Act \$50,000,000 for each of fiscal
- 19 years 2021 through 2026.
- 20 (b) Allocation of Amounts for Grant Pro-
- 21 Gram.—
- 22 (1) In General.—Amounts appropriated to
- carry out the grant program required by section 5(a)
- shall be allocated as follows:

1	(A) 50 percent for grants made under
2	paragraph (1) of such section.
3	(B) 30 percent for grants made under
4	paragraph (2) of such section.
5	(C) 10 percent for grants made under
6	paragraph (3) of such section.
7	(D) 10 percent for grants made under
8	paragraph (4) of such section.
9	(2) Exception.—If amounts appropriated to
10	carry out the grant program required by section 5(a)
11	do not exceed \$5,000,000 in any fiscal year, the Na-
12	tional Oceanic and Atmospheric Administration may
13	use in that fiscal year—
14	(A) 60 percent of such amounts for grants
15	made under paragraph (1) of such section; and
16	(B) 40 percent of such amounts for grants
17	made under paragraph (2) of such section.
