6 *SHORT TITLE*

8 *Lowey Middle East Partnership for Peace Act of 2020”.*

9 *FINDINGS*

10 *SEC. 8002. Congress finds the following:*

11 *(1) Economic development in conflict settings*  
12 *has been shown to support stabilization by empow-*  
13 *ering entrepreneurs, growing the middle class, and*  
14 *mitigating unemployment.*

15 *(2) In 2018, unemployment in the Palestinian*  
16 *territories was 32.4 percent. Gross Domestic Product*  
17 *(GDP) growth in the Palestinian territories declined*  
18 *from 2017 to 2019, and it is projected to further de-*  
19 *cline in 2020.*

20 *(3) According to the World Bank Ad Hoc Liai-*  
21 *son Committee’s April 2019 Economic Monitoring*  
22 *Report, “to achieve sustainable economic growth, in*  
23 *the Palestinian territories, growth and job creation*  
24 *going forward will need to be private sector driven”.*

1           (4) *According to the 2018 Joint Strategic Plan*  
2           *of the Department of State and the United States*  
3           *Agency for International Development, “assistance*  
4           *can help prevent new recruitment to terrorist organi-*  
5           *zations, reduce levels of violence, promote legitimate*  
6           *governance structures that strengthen inclusion, and*  
7           *reduce policies that marginalize communities”.*

8           (5) *Although economic development is an impor-*  
9           *tant tool for stabilizing conflict-prone settings and es-*  
10          *tablishing connections between communities, economic*  
11          *development by itself will not lead to lasting peace.*  
12          *People-to-people peace-building programs further ad-*  
13          *vance reconciliation efforts by promoting greater un-*  
14          *derstanding, mutual trust, and cooperation between*  
15          *communities.*

16          (6) *While the United States and its international*  
17          *partners continue to support diplomatic and political*  
18          *negotiations between the representatives of the parties*  
19          *to the Israeli-Palestinian conflict, such efforts require*  
20          *broad popular support among the people on the*  
21          *ground to succeed.*

22          (7) *Achieving sustainable, high-level agreements*  
23          *for lasting peace in the Middle East must come*  
24          *through, and with the support of, the people who live*  
25          *there, and the United States and its international*

1 *partners can help the people of the region build pop-*  
2 *ular support for sustainable agreements for lasting*  
3 *peace.*

4 *SENSE OF CONGRESS*

5 *SEC. 8003. It is the sense of Congress that—*

6 *(1) building a viable Palestinian economy is cen-*  
7 *tral to the effort to preserve the possibility of a nego-*  
8 *tiated settlement leading to a sustainable two-state so-*  
9 *lution with the democratic, Jewish state of Israel and*  
10 *a demilitarized, democratic Palestinian state living*  
11 *side-by-side in peace, security, and mutual recogni-*  
12 *tion;*

13 *(2) United States and international support for*  
14 *grassroots, people-to-people efforts aimed at fostering*  
15 *tolerance, and building support for such solution, can*  
16 *help counter extremist propaganda and the growing*  
17 *issue of incitement;*

18 *(3) strengthening engagement between Palestin-*  
19 *ians and Israelis, including through people-to-people*

10          facie case of the mark having never been used in com-  
11          merce on or in connection with each such good or  
12          service, institute an *ex parte* expungement proceeding  
13          for each good or service for which the Director deter-  
14          mines that a prima facie case has been set forth, and  
15          provide a notice to the registrant and petitioner of the  
16          determination of whether or not the proceeding was  
17          instituted. Such notice shall include a copy of the pe-  
18          tition and any supporting documents and evidence

21          The Director shall promulgate regulations regarding  
22          what constitutes a reasonable investigation under sub-  
23          section (b)(3) and the general types of evidence that  
24          could support a prima facie case that a mark has  
25          never been used in commerce, but the Director shall

1     *retain the discretion to determine whether a prima*  
2     *facie case is set out in a particular proceeding.*

3             “(3) *DETERMINATION BY DIRECTOR.*—*Any deter-*

5     *a proceeding under this section shall be final and*  
6     *non-reviewable, and shall not prejudice any party’s*  
7     *right to raise any issue and rely on any evidence in*  
8     *any other proceeding, except as provided in subsection*  
9     *(j).*

10           “(d) *EX PARTE EXPUNGEMENT PROCEDURES.*—*The*  
11     *procedures for ex parte expungement shall be the same as*  
12     *the procedures for examination under section 12(b), except*

15     *include regulations that—*

16           “(1) *set response and extension times particular*  
17     *to this type of proceeding, which, notwithstanding sec-*  
18     *tion 12(b)(3), need not be extendable to 6 months;*

19           “(2) *set limits governing the timing and number*  
20     *of petitions filed for a particular registration or by*  
21     *a particular petitioner or real parties in interest; and*

23     *this section to other proceedings concerning the mark.*

24           “(e) *REGISTRANT’S EVIDENCE OF USE.*—*A reg-*

6 *expungement proceeding, for a mark registered under sec-*  
7 *tion 44(e) or an extension of protection under section 66,*  
8 *the registrant may offer evidence showing that any nonuse*  
9 *is due to special circumstances that excuse such nonuse. In*  
10 *such a case, the examiner shall determine whether the facts*  
11 *and evidence demonstrate excusable nonuse and shall not*  
12 *find that the registration should be cancelled under sub-*  
13 *section (g) for any good or service for which excusable non-*  
14 *use is demonstrated.*

15       “(g) *EXAMINER’S DECISION; ORDER TO CANCEL.—For*  
16 *each good or service for which it is determined that a mark*  
17 *has never been used in commerce, and for which the provi-*  
18 *sions of subsection (f) do not apply, the examiner shall find*  
19 *that the registration should be cancelled for each such good*  
20 *or service. A mark shall not be found to have never been*  
21 *used in commerce if there is evidence of use in commerce*  
22 *by the registrant that temporally would have supported reg-*  
23 *istration at the time the application was filed or the rel-*  
24 *evant allegation of use was made, or after registration, but*  
25 *before the petition to expunge was filed under subsection*

2 by the Director under subsection (h). Unless overturned on  
3 review of the examiner's decision, the Director shall issue  
4 an order cancelling the registration, in whole or in part,  
5 after the time for appeal has expired or any appeal pro-  
6 ceeding has terminated.

7 “(h) *EX PARTE EXPUNGEMENT BY THE DIRECTOR.*—

8 “(1) *IN GENERAL.*—The Director may, on the  
9 Director's own initiative, institute an *ex parte*  
10 expungement proceeding if the Director discovers in-  
11 formation that supports a *prima facie* case of a mark  
12 having never been used in commerce on or in connec-  
13 tion with any good or service covered by a registra-  
14 tion. The Director shall promptly notify the reg-  
15 istrant of such determination, at which time the *ex*  
16 *parte* expungement proceeding shall proceed according  
17 to the same procedures for *ex parte* expungement es-  
18 tablished pursuant to subsection (d). If the Director  
19 determines, based on the Director's own initiative, to

22 formed the basis for that determination as part of the  
23 institution notice sent to the registrant.

1           “(2) *RULE OF CONSTRUCTION.*—*Nothing in this*  
2           *subsection shall be construed to limit any other au-*

17                   (II) the availability of substitutes  
18                   for uses of the regulated substance that  
19                   is the subject of the petition, taking  
20                   into account technological  
21                   achievability, commercial demands, af-  
22                   fordability for residential and small  
23                   business consumers, safety, consumer  
24                   costs, building codes, appliance effi-

18 shall—

19 (I) be promulgated by not later  
20 than 1 year after the date on which the

24 (II) meet the requirements of  
25 paragraph (2).

1           (D) *PUBLICATION.*—When the Adminis-

7           subclauses (I) through (IV) of subparagraph  
8           (C)(ii).

9           (E) *INSUFFICIENT INFORMATION.*—If the  
10          Administrator determines that the data included  
11          under subparagraph (B)(ii) in a petition are not

8           *prior production, or prior import, by January 1,*  
9           *2026 (for the first review), by January 1, 2031*

19           *a schedule for phasing down the production or con-*  
20           *sumption of regulated substances that is less stringent*  
21           *than the production and consumption levels of regu-*

16 *year than would occur during the year in the ab-*  
17 *sence of the transfers;*

18 *(B) permit 2 or more persons to transfer*  
19 *production allowances if the transferor of the al-*

2                   represented by the production allowances  
3                   transferred to the transferee; and

5                   absence of the transaction; and

6                   (C) provide for the trading of consumption

15                   promulgate regulations to control, where appropriate,  
16                   any practice, process, or activity regarding the serv-  
17                   icing, repair, disposal, or installation of equipment  
18                   (including requiring, where appropriate, that any  
19                   such servicing, repair, disposal, or installation be per-  
20                   formed by a trained technician meeting minimum  
21                   standards, as determined by the Administrator) that  
22                   involves—

15           *or transferred to a new owner, except where the*  
16           *recovered regulated substance is sold or trans-*  
17           *ferred to a new owner solely for the purposes of*  
18           *being reclaimed or destroyed.*

14          *in subparagraph (A), the Administrator shall,*  
15          *before commencement of the rulemaking process*

10           (B) *EXTENSION.*—

11           (i) *IN GENERAL.*—Subject to clause

13                    *This title may be cited as the “Smithsonian American*  
 14 *Women’s History Museum Act”.*

15 ***SEC. 102. FINDINGS.***

16                    *Congress finds the following:*

17                    (1) *Since its founding, the United States has*  
 18 *greatly benefitted from the contributions of women.*

19                    (2) *Historical accounts, monuments, memorials,*  
 20 *and museums disproportionately represent men’s*  
 21 *achievements and contributions and often neglect*  
 22 *those of women. For example—*

23                    (A) *a study of 18 United States history*  
 24 *textbooks concluded that 10 percent of the mate-*  
 25 *rial documented contributions of women;*

1           (B) 9 statues out of 91 in the United States  
2           Capitol's National Statuary Hall depict women;  
3           and

4           (C) only one of the 44 monuments operated  
5           by the National Park Service specifically honors  
6           the achievements of women after the 2016 des-  
7           ignation of the Belmont-Paul Women's Equality  
8           National Monument.

9           (3) There exists no national museum in the  
10          United States that is devoted to the documentation of  
11          women's contributions throughout the Nation's his-  
12          tory.

13          (4) On December 19, 2014, Congress created a  
14          Congressional Commission to study the potential for  
15          an American museum of women's history. The bipar-  
16          tisan Commission unanimously concluded that the  
17          United States needs and deserves a physical national  
18          museum dedicated to showcasing the historical experi-  
19          ences and impact of women in the United States.

20          (5) A comprehensive women's history museum  
21          would document the full spectrum of the experiences  
22          of women in the United States, represent a diverse
