19 **TITLE XI—SOUTHWEST BORDER**  
20 **SECURITY TECHNOLOGY IM-**  
21 **PROVEMENT ACT OF 2020**

22 **SEC. 1101. SHORT TITLE.**

23 *This title may be cited as the “Southwest Border Secu-*  
24 *rity Technology Improvement Act of 2020”.*

25 **SEC. 1102. DEFINITIONS.**

26 *In this Act:*

1           (1) *APPROPRIATE CONGRESSIONAL COMMIT-*  
2           *TEES.*—*The term “appropriate congressional commit-*  
3           *tees” means—*

4                   (A) *the Committee on Homeland Security*  
5                   *and Governmental Affairs of the Senate; and*

6                   (B) *the Committee on Homeland Security of*  
7                   *the House of Representatives.*

8           (2) *DEPARTMENT.*—*The term “Department”*  
9           *means the Department of Homeland Security.*

10           (3) *SECRETARY.*—*The term “Secretary” means*  
11           *the Secretary of Homeland Security.*

12           (4) *SOUTHWEST BORDER.*—*The term “Southwest*  
13           *border” means the international land border between*  
14           *the United States and Mexico, including the ports of*  
15           *entry along such border.*

16 **SEC. 1103. SOUTHERN BORDER TECHNOLOGY NEEDS ANAL-**  
17                   **YSIS AND UPDATES.**

18           (a) *TECHNOLOGY NEEDS ANALYSIS.*—*Not later than*  
19           *1 year after the date of the enactment of this Act, the Sec-*  
20           *retary shall submit, to the appropriate congressional com-*  
21           *mittees, a technology needs analysis for border security tech-*  
22           *nology along the Southwest border.*

23           (b) *CONTENTS.*—*The analysis required under sub-*  
24           *section (a) shall include an assessment of—*

1           (1) *the technology needs and gaps along the*  
2 *Southwest border—*

3                   (A) *to prevent terrorists and instruments of*  
4 *terror from entering the United States;*

5                   (B) *to combat and reduce cross-border*  
6 *criminal activity, including, but not limited*  
7 *to—*

8                           (i) *the transport of illegal goods, such*  
9 *as illicit drugs; and*

10                           (ii) *human smuggling and human*  
11 *trafficking; and*

12                   (C) *to facilitate the flow of legal trade*  
13 *across the Southwest border;*

14           (2) *recent technological advancements in—*

15                   (A) *manned aircraft sensor, communica-*  
16 *tion, and common operating picture technology;*

17                   (B) *unmanned aerial systems and related*  
18 *technology, including counter-unmanned aerial*  
19 *system technology;*

20                           (C) *surveillance technology, including—*

21                                   (i) *mobile surveillance vehicles;*

22                                   (ii) *associated electronics, including*  
23 *cameras, sensor technology, and radar;*

24                                   (iii) *tower-based surveillance tech-*  
25 *nology;*

1                   (iv) advanced unattended surveillance  
2                   sensors; and

3                   (v) deployable, lighter-than-air, ground  
4                   surveillance equipment;

5                   (D) nonintrusive inspection technology, in-  
6                   cluding non-X-ray devices utilizing muon tomog-  
7                   raphy and other advanced detection technology;

8                   (E) tunnel detection technology; and

9                   (F) communications equipment, includ-  
10                  ing—

11                   (i) radios;

12                   (ii) long-term evolution broadband;

13                  and

14                   (iii) miniature satellites;

15                  (3) any other technological advancements that  
16                  the Secretary determines to be critical to the Depart-  
17                  ment's mission along the Southwest border;

18                  (4) whether the use of the technological advances  
19                  described in paragraphs (2) and (3) will—

20                   (A) improve border security;

21                   (B) improve the capability of the Depart-  
22                   ment to accomplish its mission along the South-  
23                   west border;

24                   (C) reduce technology gaps along the South-  
25                   west border; and

1           (D) enhance the safety of any officer or  
2           agent of the Department or any other Federal  
3           agency;

4           (5) the Department's ongoing border security  
5           technology development efforts, including efforts by—

6                   (A) U.S. Customs and Border Protection;

7                   (B) the Science and Technology Directorate;

8           and

9                   (C) the technology assessment office of any  
10           other operational component;

11           (6) the technology needs for improving border se-  
12           curity, such as—

13                   (A) information technology or other com-  
14           puter or computing systems data capture;

15                   (B) biometrics;

16                   (C) cloud storage; and

17                   (D) intelligence data sharing capabilities  
18           among agencies within the Department;

19           (7) any other technological needs or factors, in-  
20           cluding border security infrastructure, such as phys-  
21           ical barriers or dual-purpose infrastructure, that the  
22           Secretary determines should be considered; and

23           (8) currently deployed technology or new tech-  
24           nology that would improve the Department's abil-  
25           ity—

1           (A) to reasonably achieve operational con-  
2           trol and situational awareness along the South-  
3           west border; and

4           (B) to collect metrics for securing the border  
5           at and between ports of entry, as required under  
6           subsections (b) and (c) of section 1092 of division  
7           A of the National Defense Authorization Act for  
8           Fiscal Year 2017 (6 U.S.C. 223).

9           (c) *UPDATES.*—

10           (1) *IN GENERAL.*—Not later than 2 years after  
11           the submission of the analysis required under sub-  
12           section (a), and biannually thereafter for the fol-  
13           lowing 4 years, the Secretary shall submit an update  
14           to such analysis to the appropriate congressional  
15           committees.

16           (2) *CONTENTS.*—Each update required under  
17           paragraph (1) shall include a plan for utilizing the  
18           resources of the Department to meet the border secu-  
19           rity technology needs and gaps identified pursuant to  
20           subsection (b), including developing or acquiring tech-  
21           nologies not currently in use by the Department that  
22           would allow the Department to bridge existing border  
23           technology gaps along the Southwest border.

1       (d) *ITEMS TO BE CONSIDERED.*—*In compiling the*  
2 *technology needs analysis and updates required under this*  
3 *section, the Secretary shall consider and examine—*

4           (1) *technology that is deployed and is sufficient*  
5 *for the Department’s use along the Southwest border;*

6           (2) *technology that is deployed, but is insuffi-*  
7 *cient for the Department’s use along the Southwest*  
8 *border; and*

9           (3) *technology that is not deployed, but is nec-*  
10 *essary for the Department’s use along the Southwest*  
11 *border;*

12           (4) *current formal departmental requirements*  
13 *documentation examining current border security*  
14 *threats and challenges faced by any component of the*  
15 *Department;*

16           (5) *trends and forecasts regarding migration*  
17 *across the Southwest border;*

18           (6) *the impact on projected staffing and deploy-*  
19 *ment needs for the Department, including staffing*  
20 *needs that may be fulfilled through the use of tech-*  
21 *nology;*

22           (7) *the needs and challenges faced by employees*  
23 *of the Department who are deployed along the South-*  
24 *west border;*

1           (8) *the need to improve cooperation among Fed-*  
2           *eral, State, tribal, local, and Mexican law enforce-*  
3           *ment entities to enhance security along the Southwest*  
4           *border;*

5           (9) *the privacy implications of existing tech-*  
6           *nology and the acquisition and deployment of new*  
7           *technologies and supporting infrastructure, with an*  
8           *emphasis on how privacy risks might be mitigated*  
9           *through the use of technology, training, and policy;*

10          (10) *the impact of any ongoing public health*  
11          *emergency that impacts Department operations along*  
12          *the Southwest border; and*

13          (11) *the ability of, and the needs for, the Depart-*  
14          *ment to assist with search and rescue efforts for indi-*  
15          *viduals or groups that may be in physical danger or*  
16          *in need of medical assistance.*

17          (e) *CLASSIFIED FORM.—To the extent possible, the*  
18          *Secretary shall submit the technology needs analysis and*  
19          *updates required under this section in unclassified form,*  
20          *but may submit such documents, or portions of such docu-*  
21          *ments, in classified form if the Secretary determines that*  
22          *such action is appropriate.*

1 **SEC. 102. SAFETY MANAGEMENT SYSTEMS.**

2 (a) *RULEMAKING PROCEEDING.*—

3 (1) *IN GENERAL.*—*Not later than 30 days after*  
 4 *the date of enactment of this title, the Administrator*  
 5 *shall initiate a rulemaking proceeding to require that*  
 6 *manufacturers that hold both a type certificate and a*  
 7 *production certificate issued pursuant to section*  
 8 *44704 of title 49, United States Code, where the*  
 9 *United States is the State of Design and State of*  
 10 *Manufacture, have in place a safety management sys-*  
 11 *tem that is consistent with the standards and rec-*  
 12 *ommended practices established by ICAO and con-*  
 13 *tained in annex 19 to the Convention on Inter-*  
 14 *national Civil Aviation (61 Stat. 1180), for such sys-*  
 15 *tems.*

16 (2) *CONTENTS OF REGULATIONS.*—*The regula-*  
 17 *tions issued under paragraph (1) shall, at a min-*  
 18 *imum—*

1           (A) *ensure safety management systems are*  
2           *consistent with, and complementary to, existing*  
3           *safety management systems;*

4           (B) *include provisions that would permit*  
5           *operational feedback from operators and pilots*  
6           *qualified on the manufacturers' equipment to en-*  
7           *sure that the operational assumptions made dur-*  
8           *ing design and certification remain valid;*

9           (C) *include provisions for the Administra-*  
10          *tor's approval of, and regular oversight of adher-*  
11          *ence to, a certificate holder's safety management*  
12          *system adopted pursuant to such regulations;*  
13          *and*

14          (D) *require such certificate holder to adopt,*  
15          *not later than 4 years after the date of enact-*  
16          *ment of this title, a safety management system.*

17          (b) *FINAL RULE DEADLINE.—Not later than 24*  
18          *months after initiating the rulemaking under subsection*  
19          *(a), the Administrator shall issue a final rule.*

20          (c) *SURVEILLANCE AND AUDIT REQUIREMENT.—The*  
21          *final rule issued pursuant to subsection (b) shall include*  
22          *a requirement for the Administrator to implement a sys-*  
23          *tems approach to risk-based surveillance by defining and*  
24          *planning inspections, audits, and monitoring activities on*  
25          *a continuous basis, to ensure that design and production*

1 *approval holders of aviation products meet and continue*  
2 *to meet safety management system requirements under the*  
3 *rule.*

4 (d) *ENGAGEMENT WITH ICAO.*—*The Administrator*  
5 *shall engage with ICAO and foreign civil aviation authori-*  
6 *ties to help encourage the adoption of safety management*  
7 *systems for manufacturers on a global basis, consistent with*  
8 *ICAO standards.*

9 (e) *SAFETY REPORTING PROGRAM.*—*The regulations*  
10 *issued under subsection (a) shall require a safety manage-*  
11 *ment system to include a confidential employee reporting*  
12 *system through which employees can report hazards, issues,*  
13 *concerns, occurrences, and incidents. A reporting system*  
14 *under this subsection shall include provisions for reporting,*  
15 *without concern for reprisal for reporting, of such items by*  
16 *employees in a manner consistent with confidential em-*  
17 *ployee reporting systems administered by the Adminis-*  
18 *trator. Such regulations shall also require a certificate hold-*  
19 *er described in subsection (a) to submit a summary of re-*  
20 *ports received under this subsection to the Administrator*  
21 *at least twice per year.*

22 (f) *CODE OF ETHICS.*—*The regulations issued under*  
23 *subsection (a) shall require a safety management system to*  
24 *include establishment of a code of ethics applicable to all*  
25 *appropriate employees of a certificate holder, including offi-*

1 *cers (as determined by the FAA), which clarifies that safety*  
2 *is the organization’s highest priority.*

3 *(g) PROTECTION OF SAFETY INFORMATION.—Section*  
4 *44735(a) of title 49, United States Code, is amended—*

5 *(1) by striking “title 5 if the report” and insert-*  
6 *ing the following: “title 5—*

7 *“(1) if the report”;*

8 *(2) by striking the period at the end and insert-*  
9 *ing “; or”; and*

10 *(3) by adding at the end the following:*

11 *“(2) if the report, data, or other information is*  
12 *submitted to the Federal Aviation Administration*  
13 *pursuant to section 102(e) of the Aircraft Certifi-*  
14 *cation, Safety, and Accountability Act.”.*

15 **SEC. 103. EXPERT REVIEW OF ORGANIZATION DESIGNA-**  
16 **TION AUTHORIZATIONS FOR TRANSPORT AIR-**  
17 **PLANES.**

18 *(a) EXPERT REVIEW.—*

19 *(1) ESTABLISHMENT.—Not later than 30 days*  
20 *after the date of enactment of this title, the Adminis-*  
21 *trator shall convene an expert panel (in this section*  
22 *referred to as the “review panel”) to review and make*  
23 *findings and recommendations on the matters listed*  
24 *in paragraph (2).*

1           (2) *CONTENTS OF REVIEW.*—*With respect to each*  
2           *holder of an organization designation authorization*  
3           *for the design and production of transport airplanes,*  
4           *the review panel shall review the following:*

5                   (A) *The extent to which the holder’s safety*  
6                   *management processes promote or foster a safety*  
7                   *culture consistent with the principles of the*  
8                   *International Civil Aviation Organization Safe-*

24    *States Code, is amended by striking subsection (e) and in-*  
25    *serting the following:*

1       “(e) *DISCLOSURE OF SAFETY CRITICAL INFORMA-*  
2 *TION.—*

3               “(1) *IN GENERAL.—Notwithstanding a delega-*  
4 *tion described in section 44702(d), the Administrator*  
5 *shall require an applicant for, or holder of, a type*  
6 *certificate for a transport category airplane covered*  
7 *under part 25 of title 14, Code of Federal Regula-*  
8 *tions, to submit safety critical information with re-*  
9 *spect to such airplane to the Administrator in such*  
10 *form, manner, or time as the Administrator may re-*  
11 *quire. Such safety critical information shall in-*  
12 *clude—*

13                       “(A) *any design and operational details, in-*  
14 *tended functions, and failure modes of any sys-*  
15 *tem that, without being commanded by the flight*  
16 *crew, commands the operation of any safety crit-*  
17 *ical function or feature required for control of an*  
18 *airplane during flight or that otherwise changes*  
19 *the flight path or airspeed of an airplane;*

20                       “(B) *the design and operational details, in-*  
21 *tended functions, failure modes, and mode*  
22 *annunciations of autopilot and autothrottle sys-*  
23 *tems, if applicable;*

24                       “(C) *any failure or operating condition that*  
25 *the applicant or holder anticipates or has con-*

1 *cluded would result in an outcome with a sever-*  
2 *ity level of hazardous or catastrophic, as defined*  
3 *in the appropriate Administration airworthiness*  
4 *requirements and guidance applicable to trans-*  
5 *port category airplanes defining risk severity;*

6 *“(D) any adverse handling quality that*  
7 *fails to meet the requirements of applicable regu-*  
8 *lations without the addition of a software system*  
9 *to augment the flight controls of the airplane to*  
10 *produce compliant handling qualities; and*

11 *“(E) a system safety assessment with re-*  
12 *spect to a system described in subparagraph (A)*  
13 *or (B) or with respect to any component or other*  
14 *system for which failure or erroneous operation*  
15 *of such component or system could result in an*  
16 *outcome with a severity level of hazardous or cat-*  
17 *astrophic, as defined in the appropriate Admin-*  
18 *istration airworthiness requirements and guid-*  
19 *ance applicable to transport category airplanes*  
20 *defining risk severity.*

21 *“(2) ONGOING COMMUNICATIONS.—*

22 *“(A) NEWLY DISCOVERED INFORMATION.—*  
23 *The Administrator shall require that an appli-*  
24 *cant for, or holder of, a type certificate disclose*  
25 *to the Administrator, in such form, manner, or*

1           *time as the Administrator may require, any*  
2           *newly discovered information or design or anal-*  
3           *ysis change that would materially alter any sub-*  
4           *mission to the Administrator under paragraph*  
5           *(1).*

6           “(B) *SYSTEM DEVELOPMENT CHANGES.*—

7           *The Administrator shall establish multiple mile-*  
8           *stones throughout the certification process at*  
9           *which a proposed airplane system will be as-*  
10          *essed to determine whether any change to such*  
11          *system during the certification process is such*  
12          *that such system should be considered novel or*  
13          *unusual by the Administrator.*

14          “(3) *FLIGHT MANUALS.*—*The Administrator*

15          *shall ensure that an airplane flight manual and a*  
16          *flight crew operating manual (as appropriate or ap-*  
17          *plicable) for an airplane contains a description of the*  
18          *operation of a system described in paragraph (1)(A)*  
19          *and flight crew procedures for responding to a failure*  
20          *or aberrant operation of such system.*

21          “(4) *CIVIL PENALTY.*—

22          “(A) *AMOUNT.*—*Notwithstanding section*  
23          *46301, an applicant for, or holder of, a type cer-*  
24          *tificate that knowingly violates paragraph (1),*  
25          *(2), or (3) of this subsection shall be liable to the*

1 Administrator for a civil penalty of not more  
2 than \$1,000,000 for each violation.

3 “(B) *PENALTY CONSIDERATIONS.*—In deter-  
4 mining the amount of a civil penalty under sub-  
5 paragraph (A), the Administrator shall con-  
6 sider—

7 “(i) the nature, circumstances, extent,  
8 and gravity of the violation, including the  
9 length of time that such safety critical in-  
10 formation was known but not disclosed; and

11 “(ii) with respect to the violator, the  
12 degree of culpability, any history of prior  
13 violations, and the size of the business con-  
14 cern.

15 “(5) *REVOCATION AND CIVIL PENALTY FOR INDI-*  
16 *VIDUALS.*—

17 “(A) *IN GENERAL.*—The Administrator  
18 shall revoke any airline transport pilot certifi-  
19 cate issued under section 44703 held by any in-  
20 dividual who, while acting on behalf of an appli-  
21 cant for, or holder of, a type certificate, know-  
22 ingly makes a false statement with respect to  
23 any of the matters described in subparagraphs  
24 (A) through (E) of paragraph (1).

1           “(B) *AUTHORITY TO IMPOSE CIVIL PEN-*  
2           *ALTY.—The Administrator may impose a civil*  
3           *penalty under section 46301 for each violation*  
4           *described in subparagraph (A).*

5           “(6) *RULE OF CONSTRUCTION.—Nothing in this*  
6           *subsection shall be construed to affect or otherwise in-*  
7           *hibit the authority of the Administrator to deny an*  
8           *application by an applicant for a type certificate or*  
9           *to revoke or amend a type certificate of a holder of*  
10          *such certificate.*

11          “(7) *DEFINITION OF TYPE CERTIFICATE.—In*  
12          *this subsection, the term ‘type certificate’—*

13                 “(A) *means a type certificate issued under*  
14                 *subsection (a) or an amendment to such certifi-*  
15                 *cate; and*

16                 “(B) *does not include a supplemental type*  
17                 *certificate issued under subsection (b).”.*

18          “(b) *CIVIL PENALTY AUTHORITY.—Section 44704 of*  
19          *title 49, United States Code, is further amended by adding*  
20          *at the end the following:*

21                 “(f) *HEARING REQUIREMENT.—The Administrator*  
22                 *may find that a person has violated subsection (a)(6) or*  
23                 *paragraph (1), (2), or (3) of subsection (e) and impose a*  
24                 *civil penalty under the applicable subsection only after no-*

1 *tice and an opportunity for a hearing. The Administrator*  
2 *shall provide a person—*

3           “(1) *written notice of the violation and the*  
4 *amount of penalty; and*

5           “(2) *the opportunity for a hearing under subpart*  
6 *G of part 13 of title 14, Code of Federal Regula-*  
7 *tions.”.*

8           *(c) REQUIRED SUBMISSION OF OUTLINE OF SYSTEM*  
9 *CHANGES AT THE BEGINNING OF THE CERTIFICATION*  
10 *PROCESS.—*

11           *(1) IN GENERAL.—Not later than 180 days after*  
12 *the date of enactment of this title, the Administrator*  
13 *shall initiate a process to revise procedures to require*  
14 *an applicant for an amendment to a type certificate*  
15 *for a transport category aircraft to disclose to the Ad-*  
16 *ministrator, in a single document submitted at the*  
17 *beginning of the process for amending such certificate,*  
18 *all new systems and intended changes to existing sys-*  
19 *tems then known to such applicant. The Adminis-*  
20 *trator shall finalize the revision of such procedures*  
21 *not later than 18 months after initiating such proc-*  
22 *ess.*

23           *(2) APPLICATION.—Compliance with the proce-*  
24 *dures revised pursuant to paragraph (1) shall not*  
25 *preclude an applicant from making additional*

1 *changes to aircraft systems as the design and applica-*  
2 *tion process proceeds.*

3 (3) *SAVINGS PROVISION.—Nothing in this sub-*  
4 *section may be construed to limit the obligations of*  
5 *an applicant for an amended type certificate for a*  
6 *transport category airplane under section 44704(e) of*  
7 *title 49, United States Code, as amended in this title.*

8 **SEC. 106. LIMITATION ON DELEGATION.**

9 *Section 44702(d) of title 49, United States Code, is*  
10 *amended by adding at the end the following:*

11 *“(4)(A) With respect to a critical system design feature*  
12 *of a transport category airplane, the Administrator may*  
13 *not delegate any finding of compliance with applicable air-*  
14 *worthiness standards or review of any system safety assess-*  
15 *ment required for the issuance of a certificate, including*  
16 *a type certificate, or amended or supplemental type certifi-*  
17 *cate, under section 44704, until the Administrator has re-*  
18 *viewed and validated any underlying assumptions related*  
19 *to human factors.*

20 *“(B) The requirement under subparagraph (A) shall*  
21 *not apply if the Administrator determines the matter in-*  
22 *volved is a routine task.*

23 *“(C) For purposes of subparagraph (A), the term crit-*  
24 *ical system design feature includes any feature (including*  
25 *a novel or unusual design feature) for which the failure of*

1 *such feature, either independently or in combination with*  
2 *other failures, could result in catastrophic or hazardous*  
3 *failure conditions, as those terms are defined by the Admin-*  
4 *istrator.”.*

5 **SEC. 107. OVERSIGHT OF ORGANIZATION DESIGNATION AU-**  
6 **THORIZATION UNIT MEMBERS.**

7 *(a) IN GENERAL.—Chapter 447 of title 49, United*  
8 *States Code, is amended by adding at the end the following:*  
9 **“§44741. Approval of organization designation au-**  
10 **thorization unit members**

11 *“(a) IN GENERAL.—Beginning January 1, 2022, each*  
12 *individual who is selected on or after such date to become*  
13 *an ODA unit member by an ODA holder engaged in the*  
14 *design of an aircraft, aircraft engine, propeller, or appli-*  
15 *ance and performs an authorized function pursuant to a*  
16 *delegation by the Administrator of the Federal Aviation Ad-*  
17 *ministration under section 44702(d)—*

18 *“(1) shall be—*

19 *“(A) an employee, a contractor, or a con-*  
20 *sultant of the ODA holder; or*

21 *“(B) the employee of a supplier of the ODA*  
22 *holder; and*

23 *“(2) may not become a member of such unit un-*  
24 *less approved by the Administrator pursuant to this*  
25 *section.*

1       “(b) *PROCESS AND TIMELINE.*—

2               “(1) *IN GENERAL.*—*The Administrator shall*  
3       *maintain an efficient process for the review and ap-*  
4       *proval of an individual to become an ODA unit mem-*  
5       *ber under this section.*

6               “(2) *PROCESS.*—*An ODA holder described in*  
7       *subsection (a) may submit to the Administrator an*  
8       *application for an individual to be approved to be-*  
9       *come an ODA unit member under this section. The*  
10       *application shall be submitted in such form and man-*  
11       *ner as the Administrator determines appropriate. The*  
12       *Administrator shall require an ODA holder to submit*  
13       *with such an application information sufficient to*  
14       *demonstrate an individual’s qualifications under sub-*  
15       *section (c).*

16               “(3) *TIMELINE.*—*The Administrator shall ap-*  
17       *prove or reject an individual that is selected by an*  
18       *ODA holder to become an ODA unit member under*  
19       *this section not later than 30 days after the receipt*  
20       *of an application by an ODA holder.*

21               “(4) *DOCUMENTATION OF APPROVAL.*—*Upon ap-*  
22       *proval of an individual to become an ODA unit mem-*  
23       *ber under this section, the Administrator shall pro-*  
24       *vide such individual a letter confirming that such in-*

1 *dividual has been approved by the Administrator*  
2 *under this section to be an ODA unit member.*

3 “(5) *REAPPLICATION.*—*An ODA holder may sub-*  
4 *mit an application under this subsection for an indi-*  
5 *vidual to become an ODA unit member under this*  
6 *section regardless of whether an application for such*  
7 *individual was previously rejected by the Adminis-*  
8 *trator.*

9 “(c) *QUALIFICATIONS.*—

10 “(1) *IN GENERAL.*—*The Administrator shall*  
11 *issue minimum qualifications for an individual to be-*  
12 *come an ODA unit member under this section. In*  
13 *issuing such qualifications, the Administrator shall*  
14 *consider existing qualifications for Administration*  
15 *employees with similar duties and whether such indi-*  
16 *vidual—*

17 “(A) *is technically proficient and qualified*  
18 *to perform the authorized functions sought;*

19 “(B) *has no recent record of serious enforce-*  
20 *ment action, as determined by the Adminis-*  
21 *trator, taken by the Administrator with respect*  
22 *to any certificate, approval, or authorization*  
23 *held by such individual;*

24 “(C) *is of good moral character (as such*  
25 *qualification is applied to an applicant for an*

1           *airline transport pilot certificate issued under*  
2           *section 44703);*

3           “(D) *possesses the knowledge of applicable*  
4           *design or production requirements in this chap-*  
5           *ter and in title 14, Code of Federal Regulations,*  
6           *necessary for performance of the authorized func-*  
7           *tions sought;*

8           “(E) *possesses a high degree of knowledge of*  
9           *applicable design or production principles, sys-*  
10          *tem safety principles, or safety risk management*  
11          *processes appropriate for the authorized func-*  
12          *tions sought; and*

13          “(F) *meets such testing, examination, train-*  
14          *ing, or other qualification standards as the Ad-*  
15          *ministrator determines are necessary to ensure*  
16          *the individual is competent and capable of per-*  
17          *forming the authorized functions sought.*

18          “(2) *PREVIOUSLY REJECTED APPLICATION.—In*  
19          *reviewing an application for an individual to become*  
20          *an ODA unit member under this section, if an appli-*  
21          *cation for such individual was previously rejected, the*  
22          *Administrator shall ensure that the reasons for the*  
23          *prior rejection have been resolved or mitigated to the*  
24          *Administrator’s satisfaction before making a deter-*  
25          *mination on the individual’s reapplication.*

1       “(d) *RESCISSION OF APPROVAL.*—*The Administrator*  
2 *may rescind an approval of an individual as an ODA unit*  
3 *member granted pursuant to this section at any time and*  
4 *for any reason the Administrator considers appropriate.*  
5 *The Administrator shall develop procedures to provide for*  
6 *notice and opportunity to appeal rescission decisions made*  
7 *by the Administrator. Such decisions by the Administrator*  
8 *are not subject to judicial review.*

9       “(e) *CONDITIONAL SELECTIONS.*—

10           “(1) *IN GENERAL.*—*Subject to the requirements*  
11 *of this subsection, the Administrator may authorize*  
12 *an ODA holder to conditionally designate an indi-*  
13 *vidual to perform the functions of an ODA unit mem-*  
14 *ber for a period of not more than 30 days (beginning*  
15 *on the date an application for such individual is sub-*  
16 *mitted under subsection (b)(2)).*

17           “(2) *REQUIRED DETERMINATION.*—*The Adminis-*  
18 *trator may not make an authorization under para-*  
19 *graph (1) unless—*

20                   “(A) *the ODA holder has instituted, to the*  
21 *Administrator’s satisfaction, systems and proc-*  
22 *esses to ensure the integrity and reliability of de-*  
23 *terminations by conditionally-designated ODA*  
24 *unit members; and*

1           “(B) the ODA holder has instituted a safety  
2           management system in accordance with regula-  
3           tions issued by the Administrator under section  
4           102 of the Aircraft Certification, Safety, and Ac-  
5           countability Act.

6           “(3) *FINAL DETERMINATION.*—The Adminis-  
7           trator shall approve or reject the application for an  
8           individual designated under paragraph (1) in accord-  
9           ance with the timeline and procedures described in  
10          subsection (b).

11          “(4) *REJECTION AND REVIEW.*—If the Adminis-  
12          trator rejects the application submitted under sub-  
13          section (b)(2) for an individual conditionally des-  
14          ignated under paragraph (1), the Administrator shall  
15          review and approve or disapprove any decision pur-  
16          suant to any authorized function performed by such  
17          individual during the period such individual served  
18          as a conditional designee.

19          “(5) *PROHIBITIONS.*—Notwithstanding the re-  
20          quirements of paragraph (2), the Administrator may  
21          prohibit an ODA holder from making conditional des-  
22          ignations of individuals as ODA unit members under  
23          this subsection at any time for any reason the Ad-  
24          ministrator considers appropriate. The Administrator  
25          may prohibit any conditionally designated individual

1 *from performing an authorized function at any time*  
2 *for any reason the Administrator considers appro-*  
3 *priate.*

4 “(f) *RECORDS AND BRIEFINGS.*—

5 “(1) *IN GENERAL.*—*Beginning on the date de-*  
6 *scribed in subsection (a), an ODA holder shall main-*  
7 *tain, for a period to be determined by the Adminis-*  
8 *trator and with proper protections to ensure the secu-*  
9 *rity of sensitive and personal information—*

10 “(A) *any data, applications, records, or*  
11 *manuals required by the ODA holder’s approved*  
12 *procedures manual, as determined by the Admin-*  
13 *istrator;*

14 “(B) *the names, responsibilities, qualifica-*  
15 *tions, and example signature of each member of*  
16 *the ODA unit who performs an authorized func-*  
17 *tion pursuant to a delegation by the Adminis-*  
18 *trator under section 44702(d);*

19 “(C) *training records for ODA unit mem-*  
20 *bers and ODA administrators; and*

21 “(D) *any other data, applications, records,*  
22 *or manuals determined appropriate by the Ad-*  
23 *ministrator.*

24 “(2) *CONGRESSIONAL BRIEFING.*—*Not later than*  
25 *90 days after the date of enactment of this section,*

1 *and every 90 days thereafter through September 30,*  
2 *2023, the Administrator shall provide a briefing to*  
3 *the Committee on Transportation and Infrastructure*  
4 *of the House of Representatives and the Committee on*  
5 *Commerce, Science, and Transportation of the Senate*  
6 *on the implementation and effects of this section, in-*  
7 *cluding—*

8 *“(A) the Administration’s performance in*  
9 *completing reviews of individuals and approving*  
10 *or denying such individuals within the timeline*  
11 *required under subsection (b)(3);*

12 *“(B) for any individual rejected by the Ad-*  
13 *ministrator under subsection (b) during the pre-*  
14 *ceding 90-day period, the reasoning or basis for*  
15 *such rejection; and*

16 *“(C) any resource, staffing, or other chal-*  
17 *lenges within the Administration associated with*  
18 *implementation of this section.*

19 *“(g) SPECIAL REVIEW OF QUALIFICATIONS.—*

20 *“(1) IN GENERAL.—Not later than 30 days after*  
21 *the issuance of minimum qualifications under sub-*  
22 *section (c), the Administrator shall initiate a review*  
23 *of the qualifications of each individual who on the*  
24 *date on which such minimum qualifications are*  
25 *issued is an ODA unit member of a holder of a type*

1 *certificate for a transport airplane to ensure such in-*  
2 *dividual meets the minimum qualifications issued by*  
3 *the Administrator under subsection (c).*

4 “(2) *UNQUALIFIED INDIVIDUAL.*—*For any indi-*  
5 *vidual who is determined by the Administrator not to*  
6 *meet such minimum qualifications pursuant to the*  
7 *review conducted under paragraph (1), the Adminis-*  
8 *trator—*

9 “(A) *shall determine whether the lack of*  
10 *qualification may be remedied and, if so, provide*  
11 *such individual with an action plan or schedule*  
12 *for such individual to meet such qualifications;*  
13 *or*

14 “(B) *may, if the Administrator determines*  
15 *the lack of qualification may not be remedied,*  
16 *take appropriate action, including prohibiting*  
17 *such individual from performing an authorized*  
18 *function.*

19 “(3) *DEADLINE.*—*The Administrator shall com-*  
20 *plete the review required under paragraph (1) not*  
21 *later than 18 months after the date on which such re-*  
22 *view was initiated.*

23 “(4) *SAVINGS CLAUSE.*—*An individual approved*  
24 *to become an ODA unit member of a holder of a type*  
25 *certificate for a transport airplane under subsection*

1       (a) shall not be subject to the review under this sub-  
2       section.

3       “(h) *PROHIBITION.*—*The Administrator may not au-*  
4 *thorize an organization or ODA holder to approve an indi-*  
5 *vidual selected by an ODA holder to become an ODA unit*  
6 *member under this section.*

7       “(i) *DEFINITIONS.*—

8               “(1) *GENERAL APPLICABILITY.*—*The definitions*  
9 *contained in section 44736(c) shall apply to this sec-*  
10 *tion.*

11              “(2) *TRANSPORT AIRPLANE.*—*The term ‘trans-*  
12 *port airplane’ means a transport category airplane*  
13 *designed for operation by an air carrier or foreign air*  
14 *carrier type-certificated with a passenger seating ca-*  
15 *capacity of 30 or more or an all-cargo or combi deriva-*  
16 *tive of such an airplane.*

17       “(j) *AUTHORIZATION OF APPROPRIATIONS.*—*There is*  
18 *authorized to be appropriated to carry out this section*  
19 *\$3,000,000 for each of fiscal years 2021 through 2023.*

20       **“§44742. Interference with the duties of organization**  
21                       **designation authorization unit members**

22       “(a) *IN GENERAL.*—*The Administrator of the Federal*  
23 *Aviation Administration shall continuously seek to elimi-*  
24 *nate or minimize interference by an ODA holder that affects*

1 *the performance of authorized functions by ODA unit mem-*  
2 *bers.*

3 “(b) *PROHIBITION.*—

4 “(1) *IN GENERAL.*—*It shall be unlawful for any*  
5 *individual who is a supervisory employee of an ODA*  
6 *holder that manufactures a transport category air-*  
7 *plane to commit an act of interference with an ODA*  
8 *unit member’s performance of authorized functions.*

9 “(2) *CIVIL PENALTY.*—

10 “(A) *INDIVIDUALS.*—*An individual shall be*  
11 *subject to a civil penalty under section*  
12 *46301(a)(1) for each violation under paragraph*  
13 *(1).*

14 “(B) *SAVINGS CLAUSE.*—*Nothing in this*  
15 *paragraph shall be construed as limiting or con-*  
16 *stricting any other authority of the Adminis-*  
17 *trator to pursue an enforcement action against*  
18 *an individual or organization for violation of*  
19 *applicable Federal laws or regulations of the Ad-*  
20 *ministration.*

21 “(c) *REPORTING.*—

22 “(1) *REPORTS TO ODA HOLDER.*—*An ODA unit*  
23 *member of an ODA holder that manufactures a trans-*  
24 *port category airplane shall promptly report any in-*

1 *stances of interference to the office of the ODA holder*  
2 *that is designated to receive such reports.*

16           (5) *any other subject matter expert whom the*  
17 *Administrator determines appropriate.*

18       (c) *AVAILABILITY.—In order to carry out its duties*  
19 *with respect to the areas specified in subsection (d), a*  
20 *project team shall be available to the Administrator, upon*  
21 *request, at any time during the certification process.*

22       (d) *DUTIES.—A project team shall advise the Adminis-*  
23 *trator and make written recommendations to the Adminis-*  
24 *trator, to be retained in the certification project file, includ-*  
25 *ing recommendations for any plans, analyses, assessments,*

1 *and reports required to support and document the certifi-*  
2 *cation project, in the following areas associated with a new*  
3 *technology or novel design:*

4           (1) *Initial review of design proposals proposed*  
5 *by the applicant and the establishment of the certifi-*  
6 *cation basis.*

7           (2) *Identification of new technology, novel de-*  
8 *sign, or safety critical design features or systems that*  
9 *are potentially catastrophic, either alone or in com-*  
10 *bination with another failure.*

11           (3) *Determination of compliance findings, sys-*  
12 *tem safety assessments, and safety critical functions*  
13 *the Administration should retain in terms of new*  
14 *technology, novel design, or safety critical design fea-*  
15 *tures or systems.*

16           (4) *Evaluation of the Administration's expertise*  
17 *or experience necessary to support the project.*

18           (5) *Review and evaluation of an applicant's re-*  
19 *quest for exceptions or exemptions from compliance*  
20 *with airworthiness standards codified in title 14 of*  
21 *the Code of Federal Regulations, as in effect on the*  
22 *date of application for the change.*

23           (6) *Conduct of design reviews, procedure evalua-*  
24 *tions, and training evaluations.*

1           (7) *Review of the applicant's final design docu-*  
2           *mentation and other data to evaluate compliance*  
3           *with all relevant Administration regulations.*

4           (e) *DOCUMENTATION OF FAA RESPONSE.—The Ad-*  
5           *ministrator shall provide a written response to each rec-*  
6           *ommendation of each project team and shall retain such*  
7           *response in the certification project file.*

8           (f) *REPORT.—Not later than 1 year after the date of*  
9           *enactment of this section, and annually thereafter through*  
10          *fiscal year 2023, the Administrator shall submit to the con-*  
11          *gressional committees of jurisdiction a report on the estab-*  
12          *lishment of each integrated project team in accordance with*  
13          *this section during such fiscal year, including the role and*  
14          *composition of each such project team.*

15          **SEC. 109. OVERSIGHT INTEGRITY BRIEFING.**

16          *Not later than 1 year after the date of enactment of*  
17          *this title, the Administrator shall brief the congressional*  
18          *committees of jurisdiction on specific measures the Admin-*  
19          *istrator has taken to reinforce that each employee of the Ad-*  
20          *ministration responsible for overseeing an organization des-*  
21          *ignation authorization with respect to the certification of*  
22          *aircraft perform such responsibility in accordance with*

19                  *type certificate applicant;*

20                  “(iv) *initial review by appropriate Ad-*  
21                  *ministration employees of any appeal de-*  
22                  *scribed in subparagraph (A)(ii); and*

23                  “(v) *subsequent review of any further*  
24                  *appeal by appropriate management per-*

1 *sonnel of the Administration and the Asso-*  
2 *ciate Administrator for Aviation Safety.*

3 “(C) *DISPOSITION.*—

4 “(i) *WRITTEN DECISION.*—*The Asso-*  
5 *ciate Administrator for Aviation Safety*  
6 *shall issue a written decision that states the*  
7 *grounds for the decision of the Associate Ad-*  
8 *ministrator on—*

9 “(I) *each appeal submitted under*  
10 *subparagraph (A)(ii); and*

11 “(II) *An appeal to the Associate*  
12 *Administrator submitted under sub-*  
13 *paragraph (B)(v).*

14 “(ii) *REPORT TO CONGRESS.*—*Not*  
15 *later than December 31 of each calendar*  
16 *year through calendar year 2025, the Ad-*  
17 *ministrator shall submit to the Committee*  
18 *on Transportation and Infrastructure of the*  
19 *House of Representatives and the Committee*  
20 *on Commerce, Science, and Transportation*  
21 *of the Senate a report summarizing each*  
22 *appeal resolved under this subsection.*

23 “(D) *FINAL REVIEW.*—

24 “(i) *IN GENERAL.*—*A written decision*  
25 *of the Associate Administrator under sub-*

1           *paragraph (C) may be appealed to the Ad-*  
2           *ministrator for a final review and deter-*  
3           *mination.*

4           “(ii) *DECLINE TO REVIEW.*—*The Ad-*  
5           *ministrator may decline to review an ap-*  
6           *peal initiated pursuant to clause (i).*

7           “(iii) *JUDICIAL REVIEW.*—*No decision*  
8           *under this paragraph (including a decision*  
9           *to decline to review an appeal) shall be sub-*  
10          *ject to judicial review.*

11          “(2) *PROHIBITED CONTACTS.*—

12           “(A) *PROHIBITION GENERALLY.*—*During*  
13           *the course of an appeal under this subsection, no*  
14           *covered official may engage in an ex parte com-*  
15           *munication (as defined in section 551 of title 5)*  
16           *with an individual representing or acting on be-*  
17           *half of an applicant for, or holder of, a certifi-*  
18           *cate under this section in relation to such appeal*  
19           *unless such communication is disclosed pursuant*  
20           *to subparagraph (B).*

21           “(B) *DISCLOSURE.*—*If, during the course of*  
22           *an appeal under this subsection, a covered offi-*  
23           *cial engages in, receives, or is otherwise made*  
24           *aware of an ex parte communication, the covered*  
25           *official shall disclose such communication in the*

1           *public record at the time of the issuance of the*  
2           *written decision under paragraph (1)(C), includ-*  
3           *ing the time and date of the communication,*  
4           *subject of communication, and all persons en-*  
5           *gaged in such communication.*

6           “(3) *DEFINITIONS.—In this subsection:*

2 *ceding sentence for any fiscal year shall remain available*  
3 *until expended.”.*

4 (b) *TABLE OF CONTENTS.—The analysis for chapter*  
5 *445 of title 49, United States Code, is amended by inserting*  
6 *after the item relating to section 44518 the following:*

*“44519. Certification personnel continuing education and training.”.*

7 **SEC. 113. VOLUNTARY SAFETY REPORTING PROGRAM.**

8 (a) *IN GENERAL.—Not later than 1 year after the date*  
9 *of enactment of this title, the Administrator shall establish*  
10 *a voluntary safety reporting program for engineers, safety*  
11 *inspectors, systems safety specialists, and other subject mat-*  
12 *ter experts certified under section 7111 of title 5, United*  
13 *States Code, to confidentially report instances where they*  
14 *have identified safety concerns during certification or over-*  
15 *sight processes.*

16 (b) *SAFETY REPORTING PROGRAM REQUIREMENTS.—*  
17 *In establishing the safety reporting program under sub-*  
18 *section (a), the Administrator shall ensure the following:*

19 (1) *The FAA maintains a reporting culture that*  
20 *encourages human factors specialists, engineers, flight*  
21 *test pilots, inspectors, and other appropriate FAA em-*  
22 *ployees to voluntarily report safety concerns.*

23 (2) *The safety reporting program is non-puni-*  
24 *tive, confidential, and protects employees from adverse*

1     *employment actions related to their participation in*  
2     *the program.*

3             (3) *The safety reporting program identifies ex-*  
4     *clusionary criteria for the program.*

5             (4) *Collaborative development of the program*  
6     *with bargaining representatives of employees under*  
7     *section 7111 of title 5, United States Code, who are*  
8     *employed in the Aircraft Certification Service or*  
9     *Flight Standards Service of the Administration (or, if*  
10    *unable to reach an agreement collaboratively, the Ad-*  
11    *ministrator shall negotiate with the representatives in*  
12    *accordance with section 40122(a) of title 49, United*  
13    *States Code, regarding the development of the pro-*  
14    *gram).*

15            (5) *Full and collaborative participation in the*  
16    *program by the bargaining representatives of employ-*  
17    *ees described in paragraph (4).*

18            (6) *The Administrator thoroughly reviews safety*  
19    *reports to determine whether there is a safety issue,*  
20    *including a hazard, defect, noncompliance, non-*  
21    *conformance, or process error.*

22            (7) *The Administrator thoroughly reviews safety*  
23    *reports to determine whether any aircraft certifi-*  
24    *cation process contributed to the safety concern being*  
25    *raised.*

1           (8) *The creation of a corrective action process in*  
2           *order to address safety issues that are identified*  
3           *through the program.*

4           (c) *OUTCOMES.—Results of safety report reviews under*  
5           *this section may be used to—*

6           (1) *improve—*

7                   (A) *safety systems, hazard control, and risk*  
8                   *reduction;*

9                   (B) *certification systems;*

10                  (C) *FAA oversight;*

11                  (D) *compliance and conformance; and*

12                  (E) *any other matter determined necessary*  
13                  *by the Administrator; and*

14           (2) *implement lessons learned.*

15           (d) *REPORT FILING.—The Administrator shall estab-*  
16           *lish requirements for when in the certification process re-*  
17           *ports may be filed to—*

18                   (1) *ensure that identified issues can be addressed*  
19                   *in a timely manner; and*

20                   (2) *foster open dialogue between applicants and*  
21                   *FAA employees throughout the certification process.*

22           (e) *INTEGRATION WITH OTHER SAFETY REPORTING*  
23           *PROGRAMS.—The Administrator shall implement the safety*  
24           *reporting program established under subsection (a) and the*  
25           *reporting requirements established pursuant to subsection*

1 *(d) in a manner that is consistent with other voluntary*  
2 *safety reporting programs administered by the Adminis-*  
3 *trator.*

4 *(f) REPORT TO CONGRESS.—Not later than 2 years*  
5 *after the date of enactment of this title, and annually there-*  
6 *after through fiscal year 2023, the Administrator shall sub-*  
7 *mit to the congressional committees of jurisdiction a report*  
8 *on the effectiveness of the safety reporting program estab-*  
9 *lished under subsection (a).*

10 **SEC. 114. COMPENSATION LIMITATION.**

11 *Section 106(l) of title 49, United States Code, is*  
12 *amended by adding at the end the following:*

13 *“(7) PROHIBITION ON CERTAIN PERFORMANCE-*  
14 *BASED INCENTIVES.—No employee of the Administra-*  
15 *tion shall be given an award, financial incentive, or*  
16 *other compensation, as a result of actions to meet per-*  
17 *formance goals related to meeting or exceeding sched-*  
18 *ules, quotas, or deadlines for certificates issued under*  
19 *section 44704.”.*

20 **SEC. 115. SYSTEM SAFETY ASSESSMENTS AND OTHER RE-**  
21 **QUIREMENTS.**

22 *(a) IN GENERAL.—Not later than 2 years after the*  
23 *date of enactment of this title, the Administrator shall issue*  
24 *such regulations as are necessary to amend part 25 of title*  
25 *14, Code of Federal Regulations, and any associated advi-*

1 *sory circular, guidance, or policy of the Administration, in*  
2 *accordance with this section.*

3 (b) *SYSTEM SAFETY ASSESSMENTS AND OTHER RE-*  
4 *QUIREMENTS.—In developing regulations under subsection*  
5 *(a), the Administrator shall—*

6 (1) *require an applicant for an amended type*  
7 *certificate for a transport airplane to—*

8 (A) *perform a system safety assessment with*  
9 *respect to each proposed design change that the*  
10 *Administrator determines is significant, with*  
11 *such assessment considering the airplane-level ef-*  
12 *fects of individual errors, malfunctions, or fail-*  
13 *ures and realistic pilot response times to such er-*  
14 *rors, malfunctions, or failures;*

15 (B) *update such assessment to account for*  
16 *each subsequent proposed design change that the*  
17 *Administrator determines is significant;*

18 (C) *provide appropriate employees of the*  
19 *Administration with the data and assumptions*  
20 *underlying each assessment and amended assess-*  
21 *ment; and*

22 (D) *provide for document traceability and*  
23 *clarity of explanations for changes to aircraft*  
24 *type designs and system safety assessment certifi-*  
25 *cation documents; and*

1           (2) *work with other civil aviation authorities*  
2           *representing states of design to ensure such regula-*  
3           *tions remain harmonized internationally.*

4           (c) *GUIDANCE.—Guidance or an advisory circular*  
5           *issued under subsection (a) shall, at minimum—*

6           (1) *emphasize the importance of clear docu-*  
7           *mentation of the technical details and failure modes*  
8           *and effects of a design change described in subsection*  
9           *(b)(1); and*

10          (2) *ensure appropriate review of any change that*  
11          *results in a functional hazard assessment classifica-*  
12          *tion of major or greater, as such term is defined in*  
13          *FAA Advisory Circular 25.1309-1A (or any successor*  
14          *or replacement document).*

15          (d) *FAA REVIEW.—Appropriate employees of the Air-*  
16          *craft Certification Service and the Flight Standards Service*  
17          *of the Administration shall review each system safety assess-*  
18          *ment required under subsection (b)(1)(A), updated assess-*  
19          *ment required under subsection (b)(1)(B), and supporting*  
20          *data and assumptions required under subsection (b)(1)(C),*  
21          *to ensure that each such assessment sufficiently addresses*  
22          *the considerations listed in subsection (b)(1)(A).*

23          **SEC. 116. FLIGHT CREW ALERTING.**

24          (a) *IN GENERAL.—Not later than 1 year after the date*  
25          *of enactment of this title, the Administrator shall imple-*

1 *ment National Transportation Safety Board recommenda-*  
2 *tions A-19-11 and A-19-12 (as contained in the safety rec-*  
3 *ommendation report adopted on September 9, 2019).*

4 (b) *PROHIBITION.—Beginning on the date that is 2*  
5 *years after the date of enactment of this title, the Adminis-*  
6 *trator may not issue a type certificate for a transport cat-*  
7 *egory aircraft unless—*

8 (1) *in the case of a transport airplane, such air-*  
9 *plane incorporates a flight crew alerting system that,*  
10 *at a minimum, displays and differentiates among*  
11 *warnings, cautions, and advisories, and includes*  
12 *functions to assist the flight crew in prioritizing cor-*  
13 *rective actions and responding to systems failures; or*

14 (2) *in the case of a transport category aircraft*  
15 *other than a transport airplane, the type certificate*  
16 *applicant provides a means acceptable to the Admin-*  
17 *istrator to assist the flight crew in prioritizing correc-*  
18 *tive actions and responding to systems failures (in-*  
19 *cluding by cockpit or flight manual procedures).*

20 (c) *EXISTING AIRPLANE DESIGNS.—It is the sense of*  
21 *Congress that the FAA shall ensure that any system safety*  
22 *assessment with respect to the Boeing 737-7, 737-8, 737-*  
23 *9, and 737-10 airplanes, as described in National Trans-*  
24 *portation Safety Board recommendation A-19-10, is con-*  
25 *ducted in accordance with such recommendation.*

1 **SEC. 117. CHANGED PRODUCT RULE.**

2 (a) *REVIEW AND REEVALUATION OF AMENDED TYPE*  
3 *CERTIFICATES.*—

4 (1) *INTERNATIONAL LEADERSHIP.*—*The Admin-*  
5 *istrator shall exercise leadership in the creation of*  
6 *international policies and standards relating to the*  
7 *issuance of amended type certificates within the Cer-*  
8 *tification Management Team.*

9 (2) *REEVALUATION OF AMENDED TYPE CERTIFI-*  
10 *CATES.*—*In carrying out this subsection, the Admin-*  
11 *istrator shall—*

12 (A) *encourage Certification Management*  
13 *Team members to examine and address any rel-*  
14 *evant covered recommendations (as defined in*  
15 *section 121(c)) relating to the issuance of amend-*  
16 *ed type certificates;*

9   **SEC. 119. DOMESTIC AND INTERNATIONAL PILOT TRAIN-**  
10                   **ING.**

11           (a) *IN GENERAL.*—Chapter 447 of title 49, United  
12   States Code, as amended by section 107, is further amended  
13   by adding at the end the following:

14   **“§ 44743. Pilot training requirements**

15           “(a) *IN GENERAL.*—

16                   “(1) *ADMINISTRATOR’S DETERMINATION.*—In es-  
17   tablishing any pilot training requirements with re-  
18   spect to a new transport airplane, the Administrator  
19   of the Federal Aviation Administration shall inde-  
20   pendently review any proposal by the manufacturer  
21   of such airplane with respect to the scope, format, or  
22   minimum level of training required for operation of  
23   such airplane.

24                   “(2) *ASSURANCES AND MARKETING REPRESENTATIONS.*—Before the Administrator has established  
25

1 applicable training requirements, an applicant for a  
2 new or amended type certificate for an airplane de-  
3 scribed in paragraph (1) may not, with respect to the  
4 scope, format, or magnitude of pilot training for such  
5 airplane—

6 “(A) make any assurance or other contrac-  
7 tual commitment, whether verbal or in writing,  
8 to a potential purchaser of such airplane unless  
9 a clear and conspicuous disclaimer (as defined  
10 by the Administrator) is included regarding the  
11 status of training required for operation of such  
12 airplane; or

13 “(B) provide financial incentives (including  
14 rebates) to a potential purchaser of such airplane  
15 regarding the scope, format, or magnitude of  
16 pilot training for such airplane.

17 “(b) *PILOT RESPONSE TIME*.—Beginning on the day  
18 after the date on which regulations are issued under section  
19 119(c)(6) of the Aircraft Certification, Safety, and Account-  
20 ability Act, the Administrator may not issue a new or  
21 amended type certificate for an airplane described in sub-  
22 section (a) unless the applicant for such certificate has dem-  
23 onstrated to the Administrator that the applicant has ac-  
24 counted for realistic assumptions regarding the time for  
25 pilot responses to non-normal conditions in designing the

1 *systems and instrumentation of such airplane. Such as-*  
2 *sumptions shall—*

3           “(1) *be based on test data, analysis, or other*  
4 *technical validation methods; and*

5           “(2) *account for generally accepted scientific*  
6 *consensus among experts in human factors regarding*  
7 *realistic pilot response time.*

8           “(c) *DEFINITION.—In this section, the term ‘transport*  
9 *airplane’ means a transport category airplane designed for*  
10 *operation by an air carrier or foreign air carrier type-cer-*  
11 *tificated with a passenger seating capacity of 30 or more*  
12 *or an all-cargo or combi derivative of such an airplane.”.*

13           “(b) *CONFORMING AMENDMENT.—The analysis for*  
14 *chapter 447 of title 49, United States Code, is further*  
15 *amended by adding at the end the following:*

*“44743. Pilot training requirements.”.*

16           “(c) *EXPERT SAFETY REVIEW.—*

17           “(1) *IN GENERAL.—Not later than 30 days after*  
18 *the date of enactment of this title, the Administrator*  
19 *shall initiate an expert safety review of assumptions*  
20 *relied upon by the Administration and manufacturers*  
21 *of transport category aircraft in the design and cer-*  
22 *tification of such aircraft.*

23           “(2) *CONTENTS.—The expert safety review re-*  
24 *quired under paragraph (1) shall include—*

1           (A) a review of Administration regulations,  
2           guidance, and directives related to pilot response  
3           assumptions relied upon by the FAA and manu-  
4           facturers of transport category aircraft in the de-  
5           sign and certification of such aircraft, and  
6           human factors and human system integration,  
7           particularly those related to pilot and aircraft  
8           interfaces;

9           (B) a focused review of the assumptions re-  
10          lied on regarding the time for pilot responses to  
11          non-normal conditions in designing such air-  
12          craft's systems and instrumentation, including  
13          responses to safety-significant failure conditions  
14          and failure scenarios that trigger multiple, and  
15          possibly conflicting, warnings and alerts;

16          (C) a review of human factors assumptions  
17          with applicable operational data, human factors  
18          research and the input of human factors experts  
19          and FAA operational data, and as appropriate,  
20          recommendations for modifications to existing  
21          assumptions;

22          (D) a review of revisions made to the air-  
23          man certification standards for certificates over  
24          the last 4 years, including any possible effects on  
25          pilot competency in basic manual flying skills;

1           (E) consideration of the global nature of the  
2           aviation marketplace, varying levels of pilot  
3           competency, and differences in pilot training  
4           programs worldwide;

5           (F) a process for aviation stakeholders, in-  
6           cluding pilots, airlines, inspectors, engineers, test  
7           pilots, human factors experts, and other aviation  
8           safety experts, to provide and discuss any obser-  
9           vations, feedback, and best practices;

10          (G) a review of processes currently in place  
11          to ensure that when carrying out the certifi-  
12          cation of a new aircraft type, or an amended  
13          type, the cumulative effects that new technologies,  
14          and the interaction between new technologies and  
15          unchanged systems for an amended type certifi-  
16          cate, may have on pilot interactions with air-  
17          craft systems are properly assessed through sys-  
18          tem safety assessments or otherwise; and

19          (H) a review of processes currently in place  
20          to account for any necessary adjustments to sys-  
21          tem safety assessments, pilot procedures and  
22          training requirements, or design requirements  
23          when there are changes to the assumptions relied  
24          upon by the Administration and manufacturers

1           *of transport category aircraft in the design and*  
2           *certification of such aircraft.*

3           (3) *REPORT AND RECOMMENDATIONS.*—*Not later*  
4           *than 30 days after the conclusion of the expert safety*  
5           *review pursuant to paragraph (1), the Administrator*  
6           *shall submit to the congressional committees of juris-*  
7           *isdiction a report on the results of the review, including*  
8           *any recommendations for actions or best practices to*  
9           *ensure the FAA and the manufacturers of transport*  
10          *category aircraft have accounted for pilot response as-*  
11          *sumptions to be relied upon in the design and certifi-*  
12          *cation of transport category aircraft and tools or*  
13          *methods identified to better integrate human factors*  
14          *throughout the process for such certification.*

15          (4) *INTERNATIONAL ENGAGEMENT.*—*The Admin-*  
16          *istrator shall notify other international regulators*  
17          *that certify transport category aircraft type designs of*  
18          *the expert panel report and encourage them to review*  
19          *the report and evaluate their regulations and proc-*  
20          *esses in light of the recommendations included in the*  
21          *report.*

22          (5) *TERMINATION.*—*The expert safety review*  
23          *shall end upon submission of the report required pur-*  
24          *suant to paragraph (3).*

1           (6) *REGULATIONS.*—*The Administrator shall*  
2           *issue or update such regulations as are necessary to*  
3           *implement the recommendations of the expert safety*  
4           *review that the Administrator determines are nec-*  
5           *essary to improve aviation safety.*

6           (d) *CALL TO ACTION ON AIRMAN CERTIFICATION*  
7           *STANDARDS.*—

8           (1) *IN GENERAL.*—*Not later than 60 days after*  
9           *the date of enactment of this title, the Administrator*  
10          *shall initiate a call to action safety review of pilot*  
11          *certification standards in order to bring stakeholders*  
12          *together to share lessons learned, best practices, and*  
13          *implement actions to address any safety issues identi-*  
14          *fied.*

15          (2) *CONTENTS.*—*The call to action safety review*  
16          *required under paragraph (1) shall include—*

17                (A) *a review of Administration regulations,*  
18                *guidance, and directives related to the pilot cer-*  
19                *tification standards, including the oversight of*  
20                *those processes;*

21                (B) *a review of revisions made to the pilot*  
22                *certification standards for certificates over the*  
23                *last 5 years, including any possible effects on*  
24                *pilot competency in manual flying skills and ef-*

1           *fectively managing automation to improve safe-*  
2           *ty; and*

3                     *(C) a process for aviation stakeholders, in-*  
4                     *cluding aviation students, instructors, designated*  
5                     *pilot examiners, pilots, airlines, labor, and avia-*  
6                     *tion safety experts, to provide and discuss any*  
7                     *observations, feedback, and best practices.*

8                     *(3) REPORT AND RECOMMENDATIONS.—Not later*  
9                     *than 90 days after the conclusion of the call to action*  
10                    *safety review pursuant to paragraph (1), the Admin-*  
11                    *istrator shall submit to the congressional committees*  
12                    *of jurisdiction a report on the results of the review,*  
13                    *any recommendations for actions or best practices to*  
14                    *ensure pilot competency in basic manual flying skills*  
15                    *and in effective management of automation, and ac-*  
16                    *tions the Administrator will take in response to the*  
17                    *recommendations.*

18                    *(e) INTERNATIONAL PILOT TRAINING.—*

19                    *(1) IN GENERAL.—The Secretary of Transpor-*  
20                    *tation, the Administrator, and other appropriate offi-*

1           (B) controlling the flightpath of aircraft  
2           without autoflight systems engaged;

3           (C) effectively utilizing and managing  
4           autoflight systems, when appropriate;

5           (D) effectively identifying situations in  
6           which the use of autoflight systems is appro-  
7           priate and when such use is not appropriate;  
8           and

9           (E) recognizing and responding appro-  
10          priately to non-normal conditions.

11          (2) *INTERNATIONAL LEADERSHIP.*—The Sec-  
12          retary, the Administrator, and other appropriate offi-  
13          cials of the Government shall exercise leadership  
14          under paragraph (1) by working with—

15               (A) foreign counterparts of the Adminis-  
16               trator in the ICAO and its subsidiary organiza-

1       (f) *INTERNATIONAL AVIATION SAFETY.*—Section  
2 *40104(b)* of title 49, United States Code, is amended—

3           (1) by striking “The Administrator shall” and  
4       inserting the following:

5           “(1) *IN GENERAL.*—The Administrator shall”;  
6       and

7           (2) by adding at the end the following:

8           “(2) *BILATERAL AND MULTILATERAL ENGAGE-*  
9       *MENT; TECHNICAL ASSISTANCE.*—The Administrator  
10       shall—

11           “(A) in consultation with the Secretary of  
12       State, engage bilaterally and multilaterally, in-  
13       cluding with the International Civil Aviation  
14       Organization, on an ongoing basis to bolster  
15       international collaboration, data sharing, and  
16       harmonization of international aviation safety  
17       requirements including through—

18           “(i) sharing of continued operational  
19       safety information;

20           “(ii) prioritization of pilot training  
21       deficiencies, including manual flying skills  
22       and flight crew training, to discourage over  
23       reliance on automation, further bolstering  
24       the components of airmanship;

1           “(iii) encouraging the consideration of  
2           the safety advantages of appropriate Fed-  
3           eral regulations, which may include rel-  
4           evant Federal regulations pertaining to  
5           flight crew training requirements; and

6           “(iv) prioritizing any other flight crew  
7           training areas that the Administrator be-  
8           lieves will enhance all international avia-  
9           tion safety; and

10          “(B) seek to expand technical assistance  
11          provided by the Federal Aviation Administration  
12          in support of enhancing international aviation  
13          safety, including by—

14               “(i) promoting and enhancing effective  
15               oversight systems, including operational  
16               safety enhancements identified through data  
17               collection and analysis;

18               “(ii) promoting and encouraging com-  
19               pliance with international safety standards  
20               by counterpart civil aviation authorities;

21               “(iii) minimizing cybersecurity threats  
22               and vulnerabilities across the aviation eco-  
23               system;

25                   *ing identifying competency requirements for*

1       *flight path management using manual flight*  
2       *control and assessing the need for new or amend-*  
3       *ed international standards or guidance.*

4       (2) *SENSE OF CONGRESS.—It is the sense of*  
5       *Congress that, as soon as practicable—*

6                (A) *the recommendations included in the*  
7                *working paper titled “Pilot Training Improve-*  
8                *ments to Address Automation Dependency” of-*  
9                *fered by the United States at the 40th Assembly*  
10               *of ICAO should be made a priority by the As-*  
11               *sembly; and*

12               (B) *the United States should work with*

14                *groups, further bolstering the components of*  
15                *airmanship.*

16 **SEC. 120. NONCONFORMITY WITH APPROVED TYPE DESIGN.**

17       *Section 44704(d) of title 49, United States Code, is*  
18       *amended by adding at the end the following:*

19               “(3) *NONCONFORMITY WITH APPROVED TYPE DE-*  
20                *SIGN.—*

21                “(A) *IN GENERAL.—Consistent with the re-*  
22                *quirements of paragraph (1), a holder of a pro-*  
23                *duction certificate for an aircraft may not*  
24                *present a nonconforming aircraft, either directly*  
25                *or through the registered owner of such aircraft*

1           or a person described in paragraph (2), to the  
2           Administrator for issuance of an initial air-  
3           worthiness certificate.

4           “(B) *CIVIL PENALTY.*—Notwithstanding sec-  
5           tion 46301, a production certificate holder who  
6           knowingly violates subparagraph (A) shall be  
7           liable to the Administrator for a civil penalty of  
8           not more than \$1,000,000 for each noncon-  
9           forming aircraft.

10          “(C) *PENALTY CONSIDERATIONS.*—In deter-  
11          mining the amount of a civil penalty under sub-  
12          paragraph (B), the Administrator shall con-  
13          sider—

14                 “(i) *the nature, circumstances, extent,*  
15                 *and gravity of the violation, including the*  
16                 *length of time the nonconformity was*  
17                 *known by the holder of a production certifi-*

19                 “(ii) *with respect to the violator, the*  
20                 *degree of culpability, any history of prior*  
21                 *violations, and the size of the business con-*  
22                 *cern.*

23          “(D) *NONCONFORMING AIRCRAFT DE-*  
24          *FINED.*—In this paragraph, the term ‘noncon-  
25          forming aircraft’ means an aircraft that does not

1           *conform to the approved type design for such*  
2           *aircraft type.”.*

3 **SEC. 121. IMPLEMENTATION OF RECOMMENDATIONS.**

4           *(a) IN GENERAL.—Not later than 1 year after the date*  
5 *of enactment of this title, the Administrator shall submit*  
6 *a report to the congressional committees of jurisdiction on*  
7 *the status of the Administration’s implementation of cov-*  
8 *ered recommendations.*

9           *(b) CONTENTS.—The report required under subsection*  
10 *(a) shall contain, at a minimum—*

11                   *(1) a list and description of all covered rec-*  
12 *ommendations;*

13                   *(2) a determination of whether the Adminis-*  
14 *trator concurs, concurs in part, or does not concur*  
15 *with each covered recommendation;*

16                   *(3) an implementation plan and schedule for all*  
17 *covered recommendations the Administrator concurs*  
18 *or concurs in part with; and*

19                   *(4) for each covered recommendation with which*  
20 *the Administrator does not concur (in whole or in*  
21 *part), a detailed explanation as to why.*

22           *(c) COVERED RECOMMENDATIONS DEFINED.—In this*  
23 *section, the term “covered recommendations” means rec-*  
24 *ommendations made by the following entities in any review*  
25 *initiated in response to the accident of Lion Air flight 610*

1 *on October 29, 2018, or Ethiopian Airlines flight 302 on*  
2 *March 10, 2019, that recommend Administration action:*

3 (1) *The National Transportation Safety Board.*

4 (2) *The Joint Authorities Technical Review.*

5 (3) *The inspector general of the Department of*  
6 *Transportation.*

7 (4) *The Safety Oversight and Certification Advi-*  
8 *sory Committee, or any special committee thereof.*

9 (5) *Any other entity the Administrator may des-*  
10 *ignate.*

11 **SEC. 122. OVERSIGHT OF FAA COMPLIANCE PROGRAM.**

12 (a) *IN GENERAL.*—*Not later than 180 days after the*  
13 *date of enactment of this title, the Administrator shall es-*  
14 *tablish an Executive Council within the Administration to*  
15 *oversee the use and effectiveness across program offices of*  
16 *the Administration’s Compliance Program, described in*  
17 *Order 8000.373A dated October 31, 2018.*

18 (b) *COMPLIANCE PROGRAM OVERSIGHT.*—*The Execu-*  
19 *tive Council established under this section shall—*

20 (1) *monitor, collect, and analyze data on the use*  
21 *of the Compliance Program across program offices of*  
22 *the Administration, including data on enforcement*  
23 *actions and compliance actions pursued against regu-*  
24 *lated entities by such program offices;*

1           (2) *conduct an evaluation of the Compliance*  
2           *Program, not less frequently than annually each cal-*  
3           *endar year through 2023, to assess the functioning*  
4           *and effectiveness of such program in meeting the stat-*  
5           *ed goals and purpose of the program;*

6           (3) *provide reports to the Administrator con-*  
7           *taining the results of any evaluation conducted under*  
8           *paragraph (2), including identifying in such report*  
9           *any nonconformities or deficiencies in the implemen-*  
10           *tation of the program and compliance of regulated en-*  
11           *tities with safety standards of the Administration;*

12           (4) *make recommendations to the Administrator*  
13           *on regulations, guidance, performance standards or*  
14           *metrics, or other controls that should be issued by the*  
15           *Administrator to improve the effectiveness of the Com-*  
16           *pliance Program in meeting the stated goals and pur-*  
17           *pose of the program and to ensure the highest levels*  
18           *of aviation safety; and*

19           (5) *carry out any other oversight duties with re-*  
20           *spect to implementation of the Compliance Program*  
21           *and assigned by the Administrator.*

22           (c) *EXECUTIVE COUNCIL.—*

23           (1) *EXECUTIVE COUNCIL MEMBERSHIP.—The*  
24           *Executive Council shall be comprised of representa-*

1 *tives from each program office with regulatory re-*  
2 *sponsibility as provided in Order 8000.373A.*

3 (2) *CHAIRPERSON.—The Executive Council shall*  
4 *be chaired by a person, who shall be appointed by the*  
5 *Administrator and shall report directly to the Admin-*  
6 *istrator.*

7 (3) *INDEPENDENCE.—The Secretary of Trans-*  
8 *portation, the Administrator, or any officer or em-*  
9 *ployee of the Administration may not prevent or pro-*  
10 *hibit the chair of the Executive Council from per-*  
11 *forming the activities described in this section or from*  
12 *reporting to Congress on such activities.*

13 (4) *DURATION.—The Executive Council shall ter-*  
14 *minate on October 1, 2023.*

15 (d) *ANNUAL BRIEFING.—Each calendar year through*  
16 *2023, the chair of the Executive Council shall provide a*  
17 *briefing to the congressional committees of jurisdiction on*  
18 *the effectiveness of the Administration’s Compliance Pro-*  
19 *gram in meeting the stated goals and purpose of the pro-*  
20 *gram and the activities of the office described in subsection*  
21 *(b), including any reports and recommendations made by*  
22 *the office during the preceding calendar year.*

23 **SEC. 123. SETTLEMENT AGREEMENT.**

24 (a) *SENSE OF CONGRESS.—It is the sense of Congress*  
25 *that the Administrator should fully exercise all rights and*

1 *pursue all remedies available to the Administrator under*  
2 *any settlement agreement between the Administration and*  
3 *the holder of a type certificate and production certificate*  
4 *for transport airplanes executed on December 18, 2015, in-*  
5 *cluding a demand for full payment of any applicable civil*  
6 *penalties deferred under such agreement, if the Adminis-*  
7 *trator concludes that such holder has not fully performed*  
8 *all obligations incurred under such agreement.*

9       **(b) CONGRESSIONAL BRIEFING.**—*Not later than 60*  
10 *days after the date of enactment of this title, and every 6*  
11 *months thereafter until a certificate holder described in sub-*  
12 *section (a) has fully performed all obligations incurred by*  
13 *such certificate holder under such settlement agreement, the*  
14 *Administrator shall brief the congressional committees of*  
15 *jurisdiction on action taken consistent with subsection (a).*

16 **SEC. 124. HUMAN FACTORS EDUCATION PROGRAM.**

17       **(a) HUMAN FACTORS EDUCATION PROGRAM.**—

18               **(1) IN GENERAL.**—*The Administrator shall de-*  
19 *velop a human factors education program that ad-*  
20 *dresses the effects of modern flight deck systems, in-*  
21 *cluding automated systems, on human performance*  
22 *for transport airplanes and the approaches for better*  
23 *integration of human factors in aircraft design and*  
24 *certification.*

1           (2) *TARGET AUDIENCE.*—*The human factors*  
2           *education program shall be integrated into the train-*  
3           *ing protocols (as in existence as of the date of enact-*  
4           *ment of this title) for, and be routinely administered*  
5           *to, the following:*

6                   (A) *Appropriate employees within the*  
7                   *Flight Standards Service.*

8                   (B) *Appropriate employees within the Air-*  
9                   *craft Certification Service.*

10                  (C) *Other employees or authorized rep-*  
11                  *resentatives determined to be necessary by the*  
12                  *Administrator.*

13           (b) *TRANSPORT AIRPLANE MANUFACTURER INFORMA-*  
14           *TION SHARING.*—*The Administrator shall—*

15                   (1) *require each transport airplane manufac-*  
16                   *turer to provide the Administrator with the informa-*  
17                   *tion or findings necessary for flight crew to be trained*  
18                   *on flight deck systems;*

19                   (2) *ensure the information or findings under*  
20                   *paragraph (1) adequately includes consideration of*  
21                   *human factors; and*

22                   (3) *ensure that each transport airplane manufac-*  
23                   *turer identifies any technical basis, justification or*  
24                   *rationale for the information and findings under*  
25                   *paragraph (1).*

1 **SEC. 125. BEST PRACTICES FOR ORGANIZATION DESIGNA-**  
2 **TION AUTHORIZATIONS.**

3 (a) *IN GENERAL.*—Section 213 of the *FAA Reauthor-*  
4 *ization Act of 2018 (Public Law 115–254, 132 Stat. 3249)*  
5 *is amended—*

6 (1) *by striking subsection (g);*

7 (2) *by redesignating subsections (c) through (f)*  
8 *as subsections (d) through (g), respectively;*

9 (3) *by inserting after subsection (b), the fol-*  
10 *lowing:*

11 “(c) *BEST PRACTICES REVIEW.*—*In addition to con-*  
12 *ducting the survey required under subsection (b), the Panel*  
13 *shall conduct a review of a sampling of ODA holders to*  
14 *identify and develop best practices. At a minimum, the best*  
15 *practices shall address preventing and deterring instances*  
16 *of undue pressure on or by an ODA unit member, within*  
17 *an ODA, or by an ODA holder, or failures to maintain*  
18 *independence between the FAA and an ODA holder or an*  
19 *ODA unit member. In carrying out such review, the Panel*  
20 *shall—*

21 (1) *examine other government regulated indus-*  
22 *tries to gather lessons learned, procedures, or processes*  
23 *that address undue pressure of employees, perceived*  
24 *regulatory coziness, or other failures to maintain*  
25 *independence;*

1           “(2) identify ways to improve communications  
2           between an ODA Administrator, ODA unit members,  
3           and FAA engineers and inspectors, consistent with  
4           section 44736(g) of title 49, United States Code, in  
5           order to enable direct communication of technical  
6           concerns that arise during a certification project  
7           without fear of reprisal to the ODA Administrator or  
8           ODA unit member; and

9           “(3) examine FAA designee programs, including  
10          the assignment of FAA advisors to designees, to deter-  
11          mine which components of the program may improve  
12          the FAA’s oversight of ODA units, ODA unit mem-  
13          bers, and the ODA program.”;

14          (4) in subsection (d) (as redesignated by para-  
15          graph (2))—

16                (A) by striking paragraph (3) and redesign-  
17                ating paragraphs (4) through (6) as para-  
18                graphs (3) through (5), respectively;

19                (B) in paragraph (4) (as redesignated by  
20                subparagraph (A)), by striking “and” at the end;

21                (C) in paragraph (5) (as so redesignated),  
22                by striking the period at the end and inserting  
23                “; and”; and

24                (D) by adding at the end the following:

1           “(6) *the results of the review conducted under*  
2           *subsection (c).*”; and

3           (5) *by inserting after subsection (g) (as redesign-*  
4           *ated by paragraph (2)), the following:*

5           “(h) *BEST PRACTICES ADOPTION.—*

6           “(1) *IN GENERAL.—Not later than 180 days*  
7           *after the date on which the Administrator receives the*  
8           *report required under subsection (e), the Adminis-*  
9           *trator shall establish best practices that are generally*  
10           *applicable to all ODA holders and require such prac-*  
11           *tices to be incorporated, as appropriate, into each*  
12           *ODA holder’s approved procedures manual.*

13           “(2) *NOTICE AND COMMENT PERIOD.—The Ad-*  
14           *ministrator shall publish the established best practices*  
15           *for public notice and comment for not fewer than 60*  
16           *days prior to requiring the practices, as appropriate,*  
17           *be incorporated into each ODA holder’s approved pro-*  
18           *cedures manual.*

19           “(i) *SUNSET.—The Panel shall terminate on the ear-*  
20           *lier of—*

21           “(1) *the date of submission of the report under*  
22           *subsection (e); or*

23           “(2) *the date that is 2 years after the date on*  
24           *which the Panel is first convened under subsection*  
25           *(a).*”.

1       (b) *PROCEDURES MANUAL*.—Section 44736(b)(3) of  
2 title 49, United States Code, as amended by subsection  
3 (c)(2)(D) of section 107, is further amended—

4           (1) in subparagraph (D) (as redesignated by  
5 such subsection), by striking “and” after the semi-  
6 colon at the end;

7           (2) in subparagraph (E) (as so redesignated), by  
8 striking the period at the end and inserting “; and”;  
9 and

10          (3) by adding at the end the following:

11               “(F) ensure the ODA holders procedures  
12 manual contains procedures and policies based  
13 on best practices established by the Adminis-  
14 trator.”.

15 **SEC. 126. HUMAN FACTORS RESEARCH.**

16       (a) *HUMAN FACTORS*.—Not later than 180 days after  
17 the date of enactment of this title, the Administrator, in  
18 consultation with aircraft manufacturers, operators, and  
19 pilots, and in coordination with the head of such other Fed-  
20 eral agency that the Administrator determines appropriate,  
21 shall develop research requirements to address the integra-  
22 tion of human factors in the design and certification of air-  
23 craft that are intended for use in air transportation.

24       (b) *REQUIREMENTS*.—In developing such research re-  
25 quirements, the Administrator shall—

1           (1) *establish goals for research in areas of study*  
2           *relevant to advancing technology, improving design*  
3           *engineering and certification practices, and facili-*  
4           *tating better understanding of human factors concepts*  
5           *in the context of the growing development and reli-*  
6           *ance on automated or complex flight deck systems in*  
7           *aircraft operations, including the development of tools*  
8           *to validate pilot recognition and response assump-*  
9           *tions and diagnostic tools to improve the clarity of*  
10          *failure indications presented to pilots;*

11           (2) *take into consideration and leverage any ex-*  
12          *isting or planned research that is conducted by, or*  
13          *conducted in partnership with, the FAA; and*

14           (3) *focus on—*

15           (A) *preventing a recurrence of the types of*  
16          *accidents that have involved transport category*  
17          *airplanes designed and manufactured in the*  
18          *United States; and*

19           (B) *increasingly complex aircraft systems*  
20          *and designs.*

21          (c) *IMPLEMENTATION.—In implementing the research*  
22          *requirements developed under this section, the Adminis-*  
23          *trator shall work with appropriate organizations and au-*  
24          *thorities with expertise including, to the maximum extent*  
25          *practicable, the Center of Excellence for Technical Training*

1 *and Human Performance and the Center of Excellence de-*  
2 *veloped or expanded pursuant to section 127.*

3 (d) *AUTHORIZATION OF APPROPRIATIONS.—There is*  
4 *authorized to be appropriated to the Administrator*  
5 *\$7,500,000 for each of fiscal years 2021 through 2023, out*  
6 *of funds made available under section 48102(a) of title 49,*  
7 *United States Code, to carry out this section.*

8 **SEC. 127. FAA CENTER OF EXCELLENCE FOR AUTOMATED**  
9 **SYSTEMS AND HUMAN FACTORS IN AIR-**  
10 **CRAFT.**

11 (a) *IN GENERAL.—The Administrator shall develop or*  
12 *expand a Center of Excellence focused on automated systems*  
13 *and human factors in transport category aircraft.*

14 (b) *DUTIES.—The Center of Excellence shall, as appro-*  
15 *priate—*

16 (1) *facilitate collaboration among academia, the*  
17 *FAA, and the aircraft and airline industries, includ-*  
18 *ing aircraft, engine, and equipment manufacturers,*  
19 *air carriers, and representatives of the pilot commu-*  
20 *nity;*

21 (2) *establish goals for research in areas of study*  
22 *relevant to advancing technology, improving engineer-*  
23 *ing practices, and facilitating better understanding of*  
24 *human factors concepts in the context of the growing*  
25 *development and reliance on automated or complex*

1 *systems in commercial aircraft, including continuing*  
2 *education and training;*

3 *(3) examine issues related to human system inte-*  
4 *gration and flight crew and aircraft interfaces, in-*  
5 *cluding tools and methods to support the integration*  
6 *of human factors considerations into the aircraft de-*  
7 *sign and certification process; and*

8 *(4) review safety reports to identify potential*  
9 *human factors issues for research.*

10 *(c) AVOIDING DUPLICATION OF WORK.—In developing*  
11 *or expanding the Center of Excellence, the Administrator*  
12 *shall ensure the work of the Center of Excellence does not*  
13 *duplicate or overlap with the work of any other established*  
14 *center of excellence.*

15 *(d) MEMBER PRIORITIZATION.—*

16 *(1) IN GENERAL.—The Administrator, when de-*  
17 *veloping or expanding the Center of Excellence, shall*  
18 *prioritize the inclusion of subject-matter experts whose*  
19 *professional experience enables them to be objective*  
20 *and impartial in their contributions to the greatest*  
21 *extent possible.*

22 *(2) REPRESENTATION.—The Administrator shall*  
23 *require that the membership of the Center of Excel-*  
24 *lence reflect a balanced viewpoint across broad dis-*  
25 *ciplines in the aviation industry.*

1           (3) *DISCLOSURE.*—*Any member of the Center of*  
2           *Excellence who is a Boeing Company or FAA em-*  
3           *ployee who participated in the certification of the Ma-*  
4           *neuversing Characteristics Augmentation System for*  
5           *the 737 MAX-8 airplane must disclose such involve-*  
6           *ment to the FAA prior to performing any work on be-*  
7           *half of the FAA.*

8           (4) *TRANSPARENCY.*—*In developing or expand-*  
9           *ing the Center of Excellence, the Administrator shall*  
10          *develop procedures to facilitate transparency and ap-*  
11          *propriate maintenance of records to the maximum ex-*  
12          *tent practicable.*

13          (5) *COORDINATION.*—*Nothing in this section*  
14          *shall preclude coordination and collaboration between*  
15          *the Center of Excellence developed or expanded under*  
16          *this section and any other established center of excel-*  
17          *lence.*

18          (e) *AUTHORIZATION OF APPROPRIATIONS.*—*There is*  
19          *authorized to be appropriated to the Administrator*  
20          *\$2,000,000 for each of fiscal years 2021 through 2023, out*  
21          *of funds made available under section 48102(a) of title 49,*  
22          *United States Code, to carry out this section. Amounts ap-*  
23          *propriated under the preceding sentence for any fiscal year*  
24          *shall remain available until expended.*

1 **SEC. 128. PILOT OPERATIONAL EVALUATIONS.**

2 (a) *PILOT OPERATIONAL EVALUATIONS.*—Not later  
3 than 1 year after the date of enactment of this title, the  
4 Administrator shall revise existing policies for manufactur-  
5 ers of transport airplanes to ensure that pilot operational  
6 evaluations for airplane types that are submitted for certifi-  
7 cation utilize pilots from air carriers that are expected to  
8 operate such airplanes.

9 (b) *REQUIREMENT.*—Such manufacturer shall ensure,  
10 to the satisfaction of the Administrator, that the air carrier  
11 and foreign air carrier pilots used for such evaluations in-  
12 clude pilots of varying levels of experience.

13 **SEC. 129. ENSURING APPROPRIATE RESPONSIBILITY OF**  
14 **AIRCRAFT CERTIFICATION AND FLIGHT**  
15 **STANDARDS PERFORMANCE OBJECTIVES**  
16 **AND METRICS.**

17 (a) *REPEALS.*—Sections 211 and 221 of the FAA Re-  
18 authorization Act of 2018 (49 U.S.C. 44701 note) are re-  
19 pealed.

20 (b) *CONFORMING REPEALS.*—Paragraphs (8) and (9)  
21 of section 202(c) of the FAA Reauthorization Act of 2018  
22 (49 U.S.C. 44701 note) are repealed.

23 **SEC. 130. TRANSPORT AIRPLANE RISK ASSESSMENT METH-**  
24 **ODOLOGY.**

25 (a) *DEADLINES.*—

1           (1) *AGREEMENT.*—Not later than 15 days after  
2           the date of enactment of this title, the Administrator  
3           shall enter into an agreement with the National Acad-  
4           emies of Sciences to develop a report regarding the  
5           methodology and effectiveness of the Transport Air-  
6           plane Risk Assessment Methodology (TARAM) process  
7           used by the FAA.

8           (2) *REPORT.*—Not later than 180 days after the  
9           date of enactment of this title, the National Academies  
10          of Sciences shall deliver such report to the congress-  
11          sional committees of jurisdiction.

12          (b) *ELEMENTS.*—The report under subsection (a) shall  
13          include the following elements:

14               (1) *An assessment of the TARAM analysis proc-*  
15               *ess.*

16               (2) *An assessment of the effectiveness of the*  
17               *TARAM for the purposes of improving aviation safe-*  
18               *ty.*

19               (3) *Recommendations to improve the method-*  
20               *ology and effectiveness of the TARAM as an element*

22          (c) *REQUIRED NOTICE.*—The Administrator shall pro-  
23          vide notice to the congressional committees of jurisdiction  
24          on the findings and recommendations of a TARAM con-  
25          ducted following a transport airplane accident—

- 1           (1) *in which a loss of life occurred; and*  
2           (2) *for which the Administrator determines that*  
3           *the issuance of an airworthiness directive will likely*  
4           *be necessary to correct an unsafe condition associated*  
5           *with the design of the relevant aircraft type.*

6 **SEC. 131. NATIONAL AIR GRANT FELLOWSHIP PROGRAM.**

7           (a) *PROGRAM.—*

8           (1) *PROGRAM MAINTENANCE.—The Adminis-*  
9           *trator shall maintain within the FAA a program to*  
10           *be known as the “National Air Grant Fellowship Pro-*  
11           *gram”.*

12           (2) *PROGRAM ELEMENTS.—The National Air*  
13           *Grant Fellowship Program shall provide support for*  
14           *the fellowship program under subsection (b).*

15           (3) *RESPONSIBILITIES OF ADMINISTRATOR.—*

16           (A) *GUIDELINES.—The Administrator shall*  
17           *establish guidelines related to the activities and*  
18           *responsibilities of air grant fellowships under*  
19           *subsection (b).*

20           (B) *QUALIFICATIONS.—The Administrator*  
21           *shall by regulation prescribe the qualifications*  
22           *required for designation of air grant fellowships*  
23           *under subsection (b).*

1           (C) *AUTHORITY.*—*In order to carry out the*  
2 *provisions of this section, the Administrator*  
3 *may—*

4           (i) *appoint, assign the duties, transfer,*  
5 *and fix the compensation of such personnel*  
6 *as may be necessary, in accordance with*  
7 *civil service laws;*

8           (ii) *make appointments with respect to*  
9 *temporary and intermittent services to the*  
10 *extent authorized by section 3109 of title 5,*  
11 *United States Code;*

12           (iii) *enter into contracts, cooperative*  
13 *agreements, and other transactions without*  
14 *regard to section 6101 of title 41, United*

12          *section 5376 of title 5, United States Code.*

13          (B) *DUTIES.*—*Subject to the supervision of*  
14          *the Administrator, the Director shall administer*  
15          *the National Air Grant Fellowship Program. In*  
16          *addition to any other duty prescribed by law or*  
17          *assigned by the Administrator, the Director*  
18          *shall—*

19                 (i) *cooperate with institutions of higher*  
20                 *education that offer degrees in fields related*  
21                 *to aerospace;*

22                 (ii) *encourage the participation of*  
23                 *graduate and post-graduate students in the*  
24                 *National Air Grant Fellowship Program;*  
25                 *and*

1                   (iii) cooperate and coordinate with  
2                   other Federal activities in fields related to  
3                   aerospace.

4           (b) FELLOWSHIPS.—

5                   (1) IN GENERAL.—The Administrator shall sup-  
6                   port a program of fellowships for qualified individ-  
7                   uals at the graduate and post-graduate level. The fel-  
8                   lowships shall be in fields related to aerospace and  
9                   awarded pursuant to guidelines established by the Ad-  
10                  ministrators. The Administrator shall strive to ensure  
11                  equal access for minority and economically disadvan-  
12                  taged students to the program carried out under this  
13                  paragraph.

14                  (2) AEROSPACE POLICY FELLOWSHIP.—

15                   (A) IN GENERAL.—The Administrator shall  
16                   award aerospace policy fellowships to support  
17                   the placement of individuals at the graduate  
18                   level of education in fields related to aerospace in  
19                   positions with—

20                           (i) the executive branch of the United  
21                           States Government; and

22                           (ii) the legislative branch of the United  
23                           States Government.

24                   (B) PLACEMENT PRIORITIES FOR LEGISLA-  
25                   TIVE FELLOWSHIPS.—

1           (i) *IN GENERAL.*—*In considering the*  
2           *placement of individuals receiving a fellow-*  
3           *ship for a legislative branch position under*  
4           *subparagraph (A)(ii), the Administrator*  
5           *shall give priority to placement of such in-*  
6           *dividuals in the following:*

7                     (I) *Positions in offices of, or with*  
8                     *Members on, committees of Congress*  
9                     *that have jurisdiction over the FAA.*

10                    (II) *Positions in offices of Mem-*  
11                    *bers of Congress that have a dem-*  
12                    *onstrated interest in aerospace policy.*

13           (ii) *EQUITABLE DISTRIBUTION.*—*In*  
14           *placing fellows in positions described under*  
15           *clause (i), the Administrator shall ensure*  
16           *that placements are equally distributed*  
17           *among the political parties.*

18           (C) *DURATION.*—*A fellowship awarded*  
19           *under this paragraph shall be for a period of not*  
20           *more than 1 year.*

21           (3) *RESTRICTION ON USE OF FUNDS.*—*Amounts*  
22           *available for fellowships under this subsection, includ-*  
23           *ing amounts accepted under subsection (a)(3)(C)(v) or*  
24           *appropriated under subsection (d) to carry out this*  
25           *subsection, shall be used only for award of such fel-*

1        *lowships and administrative costs of implementing*  
2        *this subsection.*

3        (c) *INTERAGENCY COOPERATION.*—*Each department,*  
4        *agency, or other instrumentality of the Federal Government*  
5        *that is engaged in or concerned with, or that has authority*  
6        *over, matters relating to aerospace—*

7                (1) *may, upon a written request from the Ad-*  
8                *ministrator, make available, on a reimbursable basis*  
9                *or otherwise, any personnel (with their consent and*  
10              *without prejudice to their position and rating), serv-*  
11              *ice, or facility that the Administrator deems necessary*  
12              *to carry out any provision of this section;*

13              (2) *shall, upon a written request from the Ad-*  
14              *ministrator, furnish any available data or other in-*  
15              *formation that the Administrator deems necessary to*  
16              *carry out any provision of this section; and*

17              (3) *shall cooperate with the FAA and duly au-*  
18              *thorized officials thereof.*

19        (d) *AUTHORIZATION OF APPROPRIATIONS.*—*There is*  
20        *authorized to be appropriated to the Administrator*  
21        *\$15,000,000 for each of fiscal years 2021 through 2025 to*  
22        *carry out this section. Amounts appropriated under the pre-*  
23        *ceding sentence shall remain available until expended.*

24        (e) *DEFINITIONS.*—*In this section:*

1           (1) *DIRECTOR*.—The term “Director” means the  
2           Director of the National Air Grant Fellowship Pro-  
3           gram, appointed pursuant to subsection (a)(4).

4           (2) *FIELDS RELATED TO AEROSPACE*.—The term  
5           “fields related to aerospace” means any discipline or  
6           field that is concerned with, or likely to improve, the  
7           development, assessment, operation, safety, or repair  
8           of aircraft and other airborne objects and systems, in-  
9           cluding the following:

10                   (A) *Aerospace engineering.*

18 **SEC. 132. EMERGING SAFETY TRENDS IN AVIATION.**

19           (a) *GENERAL*.—Not later than 180 days after the date  
20           of enactment of this title, the Administrator shall enter into  
21           an agreement with the Transportation Research Board for  
22           the purposes of developing an annual report identifying,  
23           categorizing, and analyzing emerging safety trends in air  
24           transportation.

1       (b) *FACTORS.*—*The emerging safety trends report*  
2 *should be based on the following data:*

3           (1) *The National Transportation Safety Board’s*  
4 *investigation of accidents under section 1132 of title*  
5 *49, United States Code.*

6           (2) *The Administrator’s investigations of acci-*  
7 *dents and incidents under section 40113 of title 49,*  
8 *United States Code.*

9           (3) *Information provided by air operators pur-*  
10 *suant to safety management systems.*

11           (4) *International investigations of accidents and*  
12 *incidents, including reports, data, and information*  
13 *from foreign authorities and ICAO.*

14           (5) *Other sources deemed appropriate for estab-*  
15 *lishing emerging safety trends in the aviation sector,*  
16 *including the FAA’s annual safety culture assessment*  
17 *required under subsection (c).*

18       (c) *SAFETY CULTURE ASSESSMENT.*—*The Adminis-*  
19 *trator shall conduct an annual safety culture assessment*  
20 *through fiscal year 2031, which shall include surveying all*  
21 *employees in the FAA’s Aviation Safety organization (AVS)*  
22 *to determine the employees’ collective opinion regarding,*  
23 *and to assess the health of, AVS’ safety culture and imple-*  
24 *mentation of any voluntary safety reporting program.*

1       (d) *EXISTING REPORTING SYSTEMS.*—*The Executive*  
2 *Director of the Transportation Research Board, in consulta-*  
3 *tion with the Secretary of Transportation and Adminis-*  
4 *trator, may take into account and, as necessary, harmonize*  
5 *data and sources from existing reporting systems within the*  
6 *Department of Transportation and FAA.*

7       (e) *BIENNIAL REPORT TO CONGRESS.*—*One year after*  
8 *the Administrator enters into the agreement with the Trans-*  
9 *portation Research Board as set forth in subsection (a), and*  
10 *biennially thereafter through fiscal year 2031, the Executive*  
11 *Director, in consultation with the Secretary and Adminis-*  
12 *trator, shall submit to the congressional committees of juris-*  
13 *diction a report identifying the emerging safety trends in*  
14 *air transportation.*

1 **SEC. 308. REQUIREMENT TO BUY CERTAIN SATELLITE COM-**  
2 **PONENT FROM AMERICAN SOURCES.**

3 (a) *IN GENERAL.*—Title XI of the National Security  
4 Act of 1947 (50 U.S.C. 3231 et seq.) is amended by adding  
5 at the end the following new section:

6 **“SEC. 1109. REQUIREMENT TO BUY CERTAIN SATELLITE**  
7 **COMPONENT FROM AMERICAN SOURCES.**

8 “(a) *DEFINITIONS.*—In this section:

9 “(1) *COVERED ELEMENT OF THE INTELLIGENCE*  
10 *COMMUNITY.*—The term ‘covered element of the intel-

11 *ligence community’ means an element of the intel-*  
12 *ligence community that is not an element of the De-*  
13 *partment of Defense.*

14 “(2) *NATIONAL SECURITY SATELLITE.*—The term  
15 ‘national security satellite’ means a satellite weighing  
16 over 400 pounds whose principle purpose is to sup-  
17 port the national security or intelligence needs of the  
18 United States Government.

19 “(3) *UNITED STATES.*—The term ‘United States’  
20 means the several States, the District of Columbia,  
21 and the territories and possessions of the United  
22 States.

23 “(b) *REQUIREMENT.*—Beginning January 1, 2021, ex-  
24 cept as provided in subsection (c), a covered element of the  
25 intelligence community may not award a contract for a na-  
26 tional security satellite if the satellite uses a star tracker

1 *that is not produced in the United States, including with*  
2 *respect to both the software and the hardware of the star*  
3 *tracker.*

4       “(c) *EXCEPTION.—The head of a covered element of the*  
5 *intelligence community may waive the requirement under*  
6 *subsection (b) if, on a case-by-case basis, the head certifies*  
7 *in writing to the congressional intelligence committees*  
8 *that—*

9               “(1) *there is no available star tracker produced*  
10 *in the United States that meets the mission and de-*  
11 *sign requirements of the national security satellite for*  
12 *which the star tracker will be used;*

13               “(2) *the cost of a star tracker produced in the*  
14 *United States is unreasonable, based on a market sur-*  
15 *vey; or*

16               “(3) *such waiver is necessary for the national se-*  
17 *curity interests of the United States based on an ur-*  
18 *gent and compelling need.”.*

19       “(b) *CLERICAL AMENDMENT.—The table of contents in*  
20 *the first section of the National Security Act of 1947 is*  
21 *amended by inserting after the item relating to section 1108*  
22 *the following new item:*

      “*Sec. 1109. Requirement to buy certain satellite component from American sources.”.*

1 **SEC. 309. LIMITATION ON CONSTRUCTION OF FACILITIES**  
2 **TO BE USED PRIMARILY BY INTELLIGENCE**  
3 **COMMUNITY.**

4 *Section 602(a)(2) of the Intelligence Authorization Act*  
5 *for Fiscal Year 1995 (50 U.S.C. 3304(a)(2)) is amended—*

6 *(1) by striking “ \$1,000,000” both places it ap-*  
7 *pears and inserting “ \$2,000,000”; and*

8 *(2) by striking “the Director of National Intel-*  
9 *ligence shall submit a notification” and inserting*  
10 *“the head of such component, in coordination with*  
11 *and subject to the approval of the Director of Na-*  
12 *tional Intelligence, shall submit a notification”.*

13 **SEC. 310. INTELLIGENCE COMMUNITY STUDENT LOAN RE-**  
14 **PAYMENT PROGRAMS.**

15 *(a) SENSE OF CONGRESS.—It is the sense of Congress*  
16 *that—*

17 *(1) student loan repayment programs are a cru-*  
18 *cial tool in attracting and retaining talented individ-*  
19 *uals to the intelligence community, particularly indi-*  
20 *viduals from diverse backgrounds;*

21 *(2) generous student loan repayment programs*  
22 *help the intelligence community compete with the pri-*  
23 *ivate sector for talented employees;*

24 *(3) departments and agencies containing ele-*  
25 *ments of the intelligence community have authority to*  
26 *establish student loan repayment programs either*

1 *under section 5379 of title 5, United States Code, or*  
2 *under the delegable authority of the Director of Na-*  
3 *tional Intelligence under section 102A(n)(1) of the*  
4 *National Security Act of 1947 (50 U.S.C.*  
5 *3024(n)(1));*

6 *(4) although the Director should use the author-*  
7 *ity under such section 102A(n)(1) sparingly, and*  
8 *should be exceedingly sparing in delegating such au-*  
9 *thority to an element of the intelligence community,*  
10 *the Director should approve well-predicated requests*  
11 *for such authority in the student loan repayment con-*  
12 *text if an element of the intelligence community can*  
13 *articulate an impediment to establishing or enhanc-*

16 (3) *ELEMENTS.*—The report required by para-  
17 graph (2) shall include the following:

18 (A) A description of key national security  
19 risks and vulnerabilities associated with direct-  
20 to-consumer genetic testing, including—

21 (i) how the Government of the People’s  
22 Republic of China may be using data pro-  
23 vided by personnel of the intelligence com-  
24 munity and the Department through direct-  
25 to-consumer genetic tests; and

1                   (ii) how ubiquitous technical surveil-  
2                   lance may amplify those risks.

3                   (B) An assessment of the extent to which the  
4                   intelligence community and the Department have  
5                   identified risks and vulnerabilities posed by di-  
6                   rect-to-consumer genetic testing and have sought  
7                   to mitigate such risks and vulnerabilities, or  
8                   have plans for such mitigation, including the ex-  
9                   tent to which the intelligence community has de-  
10                  termined—

11                   (i) in which United States direct-to-  
12                  consumer genetic testing companies the Gov-  
13                  ernment of the People's Republic of China  
14                  or entities owned or controlled by the Gov-

24 *Chinese security services operating within the Hong*  
25 *Kong Special Administrative Region, including—*

1           “(A) information regarding the extent to  
2           which such security services, and officers associ-  
3           ated with the national security division of the  
4           Hong Kong Police Force, are engaged in front-  
5           line policing, serving in advisory and assistance  
6           roles, or both;

7           “(B) an assessment of the likelihood of such  
8           security services conducting renditions of indi-  
9           viduals from the Hong Kong Special Adminis-  
10          trative Region to China and a listing of every  
11          known individual subject to such rendition dur-  
12          ing the year covered by the report; and

13          “(C) an assessment of how such activities  
14          conducted by Chinese security services contribute  
15          to self-censorship and corruption within the  
16          Hong Kong Special Administrative Region.

17          “(5) A discussion of the doctrine and tactics em-  
18          ployed by Chinese security services operating within  
19          the Hong Kong Special Administrative Region, in-  
20          cluding an overview of the extent to which such secu-  
21          rity services employ surveillance, detection, and con-  
22          trol methods, including ‘high-tech’ policing models  
23          and ‘preventative policing tactics’, that are consistent  
24          with the rise of digital authoritarianism, and used in

1       *a manner similar to methods used in the Xinjiang re-*  
2       *gion of China.*

3               “(6) *An overview of the funding for Chinese secu-*  
4       *rity services operating within the Hong Kong Special*  
5       *Administrative Region, including an assessment of*  
6       *the extent to which funding is drawn locally from the*  
7       *Hong Kong Special Administrative Region Govern-*  
8       *ment or from the Government of China.*

9               “(7) *A discussion of the various surveillance*

2 *element of the intelligence community.*

3       “(e) *FORM.*—*Each report submitted to the appropriate*  
4 *congressional committees under subsection (b) shall be sub-*  
5 *mited in unclassified form, but may include a classified*  
6 *annex.*”.

7       “(c) *CLERICAL AMENDMENT.*—*The table of contents in*  
8 *the first section of the National Security Act of 1947 is*  
9 *amended by inserting after the item relating to section 1107*  
10 *the following new item:*

“*Sec. 1107A. Annual reports on security services of the People’s Republic of*  
*China in the Hong Kong Special Administrative Region.*”.

11 **SEC. 612. RESEARCH PARTNERSHIP ON ACTIVITIES OF PEO-**  
12 **PLE’S REPUBLIC OF CHINA.**

13       “(a) *RESEARCH PARTNERSHIP.*—

14               “(1) *REQUIREMENT.*—*Not later than 180 days*  
15 *after the date of the enactment of this Act, the Direc-*  
16 *tor of the National Geospatial-Intelligence Agency*  
17 *shall seek to enter into a partnership with an aca-*  
18 *demic or non-profit research institution to—*

19                       “(A) *carry out joint unclassified geospatial*  
20 *intelligence analyses of the activities of the Peo-*  
21 *ple’s Republic of China that pose risks to the na-*  
22 *tional security interests of the United States;*  
23 *and*

1           (B) make available on a publicly available  
2 internet website unclassified geospatial intel-  
3 lligence products relating to such analyses.

4           (2) *ELEMENTS.*—The Director shall ensure that  
5 the activities of China analyzed under paragraph  
6 (1)(A) include the following:

7           (A) Any notable developments relating to  
8 the global activities of the People’s Liberation  
9 Army Ground Force, the People’s Liberation  
10 Army Navy, the People’s Liberation Army Air  
11 Force, the People’s Liberation Army Rocket  
12 Force, the People’s Liberation Army Strategic  
13 Support Force, and the Chinese People’s Armed  
14 Police Force Coast Guard Corps.

15           (B) Infrastructure projects associated with  
16 the “One Belt, One Road” Initiative.

17           (C) Maritime land reclamation activities  
18 conducted by China in the South China Sea, the  
19 Indian Ocean region, and the broader maritime  
20 commons.

21           (D) Matters relevant to global public health  
22 and climate security, including—

23           (i) indications and warnings of disease  
24 outbreaks with pandemic potential;

1                   (ii) the activities of China likely con-  
2                   tributing to climate change; and

3                   (iii) any environmental degradation  
4                   directly resulting from the practices of  
5                   China.

6           (3) CONSORTIUM.—In carrying out paragraph  
7           (1), the Director may enter into a partnership with—

8                   (A) one research institution; or

9                   (B) a consortium of research institutions if  
10           the Director determines that the inclusion of  
11           multiple institutions will result in more effective  
12           research conducted pursuant to this section or  
13           improve the outcomes of such research.

14           (4) DURATION.—The Director shall carry out a  
15           partnership under this section for a period that is not  
16           less than 10 years following the date of the enactment  
17           of this Act.

18           (5) IMPROVEMENTS TO PARTNERSHIP.—The Di-  
19           rector may modify the partnership under paragraph  
20           (1) or select a new research institution with which to  
21           enter into such a partnership if—

22                   (A) the Director consults with the congres-  
23                   sional intelligence committees with respect to the  
24                   proposed modified or new partnership;

1           (B) the modified or new partnership is car-  
2           ried out in accordance with this section; and

3           (C) the Director determines that the modi-  
4           fied or new partnership will result in more effec-  
5           tive research conducted pursuant to this section  
6           or improve the outcomes of such research.

7       (b) *OPEN-SOURCE DATA.*—

8           (1) *IDENTIFICATION AND PUBLICATION.*—During  
9           the life of the partnership under subsection (a), the  
10          Director shall regularly—

11           (A) identify raw, unclassified geospatial  
12           data that could improve the research conducted  
13           under the partnership if the data was made pub-  
14           licly available; and

15           (B) make such data publicly available.

16          (2) *CONSULTATION.*—The Director shall carry  
17          out paragraph (1) in consultation with the research  
18          institution or consortium of research institutions in-  
19          volved with the partnership under subsection (a).

20          (c) *BRIEFINGS.*—Not later than 270 days after the  
21          date of the enactment of this Act, and annually thereafter  
22          during the life of the partnership under subsection (a), the  
23          Director shall provide to the appropriate congressional com-

19          *respect to—*

20                 *(A) the utility (or disutility) of a unified*  
21                 *collection management process for open-source*  
22                 *intelligence for all of the intelligence community;*

23                 *(B) what such a process might look like;*

1           (C) ways to integrate an open-source re-  
2           quirements process into all-source collection  
3           management; and

4           (D) ways that automation might be lever-  
5           aged to facilitate open-source requirements and  
6           collection management.

7           (3) An assessment of the value of rejuvenating a  
8           career service for a professional cadre of the intel-  
9           ligence community that focuses on collecting and dis-  
10          seminating open-source intelligence and recommenda-  
11          tions for such a rejuvenation.

12          (4) Recommendations regarding the need to ad-  
13          just any legal and policy frameworks (including any  
14          applicable guidelines of the Attorney General) that  
15          would facilitate the collection, retention, and dissemi-  
16          nation of open-source intelligence while balancing  
17          customer needs with the privacy interests of United  
18          States persons.

19          (5) An assessment of methods to use open-source  
20          intelligence to support the operations of the intel-  
21          ligence community, including recommendations on  
22          when and how open-source intelligence should support  
23          such operations.

24          (6) With respect to the data management of  
25          open-source intelligence, recommendations on pro-

1     *posed data ingestion tools, scraping capabilities, and*  
2     *other tools and capabilities to collect, process, exploit,*  
3     *and analyze the volume of open-source intelligence,*  
4     *including recommendations on how the intelligence*  
5     *community can increase the speed and security with*  
6     *which the intelligence community adopts open-source*  
7     *technology and unclassified commercial products.*

8             *(7) Any other matters the Director or the entity*  
9     *selected to conduct the study determines appropriate.*

10     *(c) COOPERATION.—The Director shall make available*  
11     *to the entity selected to conduct the study under subsection*  
12     *(a) the necessary information and materials to conduct the*  
13     *study, including with respect to—*

14             *(1) accessing secure workspaces;*

15             *(2) accessing directives and policy guidance of*  
16     *the intelligence community and other policy docu-*  
17     *ments regarding the governance and execution of*  
18     *open-source intelligence;*

19             *(3) reviewing technological systems used to con-*  
20     *duct open-source intelligence collection;*

21             *(4) interviewing senior personnel of the intel-*  
22     *ligence community, including such personnel with re-*  
23     *sponsibility for the open-source intelligence mission of*  
24     *the intelligence community; and*

1           (5) *ensuring that each head of an element of the*  
2           *intelligence community provides the cooperation de-*  
3           *scribed in this subsection.*

4           (d) *CONSULTATION.*—*The entity selected to conduct the*  
5           *study under subsection (a) shall consult with the congres-*  
6           *sional intelligence committees before beginning to conduct*  
7           *such study.*

8           (e) *REPORT.*—*Not later than 270 days after the date*  
9           *of the enactment of this Act, the Director shall submit to*  
10          *the congressional intelligence committees a report con-*  
11          *taining the study under subsection (a), without change. The*  
12          *report shall be unclassified, but may include a classified*  
13          *annex.*

14          **SEC. 624. SURVEY ON OPEN SOURCE ENTERPRISE.**

15          (a) *SURVEY.*—*The Director of the Central Intelligence*  
16          *Agency (as the open source functional manager for the intel-*  
17          *ligence community), in consultation with the Director of*  
18          *National Intelligence and any other head of an element of*  
19          *the intelligence community that the Director of the Central*  
20          *Intelligence Agency determines appropriate, shall conduct*  
21          *a survey to measure the satisfaction of customers of open-*  
22          *source intelligence with the Open Source Enterprise of the*  
23          *Central Intelligence Agency.*

24          (b) *PURPOSE.*—*The Director shall ensure that the sur-*  
25          *vey under subsection (a)—*

1           (1) *evaluates which types of open-source intel-*  
2           *ligence supports the missions of the customers of such*  
3           *intelligence, regardless of whether the customers are*  
4           *elements of the intelligence community and regardless*  
5           *of whether the customers are receiving such intel-*  
6           *ligence from the Open Source Enterprise;*

7           (2) *evaluates how responsive the Open Source*  
8           *Enterprise is to the missions of the elements of the in-*  
9           *telligence community and the other customers of the*  
10          *Open Source Enterprise;*

11          (3) *enables the Open Source Enterprise to set*  
12          *strategic priorities; and*

13          (4) *enables Congress to better oversee the stra-*  
14          *tegic direction of the Open Source Enterprise and to*  
15          *provide support to the collection and analysis of*  
16          *open-source intelligence.*

17          (c) *CONTENTS.—*

18                 (1) *ASSESSMENT.—The survey under subsection*  
19                 *(a) shall include qualitative and quantitative ques-*  
20                 *tions designed to assess the following:*

21                         (A) *The value of support provided by the*  
22                         *Open Source Enterprise to the mission of the*  
23                         *customer taking the survey.*

24                         (B) *The accessibility of the products of the*  
25                         *Open Source Enterprise.*

1           (C) *The frequency that such products are*  
2           *used in accomplishing the mission of the cus-*  
3           *tomers.*

4           (D) *The responsiveness of the Open Source*  
5           *Enterprise to tasking requests.*

6           (E) *Areas in which the Open Source Enter-*  
7           *prise could improve.*

8           (F) *The in-house open-source intelligence*  
9           *capabilities of the customer taking the survey,*  
10          *including—*

11                   (i) *a description of such capabilities;*

12                   (ii) *how such capabilities are tailored*  
13                   *to the mission of the customer;*

14                   (iii) *when such capabilities were estab-*  
15                   *lished; and*

16                   (iv) *whether and to what extent the*  
17                   *customer coordinates with the Open Source*  
18                   *Enterprise regarding such capabilities.*

19           (2) *SURVEY ANSWERS.—A customer who receives*  
20           *the survey under subsection (a) shall make all reason-*  
21           *able efforts to respond fully and frankly to the survey.*

22           (d) *DESIGN METHODOLOGY.—In carrying out sub-*  
23           *section (a), the Director of Central Intelligence shall seek*  
24           *advice regarding design methodology for customer satisfac-*  
25           *tion surveys from—*

1           (1) *experts in survey design of the Central Intel-*  
2 *ligence Agency and the Office of the Director of Na-*  
3 *tional Intelligence; and*

4           (2) *senior executives of the Bureau of Intelligence*  
5 *and Research of the Department of State who conduct*  
6 *a survey similar to the survey under subsection (a).*

7           (e) *REPORT.—*

8           (1) *STRATEGY.—Not later than 180 days after*  
9 *the date on which the survey is completed under sub-*  
10 *section (a), the Director shall submit to the congres-*  
11 *sional intelligence committees a report on the stra-*  
12 *tegic direction of the Open Source Enterprise based*  
13 *on the results of the survey, including explanations of*  
14 *how the Open Source Enterprise will—*

15                   (A) *build off the successes of the Open*  
16 *Source Enterprise; and*

17                   (B) *fill gaps in the collection, production,*  
18 *analysis, or dissemination of open-source intel-*  
19 *ligence.*

20           (2) *FORM.—The report under paragraph (1)*  
21 *shall be submitted in classified form.*

22           (3) *BRIEFING.—Not later than 30 days after the*  
23 *date on which the Director submits to the congres-*  
24 *sional intelligence committees the report under para-*  
25 *graph (1), the Director shall provide to such commit-*

1        *tees a briefing on the strategic direction of the Open*  
2        *Source Enterprise.*

3        **SEC. 625. SENSE OF CONGRESS ON REPORT ON MURDER OF**  
4        **JAMAL KHASHOGGI.**

5        *(a) FINDINGS.—Congress finds the following:*

6                *(1) There is a strong bipartisan conviction,*  
7                *shared widely throughout the legislative and executive*  
8                *branches of the United States Government and else-*  
9                *where, that ensuring full accountability for the brutal*  
10               *murder on October 2, 2018, of Jamal Khashoggi, a*  
11               *former Washington Post columnist and resident of the*  
12               *United States, is in the public interest and also the*  
13               *national interest of the United States.*

14               *(2) Section 5714 of the Damon Paul Nelson and*  
15               *Matthew Young Pollard Intelligence Authorization*  
16               *Act for Fiscal Years 2018, 2019, and 2020 (division*  
17               *E of Public Law 116–92; 133 Stat. 2173) required*  
18               *the Director of National Intelligence to submit to*  
19               *Congress a written report in “unclassified form” that*  
20               *includes “identification of those who carried out, par-*  
21               *ticipated in, ordered, or were otherwise complicit in*  
22               *or responsible for the death of Jamal Khashoggi.”.*

23               *(3) Section 1277 of the National Defense Author-*  
24               *ization Act for Fiscal Year 2020 (Public Law 116–*  
25               *92; 133 Stat. 1701) likewise obligated the Director to*

1 *submit to the Committee on Foreign Affairs and the*  
2 *Permanent Select Committee on Intelligence of the*  
3 *House of Representatives and the Committee on For-*  
4 *oreign Relations and the Select Committee on Intel-*  
5 *ligence of the Senate a written report on the assess-*  
6 *ment of the intelligence community regarding Mr.*  
7 *Khashoggi's brutal murder.*

8 *(4) Such section 1277 specifically called, among*  
9 *other things, for a determination and presentation of*  
10 *evidence with respect to the advance knowledge and*  
11 *role of any current or former official of the Govern-*  
12 *ment of Saudi Arabia or any current or former senior*  
13 *Saudi political figure over the directing, ordering, or*  
14 *tampering of evidence in relation to Mr. Khashoggi's*  
15 *murder.*

16 *(5) Such section 1277 also required the Director*  
17 *to submit a list of foreign persons whom the Director*  
18 *has high confidence were responsible for, complicit in,*  
19 *or otherwise knowingly and materially assisted the*  
20 *murder, or impeded its impartial investigation, or*  
21 *who ordered or otherwise directed an act or acts con-*  
22 *tributing to or causing the murder.*

23 *(6) Contrary to the unambiguous and lawful*  
24 *command of Congress under such sections 5714 and*  
25 *1277, the Director did not produce any unclassified*

1       *report as required by either such section, and instead,*  
2       *on February 20, 2020, the Director submitted to such*  
3       *committees a classified report, which the Director re-*  
4       *ferred to as an “annex”.*

5               *(7) The evident belief of the Director that no un-*  
6       *classified information can be produced in accordance*  
7       *with the directives of Congress is dubious, in light of*  
8       *the extensive body of credible, unclassified reporting*  
9       *available regarding the murder of Mr. Khashoggi, and*  
10       *the roles and culpability of officials at the highest lev-*  
11       *els of the Government of Saudi Arabia.*

12       *(b) SENSE OF CONGRESS.—It is the sense of Congress*  
13       *that the Director of National Intelligence should reasonably*  
14       *have been able to produce an unclassified report pursuant*  
15       *to section 5714 of the Damon Paul Nelson and Matthew*  
16       *Young Pollard Intelligence Authorization Act for Fiscal*  
17       *Years 2018, 2019, and 2020 and section 1277 of the Na-*  
18       *tional Defense Authorization Act for Fiscal Year 2020 that*  
19       *did not alter or obscure, in any way, the intelligence com-*  
20       *munity’s core determinations, its presentation of evidence,*  
21       *or identification of relevant persons, as required, without*  
22       *putting sources and methods at risk.*

1 **SEC. 4. PREVENTING AGING OUT OF FOSTER CARE DURING**  
2 **THE PANDEMIC.**

3 (a) *ADDRESSING FOSTER CARE AGE RESTRICTIONS*  
4 *DURING THE PANDEMIC.*—A State operating a program  
5 under part E of title IV of the Social Security Act may  
6 not require a child who is in foster care under the responsi-  
7 bility of the State to leave foster care solely by reason of  
8 the child’s age. A child may not be found ineligible for foster  
9 care maintenance payments under section 472 of such Act  
10 solely due to the age of the child or the failure of the child  
11 to meet a condition of section 475(8)(B)(iv) of such Act be-  
12 fore October 1, 2021.

13 (b) *RE-ENTRY TO FOSTER CARE FOR YOUTH WHO*  
14 *AGE OUT DURING THE PANDEMIC.*—A State operating a  
15 program under the State plan approved under part E of  
16 title IV of the Social Security Act (and without regard to  
17 whether the State has exercised the option provided by sec-  
18 tion 475(8)(B) of such Act to extend assistance under such  
19 part to older children) shall—

20 (1) permit any youth who left foster care due to  
21 age during the COVID–19 public health emergency to  
22 voluntarily re-enter foster care;

23 (2) provide to each such youth who was formally  
24 discharged from foster care during the COVID–19  
25 public health emergency, a notice designed to make  
26 the youth aware of the option to return to foster care;

1           (3) *facilitate the voluntary return of any such*  
2 *youth to foster care; and*

3           (4) *conduct a public awareness campaign about*  
4 *the option to voluntarily re-enter foster care for youth*  
5 *who have not attained 22 years of age, who aged out*  
6 *of foster care in fiscal year 2020 or fiscal year 2021,*  
7 *and who are otherwise eligible to return to foster care.*

8           (c) *PROTECTIONS FOR YOUTH IN FOSTER CARE.—A*  
9 *State operating a program under the State plan approved*  
10 *under part E of title IV of the Social Security Act shall—*

11           (1) *continue to ensure that the safety, perma-*  
12 *nence, and well-being needs of older foster youth, in-*  
13 *cluding youth who remain in foster care and youth*  
14 *who age out of foster care during that period but who*  
15 *re-enter foster care pursuant to this section, are met;*  
16 *and*

17           (2) *work with any youth who remains in foster*  
18 *care after attaining 18 years of age (or such greater*  
19 *age as the State may have elected under section*  
20 *475(8)(B)(iii) of such Act) to develop, or review and*  
21 *revise, a transition plan consistent with the plan re-*  
22 *ferred to in section 475(5)(H) of such Act, and assist*  
23 *the youth with identifying adults who can offer mean-*  
24 *ingful, permanent connections.*

1       (d) *AUTHORITY TO USE ADDITIONAL FUNDING FOR*  
2 *CERTAIN COSTS INCURRED TO PREVENT AGING OUT OF,*  
3 *FACILITATING RE-ENTRY TO, AND PROTECTING YOUTH IN*  
4 *CARE DURING THE PANDEMIC.—*

5           (1) *IN GENERAL.—Subject to paragraph (2) of*  
6 *this subsection, a State to which additional funds are*  
7 *made available as a result of section 3(a) may use the*  
8 *funds to meet any costs incurred in complying with*  
9 *subsections (a), (b), and (c) of this section.*

10          (2) *RESTRICTIONS.—*

11           (A) *The costs referred to in paragraph (1)*  
12 *must be incurred after the date of the enactment*  
13 *of this section and before October 1, 2021.*

14           (B) *The costs of complying with subsection*  
15 *(a) or (c) of this section must not be incurred on*  
16 *behalf of children eligible for foster care mainte-*  
17 *nance payments under section 472 of the Social*  
18 *Security Act, including youth who have attained*  
19 *18 years of age who are eligible for the payments*  
20 *by reason of the temporary waiver of the age re-*  
21 *quirement or the conditions of section*  
22 *475(8)(B)(iv) of such Act.*

23           (C) *A State shall make reasonable efforts to*  
24 *ensure that eligibility for foster care mainte-*  
25 *nance payments under section 472 of the Social*

1           *Security Act is determined when a youth re-*  
2           *remains in, or re-enters, foster care as a result of*  
3           *the State complying with subsections (a) and (c)*  
4           *of this section.*

5                     *(D) A child who re-enters care during the*  
6           *COVID–19 public health emergency period may*  
7           *not be found ineligible for foster care mainte-*  
8           *nance payments under section 472 of the Social*

5           Security Act for the purpose described in section  
6           438(a)(3) of such Act, for fiscal year 2021.

7           (2) AMOUNT.—The amount of the grant awarded  
8           to a highest State court under this subsection shall be  
9           the sum of—

10           (A) \$85,000; and

11           (B) the amount that bears the same ratio to  
12           the amount reserved under subsection (a) that re-  
13           mains after the application of paragraph (1)(A)  
14           and subparagraph (A) of this paragraph, as the  
15           number of individuals in the State in which the  
16           court is located who have not attained 21 years  
17           of age bears to the total number of such individ-  
18           uals in all States the highest courts of which  
19           were awarded a grant under this subsection  
20           (based on the most recent year for which data  
21           are available from the Bureau of the Census).

22           (3) OTHER RULES.—

23           (A) IN GENERAL.—The grants awarded to  
24           the highest State courts under this subsection  
25           shall be in addition to any grants made to the

1           *courts under section 438 of the Social Security*  
2           *Act for any fiscal year.*

3           *(B) NO ADDITIONAL APPLICATION.—The*

4 *improvement in performance in the manner provided*  
5 *in section 511(d)(1) of such Act.*

6 (2) *DELAY OF DEADLINE FOR STATEWIDE NEEDS*  
7 *ASSESSMENT.—The Secretary may delay the October*  
8 *1, 2020, deadline for reviewing and updating any*  
9 *needs assessment required by section 511(b)(1) or*  
10 *511(h)(2)(A) of the Social Security Act, but any such*  
11 *delay shall not affect the timing for, or amount of,*  
12 *any payment to the State involved from the fiscal*  
13 *year allotments available to the State under section*  
14 *502(c) of such Act.*

15 (3) *GUIDANCE.—The Secretary shall provide to*  
16 *eligible entities funded under section 511 of the Social*  
17 *Security Act information on the parameters used in*  
18 *extending a deadline under paragraph (1) or (2) of*  
19 *this subsection.*

20 (d) *TIMELY RELEASE OF TITLE V FUNDS.—The au-*

19          (c) *AUTHORITY TO ENTER INTO CONTRACTS.—Section*  
20          *801(a)(2)(F) of the National Energy Conservation Policy*  
21          *Act (42 U.S.C. 8287(a)(2)(F)) is amended—*

22                  (1) *in clause (i), by striking “or” at the end;*

23                  (2) *in clause (ii), by striking the period at the*  
24                  *end and inserting “; or”; and*

25                  (3) *by adding at the end the following:*

1                   “(iii) limit the recognition of operation  
2                   and maintenance savings associated with  
3                   systems modernized or replaced with the  
4                   implementation of energy conservation  
5                   measures, water conservation measures, or  
6                   any combination of energy conservation  
7                   measures and water conservation meas-  
8                   ures.”.

9                   (d) MISCELLANEOUS AUTHORITY; EXCLUDED CON-  
10 TRACTS.—Section 801(a)(2) of the National Energy Con-  
11 servation Policy Act (42 U.S.C. 8287(a)(2)) is amended by  
12 adding at the end the following:

13                   “(H) MISCELLANEOUS AUTHORITY.—Not-  
14 withstanding subtitle I of title 40, United States  
15 Code, a Federal agency may accept, retain, sell,  
16 or transfer, and apply the proceeds of the sale or  
17 transfer of, any energy and water incentive, re-  
18 bate, grid services revenue, or credit (including a  
19 renewable energy certificate) to fund a contract  
20 under this title.

21                   “(I) EXCLUDED CONTRACTS.—A contract  
22 entered into under this title may not be for work  
23 performed—

1                   “(i) at a Federal hydroelectric facility  
2                   that provides power marketed by a Power  
3                   Marketing Administration; or

4                   “(ii) at a hydroelectric facility owned  
5                   and operated by the Tennessee Valley Au-  
6                   thority established under the Tennessee Val-  
7                   ley Authority Act of 1933 (16 U.S.C. 831 et  
8                   seq.).”.

9                   (e) *PAYMENT OF COSTS*.—Section 802 of the National  
10                  Energy Conservation Policy Act (42 U.S.C. 8287a) is  
11                  amended by striking “(and related operation and mainte-  
12                  nance expenses)” and inserting “, including related oper-  
13                  ations and maintenance expenses”.

14                  (f) *DEFINITION OF ENERGY SAVINGS*.—Section 804(2)  
15                  of the National Energy Conservation Policy Act (42 U.S.C.  
16                  8287c(2)) is amended—

17                   (1) in subparagraph (A), by striking “federally  
18                   owned building or buildings or other federally owned  
19                   facilities” and inserting “Federal building (as defined  
20                   in section 551)” each place it appears;

21                   (2) in subparagraph (C), by striking “; and”  
22                   and inserting a semicolon;

23                   (3) in subparagraph (D), by striking the period  
24                   at the end and inserting a semicolon; and

25                   (4) by adding at the end the following:

1           “(E) the use, sale, or transfer of any energy  
2           and water incentive, rebate, grid services rev-  
3           enue, or credit (including a renewable energy  
4           certificate); and

5           “(F) any revenue generated from a reduc-  
6           tion in energy or water use, more efficient waste  
7           recycling, or additional energy generated from  
8           more efficient equipment.”.

9           (g) *ENERGY AND WATER CONSERVATION MEAS-*  
10 *URES.—Section 543 of the National Energy Conservation*  
11 *Policy Act (42 U.S.C. 8253) is amended—*

12           (1) *in the section heading, by inserting “**AND***  
13 ***WATER**” after “**ENERGY**”;*

14           (2) *in subsection (b)—*

15           (A) *in the subsection heading, by inserting*  
16 *“AND WATER” after “ENERGY”; and*

17           (B) *by striking paragraphs (1) and (2) and*  
18 *inserting the following:*

19           “(1) *IN GENERAL.—Each agency shall—*

20           “(A) *not later than October 1, 2022, to the*  
21 *maximum extent practicable, begin installing in*  
22 *Federal buildings owned by the United States all*  
23 *energy and water conservation measures deter-*  
24 *mined by the Secretary to be life cycle cost-effec-*  
25 *tive (as defined in subsection (f)(1)); and*

1           “(B) complete the installation described in  
2           subparagraph (A) as soon as practicable after  
3           the date referred to in that subparagraph.

4           “(2) EXPLANATION OF NONCOMPLIANCE.—

5           “(A) IN GENERAL.—If an agency fails to  
6           comply with paragraph (1), the agency shall  
7           submit to the Secretary, using guidelines devel-  
8           oped by the Secretary, an explanation of the rea-  
9           sons for the failure.

10           “(B) REPORT TO CONGRESS.—Not later  
11           than January 1, 2022, and every 2 years there-  
12           after, the Secretary shall submit to Congress a  
13           report that describes any noncompliance by an  
14           agency with the requirements of paragraph (1).”;

15           (3) in subsection (c)(1)—

16           (A) in subparagraph (A)—

17           (i) in the matter preceding clause (i),  
18           by striking “An agency” and inserting “The  
19           head of each agency”; and

20           (ii) by inserting “or water” after “en-  
21           ergy” each place it appears; and

22           (B) in subparagraph (B)(i), by inserting  
23           “or water” after “energy”;

24           (4) in subsection (d)(2), by inserting “and  
25           water” after “energy”;

1           (5) *in subsection (e)*—

2                   (A) *in the subsection heading, by inserting*  
3           “AND WATER” *after “ENERGY”;*

4                   (B) *in paragraph (1)*—

5                           (i) *in the first sentence*—

6                                   (I) *by striking “October 1, 2012”*  
7                           and *inserting “October 1, 2022”;*

8                                   (II) *by inserting “and water”*  
9                           *after “energy”; and*

10                                   (III) *by inserting “and water”*  
11                           *after “electricity”;*

12                                   (ii) *in the second sentence, by inserting*  
13                           “and water” *after “electricity”; and*

14                                   (iii) *in the fourth sentence, by insert-*  
15                           ing “and water” *after “energy”;*

16                   (C) *in paragraph (2)*—

17                           (i) *in subparagraph (A)*—

18                                   (I) *by striking “and” before “Fed-*  
19                           eral”*; and*

20                                   (II) *by inserting “and any other*  
21                           person the Secretary deems necessary,”  
22                           before “shall”*;*

23                           (ii) *in subparagraph (B)*—

1                   (I) in clause (i)(II), by inserting  
2                   “and water” after “energy” each place  
3                   it appears;

4                   (II) in clause (ii), by inserting  
5                   “and water” after “energy”; and

6                   (III) in clause (iv), by inserting  
7                   “and water” after “energy”; and

8                   (iii) by adding at the end the fol-  
9                   lowing:

10                  “(C) UPDATE.—Not later than 180 days  
11                  after the date of enactment of this subparagraph,  
12                  the Secretary shall update the guidelines estab-  
13                  lished under subparagraph (A) to take into ac-  
14                  count water efficiency requirements under this  
15                  section.”;

16                  (D) in paragraph (3), in the matter pre-  
17                  ceding subparagraph (A), by striking “estab-  
18                  lished under paragraph (2)” and inserting “up-  
19                  dated under paragraph (2)(C)”; and

20                  (E) in paragraph (4)—

21                         (i) in subparagraph (A)—

22                                 (I) by striking “this paragraph”  
23                                 and inserting “the Energy Act of  
24                                 2020”; and

1                   (II) by inserting “and water” be-  
2                   fore “use in”; and

3                   (ii) in subparagraph (B)(ii), in the  
4                   matter preceding subclause (I), by inserting  
5                   “and water” after “energy”; and

6                   (6) in subsection (f)—

7                   (A) in paragraph (1)—

8                   (i) by redesignating subparagraphs  
9                   (E), (F), and (G) as subparagraphs (F),  
10                  (G), and (H), respectively; and

11                  (ii) by inserting after subparagraph  
12                  (D) the following:

13                  “(E) ONGOING COMMISSIONING.—The term  
14                  ‘ongoing commissioning’ means an ongoing proc-  
15                  ess of commissioning using monitored data, the  
16                  primary goal of which is to ensure continuous  
17                  optimum performance of a facility, in accord-  
18                  ance with design or operating needs, over the  
19                  useful life of the facility, while meeting facility  
20                  occupancy requirements.”;

21                  (B) in paragraph (2)—

22                  (i) in subparagraph (A), by inserting  
23                  “and water” before “use”;

24                  (ii) in subparagraph (B)—

1                   (I) by striking “energy” before  
2                   “efficiency”; and

3                   (II) by inserting “or water” before  
4                   “use”; and

5                   (iii) by adding at the end the fol-  
6                   lowing:

7                   “(C) *ENERGY MANAGEMENT SYSTEM.*—An  
8                   energy manager designated for a facility under  
9                   subparagraph (A) shall take into consider-  
10                  ation—

11                  “(i) the use of a system to manage en-  
12                  ergy and water use at the facility; and

13                  “(ii) the applicability of the certifi-  
14                  cation of the facility in accordance with the  
15                  International Organization for Standard-  
16                  ization standard numbered 50001 and enti-  
17                  tled ‘Energy Management Systems.’.”;

18                  (C) by striking paragraphs (3) and (4) and  
19                  inserting the following:

20                  “(3) *ENERGY AND WATER EVALUATIONS AND*  
21                  *COMMISSIONING.*—

22                  “(A) *EVALUATIONS.*—Except as provided in  
23                  subparagraph (B), not later than the date that  
24                  is 180 days after the date of enactment of the  
25                  Energy Act of 2020, and annually thereafter,

1           *each energy manager shall complete, for the pre-*  
2           *ceding calendar year, a comprehensive energy*  
3           *and water evaluation and recommissioning or*  
4           *retrocommissioning for approximately 25 percent*  
5           *of the facilities of the applicable agency that*  
6           *meet the criteria under paragraph (2)(B) in a*  
7           *manner that ensures that an evaluation of each*  
8           *facility is completed not less frequently than once*  
9           *every 4 years.*

10           “(B) *EXCEPTIONS.—An evaluation and re-*  
11           *commissioning or retrocommissioning shall not*  
12           *be required under subparagraph (A) with respect*  
13           *to a facility that, as of the date on which the*  
14           *evaluation and recommissioning or*  
15           *retrocommissioning would occur—*

16                   “(i) *has had a comprehensive energy*

23           *“(4) IMPLEMENTATION OF IDENTIFIED ENERGY*  
24           *AND WATER EFFICIENCY MEASURES.—*

1           “(A) *IN GENERAL.*—Not later than 2 years  
2           after the date of completion of each evaluation  
3           under paragraph (3), each energy manager shall  
4           implement any energy- or water-saving measure  
5           that—

6                     “(i) the Federal agency identified in  
7                     the evaluation; and

8                     “(ii) is life cycle cost-effective, as deter-  
9                     mined by evaluating an individual measure  
10                    or a bundle of measures with varying pay-  
11                    backs.

12           “(B) *PERFORMANCE CONTRACTING.*—Each  
13           Federal agency shall use performance contracting  
14           to address at least 50 percent of the measures  
15           identified under subparagraph (A)(i).”;

16                     (D) in paragraph (7)(B)(ii)(II), by insert-  
17                     ing “and water” after “energy”; and

18                     (E) in paragraph (9)(A), in the matter pre-  
19                     ceding clause (i), by inserting “and water” after  
20                     “energy”.

21           (h) *CONFORMING AMENDMENT.*—The table of contents  
22           for the National Energy Conservation Policy Act (Public  
23           Law 95–619; 92 Stat. 3206) is amended by striking the  
24           item relating to section 543 and inserting the following:

“Sec. 543. Energy and water management requirements.”.

1 **SEC. 1003. ENERGY EFFICIENT DATA CENTERS.**

2 **MATION TECHNOLOGIES.**

3 *Section 543 of the National Energy Conservation Pol-*  
4 *icy Act (42 U.S.C. 8253) is amended by adding at the end*  
5 *the following:*

6 *“(h) FEDERAL IMPLEMENTATION STRATEGY FOR EN-*  
7 *ERGY-EFFICIENT AND ENERGY-SAVING INFORMATION*  
8 *TECHNOLOGIES.—*

9 *“(1) DEFINITIONS.—In this subsection:*

10 *“(A) DIRECTOR.—The term ‘Director’*  
11 *means the Director of the Office of Management*  
12 *and Budget.*

13 *“(B) INFORMATION TECHNOLOGY.—The*  
14 *term ‘information technology’ has the meaning*  
15 *given that term in section 11101 of title 40,*  
16 *United States Code.*

17 *“(2) DEVELOPMENT OF IMPLEMENTATION STRAT-*  
18 *EGY.—Not later than 1 year after the date of enact-*  
19 *ment of the Energy Act of 2020, each Federal agency*  
20 *shall coordinate with the Director, the Secretary, and*  
21 *the Administrator of the Environmental Protection*  
22 *Agency to develop an implementation strategy (in-*  
23 *cluding best-practices and measurement and*  
24 *verification techniques) for the maintenance, pur-*  
25 *chase, and use by the Federal agency of energy-effi-*  
26 *cient and energy-saving information technologies at*

1 *or for facilities owned and operated by the Federal*  
2 *agency, taking into consideration the performance*  
3 *goals established under paragraph (4).*

4 “(3) *ADMINISTRATION.—In developing an imple-*  
5 *mentation strategy under paragraph (2), each Federal*  
6 *agency shall consider—*

7 “(A) *advanced metering infrastructure;*

8 “(B) *energy efficient data center strategies*  
9 *and methods of increasing asset and infrastruc-*  
10 *ture utilization;*

11 “(C) *advanced power management tools;*

12 “(D) *building information modeling, in-*  
13 *cluding building energy management;*

14 “(E) *secure telework and travel substitution*  
15 *tools; and*

16 “(F) *mechanisms to ensure that the agency*  
17 *realizes the energy cost savings of increased effi-*  
18 *ciency and utilization.*

19 “(4) *PERFORMANCE GOALS.—*

20 “(A) *IN GENERAL.—Not later than 180*  
21 *days after the date of enactment of the Energy*  
22 *Act of 2020, the Director, in consultation with*  
23 *the Secretary, shall establish performance goals*  
24 *for evaluating the efforts of Federal agencies in*  
25 *improving the maintenance, purchase, and use of*

1           *energy-efficient and energy-saving information*  
2           *technology at or for facilities owned and oper-*  
3           *ated by the Federal agencies.*

4           “(B) *BEST PRACTICES.*—*The Chief Infor-*  
5           *mation Officers Council established under section*  
6           *3603 of title 44, United States Code, shall rec-*  
7           *ommend best practices for the attainment of the*  
8           *performance goals established under subpara-*  
9           *graph (A), which shall include, to the extent ap-*  
10          *licable by law, consideration by a Federal agen-*  
11          *cy of the use of—*

12                   “(i) *energy savings performance con-*  
13                   *tracting; and*

14                   “(ii) *utility energy services con-*  
15                   *tracting.*

16          “(5) *REPORTS.*—

17           “(A) *AGENCY REPORTS.*—*Each Federal*  
18           *agency shall include in the report of the agency*  
19           *under section 527 of the Energy Independence*  
20           *and Security Act of 2007 (42 U.S.C. 17143) a*  
21           *description of the efforts and results of the agen-*  
22           *cy under this subsection.*

23           “(B) *OMB GOVERNMENT EFFICIENCY RE-*  
24           *PORTS AND SCORECARDS.*—*Effective beginning*  
25           *not later than October 1, 2022, the Director shall*

1           include in the annual report and scorecard of the  
2           Director required under section 528 of the En-  
3           ergy Independence and Security Act of 2007 (42  
4           U.S.C. 17144) a description of the efforts and re-  
5           sults of Federal agencies under this subsection.

6                   “(C) *USE OF EXISTING REPORTING STRUC-*  
7                   *TURES.—The Director may require Federal*  
8                   *agencies to submit any information required to*  
9                   *be submitted under this subsection through report-*  
10                   *ing structures in use as of the date of enactment*  
11                   *of the Energy Act of 2020.”.*

12 **SEC. 1005. EXTENDED PRODUCT SYSTEM REBATE PRO-**  
13 **GRAM.**

14           (a) *DEFINITIONS.—In this section:*

15                   (1) *ELECTRIC MOTOR.—The term “electric*  
16                   *motor” has the meaning given the term in section*  
17                   *431.12 of title 10, Code of Federal Regulations (as in*  
18                   *effect on the date of enactment of this Act).*

19                   (2) *ELECTRONIC CONTROL.—The term “elec-*  
20                   *tronic control” means—*

21                           (A) *a power converter; or*

22                           (B) *a combination of a power circuit and*  
23                   *control circuit included on 1 chassis.*

24                   (3) *EXTENDED PRODUCT SYSTEM.—The term*  
25                   *“extended product system” means an electric motor*

1 *and any required associated electronic control and*  
2 *driven load that—*

3 *(A) offers variable speed or multispeed oper-*  
4 *ation;*

5 *(B) offers partial load control that reduces*  
6 *input energy requirements (as measured in kilo-*  
7 *watt-hours) as compared to identified base levels*  
8 *set by the Secretary of Energy (in this section*  
9 *referred to as the “Secretary”); and*

10 *(C)(i) has greater than 1 horsepower; and*

11 *(ii) uses an extended product system tech-*  
12 *nology, as determined by the Secretary.*

13 *(4) QUALIFIED EXTENDED PRODUCT SYSTEM.—*

14 *(A) IN GENERAL.—The term “qualified ex-*  
15 *tended product system” means an extended prod-*  
16 *uct system that—*

17 *(i) includes an electric motor and an*  
18 *electronic control; and*

19 *(ii) reduces the input energy (as meas-*  
20 *ured in kilowatt-hours) required to operate*  
21 *the extended product system by not less than*  
22 *5 percent, as compared to identified base*  
23 *levels set by the Secretary.*

1           (B) *INCLUSIONS.*—*The term “qualified ex-*  
2           *tended product system” includes commercial or*  
3           *industrial machinery or equipment that—*

4                   (i)(I) *did not previously make use of*  
5                   *the extended product system prior to the re-*  
6                   *design described in subclause (II); and*

7                   (II) *incorporates an extended product*  
8                   *system that has greater than 1 horsepower*  
9                   *into redesigned machinery or equipment;*  
10                  *and*

11                  (ii) *was previously used prior to, and*  
12                  *was placed back into service during, cal-*  
13                  *endar year 2021 or 2022.*

14           (b) *ESTABLISHMENT.*—*Not later than 180 days after*  
15           *the date of enactment of this Act, the Secretary shall estab-*  
16           *lish a program to provide rebates for expenditures made*  
17           *by qualified entities for the purchase or installation of a*  
18           *qualified extended product system.*

19           (c) *QUALIFIED ENTITIES.*—

20                   (1) *ELIGIBILITY REQUIREMENTS.*—*A qualified*  
21                   *entity under this section shall be—*

22                           (A) *in the case of a qualified extended prod-*  
23                           *uct system described in subsection (a)(4)(A), the*  
24                           *purchaser of the qualified extended product that*  
25                           *is installed; and*

1           (B) in the case of a qualified extended prod-  
2           uct system described in subsection (a)(4)(B), the  
3           manufacturer of the commercial or industrial  
4           machinery or equipment that incorporated the  
5           extended product system into that machinery or  
6           equipment.

7           (2) APPLICATION.—To be eligible to receive a re-  
8           bate under this section, a qualified entity shall submit  
9           to the Secretary—

10           (A) an application in such form, at such  
11           time, and containing such information as the  
12           Secretary may require; and

13           (B) a certification that includes dem-  
14           onstrated evidence—

15           (i) that the entity is a qualified entity;

16           and

17           (ii)(I) in the case of a qualified entity  
18           described in paragraph (1)(A)—

19           (aa) that the qualified entity in-  
20           stalled the qualified extended product  
21           system during the 2 fiscal years fol-  
22           lowing the date of enactment of this  
23           Act;

1                    (bb) that the qualified extended  
2                    product system meets the requirements  
3                    of subsection (a)(4)(A); and

4                    (cc) showing the serial number,  
5                    manufacturer, and model number from  
6                    the nameplate of the installed motor of  
7                    the qualified entity on which the quali-  
8                    fied extended product system was in-  
9                    stalled; or

10                   (II) in the case of a qualified entity  
11                   described in paragraph (1)(B), dem-  
12                   onstrated evidence—

13                   (aa) that the qualified extended  
14                   product system meets the requirements  
15                   of subsection (a)(4)(B); and

16                   (bb) showing the serial number,  
17                   manufacturer, and model number from  
18                   the nameplate of the installed motor of  
19                   the qualified entity with which the ex-  
20                   tended product system is integrated.

21                   (d) *AUTHORIZED AMOUNT OF REBATE.*—

22                   (1) *IN GENERAL.*—The Secretary may provide to  
23                   a qualified entity a rebate in an amount equal to the  
24                   product obtained by multiplying—

1 (A) an amount equal to the sum of the  
2 nameplate rated horsepower of—

3 (i) the electric motor to which the  
4 qualified extended product system is at-  
5 tached; and

6 (ii) the electronic control; and

7 (B) \$25.

8 (2) *MAXIMUM AGGREGATE AMOUNT.*—A qualified  
9 entity shall not be entitled to aggregate rebates under  
10 this section in excess of \$25,000 per calendar year.

11 (e) *AUTHORIZATION OF APPROPRIATIONS.*—There is  
12 authorized to be appropriated to carry out this section  
13 \$5,000,000 for each of fiscal years 2022 and 2023.

14 **SEC. 1006. ENERGY EFFICIENT TRANSFORMER REBATE**  
15 **PROGRAM.**

16 (a) *DEFINITIONS.*—In this section:

17 (1) *QUALIFIED ENERGY EFFICIENT TRANS-*  
18 *FORMER.*—The term “qualified energy efficient trans-  
19 former” means a transformer that meets or exceeds  
20 the applicable energy conservation standards de-  
21 scribed in the tables in subsection (b)(2) and para-  
22 graphs (1) and (2) of subsection (c) of section 431.196  
23 of title 10, Code of Federal Regulations (as in effect  
24 on the date of enactment of this Act).

1           (2) *QUALIFIED ENERGY INEFFICIENT TRANS-*  
2 *FORMER.—The term “qualified energy inefficient*  
3 *transformer” means a transformer with an equal*  
4 *number of phases and capacity to a transformer de-*  
5 *scribed in any of the tables in subsection (b)(2) and*  
6 *paragraphs (1) and (2) of subsection (c) of section*  
7 *431.196 of title 10, Code of Federal Regulations (as*  
8 *in effect on the date of enactment of this Act) that—*

9                   (A) *does not meet or exceed the applicable*  
10 *energy conservation standards described in para-*  
11 *graph (1); and*

12                   (B)(i) *was manufactured between January*  
13 *1, 1987, and December 31, 2008, for a trans-*  
14 *former with an equal number of phases and ca-*  
15 *capacity as a transformer described in the table in*  
16 *subsection (b)(2) of section 431.196 of title 10,*  
17 *Code of Federal Regulations (as in effect on the*  
18 *date of enactment of this Act); or*

19                   (ii) *was manufactured between January 1,*  
20 *1992, and December 31, 2011, for a transformer*  
21 *with an equal number of phases and capacity as*  
22 *a transformer described in the table in para-*  
23 *graph (1) or (2) of subsection (c) of that section*  
24 *(as in effect on the date of enactment of this*  
25 *Act).*

1           (3) *QUALIFIED ENTITY.*—*The term “qualified en-*  
2           *tity” means an owner of industrial or manufacturing*  
3           *facilities, commercial buildings, or multifamily resi-*  
4           *dential buildings, a utility, or an energy service com-*  
5           *pany that fulfills the requirements of subsection (c).*

6           (b) *ESTABLISHMENT.*—*Not later than 90 days after*  
7           *the date of enactment of this Act, the Secretary of Energy*  
8           *(in this section referred to as the “Secretary”) shall estab-*  
9           *lish a program to provide rebates to qualified entities for*  
10           *expenditures made by the qualified entity for the replace-*  
11           *ment of a qualified energy inefficient transformer with a*  
12           *qualified energy efficient transformer.*

13           (c) *REQUIREMENTS.*—*To be eligible to receive a rebate*  
14           *under this section, an entity shall submit to the Secretary*  
15           *an application in such form, at such time, and containing*  
16           *such information as the Secretary may require, including*  
17           *demonstrated evidence—*

18                   (1) *that the entity purchased a qualified energy*  
19                   *efficient transformer;*

20                   (2) *of the core loss value of the qualified energy*  
21                   *efficient transformer;*

22                   (3) *of the age of the qualified energy inefficient*  
23                   *transformer being replaced;*

24                   (4) *of the core loss value of the qualified energy*  
25                   *inefficient transformer being replaced—*

1           (A) as measured by a qualified professional  
2           or verified by the equipment manufacturer, as  
3           applicable; or

4           (B) for transformers described in subsection  
5           (a)(2)(B)(i), as selected from a table of default  
6           values as determined by the Secretary in con-  
7           sultation with applicable industry; and

8           (5) that the qualified energy inefficient trans-  
9           former has been permanently decommissioned and  
10          scrapped.

11          (d) *AUTHORIZED AMOUNT OF REBATE.*—The amount  
12 of a rebate provided under this section shall be—

13           (1) for a 3-phase or single-phase transformer  
14           with a capacity of not less than 10 and not greater  
15           than 2,500 kilovolt-amperes, twice the amount equal  
16           to the difference in Watts between the core loss value  
17           (as measured in accordance with paragraphs (2) and  
18           (4) of subsection (c)) of—

19           (A) the qualified energy inefficient trans-  
20           former; and

21           (B) the qualified energy efficient trans-  
22           former; or

23           (2) for a transformer described in subsection  
24           (a)(2)(B)(i), the amount determined using a table of  
25           default rebate values by rated transformer output, as

1       *measured in kilovolt-amperes, as determined by the*  
2       *Secretary in consultation with applicable industry.*

3       (e) *AUTHORIZATION OF APPROPRIATIONS.—There is*  
4       *authorized to be appropriated to carry out this section*  
5       *\$5,000,000 for each of fiscal years 2022 and 2023.*

6       (f) *TERMINATION OF EFFECTIVENESS.—The authority*  
7       *provided by this section terminates on December 31, 2023.*

8       **SEC. 1007. SMART BUILDING ACCELERATION.**

9       (a) *DEFINITIONS.—In this section:*

10           (1) *DEPARTMENT.—The term “Department”*  
11           *means the Department of Energy.*

12           (2) *PROGRAM.—The term “program” means the*  
13           *Federal Smart Building Program established under*  
14           *subsection (b)(1).*

15           (3) *SECRETARY.—The term “Secretary” means*  
16           *the Secretary of Energy.*

17           (4) *SMART BUILDING.—The term “smart build-*  
18           *ing” means a building, or collection of buildings, with*  
19           *an energy system that—*

20                   (A) *is flexible and automated;*

21                   (B) *has extensive operational monitoring*  
22                   *and communication connectivity, allowing re-*  
23                   *mote monitoring and analysis of all building*  
24                   *functions;*

1           (C) takes a systems-based approach in inte-  
2           grating the overall building operations for con-  
3           trol of energy generation, consumption, and stor-  
4           age;

5           (D) communicates with utilities and other  
6           third-party commercial entities, if appropriate;

7           (E) protects the health and safety of occu-  
8           pants and workers; and

9           (F) incorporates cybersecurity best prac-  
10          tices.

11          (5) *SMART BUILDING ACCELERATOR*.—The term  
12          “smart building accelerator” means an initiative that  
13          is designed to demonstrate specific innovative policies  
14          and approaches—

15               (A) with clear goals and a clear timeline;  
16          and

17               (B) that, on successful demonstration, would  
18          accelerate investment in energy efficiency.

19          (b) *FEDERAL SMART BUILDING PROGRAM*.—

20               (1) *ESTABLISHMENT*.—Not later than 1 year  
21          after the date of enactment of this Act, the Secretary  
22          shall, in consultation with the Administrator of Gen-  
23          eral Services, establish a program to be known as the  
24          “Federal Smart Building Program”—

1           (A) to implement smart building tech-  
2           nology; and

3           (B) to demonstrate the costs and benefits of  
4           smart buildings.

5           (2) *SELECTION.*—

6           (A) *IN GENERAL.*—The Secretary shall co-  
7           ordinate the selection of not fewer than 1 build-  
8           ing from among each of several key Federal  
9           agencies, as described in paragraph (4), to com-  
10          pose an appropriately diverse set of smart build-  
11          ings based on size, type, and geographic location.

12          (B) *INCLUSION OF COMMERCIALY OPER-*  
13          *ATED BUILDINGS.*—In making selections under  
14          subparagraph (A), the Secretary may include  
15          buildings that are owned by the Federal Govern-  
16          ment but are commercially operated.

17          (3) *TARGETS.*—Not later than 18 months after  
18          the date of enactment of this Act, the Secretary shall  
19          establish targets for the number of smart buildings to  
20          be commissioned and evaluated by key Federal agen-  
21          cies by 3 years and 6 years after the date of enact-  
22          ment of this Act.

23          (4) *FEDERAL AGENCY DESCRIBED.*—The key  
24          Federal agencies referred to paragraph (2)(A) shall  
25          include buildings operated by—

- 1           (A) *the Department of the Army;*  
2           (B) *the Department of the Navy;*  
3           (C) *the Department of the Air Force;*  
4           (D) *the Department;*  
5           (E) *the Department of the Interior;*  
6           (F) *the Department of Veterans Affairs; and*  
7           (G) *the General Services Administration.*

8           (5) *REQUIREMENT.—In implementing the pro-*  
9           *gram, the Secretary shall leverage existing financing*  
10          *mechanisms including energy savings performance*  
11          *contracts, utility energy service contracts, and annual*  
12          *appropriations.*

13          (6) *EVALUATION.—Using the guidelines of the*  
14          *Federal Energy Management Program relating to*  
15          *whole-building evaluation, measurement, and*  
16          *verification, the Secretary shall evaluate the costs and*  
17          *benefits of the buildings selected under paragraph (2),*  
18          *including an identification of—*

- 19               (A) *which advanced building technologies—*  
20                       (i) *are most cost-effective; and*  
21                       (ii) *show the most promise for—*  
22                               (I) *increasing building energy*  
23                               *savings;*  
24                               (II) *increasing service perform-*  
25                               *ance to building occupants;*

1                   (III) *reducing environmental im-*  
2                   *pacts; and*

3                   (IV) *establishing cybersecurity;*  
4                   *and*

5                   (B) *any other information the Secretary de-*  
6                   *termines to be appropriate.*

7                   (7) *AWARDS.—The Secretary may expand*  
8                   *awards made under the Federal Energy Management*  
9                   *Program and the Better Building Challenge to recog-*  
10                   *nize specific agency achievements in accelerating the*  
11                   *adoption of smart building technologies.*

12                   (c) *SURVEY OF PRIVATE SECTOR SMART BUILD-*  
13                   *INGS.—*

14                   (1) *SURVEY.—The Secretary shall conduct a sur-*  
15                   *vey of privately owned smart buildings throughout the*  
16                   *United States, including commercial buildings, lab-*  
17                   *oratory facilities, hospitals, multifamily residential*  
18                   *buildings, and buildings owned by nonprofit organi-*  
19                   *zations and institutions of higher education.*

20                   (2) *SELECTION.—From among the smart build-*  
21                   *ings surveyed under paragraph (1), the Secretary*

3 *(e) RESEARCH AND DEVELOPMENT ON INTEGRATING*  
4 *BUILDINGS ONTO THE ELECTRIC GRID.—*

5 *(1) IN GENERAL.—Subtitle B of title IV of the*  
6 *Energy Independence and Security Act of 2007 (42*  
7 *U.S.C. 17081 et seq.) is amended by adding at the*  
8 *end the following:*

9 **“SEC. 426. ADVANCED INTEGRATION OF BUILDINGS ONTO**  
10 **THE ELECTRIC GRID.**

11 *“(a) IN GENERAL.—The Secretary shall establish a*  
12 *program of research, development, and demonstration to en-*  
13 *able components of commercial and residential buildings to*  
14 *serve as dynamic energy loads on and resources for the elec-*  
15 *tric grid. The program shall focus on—*

16 *“(1) developing low-cost, low power, wireless sen-*  
17 *sors to—*

18 *“(A) monitor building energy load;*

19 *“(B) forecast building energy need; and*

20 *“(C) enable building-level energy control;*

21 *“(2) developing data management capabilities*  
22 *and standard communication protocols to further*  
23 *interoperability at the building and grid-level;*

24 *“(3) developing advanced building-level energy*  
25 *management of components through integration of*

1 *smart technologies, control systems, and data proc-*  
2 *essing, to enable energy efficiency and savings;*

3 *“(4) optimizing energy consumption at the*  
4 *building level to enable grid stability and resilience;*

5 *“(5) improving visualization of behind the meter*  
6 *equipment and technologies to provide better insight*  
7 *into the energy needs and energy forecasts of indi-*  
8 *vidual buildings;*

9 *“(6) reducing the cost of key components to ac-*  
10 *celerate the adoption of smart building technologies;*

11 *“(7) protecting against cybersecurity threats and*  
12 *addressing security vulnerabilities of building systems*  
13 *or equipment; and*

14 *“(8) other areas determined appropriate by the*  
15 *Secretary.*

16 *“(b) CONSIDERATIONS.—In carrying out the program*  
17 *under subsection (a), the Secretary shall—*

18 *“(1) work with utility partners, building owners,*  
19 *technology vendors, and building developers to test*  
20 *and validate technologies and encourage the commer-*  
21 *cial application of these technologies by building own-*  
22 *ers; and*

23 *“(2) consider the specific challenges of enabling*  
24 *greater interaction between components of—*

1           “(A) *small- and medium-sized buildings*  
2           *and the electric grid; and*

3           “(B) *residential and commercial buildings*  
4           *and the electric grid.*

5           “(c) *BUILDINGS-TO-GRID INTEGRATION REPORT.—Not*  
6 *later than 1 year after the enactment of this section, the*  
7 *Secretary shall submit to the Committee on Science, Space,*  
8 *and Technology and the Committee on Energy and Com-*  
9 *merce of the House of Representatives and the Committee*  
10 *on Energy and Natural Resources of the Senate a report*  
11 *on the results of a study that examines the research, develop-*  
12 *ment, and demonstration opportunities, challenges, and*  
13 *standards needed to enable components of commercial and*  
14 *residential buildings to serve as dynamic energy loads on*  
15 *and resources for the electric grid.*

16           “(1) *REPORT REQUIREMENTS.—The report shall*  
17 *include—*

18           “(A) *an assessment of the technologies need-*  
19 *ed to enable building components as dynamic*  
20 *loads on and resources for the electric grid, in-*  
21 *cluding how such technologies can be—*

22           “(i) *incorporated into new commercial*  
23 *and residential buildings; and*

24           “(ii) *retrofitted in older buildings;*

1           “(B) *guidelines for the design of new build-*  
2           *ings and building components to enable modern*  
3           *grid interactivity and improve energy efficiency;*

4           “(C) *an assessment of barriers to the adop-*  
5           *tion by building owners of advanced technologies*  
6           *enabling greater integration of building compo-*  
7           *nents onto the electric grid; and*

8           “(D) *an assessment of the feasibility of*  
9           *adopting technologies developed under subsection*  
10          *(a) at Department facilities.*

11          “(2) *RECOMMENDATIONS.—As part of the report,*  
12          *the Secretary shall develop a 10-year roadmap to*  
13          *guide the research, development, and demonstration*  
14          *program to enable components of commercial and res-*  
15          *idential buildings to serve as dynamic energy loads*  
16          *on and resources for the electric grid.*

17          “(3) *UPDATES.—The Secretary shall update the*  
18          *report required under this section every 3 years for*  
19          *the duration of the program under subsection (a) and*  
20          *shall submit the updated report to the Committee on*  
21          *Science, Space, and Technology and the Committee on*  
22          *Energy and Commerce of the House of Representa-*  
23          *tives and the Committee on Energy and Natural Re-*  
24          *sources of the Senate.*

1       “(d) *PROGRAM IMPLEMENTATION.*—*In carrying out*  
2 *this section, the Secretary shall—*

3               “(1) *implement the recommendations from the*  
4 *report in subsection (c); and*

5               “(2) *coordinate across all relevant program of-*  
6 *fices at the Department to achieve the goals estab-*  
7 *lished in this section, including the Office of Elec-*  
8 *tricity.*”.

9               “(2) *CONFORMING AMENDMENT.*—*The table of*  
10 *contents for the Energy Independence and Security*  
11 *Act of 2007 is amended by adding after the item re-*  
12 *lating to section 425 the following:*

      “*Sec. 426. Advanced integration of buildings onto the electric grid.*”.

13       “(f) *REPORT.*—*Not later than 2 years after the date of*  
14 *enactment of this Act, and every 2 years thereafter until*  
15 *a total of 3 reports have been made, the Secretary shall sub-*  
16 *mit to the Committee on Energy and Natural Resources of*  
17 *the Senate and the Committee on Energy and Commerce*  
18 *and the Committee on Science, Space, and Technology of*  
19 *the House of Representatives a report on—*

20               “(1) *the establishment of the Federal Smart*  
21 *Building Program and the evaluation of Federal*  
22 *smart buildings under subsection (b);*

23               “(2) *the survey and evaluation of private sector*  
24 *smart buildings under subsection (c); and*

1           (3) *any recommendations of the Secretary to fur-*  
2           *ther accelerate the transition to smart buildings.*

3 **SEC. 1008. MODIFICATIONS TO THE CEILING FAN ENERGY**  
4           **CONSERVATION STANDARD.**

5           (a) *IN GENERAL.*—Section 325(ff)(6) of the Energy  
6 *Policy and Conservation Act (42 U.S.C. 6295(ff)(6)) is*  
7 *amended by adding at the end the following:*

8           “(C)(i) *Large-diameter ceiling fans manufactured on*  
9 *or after January 21, 2020, shall—*

10           “(I) *not be required to meet minimum ceiling*  
11 *fan efficiency in terms of ratio of the total airflow to*  
12 *the total power consumption as described in the final*  
13 *rule titled ‘Energy Conservation Program: Energy*  
14 *Conservation Standards for Ceiling Fans’ (82 Fed.*  
15 *Reg. 6826 (January 19, 2017)); and*

16           “(II) *have a CFEI greater than or equal to—*

17           “(aa) *1.00 at high speed; and*

18           “(bb) *1.31 at 40 percent speed or the nearest*  
19 *speed that is not less than 40 percent speed.*

20           “(ii) *For purposes of this subparagraph, the term*  
21 *‘CFEI’ means the Fan Energy Index for large-diameter*  
22 *ceiling fans, calculated in accordance with ANSI/AMCA*  
23 *Standard 208–18 titled ‘Calculation of the Fan Energy*  
24 *Index’, with the following modifications:*

1           “(I) Using an Airflow Constant ( $Q_0$ ) of 26,500  
2           cubic feet per minute.

3           “(II) Using a Pressure Constant ( $P_0$ ) of 0.0027  
4           inches water gauge.

5           “(III) Using a Fan Efficiency Constant ( $\eta_0$ ) of  
6           42 percent.”.

7           (b) *REVISION.*—For purposes of section 325(m) of the  
8           Energy Policy and Conservation Act (42 U.S.C. 6295(m)),  
9           the standard established in section 325(ff)(6)(C) of such Act  
10          (as added by subsection (a) of this section) shall be treated  
11          as if such standard was issued on January 19, 2017.

12       **SEC. 1009. REPORT ON ELECTROCHROMIC GLASS.**

13          (a) *DEFINITION OF ELECTROCHROMIC GLASS.*—In  
14          this section, the term “electrochromic glass” means glass  
15          that uses electricity to change the light transmittance prop-  
16          erties of the glass to heat or cool a structure.

17          (b) *REPORT.*—Not later than 1 year after the date of  
18          enactment of this Act, the Secretary of Energy, in collabora-  
19          tion with the heads of other relevant agencies, shall submit  
20          to the Committee on Energy and Natural Resources of the  
21          Senate and the Committee on Energy and Commerce of the  
22          House of Representatives a report that addresses the benefits  
23          of electrochromic glass, including the following:

1           (1) *Reductions in energy consumption in com-*  
2           *mercial buildings, especially peak cooling load reduc-*  
3           *tion and annual energy bill savings.*

4           (2) *Benefits in the workplace, especially visual*  
5           *comfort and employee health.*

6           (3) *Benefits of natural light in hospitals for pa-*  
7           *tients and staff, especially accelerated patient healing*  
8           *and recovery time.*

9   **SEC. 1010. ENERGY AND WATER FOR SUSTAINABILITY.**

10       (a) *NEXUS OF ENERGY AND WATER FOR SUSTAIN-*  
11       *ABILITY.—*

12           (1) *DEFINITIONS.—In this section:*

13               (A) *DEPARTMENT.—The term “Depart-*  
14               *ment” means the Department of Energy.*

15               (B) *ENERGY-WATER NEXUS.—The term “en-*  
16               *ergy-water nexus” means the links between—*

17                       (i) *the water needed to produce fuels,*  
18                       *electricity, and other forms of energy; and*

19                       (ii) *the energy needed to transport, re-*  
20                       *claim, and treat water and wastewater.*

21               (C) *INTERAGENCY RD&D COORDINATION*  
22               *COMMITTEE.—The term “Interagency RD&D Co-*  
23               *ordination Committee” means the Interagency*  
24               *RD&D Coordination Committee on the Nexus of*  
25               *Energy and Water for Sustainability (or the*

1           “*NEWS RD&D Committee*”) established under  
2           paragraph (3)(A).

3           (D) *NEXUS OF ENERGY AND WATER SUS-*  
4           *TAINABILITY RD&D OFFICE; NEWS RD&D OF-*  
5           *FICE.*—The term “*Nexus of Energy and Water*  
6           *Sustainability RD&D Office*” or the “*NEWS*  
7           *RD&D Office*” means an office located at the De-  
8           partment and managed in cooperation with the  
9           Department of the Interior pursuant to an agree-  
10          ment between the 2 agencies to carry out leader-  
11          ship and administrative functions for the Inter-  
12          agency RD&D Coordination Committee.

13          (E) *RD&D.*—The term “*RD&D*” means re-  
14          search, development, and demonstration.

15          (F) *SECRETARY.*—The term “*Secretary*”  
16          means the Secretary of Energy.

17          (2) *STATEMENT OF POLICY.*—Recognizing States’  
18          primacy over allocation and administration of water  
19          resources (except in specific instances where pre-  
20          empted under Federal law) and the siting of energy  
21          infrastructure within State boundaries on non-Fed-  
22          eral lands, it is the national policy that the Federal  
23          government, in all energy-water nexus management  
24          activities, shall maximize coordination and consulta-  
25          tion among Federal agencies and with State and local

1 *governments, and disseminate information to the pub-*  
2 *lic in the most effective manner.*

3 (3) *INTERAGENCY RD&D COORDINATION COM-*  
4 *MITTEE.—*

5 (A) *ESTABLISHMENT.—Not later than 180*  
6 *days after the date of enactment of this Act, the*  
7 *Secretary and the Secretary of the Interior shall*  
8 *establish the joint NEWS RD&D Office and*  
9 *Interagency RD&D Coordination Committee on*  
10 *the Nexus of Energy and Water for Sustain-*  
11 *ability (or the “NEWS RD&D Committee”) to*  
12 *carry out the duties described in subparagraph*  
13 *(C).*

14 (B) *ADMINISTRATION.—*

15 (i) *CHAIRS.—The Secretary and the*  
16 *Secretary of the Interior shall jointly man-*  
17 *age the NEWS RD&D Office and serve as*  
18 *co-chairs of the Interagency RD&D Coordi-*  
19 *nation Committee.*

20 (ii) *MEMBERSHIP; STAFFING.—Mem-*  
21 *bership and staffing shall be determined by*  
22 *the co-chairs.*

23 (C) *DUTIES.—The Interagency RD&D Co-*  
24 *ordination Committee shall—*

1           (i) serve as a forum for developing  
2 common Federal goals and plans on energy-  
3 water nexus RD&D activities, in coordina-  
4 tion with the National Science and Tech-  
5 nology Council;

6           (ii) not later than 1 year after the date  
7 of enactment of this Act, and biennially  
8 thereafter, issue a strategic plan on energy-  
9 water nexus RD&D activities, priorities,  
10 and objectives pursuant to subparagraph  
11 (D), which shall be developed in consulta-  
12 tion with relevant State and local govern-  
13 ments;

14           (iii) convene and promote coordination  
15 of RD&D activities of relevant Federal de-  
16 partments and agencies on energy-water  
17 nexus;

18           (iv)(I) coordinate and develop capa-  
19 bilities and methodologies related to RD&D  
20 activities for data collection, data commu-  
21 nication protocols (including models and  
22 modeling results), data management, and  
23 dissemination of validated data and results  
24 related to energy-water nexus RD&D activi-

1 *ties to requesting Federal departments and*  
2 *agencies; and*

3 *(II) promote information exchange be-*  
4 *tween Federal departments and agencies—*

5 *(aa) to identify and document*  
6 *Federal and non-Federal RD&D pro-*  
7 *grams and funding opportunities that*  
8 *support basic and applied RD&D pro-*  
9 *posals to advance energy-water nexus*  
10 *related science and technologies;*

11 *(bb) to leverage existing RD&D*  
12 *programs by encouraging joint solicita-*  
13 *tions, block grants, and matching pro-*  
14 *grams with non-Federal entities; and*

15 *(cc) to identify opportunities for*  
16 *domestic and international public-pri-*  
17 *vate partnerships, innovative financing*  
18 *mechanisms, and information and*  
19 *data exchange with respect to RD&D*  
20 *activities;*

21 *(v) identify ways to leverage existing*  
22 *RD&D programs, including programs at*  
23 *the State and local level;*

1           (vi) make publicly available the results  
2           of RD&D activities on the energy water  
3           nexus;

4           (vii) with regard to RD&D programs,  
5           recommend improvements and best practices  
6           for the collection and dissemination of fed-  
7           eral water use data and the use of moni-  
8           toring networks; and

9           (viii) promote coordination on RD&D  
10          with non-Federal interests by—

11           (I) consulting with representatives  
12          of research and academic institutions,  
13          State, local, and Tribal governments,  
14          public utility commissions, and indus-  
15          try, who have expertise in technologies,  
16          technological innovations, or practices  
17          relating to the energy-water nexus; and

18           (II) considering conducting tech-  
19          nical workshops.

20          (D) STRATEGIC PLAN.—In developing the  
21          strategic plan pursuant to (C)(ii), the Inter-  
22          agency RD&D Coordination Committee shall—

23           (i) to the maximum extent possible,  
24          avoid duplication with other Federal

1 *RD&D programs, and projects, including*  
2 *with those of the National Laboratories;*

3 *(ii) consider inclusion of specific re-*  
4 *search, development and demonstration*

16 *treatment, or reuse;*

17 *(III) innovative practices, tech-*  
18 *nologies and other advancements asso-*  
19 *ciated with generation or production of*  
20 *energy from water or wastewater sys-*  
21 *tems; and*

22 *(IV) modeling and systems anal-*  
23 *ysis related to energy-water nexus; and*

24 *(iii) submit the plan to the Committee*  
25 *on Energy and Natural Resources of the*

1           *Senate and the Committees on Science,*  
2           *Space, and Technology, Energy and Com-*  
3           *merce, and Natural Resources of the House*  
4           *of Representatives.*

5           *(E) RULES OF CONSTRUCTION.—*

6                   *(i) Nothing in this section grants to*

8           (3) by inserting after paragraph (3), the fol-  
9           lowing:

10          “(4) The Secretary may amend the regulations pre-  
11          scribed under paragraph (1) to provide that the standards  
12          described in paragraph (2)(A) take into consideration im-  
13          provements in the health and safety of occupants of dwelling  
14          units, and other non-energy benefits, from weatherization.”.

15          (d) **CONTRACTOR OPTIMIZATION.**—

16               (1) **IN GENERAL.**—The Energy Conservation and  
17          Production Act is amended by inserting after section  
18          414B (42 U.S.C. 6864b) the following:

19          **“SEC. 414C. CONTRACTOR OPTIMIZATION.**

20               “(a) **IN GENERAL.**—The Secretary may request that  
21          entities receiving funding from the Federal Government or  
22          from a State through a weatherization assistance program  
23          under section 413 or section 414 perform periodic reviews  
24          of the use of private contractors in the provision of weather-

1 ization assistance, and encourage expanded use of contrac-  
2 tors as appropriate.

3 “(b) *USE OF TRAINING FUNDS.*—Entities described in  
4 subsection (a) may use funding described in such subsection  
5 to train private, non-Federal entities that are contracted  
6 to provide weatherization assistance under a weatherization  
7 program, in accordance with rules determined by the Sec-  
8 retary.”.

9 (2) *TABLE OF CONTENTS AMENDMENT.*—The  
10 table of contents for the *Energy Conservation and*  
11 *Production Act* is amended by inserting after the item  
12 relating to section 414B the following:

“Sec. 414C. Contractor optimization.”.

13 (e) *FINANCIAL ASSISTANCE FOR WAP ENHANCEMENT*  
14 *AND INNOVATION.*—

15 (1) *IN GENERAL.*—The *Energy Conservation and*  
16 *Production Act* is amended by inserting after section  
17 414C (as added by subsection (d) of this section) the  
18 following:

19 **“SEC. 414D. FINANCIAL ASSISTANCE FOR WAP ENHANCE-**  
20 **MENT AND INNOVATION.**

21 “(a) *PURPOSES.*—The purposes of this section are—

22 “(1) to expand the number of dwelling units that  
23 are occupied by low-income persons that receive  
24 weatherization assistance by making such dwelling  
25 units weatherization-ready;

1           “(2) to promote the deployment of renewable en-  
2           ergy in dwelling units that are occupied by low-in-  
3           come persons;

4           “(3) to ensure healthy indoor environments by  
5           enhancing or expanding health and safety measures  
6           and resources available to dwellings that are occupied  
7           by low-income persons;

8           “(4) to disseminate new methods and best prac-  
9           tices among entities providing weatherization assist-  
10          ance; and

11          “(5) to encourage entities providing weatheriza-  
12          tion assistance to hire and retain employees who are  
13          individuals—

14                 “(A) from the community in which the as-  
15                 sistance is provided; and

16                 “(B) from communities or groups that are  
17                 underrepresented in the home energy perform-  
18                 ance workforce, including religious and ethnic  
19                 minorities, women, veterans, individuals with  
20                 disabilities, and individuals who are  
21                 socioeconomically disadvantaged.

22          “(b) *FINANCIAL ASSISTANCE*.—The Secretary shall, to  
23          the extent funds are made available, award financial assist-  
24          ance, on an annual basis, through a competitive process to  
25          entities receiving funding from the Federal Government or

1 *from a State, tribal organization, or unit of general purpose*  
2 *local government through a weatherization program under*  
3 *section 413 or section 414, or to nonprofit entities, to be*  
4 *used by such an entity—*

5           “(1) *with respect to dwelling units that are occu-*  
6 *pied by low-income persons, to—*

7                   “(A) *implement measures to make such*  
8 *dwelling units weatherization-ready by address-*  
9 *ing structural, plumbing, roofing, and electrical*  
10 *issues, environmental hazards, or other measures*  
11 *that the Secretary determines to be appropriate;*

12                   “(B) *install energy efficiency technologies,*  
13 *including home energy management systems,*  
14 *smart devices, and other technologies the Sec-*  
15 *retary determines to be appropriate;*

16                   “(C) *install renewable energy systems (as*  
17 *defined in section 415(c)(6)(A)); and*

18                   “(D) *implement measures to ensure healthy*  
19 *indoor environments by improving indoor air*  
20 *quality, accessibility, and other healthy homes*  
21 *measures as determined by the Secretary;*

22           “(2) *to improve the capability of the entity—*

23                   “(A) *to significantly increase the number of*  
24 *energy retrofits performed by such entity;*

1           “(B) to replicate best practices for work per-  
2           formed pursuant to this section on a larger scale;

3           “(C) to leverage additional funds to sustain  
4           the provision of weatherization assistance and  
5           other work performed pursuant to this section  
6           after financial assistance awarded under this  
7           section is expended; and

8           “(D) to hire and retain employees who are  
9           individuals described subsection (a)(5);

10          “(3) for innovative outreach and education re-  
11          garding the benefits and availability of weatheriza-  
12          tion assistance and other assistance available pursu-  
13          ant to this section;

14          “(4) for quality control of work performed pursu-  
15          ant to this section;

16          “(5) for data collection, measurement, and  
17          verification with respect to such work;

18          “(6) for program monitoring, oversight, evalua-  
19          tion, and reporting regarding such work;

20          “(7) for labor, training, and technical assistance  
21          relating to such work;

22          “(8) for planning, management, and administra-  
23          tion (up to a maximum of 15 percent of the assist-  
24          ance provided); and

1           “(9) for such other activities as the Secretary de-  
2           termines to be appropriate.

3           “(c) *AWARD FACTORS*.—In awarding financial assist-  
4           ance under this section, the Secretary shall consider—

5           “(1) the applicant’s record of constructing, ren-  
6           ovating, repairing, or making energy efficient single-  
7           family, multifamily, or manufactured homes that are  
8           occupied by low-income persons, either directly or  
9           through affiliates, chapters, or other partners (using  
10          the most recent year for which data are available);

11          “(2) the number of dwelling units occupied by  
12          low-income persons that the applicant has built, ren-  
13          ovated, repaired, weatherized, or made more energy  
14          efficient in the 5 years preceding the date of the ap-  
15          plication;

16          “(3) the qualifications, experience, and past per-  
17          formance of the applicant, including experience suc-  
18          cessfully managing and administering Federal funds;

19          “(4) the strength of an applicant’s proposal to  
20          achieve one or more of the purposes under subsection  
21          (a);

22          “(5) the extent to which such applicant will uti-  
23          lize partnerships and regional coordination to achieve  
24          one or more of the purposes under subsection (a);

25          “(6) regional and climate zone diversity;

1           “(7) *urban, suburban, and rural localities; and*  
2           “(8) *such other factors as the Secretary deter-*  
3           *mines to be appropriate.*

4           “(d) *APPLICATIONS.—*

5           “(1) *ADMINISTRATION.—To be eligible for an*  
6           *award of financial assistance under this section, an*  
7           *applicant shall submit to the Secretary an applica-*  
8           *tion in such manner and containing such informa-*  
9           *tion as the Secretary may require.*

10          “(2) *AWARDS.—Subject to the availability of ap-*  
11          *propriations, not later than 270 days after the date*  
12          *of enactment of this section, the Secretary shall make*  
13          *a first award of financial assistance under this sec-*  
14          *tion.*

15          “(e) *MAXIMUM AMOUNT AND TERM.—*

16          “(1) *IN GENERAL.—The total amount of finan-*  
17          *cial assistance awarded to an entity under this sec-*  
18          *tion shall not exceed \$2,000,000.*

19          “(2) *TECHNICAL AND TRAINING ASSISTANCE.—*  
20          *The total amount of financial assistance awarded to*  
21          *an entity under this section shall be reduced by the*  
22          *cost of any technical and training assistance provided*  
23          *by the Secretary that relates to such financial assist-*  
24          *ance.*

1           “(3) *TERM.*—*The term of an award of financial*  
2           *assistance under this section shall not exceed 3 years.*

3           “(4) *RELATIONSHIP TO FORMULA GRANTS.*—*An*  
4           *entity may use financial assistance awarded to such*  
5           *entity under this section in conjunction with other fi-*  
6           *nancial assistance provided to such entity under this*  
7           *part.*

8           “(f) *REQUIREMENTS.*—*Not later than 90 days after the*  
9           *date of enactment of this section, the Secretary shall issue*  
10          *requirements to implement this section, including, for enti-*  
11          *ties receiving financial assistance under this section—*

12                   “(1) *standards for allowable expenditures;*

13                   “(2) *a minimum saving-to-investment ratio; and*

14                   “(3) *standards for—*

15                           “(A) *training programs;*

16                           “(B) *energy audits;*

17                           “(C) *the provision of technical assistance;*

18                           “(D) *monitoring activities carried out using*  
19                   *such financial assistance;*

20                           “(E) *verification of energy and cost savings;*

21                           “(F) *liability insurance requirements; and*

22                           “(G) *recordkeeping and reporting require-*  
23                   *ments, which shall include reporting to the Office*  
24                   *of Weatherization and Intergovernmental Pro-*  
25                   *grams of the Department of Energy applicable*

1           *data on each dwelling unit retrofitted or other-*  
2           *wise assisted pursuant to this section.*

3           “(g) *COMPLIANCE WITH STATE AND LOCAL LAW.*—  
4           *Nothing in this section supersedes or otherwise affects any*  
5           *State or local law, to the extent that the State or local law*  
6           *contains a requirement that is more stringent than the ap-*  
7           *plicable requirement of this section.*

8           “(h) *REVIEW AND EVALUATION.*—*The Secretary shall*  
9           *review and evaluate the performance of each entity that re-*  
10           *ceives an award of financial assistance under this section*  
11           *(which may include an audit).*

12           “(i) *ANNUAL REPORT.*—*The Secretary shall submit to*  
13           *Congress an annual report that provides a description of—*

14                   “(1) *actions taken under this section to achieve*  
15                   *the purposes of this section; and*

16                   “(2) *accomplishments as a result of such actions,*  
17                   *including energy and cost savings achieved.*

18           “(j) *FUNDING.*—

19                   “(1) *AMOUNTS.*—

20                           “(A) *IN GENERAL.*—*For each of fiscal years*  
21                           *2021 through 2025, of the amount made avail-*  
22                           *able under section 422 for such fiscal year to*  
23                           *carry out the weatherization program under this*  
24                           *part (not including any of such amount made*  
25                           *available for Department of Energy headquarters*

1           *training or technical assistance), not more*  
2           *than—*

3                   “(i) 2 percent of such amount (if such  
4                   amount is \$225,000,000 or more but less  
5                   than \$260,000,000) may be used to carry  
6                   out this section;

7                   “(ii) 4 percent of such amount (if such  
8                   amount is \$260,000,000 or more but less  
9                   than \$300,000,000) may be used to carry  
10                  out this section; and

11                  “(iii) 6 percent of such amount (if  
12                  such amount is \$300,000,000 or more) may  
13                  be used to carry out this section.

14                  “(B) *MINIMUM.*—For each of fiscal years  
15                  2021 through 2025, if the amount made avail-  
16                  able under section 422 (not including any of  
17                  such amount made available for Department of  
18                  Energy headquarters training or technical assist-  
19                  ance) for such fiscal year is less than  
20                  \$225,000,000, no funds shall be made available  
21                  to carry out this section.

22                  “(2) *LIMITATION.*—For any fiscal year, the Sec-  
23                  retary may not use more than \$25,000,000 of the  
24                  amount made available under section 422 to carry  
25                  out this section.

1       “(k) *TERMINATION.*—*The Secretary may not award fi-*  
2 *nancial assistance under this section after September 30,*  
3 *2025.*”.

4           (2) *TABLE OF CONTENTS.*—*The table of contents*  
5 *for the Energy Conservation and Production Act is*

3   **SEC. 1013. CHP TECHNICAL ASSISTANCE PARTNERSHIP**  
4                   **PROGRAM.**

5       (a) *IN GENERAL.*—Section 375 of the Energy Policy  
6   and Conservation Act (42 U.S.C. 6345) is amended to read  
7   as follows:

8   **“SEC. 375. CHP TECHNICAL ASSISTANCE PARTNERSHIP**  
9                   **PROGRAM.**

10       “(a) *RENAMING.*—

11               “(1) *IN GENERAL.*—The Clean Energy Applica-  
12   tion Centers of the Department of Energy are redesign-  
13   ated as the CHP Technical Assistance Partnership  
14   Program (referred to in this section as the ‘Program’).

15               “(2) *PROGRAM DESCRIPTION.*—The Program  
16   shall consist of—

17                   “(A) the 10 regional CHP Technical Assist-  
18   ance Partnerships in existence on the date of en-  
19   actment of the Energy Act of 2020;

20                   “(B) such other regional CHP Technical As-  
21   sistance Partnerships as the Secretary may es-  
22   tablish with consideration given to establishing  
23   such partnerships in rural communities; and

1           “(C) any supporting technical activities  
2           under the Technical Partnership Program of the  
3           Advanced Manufacturing Office.

4           “(3) REFERENCES.—Any reference in any law,  
5           rule, regulation, or publication to a Combined Heat  
6           and Power Application Center or a Clean Energy Ap-  
7           plication Center shall be deemed to be a reference to  
8           the Program.

9           “(b) *CHP TECHNICAL ASSISTANCE PARTNERSHIP*  
10 *PROGRAM.*—

11           “(1) *IN GENERAL.*—The Program shall—

12           “(A) operate programs to encourage deploy-  
13           ment of combined heat and power, waste heat to  
14           power, and efficient district energy (collectively  
15           referred to in this subsection as ‘CHP’) tech-  
16           nologies by providing education and outreach  
17           to—

18           “(i) building, industrial, and electric  
19           and natural gas utility professionals;

20           “(ii) State and local policymakers; and

21           “(iii) other individuals and organiza-  
22           tions with an interest in efficient energy  
23           use, local or opportunity fuel use, resiliency,  
24           or energy security, microgrids, and district  
25           energy; and

1           “(B) provide project specific support to  
2 building and industrial professionals through  
3 economic and engineering assessments and advi-  
4 sory activities.

5           “(2) FUNDING FOR CERTAIN ACTIVITIES.—

6           “(A) IN GENERAL.—The Program shall  
7 make funds available to institutions of higher  
8 education, research centers, and other appro-  
9 priate institutions to ensure the continued oper-  
10 ations and effectiveness of the regional CHP  
11 Technical Assistance Partnerships.

12           “(B) USE OF FUNDS.—Funds made avail-  
13 able under subparagraph (A) may be used—

14           “(i) to collect and distribute informa-  
15 tional materials relevant to manufacturers,  
16 commercial buildings, institutional facili-  
17 ties, and Federal sites, including continued  
18 support of the mission goals of the Depart-  
19 ment of Defense, on CHP and microgrid  
20 technologies, including continuation and  
21 updating of—

22           “(I) the CHP installation data-  
23 base;

24           “(II) CHP technology potential  
25 analyses;

- 1                   “(III) *State CHP resource pages;*  
2                   *and*  
3                   “(IV) *CHP Technical Assistance*  
4                   *Partnerships websites;*  
5                   “(ii) *to produce and conduct work-*  
6                   *shops, reports, seminars, internet programs,*  
7                   *CHP resiliency resources, and other activi-*  
8                   *ties to provide education to end users, regu-*  
9                   *lators, and stakeholders in a manner that*  
10                  *leads to the deployment of CHP tech-*  
11                  *nologies;*  
12                  “(iii) *to provide or coordinate onsite*  
13                  *assessments for sites and enterprises that*  
14                  *may consider deployment of CHP tech-*  
15                  *nology, including the potential use of bio-*  
16                  *mass CHP systems;*  
17                  “(iv) *to identify candidates for deploy-*  
18                  *ment of CHP technologies, hybrid renew-*  
19                  *able-CHP technologies, biomass CHP,*  
20                  *microgrids, and clean energy;*  
21                  “(v) *to provide nonbiased engineering*  
22                  *support to sites considering deployment of*  
23                  *CHP technologies;*  
24                  “(vi) *to assist organizations and com-*  
25                  *munities, including rural communities, de-*

1           *veloping clean energy technologies and poli-*  
 2           *cies in overcoming barriers to deployment;*  
 3           *and*

4           *“(vii) to assist companies, commu-*  
 5           *nities (including rural communities), and*  
 6           *organizations with field validation and per-*  
 7           *formance evaluations of CHP and other*  
 8           *clean energy technologies implemented.*

9           *“(C) DURATION.—The Program shall make*  
 10           *funds available under subparagraph (A) for a*  
 11           *period of 5 years.*

12           *“(c) AUTHORIZATION OF APPROPRIATIONS.—There are*  
 13           *authorized to be appropriated to carry out this section*  
 14           *\$12,000,000 for each of fiscal years 2021 through 2025.”.*

15           *(b) CONFORMING AMENDMENT.—The table of contents*  
 16           *of the Energy Policy and Conservation Act is amended by*  
 17           *striking the item relating to section 375 and inserting the*  
 18           *following:*

*“375. CHP Technical Assistance Partnership Program.”.*

19           **SEC. 1014. SMART ENERGY WATER EFFICIENCY PILOT PRO-**  
 20           **GRAM.**

21           *(a) SMART ENERGY AND WATER EFFICIENCY PILOT*  
 22           *PROGRAM.—Subtitle A of title IX of the Energy Policy Act*  
 23           *of 2005 (42 U.S.C. 16191 et seq.) is amended by adding*  
 24           *at the end the following:*

1 **“SEC. 918. SMART ENERGY AND WATER EFFICIENCY PILOT**  
2 **PROGRAM.**

3 “(a) *DEFINITIONS.—In this section:*

4 “(1) *ELIGIBLE ENTITY.—The term ‘eligible enti-*  
5 *ty’ means—*

6 “(A) *a utility;*

7 “(B) *a municipality;*

8 “(C) *a water district;*

9 “(D) *an Indian Tribe or Alaska Native vil-*  
10 *lage; and*

11 “(E) *any other authority that provides*  
12 *water, wastewater, or water reuse services.*

13 “(2) *SMART ENERGY AND WATER EFFICIENCY*  
14 *PILOT PROGRAM.—The term ‘smart energy and water*  
15 *efficiency pilot program’ or ‘pilot program’ means the*  
16 *pilot program established under subsection (b).*

17 “(b) *SMART ENERGY AND WATER EFFICIENCY PILOT*  
18 *PROGRAM.—*

19 “(1) *IN GENERAL.—The Secretary shall establish*  
20 *and carry out a smart energy and water efficiency*  
21 *pilot program in accordance with this section.*

22 “(2) *PURPOSE.—The purpose of the smart en-*  
23 *ergy and water efficiency pilot program is to award*  
24 *grants to eligible entities to demonstrate unique, ad-*  
25 *vanced, or innovative technology-based solutions that*  
26 *will—*

1           “(A) improve the net energy balance of  
2           water, wastewater, and water reuse systems;

3           “(B) improve the net energy balance of  
4           water, wastewater, and water reuse systems to  
5           help communities across the United States make  
6           measurable progress in conserving water, saving  
7           energy, and reducing costs;

8           “(C) support the implementation of innova-  
9           tive and unique processes and the installation of  
10          established advanced automated systems that  
11          provide real-time data on energy and water; and

12          “(D) improve energy-water conservation  
13          and quality and predictive maintenance through  
14          technologies that utilize internet connected tech-  
15          nologies, including sensors, intelligent gateways,  
16          and security embedded in hardware.

17          “(3) PROJECT SELECTION.—

18                 “(A) IN GENERAL.—The Secretary shall  
19                 make competitive, merit-reviewed grants under  
20                 the pilot program to not less than 3, but not  
21                 more than 5, eligible entities.

22                 “(B) SELECTION CRITERIA.—In selecting  
23                 an eligible entity to receive a grant under the  
24                 pilot program, the Secretary shall consider—

25                         “(i) energy and cost savings;

1           “(ii) *the uniqueness, commercial via-*  
2           *bility, and reliability of the technology to be*  
3           *used;*

4           “(iii) *the degree to which the project*  
5           *integrates next-generation sensors software,*  
6           *analytics, and management tools;*

7           “(iv) *the anticipated cost-effectiveness*  
8           *of the pilot project through measurable en-*  
9           *ergy savings, water savings or reuse, and*  
10          *infrastructure costs averted;*

11          “(v) *whether the technology can be de-*  
12          *ployed in a variety of geographic regions*  
13          *and the degree to which the technology can*  
14          *be implemented in a wide range of applica-*  
15          *tions ranging in scale from small towns to*  
16          *large cities, including Tribal communities;*

17          “(vi) *whether the technology has been*  
18          *successfully deployed elsewhere;*

19          “(vii) *whether the technology was*  
20          *sourced from a manufacturer based in the*  
21          *United States; and*

22          “(viii) *whether the project will be com-*  
23          *pleted in 5 years or less.*

24          “(C) *APPLICATIONS.—*

1           “(i) *IN GENERAL.*—Subject to clause  
2           (ii), an eligible entity seeking a grant under  
3           the pilot program shall submit to the Sec-  
4           retary an application at such time, in such  
5           manner, and containing such information  
6           as the Secretary determines to be necessary.

7           “(ii) *CONTENTS.*—An application  
8           under clause (i) shall, at a minimum, in-  
9           clude—

10                   “(I) a description of the project;

11                   “(II) a description of the tech-  
12                   nology to be used in the project;

13                   “(III) the anticipated results, in-  
14                   cluding energy and water savings, of  
15                   the project;

16                   “(IV) a comprehensive budget for  
17                   the project;

18                   “(V) the names of the project lead  
19                   organization and any partners;

20                   “(VI) the number of users to be  
21                   served by the project;

22                   “(VII) a description of the ways  
23                   in which the proposal would meet per-  
24                   formance measures established by the  
25                   Secretary; and

1                   “(VIII) any other information  
2                   that the Secretary determines to be  
3                   necessary to complete the review and  
4                   selection of a grant recipient.

5                   “(4) ADMINISTRATION.—

6                   “(A) IN GENERAL.—Not later than 1 year  
7                   after the date of enactment of this section, the  
8                   Secretary shall select grant recipients under this  
9                   section.

10                  “(B) EVALUATIONS.—

11                  “(i) ANNUAL EVALUATIONS.—The Sec-  
12                  retary shall annually carry out an evalua-  
13                  tion of each project for which a grant is  
14                  provided under this section that meets per-  
15                  formance measures and benchmarks devel-  
16                  oped by the Secretary, consistent with the  
17                  purposes of this section.

18                  “(ii) REQUIREMENTS.—Consistent  
19                  with the performance measures and bench-  
20                  marks developed under clause (i), in car-  
21                  rying out an evaluation under that clause,  
22                  the Secretary shall—

23                          “(I) evaluate the progress and im-  
24                          pact of the project; and

1                   “(II) assess the degree to which  
2                   the project is meeting the goals of the  
3                   pilot program.

4                   “(C) TECHNICAL AND POLICY ASSIST-  
5                   ANCE.—On the request of a grant recipient, the  
6                   Secretary shall provide technical and policy as-  
7                   sistance.

8                   “(D) BEST PRACTICES.—The Secretary  
9                   shall make available to the public through the  
10                  Internet and other means the Secretary considers  
11                  to be appropriate—

12                  “(i) a copy of each evaluation carried  
13                  out under subparagraph (B); and

14                  “(ii) a description of any best practices  
15                  identified by the Secretary as a result of  
16                  those evaluations.

17                  “(E) REPORT TO CONGRESS.—The Sec-  
18                  retary shall submit to Congress a report con-  
19                  taining the results of each evaluation carried out  
20                  under subparagraph (B).

21                  “(c) AUTHORIZATION OF APPROPRIATIONS.—There is  
22                  authorized to be appropriated to the Secretary to carry out  
23                  this section \$15,000,000, to remain available until ex-  
24                  pended.”.

1 (b) *CONFORMING AMENDMENT.—The table of contents*  
2 *of the Energy Policy Act of 2005 (Public Law 109–58; 119*  
3 *Stat. 594) is amended by inserting after the item relating*  
4 *to section 917 the following:*

*“Sec. 918. Smart energy and water efficiency pilot program.”.*

## 5 ***TITLE II—NUCLEAR***

### 6 ***SEC. 2001. ADVANCED NUCLEAR FUEL AVAILABILITY.***

7 (a) *PROGRAM.—*

8 (1) *ESTABLISHMENT.—The Secretary shall estab-*  
9 *lish and carry out, through the Office of Nuclear En-*  
10 *ergy, a program to support the availability of HA-*  
11 *LEU for civilian domestic research, development,*  
12 *demonstration, and commercial use.*

13 (2) *PROGRAM ELEMENTS.—In carrying out the*  
14 *program under paragraph (1), the Secretary—*

15 (A) *shall develop, in consultation with the*  
16 *Commission, criticality benchmark data to assist*  
17 *the Commission in—*

18 (i) *the licensing and regulation of spe-*  
19 *cial nuclear material fuel fabrication and*  
20 *enrichment facilities under part 70 of title*  
21 *10, Code of Federal Regulations; and*

22 (ii) *certification of transportation*  
23 *packages under part 71 of title 10, Code of*  
24 *Federal Regulations;*

1           (B) shall conduct research and development,  
2           and provide financial assistance to assist com-  
3           mercial entities, to design and license transpor-  
4           tation packages for HA–LEU, including can-  
5           isters for metal, gas, and other HA–LEU com-  
6           positions;

7           (C) shall, to the extent practicable—

8                   (i) by January 1, 2024, support com-  
9                   mercial entity submission of such transpor-  
10                  tation package designs to the Commission  
11                  for certification by the Commission under  
12                  part 71 of title 10, Code of Federal Regula-  
13                  tions; and

14                   (ii) encourage the Commission to have  
15                   such transportation package designs so cer-  
16                   tified by the Commission within 24 months  
17                   after receipt of an application;

18           (D) shall consider options for acquiring or  
19           providing HA–LEU from a stockpile of uranium  
20           owned by the Department, or using enrichment  
21           technology, to make available to members of the  
22           consortium established pursuant to subpara-

3           “(F) carbon capture, use, utilization, and  
4           storage;

5           “(G) microgrid or island applications;

6           “(H) integrated systems modeling, analysis,  
7           and optimization, inclusive of different configu-  
8           rations of integrated energy systems; and

9           “(I) integrated design, planning, building,  
10          and operation of systems with existing infra-  
11          structure, including interconnection requirements  
12          with the electric grid, as appropriate.

13          “(4) AUTHORIZATION OF APPROPRIATIONS.—  
14          There are authorized to be appropriated to the Sec-  
15          retary to carry out the program under this sub-  
16          section—

17                 “(A) \$20,000,000 for fiscal year 2021;

18                 “(B) \$30,000,000 for fiscal year 2022;

19                 “(C) \$30,000,000 for fiscal year 2023;

20                 “(D) \$40,000,000 for fiscal year 2024; and

21                 “(E) \$40,000,000 for fiscal year 2025.”.

22          (b) FUEL CYCLE RESEARCH AND DEVELOPMENT.—  
23          Section 953 of the Energy Policy Act of 2005 (42 U.S.C.  
24          16273) is amended to read as follows:

1 **“SEC. 953. FUEL CYCLE RESEARCH, DEVELOPMENT, DEM-**

3 **TION.**

4 *“(a) USED NUCLEAR FUEL RESEARCH, DEVELOP-*  
5 *MENT, DEMONSTRATION, AND COMMERCIAL APPLICA-*  
6 *TION.—*

7 *“(1) IN GENERAL.—The Secretary shall conduct*  
8 *an advanced fuel cycle research, development, dem-*  
9 *onstration, and commercial application program to*  
10 *improve fuel cycle performance, minimize environ-*  
11 *mental and public health and safety impacts, and*  
12 *support a variety of options for used nuclear fuel*  
13 *storage, use, and disposal, including advanced nu-*  
14 *clear reactor and non-reactor concepts (such as radio-*  
15 *isotope power systems), which may include—*

16 *“(A) dry cask storage;*

17 *“(B) consolidated interim storage;*

18 *“(C) deep geological storage and disposal,*  
19 *including mined repository, and other tech-*  
20 *nologies;*

21 *“(D) used nuclear fuel transportation;*

22 *“(E) integrated waste management systems;*

23 *“(F) vitrification;*

24 *“(G) fuel recycling and transmutation tech-*  
25 *nologies, including advanced reprocessing tech-*  
26 *nologies such as electrochemical and molten salt*

1           *technologies, and advanced redox extraction tech-*  
2           *nologies;*

3           *“(H) advanced materials to be used in sub-*  
4           *paragraphs (A) through (G); and*

5           *“(I) other areas as determined by the Sec-*  
6           *retary.*

7           *“(2) REQUIREMENTS.—In carrying out the pro-*  
8           *gram under this subsection, the Secretary shall—*

9           *“(A) ensure all activities and designs incor-*  
10          *porate state of the art safeguards technologies*  
11          *and techniques to reduce risk of proliferation;*

12          *“(B) consult with the Administrator of the*  
13          *National Nuclear Security Administration to in-*  
14          *tegrate safeguards and security by design;*

15          *“(C) consider the potential benefits and*  
16          *other impacts of those activities for civilian nu-*  
17          *clear applications, environmental health and*  
18          *safety, and national security, including consider-*  
19          *ation of public consent; and*

20          *“(D) consider the economic viability of all*  
21          *activities and designs.*

22          *“(3) AUTHORIZATION OF APPROPRIATIONS.—*  
23          *There are authorized to be appropriated to the Sec-*  
24          *retary to carry out the program under this subsection*

1       \$60,000,000 for each of fiscal years 2021 through  
2       2025.

3       “(b) *ADVANCED FUELS.*—

4               “(1) *IN GENERAL.*—The Secretary shall conduct  
5       an advanced fuels research, development, demonstra-  
6       tion, and commercial application program on next-  
7       generation light water reactor and advanced reactor  
8       fuels that demonstrate the potential for improved—

9                       “(A) performance;

10                      “(B) accident tolerance;

11                      “(C) proliferation resistance;

12                      “(D) use of resources;

13                      “(E) environmental impact; and

14                      “(F) economics.

15               “(2) *REQUIREMENTS.*—In carrying out the pro-  
16       gram under this subsection, the Secretary shall focus  
17       on the development of advanced technology fuels, in-  
18       cluding fabrication techniques, that offer improved ac-  
19       cident-tolerance and economic performance with the  
20       goal of initial commercial application by December  
21       31, 2025.

22               “(3) *REPORT.*—Not later than 180 days after the  
23       date of enactment of this section, the Secretary shall  
24       submit to the Committee on Science, Space, and Tech-  
25       nology of the House of Representatives and the Com-

1 *mittee on Energy and Natural Resources of the Sen-*  
2 *ate a report that describes how the technologies and*  
3 *concepts studied under this program would impact re-*  
4 *actor economics, the fuel cycle, operations, safety, pro-*  
5 *liferation, and the environment.*

6 “(4) *AUTHORIZATION OF APPROPRIATIONS.—*  
7 *There are authorized to be appropriated to the Sec-*  
8 *retary to carry out the program under this subsection*  
9 *\$125,000,000 for each of fiscal years 2021 through*  
10 *2025.”.*

11 *(c) NUCLEAR SCIENCE AND ENGINEERING SUPPORT.—*  
12 *Section 954 of the Energy Policy Act of 2005 (42 U.S.C.*

24           “(d) *CONFORMING AMENDMENT.*—*The table of contents*  
25           *of the Energy Policy Act of 2005 (Public Law 109– 58;*

1 119 Stat. 600) is amended by striking the items relating  
2 to sections 952 through 954 and inserting the following:

“Sec. 952. Reactor concepts research, development, demonstration, and commercial application.

“Sec. 953. Fuel cycle research, development, demonstration, and commercial application.

“Sec. 954. Nuclear science and engineering support.”.

3 (e) *UNIVERSITY NUCLEAR LEADERSHIP PROGRAM.*—  
4 Section 313 of the Omnibus Appropriations Act, 2009 (42  
5 U.S.C. 16274a), is amended to read as follows:

6 **“SEC. 313. UNIVERSITY NUCLEAR LEADERSHIP PROGRAM.**

7 “(a) *IN GENERAL.*—The Secretary of Energy, the Ad-  
8 ministrator of the National Nuclear Security Administra-  
9 tion, and the Chairman of the Nuclear Regulatory Commis-  
10 sion shall jointly establish a program, to be known as the  
11 ‘University Nuclear Leadership Program’.

12 “(b) *USE OF FUNDS.*—

13 “(1) *IN GENERAL.*—Except as provided in para-  
14 graph (2), amounts made available to carry out the  
15 Program shall be used to provide financial assistance  
16 for scholarships, fellowships, and research and devel-  
17 opment projects at institutions of higher education in  
18 areas relevant to the programmatic mission of the ap-  
19 plicable Federal agency, with an emphasis on pro-  
20 viding the financial assistance with respect to re-  
21 search, development, demonstration, and commercial  
22 application activities relevant to civilian advanced  
23 nuclear reactors including, but not limited to—

1           “(A) *relevant fuel cycle technologies;*  
2           “(B) *project management; and*  
3           “(C) *advanced construction, manufacturing,*  
4           *and fabrication methods.*

5           “(2) *EXCEPTION.—Notwithstanding paragraph*  
6           *(1), amounts made available to carry out the Pro-*  
7           *gram may be used to provide financial assistance for*  
8           *a scholarship, fellowship, or multiyear research and*  
9           *development project that does not align directly with*  
10          *a programmatic mission of the Department of En-*  
11          *ergy, if the activity for which assistance is provided*  
12          *would facilitate the maintenance of the discipline of*  
13          *nuclear science or engineering.*

14          “(c) *DEFINITIONS.—In this section:*

15               “(1) *ADVANCED NUCLEAR REACTOR; INSTITUTION*  
16               *OF HIGHER EDUCATION.—The terms ‘advanced nu-*  
17               *clear reactor’ and ‘institution of higher education’*  
18               *have the meanings given those terms in section 951 of*  
19               *the Energy Policy Act of 2005 (42 U.S.C. 16271).*

20               “(2) *PROGRAM.—The term ‘Program’ means the*  
21               *University Nuclear Leadership Program established*  
22               *under this section.*

23          “(d) *AUTHORIZATION OF APPROPRIATIONS.—There*

22           *the facility under this section—*

23           “(A) \$295,000,000 for fiscal year 2021;

24           “(B) \$348,000,000 for fiscal year 2022;

25           “(C) \$525,000,000 for fiscal year 2023;

1                   “(D) \$534,000,000 for fiscal year 2024; and  
2                   “(E) \$584,000,000 for fiscal year 2025.”.

3                   (3) in subsection (c) paragraph (4), by striking  
4                   “2025” and inserting “2026”; and

5                   (4) by adding at the end the following:

6                   “(d) *GATEWAY FOR ACCELERATED INNOVATION IN NU-*  
7 *CLEAR.*—

8                   “(1) *IN GENERAL.*—*In carrying out the pro-*  
9 *grams under this subtitle, the Secretary is authorized*  
10 *to establish a new initiative to be known as the Gate-*  
11 *way for Accelerated Innovation in Nuclear (GAIN).*  
12 *The initiative shall, to the maximum extent prac-*  
13 *ticable and consistent with national security, provide*  
14 *the nuclear energy industry with access to cutting*  
15 *edge research and development along with the tech-*  
16 *nical, regulatory, and financial support necessary to*  
17 *move innovative nuclear energy technologies toward*  
18 *commercialization in an accelerated and cost-effective*  
19 *fashion. The Secretary shall make available, as a*  
20 *minimum—*

21                   “(A) *experimental capabilities and testing*  
22 *facilities;*

23                   “(B) *computational capabilities, modeling,*  
24 *and simulation tools;*

1           “(C) access to existing datasets and data  
2           validation tools; and

3           “(D) technical assistance with guidance or  
4           processes as needed.

5           “(2) SELECTION.—

6           “(A) IN GENERAL.—The Secretary shall se-  
7           lect industry partners for awards on a competi-  
8           tive merit-reviewed basis.

9           “(B) CONSIDERATIONS.—In selecting indus-  
10          try partners under subparagraph (A), the Sec-  
11          retary shall consider—

12                   “(i) the information disclosed by the  
13                   Department as described in paragraph (1);  
14                   and

15                   “(ii) any existing facilities the Depart-  
16                   ment will provide for public private part-  
17                   nership activities.”.

18          (g) ADVANCED REACTOR DEMONSTRATION PRO-  
19          GRAM.—

20                   (1) IN GENERAL.—Subtitle E of title IX of the  
21                   Energy Policy Act of 2005 (42 U.S.C. 16271 et seq.)  
22                   is amended by adding at the end the following:

1 **“SEC. 959A. ADVANCED REACTOR DEMONSTRATION PRO-**  
2 **GRAM.**

3 *“(a) DEMONSTRATION PROJECT DEFINED.—For the*  
4 *purposes of this section, the term ‘demonstration project’*  
5 *means an advanced nuclear reactor operated in any man-*  
6 *ner, including as part of the power generation facilities of*  
7 *an electric utility system, for the purpose of demonstrating*  
8 *the suitability for commercial application of the advanced*  
9 *nuclear reactor.*

10 *“(b) ESTABLISHMENT.—The Secretary shall establish*  
11 *a program to advance the research, development, dem-*  
12 *onstration, and commercial application of domestic ad-*  
13 *vanced, affordable, nuclear energy technologies by—*

14 *“(1) demonstrating a variety of advanced nu-*  
15 *clear reactor technologies, including those that could*  
16 *be used to produce—*

17 *“(A) safer, emissions-free power at a com-*  
18 *petitive cost of electricity compared to other new*  
19 *energy generation technologies on the date of en-*  
20 *actment of the Energy Act of 2020;*

21 *“(B) heat for community heating, indus-*  
22 *trial purposes, heat storage, or synthetic fuel*  
23 *production;*

24 *“(C) remote or off-grid energy supply; or*

25 *“(D) backup or mission-critical power sup-*  
26 *plies;*

1           “(2) *identifying research areas that the private*  
2           *sector is unable or unwilling to undertake due to the*  
3           *cost of, or risks associated with, the research; and*

4           “(3) *facilitating the access of the private sector—*

5                   “(A) *to Federal research facilities and per-*  
6                   *sonnel; and*

7                   “(B) *to the results of research relating to*  
8                   *civil nuclear technology funded by the Federal*  
9                   *Government.*

10          “(c) *DEMONSTRATION PROJECTS.—In carrying out*  
11          *demonstration projects under the program established in*  
12          *subsection (b), the Secretary shall—*

13               “(1) *include, as an evaluation criterion, diver-*  
14               *sity in designs for the advanced nuclear reactors dem-*  
15               *onstrated under this section, including designs using*  
16               *various—*

17                   “(A) *primary coolants;*

18                   “(B) *fuel types and compositions; and*

19                   “(C) *neutron spectra;*

20               “(2) *consider, as evaluation criteria—*

21                   “(A) *the likelihood that the operating cost*  
22                   *for future commercial units for each design im-*  
23                   *plemented through a demonstration project under*  
24                   *this subsection is cost-competitive in the applica-*  
25                   *ble market, including those designs configured as*

1           *integrated energy systems as described in section*  
2           *952(c);*

3                   “(B) *the technology readiness level of a pro-*  
4           *posed advanced nuclear reactor technology;*

5                   “(C) *the technical abilities and qualifica-*  
6           *tions of teams desiring to demonstrate a pro-*  
7           *posed advanced nuclear reactor technology; and*

8                   “(D) *the capacity to meet cost-share re-*  
9           *quirements of the Department;*

10           “(3) *ensure that each evaluation of candidate*  
11           *technologies for the demonstration projects is com-*  
12           *pleted through an external review of proposed designs,*  
13           *which review shall—*

14                   “(A) *be conducted by a panel that includes*  
15           *not fewer than 1 representative that does not*  
16           *have a conflict of interest of each within the ap-*  
17           *plicable market of the design of—*

18                           “(i) *an electric utility;*

19                           “(ii) *an entity that uses high-tempera-*  
20           *ture process heat for manufacturing or in-*  
21           *dustrial processing, such as a petrochemical*  
22           *or synthetic fuel company, a manufacturer*  
23           *of metals or chemicals, or a manufacturer of*  
24           *concrete;*

1                   “(iii) an expert from the investment  
2                   community;

3                   “(iv) a project management practi-  
4                   tioner; and

5                   “(v) an environmental health and safe-  
6                   ty expert; and

7                   “(B) include a review of each demonstration  
8                   project under this subsection which shall include  
9                   consideration of cost-competitiveness and other  
10                  value streams, together with the technology readi-  
11                  ness level, the technical abilities and qualifica-  
12                  tions of teams desiring to demonstrate a pro-  
13                  posed advanced nuclear reactor technology, the  
14                  capacity to meet cost-share requirements of the  
15                  Department, if Federal funding is provided, and  
16                  environmental impacts;

17                  “(4) for federally funded demonstration projects,  
18                  enter into cost-sharing agreements with private sector  
19                  partners in accordance with section 988 for the con-  
20                  duct of activities relating to the research, develop-  
21                  ment, and demonstration of advanced nuclear reactor  
22                  designs under the program;

23                  “(5) consult with—

24                         “(A) National Laboratories;

25                         “(B) institutions of higher education;

1           “(C) *traditional end users (such as electric*  
2           *utilities);*

3           “(D) *potential end users of new technologies*  
4           *(such as users of high-temperature process heat*  
5           *for manufacturing processing, including petro-*  
6           *chemical or synthetic fuel companies, manufac-*  
7           *turers of metals or chemicals, or manufacturers*  
8           *of concrete);*

9           “(E) *developers of advanced nuclear reactor*  
10          *technology;*

11          “(F) *environmental and public health and*  
12          *safety experts; and*

13          “(G) *non-proliferation experts;*

14          “(6) *seek to ensure that the demonstration*  
15          *projects carried out under this section do not cause*  
16          *any delay in the progress of an advanced reactor*  
17          *project by private industry and the Department of*  
18          *Energy that is underway as of the date of enactment*  
19          *of this section;*

20          “(7) *establish a streamlined approval process for*  
21          *expedited contracting between awardees and the De-*  
22          *partment;*

23          “(8) *identify technical challenges to candidate*  
24          *technologies;*

1           “(9) support near-term research and development  
2           to address the highest risk technical challenges to the  
3           successful demonstration of a selected advanced reac-  
4           tor technology, in accordance with—

5                     “(A) paragraph (8);

6                     “(B) the research and development activities  
7                     under section 952(b); and

8                     “(C) the research and development activities  
9                     under section 958; and

10           “(10) establish such technology advisory working  
11           groups as the Secretary determines to be appropriate  
12           to advise the Secretary regarding the technical chal-  
13           lenges identified under paragraph (8) and the scope  
14           of research and development programs to address the  
15           challenges, in accordance with paragraph (9), to be  
16           comprised of—

17                     “(A) private sector advanced nuclear reac-  
18                     tor technology developers;

19                     “(B) technical experts with respect to the  
20                     relevant technologies at institutions of higher  
21                     education;

22                     “(C) technical experts at the National Lab-  
23                     oratories;

24                     “(D) environmental and public health and  
25                     safety experts;

1                   “(E) non-proliferation experts; and  
2                   “(F) any other entities the Secretary deter-  
3                   mines appropriate.

4           “(d)           MILESTONE-BASED           DEMONSTRATION  
5   PROJECTS.—The Secretary may carry out demonstration  
6   projects under subsection (c) as a milestone-based dem-  
7   onstration project under section 9005 of the Energy Act of  
8   2020.

9           “(e) NONDUPLICATION.—Entities may not receive  
10   funds under this program if receiving funds from another  
11   reactor demonstration program at the Department in the  
12   same fiscal year.

13          “(f) AUTHORIZATION OF APPROPRIATIONS.—There are  
14   authorized to be appropriated to the Secretary to carry out  
15   the program under this subsection—

16                   “(1) \$405,000,000 for fiscal year 2021;

17                   “(2) \$405,000,000 for fiscal year 2022;

18                   “(3) \$420,000,000 for fiscal year 2023;

19                   “(4) \$455,000,000 for fiscal year 2024; and

20                   “(5) \$455,000,000 for fiscal year 2025.”.

21          “(2) TABLE OF CONTENTS.—The table of contents  
22   of the Energy Policy Act of 2005 (Public Law 109–  
23   58; 119 Stat. 594) is amended—

1           (A) *in the items relating to sections 957,*

5                   “(xxvii) in calendar year 2040,  
6 267,685 kilograms.”;

7                   (ii) by redesignating subparagraph (B)  
8 as subparagraph (C); and

9                   (iii) by inserting after subparagraph  
10 (A) the following:

11                   “(B) ADMINISTRATION.—

12                   “(i) IN GENERAL.—The Secretary of  
13 Commerce shall administer the import limi-  
14 tations described in subparagraph (A) in  
15 accordance with the provisions of the Sus-  
16 pension Agreement, including—

17                   “(I) the limitations on sales of en-  
18 riched uranium product and separa-  
19 tive work units plus conversion, in  
20 amounts determined in accordance  
21 with Section IV.B.1 of the Suspension  
22 Agreement (as amended by the amend-  
23 ment published in the Federal Register  
24 on October 9, 2020 (85 Fed. Reg.  
25 64112));

1           “(II) the export limit allocations

1 **SEC. 2008. FUSION ENERGY RESEARCH.**

2 (a) *PROGRAM.*—Section 307 of the Department of En-  
3 ergy Research and Innovation Act (42 U.S.C. 18645) is  
4 amended—

5 (1) by redesignating subsections (a) through (g)  
6 as subsections (b) through (h), respectively;

7 (2) by inserting before subsection (b), as so redес-  
8 igned, the following:

9 “(a) *PROGRAM.*—As part of the activities authorized  
10 under section 209 of the Department of Energy Organiza-  
11 tion Act (42 U.S.C. 7139) and section 972 of the Energy  
12 Policy Act of 2005 (42 U.S.C. 16312), the Director shall  
13 carry out a fusion energy sciences research and enabling  
14 technology development program to effectively address the  
15 scientific and engineering challenges to building a cost com-  
16 petitive fusion power plant and to support the development  
17 of a competitive fusion power industry in the United States.  
18 As part of this program, the Director shall carry out re-  
19 search activities to expand the fundamental understandings  
20 of plasma and matter at very high temperatures and den-  
21 sities for fusion applications and for other engineering and  
22 plasma science applications.”;

23 (3) by amending subsection (d) to read as fol-  
24 lows:

25 “(d) *INERTIAL FUSION RESEARCH AND DEVELOP-*  
26 *MENT.*—

1           “(1) *IN GENERAL.*—*The Director shall carry out*  
2           *a program of research and technology development in*  
3           *inertial fusion for energy applications, including ion*  
4           *beam, laser, and pulsed power fusion systems.*

5           “(2) *ACTIVITIES.*—*As part of the program de-*  
6           *scribed in paragraph (1), the Director shall support*  
7           *activities at and partnerships with universities and*  
8           *the National Laboratories to—*

6                   “(4) AUTHORIZATION OF APPROPRIATIONS.—Out  
7                   of funds authorized to be appropriated under sub-  
8                   section (o), there are authorized to be appropriated to  
9                   the Secretary to carry out the activities described in  
10                  subsection (e) \$50,000,000 for each of fiscal years  
11                  2021 through 2025.”; and

12                  (5) by adding at the end the following:

13                  “(i) MILESTONE-BASED DEVELOPMENT PROGRAM.—

14                  “(1) IN GENERAL.—Using the authority of the  
15                  Secretary under section 646(g) of the Department of  
16                  Energy Organization Act (42 U.S.C. 7256(g)), not-  
17                  withstanding paragraph (10) of such section, the Sec-  
18                  retary shall establish, not later than 6 months after  
19                  the date of enactment of this section, a milestone-  
20                  based fusion energy development program that re-  
21                  quires projects to meet particular technical milestones  
22                  before a participant is awarded funds by the Depart-  
23                  ment.

24                  “(2) PURPOSE.—The purpose of the program es-  
25                  tablished by paragraph (1) shall be to support the de-

1     *velopment of a U.S.-based fusion power industry*  
2     *through the research and development of technologies*  
3     *that will enable the construction of new full-scale fu-*  
4     *sion systems capable of demonstrating significant im-*  
5     *provements in the performance of such systems, as de-*  
6     *efined by the Secretary, within 10 years of the enact-*  
7     *ment of this section.*

8             “(3) *ELIGIBILITY.*—*Any entity is eligible to par-*  
9     *ticipate in the program provided that the Secretary*  
10    *has deemed it as having the necessary resources and*  
11    *expertise.*

12            “(4) *REQUIREMENTS.*—*In carrying out the mile-*  
13    *stone-based program under paragraph (1), the Sec-*  
14    *retary shall, for each relevant project—*

15                    “(A) *request proposals from eligible entities,*  
16                    *as determined by the Secretary, that include pro-*  
17                    *posed technical milestones, including estimated*  
18                    *project timelines and total costs;*

19                    “(B) *set milestones based on a rigorous*  
20                    *technical review process;*

21                    “(C) *award funding of a predetermined*  
22                    *amount to projects that successfully meet pro-*  
23                    *posed milestones under paragraph (1), or for ex-*  
24                    *penses deemed reimbursable by the Secretary, in*

1           *accordance with terms negotiated for an indi-*  
2           *vidual award; and*

3           “(D) *communicate regularly with selected*  
4           *eligible entities and, if the Secretary deems ap-*  
5           *propriate, exercise small amounts of flexibility*  
6           *for technical milestones as projects mature.*

7           “(5) *AWARDS.—For the program established*  
8           *under paragraph (1)—*

9           “(A) *an award recipient shall be responsible*  
10           *for all costs until milestones are achieved, or re-*  
11           *imbursable expenses are reviewed and verified by*  
12           *the Department;*

13           “(B) *should an awardee not meet the mile-*  
14           *stones described in paragraph (4), the Secretary*  
15           *may end the partnership with an award recipi-*  
16           *ent and use the remaining funds in the ended*  
17           *agreement for new or existing projects carried*  
18           *out under this section; and*

19           “(C) *consistent with the existing authorities*  
20           *of the Department, the Secretary may end the*  
21           *partnership with an award recipient for cause*  
22           *during the performance period.*

23           “(6) *APPLICATIONS.—Any project proposal sub-*  
24           *mitted to the program under paragraph (1) shall be*  
25           *evaluated based upon its scientific, technical, and*

1 *business merits through a peer-review process, which*  
2 *shall include reviewers with appropriate expertise*  
3 *from the private sector, the investment community,*  
4 *and experts in the science and engineering of fusion*  
5 *and plasma physics.*

6 “(7) *PROJECT MANAGEMENT.*—*In carrying out*  
7 *projects under this program and assessing the comple-*  
8 *tion of their milestones in accordance with paragraph*  
9 *(4), the Secretary shall consult with experts that rep-*  
10 *resent diverse perspectives and professional experi-*  
11 *ences, including those from the private sector, to en-*  
12 *sure a complete and thorough review.*

13 “(8) *PROGRAMMATIC REVIEW.*—*Not later than 4*  
14 *years after the Secretary has established 3 milestones*  
15 *under this program, the Secretary shall enter into a*  
16 *contractual arrangement with the National Academy*  
17 *of Sciences to review and provide a report describing*  
18 *the findings of this review to the House Committee on*  
19 *Science, Space, and Technology and the Senate Com-*  
20 *mittee on Energy and Natural Resources on the pro-*  
21 *gram established under this paragraph (1) that as-*  
22 *sesses—*

23 “(A) *the benefits and drawbacks of a mile-*  
24 *stone-based fusion program as compared to tra-*

1           *ditional program structure funding models at the*  
2           *Department;*

3                   “(B) *lessons-learned from program oper-*  
4                   *ations; and*

5                   “(C) *any other matters the Secretary deter-*  
6                   *mines regarding the program.*

7                   “(9) *ANNUAL REPORT.—As part of the annual*  
8                   *budget request submitted for each fiscal year, the Sec-*  
9                   *retary shall provide the House Committee on Science,*  
10                   *Space, and Technology and the Senate Committee on*  
11                   *Energy and Natural Resources a report describing*  
12                   *partnerships supported by the program established*  
13                   *under paragraph (1) during the previous fiscal year.*

14                   “(10) *AUTHORIZATION OF APPROPRIATIONS.—*  
15                   *Out of funds authorized to be appropriated under*  
16                   *subsection (o), there are authorized to be appropriated*  
17                   *to the Secretary to carry out the activities described*  
18                   *in subsection (i), to remain available until ex-*  
19                   *pended—*

20                           “(A) *\$45,000,000 for fiscal year 2021;*

21                           “(B) *\$65,000,000 for fiscal year 2022;*

22                           “(C) *\$105,000,000 for fiscal year 2023;*

23                           “(D) *\$65,000,000 for fiscal year 2024; and*

24                           “(E) *\$45,000,000 for fiscal year 2025.*

1           “(j) *FUSION REACTOR SYSTEM DESIGN.*—*The Direc-*  
2 *tor shall support research and development activities to de-*  
3 *sign future fusion reactor systems and examine and address*  
4 *the technical drivers for the cost of these systems.*

5           “(k) *GENERAL PLASMA SCIENCE AND APPLICA-*  
6 *TIONS.*—*The Director shall support research in general*  
7 *plasma science and high energy density physics that ad-*  
8 *vance the understanding of the scientific community of fun-*  
9 *damental properties and complex behavior of matter to con-*  
10 *trol and manipulate plasmas for a broad range of applica-*  
11 *tions, including support for research relevant to advance-*  
12 *ments in chip manufacturing and microelectronics.*

13           “(l) *SENSE OF CONGRESS.*—*It is the sense of Congress*  
14 *that the United States should support a robust, diverse pro-*  
15 *gram in addition to providing sufficient support to, at a*  
16 *minimum, meet its commitments to ITER and maintain*  
17 *the schedule of the project as determined by the Secretary*  
18 *in coordination with the ITER Organization at the time*  
19 *of the enactment of this section. It is further the sense of*  
20 *Congress that developing the scientific basis for fusion, pro-*  
21 *viding research results key to the success of ITER, and*  
22 *training the next generation of fusion scientists are of crit-*  
23 *ical importance to the United States and should in no way*  
24 *be diminished by participation of the United States in the*  
25 *ITER project.*

1       “(m) *INTERNATIONAL COLLABORATION.*—*The Director*  
2 *shall—*

3               “(1) *as practicable and in coordination with*  
4 *other appropriate Federal agencies as necessary, en-*  
5 *sure the access of United States researchers to the*  
6 *most advanced fusion research facilities and research*  
7 *capabilities in the world, including ITER;*

8               “(2) *to the maximum extent practicable, con-*  
9 *tinue to leverage United States participation ITER,*  
10 *and prioritize expanding international partnerships*  
11 *and investments in current and future fusion research*  
12 *facilities within the United States; and*

13               “(3) *to the maximum extent practicable,*  
14 *prioritize engagement in collaborative efforts in sup-*  
15 *port of future international facilities that would pro-*  
16 *vide access to the most advanced fusion research fa-*  
17 *cilities in the world to United States researchers.*

18       “(n) *FISSION AND FUSION RESEARCH COORDINATION*  
19 *REPORT.*—

20               “(1) *IN GENERAL.*—*Not later than 6 months*  
21 *after the date of enactment of this section, the Sec-*  
22 *retary shall transmit to Congress a report addressing*  
23 *opportunities for coordinating fusion energy research*

7       “(c) *DISSEMINATION OF RESULTS AND PUBLIC AVAIL-*  
8 *ABILITY.—The Secretary shall—*

9               “(1) *publish the results of projects supported*  
10       *under this subtitle through Department websites, re-*  
11       *ports, databases, training materials, and industry*  
12       *conferences, including information discovered after*  
13       *the completion of such projects, withholding any in-*  
14       *dustrial proprietary information; and*

15               “(2) *share results of such projects with the public*  
16       *except to the extent that the information is protected*  
17       *from disclosure under section 552(b) of title 5, United*  
18       *States Code.*

19       “(d) *AWARD FREQUENCY.—The Secretary shall solicit*  
20       *applications for awards under this subtitle no less fre-*  
21       *quently than once per fiscal year.*

22       “(e) *EDUCATION AND OUTREACH.—In carrying out*  
23       *the activities described in this subtitle, the Secretary shall*  
24       *support education and outreach activities to disseminate*  
25       *information and promote public understanding of water*

1 *power technologies and the water power workforce, includ-*  
2 *ing activities at the National Marine Energy Centers.*

3       “(f) *TECHNICAL ASSISTANCE AND WORKFORCE DE-*  
4 *VELOPMENT.—In carrying out this subtitle, the Secretary*  
5 *may also conduct, for purposes of supporting technical,*  
6 *non-hardware, and information-based advances in water*  
7 *power systems development and operations—*

8               “(1) *technical assistance and analysis activities*  
9 *with eligible entities, including activities that support*  
10 *expanding access to advanced water power tech-*  
11 *nologies for rural, Tribal, and low-income commu-*

14 *ties, including to support the dissemination of stand-*  
15 *ards and best practices for enabling water power pro-*  
16 *duction.*

17       “(g) *STRATEGIC PLAN.—In carrying out the activities*  
18 *described in this subtitle, the Secretary shall—*

19               “(1) *not later than one year after the date of the*  
20 *enactment of the Energy Act of 2020, draft a plan,*  
21 *considering input from relevant stakeholders such as*  
22 *industry and academia, to implement the programs*  
23 *described in this subtitle and update the plan on an*  
24 *annual basis; and*

1           “(2) the plan shall address near-term (up to 2  
2           years), mid-term (up to 7 years), and long-term (up  
3           to 15 years) challenges to the advancement of water  
4           power systems.

5           “(h) *REPORT TO CONGRESS.*—Not later than 1 year  
6           after the date of the enactment of the Energy Act of 2020,  
7           and at least once every 2 years thereafter, the Secretary  
8           shall provide, and make available to the public and the rel-  
9           evant authorizing and appropriations committees of Con-  
10          gress, a report on the findings of research conducted and  
11          activities carried out pursuant to this subtitle, including  
12          the most current strategic plan under subsection (g) and  
13          the progress made in implementing such plan.

14          “**SEC. 638. APPLICABILITY OF OTHER LAWS.**

15          “Nothing in this subtitle shall be construed as waiving,  
16          modifying, or superseding the applicability of any require-  
17          ment under any environmental or other Federal or State  
18          law.

19          “**SEC. 639. AUTHORIZATION OF APPROPRIATIONS.**

20          “There are authorized to be appropriated to the Sec-  
21          retary to carry out this subtitle \$186,600,000 for each of  
22          fiscal years 2021 through 2025, including \$137,428,378 for  
23          marine energy and \$49,171,622 for hydropower research,  
24          development, and demonstration activities.”.

10 *and sensing technologies and techniques to assist in*  
11 *prioritization of targets for characterization;*

12               “(2) *EXPLORATORY DRILLING FOR GEOTHERMAL*  
13 *RESOURCES.—The demonstration of advanced tech-*  
14 *nologies and techniques of siting and exploratory*  
15 *drilling for undiscovered resources in a variety of geo-*  
16 *logic settings, carried out in collaboration with indus-*  
17 *try partners that will assist in the acquisition of high*  
18 *quality data sets relevant for hydrothermal subsurface*  
19 *characterization activities.”.*

20       “(c) *GENERAL GEOTHERMAL SYSTEMS RESEARCH AND*  
21 *DEVELOPMENT.—Section 614 of the Energy Independence*  
22 *and Security Act of 2007 (42 U.S.C. 17193) is amended*  
23 *to read as follows:*

1 **“SEC. 614. GENERAL GEOTHERMAL SYSTEMS RESEARCH**  
2 **AND DEVELOPMENT.**

3 “(a) *SUBSURFACE COMPONENTS AND SYSTEMS.*—The  
4 Secretary shall support a program of research, development,  
5 demonstration, and commercial application of components  
6 and systems capable of withstanding geothermal environ-  
7 ments and necessary to develop, produce, and monitor geo-  
8 thermal reservoirs and produce geothermal energy.

9 “(b) *ENVIRONMENTAL IMPACTS.*—The Secretary  
10 shall—

11 “(1) support a program of research, development,  
12 demonstration, and commercial application of tech-  
13 nologies and practices designed to mitigate or pre-  
14 clude potential adverse environmental impacts of geo-  
15 thermal energy development, production or use;

16 “(2) support a research program to identify po-  
17 tential environmental impacts, including induced  
18 seismicity, and environmental benefits of geothermal  
19 energy development, production, and use, and ensure  
20 that the program described in paragraph (1) address-  
21 es such impacts, including water use and effects on  
22 groundwater and local hydrology;

23 “(3) support a program of research to compare  
24 the potential environmental impacts and environ-  
25 mental benefits identified as part of the development,  
26 production, and use of geothermal energy with the po-

1       *tential emission reductions of greenhouse gases gained*  
2       *by geothermal energy development, production, and*  
3       *use; and*

4               “(4) *in carrying out this section, the Secretary*  
5       *shall, to the maximum extent practicable, consult*  
6       *with relevant federal agencies, including the Environ-*  
7       *mental Protection Agency.*

8       “(c) *RESERVOIR THERMAL ENERGY STORAGE.—The*  
9       *Secretary shall support a program of research, development,*  
10       *and demonstration of reservoir thermal energy storage, em-*  
11       *phasizing cost-effective improvements through deep direct*  
12       *use engineering, design, and systems research.*

13       “(d) *OIL AND GAS TECHNOLOGY TRANSFER INITIA-*  
14       *TIVE.—*

15               “(1) *IN GENERAL.—The Secretary shall support*  
16       *an initiative among the Office of Fossil Energy, the*  
17       *Office of Energy Efficiency and Renewable Energy,*  
18       *and the private sector to research, develop, and dem-*  
19       *onstrate relevant advanced technologies and operation*  
20       *techniques used in the oil and gas sector for use in*  
21       *geothermal energy development.*

22               “(2) *PRIORITIES.—In carrying out paragraph*  
23       *(1), the Secretary shall prioritize technologies with the*  
24       *greatest potential to significantly increase the use and*  
25       *lower the cost of geothermal energy in the United*

1       *States, including the cost and speed of geothermal*  
2       *drilling surface technologies, large- and small-scale*  
3       *drilling, and well construction.*

4       “(e) *COPRODUCTION OF GEOTHERMAL ENERGY AND*  
5       *MINERALS PRODUCTION RESEARCH AND DEVELOPMENT*  
6       *INITIATIVE.—*

7               “(1) *IN GENERAL.—The Secretary shall carry*  
8       *out a research and development initiative under*  
9       *which the Secretary shall provide financial assistance*  
10       *to demonstrate the coproduction of critical minerals*  
11       *from geothermal resources.*

12               “(2) *REQUIREMENTS.—An award made under*  
13       *paragraph (1) shall—*

14                       “(A) *improve the cost effectiveness of remov-*  
15       *ing minerals from geothermal brines as part of*  
16       *the coproduction process;*

17                       “(B) *increase recovery rates of the targeted*  
18       *mineral commodity;*

19                       “(C) *decrease water use and other environ-*  
20       *mental impacts, as determined by the Secretary;*  
21       *and*

22                       “(D) *demonstrate a path to commercial via-*  
23       *bility.*

1       “(f) *FLEXIBLE OPERATIONS.*—*The Secretary shall*  
2 *support a research initiative on flexible operation of geo-*  
3 *thermal power plants.*

4       “(g) *INTEGRATED ENERGY SYSTEMS.*—*The Secretary*  
5 *shall identify opportunities for joint research, development,*  
6 *and demonstration programs between geothermal systems*  
7 *and other energy generation or storage systems.*

8       “(h) *DRILLING DATA REPOSITORY.*—

9               “(1) *IN GENERAL.*—*The Secretary shall, in con-*  
10 *sultation with the Secretary of the Interior, establish*  
11 *and operate a voluntary, industry-wide repository of*  
12 *geothermal drilling information to lower the cost of*  
13 *future geothermal drilling.*

14               “(2) *REPOSITORY.*—

15                       “(A) *IN GENERAL.*—*In carrying out para-*  
16 *graph (1), the Secretary shall collaborate with*  
17 *countries utilizing a significant amount of geo-*  
18 *thermal energy, as determined by the Secretary.*

19                       “(B) *DATA SYSTEM.*—*The repository estab-*  
20 *lished under paragraph (1) shall be integrated*  
21 *with the National Geothermal Data System.”.*

22       “(d) *ENHANCED GEOTHERMAL SYSTEMS RESEARCH*  
23 *AND DEVELOPMENT.*—*Section 615 of the Energy Independ-*  
24 *ence and Security Act of 2007 (42 U.S.C. 17194) is amend-*  
25 *ed to read as follows:*

1 **“SEC. 615. ENHANCED GEOTHERMAL SYSTEMS RESEARCH**

23           *“(3) FUNDING.—Out of funds authorized to be*  
24           *appropriated under section 623, there shall be made*  
25           *available to the Secretary to carry out the demonstra-*

1 *tion activities under this subsection \$21,000,000 for*  
2 *each of fiscal years 2021 through 2025.”.*

3 *(e) GEOTHERMAL HEAT PUMPS AND DIRECT USE.—*

4 *(1) IN GENERAL.—Title VI of the Energy Inde-*  
5 *pendence and Security Act of 2007 is amended by in-*  
6 *serting after section 616 (42 U.S.C. 17195) the fol-*  
7 *lowing:*

8 **“SEC. 616A. GEOTHERMAL HEAT PUMPS AND DIRECT USE**  
9 **RESEARCH AND DEVELOPMENT.**

10 *“(a) PURPOSES.—The purposes of this section are—*

11 *“(1) to improve the understanding of related*  
12 *earth sciences, components, processes, and systems*  
13 *used for geothermal heat pumps and the direct use of*  
14 *geothermal energy; and*

15 *“(2) to increase the energy efficiency, lower the*  
16 *cost, increase the use, and improve and demonstrate*  
17 *the effectiveness of geothermal heat pumps and the di-*  
18 *rect use of geothermal energy.*

19 *“(b) DEFINITIONS.—In this section:*

20 *“(1) DIRECT USE OF GEOTHERMAL ENERGY.—*  
21 *The term ‘direct use of geothermal energy’ means geo-*  
22 *thermal systems that use water directly or through a*  
23 *heat exchanger to provide—*

1           “(A) heating and cooling to buildings, com-  
2           mercial districts, residential communities, and  
3           large municipal, or industrial projects; or

4           “(B) heat required for industrial processes,  
5           agriculture, aquaculture, and other facilities.

6           “(2) *ECONOMICALLY DISTRESSED AREA*.—The  
7           term ‘economically distressed area’ means an area de-  
8           scribed in section 301(a) of the Public Works and  
9           Economic Development Act of 1965 (42 U.S.C.  
10          3161(a)).

11          “(3) *GEOTHERMAL HEAT PUMP*.—The term ‘geo-  
12          thermal heat pump’ means a system that provides  
13          heating and cooling by exchanging heat from shallow  
14          geology, groundwater, or surface water using—

15                 “(A) a closed loop system, which transfers  
16                 heat by way of buried or immersed pipes that  
17                 contain a mix of water and working fluid; or

18                 “(B) an open loop system, which circulates  
19                 ground or surface water directly into the build-  
20                 ing and returns the water to the same aquifer or  
21                 surface water source.

22          “(c) *PROGRAM*.—

23                 “(1) *IN GENERAL*.—The Secretary shall support  
24                 within the Geothermal Technologies Office a program  
25                 of research, development, and demonstration for geo-

1 *thermal heat pumps and the direct use of geothermal*  
2 *energy.*

3 “(2) *AREAS.*—*The program under paragraph (1)*  
4 *may include research, development, demonstration,*  
5 *and commercial application of—*

6 “(A) *geothermal ground loop efficiency im-*  
7 *provements, cost reductions, and improved in-*  
8 *stallation and operations methods;*

9 “(B) *the use of geothermal energy for build-*  
10 *ing-scale energy storage;*

11 “(C) *the use of geothermal energy as a grid*  
12 *management resource or seasonal energy storage;*

13 “(D) *geothermal heat pump efficiency im-*  
14 *provements;*

15 “(E) *the use of alternative fluids as a heat*  
16 *exchange medium, such as hot water found in*  
17 *mines and mine shafts, graywater, or other*  
18 *fluids that may improve the economics of geo-*  
19 *thermal heat pumps;*

20 “(F) *heating of districts, neighborhoods,*  
21 *communities, large commercial or public build-*  
22 *ings, and industrial and manufacturing facili-*  
23 *ties;*

24 “(G) *the use of low temperature ground-*  
25 *water for direct use; and*

1           “(H) system integration of direct use with  
2           geothermal electricity production.

3           “(3) ENVIRONMENTAL IMPACTS.—In carrying  
4           out the program, the Secretary shall identify and  
5           mitigate potential environmental impacts in accord-  
6           ance with section 614(b).

7           “(d) FINANCIAL ASSISTANCE.—

8           “(1) IN GENERAL.—The Secretary shall carry  
9           out the program established in subsection (c) by mak-  
10          ing financial assistance available to State, local, and  
11          Tribal governments, institutions of higher education,  
12          nonprofit entities, National Laboratories, utilities,  
13          and for-profit companies.

14          “(2) PRIORITY.—In providing financial assist-  
15          ance under this subsection, the Secretary may give  
16          priority to proposals that apply to large buildings,  
17          commercial districts, and residential communities  
18          that are located in economically distressed areas and  
19          areas that the Secretary determines to have high eco-  
20          nomic potential for geothermal district heating based  
21          on the report, ‘Geovision: Harnessing the Heat Be-  
22          neath our Feet’ published by the Department in 2019,  
23          or a successor report.”.

24          “(2) CONFORMING AMENDMENT.—Section 1(b) of  
25          the Energy Independence and Security Act of 2007

1       (42 U.S.C. 17001 note) is amended in the table of  
2       contents by inserting after the item relating to section  
3       616 the following:

      “Sec. 616A. Geothermal heat pumps and direct use research and development.”.

4       (f) **ORGANIZATION AND ADMINISTRATION OF PRO-**  
5 **GRAMS.**—

6           (1) *IN GENERAL.*—Section 617 of the Energy  
7 *Independence and Security Act of 2007* (42 U.S.C.  
8 *17196*) is amended—

9                   (A) by striking the section heading and in-  
10                   serting “**ORGANIZATION AND ADMINISTRA-**  
11                   **TION OF PROGRAMS**”;

12                   (B) in subsection (b), by striking paragraph  
13                   (2) and redesignating paragraphs (3) and (4) as  
14                   paragraphs (2) and (3), respectively; and

15                   (C) by adding at the end the following:

16       “(c) **EDUCATION AND OUTREACH.**—In carrying out  
17 *the activities described in this subtitle, the Secretary shall*  
18 *support education and outreach activities to disseminate*  
19 *information on geothermal energy technologies and the geo-*  
20 *thermal energy workforce, including activities at the Fron-*  
21 *tier Observatory for Research in Geothermal Energy site or*  
22 *sites.*

23       “(d) **TECHNICAL ASSISTANCE.**—In carrying out this  
24 *subtitle, the Secretary shall also conduct technical assist-*  
25 *ance and analysis activities with eligible entities for the*

1 *purpose of supporting the commercial application of ad-*  
2 *vances in geothermal energy systems development and oper-*  
3 *ations, which may include activities that support expand-*  
4 *ing access to advanced geothermal energy technologies for*  
5 *rural, Tribal, and low-income communities.*

6 “(e) *REPORT.—Every 5 years after the date of enact-*  
7 *ment of this subsection, the Secretary shall report to the*  
8 *Committee on Science and Technology of the House of Rep-*  
9 *resentatives and the Committee on Energy and Natural Re-*  
10 *sources of the Senate on advanced concepts and technologies*  
11 *to maximize the geothermal resource potential of the United*  
12 *States.*

13 “(f) *PROGRESS REPORTS.—Not later than 1 year after*  
14 *the date of enactment of this subsection, and every 2 years*  
15 *thereafter, the Secretary shall submit to the Committee on*  
16 *Science and Technology of the House of Representatives and*  
17 *the Committee on Energy and Natural Resources of the Sen-*  
18 *ate a report on the results of projects undertaken under this*  
19 *part and other such information the Secretary considers ap-*  
20 *propriate.”.*

21 (2) *CONFORMING AMENDMENT.—Section 1(b) of*  
22 *the Energy Independence and Security Act of 2007*  
23 *(42 U.S.C. 17001 note) is amended in the table of*  
24 *contents by amending the item related to section 617*  
25 *to read as follows:*

*“Sec. 617. Organization and administration of programs.”.*

1       (g) *ADVANCED GEOTHERMAL COMPUTING AND DATA*  
2 *SCIENCE RESEARCH AND DEVELOPMENT.*—

3           (1) *IN GENERAL.*—Section 618 of the Energy  
4 *Independence and Security Act of 2007 (42 U.S.C.*  
5 *17197) is amended to read as follows:*

6 **“SEC. 618. ADVANCED GEOTHERMAL COMPUTING AND DATA**  
7 ***SCIENCE RESEARCH AND DEVELOPMENT.***

8       “(a) *IN GENERAL.*—The Secretary shall carry out a  
9 *program of research and development of advanced com-*  
10 *puting and data science tools for geothermal energy.*

11       “(b) *PROGRAMS.*—The program authorized in sub-  
12 *section (a) shall include the following:*

13           “(1) *ADVANCED COMPUTING FOR GEOTHERMAL*  
14 *SYSTEMS TECHNOLOGIES.*—Research, development,  
15 *and demonstration of technologies to develop advanced*  
16 *data, machine learning, artificial intelligence, and re-*  
17 *lated computing tools to assist in locating geothermal*  
18 *resources, to increase the reliability of site character-*  
19 *ization, to increase the rate and efficiency of drilling,*  
20 *to improve induced seismicity mitigation, and to sup-*  
21 *port enhanced geothermal systems technologies.*

22           “(2) *GEOTHERMAL SYSTEMS RESERVOIR MOD-*  
23 *ELING.*—Research, development, and demonstration of  
24 *models of geothermal reservoir performance and en-*  
25 *hanced geothermal systems reservoir stimulation tech-*

1 *nologies and techniques, with an emphasis on accu-*  
2 *rately modeling fluid and heat flow, permeability evo-*  
3 *lution, geomechanics, geochemistry, seismicity, and*  
4 *operational performance over time, including collabo-*  
5 *ration with industry and field validation.*

6 “(c) *COORDINATION.*—*In carrying out these programs,*  
7 *the Secretary shall ensure coordination and consultation*  
8 *with the Department of Energy’s Office of Science. The Sec-*  
9 *retary shall ensure, to the maximum extent practicable, co-*  
10 *ordination of these activities with the Department of En-*  
11 *ergy National Laboratories, institutes of higher education,*  
12 *and the private sector.”.*

13 (2) *CONFORMING AMENDMENT.*—*Section 1(b) of*  
14 *the Energy Independence and Security Act of 2007*  
15 *(42 U.S.C. 17001 note) is amended in the table of*  
16 *contents by amending the item related to section 618*  
17 *to read as follows:*

“*Sec. 618. Advanced geothermal computing and data science research and devel-*  
*opment.”.*

18 (h) *GEOTHERMAL WORKFORCE DEVELOPMENT.*—

19 (1) *IN GENERAL.*—*Section 619 of the Energy*  
20 *Independence and Security Act of 2007 (42 U.S.C.*  
21 *17198) is amended to read as follows:*

22 **“SEC. 619. GEOTHERMAL WORKFORCE DEVELOPMENT.**

23 “*The Secretary shall support the development of a geo-*  
24 *thermal energy workforce through a program that—*

1           “(1) *facilitates collaboration between university*  
2           *students and researchers at the National Laboratories;*  
3           *and*

4           “(2) *prioritizes science in areas relevant to the*  
5           *mission of the Department through the application of*  
6           *geothermal energy tools and technologies.*”.

7           (2) *CONFORMING AMENDMENT.*—Section 1(b) of  
8           *the Energy Independence and Security Act of 2007*  
9           *(42 U.S.C. 17001 note) is amended in the table of*  
10          *contents by amending the item related to section 619*  
11          *to read as follows:*

          “*Sec. 619. Geothermal workforce development.*”.

12          (i) *REPEALS.*—

13               (1) *EISA REPEAL.*—Subtitle B of title VI of the  
14               *Energy Independence and Security Act of 2007 (42*  
15               *U.S.C. 17191 et seq.) is amended by striking sections*  
16               *620 and 621.*

17               (2) *CONFORMING AMENDMENT.*—Section 1(b) of  
18               *the Energy Independence and Security Act of 2007*  
19               *(42 U.S.C. 17001 note) is amended in the table of*  
20               *contents by striking the item related to section 620*  
21               *and 621.*

22               (3) *ADDITIONAL REPEAL.*—The *Geothermal En-*  
23               *ergy Research, Development, and Demonstration Act*  
24               *of 1974 (30 U.S.C. 1101 et seq.) is repealed.*

1       (j) *AUTHORIZATION OF APPROPRIATIONS.*—Section  
2 623 of the Energy Independence and Security Act of 2007  
3 (42 U.S.C. 17202) is amended to read as follows:

4 **“SEC. 623. AUTHORIZATION OF APPROPRIATIONS.**

5       *“There are authorized to be appropriated to the Sec-*  
6 *retary to carry out the programs under this subtitle*  
7 *\$170,000,000 for each of fiscal years 2021 through 2025.”.*

8       (k) *INTERNATIONAL GEOTHERMAL ENERGY DEVELOP-*  
9 *MENT.*—Section 624 of the Energy Independence and Secu-  
10 rity Act of 2007 (42 U.S.C. 17203) is amended—

11           (1) *by amending subsection (a) to read as fol-*  
12 *lows:*

13       *“(a) IN GENERAL.—The Secretary of Energy, in co-*  
14 *ordination with other appropriate Federal and multilateral*  
15 *agencies (including the United States Agency for Inter-*  
16 *national Development) shall support collaborative efforts*  
17 *with international partners to promote the research, devel-*  
18 *opment, and demonstration of geothermal technologies used*  
19 *to develop hydrothermal and enhanced geothermal system*  
20 *resources.”; and*

21           (2) *by striking subsection (c).*

22       (l) *REAUTHORIZATION OF HIGH COST REGION GEO-*  
23 *THERMAL ENERGY GRANT PROGRAM.*—Section 625 of the  
24 Energy Independence and Security Act of 2007 (42 U.S.C.  
25 17204) is amended—

1           (1) *in subsection (a)(2), by inserting “or heat”*  
2           *after “electrical power”; and*

3           (2) *by amending subsection (e) to read as fol-*  
4           *lows:*

5           “(e) *AUTHORIZATION OF APPROPRIATIONS.—Out of*  
6           *funds authorized under section 623, there is authorized to*  
7           *be appropriated to carry out this section \$5,000,000 for*  
8           *each of fiscal years 2021 through 2025.”.*

9           (m) *UPDATE TO GEOTHERMAL RESOURCE ASSESS-*  
10          *MENT.—Section 2501 of the Energy Policy Act of 1992 (30*  
11          *U.S.C. 1028) is amended—*

12           (1) *by redesignating subsections (a) and (b) as*  
13           *subsections (b) and (d), respectively;*

14           (2) *by inserting before subsection (b) (as so re-*  
15           *designated) the following:*

16           “(a) *DEFINITION OF ENHANCED GEOTHERMAL SYS-*  
17           *TEMS.—In this section, the term ‘enhanced geothermal sys-*  
18           *tems’ has the meaning given the term in section 612 of the*  
19           *Energy Independence and Security Act of 2007 (42 U.S.C.*  
20           *17191).”;*

21           (3) *by inserting after subsection (b) (as so red-*  
22           *esignated) the following:*

23           “(c) *UPDATE TO GEOTHERMAL RESOURCE ASSESS-*  
24           *MENT.—The Secretary of the Interior, acting through the*  
25           *United States Geological Survey, and in consultation with*

1 *the Secretary of Energy, shall update the 2008 United*  
2 *States geothermal resource assessment carried out by the*  
3 *United States Geological Survey, including—*

4           “(1) *with respect to areas previously identified*  
5 *by the Department of Energy or the United States*  
6 *Geological Survey as having significant potential for*  
7 *hydrothermal energy or enhanced geothermal systems*  
8 *energy, by focusing on—*

9           “(A) *improving the resolution of resource*  
10 *potential at systematic temperatures and depths,*  
11 *including temperatures and depths appropriate*  
12 *for power generation and direct use applications;*

13           “(B) *quantifying the total potential to co-*  
14 *produce geothermal energy and minerals;*

15           “(C) *incorporating data relevant to under-*  
16 *ground thermal energy storage and exchange,*  
17 *such as aquifer and soil properties; and*

18           “(D) *producing high resolution maps, in-*  
19 *cluding—*

20           “(i) *maps that indicate key subsurface*  
21 *parameters for electric and direct use re-*  
22 *sources; and*

23           “(ii) *risk maps for induced seismicity*  
24 *based on geologic, geographic, and oper-*  
25 *ational parameters; and*

1           “(2) to the maximum extent practicable, by co-  
2           ordinating with relevant State officials and institu-  
3           tions of higher education to expand geothermal assess-  
4           ments, including enhanced geothermal systems assess-  
5           ments, to include assessments for the Commonwealth  
6           of Puerto Rico and the States of Alaska and Ha-  
7           waii.”; and

8           (4) in subsection (d) (as so redesignated), by  
9           striking “necessary” and inserting “necessary”.

10          (n) *MODIFYING THE DEFINITION OF RENEWABLE EN-*  
11 *ERGY TO INCLUDE THERMAL ENERGY.—*

12          (o) *MODIFYING THE DEFINITION OF RENEWABLE EN-*  
13 *ERGY TO INCLUDE THERMAL ENERGY.—Section 203 of the*  
14 *Energy Policy Act of 2005 (42 U.S.C. 15852) is amended—*

15           (1) in subsection (b)(2), by striking “generated”  
16           and inserting “produced”; and

17           (2) in subsection (c)—

18                   (A) by redesignating paragraphs (1)  
19                   through (3) as subparagraphs (A) through (C),  
20                   respectively, and indenting appropriately;

21                   (B) in the matter preceding subparagraph  
22                   (A) (as so redesignated), by striking “For pur-  
23                   poses” and inserting the following:

24                           “(1) *IN GENERAL.—For purposes*”; and

25                           (C) by adding at the end the following:

1           “(2) *SEPARATE CALCULATION.*—

2                   “(A) *IN GENERAL.*—For purposes of deter-  
3           mining compliance with the requirement of this  
4           section, any energy consumption that is avoided  
5           through the use of geothermal energy shall be  
6           considered to be renewable energy produced.

7                   “(B) *EFFICIENCY ACCOUNTING.*—Energy  
8           consumption that is avoided through the use of  
9           geothermal energy that is considered to be renew-  
10          able energy under this section shall not be con-  
11          sidered energy efficiency for the purpose of com-  
12          pliance with Federal energy efficiency goals, tar-  
13          gets, and incentives.”.

14 **SEC. 3003. WIND ENERGY RESEARCH AND DEVELOPMENT.**

15           (a) *DEFINITIONS.*—In this section:

16                   (1) *CRITICAL MATERIAL.*—The term “critical  
17           material” has the meaning given the term in section  
18           7002 of this Act.

19                   (2) *ECONOMICALLY DISTRESSED AREA.*—The  
20           term “economically distressed area” means an area  
21           described in section 301(a) of the Public Works and  
22           Economic Development Act of 1965 (42 U.S.C.  
23           3161(a)).

24                   (3) *ELIGIBLE ENTITY.*—The term “eligible enti-  
25           ty” means—

1           (A) *an institution of higher education, in-*  
2           *cluding a minority-serving institution;*

3           (B) *a National Laboratory;*

4           (C) *a Federal research agency;*

5           (D) *a State research agency;*

6           (E) *a research agency associated with a ter-*  
7           *ritory or freely associated state;*

8           (F) *a Tribal energy development organiza-*  
9           *tion;*

10          (G) *an Indian Tribe;*

11          (H) *a Tribal organization;*

12          (I) *a Native Hawaiian community-based*  
13          *organization;*

14          (J) *a nonprofit research organization;*

15          (K) *an industrial entity;*

16          (L) *any other entity, as determined by the*  
17          *Secretary; and*

18          (M) *a consortium of 2 or more entities de-*  
19          *scribed in subparagraphs (A) through (L).*

20          (4) *INDIAN TRIBE.*—*The term “Indian Tribe”*  
21          *has the meaning given the term in section 4 of the In-*  
22          *dian Self-Determination and Education Assistance*  
23          *Act (25 U.S.C. 5304).*

24          (5) *INSTITUTION OF HIGHER EDUCATION.*—*The*  
25          *term “institution of higher education” means—*

1           (A) *an institution of higher education (as*  
2           *defined in section 101(a) of the Higher Edu-*  
3           *cation Act of 1965 (20 U.S.C. 1001(a)); or*

4           (B) *a postsecondary vocational institution*  
5           *(as defined in section 102(c) of the Higher Edu-*  
6           *cation Act of 1965 (20 U.S.C. 1002(c)).*

7           (6) *MINORITY SERVING INSTITUTION.—The term*  
8           *“minority-serving institution” has the meaning given*  
9           *the term “eligible institution” in section 371(a) of the*  
10          *Higher Education Act of 1965 (20 U.S.C. 1067q(a)).*

11          (7) *NATIONAL LABORATORY.—The term “Na-*  
12          *tional Laboratory” has the meaning given such term*  
13          *in section 2(3) of the Energy Policy Act of 2005 (42*  
14          *U.S.C. 15801(3)).*

15          (8) *NATIVE HAWAIIAN COMMUNITY-BASED ORGA-*  
16          *NIZATION.—The term “Native Hawaiian community-*  
17          *based organization” has the meaning given the term*  
18          *in section 6207 of the Elementary and Secondary*  
19          *Education Act of 1965 (20 U.S.C. 7517).*

20          (9) *PROGRAM.—The term “program” means the*  
21          *program established under subsection (b)(1).*

22          (10) *SECRETARY.—The term “Secretary” means*  
23          *the Secretary of Energy.*

24          (11) *TERRITORY OR FREELY ASSOCIATED*  
25          *STATE.—The term “territory or freely associated*

12 *cation Assistance Act (25 U.S.C. 5304).*

13 (b) *WIND ENERGY TECHNOLOGY PROGRAM.—*

14 (1) *ESTABLISHMENT.—*

15 (A) *IN GENERAL.—The Secretary shall es-*  
16 *tablish a program to conduct research, develop-*  
17 *ment, demonstration, and commercialization of*  
18 *wind energy technologies in accordance with this*  
19 *subsection.*

20 (B) *PURPOSES.—The purposes of the pro-*  
21 *gram are the following:*

22 (i) *To improve the energy efficiency,*  
23 *cost effectiveness, reliability, resilience, secu-*  
24 *rity, siting, integration, manufacturability,*

1           *installation, decommissioning, and*  
2           *recyclability of wind energy technologies.*

3           *(ii) To optimize the performance and*  
4           *operation of wind energy components, tur-*  
5           *bines, and systems, including through the*  
6           *development of new materials, hardware,*  
7           *and software.*

8           *(iii) To optimize the design and adapt-*  
9           *ability of wind energy technologies to the*  
10           *broadest practical range of geographic, at-*  
11           *mospheric, offshore, and other site condi-*  
12           *tions, including—*

13                   *(I) at varying hub heights; and*

14                   *(II) through the use of computer*  
15                   *modeling.*

16           *(iv) To support the integration of wind*  
17           *energy technologies with the electric grid*  
18           *and other energy technologies and systems.*

19           *(v) To reduce the cost, risk, and other*  
20           *potential negative impacts across the life-*  
21           *span of wind energy technologies, includ-*  
22           *ing—*

23                   *(I) manufacturing, siting, permit-*  
24                   *ting, installation, operations, mainte-*

1                    *nance, decommissioning, and recycling;*  
2                    *and*

3                    *(II) through the development of*  
4                    *solutions to transportation barriers to*  
5                    *wind components.*

6                    *(vi) To reduce and mitigate potential*  
7                    *negative impacts of wind energy tech-*  
8                    *nologies on human communities, the envi-*  
9                    *ronment, or commerce.*

10                   *(vii) To address barriers to the com-*  
11                   *mercialization and export of wind energy*  
12                   *technologies.*

13                   *(viii) To support the domestic wind in-*  
14                   *dustry, workforce, and supply chain.*

15                   *(C) TARGETS.—Not later than 180 days*  
16                   *after the date of enactment of this Act, the Sec-*  
17                   *retary shall establish targets for the program re-*  
18                   *lating to near-term (up to 2 years), mid-term*  
19                   *(up to 7 years), and long-term (up to 15 years)*  
20                   *challenges to the advancement of wind energy*  
21                   *technologies, including onshore, offshore, distrib-*  
22                   *uted, and off-grid technologies.*

23                   *(2) ACTIVITIES.—*

24                   *(A) TYPES OF ACTIVITIES.—In carrying out*  
25                   *the program, the Secretary shall carry out re-*

1 search, development, demonstration, and com-  
2 mercialization activities, including—

3 (i) awarding grants and awards, on a  
4 competitive, merit-reviewed basis;

5 (ii) performing precompetitive research  
6 and development;

7 (iii) establishing or maintaining dem-  
8 onstration facilities and projects, including  
9 through stewardship of existing facilities  
10 such as the National Wind Test Center;

11 (iv) providing technical assistance;

12 (v) entering into contracts and cooper-  
13 ative agreements;

14 (vi) providing small business vouchers;

15 (vii) establishing prize competitions;

16 (viii) conducting education and out-  
17 reach activities;

18 (ix) conducting professional develop-  
19 ment activities; and

20 (x) conducting analyses, studies, and  
21 reports.

22 (B) *SUBJECT AREAS.*—The Secretary shall  
23 carry out research, development, demonstration,  
24 and commercialization activities in the following  
25 subject areas:

1           (i) *Wind power plant siting, performance,*  
2           *operations, and security.*

3           (ii) *New materials and designs relating*  
4           *to all hardware, software, and components*  
5           *of wind energy technologies, including*  
6           *technologies and strategies that reduce the*  
7           *use of energy, water, critical materials, and*  
8           *other commodities that are determined to be*  
9           *vulnerable to disruption.*

10          (iii) *Advanced wind energy manufacturing*  
11          *and installation technologies and*  
12          *practices, including materials, processes,*  
13          *such as onsite or near site manufacturing,*  
14          *and design.*

15          (iv) *Offshore wind-specific projects and*  
16          *plants, including—*

17               (I) *fixed and floating substructure*  
18               *systems, materials, and components;*

19               (II) *the operation of offshore facilities,*  
20               *such as—*

21                   (aa) *an offshore research facility*  
22                   *to conduct research for oceanic,*

12                   *of site and environmental consider-*  
13                   *ations unique to offshore sites, includ-*  
14                   *ing freshwater environments.*

15                   *(v) Integration of wind energy tech-*  
16                   *nologies with—*

17                   *(I) the electric grid, including*  
18                   *transmission, distribution, microgrids,*  
19                   *and distributed energy systems; and*

20                   *(II) other energy technologies, in-*  
21                   *cluding—*

22                   *(aa) other generation sources;*

23                   *(bb) demand response tech-*  
24                   *nologies; and*

1                   (cc) energy storage tech-  
2                   nologies.

3                   (vi) *Methods to improve the lifetime,*  
4                   *maintenance, decommissioning, recycling,*  
5                   *reuse, and sustainability of wind energy*  
6                   *components and systems, including tech-*  
7                   *nologies and strategies to reduce the use of*

- 7           (II) *airspace;*
- 8           (III) *military operations;*
- 9           (IV) *radar;*
- 10          (V) *local communities, with spe-*  
11          *cial consideration given to economi-*  
12          *cally distressed areas, previously dis-*  
13          *turbed lands such as landfills and*  
14          *former mines, and other areas dis-*  
15          *proportionately impacted by environ-*  
16          *mental pollution;*
- 17          (VI) *wildlife and wildlife habitats;*
- 18          *and*
- 19          (VII) *any other appropriate mat-*  
20          *ter, as determined by the Secretary.*
- 21          (x) *Technologies or strategies to avoid,*  
22          *minimize, and offset the potential impacts*  
23          *of wind energy facilities on bird species, bat*  
24          *species, marine wildlife, and other sensitive*  
25          *species and habitats.*

3                   *tion with the high-performance computing*  
4                   *programs of the Department, to more effi-*  
5                   *ciently design, site, permit, manufacture,*  
6                   *install, operate, decommission, and recycle*  
7                   *wind energy systems.*

8                   *(xii) Technologies for distributed wind,*  
9                   *including micro, small, and medium tur-*  
10                  *bines and the components of those turbines*  
11                  *and their microgrid applications.*

12                  *(xiii) Transformational technologies*  
13                  *for harnessing wind energy.*

14                  *(xiv) Other research areas that advance*  
15                  *the purposes of the program, as determined*  
16                  *by the Secretary.*

17                  *(C) PRIORITIZATION.—In carrying out ac-*  
18                  *tivities under the program, the Secretary shall,*  
19                  *to the maximum extent practicable, give special*  
20                  *consideration to—*

21                         *(i) projects that—*

22                                 *(I) are located in a geographically*  
23                                 *diverse range of eligible entities;*

24                                 *(II) support the development or*  
25                                 *demonstration of projects—*

1                   (aa) in economically dis-  
2                   tressed areas and areas dispropor-  
3                   tionately impacted by pollution;  
4                   and

5                   (bb) that provide the greatest  
6                   potential to reduce energy costs,  
7                   as well as promote accessibility  
8                   and community implementation  
9                   of demonstrated technologies;

10                  (III) can be replicated in a vari-  
11                  ety of regions and climates;

12                  (IV) include business commer-  
13                  cialization plans that have the poten-  
14                  tial for—

15                         (aa) domestic manufacturing  
16                         and production of wind energy  
17                         technologies; or

18                         (bb) exports of wind energy  
19                         technologies; and

20                  (V) are carried out in collabora-  
21                  tion with Tribal energy development  
22                  organizations, Indian Tribes, Tribal  
23                  organizations, Native Hawaiian com-  
24                  munity-based organizations, minority-

1                   *serving institutions, or territories or*  
2                   *freely associated States; and*

3                   *(ii) with regards to professional devel-*  
4                   *opment, activities that expand the number*  
5                   *of individuals from underrepresented groups*  
6                   *pursuing and attaining skills relevant to*  
7                   *wind energy.*

8                   *(D) COORDINATION.—To the maximum ex-*  
9                   *tent practicable, the Secretary shall coordinate*  
10                  *activities under the program with other relevant*  
11                  *programs and capabilities of the Department*  
12                  *and other Federal research programs.*

13                  *(E) USE OF FUNDS.—To the extent that*  
14                  *funding is not otherwise available through other*  
15                  *Federal programs or power purchase agreements,*  
16                  *funding awarded for demonstration projects may*  
17                  *be used for additional nontechnology costs, as de-*  
18                  *termined to be appropriate by the Secretary,*  
19                  *such as engineering or feasibility studies.*

20                  *(F) SOLICITATION.—Not less than once*  
21                  *every two years, the Secretary shall conduct a*  
22                  *national solicitation for applications for dem-*  
23                  *onstration projects under this section.*

24                  *(G) REPORT.—*

1           (i) *IN GENERAL.*—Not later than 180  
2           days after the date of the enactment of this  
3           Act, the Secretary shall submit to the Com-  
4           mittee on Science, Space, and Technology of  
5           the House of Representatives and the Com-  
6           mittee on Energy and Natural Resources of  
7           the Senate a report on the potential for, and  
8           technical viability of, airborne wind energy  
9           systems to provide a significant source of  
10          energy in the United States.

11          (ii) *CONTENTS.*—The report under  
12          paragraph (1) shall include a summary of  
13          research, development, demonstration, and  
14          commercialization needs, including an esti-  
15          mate of Federal funding requirements, to  
16          further examine and validate the technical  
17          and economic viability of airborne wind en-  
18          ergy concepts over the 10-year period begin-  
19          ning on the date of the enactment of this  
20          Act.

21          (3) *WIND TECHNICIAN TRAINING GRANT PRO-*  
22          *GRAM.*—The Secretary may award grants, on a com-  
23          petitive basis, to eligible entities to purchase large  
24          pieces of wind component equipment, such as nacelles,  
25          towers, and blades, for use in training wind techni-

1     *cian students in onshore or offshore wind applica-*  
2     *tions.*

3             (4) *WIND ENERGY TECHNOLOGY RECYCLING RE-*  
4     *SEARCH, DEVELOPMENT, AND DEMONSTRATION PRO-*  
5     *GRAM.—*

6             (A) *IN GENERAL.—In addition to the pro-*  
7     *gram activities described in paragraph (2), in*  
8     *carrying out the program, the Secretary shall*  
9     *award financial assistance to eligible entities for*  
10    *research, development, and demonstration, and*  
11    *commercialization projects to create innovative*  
12    *and practical approaches to increase the reuse*  
13    *and recycling of wind energy technologies, in-*  
14    *cluding—*

15             (i) *by increasing the efficiency and cost*  
16     *effectiveness of the recovery of raw materials*  
17     *from wind energy technology components*  
18     *and systems, including enabling tech-*  
19     *nologies such as inverters;*

20             (ii) *by minimizing potential environ-*  
21     *mental impacts from the recovery and dis-*  
22     *posal processes;*

23             (iii) *by advancing technologies and*  
24     *processes for the disassembly and recycling*  
25     *of wind energy devices;*

1           (iv) by developing alternative mate-  
2           rials, designs, manufacturing processes, and  
3           other aspects of wind energy technologies  
4           and the disassembly and resource recovery  
5           process that enable efficient, cost effective,  
6           and environmentally responsible dis-  
7           assembly of, and resource recovery from,  
8           wind energy technologies; and

9           (v) strategies to increase consumer ac-  
10          ceptance of, and participation in, the recy-  
11          cling of wind energy technologies.

12          (B) *DISSEMINATION OF RESULTS.*—The  
13          Secretary shall make available to the public and  
14          the relevant committees of Congress the results of  
15          the projects carried out through financial assist-  
16          ance awarded under subparagraph (A), includ-  
17          ing—

18               (i) development of best practices or  
19               training materials for use in the wind en-  
20               ergy technology manufacturing, design, in-  
21               stallation, decommissioning, or recycling  
22               industries;

23               (ii) dissemination at industry con-  
24               ferences;

1                   (iii) coordination with information  
2                   dissemination programs relating to recy-  
3                   cling of electronic devices in general;

4                   (iv) demonstration projects; and

5                   (v) educational materials.

6                   (C) *PRIORITY.*—In carrying out the activi-  
7                   ties authorized under this subsection, the Sec-  
8                   retary shall give special consideration to projects  
9                   that recover critical materials.

10                  (D) *SENSITIVE INFORMATION.*—In carrying  
11                  out the activities authorized under this sub-  
12                  section, the Secretary shall ensure proper secu-  
13                  rity controls are in place to protect proprietary  
14                  or sensitive information, as appropriate.

15                  (5) *WIND ENERGY TECHNOLOGY MATERIALS*  
16                  *PHYSICAL PROPERTY DATABASE.*—

17                  (A) *IN GENERAL.*—Not later than Sep-  
18                  tember 1, 2022, the Secretary shall establish a  
19                  comprehensive physical property database of ma-  
20                  terials for use in wind energy technologies, which  
21                  shall identify the type, quantity, country of ori-  
22                  gin, source, significant uses, projected avail-  
23                  ability, and physical properties of materials used  
24                  in wind energy technologies.

1           (B) *COORDINATION.*—*In establishing the*  
2           *database described in subparagraph (A), the Sec-*  
3           *retary shall coordinate and, to the extent prac-*  
4           *ticable, avoid duplication with—*

5                     *(i) other Department activities, includ-*  
6                     *ing those carried out by the Office of*  
7                     *Science;*

8                     *(ii) the Director of the National Insti-*  
9                     *tute of Standards and Technology;*

10                    *(iii) the Administrator of the Environ-*  
11                    *mental Protection Agency;*

12                    *(iv) the Secretary of the Interior; and*

13                    *(v) relevant industry stakeholders, as*  
14                    *determined by the Secretary.*

15           (6) *WIND ENERGY PROGRAM STRATEGIC VI-*  
16            *SION.*—

17                    (A) *IN GENERAL.*—*Not later than Sep-*  
18                    *tember 1, 2022, and every 6 years thereafter, the*  
19                    *Secretary shall submit to Congress a report on*  
20                    *the strategic vision, progress, goals, and targets*  
21                    *of the program, including assessments of wind*  
22                    *energy markets and manufacturing.*

23                    (B) *PREPARATION.*—*The Secretary shall co-*  
24                    *ordinate the preparation of the report under sub-*  
25                    *paragraph (A) with—*

- 1                   (i) *existing peer review processes;*  
2                   (ii) *studies conducted by the National*  
3                   *Laboratories; and*  
4                   (iii) *the multiyear program planning*  
5                   *required under section 994 of the Energy*  
6                   *Policy Act of 2005 (42 U.S.C. 16358).*

7                   (7) *AUTHORIZATION OF APPROPRIATIONS.—*  
8                   *There is authorized to be appropriated to the Sec-*  
9                   *retary to carry out the program \$125,000,000 for*  
10                   *each of fiscal years 2021 through 2025.*

11 **SEC. 3004. SOLAR ENERGY RESEARCH AND DEVELOPMENT.**

12                   (a) *DEFINITIONS.—In this section:*

13                   (1) *CRITICAL MATERIAL.—The term “critical*  
14                   *material” has the meaning given the term in section*  
15                   *7002 of this Act.*

16                   (2) *ECONOMICALLY DISTRESSED AREA.—The*  
17                   *term “economically distressed area” means an area*  
18                   *described in section 301(a) of the Public Works and*  
19                   *Economic Development Act of 1965 (42 U.S.C.*  
20                   *3161(a)).*

21                   (3) *ELIGIBLE ENTITY.—The term “eligible enti-*  
22                   *ty” means—*

23                   (A) *an institution of higher education, in-*  
24                   *cluding a minority-serving institution;*

25                   (B) *a National Laboratory;*

1           (C) a Federal research agency;

2           (D) a State research agency;

3           (E) a research agency associated with a ter-  
4           ritory or freely associated state;

5           (F) a Tribal energy development organiza-  
6           tion;

7           (G) an Indian Tribe;

8           (H) a Tribal organization;

9           (I) a Native Hawaiian community-based  
10          organization;

11          (J) a nonprofit research organization;

12          (K) an industrial entity;

13          (L) any other entity, as determined by the  
14          Secretary; and

15          (M) a consortium of 2 or more entities de-  
16          scribed in subparagraphs (A) through (L).

17          (4) INDIAN TRIBE.—The term “Indian Tribe”  
18          has the meaning given the term in section 4 of the In-  
19          dian Self-Determination and Education Assistance  
20          Act (25 U.S.C. 5304).

21          (5) INSTITUTION OF HIGHER EDUCATION.—The  
22          term “institution of higher education” has the mean-  
23          ing given the term in section 101 of the Higher Edu-  
24          cation Act of 1965 (20 U.S.C. 1001).

1           (6) *MINORITY-SERVING INSTITUTION.*—*The term*  
2           *“minority-serving institution” has the meaning given*  
3           *the term “eligible institution” in section 371(a) of the*  
4           *Higher Education Act of 1965 (20 U.S.C. 1067q(a)).*

5           (7) *NATIONAL LABORATORY.*—*The term “Na-*  
6           *tional Laboratory” has the meaning given such term*  
7           *in section 2(3) of the Energy Policy Act of 2005 (42*  
8           *U.S.C. 15801(3)).*

9           (8) *NATIVE HAWAIIAN COMMUNITY-BASED ORGA-*  
10          *NIZATION.*—*The term “Native Hawaiian community-*  
11          *based organization” has the meaning given the term*  
12          *in section 6207 of the Elementary and Secondary*  
13          *Education Act of 1965 (20 U.S.C. 7517).*

14          (9) *PHOTOVOLTAIC DEVICE.*—*The term “photo-*  
15          *voltaic device” means—*

16                 (A) *a device that converts light directly into*  
17                 *electricity through a solid-state, semiconductor*  
18                 *process;*

19                 (B) *the photovoltaic cells of a device de-*  
20                 *scribed in subparagraph (A); and*

21                 (C) *the electronic and electrical components*  
22                 *of a device described in subparagraph (A).*

23          (10) *PROGRAM.*—*The term “program” means the*  
24          *program established under subsection (b)(1)(A).*

1           (11) *SECRETARY*.—The term “Secretary” means  
2           the Secretary of Energy.

3           (12) *SOLAR ENERGY*.—The term “solar energy”  
4           means—

5                   (A) thermal or electric energy derived from  
6                   radiation from the Sun; or

7                   (B) energy resulting from a chemical reac-  
8                   tion caused by radiation recently originated in  
9                   the Sun.

10          (13) *TERRITORY OR FREELY ASSOCIATED*  
11          *STATE*.—The term “territory or freely associated  
12          state” has the meaning given the term “insular area”  
13          in section 1404 of the Food and Agriculture Act of  
14          1977 (7 U.S.C. 3103).

15          (14) *TRIBAL ENERGY DEVELOPMENT ORGANIZA-*  
16          *TION*.—The term “Tribal energy development organi-  
17          zation” has the meaning given the term “tribal en-  
18          ergy development organization” in section 2601 of the  
19          Energy Policy Act of 1992 (25 U.S.C. 3501).

20          (15) *TRIBAL ORGANIZATION*.—The term “Tribal  
21          organization” has the meaning given the term in sec-  
22          tion 4 of the Indian Self-Determination and Edu-  
23          cation Assistance Act (25 U.S.C. 5304).

24          (b) *SOLAR ENERGY TECHNOLOGY PROGRAM*.—

25                  (1) *ESTABLISHMENT*.—

1           (A) *IN GENERAL.*—*The Secretary shall es-*  
2           *tablish a program to conduct research, develop-*  
3           *ment, demonstration, and commercialization of*  
4           *solar energy technologies in accordance with this*  
5           *subsection.*

6           (B) *PURPOSES.*—*The purposes of the pro-*  
7           *gram are the following:*

8                   (i) *To improve the energy efficiency,*  
9                   *cost effectiveness, reliability, resilience, secu-*  
10                  *rity, siting, integration, manufacturability,*  
11                  *installation, decommissioning, and*  
12                  *recyclability of solar energy technologies.*

13                  (ii) *To optimize the performance and*  
14                  *operation of solar energy components, cells,*  
15                  *and systems, and enabling technologies, in-*  
16                  *cluding through the development of new ma-*  
17                  *terials, hardware, and software.*

18                  (iii) *To optimize the design and adapt-*  
19                  *ability of solar energy systems to the broad-*  
20                  *est practical range of geographic and at-*  
21                  *mospheric conditions.*

22                  (iv) *To support the integration of solar*  
23                  *energy technologies with the electric grid*  
24                  *and complementary energy technologies.*

1           (v) *To create and improve the conver-*  
2           *sion of solar energy to other useful forms of*  
3           *energy or other products.*

4           (vi) *To reduce the cost, risk, and other*  
5           *potential negative impacts across the life-*  
6           *span of solar energy technologies, including*  
7           *manufacturing, siting, permitting, installa-*  
8           *tion, operations, maintenance, decommis-*  
9           *sioning, and recycling.*

10          (vii) *To reduce and mitigate potential*  
11          *life cycle negative impacts of solar energy*  
12          *technologies on human communities, wild-*  
13          *life, and wildlife habitats.*

14          (viii) *To address barriers to the com-*  
15          *mercialization and export of solar energy*  
16          *technologies.*

17          (ix) *To support the domestic solar in-*  
18          *dustry, workforce, and supply chain.*

19          (C) *TARGETS.—Not later than 180 days*  
20          *after the date of enactment of this Act, the Sec-*  
21          *retary shall establish targets for the program to*  
22          *address near-term (up to 2 years), mid-term (up*  
23          *to 7 years), and long-term (up to 15 years) chal-*  
24          *lenges to the advancement of all types of solar*  
25          *energy systems.*

1           (2) *ACTIVITIES.*—

2                   (A) *TYPES OF ACTIVITIES.*—*In carrying out*  
3 *the program, the Secretary shall carry out re-*  
4 *search, development, demonstration, and com-*  
5 *mercialization activities, including—*

6                           (i) *awarding grants and awards, on a*  
7 *competitive, merit-reviewed basis;*

8                           (ii) *performing precompetitive research*  
9 *and development;*

10                           (iii) *establishing or maintaining dem-*  
11 *onstration facilities and projects, including*  
12 *through stewardship of existing facilities;*

13                           (iv) *providing technical assistance;*

14                           (v) *entering into contracts and cooper-*  
15 *ative agreements;*

16                           (vi) *providing small business vouchers;*

17                           (vii) *establishing prize competitions;*

18                           (viii) *conducting education and out-*  
19 *reach activities;*

20                           (ix) *conducting workforce development*  
21 *activities; and*

22                           (x) *conducting analyses, studies, and*  
23 *reports.*

24                   (B) *SUBJECT AREAS.*—*The Secretary shall*  
25 *carry out research, development, demonstration,*

1           *and commercialization activities in the following*  
2           *subject areas:*

3                     *(i) Advanced solar energy technologies*  
4                     *of varying scale and power production, in-*  
5                     *cluding—*

6                             *(I) new materials, components,*  
7                             *designs, and systems, including*  
8                             *perovskites, cadmium telluride, and or-*  
9                             *ganic materials;*

10                            *(II) advanced photovoltaic and*  
11                            *thin-film devices;*

12                            *(III) concentrated solar power;*

13                            *(IV) solar heating and cooling;*  
14                            *and*

15                            *(V) enabling technologies for solar*  
16                            *energy systems, including hardware*  
17                            *and software.*

18                            *(ii) Solar energy technology siting,*  
19                            *performance, installation, operations, resil-*  
20                            *ience, and security.*

21                            *(iii) Integration of solar energy tech-*  
22                            *nologies with—*

23                            *(I) the electric grid, including*  
24                            *transmission, distribution, microgrids,*  
25                            *and distributed energy systems;*

1                   (II) *other energy technologies, in-*  
2                   *cluding—*

3                               (aa) *other generation sources;*

4                               (bb) *demand response tech-*  
5                               *nologies; and*

6                               (cc) *energy storage tech-*  
7                               *nologies; and*

8                   (III) *other applications, such as*  
9                   *in the agriculture, transportation,*  
10                   *buildings, industrial, and fuels sectors.*

11                               (iv) *Advanced solar energy manufac-*  
12                               *turing technologies and practices, including*  
13                               *materials, processes, and design.*

14                               (v) *Methods to improve the lifetime,*  
15                               *maintenance, decommissioning, recycling,*  
16                               *reuse, and sustainability of solar energy*  
17                               *components and systems, including tech-*  
18                               *nologies and strategies that reduce the use of*  
19                               *energy, water, critical materials, and other*  
20                               *commodities that are determined to be vul-*  
21                               *nerable to disruption.*

22                               (vi) *Solar energy forecasting, modeling,*  
23                               *and atmospheric measurement systems, in-*  
24                               *cluding for small-scale, large-scale, and ag-*  
25                               *gregated systems.*

1                   (vii) *Integrated solar energy systems*  
2                   *that incorporate diverse—*

3                               (I) *generation sources;*

4                               (II) *loads; and*

5                               (III) *storage technologies.*

6                   (viii) *Reducing market barriers, in-*  
7                   *cluding nonhardware and information-*  
8                   *based barriers, to the adoption of solar en-*  
9                   *ergy technologies, including impacts on, or*  
10                   *challenges relating to—*

11                               (I) *distributed and community*  
12                   *solar technologies, including the devel-*  
13                   *opment of best practices, models, and*  
14                   *voluntary streamlined processes for*  
15                   *local siting and permitting of distrib-*  
16                   *uted solar energy systems to reduce*  
17                   *costs;*

18                               (II) *local communities, with spe-*  
19                   *cial consideration given to economi-*  
20                   *cally distressed areas, previously dis-*  
21                   *turbed lands such as landfills and*  
22                   *former mines, and other areas dis-*  
23                   *proportionately impacted by environ-*  
24                   *mental pollution;*

1                   (III) *wildlife and wildlife habi-*  
2                   *tats; and*

3                   (IV) *any other appropriate mat-*  
4                   *ter, as determined by the Secretary.*

5                   (i) *Transformational technologies for*  
6                   *harnessing solar energy.*

7                   (x) *Other research areas that advance*  
8                   *the purposes of the program, as determined*  
9                   *by the Secretary.*

10                  (C) *PRIORITIZATION.—In carrying out ac-*  
11                  *tivities under the program, the Secretary shall,*  
12                  *to the maximum extent practicable, give priority*  
13                  *to projects that—*

14                         (i) *are located in a geographically di-*  
15                         *verse range of eligible entities;*

16                         (ii) *support the development or dem-*  
17                         *onstration of projects—*

18                                 (I) *in economically distressed*  
19                                 *areas and areas disproportionately im-*  
20                                 *pacted by pollution; or*

21                                 (II) *that provide the greatest po-*  
22                                 *tential to reduce energy costs, as well*  
23                                 *as promote accessibility and commu-*  
24                                 *nity implementation of demonstrated*  
25                                 *technologies;*

1           (iii) can be replicated in a variety of  
2           regions and climates;

3           (iv) include business commercialization  
4           plans that have the potential for—

5                   (I) domestic manufacturing and  
6                   production of solar energy technologies;

7                   or

8                   (II) exports of solar energy tech-  
9                   nologies;

10           (v) are carried out in collaboration  
11           with Tribal energy development organiza-  
12           tions, Indian Tribes, Tribal organizations,  
13           Native Hawaiian community-based organi-  
14           zations, minority-serving institutions, or  
15           territories or freely associated States; and

16           (vi) with regards to workforce develop-  
17           ment, activities that expand the number of  
18           individuals from underrepresented groups  
19           pursuing and attaining skills relevant to  
20           solar energy.

21           (D) COORDINATION.—To the maximum ex-  
22           tent practicable, the Secretary shall coordinate  
23           activities under the program with other relevant  
24           programs and capabilities of the Department  
25           and other Federal research programs.

1           (E) *USE OF FUNDS.*—*To the extent that*  
2           *funding is not otherwise available through other*  
3           *Federal programs or power purchase agreements,*  
4           *funding awarded for demonstration projects may*  
5           *be used for additional nontechnology costs, as de-*  
6           *termined to be appropriate by the Secretary,*  
7           *such as engineering or feasibility studies.*

8           (F) *SOLICITATION.*—*Not less than once*  
9           *every two years, the Secretary shall conduct a*  
10          *national solicitation for applications for dem-*  
11          *onstration projects under this section.*

12          (3) *ADVANCED SOLAR ENERGY MANUFACTURING*  
13          *INITIATIVE.*—

14           (A) *GRANTS.*—*In addition to the program*  
15           *activities described in paragraph (2), in car-*  
16           *rying out the program, the Secretary shall*  
17           *award financial assistance to eligible entities for*  
18           *research, development, demonstration, and com-*  
19           *mercialization projects to advance new solar en-*  
20           *ergy manufacturing technologies and techniques.*

21           (B) *PRIORITY.*—*In awarding grants under*  
22           *subparagraph (A), to the extent practicable, the*  
23           *Secretary shall give priority to solar energy*  
24           *manufacturing projects that—*

1           (i) increase efficiency and cost effec-  
2           tiveness in—

3                   (I) the manufacturing process;  
4                   and

5                   (II) the use of resources, such as  
6                   energy, water, and critical materials;

7           (ii) support domestic supply chains for  
8           materials and components;

9           (iii) identify and incorporate nonhaz-  
10           ardous alternative materials for components  
11           and devices;

12           (iv) operate in partnership with Tribal  
13           energy development organizations, Indian  
14           Tribes, Tribal organizations, Native Hawai-  
15           ian community-based organizations, minor-  
16           ity-serving institutions, or territories or  
17           freely associated states; or

18           (v) are located in economically dis-  
19           tressed areas.

20           (C) *EVALUATION.*—Not later than 3 years  
21           after the date of enactment of this Act, and every  
22           4 years thereafter, the Secretary shall conduct,  
23           and make available to the public and the rel-  
24           evant committees of Congress, an independent re-

1 *view of the progress of the grants awarded under*  
2 *subparagraph (A).*

3 *(4) SOLAR ENERGY TECHNOLOGY RECYCLING RE-*  
4 *SEARCH, DEVELOPMENT, AND DEMONSTRATION PRO-*  
5 *GRAM.—*

6 *(A) IN GENERAL.—In addition to the pro-*  
7 *gram activities described in paragraph (2), in*  
8 *carrying out the program, the Secretary shall*  
9 *award financial assistance to eligible entities for*  
10 *research, development, demonstration, and com-*  
11 *mercialization projects to create innovative and*  
12 *practical approaches to increase the reuse and*  
13 *recycling of solar energy technologies, includ-*  
14 *ing—*

15 *(i) by increasing the efficiency and cost*  
16 *effectiveness of the recovery of raw materials*  
17 *from solar energy technology components*  
18 *and systems, including enabling tech-*  
19 *nologies such as inverters;*

20 *(ii) by minimizing potential environ-*  
21 *mental impacts from the recovery and dis-*  
22 *posal processes;*

23 *(iii) by advancing technologies and*  
24 *processes for the disassembly and recycling*  
25 *of solar energy devices;*

1           (iv) by developing alternative mate-  
2           rials, designs, manufacturing processes, and  
3           other aspects of solar energy technologies  
4           and the disassembly and resource recovery  
5           process that enable efficient, cost effective,  
6           and environmentally responsible dis-  
7           assembly of, and resource recovery from,  
8           solar energy technologies; and

9           (v) strategies to increase consumer ac-  
10          ceptance of, and participation in, the recy-  
11          cling of photovoltaic devices.

12          (B) *DISSEMINATION OF RESULTS.*—The  
13          Secretary shall make available to the public and  
14          the relevant committees of Congress the results of  
15          the projects carried out through financial assist-  
16          ance awarded under subparagraph (A), includ-  
17          ing—

18               (i) development of best practices or  
19               training materials for use in the  
20               photovoltaics manufacturing, design, instal-  
21               lation, refurbishing, disposal, or recycling  
22               industries;

23               (ii) dissemination at industry con-  
24               ferences;

1                   (iii) coordination with information  
2                   dissemination programs relating to recy-  
3                   cling of electronic devices in general;

4                   (iv) demonstration projects; and

5                   (v) educational materials.

6                   (C) *PRIORITY.*—In carrying out the activi-  
7                   ties authorized under this subsection, the Sec-  
8                   retary shall give special consideration to projects  
9                   that recover critical materials.

10                  (D) *SENSITIVE INFORMATION.*—In carrying  
11                  out the activities authorized under this sub-  
12                  section, the Secretary shall ensure proper secu-  
13                  rity controls are in place to protect proprietary  
14                  or sensitive information, as appropriate.

15                  (5) *SOLAR ENERGY TECHNOLOGY MATERIALS*  
16                  *PHYSICAL PROPERTY DATABASE.*—

17                  (A) *IN GENERAL.*—Not later than Sep-  
18                  tember 1, 2022, the Secretary shall establish a  
19                  comprehensive physical property database of ma-  
20                  terials for use in solar energy technologies, which  
21                  shall identify the type, quantity, country of ori-  
22                  gin, source, significant uses, projected avail-  
23                  ability, and physical properties of materials used  
24                  in solar energy technologies.

1           (B) *COORDINATION.*—*In establishing the*  
2           *database described in subparagraph (A), the Sec-*  
3           *retary shall coordinate with—*

4                   (i) *other Department activities, includ-*  
5                   *ing those carried out by the Office of*  
6                   *Science;*

7                   (ii) *the Director of the National Insti-*  
8                   *tute of Standards and Technology;*

9                   (iii) *the Administrator of the Environ-*  
10                   *mental Protection Agency;*

11                   (iv) *the Secretary of the Interior; and*

12                   (v) *relevant industry stakeholders, as*  
13                   *determined by the Secretary.*

14           (6) *SOLAR ENERGY TECHNOLOGY PROGRAM*  
15           *STRATEGIC VISION.*—

16                   (A) *IN GENERAL.*—*Not later than Sep-*  
17                   *tember 1, 2022, and every 6 years thereafter, the*  
18                   *Secretary shall submit to Congress a report on*

11       ***SEC. 3101. DEFINITIONS.***

12       *In this subtitle:*

13           (1) *COVERED LAND*.—The term “covered land”  
14       means land that is—

15                   (A) *Federal lands administered by the Sec-*  
16                   *retary concerned; and*

17                   (B) *not excluded from the development of*  
18                   *geothermal, solar, or wind energy under—*

19                           (i) *a land use plan; or*

20                           (ii) *other Federal law.*

21           (2) *FEDERAL LAND*.—The term “Federal land”  
22       means—

23                   (A) *public land as defined by section 103 of*  
24                   *the Federal Land Policy Management Act of*  
25                   *1976* (43 *U.S.C. 1702*); or

1           (B) *land of the National Forest System (as*

3 ***Subtitle C—Energy Storage***

4 ***SEC. 3201. BETTER ENERGY STORAGE TECHNOLOGY.***

5 *(a) DEFINITIONS.—In this section:*

6 *(1) ENERGY STORAGE SYSTEM.—The term “en-*  
7 *ergy storage system” means any system, equipment,*  
8 *facility, or technology that—*

9 *(A) is capable of absorbing or converting*  
10 *energy, storing the energy for a period of time,*  
11 *and dispatching the energy; and*

12 *(B)(i) uses mechanical, electrochemical,*  
13 *thermal, electrolysis, or other processes to convert*  
14 *and store electric energy that was generated at*  
15 *an earlier time for use at a later time;*

16 *(ii) uses mechanical, electrochemical, bio-*  
17 *chemical, or thermal processes to convert and*  
18 *store energy generated from mechanical processes*  
19 *that would otherwise be wasted, for delivery at a*  
20 *later time; or*

21 *(iii) stores energy in an electric, thermal, or*  
22 *gaseous state for direct use for heating or cooling*  
23 *at a later time in a manner that avoids the need*  
24 *to use electricity or other fuel sources at that*  
25 *later time, such as a grid-enabled water heater.*

1           (2) *PROGRAM.*—*The term “program” means the*  
2           *Energy Storage System Research, Development, and*  
3           *Deployment Program established under subsection*  
4           *(b)(1).*

5           (3) *SECRETARY.*—*The term “Secretary” means*  
6           *the Secretary of Energy.*

7           (b) *ENERGY STORAGE SYSTEM RESEARCH, DEVELOP-*  
8           *MENT, AND DEPLOYMENT PROGRAM.*—

9           (1) *ESTABLISHMENT.*—*Not later than 180 days*  
10          *after the date of enactment of this Act, the Secretary*  
11          *shall establish a program, to be known as the Energy*  
12          *Storage System Research, Development, and Deploy-*  
13          *ment Program.*

14          (2) *INITIAL PROGRAM OBJECTIVES.*—*The pro-*  
15          *gram shall focus on research, development, and de-*  
16          *ployment of—*

17                (A) *energy storage systems, components,*  
18                *and materials designed to further the develop-*  
19                *ment of technologies—*

20                        (i) *for large-scale commercial deploy-*  
21                        *ment;*

22                        (ii) *for deployment at cost targets es-*  
23                        *tablished by the Secretary;*

1           (iii) for hourly and subhourly dura-  
2           tions required to provide reliability services  
3           to the grid;

4           (iv) for daily durations, which have  
5           the capacity to discharge energy for a min-  
6           imum of 6 hours;

7           (v) for weekly or monthly durations,  
8           which have the capacity to discharge energy  
9           for 10 to 100 hours, at a minimum; and

10          (vi) for seasonal durations, which have  
11          the capability to address seasonal variations  
12          in supply and demand;

13          (B) distributed energy storage technologies  
14          and applications, including building-grid inte-  
15          gration;

16          (C) long-term cost, performance, and dem-  
17          onstration targets for different types of energy  
18          storage systems and for use in a variety of re-  
19          gions, including rural areas;

20          (D) transportation energy storage tech-  
21          nologies and applications, including vehicle-grid  
22          integration;

23          (E) cost-effective systems and methods for—

24               (i) the sustainable and secure sourcing,  
25               reclamation, recycling, and disposal of en-

1            *ergy storage systems, including critical*  
2            *minerals; and*

3                    *(ii) the reuse and repurposing of en-*  
4            *ergy storage system technologies;*

5                    *(F) advanced control methods for energy*  
6            *storage systems;*

7                    *(G) pumped hydroelectric energy storage*  
8            *systems to advance—*

9                            *(i) adoption of innovative technologies,*  
10            *including—*

11                            *(I) systems with adjustable-speed*  
12                            *and other new pumping and gener-*  
13                            *ating equipment designs;*

14                            *(II) modular systems;*

15                            *(III) closed-loop systems, includ-*  
16                            *ing mines and quarries; and*

17                            *(IV) other innovative equipment*  
18                            *and materials as determined by the*  
19                            *Secretary; and*

20                            *(ii) reductions of civil works costs and*  
21            *construction times for hydropower and*  
22            *pumped storage systems, including com-*  
23            *prehensive data and systems analysis of hy-*  
24            *dropower and pumped storage construction*

1            *technologies and processes in order to iden-*  
2            *tify areas for whole-system efficiency gains;*

3            *(H) models and tools to demonstrate the*  
4            *costs and benefits of energy storage to—*

5                    *(i) power and water supply systems;*

6                    *(ii) electric generation portfolio opti-*  
7                    *mization; and*

8                    *(iii) expanded deployment of other re-*  
9                    *newable energy technologies, including in*  
10                   *integrated energy storage systems;*

11                   *(I) energy storage use cases from individual*  
12                   *and combination technology applications, in-*  
13                   *cluding value from various-use cases and energy*  
14                   *storage services; and*

15                   *(J) advanced manufacturing technologies*  
16                   *that have the potential to improve United States*  
17                   *competitiveness in energy storage manufacturing*  
18                   *or reduce United States dependence on critical*  
19                   *materials.*

20                   *(3) TESTING AND VALIDATION.—In coordination*  
21                   *with 1 or more National Laboratories, the Secretary*  
22                   *shall support the development, standardized testing,*  
23                   *and validation of energy storage systems under the*  
24                   *program, including test-bed and field trials, by devel-*  
25                   *oping testing and evaluation methodologies for—*

1           (A) *storage technologies, controls, and power*  
2           *electronics for energy storage systems under a*  
3           *variety of operating conditions;*

4           (B) *standardized and grid performance test-*  
5           *ing for energy storage systems, materials, and*  
6           *technologies during each stage of development;*

7           (C) *reliability, safety, degradation, and du-*  
8           *rability testing under standard and evolving*  
9           *duty cycles; and*

10          (D) *accelerated life testing protocols to pre-*  
11          *dict estimated lifetime metrics with accuracy.*

12          (4) *PERIODIC EVALUATION OF PROGRAM OBJEC-*  
13          *TIVES.—Not less frequently than once every calendar*  
14          *year, the Secretary shall evaluate and, if necessary,*  
15          *update the program objectives to ensure that the pro-*  
16          *gram continues to advance energy storage systems to-*  
17          *ward widespread commercial deployment by lowering*  
18          *the costs and increasing the duration of energy stor-*  
19          *age resources.*

20          (5) *ENERGY STORAGE STRATEGIC PLAN.—*

21                 (A) *IN GENERAL.—The Secretary shall de-*  
22                 *velop a 10-year strategic plan for the program,*  
23                 *and update the plan, in accordance with this*  
24                 *paragraph.*

1                   (B) *CONTENTS.*—*The strategic plan devel-*  
2                   *oped under subparagraph (A) shall—*

3                   (i) *be coordinated with and integrated*  
4                   *across other relevant offices in the Depart-*  
5                   *ment;*

6                   (ii) *to the extent practicable, include*  
7                   *metrics that can be used to evaluate storage*  
8                   *technologies;*

9                   (iii) *identify Department programs*  
10                  *that—*

11                  (I) *support the research and devel-*  
12                  *opment activities described in para-*  
13                  *graph (2) and the demonstration*  
14                  *projects under subsection (c); and*

15                  (II)(aa) *do not support the activi-*  
16                  *ties or projects described in subclause*  
17                  *(I); but*

18                  (bb) *are important to the develop-*  
19                  *ment of energy storage systems and the*  
20                  *mission of the Department, as deter-*  
21                  *mined by the Secretary;*

22                  (iv) *include expected timelines for—*

23                  (I) *the accomplishment of relevant*  
24                  *objectives under current programs of*

1           *the Department relating to energy stor-*  
2           *age systems; and*

3                   *(II) the commencement of any*  
4           *new initiatives within the Department*  
5           *relating to energy storage systems to*  
6           *accomplish those objectives; and*

7                   *(v) incorporate relevant activities de-*  
8           *scribed in the Grid Modernization Initiative*  
9           *Multi-Year Program Plan.*

10           *(C) SUBMISSION TO CONGRESS.—Not later*  
11           *than 180 days after the date of enactment of this*  
12           *Act, the Secretary shall submit to the Committee*  
13           *on Energy and Natural Resources of the Senate*  
14           *and the Committees on Energy and Commerce*  
15           *and Science, Space, and Technology of the House*  
16           *of Representatives the strategic plan developed*  
17           *under subparagraph (A).*

18                   *(D) UPDATES TO PLAN.—The Secretary—*  
19                   *(i) shall annually review the strategic*  
20                   *plan developed under subparagraph (A);*  
21                   *and*  
22                   *(ii) may periodically revise the stra-*  
23                   *tegic plan as appropriate.*

24           *(6) LEVERAGING OF RESOURCES.—The program*  
25           *may be led by a specific office of the Department, but*

1 shall be cross-cutting in nature, so that in carrying  
2 out activities under the program, the Secretary (or a  
3 designee of the Secretary charged with leading the  
4 program) shall leverage existing Federal resources, in-  
5 cluding, at a minimum, the expertise and resources  
6 of—

7 (A) the Office of Electricity;

8 (B) the Office of Energy Efficiency and Re-  
9 newable Energy, including the Water Power  
10 Technologies Office; and

11 (C) the Office of Science, including—

12 (i) the Basic Energy Sciences Pro-  
13 gram;

14 (ii) the Advanced Scientific Computing  
15 Research Program;

16 (iii) the Biological and Environmental  
17 Research Program; and

18 (D) the Electricity Storage Research Initia-  
19 tive established under section 975 of the Energy  
20 Policy Act of 2005 (42 U.S.C. 16315).

21 (7) *PROTECTING PRIVACY AND SECURITY.*—In  
22 carrying out this subsection, the Secretary shall iden-  
23 tify, incorporate, and follow best practices for pro-  
24 tecting the privacy of individuals and businesses and  
25 the respective sensitive data of the individuals and

1 *businesses, including by managing privacy risk and*  
2 *implementing the Fair Information Practice Prin-*  
3 *ciples of the Federal Trade Commission for the collec-*  
4 *tion, use, disclosure, and retention of individual elec-*  
5 *tric consumer information in accordance with the Of-*  
6 *fice of Management and Budget Circular A-130 (or*  
7 *successor circulars).*

8 *(c) ENERGY STORAGE DEMONSTRATION PROJECTS;*  
9 *PILOT GRANT PROGRAM.—*

10 *(1) DEMONSTRATION PROJECTS.—Not later than*  
11 *September 30, 2023, the Secretary shall, to the max-*  
12 *imum extent practicable, enter into agreements to*  
13 *carry out 3 energy storage system demonstration*  
14 *projects, including at least 1 energy storage system*  
15 *demonstration project designed to further the develop-*  
16 *ment of technologies described in clause (v) or (vi) of*  
17 *subsection (b)(2)(A).*

18 *(2) ENERGY STORAGE PILOT GRANT PROGRAM.—*

19 *(A) DEFINITION OF ELIGIBLE ENTITY.—In*  
20 *this paragraph, the term “eligible entity”*  
21 *means—*

22 *(i) a State energy office (as defined in*  
23 *section 124(a) of the Energy Policy Act of*  
24 *2005 (42 U.S.C. 15821(a));*

1           (ii) an Indian Tribe (as defined in sec-  
2           tion 4 of the Native American Housing As-  
3           sistance and Self-Determination Act of 1996  
4           (25 U.S.C. 4103);

5           (iii) a Tribal organization (as defined  
6           in section 3765 of title 38, United States  
7           Code);

8           (iv) an institution of higher education  
9           (as defined in section 101 of the Higher  
10          Education Act of 1965 (20 U.S.C. 1001));

11          (v) an electric utility, including—

12               (I) an electric cooperative;

13               (II) a political subdivision of a  
14               State, such as a municipally owned  
15               electric utility, or any agency, author-  
16               ity, corporation, or instrumentality of  
17               a State political subdivision; and

18               (III) an investor-owned utility;

19          and

20          (vi) a private energy storage company.

21          (B) *ESTABLISHMENT.*—The Secretary shall  
22          establish a competitive grant program under  
23          which the Secretary shall award grants to eligi-  
24          ble entities to carry out demonstration projects  
25          for pilot energy storage systems.

1           (C) *SELECTION REQUIREMENTS.*—*In select-*  
2 *ing eligible entities to receive a grant under sub-*  
3 *paragraph (B), the Secretary shall, to the max-*  
4 *imum extent practicable—*

5           (i) *ensure regional diversity among eli-*  
6 *gible entities awarded grants, including en-*  
7 *sureing participation of eligible entities that*  
8 *are rural States and States with high en-*  
9 *ergy costs;*

10          (ii) *ensure that grants are awarded for*  
11 *demonstration projects that—*

12           (I) *expand on the existing tech-*  
13 *nology demonstration programs of the*  
14 *Department;*

15           (II) *are designed to achieve 1 or*  
16 *more of the objectives described in sub-*  
17 *paragraph (D); and*

18           (III) *inject or withdraw energy*  
19 *from the bulk power system, electric*  
20 *distribution system, building energy*  
21 *system, or microgrid (grid-connected or*  
22 *islanded mode) where the project is lo-*  
23 *cated;*

24          (iii) *give consideration to proposals*  
25 *from eligible entities for securing energy*

1 *storage through competitive procurement or*  
2 *contract for service; and*

3 *(iv) prioritize projects that leverage*  
4 *matching funds from non-Federal sources.*

5 *(D) OBJECTIVES.—Each demonstration*  
6 *project carried out by a grant awarded under*  
7 *subparagraph (B) shall have 1 or more of the fol-*  
8 *lowing objectives:*

9 *(i) To improve the security of critical*  
10 *infrastructure and emergency response sys-*  
11 *tems.*

12 *(ii) To improve the reliability of trans-*  
13 *mission and distribution systems, particu-*  
14 *larly in rural areas, including high-energy*  
15 *cost rural areas.*

16 *(iii) To optimize transmission or dis-*  
17 *tribution system operation and power qual-*  
18 *ity to defer or avoid costs of replacing or*  
19 *upgrading electric grid infrastructure, in-*  
20 *cluding transformers and substations.*

21 *(iv) To supply energy at peak periods*  
22 *of demand on the electric grid or during pe-*  
23 *riods of significant variation of electric grid*  
24 *supply.*

1                   (v) *To reduce peak loads of homes and*  
2                   *businesses.*

3                   (vi) *To improve and advance power*  
4                   *conversion systems.*

5                   (vii) *To provide ancillary services for*  
6                   *grid stability and management.*

7                   (viii) *To integrate renewable energy re-*  
8                   *source production.*

9                   (ix) *To increase the feasibility of*  
10                  *microgrids (grid-connected or islanded*  
11                  *mode).*

12                  (x) *To enable the use of stored energy*  
13                  *in forms other than electricity to support*  
14                  *the natural gas system and other industrial*  
15                  *processes.*

16                  (xi) *To integrate fast charging of elec-*  
17                  *tric vehicles.*

18                  (xii) *To improve energy efficiency.*

19                  (3) *REPORTS.*—*Not less frequently than once*  
20                  *every 3 years for the duration of the programs under*  
21                  *paragraphs (1) and (2), the Secretary shall submit to*  
22                  *Congress and make publicly available a report de-*  
23                  *scribing the performance of those programs.*

24                  (4) *NO PROJECT OWNERSHIP INTEREST.*—*The*  
25                  *Federal Government shall not hold any equity or*

1 *other ownership interest in any energy storage system*  
2 *that is part of a project under this subsection unless*  
3 *the holding is agreed to by each participant of the*  
4 *project.*

5 *(d) LONG-DURATION DEMONSTRATION INITIATIVE AND*  
6 *JOINT PROGRAM.—*

7 *(1) DEFINITIONS.—In this subsection:*

8 *(A) INITIATIVE.—The term “Initiative”*  
9 *means the demonstration initiative established*  
10 *under paragraph (2).*

11 *(B) JOINT PROGRAM.—The term “Joint*  
12 *Program” means the joint program established*  
13 *under paragraph (4).*

14 *(2) ESTABLISHMENT OF INITIATIVE.—Not later*  
15 *than 180 days after the date of enactment of this Act,*  
16 *the Secretary shall establish a demonstration initia-*  
17 *tive composed of demonstration projects focused on the*  
18 *development of long-duration energy storage tech-*  
19 *nologies.*

20 *(3) SELECTION OF PROJECTS.—To the maximum*  
21 *extent practicable, in selecting demonstration projects*  
22 *to participate in the Initiative, the Secretary shall—*

23 *(A) ensure a range of technology types;*

24 *(B) ensure regional diversity among*  
25 *projects; and*

1           (C) *consider bulk power level, distribution*  
2           *power level, behind-the-meter, microgrid*  
3           *(gridconnected or islanded mode), and off-grid*  
4           *applications.*

5           (4) *JOINT PROGRAM.—*

6           (A) *ESTABLISHMENT.—As part of the Ini-*  
7           *tiative, the Secretary, in consultation with the*  
8           *Secretary of Defense, shall establish within the*  
9           *Department a joint program to carry out*  
10          *projects—*

11                   (i) *to demonstrate promising long-du-*  
12                   *ration energy storage technologies at dif-*  
13                   *ferent scales; and*

14                   (ii) *to help new, innovative long-dura-*  
15                   *tion energy storage technologies become com-*  
16                   *mercially viable.*

17          (B) *MEMORANDUM OF UNDERSTANDING.—*  
18          *Not later than 200 days after the date of enact-*  
19          *ment of this Act, the Secretary shall enter into*  
20          *a memorandum of understanding with the Sec-*  
21          *retary of Defense to administer the Joint Pro-*  
22          *gram.*

23          (C) *INFRASTRUCTURE.—In carrying out the*  
24          *Joint Program, the Secretary and the Secretary*  
25          *of Defense shall—*

1                   (i) *use existing test-bed infrastructure*

2                   *at—*

3                               (I) *Department facilities; and*

4                               (II) *Department of Defense instal-*  
5                               *lations; and*

6                   (ii) *develop new infrastructure for*  
7                   *identified projects, if appropriate.*

8                   (D) *GOALS AND METRICS.—The Secretary*  
9                   *and the Secretary of Defense shall develop goals*  
10                   *and metrics for technological progress under the*  
11                   *Joint Program consistent with energy resilience*  
12                   *and energy security policies.*

13                   (E) *SELECTION OF PROJECTS.—*

14                               (i) *IN GENERAL.—To the maximum ex-*  
15                               *tent practicable, in selecting projects to par-*  
16                               *ticipate in the Joint Program, the Secretary*  
17                               *and the Secretary of Defense shall—*

18                                       (I) *ensure that projects are car-*  
19                                       *ried out under conditions that rep-*  
20                                       *resent a variety of environments with*  
21                                       *different physical conditions and mar-*  
22                                       *ket constraints; and*

23                                       (II) *ensure an appropriate bal-*  
24                                       *ance of—*

1                   (aa)    *larger,    higher-cost*  
2                    *projects; and*

3                   (bb)    *smaller,    lower-cost*  
4                    *projects.*

5                   (ii) *PRIORITY.—In carrying out the*  
6                    *Joint Program, the Secretary and the Sec-*  
7                    *retary of Defense shall give priority to dem-*  
8                    *onstration projects that—*

9                    (I) *make available to the public*  
10                    *project information that will accelerate*  
11                    *deployment of long-duration energy*  
12                    *storage technologies; and*

13                    (II) *will be carried out in the*  
14                    *field.*

11 *available until expended.*

12 **SEC. 3202. ENERGY STORAGE TECHNOLOGY AND**  
13 **MICROGRID ASSISTANCE PROGRAM.**

14 (a) *DEFINITIONS.*—*In this section:*

15           (1) *ELIGIBLE ENTITY.*—*The term “eligible enti-*  
16 *ty” means—*

17                   (A) *a rural electric cooperative;*

18                   (B) *an agency, authority, or instrumen-*  
19 *tality of a State or political subdivision of a*  
20 *State that sells or otherwise uses electrical energy*  
21 *to provide electric services for customers; or*

22                   (C) *a nonprofit organization working with*  
23 *at least 6 entities described in subparagraph (A)*  
24 *or (B).*

1           (2) *ENERGY STORAGE TECHNOLOGY.*—The term  
2           “energy storage technology” includes grid-enabled  
3           water heaters, building heating or cooling systems,  
4           electric vehicles, the production of hydrogen for trans-  
5           portation or industrial use, or other technologies that  
6           store energy.

7           (3) *MICROGRID.*—The term “microgrid” means a  
8           localized grid that operates autonomously regardless  
9           of whether the grid can operate in connection with  
10          another grid.

11          (4) *RENEWABLE ENERGY SOURCE.*—The term  
12          “renewable energy source” has the meaning given the  
13          term in section 609(a) of the Public Utility Regu-  
14          latory Policies Act of 1978 (7 U.S.C. 918c(a)).

15          (5) *RURAL ELECTRIC COOPERATIVE.*—The term  
16          “rural electric cooperative” means an electric coopera-  
17          tive (as defined in section 3 of the Federal Power Act  
18          (16 U.S.C. 796)) that sells electric energy to persons  
19          in rural areas.

20          (6) *SECRETARY.*—The term “Secretary” means  
21          the Secretary of Energy.

22          (b) *IN GENERAL.*—Not later than 180 days after the  
23          date of the enactment of this Act, the Secretary shall estab-  
24          lish a program under which the Secretary shall—

1           (1) *provide grants to eligible entities under sub-*  
2           *section (d);*

3           (2) *provide technical assistance to eligible enti-*  
4           *ties under subsection (e); and*

5           (3) *disseminate information to eligible entities*  
6           *on—*

7                   (A) *the activities described in subsections*  
8                   *(d)(1) and (e); and*

9                   (B) *potential and existing energy storage*  
10                  *technology and microgrid projects.*

11          (c) *COOPERATIVE AGREEMENT.—The Secretary may*  
12          *enter into a cooperative agreement with an eligible entity*  
13          *to carry out subsection (b).*

14          (d) *GRANTS.—*

15                  (1) *IN GENERAL.—The Secretary may award*  
16                  *grants to eligible entities for identifying, evaluating,*  
17                  *designing, and demonstrating energy storage tech-*  
18                  *nology and microgrid projects that utilize energy*  
19                  *from renewable energy sources.*

20                  (2) *APPLICATION.—To be eligible to receive a*  
21                  *grant under paragraph (1), an eligible entity shall*  
22                  *submit to the Secretary an application at such time,*  
23                  *in such manner, and containing such information as*  
24                  *the Secretary may require.*

1           (3) *USE OF GRANT.*—*An eligible entity that re-*  
2           *ceives a grant under paragraph (1)—*

3                   *(A) shall use the grant—*

4                           *(i) to conduct feasibility studies to as-*  
5                           *sess the potential for implementation or im-*  
6                           *provement of energy storage technology or*  
7                           *microgrid projects;*

8                           *(ii) to analyze and implement strate-*  
9                           *gies to overcome barriers to energy storage*  
10                          *technology or microgrid project implementa-*  
11                          *tion, including financial, contracting,*  
12                          *siting, and permitting barriers;*

13                          *(iii) to conduct detailed engineering of*  
14                          *energy storage technology or microgrid*  
15                          *projects;*

16                          *(iv) to perform a cost-benefit analysis*  
17                          *with respect to an energy storage technology*  
18                          *or microgrid project;*

19                          *(v) to plan for both the short- and*  
20                          *long-term inclusion of energy storage tech-*  
21                          *nology or microgrid projects into the future*  
22                          *development plans of the eligible entity; or*

23                          *(vi) to purchase and install necessary*  
24                          *equipment, materials, and supplies for dem-*  
25                          *onstration of emerging technologies; and*

1           (B) may use the grant to obtain technical  
2           assistance from experts in carrying out the ac-  
3           tivities described in subparagraph (A).

4           (4) *CONDITION.*—As a condition of receiving a  
5           grant under paragraph (1), an eligible entity shall—

6           (A) implement a public awareness cam-  
7           paign, in coordination with the Secretary, about  
8           the project implemented under the grant in the  
9           community in which the eligible entity is lo-  
10          cated, which campaign shall include providing  
11          projected environmental benefits achieved under  
12          the project, where to find more information  
13          about the program established under this section,  
14          and any other information the Secretary deter-  
15          mines necessary;

16          (B) submit to the Secretary, and make  
17          available to the public, a report that describes—

18               (i) any energy cost savings and envi-  
19               ronmental benefits achieved under the  
20               project; and

21               (ii) the results of the project, including  
22               quantitative assessments to the extent prac-  
23               ticable, associated with each activity de-  
24               scribed in paragraph (3)(A); and

1           (C) create and disseminate tools and re-  
2           sources that will benefit other rural electric co-  
3           operatives, which may include cost calculators,  
4           guidebooks, handbooks, templates, and training  
5           courses.

6           (5) *COST-SHARE*.—Activities under this sub-  
7           section shall be subject to the cost-sharing require-  
8           ments of section 988 of the Energy Policy Act of 2005  
9           (42 U.S.C. 16352).

10          (e) *TECHNICAL ASSISTANCE*.—

11           (1) *IN GENERAL*.—In carrying out the program  
12           established under subsection (b), the Secretary may  
13           provide eligible entities with technical assistance re-  
14           lating to—

15                   (A) identifying opportunities for energy  
16                   storage technology and microgrid projects;

17                   (B) understanding the technical and eco-  
18                   nomic characteristics of energy storage tech-  
19                   nology or microgrid projects;

20                   (C) understanding financing alternatives;

21                   (D) permitting and siting issues;

22                   (E) obtaining case studies of similar and  
23                   successful energy storage technology or microgrid  
24                   projects;

1           (F) reviewing and obtaining computer soft-  
2           ware for assessment, design, and operation and  
3           maintenance of energy storage technology or  
4           microgrid systems; and

5           (G) understanding and utilizing the reli-  
6           ability and resiliency benefits of energy storage  
7           technology and microgrid projects.

8           (2) *EXTERNAL CONTRACTS.*—In carrying out  
9           paragraph (1), the Secretary may enter into contracts  
10          with third-party experts, including engineering, fi-  
11          nance, and insurance experts, to provide technical as-  
12          sistance to eligible entities relating to the activities  
13          described in such paragraph, or other relevant activi-  
14          ties, as determined by the Secretary.

15          (f) *AUTHORIZATION OF APPROPRIATIONS.*—

16           (1) *IN GENERAL.*—There is authorized to be ap-  
17           propriated to carry out this section \$15,000,000 for  
18           each of fiscal years 2021 through 2025.

19           (2) *ADMINISTRATIVE COSTS.*—Not more than 5  
20           percent of the amount appropriated under paragraph  
21           (1) for each fiscal year shall be used for administra-  
22           tive expenses.

3   **SEC. 4001. FOSSIL ENERGY.**

4           Section 961(a) of the Energy Policy Act of 2005 (42  
5   U.S.C. 16291(a)) is amended—

6                   (1) by redesignating paragraphs (1) through (7)  
7                   as subparagraphs (A) through (G), respectively, and  
8                   indenting appropriately;

9                   (2) in subparagraph (F) (as so redesignated), by  
10                   inserting “, including technology development to re-  
11                   duce emissions of carbon dioxide and associated emis-  
12                   sions of heavy metals within coal combustion residues  
13                   and gas streams resulting from fossil fuel use and  
14                   production” before the period at the end;

15                   (3) by striking subparagraph (G) (as so redesign-  
16                   ated) and inserting the following:

17                           “(G) Increasing the export of fossil energy-  
18                           related equipment, technology, including emis-  
19                           sions control technologies, and services from the  
20                           United States.

21                           “(H) Decreasing the cost of emissions con-  
22                           trol technologies for fossil energy production,  
23                           generation, and delivery.

1           “(I) Significantly lowering greenhouse gas  
2           emissions for all fossil fuel production, genera-  
3           tion, delivery, and utilization technologies.

4           “(J) Developing carbon removal and utili-  
5           zation technologies, products, and methods that  
6           result in net reductions in greenhouse gas emis-  
7           sions, including direct air capture and storage,  
8           and carbon use and reuse for commercial appli-  
9           cation.

10           “(K) Improving the conversion, use, and  
11           storage of carbon oxides produced from fossil  
12           fuels.

13           “(L) Reducing water use, improving water  
14           reuse, and minimizing surface and subsurface  
15           environmental impact in the development of un-  
16           conventional domestic oil and natural gas re-  
17           sources.”;

18           (4) by striking the subsection designation and all  
19           that follows through “The Secretary” in the first sen-  
20           tence of the matter preceding subparagraph (A) (as so  
21           redesignated) and inserting the following:

22           “(a) ESTABLISHMENT.—

23           “(1) IN GENERAL.—The Secretary”;

24           (5) in paragraph (1) (as so designated), in the  
25           second sentence of the matter preceding subparagraph

1       (A) (as so redesignated), by striking “Such programs”  
2       and inserting the following:

3               “(2) *OBJECTIVES.*—The programs described in  
4       paragraph (1) shall”; and

5               (6) by adding at the end the following:

6               “(3) *PRIORITY.*—In carrying out the objectives  
7       described in subparagraphs (F) through (K) of para-  
8       graph (2), the Secretary shall prioritize activities and  
9       strategies that have the potential to significantly re-  
10      duce emissions for each technology relevant to the ap-  
11      plicable objective and the international commitments  
12      of the United States.”.

13   **SEC. 4002. ESTABLISHMENT OF CARBON CAPTURE TECH-**  
14                                    **NOLOGY PROGRAM.**

15       (a) *IN GENERAL.*—The Energy Policy Act of 2005 is  
16      amended by striking section 962 (42 U.S.C. 16292) and in-  
17      serting the following:

18   **“SEC. 962. CARBON CAPTURE TECHNOLOGY PROGRAM.**

19       “(a) *DEFINITIONS.*—In this section:

20               “(1) *LARGE-SCALE PILOT PROJECT.*—The term  
21      ‘large-scale pilot project’ means a pilot project that—

22                       “(A) represents the scale of technology devel-  
23                       opment beyond laboratory development and  
24                       bench scale testing, but not yet advanced to the

4                   “(vii) *thermal cycling technologies; and*

5                   “(viii) *any other technology the Sec-*  
6                   *retary recognizes as transformational tech-*  
7                   *nology.*

8                   “(b) *CARBON CAPTURE TECHNOLOGY PROGRAM.—*

9                   “(1) *IN GENERAL.—The Secretary shall establish*  
10                  *a carbon capture technology program for the develop-*  
11                  *ment of transformational technologies that will sig-*  
12                  *nificantly improve the efficiency, effectiveness, costs,*  
13                  *emissions reductions, and environmental performance*  
14                  *of coal and natural gas use, including in manufac-*  
15                  *turing and industrial facilities.*

16                  “(2) *REQUIREMENTS.—The program shall in-*  
17                  *clude—*

18                         “(A) *a research and development program;*

19                         “(B) *large-scale pilot projects;*

21                         *with paragraph (4); and*

22                         “(D) *a front-end engineering and design*  
23                         *program.*

24                         “(3) *PROGRAM GOALS AND OBJECTIVES.—In*  
25                         *consultation with the interested entities described in*

1 *paragraph (6)(C), the Secretary shall develop goals*  
2 *and objectives for the program to be applied to the*  
3 *transformational technologies developed within the*  
4 *program, taking into consideration the following:*

5 *“(A) Increasing the performance of coal*  
6 *electric generation facilities and natural gas elec-*  
7 *tric generation facilities, including by—*

8 *“(i) ensuring reliable, low-cost power*  
9 *from new and existing coal electric genera-*  
10 *tion facilities and natural gas electric gen-*  
11 *eration facilities;*

12 *“(ii) achieving high conversion effi-*  
13 *ciencies;*

14 *“(iii) addressing emissions of carbon*  
15 *dioxide and other air pollutants;*

16 *“(iv) developing small-scale and mod-*  
17 *ular technologies to support incremental ca-*  
18 *pacities additions and load following genera-*  
19 *tion, in addition to large-scale generation*  
20 *technologies;*

21 *“(v) supporting dispatchable oper-*  
22 *ations for new and existing applications of*  
23 *coal and natural gas generation; and*

1           “(vi) accelerating the development of  
2           technologies that have transformational en-  
3           ergy conversion characteristics.

4           “(B) Using carbon capture, utilization, and  
5           sequestration technologies to decrease the carbon  
6           dioxide emissions, and the environmental impact  
7           from carbon dioxide emissions, from new and ex-  
8           isting coal electric generation facilities and nat-  
9           ural gas electric generation facilities, including  
10          by—

11           “(i) accelerating the development, de-  
12          ployment, and commercialization of tech-  
13          nologies to capture and sequester carbon di-  
14          oxide emissions from new and existing coal  
15          electric generation facilities and natural gas  
16          electric generation facilities;

17           “(ii) supporting sites for safe geological  
18          storage of large volumes of anthropogenic  
19          sources of carbon dioxide and the develop-  
20          ment of the infrastructure needed to support  
21          a carbon dioxide utilization and storage in-  
22          dustry;

23           “(iii) improving the conversion, utili-  
24          zation, and storage of carbon dioxide pro-

1           *duced from fossil fuels and other anthropo-*  
2           *genic sources of carbon dioxide;*

3           *“(iv) lowering greenhouse gas emis-*  
4           *sions for all fossil fuel production, genera-*  
5           *tion, delivery, and use, to the maximum ex-*  
6           *tent practicable;*

7           *“(v) developing carbon utilization tech-*  
8           *nologies, products, and methods, including*  
9           *carbon use and reuse for commercial appli-*  
10          *cation;*

11          *“(vi) developing net-negative carbon*  
12          *dioxide emissions technologies; and*

13          *“(vii) developing technologies for the*  
14          *capture of carbon dioxide produced during*  
15          *the production of hydrogen from natural*  
16          *gas.*

17          *“(C) Decreasing the non-carbon dioxide rel-*  
18          *evant environmental impacts of coal and natural*  
19          *gas production, including by—*

20                 *“(i) further reducing non-carbon diox-*  
21                 *ide air emissions; and*

22                 *“(ii) reducing the use, and managing*  
23                 *the discharge, of water in power plant oper-*  
24                 *ations.*

1           “(D) Accelerating the development of tech-  
2           nologies to significantly decrease emissions from  
3           manufacturing and industrial facilities, includ-  
4           ing—

5                   “(i) nontraditional fuel manufacturing  
6                   facilities, including ethanol or other biofuel  
7                   production plants or hydrogen production  
8                   plants; and

9                   “(ii) energy-intensive manufacturing  
10                  facilities that produce carbon dioxide as a  
11                  byproduct of operations.

12           “(E) Entering into cooperative agreements  
13           to carry out and expedite demonstration projects  
14           (including pilot projects) to demonstrate the  
15           technical and commercial viability of tech-  
16           nologies to reduce carbon dioxide emissions re-  
17           leased from coal electric generation facilities and  
18           natural gas electric generation facilities for com-  
19           mercial deployment.

20           “(F) Identifying any barriers to the com-  
21           mercial deployment of any technologies under de-  
22           velopment for the capture of carbon dioxide pro-  
23           duced by coal electric generation facilities and  
24           natural gas electric generation facilities.

25           “(4) DEMONSTRATION PROJECTS.—

1           “(A) *IN GENERAL.*—*In carrying out the*  
2           *program, the Secretary shall establish a dem-*  
3           *onstration program under which the Secretary,*  
4           *through a competitive, merit-reviewed process,*  
5           *shall enter into cooperative agreements by not*  
6           *later than September 30, 2025, for demonstra-*  
7           *tion projects to demonstrate the construction and*  
8           *operation of 6 facilities to capture carbon diox-*  
9           *ide from coal electric generation facilities, nat-*  
10          *ural gas electric generation facilities, and indus-*  
11          *trial facilities.*

12          “(B) *TECHNICAL ASSISTANCE.*—*The Sec-*  
13          *retary, to the maximum extent practicable, shall*  
14          *provide technical assistance to any eligible entity*  
15          *seeking to enter into a cooperative agreement de-*  
16          *scribed in subparagraph (A) for the purpose of*  
17          *obtaining any necessary permits and licenses to*  
18          *demonstrate qualifying technologies.*

19          “(C) *ELIGIBLE ENTITIES.*—*The Secretary*  
20          *may enter into cooperative agreements under*  
21          *subparagraph (A) with industry stakeholders, in-*  
22          *cluding any industry stakeholder operating in*  
23          *partnership with the National Laboratories, in-*  
24          *stitutions of higher education, multiinstitutional*  
25          *collaborations, and other appropriate entities.*

1                   “(D) *COMMERCIAL-SCALE DEMONSTRATION*  
2                   *PROJECTS.*—

3                   “(i) *IN GENERAL.*—*In carrying out the*  
4                   *program, the Secretary shall establish a car-*  
5                   *bon capture technology commercialization*  
6                   *program to demonstrate substantial im-*  
7                   *provements in the efficiency, effectiveness,*  
8                   *cost, and environmental performance of car-*  
9                   *bon capture technologies for power, indus-*  
10                   *trial, and other commercial applications.*

11                   “(ii) *REQUIREMENT.*—*The program es-*  
12                   *tablished under clause (i) shall include*  
13                   *funding for commercial-scale carbon capture*  
14                   *technology demonstrations of projects sup-*  
15                   *ported by the Department, including*  
16                   *projects in addition to the projects described*  
17                   *in subparagraph (A), including funding for*  
18                   *not more than 2 projects to demonstrate*  
19                   *substantial improvements in a particular*  
20                   *technology type beyond the first of a kind*  
21                   *demonstration and to account for consider-*  
22                   *ations described in subparagraph (G).*

23                   “(E) *REQUIREMENT.*—*Of the demonstration*  
24                   *projects carried out under subparagraph (A)—*

1           “(i) 2 shall be designed to capture car-  
2           bon dioxide from a natural gas electric gen-  
3           eration facility;

4           “(ii) 2 shall be designed to capture car-  
5           bon dioxide from a coal electric generation  
6           facility; and

7           “(iii) 2 shall be designed to capture  
8           carbon dioxide from an industrial facility  
9           not purposed for electric generation.

10          “(F) GOALS.—Each demonstration project  
11          under the demonstration program under sub-  
12          paragraph (A)—

13               “(i) shall be designed to further the de-  
14               velopment, deployment, and commercializa-  
15               tion of technologies to capture and sequester  
16               carbon dioxide emissions from new and ex-  
17               isting coal electric generation facilities, nat-  
18               ural gas electric generation facilities, and  
19               industrial facilities;

20               “(ii) shall be financed in part by the  
21               private sector; and

22               “(iii) if necessary, shall secure agree-  
23               ments for the offtake of carbon dioxide emis-  
24               sions captured by qualifying technologies  
25               during the project.

1 “(G) *APPLICATIONS.*—

2 “(i) *IN GENERAL.*—*To be eligible to*  
3 *enter into an agreement with the Secretary*  
4 *for a demonstration project under subpara-*  
5 *graphs (A) and (D), an entity shall submit*  
6 *to the Secretary an application at such*  
7 *time, in such manner, and containing such*  
8 *information as the Secretary may require.*

9 “(ii) *REVIEW OF APPLICATIONS.*—*In*  
10 *reviewing applications submitted under*  
11 *clause (i), the Secretary, to the maximum*  
12 *extent practicable, shall—*

13 “(I) *ensure a broad geographic*  
14 *distribution of project sites;*

15 “(II) *ensure that a broad selection*  
16 *of electric generation facilities are rep-*  
17 *resented;*

18 “(III) *ensure that a broad selec-*  
19 *tion of technologies are represented;*  
20 *and*

22 *vate partnerships and Federal re-*  
23 *sources.*

24 “(H) *GAO STUDY AND REPORT.*—

25 “(i) *STUDY AND REPORT.*—

1                   “(I) *IN GENERAL.*—Not later than  
2                   1 year after the date of enactment of  
3                   the Energy Act of 2020, the Comp-  
4                   troller General of the United States  
5                   shall conduct, and submit to the Com-  
6                   mittee on Energy and Natural Re-  
7                   sources of the Senate and the Com-  
8                   mittee on Science, Space, and Tech-  
9                   nology of the House of Representatives  
10                  a report on the results of, a study of  
11                  the successes, failures, practices, and  
12                  improvements of the Department in  
13                  carrying out demonstration projects  
14                  under this paragraph.

15                  “(II) *CONSIDERATIONS.*—In con-  
16                  ducting the study under subclause (I),  
17                  the Comptroller General of the United  
18                  States shall consider—

19                         “(aa) applicant and con-  
20                         tractor qualifications;

21                         “(bb) project management  
22                         practices at the Department;

23                         “(cc) economic or market  
24                         changes and other factors impact-  
25                         ing project viability;

1                   “(dd) completion of third-  
2                   party agreements, including  
3                   power purchase agreements and  
4                   carbon dioxide offtake agreements;

5                   “(ee) regulatory challenges;  
6                   and

7                   “(ff) construction challenges.

8                   “(ii) *RECOMMENDATIONS.*—The Sec-  
9                   retary shall—

10                   “(I) consider any relevant rec-  
11                   ommendations, as determined by the  
12                   Secretary, provided in the report re-  
13                   quired under clause (i)(I); and

14                   “(II) adopt such recommendations  
15                   as the Secretary considers appropriate.

16                   “(I) *REPORT.*—

17                   “(i) *IN GENERAL.*—Not later than 180  
18                   days after the date on which the Secretary  
19                   solicits applications under subparagraph  
20                   (G), and annually thereafter, the Secretary  
21                   shall submit to the appropriate committees  
22                   of jurisdiction of the Senate and the House  
23                   of Representatives a report that includes a  
24                   detailed description of how the applications  
25                   under the demonstration program estab-

1            *lished under subparagraph (A) were or will*  
2            *be solicited and how the applications were*  
3            *or will be evaluated, including—*

4                    *“(I) a list of any activities car-*  
5                    *ried out by the Secretary to solicit or*  
6                    *evaluate the applications; and*

7                    *“(II) a process for ensuring that*  
8                    *any projects carried out under a coop-*  
9                    *erative agreement entered into under*  
10                   *subparagraph (A) are designed to re-*

1                   “(vi) organizations representing con-  
2                   sumers.

3           “(c) *REPORT.*—

4                   “(1) *IN GENERAL.*—Not later than 18 months  
5           after the date of enactment of the Energy Act of 2020,  
6           the Secretary shall submit to Congress a report de-  
7           scribing the program goals and objectives adopted  
8           under subsection (b)(3).

9                   “(2) *UPDATE.*—Not less frequently than once  
10           every 2 years after the initial report is submitted  
11           under paragraph (1), the Secretary shall submit to  
12           Congress a report describing the progress made to-  
13           wards achieving the program goals and objectives  
14           adopted under subsection (b)(3).

15           “(d) *FUNDING.*—

16                   “(1) *AUTHORIZATION OF APPROPRIATIONS.*—  
17           There are authorized to be appropriated to the Sec-  
18           retary to carry out this section, to remain available  
19           until expended—

20                           “(A) for activities under the research and  
21                           development program component described in  
22                           subsection (b)(2)(A)—

23                                   “(i) \$230,000,000 for each of fiscal  
24                                   years 2021 and 2022; and

1           “(i) \$150,000,000 for each of fiscal  
2           years 2023 through 2025;

3           “(B) subject to paragraph (2), for activities  
4           under the large-scale pilot projects program com-  
5           ponent described in subsection (b)(2)(B)—

6           “(i) \$225,000,000 for each of fiscal  
7           years 2021 and 2022;

8           “(ii) \$200,000,000 for each of fiscal  
9           years 2023 and 2024; and

10          “(iii) \$150,000,000 for fiscal year  
11          2025;

12          “(C) for activities under the demonstration  
13          projects program component described in sub-  
14          section (b)(2)(C)—

15          “(i) \$500,000,000 for each of fiscal  
16          years 2021 through 2024; and

17          “(ii) \$600,000,000 for fiscal year 2025;  
18          and

19          “(D) for activities under the front-end engi-  
20          neering and design program described in sub-  
21          section (b)(2)(D), \$50,000,000 for each of fiscal  
22          years 2021 through 2024.

23          “(2) *COST SHARING FOR LARGE-SCALE PILOT*  
24          *PROJECTS.*—Activities under subsection (b)(2)(B)

1 *shall be subject to the cost-sharing requirements of sec-*  
2 *tion 988(b).*

3 *“(e) CARBON CAPTURE TEST CENTERS.—*

4 *“(1) IN GENERAL.—Not later than 2 years after*  
5 *the date of enactment of the Energy Act of 2020, the*  
6 *Secretary shall award grants to 1 or more entities for*  
7 *the operation of 1 or more test centers (referred to in*  
8 *this subsection as a ‘Center’) to provide distinct test-*  
9 *ing capabilities for innovative carbon capture tech-*  
10 *nologies.*

11 *“(2) PURPOSE.—Each Center shall—*

12 *“(A) advance research, development, dem-*  
13 *onstration, and commercial application of car-*  
14 *bon capture technologies;*

15 *“(B) support large-scale pilot projects and*  
16 *demonstration projects and test carbon capture*  
17 *technologies; and*

18 *“(C) develop front-end engineering design*  
19 *and economic analysis.*

20 *“(3) SELECTION.—*

21 *“(A) IN GENERAL.—The Secretary shall se-*  
22 *lect entities to receive grants under this sub-*  
23 *section according to such criteria as the Sec-*  
24 *retary may develop.*

1           “(B) *COMPETITIVE BASIS.*—*The Secretary*  
2           *shall select entities to receive grants under this*  
3           *subsection on a competitive basis.*

4           “(C) *PRIORITY CRITERIA.*—*In selecting en-*  
5           *tities to receive grants under this subsection, the*  
6           *Secretary shall prioritize consideration of appli-*  
7           *cants that—*

8                   “(i) *have access to existing or planned*  
9                   *research facilities for carbon capture tech-*

16                   “(iii) *have access to existing research*  
17                   *and test facilities for bulk materials design*  
18                   *and testing, component design and testing,*  
19                   *or professional engineering design.*

20           “(D) *EXISTING CENTERS.*—*In selecting en-*  
21           *tities to receive grants under this subsection, the*  
22           *Secretary shall prioritize carbon capture test*  
23           *centers in existence on the date of enactment of*  
24           *the Energy Act of 2020.*

1           “(4) *FORMULA FOR AWARDING GRANTS.*—*The*  
2           *Secretary may develop a formula for awarding grants*  
3           *under this subsection.*

4           “(5) *SCHEDULE.*—

5                 “(A) *IN GENERAL.*—*Each grant awarded*  
6                 *under this subsection shall be for a term of not*  
7                 *more than 5 years, subject to the availability of*  
8                 *appropriations.*

9                 “(B) *RENEWAL.*—*The Secretary may renew*  
10                *a grant for 1 or more additional 5-year terms,*  
11                *subject to a competitive merit review and the*  
12                *availability of appropriations.*

13               “(6) *TERMINATION.*—*To the extent otherwise au-*  
14                *thorized by law, the Secretary may eliminate, and*  
15                *terminate grant funding under this subsection for, a*  
16                *Center during any 5-year term described in para-*  
17                *graph (5) if the Secretary determines that the Center*

2 *tion 962 and inserting the following:*

*“Sec. 962. Carbon capture technology program.”.*

3 **SEC. 4003. CARBON STORAGE VALIDATION AND TESTING.**

4 *(a) IN GENERAL.—Section 963 of the Energy Policy*  
5 *Act of 2005 (42 U.S.C. 16293) is amended—*

6 *(1) by striking subsection (d) and inserting the*  
7 *following:*

8 *“(g) AUTHORIZATION OF APPROPRIATIONS.—There*  
9 *are authorized to be appropriated to the Secretary to carry*  
10 *out this section—*

11 *“(1) \$200,000,000 for fiscal year 2021;*

12 *“(2) \$200,000,000 for fiscal year 2022;*

13 *“(3) \$150,000,000 for fiscal year 2023;*

14 *“(4) \$150,000,000 for fiscal year 2024; and*

15 *“(5) \$100,000,000 for fiscal year 2025.”;*

16 *(2) in subsection (c)—*

17 *(A) by striking paragraphs (5) and (6) and*  
18 *inserting the following:*

19 *“(f) COST SHARING.—Activities carried out under this*  
20 *section shall be subject to the cost-sharing requirements of*  
21 *section 988.”; and*

22 *(B) by redesignating paragraph (4) as sub-*  
23 *section (e) and indenting appropriately;*

24 *(3) in subsection (e) (as so redesignated)—*

1           (A) by redesignating subparagraphs (A)  
2           and (B) as paragraphs (1) and (2), respectively,  
3           and indenting appropriately; and

4           (B) by striking “subsection” each place it  
5           appears and inserting “section”; and

6           (4) by striking the section designation and head-  
7           ing and all that follows through the end of subsection  
8           (c)(3) and inserting the following:

9   **“SEC. 963. CARBON STORAGE VALIDATION AND TESTING.**

10       “(a) *DEFINITIONS.*—In this section:

11           “(1) *LARGE-SCALE CARBON SEQUESTRATION.*—  
12           The term ‘large-scale carbon sequestration’ means a  
13           scale that—

14               “(A) demonstrates the ability to inject into  
15               geologic formations and sequester carbon dioxide;  
16               and

17               “(B) has a goal of sequestering not less than  
18               50 million metric tons of carbon dioxide over a  
19               10-year period.

20           “(2) *PROGRAM.*—The term ‘program’ means the  
21           program established under subsection (b)(1).

22       “(b) *CARBON STORAGE PROGRAM.*—

23           “(1) *IN GENERAL.*—The Secretary shall establish  
24           a program of research, development, and demonstra-  
25           tion for carbon storage.

1           “(2) *PROGRAM ACTIVITIES.*—*Activities under the*  
2           *program shall include—*

3                   “(A) *in coordination with relevant Federal*  
4                   *agencies, developing and maintaining mapping*  
5                   *tools and resources that assess the capacity of*  
6                   *geologic storage formation in the United States;*

7                   “(B) *developing monitoring tools, modeling*  
8                   *of geologic formations, and analyses—*

9                           “(i) *to predict carbon dioxide contain-*  
10                           *ment; and*

11                           “(ii) *to account for sequestered carbon*  
12                           *dioxide in geologic storage sites;*

13                   “(C) *researching—*

14                           “(i) *potential environmental, safety,*  
15                           *and health impacts in the event of a leak*  
16                           *into the atmosphere or to an aquifer; and*

17                           “(ii) *any corresponding mitigation ac-*  
18                           *tions or responses to limit harmful con-*  
19                           *sequences of such a leak;*

20                   “(D) *evaluating the interactions of carbon*  
21                   *dioxide with formation solids and fluids, includ-*  
22                   *ing the propensity of injections to induce seismic*  
23                   *activity;*

1           “(E) assessing and ensuring the safety of  
2           operations relating to geologic sequestration of  
3           carbon dioxide;

4           “(F) determining the fate of carbon dioxide  
5           concurrent with and following injection into geo-  
6           logic formations;

7           “(G) supporting cost and business model as-  
8           sessments to examine the economic viability of  
9           technologies and systems developed under the  
10          program; and

11          “(H) providing information to the Environ-  
12          mental Protection Agency, States, local govern-  
13          ments, Tribal governments, and other appro-  
14          priate entities, to ensure the protection of human  
15          health and the environment.

16          “(3) GEOLOGIC SETTINGS.—In carrying out re-  
17          search activities under this subsection, the Secretary  
18          shall consider a variety of candidate onshore and off-  
19          shore geologic settings, including—

20                  “(A) operating oil and gas fields;

21                  “(B) depleted oil and gas fields;

22                  “(C) residual oil zones;

23                  “(D) unconventional reservoirs and rock  
24          types;

25                  “(E) unmineable coal seams;

1           “(F) saline formations in both sedimentary  
2           and basaltic geologies;

3           “(G) geologic systems that may be used as  
4           engineered reservoirs to extract economical quan-  
5           tities of brine from geothermal resources of low  
6           permeability or porosity; and

7           “(H) geologic systems containing in situ  
8           carbon dioxide mineralization formations.

9           “(c) *LARGE-SCALE CARBON SEQUESTRATION DEM-*  
10 *ONSTRATION PROGRAM.*—

11           “(1) *IN GENERAL.*—*The Secretary shall establish*  
12 *a demonstration program under which the Secretary*  
13 *shall provide funding for demonstration projects to*  
14 *collect and validate information on the cost and feasi-*  
15 *bility of commercial deployment of large-scale carbon*  
16 *sequestration technologies.*

17           “(2) *EXISTING REGIONAL CARBON SEQUESTRATION*  
18 *PARTNERSHIPS.*—*In carrying out paragraph*  
19 *(1), the Secretary may provide additional funding to*  
20 *regional carbon sequestration partnerships that are*  
21 *carrying out or have completed a large-scale carbon*  
22 *sequestration demonstration project under this section*  
23 *(as in effect on the day before the date of enactment*  
24 *of the Energy Act of 2020) for additional work on*  
25 *that project.*

1           “(3) *DEMONSTRATION COMPONENTS.*—*Each dem-*  
2           *onstration project carried out under this subsection*  
3           *shall include longitudinal tests involving carbon diox-*  
4           *ide injection and monitoring, mitigation, and*  
5           *verification operations.*

6           “(4) *CLEARINGHOUSE.*—*The National Energy*  
7           *Technology Laboratory shall act as a clearinghouse of*  
8           *shared information and resources for—*

9                   “(A) *existing or completed demonstration*  
10                  *projects receiving additional funding under*  
11                  *paragraph (2); and*

12                   “(B) *any new demonstration projects fund-*  
13                  *ed under this subsection.*

14           “(5) *REPORT.*—*Not later than 1 year after the*  
15           *date of enactment of the Energy Act of 2020, the Sec-*  
16           *retary shall submit to the Committee on Energy and*  
17           *Natural Resources of the Senate and the Committee*  
18           *on Science, Space, and Technology of the House of*  
19           *Representatives a report that—*

20                   “(A) *assesses the progress of all regional*  
21                  *carbon sequestration partnerships carrying out a*  
22                  *demonstration project under this subsection;*

23                   “(B) *identifies the remaining challenges in*  
24                  *achieving large-scale carbon sequestration that is*

1           *reliable and safe for the environment and public*  
2           *health; and*

3           “(C) *creates a roadmap for carbon storage*  
4           *research and development activities of the De-*  
5           *partment through 2025, with the goal of reduc-*  
6           *ing economic and policy barriers to commercial*  
7           *carbon sequestration.*

8           “(d) *INTEGRATED STORAGE.—*

9           “(1) *IN GENERAL.—The Secretary may transi-*  
10          *tion large-scale carbon sequestration demonstration*  
11          *projects under subsection (c) into integrated commer-*  
12          *cial storage complexes.*

13          “(2) *GOALS AND OBJECTIVES.—The goals and*  
14          *objectives of the Secretary in seeking to transition*  
15          *large-scale carbon sequestration demonstration*  
16          *projects into integrated commercial storage complexes*  
17          *under paragraph (1) shall be—*

18                  “(A) *to identify geologic storage sites that*  
19                  *are able to accept large volumes of carbon diox-*  
20                  *ide acceptable for commercial contracts;*

21                  “(B) *to understand the technical and com-*  
22                  *mercial viability of carbon dioxide geologic stor-*  
23                  *age sites; and*

24                  “(C) *to carry out any other activities nec-*  
25                  *essary to transition the large-scale carbon seques-*

1            *tration demonstration projects under subsection*  
2            *(c) into integrated commercial storage com-*  
3            *plexes.”.*

4            (b) *TECHNICAL AMENDMENT.—The table of contents*  
5            *for the Energy Policy Act of 2005 (Public Law 109–58; 119*  
6            *Stat. 600; 121 Stat. 1708) is amended by striking the item*  
7            *relating to section 963 and inserting the following:*

*“Sec. 963. Carbon storage validation and testing.”.*

18           *prioritize carbon utilization research centers in exist-*  
19           *ence on the date of enactment of the Energy Act of*  
20           *2020.*

21           “(4) *DURATION.—The Center established under*  
22           *this subsection shall receive support for a period of*  
23           *not more than 5 years, subject to the availability of*  
24           *appropriations.*

1           “(5) *RENEWAL*.—On the expiration of any pe-  
2           riod of support of the Center, the Secretary may  
3           renew support for the Center, on a merit-reviewed  
4           basis, for a period of not more than 5 years.

5           “(6) *TERMINATION*.—Consistent with the exist-  
6           ing authorities of the Department, the Secretary may  
7           terminate the Center for cause during the perform-  
8           ance period.

9           “(d) *AUTHORIZATION OF APPROPRIATIONS*.—There  
10          are authorized to be appropriated to the Secretary to carry  
11          out this section—

12                 “(1) \$54,000,000 for fiscal year 2021;

13                 “(2) \$55,250,000 for fiscal year 2022;

14                 “(3) \$56,562,500 for fiscal year 2023;

15                 “(4) \$57,940,625 for fiscal year 2024; and

16                 “(5) \$59,387,656 for fiscal year 2025.

17          “(e) *COORDINATION*.—The Secretary shall coordinate  
18          the activities authorized in this section with the activities  
19          authorized in section 969 as part of one consolidated pro-  
20          gram at the Department. Nothing in section 969 shall be  
21          construed as limiting the authorities provided in this sec-  
22          tion.”.

23                 (2) *TECHNICAL AMENDMENT*.—The table of con-  
24          tents for the Energy Policy Act of 2005 (Public Law  
25          109–58; 119 Stat. 600) is amended by adding at the

1        *end of the items relating to subtitle F of title IX the*  
2        *following:*

      “Sec. 969A. Carbon utilization program.”.

3        *(b) STUDY.—*

4            *(1) IN GENERAL.—The Secretary of Energy (in*  
5        *this section referred to as the “Secretary”) shall enter*  
6        *into an agreement with the National Academies of*  
7        *Sciences, Engineering, and Medicine under which the*  
8        *National Academies of Sciences, Engineering, and*  
9        *Medicine shall conduct a study to assess any barriers*  
10       *and opportunities relating to commercializing carbon,*  
11       *coal-derived carbon, and carbon dioxide in the United*  
12       *States.*

13           *(2) REQUIREMENTS.—The study under para-*  
14       *graph (1) shall—*

15                *(A) analyze challenges to commercializing*  
16       *carbon dioxide, including—*

17                    *(i) expanding carbon dioxide pipeline*  
18       *capacity;*

19                    *(ii) mitigating environmental impacts;*

20                    *(iii) access to capital;*

21                    *(iv) geographic barriers; and*

22                    *(v) regional economic challenges and*  
23       *opportunities;*

1           (B) identify potential markets, industries,  
2           or sectors that may benefit from greater access to  
3           commercial carbon dioxide;

4           (C) determine the feasibility of, and oppor-  
5           tunities for, the commercialization of coal-de-  
6           rived carbon products, including for—

7                   (i) commercial purposes;

8                   (ii) industrial purposes;

9                   (iii) defense and military purposes;

10                   (iv) agricultural purposes, including  
11                   soil amendments and fertilizers;

12                   (v) medical and pharmaceutical appli-  
13                   cations;

14                   (vi) construction and building applica-  
15                   tions;

16                   (vii) energy applications; and

17                   (viii) production of critical minerals;

18           (D) assess—

19                   (i) the state of infrastructure as of the  
20                   date of the study; and

21                   (ii) any necessary updates to infra-  
22                   structure to allow for the integration of safe  
23                   and reliable carbon dioxide transportation,  
24                   use, and storage;

1           (E) describe the economic, climate, and en-  
2           vironmental impacts of any well-integrated na-  
3           tional carbon dioxide pipeline system, including  
4           suggestions for policies that could—

5                     (i) improve the economic impact of the  
6                     system; and

7                     (ii) mitigate impacts of the system;

8           (F) assess the global status and progress of  
9           chemical and biological carbon utilization tech-  
10          nologies in practice as of the date of the study  
11          that utilize anthropogenic carbon, including car-  
12          bon dioxide, carbon monoxide, methane, and  
13          biogas, from power generation, biofuels produc-  
14          tion, and other industrial processes;

15          (G) identify emerging technologies and ap-  
16          proaches for carbon utilization that show prom-  
17          ise for scale-up, demonstration, deployment, and  
18          commercialization;

19          (H) analyze the factors associated with  
20          making carbon utilization technologies viable at  
21          a commercial scale, including carbon waste  
22          stream availability, economics, market capacity,  
23          energy, and lifecycle requirements;

1           *(I)(i) assess the major technical challenges*  
2           *associated with increasing the commercial viabil-*  
3           *ity of carbon reuse technologies; and*

4           *(ii) identify the research and development*  
5           *questions that will address the challenges de-*  
6           *scribed in clause (i);*

7           *(J)(i) assess research efforts being carried*  
8           *out as of the date of the study, including basic,*  
9           *applied, engineering, and computational re-*  
10          *search efforts, that are addressing the challenges*  
11          *described in subparagraph (I)(i); and*

12          *(ii) identify gaps in the research efforts*  
13          *under clause (i);*

14          *(K) develop a comprehensive research agen-*  
15          *da that addresses long- and short-term research*  
16          *needs and opportunities for technologies that*  
17          *may be important to minimizing net greenhouse*  
18          *gas emissions from the use of coal and natural*  
19          *gas; and*

20          *(L)(i) identify appropriate Federal agencies*  
21          *with capabilities to support small business enti-*  
22          *ties; and*

23          *(ii) determine what assistance the Federal*  
24          *agencies identified under clause (i) could provide*  
25          *to small business entities to further the develop-*

1           *ment and commercial deployment of carbon di-*  
2           *oxide-based products.*

3           (3) *DEADLINE.*—*Not later than 180 days after*  
4           *the date of enactment of this Act, the National Acad-*  
5           *emies of Sciences, Engineering, and Medicine shall*  
6           *submit to the Secretary a report describing the results*  
7           *of the study under paragraph (1).*

8   **SEC. 4005. HIGH EFFICIENCY TURBINES.**

9           (a) *IN GENERAL.*—*Subtitle F of title IX of the Energy*  
10          *Policy Act of 2005 (42 U.S.C. 16291 et seq.) is further*  
11          *amended by adding at the end the following:*

12   **“SEC. 969B. HIGH EFFICIENCY TURBINES.**

13          “(a) *IN GENERAL.*—*The Secretary, acting through the*  
14          *Assistant Secretary for Fossil Energy (referred to in this*  
15          *section as the ‘Secretary’), shall establish a multiyear, mul-*  
16          *tiphase program (referred to in this section as the ‘pro-*  
17          *gram’) of research, development, and technology demonstra-*  
18          *tion to improve the efficiency of gas turbines used in power*  
19          *generation systems and aviation.*

20          “(b) *PROGRAM ELEMENTS.*—*The program shall—*

21                  “(1) *support first-of-a-kind engineering and de-*  
22                  *tailed gas turbine design for small-scale and utility-*  
23                  *scale electric power generation, including—*

24                          “(A) *high temperature materials, including*  
25                          *superalloys, coatings, and ceramics;*

1           “(B) improved heat transfer capability;

2           “(C) manufacturing technology required to  
3           construct complex 3-dimensional geometry parts  
4           with improved aerodynamic capability;

5           “(D) combustion technology to produce  
6           higher firing temperature while lowering nitro-  
7           gen oxide and carbon monoxide emissions per  
8           unit of output;

9           “(E) advanced controls and systems inte-  
10          gration;

11          “(F) advanced high performance compressor  
12          technology; and

13          “(G) validation facilities for the testing of  
14          components and subsystems;

15          “(2) include technology demonstration through  
16          component testing, subscale testing, and full-scale test-  
17          ing in existing fleets;

18          “(3) include field demonstrations of the developed  
19          technology elements to demonstrate technical and eco-  
20          nomic feasibility;

21          “(4) assess overall combined cycle and simple  
22          cycle system performance;

23          “(5) increase fuel flexibility by enabling gas tur-  
24          bines to operate with high proportions of, or pure, hy-  
25          drogen or other renewable gas fuels;

1           “(6) *enhance foundational knowledge needed for*  
2           *low-emission combustion systems that can work in*  
3           *high-pressure, high-temperature environments re-*  
4           *quired for high-efficiency cycles;*

5           “(7) *increase operational flexibility by reducing*  
6           *turbine start-up times and improving the ability to*  
7           *accommodate flexible power demand; and*

8           “(8) *include any other elements necessary to*  
9           *achieve the goals described in subsection (c), as deter-*  
10          *mined by the Secretary, in consultation with private*  
11          *industry.*

12          “(c) *PROGRAM GOALS.—*

13                 “(1) *IN GENERAL.—The goals of the program*  
14                 *shall be—*

15                         “(A) *in phase I, to develop a conceptual de-*  
16                         *sign of, and to develop and demonstrate the tech-*  
17                         *nology required for—*

18                                 “(i) *advanced high efficiency gas tur-*  
19                                 *bines to achieve, on a lower heating value*  
20                                 *basis—*

21   “(I) *a combined cycle efficiency of*  
22   *not less than 65 percent; or*

23   “(II) *a simple cycle efficiency of*  
24   *not less than 47 percent; and*

1                   “(ii) aviation gas turbines to achieve a  
2                   25 percent reduction in fuel burn by im-  
3                   proving fuel efficiency to existing best-in-  
4                   class turbo-fan engines; and

5                   “(B) in phase II, to develop a conceptual  
6                   design of advanced high efficiency gas turbines  
7                   that can achieve, on a lower heating value  
8                   basis—

9                   “(i) a combined cycle efficiency of not  
10                  less than 67 percent; or

11                  “(ii) a simple cycle efficiency of not  
12                  less than 50 percent.

13                  “(2) *ADDITIONAL GOALS.*—If a goal described in  
14                  paragraph (1) has been achieved, the Secretary, in  
15                  consultation with private industry and the National  
16                  Academy of Sciences, may develop additional goals or  
17                  phases for advanced gas turbine research and develop-  
18                  ment.

19                  “(d) *FINANCIAL ASSISTANCE.*—

20                  “(1) *IN GENERAL.*—The Secretary may provide  
21                  financial assistance, including grants, to carry out  
22                  the program.

23                  “(2) *PROPOSALS.*—Not later than 180 days after  
24                  the date of enactment of the Energy Act of 2020, the  
25                  Secretary shall solicit proposals from industry, small

1 *businesses, universities, and other appropriate parties*  
2 *for conducting activities under this section.*

3 “(3) *CONSIDERATIONS.—In selecting proposed*  
4 *projects to receive financial assistance under this sub-*  
5 *section, the Secretary shall give special consideration*  
6 *to the extent to which the proposed project will—*

7 “(A) *stimulate the creation or increased re-*  
8 *tention of jobs in the United States; and*

9 “(B) *promote and enhance technology lead-*  
10 *ership in the United States.*

11 “(4) *COMPETITIVE AWARDS.—The Secretary*  
12 *shall provide financial assistance under this sub-*  
13 *section on a competitive basis, with an emphasis on*  
14 *technical merit.*

15 “(5) *COST SHARING.—Financial assistance pro-*  
16 *vided under this subsection shall be subject to the cost*  
17 *sharing requirements of section 988.*

18 “(e) *AUTHORIZATION OF APPROPRIATIONS.—There is*  
19 *authorized to be appropriated to carry out this section*  
20 *\$50,000,000 for each of fiscal years 2021 through 2025.”.*

21 (b) *TECHNICAL AMENDMENT.—The table of contents*  
22 *for the Energy Policy Act of 2005 (Public Law 109–58; 119*  
23 *Stat. 600) is further amended by adding at the end of the*  
24 *items relating to subtitle F of title IX the following:*

3 **SEC. 4008. PRODUCED WATER RESEARCH AND DEVELOP-**  
4 **MENT.**

5 (a) *ESTABLISHMENT.*—As soon as possible after the  
6 date of enactment of this Act, the Secretary of Energy (in  
7 this section referred to as the “Secretary”) shall establish  
8 a research and development program on produced water to  
9 develop—

10 (1) *new technologies and practices to reduce the*  
11 *environmental impact; and*

12 (2) *opportunities for reprocessing of produced*  
13 *water at natural gas or oil development sites.*

14 (b) *PRIORITIZATION.*—In carrying out the program es-  
15 tablished under subsection (a), the Secretary shall give pri-  
16 ority to projects that develop and bring to market—

17 (1) *effective systems for on-site management or*  
18 *repurposing of produced water; and*

19 (2) *new technologies or approaches to reduce the*  
20 *environmental impact of produced water on local*  
21 *water sources and the environment.*

22 (c) *CONDUCT OF PROGRAM.*—In carrying out the pro-  
23 gram established under subsection (a), the Secretary shall  
24 carry out science-based research and development activities  
25 to pursue—

1           (1) *improved efficiency, technologies, and tech-*  
2           *niques for produced water recycling stations; and*

3           (2) *alternative approaches to treating, reusing,*  
4           *storing, or decontaminating produced water.*

5           (d) *AUTHORIZATION OF APPROPRIATIONS.—There are*  
6           *authorized to be appropriated to carry out this section*  
7           *\$10,000,000 for each of fiscal years 2021 through 2025.*

12       “(d) *REQUIREMENTS.*—*In developing and identifying*  
13 *carbon removal technologies and strategies under the pro-*  
14 *gram, the Secretary shall consider—*

15              “(1) *land use changes, including impacts on nat-*  
16 *ural and managed ecosystems;*

17              “(2) *ocean acidification;*

18              “(3) *net greenhouse gas emissions;*

19              “(4) *commercial viability;*

20              “(5) *potential for near-term impact;*

21              “(6) *potential for carbon reductions on a gigaton*  
22 *scale; and*

23              “(7) *economic cobenefits.*

24       “(e) *AIR CAPTURE PRIZE COMPETITIONS.*—

25              “(1) *DEFINITIONS.*—*In this subsection:*

1           “(A) *DILUTE MEDIA*.—The term ‘dilute  
2           *media*’ means media in which the concentration  
3           of carbon dioxide is less than 1 percent by vol-  
4           ume.

5           “(B) *PRIZE COMPETITION*.—The term ‘prize  
6           *competition*’ means the competitive technology  
7           prize competition established under paragraph  
8           (2).

9           “(C) *QUALIFIED CARBON DIOXIDE*.—

10           “(i) *IN GENERAL*.—The term ‘qualified  
11           carbon dioxide’ means any carbon dioxide  
12           that—

13                   “(I) is captured directly from the  
14                   ambient air; and

15                   “(II) is measured at the source of  
16                   capture and verified at the point of  
17                   disposal, injection, or utilization.

18           “(ii) *INCLUSION*.—The term ‘qualified  
19           carbon dioxide’ includes the initial deposit  
20           of captured carbon dioxide used as a ter-  
21           tiary injectant.

22           “(iii) *EXCLUSION*.—The term ‘quali-  
23           fied carbon dioxide’ does not include carbon  
24           dioxide that is recaptured, recycled, and re-

1           *injected as part of the enhanced oil and*  
2           *natural gas recovery process.*

3           “(D) *QUALIFIED DIRECT AIR CAPTURE FA-*  
4           *CILITY.—*

5                   “(i) *IN GENERAL.—The term ‘qualified*  
6                   *direct air capture facility’ means any facil-*  
7                   *ity that—*

8                           “(I) *uses carbon capture equip-*  
9                           *ment to capture carbon dioxide di-*  
10                           *rectly from the ambient air; and*

11                           “(II) *captures more than 50,000*  
12                           *metric tons of qualified carbon dioxide*  
13                           *annually.*

14                   “(ii) *EXCLUSION.—The term ‘qualified*  
15                   *direct air capture facility’ does not include*  
16                   *any facility that captures carbon dioxide—*

17                           “(I) *that is deliberately released*  
18                           *from naturally occurring subsurface*  
19                           *springs; or*

20                           “(II) *using natural photosyn-*  
21                           *thesis.*

22                   “(2) *ESTABLISHMENT.—Not later than 2 years*  
23                   *after the date of enactment of the Energy Act of 2020,*  
24                   *the Secretary, in consultation with the Administrator*  
25                   *of the Environmental Protection Agency, shall estab-*

1 *lish as part of the program a competitive technology*  
2 *prize competition to award prizes for—*

3 *“(A) precommercial carbon dioxide capture*  
4 *from dilute media; and*

5 *“(B) commercial applications of direct air*  
6 *capture technologies.*

7 *“(3) REQUIREMENTS.—In carrying out this sub-*  
8 *section, the Secretary, in accordance with section 24*  
9 *of the Stevenson-Wydler Technology Innovation Act of*  
10 *1980 (15 U.S.C. 3719), shall develop requirements*  
11 *for—*

12 *“(A) the prize competition process; and*

13 *“(B) monitoring and verification proce-*  
14 *dures for projects selected to receive a prize*  
15 *under the prize competition.*

16 *“(4) ELIGIBLE PROJECTS.—*

17 *“(A) PRECOMMERCIAL AIR CAPTURE*  
18 *PROJECTS.—With respect to projects described in*  
19 *paragraph (2)(A), to be eligible to be awarded a*  
20 *prize under the prize competition, a project*  
21 *shall—*

22 *“(i) meet minimum performance*  
23 *standards set by the Secretary;*

1           “(ii) meet minimum levels set by the  
2           Secretary for the capture of carbon dioxide  
3           from dilute media; and

4           “(iii) demonstrate in the application of  
5           the project for a prize—

6                   “(I) a design for a promising car-  
7                   bon capture technology that will—

8                           “(aa) be operated on a dem-  
9                           onstration scale; and

10                           “(bb) have the potential to  
11                           achieve significant reduction in  
12                           the level of carbon dioxide in the  
13                           atmosphere;

14                   “(II) a successful bench-scale dem-  
15                   onstration of a carbon capture tech-  
16                   nology; or

17                   “(III) an operational carbon cap-  
18                   ture technology on a commercial scale.

19           “(B) *COMMERCIAL DIRECT AIR CAPTURE*  
20           *PROJECTS.*—

21                   “(i) *IN GENERAL.*—With respect to  
22                   projects described in paragraph (2)(B), the  
23                   Secretary shall award prizes under the  
24                   prize competition to qualified direct air  
25                   capture facilities for metric tons of qualified

1           *carbon dioxide captured and verified at the*  
2           *point of disposal, injection, or utilization.*

3           “(ii) *AMOUNT OF AWARD.—The*  
4           *amount of the award per metric ton under*  
5           *clause (i)—*

6                     “(I) *shall be equal for each quali-*  
7                     *fied direct air capture facility selected*  
8                     *for a prize under the prize competition;*  
9                     *and*

10                    “(II) *shall be determined by the*  
11                    *Secretary and in any case shall not ex-*  
12                    *ceed—*

13                             “(aa) *\$180 for qualified car-*  
14                             *bon dioxide captured and stored*  
15                             *in saline storage formations;*

16                             “(bb) *a lesser amount, as de-*  
17                             *termined by the Secretary, for*  
18                             *qualified carbon dioxide captured*  
19                             *and stored in conjunction with*  
20                             *enhanced oil recovery operations;*  
21                             *or*

22                             “(cc) *a lesser amount, as de-*  
23                             *termined by the Secretary, for*  
24                             *qualified carbon dioxide captured*  
25                             *and utilized in any activity con-*

1                    *sistent with section 45Q(f)(5) of*  
2                    *the Internal Revenue Code of*  
3                    *1986.*

4                    *“(iii) REQUIREMENT.—The Secretary*  
5                    *shall make awards under this subparagraph*  
6                    *until appropriated funds are expended.*

7                    *“(f) DIRECT AIR CAPTURE TEST CENTER.—*

8                    *“(1) IN GENERAL.—Not later than 2 years after*  
9                    *the date of enactment of the Energy Act of 2020, the*  
10                    *Secretary shall award grants to 1 or more entities for*  
11                    *the operation of 1 or more test centers (referred to in*  
12                    *this subsection as a ‘Center’) to provide distinct test-*  
13                    *ing capabilities for innovative direct air capture and*  
14                    *storage technologies.*

15                    *“(2) PURPOSE.—Each Center shall—*

16                    *“(A) advance research, development, dem-*  
17                    *onstration, and commercial application of direct*  
18                    *air capture and storage technologies;*

19                    *“(B) support large-scale pilot and dem-*  
20                    *onstration projects and test direct air capture*  
21                    *and storage technologies; and*

22                    *“(C) develop front-end engineering design*  
23                    *and economic analysis.*

24                    *“(3) SELECTION.—*

1           “(A) *IN GENERAL.*—*The Secretary shall se-*  
2           *lect entities to receive grants under this sub-*  
3           *section according to such criteria as the Sec-*  
4           *retary may develop.*

5           “(B) *COMPETITIVE BASIS.*—*The Secretary*  
6           *shall select entities to receive grants under this*  
7           *subsection on a competitive basis.*

8           “(C) *PRIORITY CRITERIA.*—*In selecting en-*  
9           *tities to receive grants under this subsection, the*  
10          *Secretary shall prioritize consideration of appli-*  
11          *cants that—*

12                   “(i) *have access to existing or planned*  
13                   *research facilities for direct air capture and*  
14                   *storage technologies;*

15                   “(ii) *are institutions of higher edu-*  
16                   *cation with established expertise in engi-*  
17                   *neering for direct air capture and storage*  
18                   *technologies, or partnerships with such in-*  
19                   *stitutions of higher education; or*

20                   “(iii) *have access to existing research*  
21                   *and test facilities for bulk materials design*  
22                   *and testing, component design and testing,*  
23                   *or professional engineering design.*

1           “(4) *FORMULA FOR AWARDING GRANTS.*—*The*  
2           *Secretary may develop a formula for awarding grants*  
3           *under this subsection.*

4           “(5) *SCHEDULE.*—

5                 “(A) *IN GENERAL.*—*Each grant awarded*  
6                 *under this subsection shall be for a term of not*  
7                 *more than 5 years, subject to the availability of*  
8                 *appropriations.*

9                 “(B) *RENEWAL.*—*The Secretary may renew*  
10                *a grant for 1 or more additional 5-year terms,*  
11                *subject to a competitive merit review and the*  
12                *availability of appropriations.*

13               “(6) *TERMINATION.*—*To the extent otherwise au-*  
14                *thorized by law, the Secretary may eliminate, and*  
15                *terminate grant funding under this subsection for, a*  
16                *Center during any 5-year term described in para-*  
17                *graph (5) if the Secretary determines that the Center*  
18                *is underperforming.*

19               “(g) *PILOT AND DEMONSTRATION PROJECTS.*—*In sup-*  
20                *porting the technology development activities under this sec-*  
21                *tion, the Secretary is encouraged to support carbon removal*  
22                *pilot and demonstration projects, including—*

23                         “(1) *pilot projects that test direct air capture*  
24                         *systems capable of capturing 10 to 100 tonnes of car-*

1        *bon oxides per year to provide data for demonstra-*  
2        *tion-scale projects; and*

3                *“(2) direct air capture demonstration projects*  
4        *capable of capturing greater than 1,000 tonnes of car-*  
5        *bon oxides per year.*

6                *“(h) INTRAAGENCY COLLABORATION.—In carrying out*  
7        *the program, the Secretary shall encourage and promote col-*  
8        *laborations among relevant offices and agencies within the*  
9        *Department.*

10                *“(i) ACCOUNTING.—The Secretary shall collaborate*  
11        *with the Administrator of the Environmental Protection*  
12        *Agency and the heads of other relevant Federal agencies to*  
13        *develop and improve accounting frameworks and tools to*  
14        *accurately measure carbon removal and sequestration meth-*  
15        *ods and technologies.*

16                *“(j) AUTHORIZATION OF APPROPRIATIONS.—There are*  
17        *authorized to be appropriated to the Secretary to carry out*  
18        *this section—*

19                *“(1) \$175,000,000 for fiscal year 2021, of*  
20        *which—*

21                        *“(A) \$15,000,000 shall be used to carry out*  
22                *subsection (e)(2)(A), to remain available until*  
23                *expended; and*

1           “(B) \$100,000,000 shall be used to carry  
2           out subsection (e)(2)(B), to remain available  
3           until expended;

4           “(2) \$63,500,000 for fiscal year 2022;

5           “(3) \$66,150,000 for fiscal year 2023;

6           “(4) \$69,458,000 for fiscal year 2024; and

7           “(5) \$72,930,000 for fiscal year 2025.”.

8           (b) *TECHNICAL AMENDMENT.*—*The table of contents*  
9 *for the Energy Policy Act of 2005 (Public Law 109–58; 119*  
10 *Stat. 600) is further amended by adding at the end of the*  
11 *items relating to subtitle F of title IX the following:*

          “Sec. 969D. Carbon removal.”.

12 **SEC. 5002. CARBON DIOXIDE REMOVAL TASK FORCE AND**  
13 **REPORT.**

14           (a) *DEFINITION OF CARBON DIOXIDE REMOVAL.*—*In*  
15 *this section, the term “carbon dioxide removal” means the*  
16 *capture of carbon dioxide directly from ambient air or, in*  
17 *dissolved form, from seawater, combined with the sequestra-*  
18 *tion of that carbon dioxide, including through—*

19           (1) *direct air capture and sequestration;*

20           (2) *enhanced carbon mineralization;*

21           (3) *bioenergy with carbon capture and sequestra-*  
22 *tion;*

23           (4) *forest restoration;*

24           (5) *soil carbon management; and*

25           (6) *direct ocean capture.*

1       (b) *REPORT.*—Not later than 180 days after the date  
2 of enactment of this Act, the Secretary of Energy (in this  
3 section referred to as the “Secretary”), in consultation with  
4 the heads of any other relevant Federal agencies, shall pre-  
5 pare a report that—

6           (1) estimates the magnitude of excess carbon di-  
7 oxide in the atmosphere that will need to be removed  
8 by 2050 to achieve net-zero emissions and stabilize the  
9 climate;

10          (2) inventories current and emerging approaches  
11 of carbon dioxide removal and evaluates the advan-  
12 tages and disadvantages of each of the approaches;  
13 and

14          (3) identifies recommendations for legislation,  
15 funding, rules, revisions to rules, financing mecha-  
16 nisms, or other policy tools that the Federal Govern-  
17 ment can use to sufficiently advance the deployment  
18 of carbon dioxide removal projects in order to meet,  
19 in the aggregate, the magnitude of needed removals es-  
20 timated under paragraph (1), including policy tools,  
21 such as—

22           (A) grants;

23           (B) loans or loan guarantees;

24           (C) public-private partnerships;

25           (D) direct procurement;

1           (E) incentives, including subsidized Federal  
2           financing mechanisms available to project devel-  
3           opers;

4           (F) advance market commitments;

5           (G) regulations; and

6           (H) any other policy mechanism determined  
7           by the Secretary to be beneficial for advancing  
8           carbon dioxide removal methods and the deploy-  
9           ment of carbon dioxide removal projects.

10       (c) *SUBMISSION; PUBLICATION.*—The Secretary  
11 *shall—*

12           (1) submit the report prepared under subsection  
13           (b) to the Committee on Energy and Natural Re-  
14           sources of the Senate and the Committees on Energy  
15           and Commerce and Science, Space, and Technology of  
16           the House of Representatives; and

17           (2) as soon as practicable after completion of the  
18           report, make the report publicly available.

19       (d) *EVALUATION; REVISION.*—

20           (1) *IN GENERAL.*—Not later than 2 years after  
21           the date on which the Secretary publishes the report  
22           under subsection (c)(2), and every 2 years thereafter,  
23           the Secretary shall evaluate the findings and rec-  
24           ommendations of the report, or the most recent up-  
25           dated report submitted under paragraph (2)(B), as

1 *applicable, taking into consideration any issues and*  
2 *recommendations identified by the task force estab-*  
3 *lished under subsection (e)(1).*

4 (2) *REVISION.*—*After completing each evaluation*  
5 *under paragraph (1), the Secretary shall—*

6 (A) *revise the report as necessary; and*

7 (B) *if the Secretary revises the report under*  
8 *subparagraph (A), submit and publish the up-*  
9 *dated report in accordance with subsection (c).*

10 (e) *TASK FORCE.*—

11 (1) *ESTABLISHMENT AND DUTIES.*—*Not later*  
12 *than 60 days after the date of enactment of this Act,*  
13 *the Secretary shall establish a task force—*

14 (A) *to identify barriers to advancement of*  
15 *carbon dioxide removal methods and the deploy-*  
16 *ment of carbon dioxide removal projects;*

17 (B) *to inventory existing or potential Fed-*  
18 *eral legislation, rules, revisions to rules, financ-*  
19 *ing mechanisms, or other policy tools that are*  
20 *capable of advancing carbon dioxide removal*  
21 *methods and the deployment of carbon dioxide*  
22 *removal projects;*

23 (C) *to assist in preparing the report de-*  
24 *scribed in subsection (b) and any updates to the*  
25 *report under subsection (d); and*

1           (D) to advise the Secretary on matters per-  
2           taining to carbon dioxide removal.

3           (2) *MEMBERS AND SELECTION.*—The Secretary  
4           shall—

5           (A) develop criteria for the selection of  
6           members to the task force established under para-  
7           graph (1); and

8           (B) select members for the task force in ac-  
9           cordance with the criteria developed under sub-  
10          paragraph (A).

11          (3) *MEETINGS.*—The task force shall meet not  
12          less frequently than once each year.

13          (4) *EVALUATION.*—Not later than 7 years after  
14          the date of enactment of this Act, the Secretary  
15          shall—

16          (A) reevaluate the need for the task force es-  
17          tablished under paragraph (1); and

18          (B) submit to Congress a recommendation  
19          as to whether the task force should continue.

24                 *shall establish a crosscutting industrial emissions re-*  
25                 *duction technology development program of research,*

1 *development, demonstration, and commercial applica-*  
2 *tion to advance innovative technologies that—*

3 *“(A) increase the technological and eco-*  
4 *nomics competitiveness of industry and manufac-*  
5 *turing in the United States;*

6 *“(B) increase the viability and competitive-*  
7 *ness of United States industrial technology ex-*  
8 *ports; and*

9 *“(C) achieve emissions reduction in*  
10 *nonpower industrial sectors.*

11 *“(2) COORDINATION.—In carrying out the pro-*  
12 *gram, the Secretary shall—*

13 *“(A) coordinate with each relevant office in*  
14 *the Department and any other Federal agency;*

15 *“(B) coordinate and collaborate with the In-*  
16 *dustrial Technology Innovation Advisory Com-*  
17 *mittee established under section 456; and*

18 *“(C) coordinate and seek to avoid duplica-*  
19 *tion with the energy-intensive industries pro-*  
20 *gram established under section 452.*

21 *“(3) LEVERAGE OF EXISTING RESOURCES.—In*  
22 *carrying out the program, the Secretary shall lever-*  
23 *age, to the maximum extent practicable—*

1           “(A) existing resources and programs of the  
2           Department and other relevant Federal agencies;  
3           and

4           “(B) public-private partnerships.

5           “(c) FOCUS AREAS.—The program shall focus on—

6           “(1) industrial production processes, including  
7           technologies and processes that—

8           “(A) achieve emissions reduction in high  
9           emissions industrial materials production proc-  
10          esses, including production processes for iron,  
11          steel, steel mill products, aluminum, cement, con-  
12          crete, glass, pulp, paper, and industrial ceram-  
13          ics;

14          “(B) achieve emissions reduction in  
15          medium- and high-temperature heat generation,  
16          including—

17                  “(i) through electrification of heating  
18                  processes;

19                  “(ii) through renewable heat generation  
20                  technology;

21                  “(iii) through combined heat and  
22                  power; and

23                  “(iv) by switching to alternative fuels,  
24                  including hydrogen and nuclear energy;

1           “(C) achieve emissions reduction in chem-  
2           ical production processes, including by incor-  
3           porating, if appropriate and practicable, prin-  
4           ciples, practices, and methodologies of sustain-  
5           able chemistry and engineering;

6           “(D) leverage smart manufacturing tech-  
7           nologies and principles, digital manufacturing  
8           technologies, and advanced data analytics to de-  
9           velop advanced technologies and practices in in-  
10          formation, automation, monitoring, computa-  
11          tion, sensing, modeling, and networking to—

12                   “(i) model and simulate manufac-  
13                   turing production lines;

14                   “(ii) monitor and communicate pro-  
15                   duction line status;

16                   “(iii) manage and optimize energy  
17                   productivity and cost throughout produc-  
18                   tion; and

19                   “(iv) model, simulate, and optimize the  
20                   energy efficiency of manufacturing proc-  
21                   esses;

22           “(E) leverage the principles of sustainable  
23           manufacturing to minimize the potential nega-  
24           tive environmental impacts of manufacturing

1           *while conserving energy and resources, includ-*  
2           *ing—*

3                   “(i) *by designing products that enable*  
4                   *reuse, refurbishment, remanufacturing, and*  
5                   *recycling;*

6                   “(ii) *by minimizing waste from indus-*  
7                   *trial processes, including through the reuse*  
8                   *of waste as other resources in other indus-*  
9                   *trial processes for mutual benefit; and*

10                   “(iii) *by increasing resource efficiency;*  
11                   *and*

12                   “(F) *increase the energy efficiency of indus-*  
13                   *trial processes;*

14                   “(2) *alternative materials that produce fewer*  
15                   *emissions during production and result in fewer emis-*  
16                   *sions during use, including—*

17                           “(A) *high-performance lightweight mate-*  
18                           *rials; and*

19                           “(B) *substitutions for critical materials and*  
20                           *minerals;*

21                   “(3) *development of net-zero emissions liquid*  
22                   *and gaseous fuels;*

23                   “(4) *emissions reduction in shipping, aviation,*  
24                   *and long distance transportation;*

1           “(5) carbon capture technologies for industrial  
2           processes;

3           “(6) other technologies that achieve net-zero  
4           emissions in nonpower industrial sectors, as deter-  
5           mined by the Secretary, in consultation with the Di-  
6           rector; and

7           “(7) high-performance computing to develop ad-  
8           vanced materials and manufacturing processes con-  
9           tributing to the focus areas described in paragraphs  
10          (1) through (6), including—

11                 “(A) modeling, simulation, and optimiza-  
12                 tion of the design of energy efficient and sustain-  
13                 able products; and

14                 “(B) the use of digital prototyping and ad-  
15                 ditive manufacturing to enhance product design.

16           “(8) incorporation of sustainable chemistry and  
17           engineering principles, practices, and methodologies,  
18           as the Secretary determines appropriate; and

19           “(9) other research or technology areas identified  
20           in the Strategic Plan authorized in section 455.

21           “(d) GRANTS, CONTRACTS, COOPERATIVE AGREE-  
22           MENTS, AND DEMONSTRATION PROJECTS.—

23                 “(1) GRANTS.—In carrying out the program, the  
24                 Secretary shall award grants on a competitive basis

1 *to eligible entities for projects that the Secretary de-*  
2 *termines would best achieve the goals of the program.*

3 “(2) *CONTRACTS AND COOPERATIVE AGREE-*  
4 *MENTS.—In carrying out the program, the Secretary*  
5 *may enter into contracts and cooperative agreements*  
6 *with eligible entities and Federal agencies for projects*  
7 *that the Secretary determines would further the pur-*  
8 *poses of the program.*

9 “(3) *DEMONSTRATION PROJECTS.—In sup-*  
10 *porting technologies developed under this section, the*  
11 *Secretary shall fund demonstration projects that test*  
12 *and validate technologies described in subsection (c).*

13 “(4) *APPLICATION.—An entity seeking funding*  
14 *or a contract or agreement under this subsection shall*  
15 *submit to the Secretary an application at such time,*  
16 *in such manner, and containing such information as*  
17 *the Secretary may require.*

18 “(5) *COST SHARING.—In awarding funds under*  
19 *this section, the Secretary shall require cost sharing*  
20 *in accordance with section 988 of the Energy Policy*  
21 *Act of 2005 (42 U.S.C. 16352).*

22 “(e) *AUTHORIZATION OF APPROPRIATIONS.—There are*  
23 *authorized to be appropriated to the Secretary to carry out*  
24 *the demonstration projects authorized in subsection*  
25 *(d)(3)—*

1           “(1) \$20,000,000 for fiscal year 2021;

2           “(2) \$80,000,000 for fiscal year 2022;

3           “(3) \$100,000,000 for fiscal year 2023;

4           “(4) \$150,000,000 for fiscal year 2024; and

5           “(5) \$150,000,000 for fiscal year 2025.

6           “(f) *COORDINATION.*—*The Secretary shall carry out*  
7 *the activities authorized in this section in accordance with*  
8 *section 203 of the Department of Energy Research and In-*  
9 *novation Act (42 U.S.C. 18631).”.*

10          “(b) *TECHNICAL AMENDMENT.*—*The table of contents of*  
11 *the Energy Independence and Security Act of 2007 (Public*  
12 *Law 110–140; 121 Stat. 1494) is amended by inserting*  
13 *after the item relating to section 453 the following:*

          “*Sec. 454. Industrial emissions reduction technology development program.*”.

14   **SEC. 6004. INDUSTRIAL TECHNOLOGY INNOVATION ADVI-**

17 *Independence and Security Act of 2007, as amended by sec-*  
18 *tion 6003, is amended by adding at the end the following:*

19   **“SEC. 455. INDUSTRIAL TECHNOLOGY INNOVATION ADVI-**  
20                                   **SORY COMMITTEE.**

21          “(a) *DEFINITIONS.*—*In this section:*

22                                   “(1) *COMMITTEE.*—*The term ‘Committee’ means*  
23 *the Industrial Technology Innovation Advisory Com-*  
24 *mittee established under subsection (b).*

1           “(2) *DIRECTOR*.—The term ‘Director’ means the  
2           *Director of the Office of Science and Technology Pol-*  
3           *icy.*

4           “(3) *EMISSIONS REDUCTION*.—The term ‘emis-  
5           *sions reduction’ has the meaning given the term in*  
6           *section 454(a).*

7           “(4) *PROGRAM*.—The term ‘program’ means the  
8           *industrial emissions reduction technology development*  
9           *program established under section 454(b)(1).*

10          “(b) *ESTABLISHMENT*.—Not later than 180 days after  
11          *the date of enactment of the Energy Act of 2020, the Sec-*  
12          *retary, in consultation with the Director, shall establish an*  
13          *advisory committee, to be known as the ‘Industrial Tech-*  
14          *nology Innovation Advisory Committee’.*

15          “(c) *MEMBERSHIP*.—

16                 “(1) *APPOINTMENT*.—The Committee shall be  
17                 *comprised of not fewer than 16 members and not*  
18                 *more than 20 members, who shall be appointed by the*  
19                 *Secretary, in consultation with the Director.*

20                 “(2) *REPRESENTATION*.—Members appointed  
21                 *pursuant to paragraph (1) shall include—*

22                         “(A) *not less than 1 representative of each*  
23                         *relevant Federal agency, as determined by the*  
24                         *Secretary;*

1           “(B) *the Chair of the Secretary of Energy*  
2           *Advisory Board, if that position is filled;*

3           “(C) *not less than 2 representatives of labor*  
4           *groups;*

5           “(D) *not less than 3 representatives of the*  
6           *research community, which shall include aca-*  
7           *demia and National Laboratories;*

8           “(E) *not less than 2 representatives of non-*  
9           *governmental organizations;*

10          “(F) *not less than 6 representatives of*  
11          *small- and large-scale industry, the collective ex-*  
12          *pertise of which shall cover every focus area de-*  
13          *scribed in section 454(c); and*

14          “(F) *not less than 1 representative of a*  
15          *State government; and*

16          “(G) *any other individuals the Secretary,*  
17          *in coordination with the Director, determines to*  
18          *be necessary to ensure that the Committee is*  
19          *comprised of a diverse group of representatives of*  
20          *industry, academia, independent researchers,*  
21          *and public and private entities.*

22          “(3) *CHAIR.—The Secretary shall designate a*  
23          *member of the Committee to serve as Chair.*

24          “(d) *DUTIES.—*

25          “(1) *IN GENERAL.—The Committee shall—*

1           “(A) in consultation with the Secretary and  
2           the Director, propose missions and goals for the  
3           program, which shall be consistent with the pur-  
4           poses of the program described in section  
5           454(b)(1); and

6           “(B) advise the Secretary with respect to  
7           the program—

8                   “(i) by identifying and evaluating any  
9                   technologies being developed by the private  
10                  sector relating to the focus areas described  
11                  in section 454(c);

12                  “(ii) by identifying technology gaps in  
13                  the private sector or other Federal agencies  
14                  in those focus areas, and making rec-  
15                  ommendations to address those gaps;

16                  “(iii) by surveying and analyzing fac-  
17                  tors that prevent the adoption of emissions  
18                  reduction technologies by the private sector;  
19                  and

20                  “(iv) by recommending technology  
21                  screening criteria for technology developed  
22                  under the program to encourage adoption of  
23                  the technology by the private sector; and

24           “(C) develop the strategic plan described in  
25           paragraph (2).

1           “(2) *STRATEGIC PLAN.*—

2                   “(A) *PURPOSE.*—*The purpose of the stra-*  
3                   *tegic plan developed under paragraph (1)(C) is*  
4                   *to set forth a plan for achieving the goals of the*  
5                   *program established in section 454(b)(1), includ-*  
6                   *ing for the focus areas described in section*  
7                   *454(c).*

8                   “(B) *CONTENTS.*—*The strategic plan devel-*  
9                   *oped under paragraph (1)(C) shall—*

10                           “(i) *specify near-term and long-term*  
11                           *qualitative and quantitative objectives relat-*  
12                           *ing to each focus area described in section*  
13                           *454(c), including research, development,*  
14                           *demonstration, and commercial application*  
15                           *objectives;*

16                           “(ii) *leverage existing roadmaps rel-*  
17                           *evant to the program in section 454(b)(1)*  
18                           *and the focus areas in section 454(c);*

19                           “(iii) *specify the anticipated time-*  
20                           *frame for achieving the objectives specified*  
21                           *under clause (i);*

22                           “(iv) *include plans for developing*  
23                           *emissions reduction technologies that are*  
24                           *globally cost-competitive, including, as ap-*  
25                           *plicable, in developing economies;*

1           “(v) identify the appropriate role for  
2           investment by the Federal Government, in  
3           coordination with the private sector, to  
4           achieve the objectives specified under clause  
5           (i);

6           “(vi) identify the public and private  
7           costs of achieving the objectives specified  
8           under clause (i); and

9           “(vii) estimate the economic and em-  
10          ployment impact in the United States of  
11          achieving those objectives.

12       “(e) MEETINGS.—

13           “(1) FREQUENCY.—The Committee shall meet  
14          not less frequently than 2 times per year, at the call  
15          of the Chair.

16           “(2) INITIAL MEETING.—Not later than 30 days  
17          after the date on which the members are appointed  
18          under subsection (b), the Committee shall hold its first  
19          meeting.

20       “(f) COMMITTEE REPORT.—

21           “(1) IN GENERAL.—Not later than 2 years after  
22          the date of enactment of the Energy Act of 2020, and  
23          not less frequently than once every 3 years thereafter,  
24          the Committee shall submit to the Secretary a report

1       *on the progress of achieving the purposes of the pro-*  
2       *gram.*

3               “(2) *CONTENTS.*—*The report under paragraph*  
4       *(1) shall include—*

5                       “(A) *a description of any technology inno-*  
6       *vation opportunities identified by the Committee;*

7                       “(B) *a description of any technology gaps*  
8       *identified by the Committee under subsection*  
9       *(d)(1)(B)(ii);*

10                      “(C) *recommendations for improving tech-*  
11       *nology screening criteria and management of the*  
12       *program;*

13                      “(D) *an evaluation of the progress of the*  
14       *program and the research, development, and*  
15       *demonstration activities funded under the pro-*  
16       *gram;*

17                      “(E) *any recommended changes to the focus*  
18       *areas of the program described in section 454(c);*

19                      “(F) *a description of the manner in which*  
20       *the Committee has carried out the duties de-*  
21       *scribed in subsection (d)(1) and any relevant*  
22       *findings as a result of carrying out those duties;*

23                      “(G) *if necessary, an update to the strategic*  
24       *plan developed by the Committee under sub-*  
25       *section (d)(1)(C);*

1           “(H) the progress made in achieving the  
2           goals set out in that strategic plan;

3           “(I) a review of the management, coordina-  
4           tion, and industry utility of the program;

5           “(J) an assessment of the extent to which  
6           progress has been made under the program in  
7           developing commercial, cost-competitive tech-  
8           nologies in each focus area described in section  
9           454(c); and

10           “(K) an assessment of the effectiveness of the  
11           program in coordinating efforts within the De-  
12           partment and with other Federal agencies to  
13           achieve the purposes of the program.

14           “(g) REPORT TO CONGRESS.—Not later than 60 days  
15           after receiving a report from the Committee under sub-  
16           section (f), the Secretary shall submit a copy of that report  
17           to the Committees on Appropriations and Science, Space,  
18           and Technology of the House of Representatives, the Com-  
19           mittees on Appropriations and Energy and Natural Re-  
20           sources of the Senate, and any other relevant Committee  
21           of Congress.

22           “(h) APPLICABILITY OF FEDERAL ADVISORY COM-  
23           MITTEE ACT.—Except as otherwise provided in this section,  
24           the Federal Advisory Committee Act (5 U.S.C. App.) shall  
25           apply to the Committee.”.

1       (b) *TECHNICAL AMENDMENT.*—*The table of contents of*  
 2 *the Energy Independence and Security Act of 2007 (Public*  
 3 *Law 110–140; 121 Stat. 1494) (as amended by section*  
 4 *6003(b)) is amended by inserting after the item relating*  
 5 *to section 454 the following:*

“*Sec. 455. Industrial Technology Innovation Advisory Committee.*”.

6 **SEC. 6005. TECHNICAL ASSISTANCE PROGRAM TO IMPLE-**  
 7 **MENT INDUSTRIAL EMISSIONS REDUCTION.**

8       (a) *IN GENERAL.*—*Subtitle D of title IV of the Energy*  
 9 *Independence and Security Act of 2007, as amended by sec-*  
 10 *tion 6004, is amended by adding at the end the following:*

11 **“SEC. 456. TECHNICAL ASSISTANCE PROGRAM TO IMPLE-**  
 12 **MENT INDUSTRIAL EMISSIONS REDUCTION.**

13       “(a) *DEFINITIONS.*—*In this section:*

14               “(1) *ELIGIBLE ENTITY.*—*The term ‘eligible enti-*  
 15 *ty’ means—*

16                       “(A) *a State;*

17                       “(B) *a unit of local government;*

18                       “(C) *a territory or possession of the United*  
 19 *States;*

20                       “(D) *a relevant State or local office, includ-*  
 21 *ing an energy office;*

22                       “(E) *a tribal organization (as defined in*  
 23 *section 3765 of title 38, United States Code);*

24                       “(F) *an institution of higher education; and*

25                       “(G) *a private entity; and*

1                   “(H) a trade association or technical soci-  
2                   ety.

3                   “(2) EMISSIONS REDUCTION.—The term ‘emis-  
4                   sions reduction’ has the meaning given the term in  
5                   section 454(a).

6                   “(3) PROGRAM.—The term ‘program’ means the  
7                   program established under subsection (b).

8                   “(b) ESTABLISHMENT.—Not later than 1 year after the  
9                   date of enactment of the Energy Act of 2020, the Secretary  
10                  shall establish a program to provide technical assistance to  
11                  eligible entities to promote the commercial application of  
12                  emission reduction technologies developed through the pro-  
13                  gram established in section 454(b).

14                  “(c) APPLICATIONS.—

15                  “(1) IN GENERAL.—An eligible entity desiring  
16                  technical assistance under the program shall submit  
17                  to the Secretary an application at such time, in such  
18                  manner, and containing such information as the Sec-  
19                  retary may require.

20                  “(2) APPLICATION PROCESS.—The Secretary  
21                  shall seek applications for technical assistance under  
22                  the program on a periodic basis, but not less fre-  
23                  quently than once every 12 months.

24                  “(3) FACTORS FOR CONSIDERATION.—In select-  
25                  ing eligible entities for technical assistance under the

1     *program, the Secretary shall, to the maximum extent*  
2     *practicable—*

3             *“(A) give priority to—*

4                     *“(i) activities carried out with tech-*  
5                     *nical assistance under the program that*  
6                     *have the greatest potential for achieving*  
7                     *emissions reduction in nonpower industrial*  
8                     *sectors;*

9                     *“(ii) activities carried out in a State*  
10                    *in which there are active or inactive indus-*  
11                    *trial facilities that may be used or retro-*  
12                    *fitted to carry out activities under the focus*  
13                    *areas described in section 454(c); and*

5 *to section 455 the following:*

*“Sec. 456. Technical assistance program to implement industrial emissions reduction.”.*

6   **SEC. 6006. DEVELOPMENT OF NATIONAL SMART MANUFACTURING PLAN.**  
7

8           **(a) IN GENERAL.**—*Not later than 3 years after the*  
9 *date of enactment of this Act, the Secretary of Energy (in*  
10 *this section referred to as the “Secretary”), in consultation*  
11 *with the National Academies, shall develop and complete*  
12 *a national plan for smart manufacturing technology devel-*  
13 *opment and deployment to improve the productivity and*  
14 *energy efficiency of the manufacturing sector of the United*  
15 *States.*

16           **(b) CONTENT.**—

17               **(1) IN GENERAL.**—*The plan developed under*  
18 *subsection (a) shall identify areas in which agency*  
19 *actions by the Secretary and other heads of relevant*  
20 *Federal agencies would—*

21                       **(A)** *facilitate quicker development, deploy-*  
22 *ment, and adoption of smart manufacturing*  
23 *technologies and processes;*

1           (B) result in greater energy efficiency and  
2           lower environmental impacts for all American  
3           manufacturers; and

4           (C) enhance competitiveness and strengthen  
5           the manufacturing sectors of the United States.

6           (2) *INCLUSIONS.*—Agency actions identified  
7           under paragraph (1) shall include—

8           (A) an assessment of previous and current  
9           actions of the Department relating to smart  
10          manufacturing;

11          (B) the establishment of voluntary inter-  
12          connection protocols and performance standards;

13          (C) the use of smart manufacturing to im-  
14          prove energy efficiency and reduce emissions in  
15          supply chains across multiple companies;

16          (D) actions to increase cybersecurity in  
17          smart manufacturing infrastructure;

18          (E) deployment of existing research results;

19          (F) the leveraging of existing high-perform-  
20          ance computing infrastructure; and

21          (G) consideration of the impact of smart  
22          manufacturing on existing manufacturing jobs  
23          and future manufacturing jobs.

24          (c) *BIENNIAL REVISIONS.*—Not later than 2 years  
25          after the date on which the Secretary completes the plan

1 *under subsection (a), and not less frequently than once*  
2 *every 2 years thereafter, the Secretary shall revise the plan*  
3 *to account for advancements in information and commu-*  
4 *nication technology and manufacturing needs.*

5 *(d) REPORT.—Annually until the completion of the*  
6 *plan under subsection (a), the Secretary shall submit to*  
7 *Congress a report on the progress made in developing the*  
8 *plan.*

9 *(e) DEFINITION.—In this section, the term “smart*  
10 *manufacturing” means advanced technologies in informa-*  
11 *tion, automation, monitoring, computation, sensing, mod-*  
12 *eling, artificial intelligence, analytics, and networking*  
13 *that—*

14 *(1) digitally—*

15 *(A) simulate manufacturing production*  
16 *lines;*

17 *(B) operate computer-controlled manufac-*  
18 *turing equipment;*

19 *(C) monitor and communicate production*  
20 *line status; and*

21 *(D) manage and optimize energy produc-*  
22 *tivity and cost throughout production;*

23 *(2) model, simulate, and optimize the energy effi-*  
24 *ciency of a factory building;*

1           (3) *monitor and optimize building energy per-*  
2 *formance;*

3           (4) *model, simulate, and optimize the design of*  
4 *energy efficient and sustainable products, including*  
5 *the use of digital prototyping and additive manufac-*  
6 *turing to enhance product design;*

7           (5) *connect manufactured products in networks*  
8 *to monitor and optimize the performance of the net-*  
9 *works, including automated network operations; and*

10          (6) *digitally connect the supply chain network.*

## 11 **TITLE VII—CRITICAL MINERALS**

### 12 **SEC. 7001. RARE EARTH ELEMENTS.**

13          (a) *RESEARCH PROGRAM.—*

14           (1) *IN GENERAL.—The Secretary of Energy, act-*  
15 *ing through the Assistant Secretary for Fossil Energy*  
16 *(referred to in this section as the “Secretary”), shall*  
17 *conduct a program of research and development—*

18           (A) *to develop and assess advanced separa-*  
19 *tion technologies for the extraction and recovery*  
20 *of rare earth elements and other critical mate-*  
21 *rials from coal and coal byproducts; and*

22           (B) *to determine if there are, and mitigate,*  
23 *any potential environmental or public health im-*  
24 *pacts that could arise from the recovery of rare*  
25 *earth elements from coal-based resources.*

1           (2) *AUTHORIZATION OF APPROPRIATIONS.*—

2           *There is authorized to be appropriated to the Sec-*  
3           *retary to carry out the program described in para-*  
4           *graph (1)—*

5                   (A) \$23,000,000 for each of fiscal years  
6                   2021 and 2022;

7                   (B) \$24,200,000 for fiscal year 2023;

8                   (C) \$25,400,000 for fiscal year 2024;

9                   (D) \$26,600,000 for fiscal year 2025; and

10                   (E) \$27,800,000 for fiscal year 2026.

11           (b) *REPORT.*—*Not later than 1 year after the date of*  
12           *enactment of this Act, the Secretary shall submit to the*  
13           *Committee on Energy and Natural Resources of the Senate*  
14           *and the Committees on Science, Space, and Technology and*  
15           *Energy and Commerce of the House of Representatives a*  
16           *report evaluating the development of advanced separation*  
17           *technologies for the extraction and recovery of rare earth*  
18           *elements and other critical materials from coal and coal*  
19           *byproducts, including acid mine drainage from coal mines.*

20           (c) *CRITICAL MATERIAL.*—*In this section, the term*  
21           *“critical material” has the meaning given the term in sec-*  
22           *tion 7002 of this Act.*

23           **SEC. 7002. MINERAL SECURITY.**

24           (a) *DEFINITIONS.*—*In this section:*

1           (1) *BYPRODUCT.*—*The term “byproduct” means*  
2           *a critical mineral—*

3                   (A) *the recovery of which depends on the*  
4                   *production of a host mineral that is not des-*  
5                   *ignated as a critical mineral; and*

6                   (B) *that exists in sufficient quantities to be*  
7                   *recovered during processing or refining.*

8           (2) *CRITICAL MATERIAL.*—*The term “critical*  
9           *material” means—*

10                   (A) *any non-fuel mineral, element, sub-*  
11                   *stance, or material that the Secretary of Energy*  
12                   *determines—*

13                           (i) *has a high risk of a supply chain*  
14                           *disruption; and*

15                           (ii) *serves an essential function in 1 or*  
16                           *more energy technologies, including tech-*  
17                           *nologies that produce, transmit, store, and*  
18                           *conserve energy; or*

19                   (B) *a critical mineral.*

20           (3) *CRITICAL MINERAL.*—

21                   (A) *IN GENERAL.*—*The term “critical min-*  
22                   *eral” means any mineral, element, substance, or*  
23                   *material designated as critical by the Secretary*  
24                   *under subsection (c).*

1                   (B) *EXCLUSIONS.*—*The term “critical mineral” does not include—*

2  
3                   (i) *fuel minerals;*

4                   (ii) *water, ice, or snow;*

5                   (iii) *common varieties of sand, gravel,*  
6                   *stone, pumice, cinders, and clay.*

7                   (4) *INDIAN TRIBE.*—*The term “Indian Tribe”*  
8                   *has the meaning given the term in section 4 of the In-*  
9                   *Indian Self-Determination and Education Assistance*  
10                   *Act (25 U.S.C. 5304).*

11                   (5) *SECRETARY.*—*The term “Secretary” means*  
12                   *the Secretary of the Interior.*

13                   (6) *STATE.*—*The term “State” means—*

14                   (A) *a State;*

15                   (B) *the District of Columbia;*

16                   (C) *the Commonwealth of Puerto Rico;*

17                   (D) *Guam;*

18                   (E) *American Samoa;*

19                   (F) *the Commonwealth of the Northern*  
20                   *Mariana Islands; and*

21                   (G) *the United States Virgin Islands.*

22                   (7) *INSTITUTION OF HIGHER EDUCATION.*—*The*  
23                   *term “institution of higher education” means—*

1           (A) an institution of higher education (as  
2           defined in section 101(a) of the Higher Edu-  
3           cation Act of 1965 (20 U.S.C. 1001(a))); or

4           (B) a postsecondary vocational institution  
5           (as defined in section 102(c) of the Higher Edu-  
6           cation Act of 1965 (20 U.S.C. 1002(c))).

7       (b) *POLICY.*—

8           (1) *IN GENERAL.*—Section 3 of the National Ma-  
9           terials and Minerals Policy, Research and Develop-  
10          ment Act of 1980 (30 U.S.C. 1602) is amended—

11           (A) by striking paragraph (3) and inserting  
12           the following:

13           “(3) establish an analytical and forecasting ca-  
14           pability for identifying critical mineral demand, sup-  
15           ply, and other factors to allow informed actions to be  
16           taken to avoid supply shortages, mitigate price vola-  
17           tility, and prepare for demand growth and other  
18           market shifts;”;

19           (B) in paragraph (6), by striking “and”  
20           after the semicolon at the end; and

21           (C) by striking paragraph (7) and inserting  
22           the following:

23           “(7) facilitate the availability, development, and  
24           environmentally responsible production of domestic

1 *resources to meet national material or critical min-*  
2 *eral needs;*

3       “(8) *avoid duplication of effort, prevent unneces-*  
4 *sary paperwork, and minimize delays in the adminis-*  
5 *tration of applicable laws (including regulations) and*  
6 *the issuance of permits and authorizations necessary*  
7 *to explore for, develop, and produce critical minerals*  
8 *and to construct critical mineral manufacturing fa-*  
9 *cilities in accordance with applicable environmental*  
10 *and land management laws;*

11       “(9) *strengthen—*

12               “(A) *educational and research capabilities*  
13 *at not lower than the secondary school level; and*

14               “(B) *workforce training for exploration and*  
15 *development of critical minerals and critical*  
16 *mineral manufacturing;*

17       “(10) *bolster international cooperation through*  
18 *technology transfer, information sharing, and other*  
19 *means;*

20       “(11) *promote the efficient production, use, and*  
21 *recycling of critical minerals;*

22       “(12) *develop alternatives to critical minerals;*  
23 *and*

1           “(13) establish contingencies for the production  
2 of, or access to, critical minerals for which viable  
3 sources do not exist within the United States.”.

4           (2) *CONFORMING AMENDMENT.*—Section 2(b) of  
5 the National Materials and Minerals Policy, Research  
6 and Development Act of 1980 (30 U.S.C. 1601(b)) is  
7 amended by striking “(b) As used in this Act, the  
8 term” and inserting the following:

9           “(b) *DEFINITIONS.*—In this Act:

10           “(1) *CRITICAL MINERAL.*—The term ‘critical  
11 mineral’ means any mineral, element, substance, or  
12 material designated as critical by the Secretary under  
13 section 7002(c) of the Energy Act of 2020.

14           “(2) *MATERIALS.*—The term”.

15           (c) *CRITICAL MINERAL DESIGNATIONS.*—

16           (1) *DRAFT METHODOLOGY AND LIST.*—The Sec-  
17 retary, acting through the Director of the United  
18 States Geological Survey (referred to in this sub-  
19 section as the “Secretary”), shall publish in the Fed-  
20 eral Register for public comment—

21           (A) a description of the draft methodology  
22 used to identify a draft list of critical minerals;

23           (B) a draft list of minerals, elements, sub-  
24 stances, and materials that qualify as critical  
25 minerals; and

1           (C) a draft list of critical minerals recov-  
2           ered as byproducts and their host minerals.

3           (2) *AVAILABILITY OF DATA.*—If available data is  
4           insufficient to provide a quantitative basis for the  
5           methodology developed under this subsection, quali-  
6           tative evidence may be used to the extent necessary.

7           (3) *FINAL METHODOLOGY AND LIST.*—After re-  
8           viewing public comments on the draft methodology  
9           and the draft lists published under paragraph (1) and  
10          updating the methodology and lists as appropriate,  
11          not later than 45 days after the date on which the  
12          public comment period with respect to the draft meth-  
13          odology and draft lists closes, the Secretary shall pub-  
14          lish in the *Federal Register*—

15               (A) a description of the final methodology  
16               for determining which minerals, elements, sub-  
17               stances, and materials qualify as critical min-  
18               erals;

19               (B) the final list of critical minerals; and

20               (C) the final list of critical minerals recov-  
21               ered as byproducts and their host minerals.

22          (4) *DESIGNATIONS.*—

23               (A) *IN GENERAL.*—For purposes of carrying  
24               out this subsection, the Secretary shall maintain  
25               a list of minerals, elements, substances, and ma-

1            *terials designated as critical, pursuant to the*  
2            *final methodology published under paragraph*  
3            *(3), that the Secretary determines—*

4                    *(i) are essential to the economic or na-*  
5                    *tional security of the United States;*

6                    *(ii) the supply chain of which is vul-*  
7                    *nerable to disruption (including restrictions*  
8                    *associated with foreign political risk, abrupt*  
9                    *demand growth, military conflict, violent*  
10                   *unrest, anti-competitive or protectionist be-*  
11                   *haviors, and other risks throughout the sup-*  
12                   *ply chain); and*

13                   *(iii) serve an essential function in the*  
14                   *manufacturing of a product (including en-*  
15                   *ergy technology-, defense-, currency-, agri-*  
16                   *culture-, consumer electronics-, and health*  
17                   *care-related applications), the absence of*  
18                   *which would have significant consequences*  
19                   *for the economic or national security of the*  
20                   *United States.*

21                   *(B) INCLUSIONS.—Notwithstanding the cri-*  
22                   *teria under paragraph (3), the Secretary may*  
23                   *designate and include on the list any mineral,*  
24                   *element, substance, or material determined by*  
25                   *another Federal agency to be strategic and crit-*

1           *ical to the defense or national security of the*  
2           *United States.*

3           (C) *REQUIRED CONSULTATION.*—*The Sec-*  
4           *retary shall consult with the Secretaries of De-*  
5           *fense, Commerce, Agriculture, and Energy and*  
6           *the United States Trade Representative in desig-*  
7           *nating minerals, elements, substances, and mate-*  
8           *rials as critical under this paragraph.*

9           (5) *SUBSEQUENT REVIEW.*—

10           (A) *IN GENERAL.*—*The Secretary, in con-*  
11           *sultation with the Secretaries of Defense, Com-*  
12           *merce, Agriculture, and Energy and the United*  
13           *States Trade Representative, shall review the*  
14           *methodology and list under paragraph (3) and*  
15           *the designations under paragraph (4) at least*  
16           *every 3 years, or more frequently as the Sec-*  
17           *retary considers to be appropriate.*

18           (B) *REVISIONS.*—*Subject to paragraph*  
19           *(4)(A), the Secretary may—*

20                   (i) *revise the methodology described in*  
21                   *this subsection;*

22                   (ii) *determine that minerals, elements,*  
23                   *substances, and materials previously deter-*  
24                   *mined to be critical minerals are no longer*  
25                   *critical minerals; and*

1                   (iii) designate additional minerals, ele-  
2                   ments, substances, or materials as critical  
3                   minerals.

4                   (6) NOTICE.—On finalization of the methodology  
5                   and the list under paragraph (3), or any revision to  
6                   the methodology or list under paragraph (5), the Sec-  
7                   retary shall submit to Congress written notice of the  
8                   action.

9                   (d) RESOURCE ASSESSMENT.—

10                  (1) IN GENERAL.—Not later than 4 years after  
11                  the date of enactment of this Act, in consultation with  
12                  applicable State (including geological surveys), local,  
13                  academic, industry, and other entities, the Secretary  
14                  (acting through the Director of the United States Geo-  
15                  logical Survey) or a designee of the Secretary, shall  
16                  complete a comprehensive national assessment of each  
17                  critical mineral that—

18                         (A) identifies and quantifies known critical  
19                         mineral resources, using all available public and  
20                         private information and datasets, including ex-  
21                         ploration histories; and

22                         (B) provides a quantitative and qualitative  
23                         assessment of undiscovered critical mineral re-  
24                         sources throughout the United States, including  
25                         probability estimates of tonnage and grade,

1           *using all available public and private informa-*  
2           *tion and datasets, including exploration his-*  
3           *tories.*

4           (2) *SUPPLEMENTARY INFORMATION.*—*In car-*  
5           *rying out this subsection, the Secretary may carry*  
6           *out surveys and field work (including drilling, remote*  
7           *sensing, geophysical surveys, topographical and geo-*  
8           *logical mapping, and geochemical sampling and*  
9           *analysis) to supplement existing information and*  
10          *datasets available for determining the existence of*  
11          *critical minerals in the United States.*

12          (3) *PUBLIC ACCESS.*—*Subject to applicable law,*  
13          *to the maximum extent practicable, the Secretary*  
14          *shall make all data and metadata collected from the*  
15          *comprehensive national assessment carried out under*  
16          *paragraph (1) publically and electronically accessible.*

17          (4) *TECHNICAL ASSISTANCE.*—*At the request of*  
18          *the Governor of a State or the head of an Indian*  
19          *Tribe, the Secretary may provide technical assistance*  
20          *to State governments and Indian Tribes conducting*  
21          *critical mineral resource assessments on non-Federal*  
22          *land.*

23          (5) *PRIORITIZATION.*—

24                 (A) *IN GENERAL.*—*The Secretary may se-*  
25                 *quence the completion of resource assessments for*

1        *each critical mineral such that critical minerals*  
2        *considered to be most critical under the method-*  
3        *ology established under subsection (c) are com-*  
4        *pleted first.*

5            *(B) REPORTING.—During the period begin-*  
6        *ning not later than 1 year after the date of en-*  
7        *actment of this Act and ending on the date of*  
8        *completion of all of the assessments required*  
9        *under this subsection, the Secretary shall submit*  
10       *to Congress on an annual basis an interim re-*  
11       *port that—*

12            *(i) identifies the sequence and schedule*  
13        *for completion of the assessments if the Sec-*  
14        *retary sequences the assessments; or*

15            *(ii) describes the progress of the assess-*  
16        *ments if the Secretary does not sequence the*  
17        *assessments.*

18            *(6) UPDATES.—The Secretary may periodically*  
19        *update the assessments conducted under this sub-*  
20        *section based on—*

21            *(A) the generation of new information or*  
22        *datasets by the Federal Government; or*

23            *(B) the receipt of new information or*  
24        *datasets from critical mineral producers, State*

1 *geological surveys, academic institutions, trade*  
2 *associations, or other persons.*

3 (7) *ADDITIONAL SURVEYS.*—*The Secretary shall*  
4 *complete a resource assessment for each additional*  
5 *mineral or element subsequently designated as a crit-*  
6 *ical mineral under subsection (c)(5)(B) not later than*  
7 *2 years after the designation of the mineral or ele-*  
8 *ment.*

9 (8) *REPORT.*—*Not later than 2 years after the*  
10 *date of enactment of this Act, the Secretary shall sub-*  
11 *mit to Congress a report describing the status of geo-*  
12 *logical surveying of Federal land for any mineral*  
13 *commodity—*

14 (A) *for which the United States was de-*  
15 *pendent on a foreign country for more than 25*  
16 *percent of the United States supply, as depicted*  
17 *in the report issued by the United States Geo-*  
18 *logical Survey entitled “Mineral Commodity*  
19 *Summaries 2021”;* but

22 (e) *REPORT OF SMALL BUSINESS ADMINISTRATION.*—  
23 *Not later than 1 year and 300 days after the date of enact-*  
24 *ment of this Act, the Administrator of the Small Business*  
25 *Administration shall submit to the applicable committees*

1 *of Congress a report that assesses the performance of Federal*  
2 *agencies with respect to—*

3           (1) *complying with chapter 6 of title 5, United*  
4 *States Code (commonly known as the “Regulatory*  
5 *Flexibility Act”), in promulgating regulations appli-*  
6 *cable to the critical minerals industry; and*

7           (2) *performing an analysis of the efficiency of*  
8 *regulations applicable to the critical minerals indus-*  
9 *try, including those that are disproportionately bur-*  
10 *densome to small businesses.*

11 *(f) FEDERAL REGISTER PROCESS.—*

12           (1) *DEPARTMENTAL REVIEW.—Absent any ex-*  
13 *traordinary circumstance, and except as otherwise re-*  
14 *quired by law, the Secretary and the Secretary of Ag-*  
15 *riculture shall ensure that each Federal Register no-*  
16 *tice described in paragraph (2) shall be—*

17                   (A) *subject to any required reviews within*  
18 *the Department of the Interior or the Depart-*  
19 *ment of Agriculture; and*

20                   (B) *published in final form in the Federal*  
21 *Register not later than 45 days after the date of*  
22 *initial preparation of the notice.*

23           (2) *PREPARATION.—The preparation of Federal*  
24 *Register notices required by law associated with the*  
25 *issuance of a critical mineral exploration or mine*

1     *permit shall be delegated to the organizational level*  
2     *within the agency responsible for issuing the critical*  
3     *mineral exploration or mine permit.*

4             (3) *TRANSMISSION.—All Federal Register notices*  
5     *regarding official document availability, announce-*  
6     *ments of meetings, or notices of intent to undertake*  
7     *an action shall be originated in, and transmitted to*  
8     *the Federal Register from, the office in which, as ap-*  
9     *plicable—*

10             (A) *the documents or meetings are held; or*

11             (B) *the activity is initiated.*

12             (4) *APPLICATION OF CERTAIN PROVISIONS.—*

13             (A) *IN GENERAL.—Subsection (f) shall also*  
14     *apply to—*

15             (i) *an exploration project in which the*  
16     *presence of a byproduct is reasonably ex-*  
17     *pected, based on known mineral*  
18     *companionality, geologic formation, min-*  
19     *eralogy, or other factors; and*

20             (ii) *a project that demonstrates that a*  
21     *byproduct is of sufficient grade that, when*  
22     *combined with the production of a host*  
23     *mineral, the byproduct is economic to re-*  
24     *cover, as determined by the applicable Sec-*  
25     *retary in accordance with subparagraph*

1                   (B), and that the byproduct will be recov-  
2                   ered in commercial quantities.

3                   (B) REQUIREMENT.—In making the deter-  
4                   mination under subparagraph (A)(ii), the appli-  
5                   cable Secretary shall consider the cost effective-  
6                   ness of the byproducts recovery.

7                   (g) RECYCLING, INNOVATION, EFFICIENCY, AND AL-  
8                   TERNATIVES.—

9                   (1) ESTABLISHMENT.—The Secretary of Energy  
10                  (referred to in this subsection as the “Secretary”)  
11                  shall conduct a program (referred to in this sub-  
12                  section as the “program”) of research, development,  
13                  demonstration, and commercialization—

14                         (A) to develop alternatives to critical mate-  
15                         rials that do not occur in significant abundance  
16                         in the United States;

17                         (B) to promote the efficient production, use,  
18                         and recycling of critical materials, with special  
19                         consideration for domestic critical materials,  
20                         throughout the supply chain;

21                         (C) to ensure the long-term, secure, and sus-  
22                         tainable supply of critical materials; and

23                         (D) to prioritize work in areas that the pri-  
24                         vate sector by itself is not likely to undertake due  
25                         to financial or technical limitations.

1           (2) *COOPERATION.*—*In carrying out the pro-*  
2           *gram, the Secretary shall cooperate with appro-*  
3           *priate—*

4                   (A) *Federal agencies, including the Depart-*  
5                   *ment of the Interior;*

6                   (B) *the National Laboratories;*

7                   (C) *critical material producers, processors,*  
8                   *and manufacturers;*

9                   (D) *trade associations;*

10                  (E) *academic institutions (including stu-*  
11                  *dents and postdoctoral staff at institutions of*  
12                  *higher education);*

13                  (F) *small businesses;*

14                  (G) *nongovernmental organizations; and*

15                  (H) *other relevant entities or individuals.*

16           (3) *ENERGY INNOVATION HUB.*—*In carrying out*  
17           *the program, the Secretary may use an Energy Inno-*  
18           *vation Hub authorized under section 206 of the De-*  
19           *partment of Energy Research Coordination Act (42*  
20           *U.S.C. 18632).*

21           (4) *ACTIVITIES.*—*Under the program, the Sec-*  
22           *retary shall carry out activities that include the iden-*  
23           *tification and development of—*

24                   (A) *alternative materials, particularly ma-*  
25                   *terials available in abundance within the United*

1       *States and not subject to potential supply re-*  
2       *strictions, that lessen the need for critical mate-*  
3       *rials;*

4               *(B) alternative energy technologies or alter-*  
5       *native designs of existing energy technologies,*  
6       *particularly technologies or designs that use ma-*  
7       *terials that—*

8                       *(i) occur in abundance in the United*  
9       *States; and*

10                      *(ii) are not subject to potential supply*  
11       *restrictions;*

12               *(C) technologies or process improvements*  
13       *that minimize the use and content, or lead to*  
14       *more efficient use, of critical materials across the*  
15       *full supply chain;*

16               *(D) innovative technologies and practices to*  
17       *diversify commercially viable and sustainable*  
18       *domestic sources of critical materials, including*  
19       *technologies for recovery from waste streams;*

20               *(E) technologies, process improvements, or*  
21       *design optimizations that facilitate the recycling*  
22       *of critical materials, and options for improving*  
23       *the rates of collection of products and scrap con-*  
24       *taining critical materials from post-consumer,*  
25       *industrial, or other waste streams;*

1           (F) *advanced critical material extraction,*  
2           *production, separation, alloying, or processing*  
3           *technologies that decrease the energy consump-*  
4           *tion, environmental impact, and costs of those*  
5           *activities, including—*

6                   (i) *efficient water and wastewater*  
7                   *management strategies;*

8                   (ii) *technologies and management*  
9                   *strategies to control the environmental im-*  
10                   *pacts of radionuclides in ore tailings;*

11                   (iii) *technologies for separation and*  
12                   *processing; and*

13                   (iv) *technologies for increasing the re-*  
14                   *covery rates of coproducts and byproducts*  
15                   *from host metal ores;*

16           (G) *commercial markets, advanced storage*  
17           *methods, energy applications, and other bene-*  
18           *ficial uses of critical materials; and*

19           (H) *advanced theoretical, computational,*  
20           *and experimental tools necessary to support the*  
21           *crosscutting research and development needs of*  
22           *diverse critical minerals stakeholders.*

23           (5) *PLAN.—*

24                   (A) *IN GENERAL.—Not later than 1 year*  
25                   *after the date of enactment of this Act, the Sec-*

1            *retary shall submit to Congress a plan to carry*  
2            *out the program.*

3            *(B) INCLUSIONS.—The plan under subpara-*  
4            *graph (A) shall include a description of—*

5                    *(i) the research and development ac-*  
6                    *tivities to be carried out under the program*  
7                    *during the subsequent 2 years;*

8                    *(ii) the expected contributions under*  
9                    *the program to the creation of innovative*  
10                   *methods and technologies for the efficient*  
11                   *and sustainable provision of critical mate-*  
12                   *rials to the domestic economy;*

13                   *(iii) the expected activities under the*  
14                   *program to mitigate the environmental and*  
15                   *health impacts of the extraction, processing,*  
16                   *manufacturing, use, recovery, and recycling*  
17                   *of critical materials; and*

18                   *(iv) how the program will promote the*  
19                   *broadest possible participation by academic,*  
20                   *industrial, and other contributors and the*  
21                   *public.*

22            *(6) COORDINATION AND NONDUPLICATION.—To*  
23            *the maximum extent practicable, the Secretary shall*  
24            *ensure that the activities carried out under this sub-*  
25            *section are coordinated with, and do not duplicate the*

1 *efforts of, other programs within the Federal Govern-*  
2 *ment, including the work underway by the Critical*  
3 *Materials Institute and the National Minerals Infor-*  
4 *mation Center.*

5 (7) *STANDARD OF REVIEW.*—*Not later than 2*  
6 *years after the date of enactment of this Act, the Sec-*  
7 *retary shall conduct a review of activities carried out*  
8 *under the program to determine the achievement of*  
9 *the technical milestones identified under paragraph*  
10 *(8)(D)(i)(I).*

11 (8) *CRITICAL MATERIALS CONSORTIUM.*—

12 (A) *IN GENERAL.*—*Not later than 1 year*  
13 *after the date of enactment of this Act, the Sec-*  
14 *retary shall establish and operate a Critical Ma-*  
15 *terials Consortium (referred to in this paragraph*  
16 *as the “Consortium”) for the purpose of sup-*  
17 *porting the program by providing, to the max-*  
18 *imum extent practicable, a centralized entity for*  
19 *multidisciplinary, collaborative, critical mate-*  
20 *rials research and development.*

21 (B) *LEADERSHIP.*—*If an Energy Innova-*  
22 *tion Hub authorized under section 206 of the De-*  
23 *partment of Energy Research Coordination Act*  
24 *(42 U.S.C. 18632) that is focused on critical ma-*  
25 *terials exists on the date of enactment of this Act,*

1        *the Secretary shall leverage the personnel and ex-*  
2        *pertise of the Energy Innovation Hub to manage*  
3        *the Consortium for not less than 3 years fol-*  
4        *lowing the date on which the Consortium is es-*  
5        *tablished.*

6                (C) *MEMBERSHIP.*—*The members of the*  
7        *Consortium shall be representatives from relevant*  
8        *Federal agencies, the National Laboratories, the*  
9        *National Minerals Information Center, institu-*  
10        *tions of higher education, private sector entities,*  
11        *multiinstitutional collaborations, and other ap-*  
12        *propriate entities.*

13                (D) *RESPONSIBILITIES.*—*The Consortium*  
14        *shall—*

15                        (i) *develop and implement a multiyear*  
16        *plan that—*

17                                (I) *identifies technical goals and*  
18        *milestones for the program;*

19                                (II) *utilizes the high performance*  
20        *computing capabilities of the Depart-*  
21        *ment; and*

22                                (III) *leverages the expertise of the*  
23        *National Laboratories and the United*  
24        *States Geological Survey; and*

1           (ii) submit an annual report to the  
2           Secretary summarizing the activities of the  
3           Consortium, including an evaluation of the  
4           role of the Consortium in the achievement of  
5           the technical milestones identified under  
6           clause (i)(I).

7           (E) SUNSET; TERMINATION.—

8           (i) IN GENERAL.—The Secretary may  
9           provide support to the Consortium for a pe-  
10          riod of not more than 10 years, subject to  
11          the availability of appropriations.

12          (ii) MERIT REVIEW.—Not later than 5  
13          years after the date on which the Consor-  
14          tium is established, the Secretary shall con-  
15          duct a rigorous merit review to determine  
16          whether the Consortium helped the program  
17          achieve the technical milestones identified  
18          under subparagraph (D)(i)(I).

19          (iii) TERMINATION.—If the Secretary  
20          determines that the Consortium has not  
21          helped the program achieve the technical  
22          milestones identified under subparagraph  
23          (D)(i)(I), the Secretary may terminate any  
24          financial or technical support that the De-  
25          partment provides to the Consortium.

1           (9) *REPORTS.*—Not later than 2 years after the  
2           date of enactment of this Act, and annually there-  
3           after, the Secretary shall submit to Congress a report  
4           summarizing the activities, findings, and progress of  
5           the program.

6           (10) *AUTHORIZATION OF APPROPRIATIONS.*—  
7           There are authorized to be appropriated to the Sec-  
8           retary to carry out this subsection—

9                   (A) \$125,000,000 for fiscal year 2021;

10                   (B) \$105,000,000 for fiscal year 2022;

11                   (C) \$100,000,000 for fiscal year 2023;

12                   (D) \$135,000,000 for fiscal year 2024; and

13                   (E) \$135,000,000 for fiscal year 2025.

14           (h) *CRITICAL MATERIALS SUPPLY CHAIN RESEARCH*  
15 *FACILITY.*—

16           (1) *IN GENERAL.*—The Secretary of Energy (re-  
17           ferred to in this subsection as the “Secretary”) shall  
18           support construction of a Critical Materials Supply  
19           Chain Research Facility (referred to in this sub-  
20           section as the “facility”).

21           (2) *REQUIREMENTS.*—The facility—

22                   (A) shall be used to further enable research,  
23                   development, demonstration, and commercializa-  
24                   tion activities throughout the supply chain for  
25                   critical materials; and

1           (B) shall provide an integrated, rapidly  
2           reconfigurable research platform.

3           (3) *AUTHORIZATION OF APPROPRIATIONS.*—  
4           *There are authorized to be appropriated to the Sec-*  
5           *retary to fund the design and construction of the fa-*  
6           *cility, to remain available until expended—*

7                   (A) \$10,000,000 for fiscal year 2021;

8                   (B) \$30,000,000 for fiscal year 2022; and

9                   (C) \$35,000,000 for fiscal year 2023.

10          (i) *CRITICAL MATERIALS RESEARCH DATABASE AND*  
11          *INFORMATION PORTAL.*—

12               (1) *IN GENERAL.*—*In carrying out the program*  
13               *established under subsection (g)(1), the Secretary and*  
14               *the Secretary of Energy (referred to in this subsection*  
15               *as the “Secretaries”), in consultation with the Direc-*  
16               *tor of the National Science Foundation, shall establish*  
17               *and operate a Critical Materials Information Portal*  
18               *(referred to in this subsection as the “Portal”) to col-*  
19               *lect, catalogue, disseminate, and archive information*  
20               *on critical materials.*

21               (2) *COOPERATION.*—*In carrying out paragraph*  
22               *(1), the Secretaries shall leverage the expertise of the*  
23               *National Minerals Information Center, the Office of*  
24               *Scientific and Technical Information, and the Crit-*

1        *ical Materials Consortium established under sub-*  
2        *section (g)(8)(A).*

3            (3) *PURPOSE.*—*The purpose of the Portal is to*  
4        *support the development of a web-based platform to*  
5        *provide public access to a database of computed infor-*  
6        *mation on known and predicted critical materials*  
7        *and related material properties and computational*  
8        *tools in order—*

9            (A) *to accelerate breakthroughs in critical*  
10        *materials identification and design;*

11           (B) *to strengthen the foundation for tech-*  
12        *nologies that will enable more sustainable recy-*  
13        *cling, substitution, use, and recovery and mini-*  
14        *mize the environmental impacts of methods for*  
15        *extraction, processing, and manufacturing of*  
16        *critical materials; and*

17           (C) *to drive the development of advanced*  
18        *materials for applications that span the missions*  
19        *of the Department of Energy and the Depart-*  
20        *ment of the Interior (referred to in this sub-*  
21        *section as the “Departments”) in energy, envi-*  
22        *ronment, and national security.*

23           (4) *ACTIVITIES.*—*In carrying out this subsection,*  
24        *the Secretaries shall—*

1           (A) conduct cooperative research with in-  
2           dustry, academia, and other research institutions  
3           to facilitate the design of novel materials, includ-  
4           ing critical materials and substitutes for critical  
5           materials;

6           (B) leverage existing high-performance com-  
7           puting systems to conduct high throughput cal-  
8           culations and develop computing and data min-  
9           ing algorithms for the prediction of material  
10          properties, including a focus on critical mate-  
11          rials;

12          (C) leverage and support research in min-  
13          eralogy and mineral chemistry to enhance the  
14          understanding, prediction, and manipulation of  
15          critical materials;

16          (D) assist scientists and engineers in mak-  
17          ing the fullest possible use of the relevant data  
18          holdings of the Departments, including the sci-  
19          entific and technical data generated by the re-  
20          search and development activities funded under  
21          subsection (g);

22          (E) seek and incorporate other information  
23          on critical materials to enhance the Depart-  
24          ments' utility for program participants and  
25          other users; and

1           (F) manage and make available to research-  
2           ers and the public accessible, curated, standard-  
3           ized, secure, and privacy-protected data sets from  
4           the public and private sectors for the purposes of  
5           critical materials research and development ac-  
6           tivities.

7           (5) PROPRIETARY INFORMATION.—In carrying  
8           out this subsection, the Secretaries shall ensure, con-  
9           sistent with section 5(f) of the National Materials and  
10          Minerals Policy, Research and Development Act of  
11          1980 (30 U.S.C. 1604(f)), that—

12           (A) no person uses the information and  
13           data collected for the Portal for a purpose other  
14           than the development of, or reporting of, aggre-  
15           gate data in a manner such that the identity of  
16           the person or firm who supplied the information  
17           is not discernible and is not material to the in-  
18           tended uses of the information;

19           (B) no person discloses any information or  
20           data collected for the Portal unless the informa-  
21           tion or data has been transformed into a statis-  
22           tical or aggregate form that does not allow the  
23           identification of the person or firm who supplied  
24           particular information; and

1           (C) procedures are established to require the  
2           withholding of any information or data collected  
3           for the Portal if at least 1 of the Secretaries de-  
4           termines that the withholding is necessary to  
5           protect proprietary information, including any  
6           trade secrets or other confidential information.

7           (j) ANALYSIS AND FORECASTING.—

8           (1) CAPABILITIES.—In order to evaluate existing  
9           critical mineral policies and inform future actions  
10          that may be taken to avoid supply shortages, mitigate  
11          price volatility, and prepare for demand growth and  
12          other market shifts, the Secretary (acting through the  
13          Director of the United States Geological Survey) or a  
14          designee of the Secretary, in consultation with the  
15          Energy Information Administration, academic insti-  
16          tutions, and others in order to maximize the applica-  
17          tion of existing competencies related to developing  
18          and maintaining computer-models and similar ana-  
19          lytical tools, shall conduct and publish the results of  
20          an annual report that includes—

21               (A) as part of the annually published Min-  
22               eral Commodity Summaries from the United  
23               States Geological Survey, a comprehensive re-  
24               view of critical mineral production, consump-  
25               tion, and recycling patterns, including—

1           (i) the quantity of each critical min-  
2           eral domestically produced during the pre-  
3           ceding year;

4           (ii) the quantity of each critical min-  
5           eral domestically consumed during the pre-  
6           ceding year;

7           (iii) market price data or other price  
8           data for each critical mineral;

9           (iv) an assessment of—

10                   (I) critical mineral requirements  
11                   to meet the national security, energy,  
12                   economic, industrial, technological,  
13                   and other needs of the United States  
14                   during the preceding year;

15                   (II) the reliance of the United  
16                   States on foreign sources to meet those  
17                   needs during the preceding year; and

18                   (III) the implications of any sup-  
19                   ply shortages, restrictions, or disrup-  
20                   tions during the preceding year;

21           (v) the quantity of each critical min-  
22           eral domestically recycled during the pre-  
23           ceding year;

1           (vi) the market penetration during the  
2 preceding year of alternatives to each crit-  
3 ical mineral;

4           (vii) a discussion of international  
5 trends associated with the discovery, pro-  
6 duction, consumption, use, costs of produc-  
7 tion, prices, and recycling of each critical  
8 mineral as well as the development of alter-  
9 natives to critical minerals; and

10           (viii) such other data, analyses, and  
11 evaluations as the Secretary finds are nec-  
12 essary to achieve the purposes of this sub-  
13 section; and

14           (B) a comprehensive forecast, entitled the  
15 “Annual Critical Minerals Outlook”, of projected  
16 critical mineral production, consumption, and  
17 recycling patterns, including—

18           (i) the quantity of each critical min-  
19 eral projected to be domestically produced  
20 over the subsequent 1-year, 5-year, and 10-  
21 year periods;

22           (ii) the quantity of each critical min-  
23 eral projected to be domestically consumed  
24 over the subsequent 1-year, 5-year, and 10-  
25 year periods;

1                   (iii) an assessment of—

2                   (I) critical mineral requirements  
3                   to meet projected national security, en-  
4                   ergy, economic, industrial, techno-  
5                   logical, and other needs of the United  
6                   States;

7                   (II) the projected reliance of the  
8                   United States on foreign sources to  
9                   meet those needs; and

10                  (III) the projected implications of  
11                  potential supply shortages, restrictions,  
12                  or disruptions;

13                  (iv) the quantity of each critical min-  
14                  eral projected to be domestically recycled  
15                  over the subsequent 1-year, 5-year, and 10-  
16                  year periods;

17                  (v) the market penetration of alter-  
18                  natives to each critical mineral projected to  
19                  take place over the subsequent 1-year, 5-  
20                  year, and 10-year periods;

21                  (vi) a discussion of reasonably foresee-  
22                  able international trends associated with the  
23                  discovery, production, consumption, use,  
24                  costs of production, and recycling of each

21                   (D) in subsection (e), by striking “Bureau  
22                   of Mines” each place it appears and inserting  
23                   “United States Geological Survey”.

24                   (2) *POLICY*.—Section 3 of the National Materials  
25                   and Minerals Policy, Research and Development Act

1 of 1980 (30 U.S.C. 1602) is amended, in the matter  
2 preceding paragraph (1)—

3 (A) in the first sentence, by striking “The  
4 Congress declares that it” and inserting “It”;  
5 and

6 (B) in the second sentence, by striking “The  
7 Congress further declares that implementation”  
8 and inserting “Implementation”.

9 (3) *IMPLEMENTATION*.—Section 4 of the Na-  
10 tional Materials and Minerals Policy, Research and  
11 Development Act of 1980 (30 U.S.C. 1603) is amend-  
12 ed, in the matter preceding paragraph (1)—

13 (A) by striking “For the purpose” and all  
14 that follows through “declares that the” and in-

25 *State; and*

1           (4) *the strategy of the People’s Republic of China*  
2           *with respect to mineral investments.*

3           (b) *MONITORING MECHANISM.—In conjunction with*  
4 *each report required by subsection (a), the Director shall*  
5 *submit to the appropriate congressional committees a list*  
6 *of any minerals with respect to which—*

7           (1) *the People’s Republic of China, directly or*  
8 *through the Belt and Road Initiative—*

9                   (A) *is increasing its concentration of extrac-*  
10 *tion and processing;*

11                   (B) *is acquiring significant mining and*  
12 *processing facilities;*

13                   (C) *is maintaining or increasing export re-*  
14 *strictions; or*

15                   (D) *has achieved substantial control of the*  
16 *supply of minerals used within an industry or*  
17 *related minerals;*

18           (2) *there is a significant difference between do-*  
19 *mestic prices in the People’s Republic of China as*  
20 *compared to prices on international markets; or*

21           (3) *there is a significant increase or volatility in*  
22 *price as a result of the Belt and Road Initiative of*  
23 *the People’s Republic of China.*

24           (c) *CRITICAL MINERAL EVALUATION.—For any min-*  
25 *eral included on the list required by subsection (b) that is*

1 *not already designated as critical by the Secretary of the*  
2 *Interior pursuant to section 7002(c), the Director shall—*

3           (1) *determine, in consultation with the Secretary*  
4 *of the Interior, the Secretary of Energy, the Secretary*  
5 *of Commerce, the Secretary of State, the Secretary of*  
6 *Defense, and the United States Trade Representative,*  
7 *whether the mineral is strategic and critical to the de-*  
8 *fense or national security of the United States; and*

9           (2) *make a recommendation to the Secretary of*  
10 *the Interior regarding the designation of the mineral*  
11 *under section 7002(c).*

12       (d) *ANNUAL UPDATES.—The Director shall update the*  
13 *report required by subsection (a) and list required by sub-*  
14 *section (b) not less frequently than annually.*

15       (e) *FORM.—Each report or list required by this section*  
16 *shall be submitted in unclassified form but may include a*  
17 *classified annex.*

18       (f) *APPROPRIATE CONGRESSIONAL COMMITTEES DE-*

19 *Title XIII of the Energy Independence and Security*  
20 *Act of 2007 (42 U.S.C. 17381 et seq.) is amended by insert-*  
21 *ing after section 1304 the following:*

22 **“SEC. 1304A. SMART GRID MODELING, VISUALIZATION, AR-**  
23 **CHITECTURE, AND CONTROLS.**

24 *“(a) IN GENERAL.—Not later than 180 days after the*  
25 *enactment of this section, the Secretary shall establish a*

1 *program of research, development, demonstration, and com-*  
2 *mercial application on electric grid modeling, sensing, vis-*  
3 *ualization, architecture development, and advanced oper-*  
4 *ation and controls.*

5       “(b) *MODELING RESEARCH AND DEVELOPMENT.*—*The*  
6 *Secretary shall support development of models of emerging*  
7 *technologies and systems to facilitate the secure and reliable*  
8 *design, planning, and operation of the electric grid for use*  
9 *by industry stakeholders. In particular, the Secretary shall*  
10 *support development of—*

11               “(1) *models to analyze and predict the effects of*  
12 *adverse physical and cyber events on the electric grid;*

13               “(2) *coupled models of electrical, physical, and*  
14 *cyber systems;*

15               “(3) *models of existing and emerging technologies*  
16 *being deployed on the electric grid due to projected*  
17 *changes in the electric generation mix and loads, for*  
18 *a variety of regional characteristics; and*

19               “(4) *integrated models of the communications,*  
20 *transmission, distribution, and other interdependent*  
21 *systems for existing, new, and emerging technologies.*

22       “(c) *SITUATIONAL AWARENESS RESEARCH AND DE-*  
23 *VELOPMENT.*—

24               “(1) *IN GENERAL.*—*The Secretary shall support*  
25 *development of computational tools and technologies*

1     *to improve sensing, monitoring, and visualization of*  
2     *the electric grid for real-time situational awareness*  
3     *and decision support tools that enable improved oper-*  
4     *ation of the power system, including utility, non-util-*  
5     *ity, and customer grid-connected assets, for use by in-*  
6     *dustry partners.*

7             “(2) *DATA USE.*—*In developing visualization ca-*  
8     *pabilities under this section, the Secretary shall de-*  
9     *velop tools for industry stakeholders to use to analyze*  
10    *data collected from advanced measurement and moni-*  
11    *toring technologies, including data from phasor meas-*  
12    *urement units and advanced metering units.*

13            “(3) *SEVERE EVENTS.*—*The Secretary shall*  
14    *prioritize enhancing cyber and physical situational*  
15    *awareness of the electric grid during adverse man-*  
16    *made and naturally-occurring events.*

17            “(d) *OPERATION AND CONTROLS RESEARCH AND DE-*  
18    *VELOPMENT.*—*The Secretary shall conduct research to de-*  
19    *velop improvements to the operation and controls of the*  
20    *electric grid, in coordination with industry partners. Such*  
21    *activities shall include—*

22            “(1) *a training facility or facilities to allow grid*  
23    *operators to gain operational experience with ad-*  
24    *vanced grid control concepts and technologies;*

1           “(2) *development of cost-effective advanced oper-*  
2           *ation and control concepts and technologies, such as*  
3           *adaptive islanding, dynamic line rating systems,*  
4           *power flow controllers, network topology optimization,*  
5           *smart circuit breakers, intelligent load shedding, and*  
6           *fault-tolerant control system architectures;*

7           “(3) *development of real-time control concepts*  
8           *using artificial intelligence and machine learning for*  
9           *improved electric grid resilience; and*

10           “(4) *utilization of advanced data analytics in-*  
11           *cluding load forecasting, power flow modeling, equip-*  
12           *ment failure prediction, resource optimization, risk*  
13           *analysis, and decision analysis.*

14           “(e) *INTEROPERABILITY RESEARCH AND DEVELOP-*  
15           *MENT.—The Secretary shall conduct research and develop-*  
16           *ment on tools and technologies that improve the interoper-*  
17           *ability and compatibility of new and emerging components,*  
18           *technologies, and systems with existing electric grid infra-*  
19           *structure.*

20           “(f) *UNDERGROUND TRANSMISSION AND DISTRIBUTION*  
21           *LINES.—In carrying out the program under sub-*  
22           *section (a), the Secretary shall support research and devel-*  
23           *opment on underground transmission and distribution*  
24           *lines. This shall include research on—*

1           “(1) *methods for lowering the costs of under-*  
2           *ground transmission and distribution lines, including*  
3           *through novel installation techniques and materials*  
4           *considerations;*

5           “(2) *techniques to improve the lifespan of under-*  
6           *ground transmission and distribution lines;*

7           “(3) *wireless sensors to improve safety of under-*  
8           *ground transmission and distribution lines and to*  
9           *predict, identify, detect, and transmit information*  
10          *about degradation and faults; and*

11          “(4) *methods for improving the resilience and re-*  
12          *liability of underground transmission and distribu-*  
13          *tion lines, including technologies and techniques that*  
14          *can mitigate the impact of flooding, storm surge, and*  
15          *seasonal climate cycles on degradation of and damage*  
16          *to underground transmission and distribution lines.*

17          “(g) *GRID ARCHITECTURE AND SCENARIO DEVELOP-*  
18          *MENT.—*

19                 “(1) *IN GENERAL.—Subject to paragraph (3), the*  
20                 *Secretary shall establish and facilitate a collaborative*  
21                 *process to develop model grid architecture and a set*  
22                 *of future scenarios for the electric grid to examine the*  
23                 *impacts of different combinations of resources (includ-*  
24                 *ing different quantities of distributed energy resources*

1 *and large-scale, central generation) on the electric*  
2 *grid.*

3 “(2) *ARCHITECTURE.*—*In supporting the devel-*  
4 *opment of model grid architectures, the Secretary*  
5 *shall—*

6 “(A) *analyze a variety of grid architecture*  
7 *scenarios that range from minor upgrades to ex-*  
8 *isting transmission grid infrastructure to sce-*  
9 *narios that involve the replacement of significant*  
10 *portions of existing transmission grid infrastruc-*  
11 *ture;*

12 “(B) *analyze the effects of the increasing*  
13 *proliferation of renewable and other zero emis-*  
14 *sions energy generation sources, increasing use of*  
15 *distributed resources owned by non-utility enti-*  
16 *ties, and the use of digital and automated con-*  
17 *trols not managed by grid operators;*

18 “(C) *include a variety of new and emerging*  
19 *distribution grid technologies, including distrib-*  
20 *uted energy resources, electric vehicle charging*  
21 *stations, distribution automation technologies,*  
22 *energy storage, and renewable energy sources;*

23 “(D) *analyze the effects of local load bal-*  
24 *ancing and other forms of decentralized control;*

1           “(E) analyze the effects of changes to grid  
2 architectures resulting from modernizing electric  
3 grid systems, including communications, con-  
4 trols, markets, consumer choice, emergency re-  
5 sponse, electrification, and cybersecurity con-  
6 cerns; and

7           “(F) develop integrated grid architectures  
8 that incorporate system resilience for cyber,  
9 physical, and communications systems.

10          “(3) MARKET STRUCTURE.—The grid architec-  
11 ture and scenarios developed under paragraph (1)  
12 shall, to the extent practicable, account for differences  
13 in market structure, including an examination of the  
14 potential for stranded costs in each type of market  
15 structure.

16          “(h) COMPUTING RESOURCES AND DATA COORDINA-  
17 TION RESEARCH AND DEVELOPMENT.—In carrying out this  
18 section, the Secretary shall—

19               “(1) leverage existing computing resources at the  
20 National Laboratories; and

21               “(2) develop voluntary standards for data  
22 taxonomies and communication protocols in coordi-  
23 nation with public and private sector stakeholders.

1       “(i) *INFORMATION SHARING.*—None of the activities  
2 *authorized in this section shall require private entities to*  
3 *share information or data with the Secretary.*

4       “(j) *RESILIENCE.*—*In this section, the term ‘resilience’*  
5 *means the ability to withstand and reduce the magnitude*  
6 *or duration of disruptive events, which includes the capa-*  
7 *bility to anticipate, absorb, adapt to, or rapidly recover*  
8 *from such an event, including from deliberate attacks, acci-*  
9 *dents, and naturally occurring threats or incidents.”.*

12 *Act of 2007 (42 U.S.C. 17381 et seq.) is amended by adding*  
13 *after section 1309 the following:*

14 **“SEC. 1310. INTEGRATED ENERGY SYSTEMS.**

15       “(a) *IN GENERAL.*—*Not later than 180 days after the*  
16 *enactment of this section, the Secretary shall establish a re-*  
17 *search, development, and demonstration program to develop*  
18 *cost-effective integrated energy systems, including—*

19               “(1) *development of computer modeling to design*  
20 *different configurations of integrated energy systems*  
21 *and to optimize system operation;*

22               “(2) *research on system integration needed to*  
23 *plan, design, build, and operate integrated energy*  
24 *systems, including interconnection requirements with*  
25 *the electric grid;*

1           “(3) *development of integrated energy systems for*  
2 *various applications, including—*

3           “(A) *thermal energy generation and storage*  
4 *for buildings and manufacturing;*

5           “(B) *electricity storage coupled with energy*  
6 *generation;*

7           “(C) *desalination;*

8           “(D) *production of liquid and gaseous fuels;*

9           *and*

10          “(E) *production of chemicals such as am-*  
11 *monia and ethylene;*

12          “(4) *development of testing facilities for inte-*  
13 *grated energy systems; and*

14          “(5) *research on incorporation of various tech-*  
15 *nologies for integrated energy systems, including nu-*  
16 *clear energy, renewable energy, storage, and carbon*  
17 *capture, utilization, and sequestration technologies.*

18          “(b) *STRATEGIC PLAN.—*

19           “(1) *IN GENERAL.—Not later than 1 year after*  
20 *the date of the enactment of this section, the Secretary*  
21 *shall submit to the Committee on Science, Space, and*  
22 *Technology of the House of Representatives and the*  
23 *Committee on Energy and Natural Resources of the*  
24 *Senate a strategic plan that identifies opportunities,*  
25 *challenges, and standards needed for the development*

1 *and commercial application of integrated energy sys-*  
2 *tems. The strategic plan shall include—*

3 *“(A) analysis of the potential benefits of de-*  
4 *velopment of integrated electric systems on the*  
5 *electric grid;*

6 *“(B) analysis of the potential contributions*  
7 *of integrated energy systems to different grid ar-*  
8 *chitecture scenarios;*

9 *“(C) research and development goals for*  
10 *various integrated energy systems, including*  
11 *those identified in subsection (a);*

12 *“(D) assessment of policy and market bar-*  
13 *riers to the adoption of integrated energy sys-*  
14 *tems;*

15 *“(E) analysis of the technical and economic*  
16 *feasibility of adoption of different integrated en-*  
17 *ergy systems; and*

18 *“(F) a 10-year roadmap to guide the pro-*  
19 *gram established under subsection (a).*

20 *“(2) UPDATES.—Not less than once every 3 years*  
21 *for the duration of this research program, the Sec-*  
22 *retary shall submit an updated version of the stra-*  
23 *tegic plan to the Committee on Science, Space, and*  
24 *Technology of the House of Representatives and the*

1        *Committee on Energy and Natural Resources of the*  
2        *Senate.*

3        “(c) *PROGRAM IMPLEMENTATION.—In carrying out*  
4        *the research, development, demonstration, and commercial*  
5        *application aims of subsection (a), the Secretary shall—*

6                “(1) *implement the recommendations set forth in*  
7        *the strategic plan in subsection (b);*

8                “(2) *coordinate across all relevant program of-*  
9        *fices at the Department, including—*

10                “(A) *the Office of Energy Efficiency and*  
11                *Renewable Energy;*

12                “(B) *the Office of Nuclear Energy; and*

13                “(C) *the Office of Fossil Energy;*

14                “(3) *leverage existing programs and resources of*  
15        *the Department; and*

16                “(4) *prioritize activities that accelerate the devel-*  
17        *opment of integrated electricity generation, storage,*  
18        *and distribution systems with net zero greenhouse gas*  
19        *emissions.*

20        “(d) *INTEGRATED ENERGY SYSTEM DEFINED.—The*  
21        *term ‘integrated energy system’ means a system composed*  
22        *of 2 or more co-located or jointly operated sub-systems of*  
23        *energy generation, energy storage, or other energy tech-*  
24        *nologies.’”.*

3 (a) *INTEGRATING DISTRIBUTED ENERGY RESOURCES*  
4 *ONTO THE ELECTRIC GRID.*—Section 925(a) of the Energy  
5 Policy Act of 2005 (42 U.S.C. 16215) is amended—

6 (1) by redesignating paragraphs (10) and (11)  
7 as paragraphs (12) and (13), respectively; and

8 (2) by inserting after paragraph (9) the fol-  
9 lowing:

10 “(10) the development of cost-effective tech-  
11 nologies that enable two-way information and power  
12 flow between distributed energy resources and the elec-  
13 tric grid;

14 “(11) the development of technologies and con-  
15 cepts that enable interoperability between distributed  
16 energy resources and other behind-the-meter devices  
17 and the electric grid;”.

18 (b) *INTEGRATING RENEWABLE ENERGY ONTO THE*  
19 *ELECTRIC GRID.*—Subtitle C of title IX of the Energy Pol-  
20 icy Act of 2005 (42 U.S.C. 16231 et seq.) is amended by  
21 adding at the end the following:

22 **“SEC. 936. RESEARCH AND DEVELOPMENT INTO INTE-**  
23 **GRATING RENEWABLE ENERGY ONTO THE**  
24 **ELECTRIC GRID.**

25 “(a) *IN GENERAL.*—Not later than 180 days after the  
26 enactment of this section, the Secretary shall establish a re-

1 *search, development, and demonstration program on tech-*  
2 *nologies that enable integration of renewable energy genera-*  
3 *tion sources onto the electric grid across multiple program*  
4 *offices of the Department. The program shall include—*

5           “(1) *forecasting for predicting generation from*  
6           *variable renewable energy sources;*

7           “(2) *development of cost-effective low-loss, long-*  
8           *distance transmission lines; and*

9           “(3) *development of cost-effective advanced tech-*  
10          *nologies for variable renewable generation sources to*  
11          *provide grid services.*

12          “(b) *COORDINATION.—In carrying out this program,*  
13 *the Secretary shall coordinate across all relevant program*

4 **SEC. 8007. TECHNOLOGY DEMONSTRATION ON THE DIS-**  
5           **TRIBUTION GRID.**

6           (a) *IN GENERAL.*—*The Secretary shall establish a*  
7           *grant program to carry out eligible projects related to the*  
8           *modernization of the electric grid, including the application*  
9           *of technologies to improve observability, advanced controls,*  
10          *and prediction of system performance on the distribution*  
11          *system.*

12          (b) *ELIGIBLE PROJECTS.*—*To be eligible for a grant*  
13          *under subsection (a), a project shall—*

14                 (1) *be designed to improve the performance and*  
15                 *efficiency of the future electric grid, while ensuring*  
16                 *the continued provision of safe, secure, reliable, and*  
17                 *affordable power; and*

18                 (2) *demonstrate—*

19                         (A) *secure integration and management of*  
20                         *two or more energy resources, including distrib-*  
21                         *uted energy generation, combined heat and*  
22                         *power, micro-grids, energy storage, electric vehi-*  
23                         *cles, energy efficiency, demand response, and in-*  
24                         *telligent loads; and*

1                   (B) *secure integration and interoperability*  
2                   of *communications and information technologies.*

3 **SEC. 8008. VOLUNTARY MODEL PATHWAYS.**

4           (a) *ESTABLISHMENT OF VOLUNTARY MODEL PATH-*  
5 *WAYS.—*

6                   (1) *ESTABLISHMENT.—Not later than 90 days*  
7 *after the date of enactment of this Act, the Secretary*  
8 *of Energy (in this section referred to as the “Sec-*  
9 *retary”), in consultation with the steering committee*  
10 *established under paragraph (3), shall initiate the de-*  
11 *velopment of voluntary model pathways for modern-*  
12 *izing the electric grid through a collaborative, public-*  
13 *private effort that—*

14                           (A) *produces illustrative policy pathways*  
15 *encompassing a diverse range of technologies that*  
16 *can be adapted for State and regional applica-*  
17 *tions by regulators and policymakers;*

18                           (B) *facilitates the modernization of the elec-*  
19 *tric grid and associated communications net-*  
20 *works to achieve the objectives described in para-*  
21 *graph (2);*

22                           (C) *ensures a reliable, resilient, affordable,*  
23 *safe, and secure electric grid; and*

1           (D) acknowledges and accounts for different  
2           priorities, electric systems, and rate structures  
3           across States and regions.

4           (2) *OBJECTIVES.*—The pathways established  
5           under paragraph (1) shall facilitate achievement of as  
6           many of the following objectives as practicable:

7           (A) Near real-time situational awareness of  
8           the electric system.

9           (B) Data visualization.

10          (C) Advanced monitoring and control of the  
11          advanced electric grid.

12          (D) Enhanced certainty of policies for in-  
13          vestment in the electric grid.

14          (E) Increased innovation.

15          (F) Greater consumer empowerment.

16          (G) Enhanced grid resilience, reliability,  
17          and robustness.

18          (H) Improved—

19               (i) integration of distributed energy re-  
20               sources;

21               (ii) interoperability of the electric sys-  
22               tem; and

23               (iii) predictive modeling and capacity  
24               forecasting.

25          (I) Reduced cost of service for consumers.

1                   *(J) Diversification of generation sources.*

2                   *(3) STEERING COMMITTEE.—Not later than 90*  
3                   *days after the date of enactment of this Act, the Sec-*  
4                   *retary shall establish a steering committee to help de-*  
5                   *velop the pathways under paragraph (1), to be com-*  
6                   *posed of members appointed by the Secretary, con-*  
7                   *sisting of persons with appropriate expertise rep-*  
8                   *resenting a diverse range of interests in the public,*  
9                   *private, and academic sectors, including representa-*  
10                  *tives of—*

11                   *(A) the Federal Energy Regulatory Com-*  
12                  *mission;*

13                   *(B) the National Laboratories;*

14                   *(C) States;*

15                   *(D) State regulatory authorities;*

16                   *(E) transmission organizations;*

17                   *(F) representatives of all sectors of the elec-*  
18                  *tric power industry;*

19                   *(G) institutions of higher education;*

20                   *(H) independent research institutes; and*

21                   *(I) other entities.*

22                  *(b) TECHNICAL ASSISTANCE.—The Secretary may pro-*  
23                  *vide technical assistance to States, Indian Tribes, or units*  
24                  *of local government to adopt or implement one or more ele-*

1 *ments of the pathways developed under subsection (a)(1),*  
2 *including on a pilot basis.*

3 **SEC. 8009. PERFORMANCE METRICS FOR ELECTRICITY IN-**  
4 **FRASTRUCTURE PROVIDERS.**

5 *(a) IN GENERAL.—Not later than 2 years after the*  
6 *date of enactment of this Act, the Secretary of Energy, in*  
7 *consultation with the steering committee established under*  
8 *section 8008(a)(3), shall submit to the Committee on En-*  
9 *ergy and Natural Resources of the Senate and the Com-*  
10 *mittee on Energy and Commerce of the House of Represent-*  
11 *atives a report that includes—*

12 *(1) an evaluation of the performance of the elec-*  
13 *tric grid as of the date of the report; and*

14 *(2) a description of the projected range of meas-*  
15 *urable costs and benefits associated with the changes*  
16 *evaluated under the scenarios developed under section*  
17 *1304A of the Energy Independence and Security Act*  
18 *of 2007.*

19 *(b) CONSIDERATIONS FOR DEVELOPMENT OF*  
20 *METRICS.—In developing metrics for the evaluation and*  
21 *projections under subsection (a), the Secretary of Energy*  
22 *shall consider—*

23 *(1) standard methodologies for calculating im-*  
24 *provements or deteriorations in the performance*  
25 *metrics, such as reliability, grid efficiency, power*

1 *quality, consumer satisfaction, sustainability, and fi-*  
2 *nancial incentives;*

3 *(2) standard methodologies for calculating poten-*  
4 *tial costs and measurable benefits value to ratepayers,*  
5 *applying the performance metrics developed under*  
6 *paragraph (1);*

7 *(3) identification of tools, resources, and deploy-*  
8 *ment models that may enable improved performance*  
9 *through the adoption of emerging, commercially*  
10 *available or advanced grid technologies or solutions,*  
11 *including—*

12 *(A) multicustomer micro-grids;*

13 *(B) distributed energy resources;*

14 *(C) energy storage;*

15 *(D) electric vehicles;*

16 *(E) electric vehicle charging infrastructure;*

17 *(F) integrated information and communica-*  
18 *tions systems;*

19 *(G) transactive energy systems; and*

20 *(H) advanced demand management sys-*  
21 *tems; and*

22 *(4) the role of States and local regulatory au-*  
23 *thorities in enabling a robust future electric grid to*  
24 *ensure that—*

1           (A) *electric utilities remain financially via-*  
2           *ble;*

3           (B) *electric utilities make the needed invest-*  
4           *ments that ensure a reliable, secure, and resilient*  
5           *grid; and*

6           (C) *costs incurred to transform to an inte-*  
7           *grated grid are allocated and recovered respon-*  
8           *sibly, efficiently, and equitably.*

9   **SEC. 8010. VOLUNTARY STATE, REGIONAL, AND LOCAL**  
10           **ELECTRICITY DISTRIBUTION PLANNING.**

11       (a) *IN GENERAL.*—*On the request of a State, regional*  
12       *organization, or electric utility, the Secretary of Energy*  
13       *shall provide assistance to States, regional organizations,*  
14       *and electric utilities to facilitate the development of State,*  
15       *regional, and local electricity distribution plans by—*

16           (1) *conducting a resource assessment and anal-*  
17           *ysis of future demand and distribution requirements;*  
18           *and*

19           (2) *developing open source tools for State, re-*  
20           *gional, and local planning and operations.*

21       (b) *RISK AND SECURITY ANALYSIS.*—*The assessment*  
22       *under subsection (a)(1) shall include—*

23           (1) *the evaluation of the physical security, cyber-*  
24           *security, and associated communications needs of an*

1       *advanced distribution management system and the*  
2       *integration of distributed energy resources; and*

3               (2) *advanced use of grid architecture to analyze*  
4       *risks in an all-hazards approach that includes com-*  
5       *munications infrastructure, control systems architec-*  
6       *ture, and power systems architecture.*

7       (c) *DESIGNATION.*—*The information collected for the*  
8       *assessment and analysis under subsection (a)(1)—*

9               (1) *shall be considered to be critical electric in-*  
10       *frastructure information under section 215A of the*  
11       *Federal Power Act (16 U.S.C. 824o–1); and*

12              (2) *shall only be released in compliance with reg-*  
13       *ulations implementing that section.*

14       (d) *TECHNICAL ASSISTANCE.*—*For the purpose of as-*  
15       *sisting in the development of State and regional electricity*  
16       *distribution plans, the Secretary shall provide technical as-*  
17       *sistance to—*

18              (1) *States;*

19              (2) *regional reliability entities; and*

20              (3) *other distribution asset owners and opera-*  
21       *tors.*

22       (e) *WITHDRAWAL.*—*A State or any entity that has re-*  
23       *quested technical assistance under this section may with-*  
24       *draw the request for technical assistance at any time, and*

1 *on such withdrawal, the Secretary shall terminate all as-*  
2 *sistance efforts.*

3 (f) *EFFECT.*—*Nothing in this section authorizes the*  
4 *Secretary to require any State, regional organization, re-*  
5 *gional reliability entity, asset owner, or asset operator to*  
6 *adopt any model, tool, plan, analysis, or assessment.*

7 **SEC. 8011. MICRO-GRID AND INTEGRATED MICRO-GRID SYS-**  
8 **TEMS PROGRAM.**

9 (a) *DEFINITIONS.*—*In this section:*

10 (1) *INTEGRATED MICRO-GRID SYSTEM.*—*The*  
11 *term “integrated micro-grid system” means a micro-*  
12 *grid system that—*

13 (A) *comprises generation from both conven-*  
14 *tional and renewable energy resources; and*

15 (B) *may use grid-scale energy storage.*

16 (2) *ISOLATED COMMUNITY.*—*The term “isolated*  
17 *community” means a community that is powered by*  
18 *a stand-alone electric generation and distribution sys-*  
19 *tem without the economic and reliability benefits of*  
20 *connection to a regional electric grid.*

21 (3) *MICRO-GRID SYSTEM.*—*The term “micro-grid*  
22 *system” means a localized grid that operates autono-*  
23 *mously, regardless of whether the grid can operate in*  
24 *connection with another grid.*

1           (4) *RURAL ELECTRIC COOPERATIVE.*—*The term*  
2           *“rural electric cooperative” means an electric coopera-*  
3           *tive (as defined in section 3 of the Federal Power Act*  
4           *(16 U.S.C. 796)) that sells electric energy to persons*  
5           *in rural areas.*

6           (5) *STRATEGY.*—*The term “strategy” means the*  
7           *strategy developed pursuant to subsection (b)(2)(B).*

8           **(b) PROGRAM.**—

9           (1) *ESTABLISHMENT.*—*The Secretary of Energy*  
10           *(in this section referred to as the “Secretary”) shall*  
11           *establish a program to promote the development of—*

12                   (A) *integrated micro-grid systems for iso-*  
13                   *lated communities; and*

14                   (B) *micro-grid systems to increase the resil-*  
15                   *ience of critical infrastructure.*

16           (2) *REQUIREMENTS.*—*The program established*  
17           *under paragraph (1) shall—*

18                   (A) *develop a feasibility assessment for—*

19                           (i) *integrated micro-grid systems in*  
20                           *isolated communities; and*

21                           (ii) *micro-grid systems to enhance the*  
22                           *resilience of critical infrastructure;*

23                   (B) *develop an implementation strategy, in*  
24                   *accordance with paragraph (3), to promote the*  
25                   *development of integrated micro-grid systems for*

1           *isolated communities, particularly for those com-*  
2           *munities exposed to extreme weather conditions*  
3           *and high energy costs, including electricity,*  
4           *space heating and cooling, and transportation;*

5           *(C) develop an implementation strategy to*  
6           *promote the development of micro-grid systems*  
7           *that increase the resilience of critical infrastruc-*  
8           *ture; and*

9           *(D) carry out cost-shared demonstration*  
10          *projects, based upon the strategies developed*  
11          *under subparagraph (B) that include the devel-*  
12          *opment of physical and cybersecurity plans to*  
13          *take appropriate measures to protect and secure*  
14          *the electric grid.*

15          (3) *REQUIREMENTS FOR STRATEGY.*—*In devel-*  
16          *oping the strategy under paragraph (2)(B), the Sec-*  
17          *retary shall consider—*

18                *(A) opportunities for improving the effi-*  
19                *ciency of existing integrated micro-grid systems;*

20                *(B) the capacity of the local workforce to*  
21                *operate, maintain, and repair a integrated*  
22                *micro-grid system as well as opportunities to im-*  
23                *prove that capacity;*

24                *(C) leveraging existing capacity within*  
25                *local or regional research organizations, such as*

1            *organizations based at institutions of higher edu-*  
2            *cation, to support development of integrated*  
3            *micro-grid systems, including by testing novel*  
4            *components and systems prior to field deploy-*  
5            *ment;*

6            *(D) the need for basic infrastructure to de-*  
7            *velop, deploy, and sustain a integrated micro-*  
8            *grid system;*

9            *(E) input of traditional knowledge from*  
10           *local leaders of isolated communities in the de-*  
11           *velopment of a integrated micro-grid system;*

12           *(F) the impact of integrated micro-grid sys-*  
13           *tems on defense, homeland security, economic de-*  
14           *velopment, and environmental interests;*

15           *(G) opportunities to leverage existing inter-*  
16           *agency coordination efforts and recommenda-*  
17           *tions for new interagency coordination efforts to*  
18           *minimize unnecessary overhead, mobilization,*  
19           *and other project costs; and*

20           *(H) any other criteria the Secretary deter-*  
21           *mines appropriate.*

22           *(c) COLLABORATION.—The program established under*  
23           *subsection (b)(1) shall be carried out in collaboration with*  
24           *relevant stakeholders, including, as appropriate—*

25           *(1) States;*

- 1           (2) *Indian Tribes;*
- 2           (3) *regional entities and regulators;*
- 3           (4) *units of local government;*
- 4           (5) *institutions of higher education; and*
- 5           (6) *private sector entities.*

6           (d) *REPORT.*—*Not later than 180 days after the date*  
7 *of enactment of this Act, and annually thereafter until cal-*  
8 *endar year 2029, the Secretary shall submit to the Com-*  
9 *mittee on Energy and Natural Resources of the Senate and*  
10 *the Committee on Energy and Commerce of the House of*  
11 *Representatives a report on the efforts to implement the pro-*  
12 *gram established under subsection (b)(1) and the status of*  
13 *the strategy developed under subsection (b)(2)(B).*

14          (e) *BARRIERS AND BENEFITS TO MICRO-GRID SYS-*  
15 *TEMS.*—

16           (1) *REPORT.*—*Not later than 270 days after the*  
17 *date of enactment of this Act, the Secretary shall sub-*  
18 *mit to the Committee on Energy and Natural Re-*  
19 *sources of the Senate and the Committee on Energy*  
20 *and Commerce of the House of Representatives a re-*  
21 *port on the benefits of, and barriers to, implementing*  
22 *resilient micro-grid systems that are—*

23                   (A)(i) *owned or operated by an isolated*  
24                   *community, rural electric cooperative, or munic-*  
25                   *ipal government; or*

1           (ii) operated on behalf of a municipal gov-  
2           ernment or rural electric cooperative; and

3           (B) designed to maximize the use of—

4                 (i) energy-generation facilities owned  
5                 or operated by isolated communities; or

6                 (ii) a municipal or rural electric coop-  
7                 erative energy-generation facility.

8           (2) *GRANTS TO OVERCOME BARRIERS.*—*The Sec-*  
9           *retary shall award grants of not more than \$500,000*  
10           *to not fewer than 20 municipal governments, rural*  
11           *electric cooperatives, or isolated communities, up to a*  
12           *total of \$15,000,000, each year to assist those munic-*  
13           *ipal governments, rural electric cooperatives, and iso-*  
14           *lated communities in overcoming the barriers identi-*  
15           *fied in the report under paragraph (1).*

16 **SEC. 8012. TECHNICAL AMENDMENTS; AUTHORIZATION OF**  
17 **APPROPRIATIONS.**

18           (a) *TECHNICAL AMENDMENTS.*—

19                 (1) *ENERGY INDEPENDENCE AND SECURITY ACT*  
20                 *OF 2007.*—*Section 1(b) of the Energy Independence*  
21                 *and Security Act of 2007 is amended in the table of*  
22                 *contents—*

23                         (A) *by inserting the following after the item*  
24                         *related to section 136:*

                                  “*Sec. 137. Research and development into integrating electric vehicles onto the  
                                  electric grid.*”;

1                   (B) by inserting the following after the item  
2                   related to section 1304:

“Sec. 1304A. Smart grid modeling, visualization, architecture, and controls.”;  
and

3                   (C) by inserting the following after the item  
4                   related to section 1309:

“Sec. 1310. Integrated energy systems.  
“Sec. 1311. Advisory committee.”.

5                   (2) *ENERGY POLICY ACT OF 2005*.—Section 1(b)  
6                   of the *Energy Policy Act of 2005* is amended in the  
7                   table of contents by inserting the following after the  
8                   item related to section 935:

“Sec. 936. Research and development into integrating renewable energy onto the  
electric grid.”.

9                   (b) *AUTHORIZATION OF APPROPRIATIONS*.—There are  
10 authorized to be appropriated—

11                   (1) to carry out section 8006 and the amend-  
12                   ments made by sections 8001, 8002, and 8005 of this  
13                   title—

14                               (A) \$175,000,000 for fiscal year 2021;

15                               (B) \$180,000,000 for fiscal year 2022;

16                               (C) \$185,000,000 for fiscal year 2023;

17                               (D) \$190,000,000 for fiscal year 2024; and

18                               (E) \$199,500,000 for fiscal year 2025;

19                   (2) to carry out sections 8007, 8008, 8009, 8010,  
20                   and 8011 of this title \$175,000,000 for each of fiscal  
21                   years 2021 through 2025;

22                   (3) to carry out section 8003 of this title—

- 1 (A) \$21,000,000 for fiscal year 2021;
- 2 (B) \$22,050,000 for fiscal year 2022;
- 3 (C) \$23,153,000 for fiscal year 2023;
- 4 (D) \$24,310,000 for fiscal year 2024; and
- 5 (E) \$25,525,000 for fiscal year 2025; and
- 6 (4) to carry out section 8004 of this title—
- 7 (A) \$52,500,000 for fiscal year 2021;
- 8 (B) \$55,152,000 for fiscal year 2022;
- 9 (C) \$57,882,000 for fiscal year 2023;
- 10 (D) \$60,775,000 for fiscal year 2024; and
- 11 (E) \$63,814,000 for fiscal year 2025.

12 **SEC. 8013. INDIAN ENERGY.**

13 (a) *DEFINITION OF INDIAN LAND.*—Section 2601(2) of  
14 the Energy Policy Act of 1992 (25 U.S.C. 3501(2)) is  
15 amended—

- 16 (1) in subparagraph (B)(iii), by striking “and”;
- 17 (2) in subparagraph (C), by striking “land.”  
18 and inserting “land;”; and
- 19 (3) by adding at the end the following subpara-  
20 graphs:

21 “(D) any land located in a census tract in  
22 which the majority of residents are Natives (as  
23 defined in section 3(b) of the Alaska Native  
24 Claims Settlement Act (43 U.S.C. 1602(b))); and

1           “(E) any land located in a census tract in  
2           which the majority of residents are persons who  
3           are enrolled members of a federally recognized  
4           Tribe or village.”.

5           (b) *REDUCTION OF COST SHARE.*—Section 2602(b)(5)  
6 of the Energy Policy Act of 1992 (25 U.S.C. 3502(b)(5))  
7 is amended by adding at the end the following subpara-  
8 graphs:

9           “(D) The Secretary of Energy may reduce any  
10          applicable cost share required of an Indian tribe,  
11          intertribal organization, or tribal energy development  
12          organization in order to receive a grant under this  
13          subsection to not less than 10 percent if the Indian  
14          tribe, intertribal organization, or tribal energy devel-  
15          opment organization meets criteria developed by the  
16          Secretary of Energy, including financial need.

17          “(E) Section 988 of the Energy Policy Act of  
18          2005 (42 U.S.C. 16352) shall not apply to assistance  
19          provided under this subsection.”.

20          (c) *AUTHORIZATION OF APPROPRIATIONS.*—Section  
21 2602(b)(7) of the Energy Policy Act of 1992 (25 U.S.C.  
22 3502(b)(7)) is amended by striking “ \$20,000,000 for each  
23 of fiscal years 2006 through 2016” and inserting “  
24 \$30,000,000 for each of fiscal years 2021 through 2025”.

2 **ABILITY.**

3 (a) *ASSESSMENT.*—*The Secretary of Energy shall con-*  
4 *duct an assessment of the status of access to electricity by*  
5 *households residing in Tribal communities or on Indian*  
6 *land, and the reliability of electric service available to*  
7 *households residing in Tribal communities or on Indian*  
8 *land, as compared to the status of access to and reliability*  
9 *of electricity within neighboring States or within the State*  
10 *in which Indian land is located.*

11 (b) *CONSULTATION.*—*The Secretary of Energy shall*  
12 *consult with Indian Tribes, Tribal organizations, the North*  
13 *American Electricity Reliability Corporation, and the Fed-*  
14 *eral Energy Regulatory Commission in the development*  
15 *and conduct of the assessment under subsection (a). Indian*  
16 *Tribes and Tribal organizations shall have the opportunity*  
17 *to review and make recommendations regarding the devel-*  
18 *opment of the assessment and the findings of the assessment,*  
19 *prior to the submission of the report under subsection (c).*

20 (c) *REPORT.*—*Not later than 18 months after the date*  
21 *of enactment of this Act, the Secretary of Energy shall sub-*  
22 *mit to the Committee on Energy and Commerce of the*  
23 *House of Representatives and the Committee on Energy and*  
24 *Natural Resources of the Senate a report on the results of*  
25 *the assessment conducted under subsection (a), which shall*  
26 *include—*

1           (1) a description of generation, transmission,  
2           and distribution assets available to provide electricity  
3           to households residing in Tribal communities or on  
4           Indian land;

5           (2) a survey of the retail and wholesale prices of  
6           electricity available to households residing in Tribal  
7           communities or on Indian land;

8           (3) a description of participation of Tribal mem-  
9           bers in the electric utility workforce, including the  
10          workforce for construction and maintenance of renew-  
11          able energy resources and distributed energy re-  
12          sources;

13          (4) the percentage of households residing in Trib-  
14          al communities or on Indian land that do not have  
15          access to electricity;

16          (5) the potential of distributed energy resources  
17          to provide electricity to households residing in Tribal  
18          communities or on Indian land;

19          (6) the potential for tribally-owned electric utili-  
20          ties or electric utility assets to participate in or ben-  
21          efit from regional electricity markets;

22          (7) a description of the barriers to providing ac-  
23          cess to electric service to households residing in Tribal  
24          communities or on Indian land; and

1           (8) *recommendations to improve access to and*  
2           *reliability of electric service for households residing in*  
3           *Tribal communities or on Indian land.*

4           (d) *DEFINITIONS.—In this section:*

5           (1) *TRIBAL MEMBER.—The term “Tribal mem-*  
6           *ber” means a person who is an enrolled member of a*  
7           *federally recognized Tribe or village.*

8           (2) *TRIBAL COMMUNITY.—The term “Tribal com-*  
9           *munity” means a community in a United States cen-*  
10          *sus tract in which the majority of residents are per-*  
11          *sons who are enrolled members of a federally recog-*  
12          *nized Tribe or village.*

13 **SEC. 8015. NET METERING STUDY AND EVALUATION.**

14          (a) *IN GENERAL.—Not later than 180 days after the*  
15          *date of enactment of this Act, the Secretary of Energy shall*  
16          *seek to enter into an agreement with the National Acad-*  
17          *emies of Sciences, Engineering, and Medicine (referred to*  
18          *in this section as the “National Academies”) under which*  
19          *the National Academies shall—*

20                 (1) *study the opportunities and challenges associ-*  
21                 *ated with net metering; and*

22                 (2) *evaluate the expected medium- and long-term*  
23                 *impacts of net metering.*

1       **(b) ELEMENTS.**—*The study and evaluation conducted*  
2 *pursuant to the agreement entered into under subsection (a)*  
3 *shall address—*

4           (1) *developments in net metering, including the*  
5 *emergence of new technologies;*

6           (2) *alternatives to existing metering systems*  
7 *that—*

8                   (A) *provide for transactions that—*

9                           (i) *measure electric energy consump-*

11 *facility of that electric consumer; and*

12                           (ii) *are capable of sending electric en-*  
13 *ergy usage information through a commu-*  
14 *nications network to an electric utility;*

15                   (B) *promote equitable distribution of re-*  
16 *sources and costs; and*

17                   (C) *provide incentives for the use of distrib-*  
18 *uted renewable generation;*

19           (3) *net metering planning and operating tech-*  
20 *niques;*

21           (4) *effective architecture for net metering;*

22           (5) *successful net metering business models;*

23           (6) *consumer and industry incentives for net me-*  
24 *tering;*

1           (7) *the role of renewable resources in the electric*  
2 *grid;*

3           (8) *the role of net metering in developing future*  
4 *models for renewable infrastructure; and*

5           (9) *the use of battery storage with net metering.*

6       (c) *REPORT.—*

7           (1) *IN GENERAL.—The agreement entered into*  
8 *under subsection (a) shall require the National Acad-*  
9 *emies to submit to the Secretary of Energy, not later*  
10 *than 2 years after entering into the agreement, a re-*  
11 *port that describes the results of the study and evalua-*  
12 *tion conducted pursuant to the agreement.*

13           (2) *PUBLIC AVAILABILITY.—The report submitted*  
14 *under paragraph (1) shall be made available to the*

19 **SEC. 9002. LAB PARTNERING SERVICE PILOT PROGRAM.**

20           (a) *PILOT PROGRAM.—*

21           (1) *IN GENERAL.—The Secretary of Energy (in*  
22 *this section referred to as the “Secretary”), acting*  
23 *through the Chief Commercialization Officer estab-*  
24 *lished in section 1001(a) of the Energy Policy Act of*  
25 *2005 (42 U.S.C. 16391(a)), shall establish a Lab*

1 *Partnering Service Pilot Program (hereinafter in this*  
2 *section referred to as the “pilot program”).*

3 (2) *PURPOSES.—The purposes of the pilot pro-*  
4 *gram are to provide services that encourage and sup-*  
5 *port partnerships between the National Laboratories*  
6 *and public and private sector entities, and to improve*  
7 *communication of research, development, demonstra-*  
8 *tion, and commercial application projects and oppor-*  
9 *tunities at the National Laboratories to potential*  
10 *partners through the development of a website and the*  
11 *provision of services, in collaboration with relevant*  
12 *external entities, and to identify and develop metrics*  
13 *regarding the effectiveness of such partnerships.*

14 (3) *ACTIVITIES.—In carrying out this pilot pro-*  
15 *gram, the Secretary shall—*

16 (A) *conduct outreach to and engage with*  
17 *relevant public and private entities;*

18 (B) *identify and disseminate best practices*  
19 *for strengthening connections between the Na-*  
20 *tional Laboratories and public and private sec-*  
21 *tor entities; and*

22 (C) *develop a website to disseminate infor-*  
23 *mation on—*

24 (i) *different partnering mechanisms for*  
25 *working with the National Laboratories;*

1                   (ii) *National Laboratory experts and*  
2                   *research areas; and*

3                   (iii) *National Laboratory facilities and*  
4                   *user facilities.*

5           (b) *METRICS.—The Secretary shall support the devel-*  
6 *opment of metrics, including conversion metrics, to deter-*  
7 *mine the effectiveness of the pilot program in achieving the*  
8 *purposes in subsection (a) and the number and types of*  
9 *partnerships established between public and private sector*  
10 *entities and the National Laboratories compared to baseline*  
11 *data.*

12           (c) *COORDINATION.—In carrying out the activities au-*  
13 *thorized in this section, the Secretary shall coordinate with*  
14 *the Directors of (and dedicated technology transfer staff at)*  
15 *the National Laboratories, in particular for matchmaking*  
16 *services for individual projects, which should be led by the*  
17 *National Laboratories.*

18           (d) *FUNDING EMPLOYEE PARTNERING ACTIVITIES.—*  
19 *The Secretary shall delegate to the Directors of each Na-*  
20 *tional Laboratory and single-purpose research facility of*  
21 *the Department the authority to compensate National Lab-*  
22 *oratory employees providing services under this section.*

23           (e) *DURATION.—Subject to the availability of appro-*  
24 *priations, the pilot program established in this section shall*

1 *operate for not less than 3 years and may be built off an*  
2 *existing program.*

3       (f) *EVALUATION.*—*Not later than 6 months after the*  
4 *completion of this pilot program, the Secretary shall sup-*  
5 *port the evaluation of the success of the pilot program in*  
6 *achieving the purposes in subsection (a) and shall submit*  
7 *the evaluation to the Committee on Science, Space, and*  
8 *Technology of the House of Representatives and the Com-*  
9 *mittee on Energy and Natural Resources of the Senate. The*  
10 *assessment shall include analyses of the performance of the*  
11 *pilot program based on the metrics developed under sub-*  
12 *section (b).*

13       (g) *DEFINITION.*—*In this section, the term “National*  
14 *Laboratory” has the meaning given such term in section*  
15 *2(3) of the Energy Policy Act of 2005 (42 U.S.C. 15801(3)).*

16 **SEC. 9003. TECHNOLOGY COMMERCIALIZATION FUND.**

17       *Section 1001(e) of the Energy Policy Act of 2005 (42*  
18 *U.S.C. 16391(e)) is amended to read as follows:*

19       “(e) *TECHNOLOGY COMMERCIALIZATION FUND.*—

20               “(1) *ESTABLISHMENT.*—*The Secretary, acting*  
21 *through the Chief Commercialization Officer estab-*  
22 *lished in section 1001(a) of the Energy Policy Act of*  
23 *2005 (42 U.S.C. 16391(a)), shall establish a Tech-*  
24 *nology Commercialization Fund (hereafter referred to*  
25 *as the ‘Fund’), using nine-tenths of one percent of the*

1     *amount of appropriations made available to the De-*  
2     *partment for applied energy research, development,*  
3     *demonstration, and commercial application for each*  
4     *fiscal year, to be used to provide, in accordance with*  
5     *the cost-sharing requirements under section 988,*  
6     *funds to private partners, including national labora-*  
7     *tories, to promote promising energy technologies for*  
8     *commercial purposes.*

9             “(2) *APPLICATIONS.—*

10            “(A) *CONSIDERATIONS.—The Secretary*  
11            *shall develop criteria for evaluating applications*  
12            *for funding under this section, which may in-*  
13            *clude—*

14                    “(i) *the potential that a proposed tech-*  
15                    *nology will result in a commercially suc-*  
16                    *cessful product within a reasonable time-*  
17                    *frame; and*

18                    “(ii) *the relative maturity of a pro-*  
19                    *posed technology for commercial applica-*  
20                    *tion.*

21            “(B) *SELECTIONS.—In awarding funds*  
22            *under this section, the Secretary may give spe-*  
23            *cial consideration to applications that involve at*  
24            *least one applicant that has participated in an*

1           *entrepreneurial or commercialization training*  
2           *program, such as Energy Innovation Corps.*

3           “(f) *ANNUAL REPORT.*—*The Secretary shall include in*  
4 *the annual report required under section 9007(a) of the En-*  
5 *ergy Act of 2020—*

6           “(1) *description of the projects carried out with*  
7 *awards from the Fund for that fiscal year;*

8           “(2) *each project’s cost-share for that fiscal year;*  
9           *and*

10           “(3) *each project’s partners for that fiscal year.*

11           “(g) *TECHNOLOGY COMMERCIALIZATION FUND RE-*  
12 *PORT.*—

13           “(1) *IN GENERAL.*—*Not later than 1 year after*  
14 *the date of enactment of the Energy Act of 2020, the*  
15 *Secretary shall submit to the Committee on Science,*  
16 *Space, and Technology and Committee on Appropria-*  
17 *tions of the House of Representatives and the Com-*  
18 *mittee on Energy and Natural Resources and Com-*  
19 *mittee on Appropriations of the Senate a report on*  
20 *the current and recommended implementation of the*  
21 *Fund.*

22           “(2) *CONTENTS.*—*The report under subpara-*  
23 *graph (A) shall include—*

24           “(A) *a summary, with supporting data, of*  
25 *how much Department program offices con-*

1           *tribute to and use the Fund each year, including*  
2           *a list of current funding restrictions;*

3                   “(B) *recommendations on how to improve*  
4           *implementation and administration of the Fund;*  
5           *and*

6                   “(C) *an analysis on how to spend funds op-*  
7           *timally on technology areas that have the great-*  
8           *est need and opportunity for commercial appli-*  
9           *cation, rather than spending funds at the pro-*  
10          *grammatic level or under current funding re-*  
11          *strictions.”.*

12   **SEC. 9004. STREAMLINING PRIZE COMPETITIONS.**

13          *Section 1008 of the Energy Policy Act of 2005 (42*  
14   *U.S.C. 16396) is amended by inserting after subsection (d)*  
15   *the following (and redesignating subsections (f) and (g) as*  
16   *subsections (g) and (h), respectively):*

17           “(e) *COORDINATION.—In carrying out subsection (a),*  
18   *and for any prize competitions under section 105 of the*  
19   *America Creating Opportunities to Meaningfully Promote*  
20   *Excellence in Technology, Education, and Science Reau-*  
21   *thorization Act of 2010, the Secretary shall—*

22                   “(1) *issue Department-wide guidance on the de-*  
23          *sign, development, and implementation of prize com-*  
24          *petitions;*

1           “(2) collect and disseminate best practices on the  
2           design and administration of prize competitions;

3           “(3) streamline contracting mechanisms for the  
4           implementation of prize competitions; and

5           “(4) provide training and prize competition de-  
6           sign support, as necessary, to Department staff to de-  
7           velop prize competitions and challenges.”.

8   **SEC. 9005. MILESTONE-BASED DEMONSTRATION PROJECTS.**

9           (a) *IN GENERAL.*—Acting under section 646(g) of the  
10 *Department of Energy Organization Act* (42 U.S.C.  
11 7256(g)), notwithstanding paragraph (10) of such section,  
12 *the Secretary of Energy* (in this section referred to as the  
13 “Secretary”) may carry out demonstration projects as a  
14 *milestone-based demonstration project* that requires par-  
15 *ticular technical and financial milestones to be met before*  
16 *a participant is awarded grants by the Department through*  
17 *a competitive award process.*

18           (b) *REQUIREMENTS.*—In carrying out milestone-based  
19 *demonstration projects under the authority in paragraph*  
20 *(1), the Secretary shall, for each relevant project—*

21                   (1) *request proposals from eligible entities, as de-*  
22                   *termined by the Secretary, including—*

23                           (A) *a business plan, that may include a*  
24                           *plan for scalable manufacturing and a plan for*  
25                           *addressing supply chain gaps;*

1           (B) a plan for raising private sector invest-  
2           ment; and

3           (C) proposed technical and financial mile-  
4           stones, including estimated project timelines and  
5           total costs; and

6           (2) award funding of a predetermined amount to  
7           projects that successfully meet proposed milestones  
8           under paragraph (1)(C) or for expenses deemed reim-  
9           bursable by the Secretary, in accordance with terms  
10          negotiated for an individual award;

11          (3) require cost sharing in accordance with sec-  
12          tion 988 of the Energy Policy Act of 2005; and

13          (4) communicate regularly with selected eligible  
14          entities and, if the Secretary deems appropriate, exer-  
15          cise small amounts of flexibility for technical and fi-  
16          nancial milestones as projects mature.

17          (c) AWARDS.—For the program established under sub-  
18          section (a)—

19               (1) an award recipient shall be responsible for  
20               all costs until milestones are achieved, or reimburs-  
21               able expenses are reviewed and verified by the Depart-  
22               ment; and

23               (2) should an awardee not meet the milestones  
24               described in subsection (a), the Secretary or their des-  
25               ignee may end the partnership with an award recipi-

1        *ent and use the remaining funds in the ended agree-*

3        *this section.*

4        *(d) PROJECT MANAGEMENT.—In carrying out projects*  
5        *under this program and assessing the completion of their*  
6        *milestones in accordance with subsection (b), the Secretary*  
7        *shall consult with experts that represent diverse perspectives*  
8        *and professional experiences, including those from the pri-*  
9        *vate sector, to ensure a complete and thorough review.*

10       *(e) REPORT.—In accordance with section 9007(a), the*  
11       *Secretary shall report annually on any demonstration*  
12       *projects carried out using the authorities under this section.*

13       **SEC. 9006. OTHER TRANSACTION AUTHORITY EXTENSION.**

14       *(a) Subsection 646(g)(10) of the Department of Energy*  
15       *Organization Act (42 U.S.C. 7256(g)(10)) is amended by*  
16       *striking “September 30, 2020” and inserting “September*

19       *and Economic Development Act of 1965 (42 U.S.C. 3212)*  
20       *shall apply with respect to construction, alteration, or re-*  
21       *pair work of demonstration projects funded by grants or*  
22       *contracts authorized under sections 3001, 3003, 3004, 5001,*  
23       *and 8007 and the amendments made by such sections.*

1 **SEC. 9007. TECHNOLOGY TRANSFER REPORTS AND EVALUA-**  
2 **TION.**

3 (a) *ANNUAL REPORT.*—As part of the updated tech-  
4 nology transfer execution plan required each year under sec-  
5 tion 1001(h)(2) of the Energy Policy Act of 2005 (42 U.S.C.  
6 16391(g)(2)), the Secretary of Energy (in this section re-  
7 ferred to as the “Secretary”) shall submit to the Committee  
8 on Science, Space, and Technology of the House of Rep-  
9 resentatives and the Committee on Energy and Natural Re-  
10 sources of the Senate a report on the progress and imple-  
11 mentation of programs established under sections 9001,  
12 9002, 9003, 9004, and 9005 of this Act.

13 (b) *EVALUATION.*—Not later than 3 years after the en-  
14 actment of this Act and every 3 years thereafter the Sec-  
15 retary shall submit to the Committee on Science, Space, and  
16 Technology of the House of Representatives and the Com-  
17 mittee on Energy and Natural Resources of the Senate an  
18 evaluation on the extent to which programs established  
19 under sections 9001, 9002, 9003, 9004, and 9005 of this  
20 Act are achieving success based on relevant short-term and  
21 long-term metrics.

22 (c) *REPORT ON TECHNOLOGY TRANSFER GAPS.*—Not  
23 later than 3 years after the enactment of this Act, the Sec-  
24 retary shall enter into an agreement with the National  
25 Academies of Science, Engineering, and Medicine to submit  
26 to the Committee on Science, Space, and Technology of the

1 *House of Representatives and the Committee on Energy and*  
2 *Natural Resources of the Senate a report on programmatic*  
3 *gaps that exist to advance the commercial application of*  
4 *technologies developed at the National Laboratories (as de-*

12 *(b) VETERANS HEALTH RESEARCH AND DEVELOP-*  
13 *MENT.—*

14 *(1) IN GENERAL.—The Secretary of Energy (in*  
15 *this section referred to as the “Secretary”) shall estab-*  
16 *lish and carry out a research program in artificial*  
17 *intelligence and high-performance computing, focused*  
18 *on the development of tools to solve large-scale data*  
19 *analytics and management challenges associated with*  
20 *veteran’s healthcare, and to support the efforts of the*  
21 *Department of Veterans Affairs to identify potential*  
22 *health risks and challenges utilizing data on long-*  
23 *term healthcare, health risks, and genomic data col-*  
24 *lected from veteran populations. The Secretary shall*  
25 *carry out this program through a competitive, merit-*

1 *reviewed process, and consider applications from Na-*  
2 *tional Laboratories, institutions of higher education,*  
3 *multi-institutional collaborations, and other appro-*  
4 *prate entities.*

5 (2) *PROGRAM COMPONENTS.—In carrying out*  
6 *the program established under paragraph (1), the Sec-*  
7 *retary may—*

8 (A) *conduct basic research in modeling and*  
9 *simulation, machine learning, large-scale data*  
10 *analytics, and predictive analysis in order to de-*  
11 *velop novel or optimized algorithms for pre-*  
12 *diction of disease treatment and recovery;*

13 (B) *develop methods to accommodate large*  
14 *data sets with variable quality and scale, and to*  
15 *provide insight and models for complex systems;*

16 (C) *develop new approaches and maximize*  
17 *the use of algorithms developed through artificial*  
18 *intelligence, machine learning, data analytics,*  
19 *natural language processing, modeling and sim-*  
20 *ulation, and develop new algorithms suitable for*  
21 *high-performance computing systems and large*  
22 *biomedical data sets;*

23 (D) *advance existing and construct new*  
24 *data enclaves capable of securely storing data*  
25 *sets provided by the Department of Veterans Af-*

1       *fairs, Department of Defense, and other sources;*  
2       *and*

3               *(E) promote collaboration and data sharing*  
4       *between National Laboratories, research entities,*  
5       *and user facilities of the Department by pro-*  
6       *viding the necessary access and secure data*  
7       *transfer capabilities.*

8               *(3) COORDINATION.—In carrying out the pro-*  
9       *gram established under paragraph (1), the Secretary*  
10       *is authorized—*

11               *(A) to enter into memoranda of under-*  
12       *standing in order to carry out reimbursable*  
13       *agreements with the Department of Veterans Af-*  
14       *fairs and other entities in order to maximize the*  
15       *effectiveness of Department research and develop-*  
16       *ment to improve veterans' healthcare;*

17               *(B) to consult with the Department of Vet-*  
18       *erans Affairs and other Federal agencies as ap-*  
19       *propriate; and*

20               *(C) to ensure that data storage meets all*  
21       *privacy and security requirements established by*  
22       *the Department of Veterans Affairs, and that ac-*  
23       *cess to data is provided in accordance with rel-*  
24       *evant Department of Veterans Affairs data access*  
25       *policies, including informed consent.*

1           (4) *REPORT.*—Not later than 2 years after the  
2           date of enactment of this Act, the Secretary shall sub-  
3           mit to the Committee on Energy and Natural Re-  
4           sources and the Committee on Veterans' Affairs of the  
5           Senate, and the Committee on Science, Space, and  
6           Technology and the Committee on Veterans' Affairs of  
7           the House of Representatives, a report detailing the  
8           effectiveness of—

9                   (A) the interagency coordination between  
10                  each Federal agency involved in the research pro-  
11                  gram carried out under this subsection;

12                  (B) collaborative research achievements of  
13                  the program; and

14                  (C) potential opportunities to expand the  
15                  technical capabilities of the Department.

16           (5) *FUNDING.*—There is authorized to be appro-  
17           priated to the Secretary of Veterans Affairs to carry  
18           out this subsection \$27,000,000 for fiscal year 2021.

19           (c) *INTERAGENCY COLLABORATION.*—

20                   (1) *IN GENERAL.*—The Secretary is authorized to  
21                  carry out research, development, and demonstration  
22                  activities to develop tools to apply to big data that  
23                  enable Federal agencies, institutions of higher edu-  
24                  cation, nonprofit research organizations, and indus-  
25                  try to better leverage the capabilities of the Depart-

1 *ment to solve complex, big data challenges. The Sec-*  
2 *retary shall carry out these activities through a com-*  
3 *petitive, merit-reviewed process, and consider applica-*  
4 *tions from National Laboratories, institutions of*  
5 *higher education, multi-institutional collaborations,*  
6 *and other appropriate entities.*

7 (2) *ACTIVITIES.*—*In carrying out the research,*  
8 *development, and demonstration activities authorized*  
9 *under paragraph (1), the Secretary may—*

10 (A) *utilize all available mechanisms to pre-*  
11 *vent duplication and coordinate research efforts*  
12 *across the Department;*

13 (B) *establish multiple user facilities to serve*  
14 *as data enclaves capable of securely storing data*  
15 *sets created by Federal agencies, institutions of*  
16 *higher education, nonprofit organizations, or in-*  
17 *dustry at National Laboratories; and*

18 (C) *promote collaboration and data sharing*  
19 *between National Laboratories, research entities,*  
20 *and user facilities of the Department by pro-*  
21 *viding the necessary access and secure data*  
22 *transfer capabilities.*

23 (3) *REPORT.*—*Not later than 2 years after the*  
24 *date of enactment of this Act, the Secretary shall sub-*  
25 *mit to the Committee on Energy and Natural Re-*

1 *sources of the Senate and the Committee on Science,*  
2 *Space, and Technology of the House of Representa-*  
3 *tives a report evaluating the effectiveness of the activi-*  
4 *ties authorized under paragraph (1).*

5 (4) *FUNDING.*—*There are authorized to be ap-*  
6 *propriated to the Secretary to carry out this sub-*  
7 *section \$15,000,000 for each of fiscal years 2021*  
8 *through 2025.*

9 (d) *DEFINITION.*—*In this section, the term “National*  
10 *Laboratory” has the meaning given such term in section*  
11 *2(3) of the Energy Policy Act of 2005 (42 U.S.C. 15801(3)).*

12 **SEC. 9009. SUSTAINABLE TRANSPORTATION RESEARCH**  
13 **AND DEVELOPMENT.**

14 *There are authorized to be appropriated to carry out*  
15 *research, development, demonstration, and commercial ap-*  
16 *plication activities within the Department of Energy’s Of-*  
17 *fices of Hydrogen and Fuel Cell Technologies, Vehicle Tech-*  
18 *nologies, and Bioenergy Technologies—*

19 (1) *\$830,000,000 for fiscal year 2021;*

20 (2) *\$855,000,000 for fiscal year 2022; and*

21 (3) *\$880,000,000 for fiscal year 2023.*

22 **SEC. 9010. LOAN PROGRAM OFFICE TITLE XVII REFORM.**

23 (a) *TERMS AND CONDITIONS.*—*Section 1702 of the En-*  
24 *ergy Policy Act of 2005 (42 U.S.C. 16512) is amended—*

1           (1) *by amending subsection (b) to read as fol-*  
2 *lows:*

3           “(b) *SPECIFIC APPROPRIATION OR CONTRIBUTION.—*

4           “*(1) IN GENERAL.—Except as provided in para-*  
5 *graph (2), the cost of a guarantee shall be paid by the*  
6 *Secretary using an appropriation made for the cost*  
7 *of the guarantee, subject to the availability of such an*  
8 *appropriation.*

9           “(2) *INSUFFICIENT APPROPRIATIONS.—If suffi-*  
10 *cient appropriated funds to pay the cost of a guar-*  
11 *antee are not available, then the guarantee shall not*  
12 *be made unless—*

13           “*(A) the Secretary has received from the*  
14 *borrower a payment in full for the cost of the*  
15 *guarantee and deposited the payment into the*  
16 *Treasury; or*

17           “*(B) a combination of one or more appro-*  
18 *priations and one or more payments from the*  
19 *borrower under this subsection has been made*  
20 *that is sufficient to cover the cost of the guar-*  
21 *antee.”;*

22           “(2) *in subsection (d)(3), by striking “is not sub-*  
23 *ordinate” and inserting “, including any reorganiza-*  
24 *tion, restructuring, or termination thereof, shall not*  
25 *at any time be subordinate”;*

1           (3) *in subsection (h)*—

2                   (A) *by amending paragraph (1) to read as*  
3           *follows:*

4                   “(1) *IN GENERAL.*—*The Secretary shall charge,*  
5           *and collect on or after the date of the financial close*  
6           *of an obligation, a fee for a guarantee in an amount*  
7           *that the Secretary determines is sufficient to cover ap-*  
8           *licable administrative expenses (including any costs*  
9           *associated with third-party consultants engaged by*  
10           *the Secretary).”; and*

11                   (B) *by adding at the following:*

12                   “(3) *REDUCTION IN FEE AMOUNT.*—*Notwith-*  
13           *standing paragraph (1) and subject to the avail-*  
14           *ability of appropriations, the Secretary may reduce*  
15           *the amount of a fee for a guarantee under this sub-*  
16           *section.”; and*

17                   (4) *by adding at the end the following:*

18                   “(l) *RESTRUCTURING OF LOAN GUARANTEES.*—*The*  
19           *Secretary shall consult with the Secretary of the Treasury*  
20           *regarding any restructuring of the terms or conditions of*  
21           *a guarantee issued pursuant to this title, including with*  
22           *respect to any deviations from the financial terms of the*  
23           *guarantee.*

24                   “(m) *WRITTEN ANALYSIS.*—

1           “(1) *REQUIREMENT.*—*The Secretary may not*  
2           *make a guarantee under this title until the Secretary*  
3           *of the Treasury has transmitted to the Secretary, and*  
4           *the Secretary has taken into consideration, a written*  
5           *analysis of the financial terms and conditions of the*  
6           *proposed guarantee.*

7           “(2) *TRANSMISSION.*—*Not later than 30 days*  
8           *after receiving information on a proposed guarantee*  
9           *from the Secretary, the Secretary of the Treasury*  
10          *shall transmit the written analysis of the financial*  
11          *terms and conditions of the proposed guarantee re-*  
12          *quired under paragraph (1) to the Secretary.*

13          “(3) *EXPLANATION.*—*If the Secretary makes a*  
14          *guarantee the financial terms and conditions of which*  
15          *are not consistent with the written analysis required*  
16          *under this subsection, not later than 30 days after*  
17          *making such guarantee, the Secretary shall submit to*  
18          *the Committee on Energy and Commerce and the*  
19          *Committee on Science, Space, and Technology of the*  
20          *House of Representatives, and the Committee on En-*  
21          *ergy and Natural Resources of the Senate, a written*  
22          *explanation of any material inconsistencies.*

23          “(n) *APPLICATION STATUS.*—

24                 “(1) *REQUEST.*—*If the Secretary does not make*  
25                 *a final decision on an application for a guarantee*

1     *under this title by the date that is 180 days after re-*  
2     *ceipt of the application by the Secretary, the appli-*  
3     *cant may request, on or after that date and not more*  
4     *than once every 60 days thereafter until a final deci-*  
5     *sion is made, that the Secretary provide to the appli-*  
6     *cant a response described in paragraph (2).*

7             “(2) *RESPONSE.*—*Not later than 10 days after*  
8     *receiving a request from an applicant under para-*  
9     *graph (1), the Secretary shall provide to the applicant*  
10    *a response that includes—*

11                 “(A) *a description of the current status of*  
12                 *review of the application;*

13                 “(B) *a summary of any factors that are de-*  
14                 *laying a final decision on the application, a list*  
15                 *of what items are required in order to reach a*  
16                 *final decision, citations to authorities stating the*  
17                 *reasons why such items are required, and a list*  
18                 *of actions the applicant can take to expedite the*  
19                 *process; and*

20                 “(C) *an estimate of when a final decision*  
21                 *on the application will be made.*

22             “(o) *OUTREACH.*—*In carrying out this title, the Sec-*  
23    *retary shall—*

24                 “(1) *provide assistance with the completion of*  
25                 *applications for a guarantee under this title;*

1           “(2) *conduct outreach, including through con-*  
2           *ferences and online programs, to disseminate infor-*  
3           *mation to potential applicants;*

4           “(3) *conduct outreach to encourage participation*  
5           *of supporting finance institutions and private lenders*  
6           *in eligible projects.*

7           “(p) *COORDINATION.—In carrying out this title, the*  
8           *Secretary shall coordinate activities under this title with*  
9           *activities of other relevant offices with the Department.*

10          “(q) *REPORT.—Not later than 2 years after the date*  
11          *of the enactment of this subsection and every 3 years there-*  
12          *after, the Secretary shall submit to Congress a report on*  
13          *the status of applications for, and projects receiving, guar-*  
14          *antees under this title, including—*

15                 “(1) *a list of such projects, including the guar-*  
16                 *antee amount, construction status, and financing*  
17                 *partners of each such project;*

18                 “(2) *the status of each such project’s loan repay-*  
19                 *ment, including interest paid and future repayment*  
20                 *projections;*

21                 “(3) *an estimate of the air pollutant or green-*  
22                 *house gas emissions avoided or reduced from each*  
23                 *such project;*

1           “(4) data regarding the number of direct and in-  
2           direct jobs retained, restored, or created by such  
3           projects;

4           “(5) identification of—

5                   “(A) technologies deployed by projects that  
6                   have received guarantees that have subsequently  
7                   been deployed commercially without guarantees;  
8                   and

9                   “(B) novel technologies that have been de-  
10                  ployed by such projects and deployed in the com-  
11                  mercial energy market;

12           “(6) the number of new projects projected to re-  
13           ceive a guarantee under this title during the next 2  
14           years and the aggregate guarantee amount;

15           “(7) the number of outreach engagements con-  
16           ducted with potential applicants;

17           “(8) the number of applications received and  
18           currently pending for each open solicitation; and

19           “(9) any other metrics the Secretary finds ap-  
20           propriate.”.

21           (b) *PROJECT ELIGIBILITY EXPANSION*.—Section 1703  
22           of the Energy Policy Act of 2005 (42 U.S.C. 16513) is  
23           amended—

24           (1) in subsection (a)—

1           (A) in paragraph (1), by inserting “, uti-  
2           lize” after “reduce”; and

3           (B) in paragraph (2), by striking “.” and  
4           inserting “, including projects that employ ele-  
5           ments of commercial technologies in combination  
6           with new or significantly improved tech-  
7           nologies.”;

8           (2) in subsection (b)—

9           (A) in paragraph (4), by inserting “, in-  
10          cluding manufacturing of nuclear supply compo-  
11          nents for advanced nuclear reactors” after “fa-  
12          cilities”;

13          (B) by amending paragraph (5) to read as  
14          follows:

15          “(5) Carbon capture, utilization, and sequestra-  
16          tion practices and technologies, including—

17                 “(A) agricultural and forestry practices  
18                 that store and sequester carbon; and

19                 “(B) synthetic technologies to remove carbon  
20                 from the air and oceans.”; and

21          (C) by adding at the end the following:

22                 “(11) Energy storage technologies for residential,

1           “(D) GRANTS IN AREAS OF APPLIED EN-  
2           ERGY RESEARCH, ENVIRONMENTAL MANAGE-  
3           MENT, AND BASIC SCIENCE.—

4           “(i) IN GENERAL.—EPSCoR shall  
5           make grants to eligible entities to carry out  
6           and support applied energy research and  
7           research in all areas of environmental man-  
8           agement and basic science sponsored by the  
9           Department of Energy, including—

10           “(I) energy efficiency, fossil en-  
11           ergy, renewable energy, and other ap-  
12           plied energy research;

13           “(II) electricity delivery research;

14           “(III) cybersecurity, energy secu-  
15           rity, and emergency response;

16           “(IV) environmental management;

17           and

18           “(V) basic science research.

19           “(ii) ACTIVITIES.—EPSCoR may  
20           make grants under this subparagraph for  
21           any activities consistent with the objectives  
22           described in subparagraph (C) in the areas  
23           of applied energy research, environmental  
24           management, and basic science described in  
25           clause (i), including—

1           “(I) to support research at eligible  
2           entities that is carried out in partner-  
3           ship with the National Laboratories;

4           “(II) to provide for graduate  
5           traineeships;

6           “(III) to support research by  
7           early career faculty; and

8           “(IV) to improve research capa-  
9           bilities at eligible entities through bien-  
10          nial implementation grants.

11          “(iii) *NO COST SHARING.—EPSCoR*  
12          *shall not impose any cost-sharing require-*  
13          *ment with respect to a grant made under*  
14          *this subparagraph.*

15          “(E) *OTHER ACTIVITIES.—EPSCoR may*  
16          *carry out such activities as may be necessary to*  
17          *meet the objectives described in subparagraph (C)*  
18          *in the areas of applied energy research, environ-*

2                   *EPSCoR* that the Secretary determines  
3                   appropriate.

4                   “(G) *PROGRAM EVALUATION*.—

5                   “(i) *IN GENERAL*.—Not later than 5  
6                   years after the date of enactment of the *En-*  
7                   *ergy Act of 2020*, the Secretary shall con-  
8                   tract with a federally funded research and  
9                   development center, the *National Academy*  
10                  of *Sciences*, or a similar organization to  
11                  carry out an assessment of the effectiveness  
12                  of *EPSCoR*, including an assessment of—

13                  “(I) the tangible progress made  
14                  towards achieving the objectives de-  
15                  scribed in subparagraph (C);

16                  “(II) the impact of research sup-  
17                  ported by *EPSCoR* on the mission of  
18                  the *Department of Energy*; and

19                  “(III) any other issues relating to  
20                  *EPSCoR* that the Secretary determines  
21                  appropriate.

22                  “(ii) *LIMITATION*.—The organization  
23                  with which the Secretary contracts under  
24                  clause (i) shall not be a *National Labora-*  
25                  *tory*.

1           “(iii) *REPORT.*—Not later than 6  
2           years after the date of enactment of the *En-*  
3           *ergy Act of 2020*, the Secretary shall submit  
4           to the Committees on Energy and Natural  
5           Resources and Appropriations of the Senate  
6           and the Committees on Energy and Com-  
7           merce and Appropriations of the House of  
8           Representatives a report describing the re-  
9           sults of the assessment carried out under  
10          clause (i), including recommendations for  
11          improvements that would enable the Sec-  
12          retary to achieve the objectives described in  
13          subparagraph (C).”.

14    **TITLE X—ARPA-E AMENDMENTS**

15    **SEC. 10001. ARPA-E AMENDMENTS.**

16          (a) *ESTABLISHMENT.*—Section 5012(b) of the *America*  
17    *COMPETES Act (42 U.S.C. 16538(b))* is amended by strik-  
18    ing “development of energy technologies” and inserting “de-  
19    velopment of transformative science and technology solu-  
20    tions to address the energy and environmental missions of  
21    the Department”.

22          (b) *GOALS.*—Section 5012(c) of the *America COM-*  
23    *PETES Act (42 U.S.C. 16538(c))* is amended—

24                  (1) by striking paragraph (1)(A) and inserting  
25                  the following:

1           “(A) to enhance the economic and energy se-  
2           curity of the United States through the develop-  
3           ment of energy technologies that—

4                   “(i) reduce imports of energy from for-  
5                   eign sources;

6                   “(ii) reduce energy-related emissions,  
7                   including greenhouse gases;

8                   “(iii) improve the energy efficiency of  
9                   all economic sectors;

10                  “(iv) provide transformative solutions  
11                  to improve the management, clean-up, and  
12                  disposal of radioactive waste and spent nu-  
13                  clear fuel; and

14                  “(v) improve the resilience, reliability,  
15                  and security of infrastructure to produce,  
16                  deliver, and store energy; and”;

17           (2) in paragraph (2), in the matter preceding  
18           subparagraph (A), by striking “energy technology  
19           projects” and inserting “advanced technology  
20           projects”.

21           (c) *RESPONSIBILITIES*.—Section 5012(e)(3)(A) of the  
22           *America COMPETES Act (42 U.S.C. 16538(e)(3)(A))* is  
23           amended by striking “energy”.

1       (d) *REPORTS AND ROADMAPS*.—Section 5012(h) of the  
2 *America COMPETES Act* (42 U.S.C. 16538(h)) is amended  
3 to read as follows:

4       “(h) *REPORTS AND ROADMAPS*.—

5               “(1) *ANNUAL REPORT*.—As part of the annual  
6 budget request submitted for each fiscal year, the Di-  
7 rector shall provide to the relevant authorizing and  
8 appropriations committees of Congress a report  
9 that—

10               “(A) describes projects supported by ARPA-  
11 E during the previous fiscal year;

12               “(B) describes projects supported by ARPA-  
13 E during the previous fiscal year that examine  
14 topics and technologies closely related to other  
15 activities funded by the Department, and in-  
16 cludes an analysis of whether in supporting such  
17 projects, the Director is in compliance with sub-  
18 section (i)(1); and

19               “(C) describes current, proposed, and  
20 planned projects to be carried out pursuant to  
21 subsection (e)(3)(D).

22               “(2) *STRATEGIC VISION ROADMAP*.—Not later  
23 than October 1, 2021, and every four years thereafter,  
24 the Director shall provide to the relevant authorizing  
25 and appropriations committees of Congress a road-

1 *map describing the strategic vision that ARPA-E*  
2 *will use to guide the choices of ARPA-E for future*  
3 *technology investments over the following 4 fiscal*  
4 *years.”.*

5 *(e) COORDINATION AND NONDUPLICATION.—Section*  
6 *5012(i)(1) of the America COMPETES Act (42 U.S.C.*  
7 *16538(i)(1)) is amended to read as follows:*

8 *“(1) IN GENERAL.—To the maximum extent*  
9 *practicable, the Director shall ensure that—*

10 *“(A) the activities of ARPA-E are coordi-*  
11 *nated with, and do not duplicate the efforts of,*  
12 *programs and laboratories within the Depart-*  
13 *ment and other relevant research agencies; and*

14 *“(B) ARPA-E does not provide funding for*  
15 *a project unless the prospective grantee dem-*  
16 *onstrates sufficient attempts to secure private fi-*  
17 *nancing or indicates that the project is not inde-*  
18 *pendently commercially viable.”.*

19 *(f) EVALUATION.—Section 5012(l) of the America*  
20 *COMPETES Act (42 U.S.C. 16538(l)) is amended—*

21 *(1) by striking paragraph (1) and inserting the*  
22 *following:*

23 *“(1) IN GENERAL.—Not later than 3 years after*  
24 *the date of enactment of this paragraph, the Secretary*  
25 *is authorized to enter into a contract with the Na-*

1 *tional Academy of Sciences under which the National*  
2 *Academy shall conduct an evaluation of how well*  
3 *ARPA-E is achieving the goals and mission of*  
4 *ARPA-E.”; and*

5 *(2) in paragraph (2)—*

6 *(A) in the matter preceding subparagraph*  
7 *(A), by striking “shall” and inserting “may”;*  
8 *and*

9 *(B) in subparagraph (A), by striking “the*  
10 *recommendation of the National Academy of*  
11 *Sciences” and inserting “a recommendation”.*

12 *(g) AUTHORIZATION OF APPROPRIATIONS.—Para-*  
13 *graph (2) of section 5012(o) of the America COMPETES*  
14 *Act (42 U.S.C. 16538(o)) is amended to read as follows:*

15 *“(2) AUTHORIZATION OF APPROPRIATIONS.—*  
16 *Subject to paragraph (4), there are authorized to be*  
17 *appropriated to the Director for deposit in the Fund,*  
18 *without fiscal year limitation—*

19 *“(A) \$435,000,000 for fiscal year 2021;*

20 *“(B) \$500,000,000 for fiscal year 2022;*

21 *“(C) \$575,000,000 for fiscal year 2023;*

22 *“(D) \$662,000,000 for fiscal year 2024; and*

23 *“(E) \$761,000,000 for fiscal year 2025.”.*

24 *(h) TECHNICAL AMENDMENTS.—Section 5012 of the*  
25 *America COMPETES Act (42 U.S.C. 16538) is amended—*

1           (1) in subsection (g)(3)(A)(iii), by striking “sub-  
2           part” each place it appears and inserting “subpara-  
3           graph”; and

4           (2) in subsection (o)(4)(B), by striking  
5           “(c)(2)(D)” and inserting “(c)(2)(C)”.

## 6           **TITLE XI—OTHER MATTERS**

### 7           **SEC. 11001. LOW-DOSE RADIATION RESEARCH.**

8           (a) *LOW-DOSE RADIATION RESEARCH PROGRAM.*—  
9           Section 306(c) of the Department of Energy Research and  
10          Innovation Act (42 U.S.C. 18644(c)) is amended to read  
11          as follows:

12          “(c) *LOW-DOSE RADIATION RESEARCH PROGRAM.*—

13                 “(1) *IN GENERAL.*—The Secretary shall carry  
14                 out a research program on low-dose and low dose-rate  
15                 radiation to—

16                         “(A) enhance the scientific understanding  
17                         of, and reduce uncertainties associated with, the  
18                         effects of exposure to low-dose and low dose-rate  
19                         radiation; and

20                         “(B) inform improved risk-assessment and  
21                         risk-management methods with respect to such  
22                         radiation.

23                 “(2) *PROGRAM COMPONENTS.*—In carrying out  
24                 the program required under paragraph (1), the Sec-  
25                 retary shall—

1           “(A) support and carry out the directives  
2           under section 106(b) of the American Innovation  
3           and Competitiveness Act (42 U.S.C. 6601 note),  
4           except that such section shall be treated for pur-  
5           poses of this subsection as applying to low dose  
6           and low-dose rate radiation research, in coordi-  
7           nation with the Physical Science Subcommittee  
8           of the National Science and Technology Council;

9           “(B) identify and, to the extent possible,  
10          quantify, potential monetary and health-related  
11          impacts to Federal agencies, the general public,  
12          industry, research communities, and other users  
13          of information produced by such research pro-  
14          gram;

15          “(C) leverage the collective body of knowl-  
16          edge from existing low-dose and low dose-rate ra-  
17          diation research;

18          “(D) engage with other Federal agencies, re-  
19          search communities, and potential users of infor-  
20          mation produced under this section, including  
21          institutions performing or utilizing radiation re-  
22          search, medical physics, radiology, health phys-  
23          ics, and emergency response measures; and

24          “(E) support education and outreach activi-  
25          ties to disseminate information and promote

1           *public understanding of low-dose radiation, with*  
2           *a focus on non-emergency situations such as*  
3           *medical physics, space exploration, and natu-*  
4           *rally occurring radiation.*

5           “(3) *RESEARCH PLAN.*—

6                   “(A) *Not later than 90 days after the date*  
7                   *of enactment of the Energy Act of 2020, the Sec-*  
8                   *retary shall enter into an agreement with the*  
9                   *National Academy of Sciences to develop a long-*  
10                   *term strategic and prioritized research agenda*  
11                   *for the program described in paragraph (2);*

12                   “(B) *Not later than one year after the date*  
13                   *of enactment of the Energy Act of 2020, the Sec-*  
14                   *retary shall transmit this research plan devel-*  
15                   *oped in subparagraph (A) to the Committee on*  
16                   *Science, Space, and Technology of the House of*  
17                   *Representatives and the Committee on Energy*  
18                   *and Natural Resources of the Senate.*

19                   “(4) *GAO STUDY.*—*Not later than 3 years after*  
20                   *the date of enactment of the Energy Act of 2020, the*  
21                   *Comptroller General shall transmit to the Committee*  
22                   *on Science, Space, and Technology of the House of*  
23                   *Representatives and the Committee on Energy and*  
24                   *Natural Resources of the Senate, a report on:*

1           “(A) *an evaluation of the program activities*  
2           *carried out under this section;*

3           “(B) *the effectiveness of the coordination*  
4           *and management of the program; and*

5           “(C) *the implementation of the research*  
6           *plan outlined in paragraph (3).*

7           “(6) *DEFINITIONS.—In this subsection:*

8           “(A) *LOW-DOSE RADIATION.—The term*  
9           *‘low-dose radiation’ means a radiation dose of*  
10           *less than 100 millisieverts.*

11           “(B) *LOW DOSE-RATE RADIATION.—The*

9 *operation and maintenance of the Federal navigation*  
10 *project from which material placed in the confined disposal*  
11 *facility is dredged.*

12 (c) *TERMINATION.*—*The authority provided under this*  
13 *section shall terminate on December 31, 2024.*

14 **SEC. 109. INLAND WATERWAY PROJECTS.**

15 *Notwithstanding section 102 of the Water Resources*  
16 *Development Act of 1986 (33 U.S.C. 2212), for a project*  
17 *for navigation on the inland waterways receiving a con-*  
18 *struction appropriation during any of fiscal years 2021*  
19 *through 2031, 35 percent of the costs of construction of the*  
20 *project shall be paid from amounts appropriated from the*  
21 *Inland Waterways Trust Fund until such construction of*  
22 *the project is complete.*

23 **SEC. 110. IMPLEMENTATION OF WATER RESOURCES PRIN-**  
24 **CIPLES AND REQUIREMENTS.**

25 (a) *IN GENERAL.*—*Not later than 180 days after the*  
26 *date of enactment of this Act, the Secretary shall issue final*

1 *agency-specific procedures necessary to implement the prin-*  
2 *ciples and requirements and the interagency guidelines.*

3       **(b) DEVELOPMENT OF FUTURE WATER RESOURCES**  
4 **DEVELOPMENT PROJECTS.**—*The procedures required by*  
5 *subsection (a) shall ensure that the Secretary, in the formu-*  
6 *lation of future water resources development projects—*

7           (1) *develops such projects in accordance with—*

8                   (A) *the guiding principles established by the*  
9                   *principles and requirements; and*

10                   (B) *the national water resources planning*  
11 *policy established by section 2031(a) of the*  
12 *Water Resources Development Act of 2007 (42*  
13 *U.S.C. 1962–3(a)); and*

14           (2) *fully identifies and analyzes national eco-*

17 *other societal effects.*

18       **(c) REVIEW AND UPDATE.**—*Every 5 years, the Sec-*  
19 *retary shall review and, where appropriate, revise the pro-*  
20 *cedures required by subsection (a).*

21       **(d) PUBLIC REVIEW, NOTICE, AND COMMENT.**—*In*  
22 *issuing, reviewing, and revising the procedures required by*  
23 *this section, the Secretary shall—*

1           (1) *provide notice to interested non-Federal*  
2 *stakeholders of the Secretary’s intent to revise the pro-*  
3 *cedures;*

4           (2) *provide opportunities for interested non-Fed-*  
5 *eral stakeholders to engage with, and provide input*  
6 *and recommendations to, the Secretary on the revi-*  
7 *sion of the procedures; and*

8           (3) *solicit and consider public and expert com-*  
9 *ments.*

10       (e) *DEFINITIONS.—In this section:*

11           (1) *INTERAGENCY GUIDELINES.—The term*  
12 *“interagency guidelines” means the interagency*  
13 *guidelines contained in the document finalized by the*  
14 *Council on Environmental Quality pursuant to sec-*  
15 *tion 2031 of the Water Resources Development Act of*  
16 *2007 (42 U.S.C. 1962–3) in December 2014, to imple-*  
17 *ment the principles and requirements.*

18           (2) *PRINCIPLES AND REQUIREMENTS.—The term*  
19 *“principles and requirements” means the principles*  
20 *and requirements contained in the document prepared*  
21 *by the Council on Environmental Quality pursuant*  
22 *to section 2031 of the Water Resources Development*  
23 *Act of 2007 (42 U.S.C. 1962–3), entitled “Principles*  
24 *and Requirements for Federal Investments in Water*  
25 *Resources”, and dated March 2013.*

1 **SEC. 111. RESILIENCY PLANNING ASSISTANCE.**

2 (a) *IN GENERAL.*—Section 206(a) of the Flood Control  
3 Act of 1960 (33 U.S.C. 709a(a)) is amended by inserting  
4 “, to avoid repetitive flooding impacts, to anticipate, pre-  
5 pare, and adapt to changing climatic conditions and ex-  
6 treme weather events, and to withstand, respond to, and re-  
7 cover rapidly from disruption due to the flood hazards”  
8 after “in planning to ameliorate the flood hazard”.

9 (b) *PRIORITIZING FLOOD RISK RESILIENCY TECH-*  
10 *NICAL ASSISTANCE.*—In carrying out section 206 of the  
11 Flood Control Act of 1960 (33 U.S.C. 709a), the Secretary  
12 shall prioritize the provision of technical assistance to sup-  
13 port flood risk resiliency planning efforts of economically  
14 disadvantaged communities or communities subject to re-  
15 petitive flooding.

16 **SEC. 112. PROJECT CONSULTATION.**

17 (a) *REPORTS REQUIRED.*—Not later than 180 days  
18 after the date of enactment of this Act, the Secretary shall  
19 submit the following reports:

20 (1) The report required under section 1214 of the  
21 Water Resources Development Act of 2018 (132 Stat.  
22 3809).

23 (2) The report required under section 1120(a)(3)  
24 of the Water Resources Development Act of 2016 (130  
25 Stat. 1643).

26 (b) *ENVIRONMENTAL JUSTICE UPDATES.*—

1           (1) *IN GENERAL.*—*In the formulation of water*  
2           *development resources projects, the Secretary shall*  
3           *comply with any existing Executive order regarding*  
4           *environmental justice in effect as of the date of enact-*  
5           *ment of this Act to address any disproportionate and*  
6           *adverse human health or environmental effects on mi-*  
7           *nority communities, low-income communities, and*  
8           *Indian Tribes.*

9           (2) *UPDATE.*—*Not later than 1 year after the*  
10          *date of enactment of this Act, the Secretary shall re-*  
11          *view, and shall update, where appropriate, any poli-*  
12          *cies, regulations, and guidance of the Corps of Engi-*  
13          *neers necessary to implement any Executive order de-*  
14          *scribed in paragraph (1) with respect to water re-*  
15          *sources development projects.*

16          (3) *REQUIREMENTS.*—*In updating the policies,*  
17          *regulations, or guidance under paragraph (2), the*  
18          *Secretary shall—*

19                 (A) *provide notice to interested non-Federal*  
20                 *stakeholders, including representatives of minor-*  
21                 *ity communities, low-income communities, and*  
22                 *Indian Tribes;*

23                 (B) *provide opportunities for interested*  
24                 *stakeholders to comment on potential updates of*  
25                 *policies, regulations, or guidance;*

1           (C) consider the recommendations from the  
2           reports submitted under subsection (a); and

3           (D) promote the meaningful involvement of  
4           minority communities, low-income communities,  
5           and Indian Tribes.

6           (c) *COMMUNITY ENGAGEMENT.*—In carrying out a  
7           water resources development project, the Secretary shall, to  
8           the extent practicable—

9           (1) promote the meaningful involvement of mi-  
10          nority communities, low-income communities, and  
11          Indian Tribes;

12          (2) provide guidance and technical assistance to  
13          such communities or Tribes to increase understanding  
14          of the project development and implementation activi-  
15          ties, regulations, and policies of the Corps of Engi-  
16          neers; and

17          (3) cooperate with State, Tribal, and local gov-  
18          ernments with respect to activities carried out pursu-  
19          ant to this subsection.

20          (d) *TRIBAL LANDS AND CONSULTATION.*—In carrying  
21          out water resources development projects, the Secretary  
22          shall, to the extent practicable and in accordance with the  
23          Tribal Consultation Policy affirmed and formalized by the  
24          Secretary on November 1, 2012 (or a successor policy)—

1           (1) *promote meaningful involvement with Indian*  
2           *Tribes specifically on any Tribal lands near or adja-*  
3           *cent to any water resources development projects, for*  
4           *purposes of identifying lands of ancestral, cultural, or*  
5           *religious importance;*

6           (2) *consult with Indian Tribes specifically on*  
7           *any Tribal areas near or adjacent to any water re-*  
8           *sources development projects, for purposes of identi-*  
9           *fying lands, waters, and other resources critical to the*  
10          *livelihood of the Indian Tribes; and*

11          (3) *cooperate with Indian Tribes to avoid, or*  
12          *otherwise find alternate solutions with respect to, such*  
13          *areas.*

14 **SEC. 113. REVIEW OF RESILIENCY ASSESSMENTS.**

15          (a) *RESILIENCY ASSESSMENT.—*

16           (1) *IN GENERAL.—Not later than 180 days after*  
17           *the date of enactment of this section, and in conjunc-*  
18           *tion with the development of procedures under section*  
19           *110 of this Act, the Secretary is directed to review,*  
20           *and where appropriate, revise the existing planning*  
21           *guidance documents and regulations of the Corps of*  
22           *Engineers on the assessment of the effects of sea level*  
23           *rise or inland flooding on future water resources de-*  
24           *velopment projects to ensure that such guidance docu-*  
25           *ments and regulations are based on the best available,*

1 *peer-reviewed science and data on the current and fu-*  
2 *ture effects of sea level rise or inland flooding on rel-*  
3 *evant communities.*

4 (2) *COORDINATION.*—*In carrying out this sub-*  
5 *section, the Secretary shall—*

6 (A) *coordinate the review with the Engineer*  
7 *Research and Development Center, other Federal*  
8 *and State agencies, and other relevant entities;*  
9 *and*

10 (B) *to the maximum extent practicable and*  
11 *where appropriate, utilize data provided to the*  
12 *Secretary by such agencies.*

13 (b) *ASSESSMENT OF BENEFITS FROM ADDRESSING*  
14 *SEA LEVEL RISE AND INLAND FLOODING RESILIENCY IN*  
15 *FEASIBILITY REPORTS.*—

16 (1) *IN GENERAL.*—*Upon the request of a non-*  
17 *Federal interest, in carrying out a feasibility study*  
18 *for a project for flood risk mitigation, hurricane and*  
19 *storm damage risk reduction, or ecosystem restoration*  
20 *under section 905 of the Water Resources Development*  
21 *Act of 1986 (33 U.S.C. 2282), the Secretary shall con-*  
22 *sider whether the need for the project is predicated*  
23 *upon or exacerbated by conditions related to sea level*  
24 *rise or inland flooding.*

1           (2) *ADDRESSING SEA LEVEL RISE AND INLAND*  
2           *FLOODING RESILIENCY BENEFITS.*—*To the maximum*  
3           *extent practicable, in carrying out a study pursuant*  
4           *to paragraph (1), the Secretary shall document the*  
5           *potential effects of sea level rise or inland flooding on*  
6           *the project, and the expected benefits of the project re-*  
7           *lating to sea level rise or inland flooding, during the*  
8           *50-year period after the date of completion of the*  
9           *project.*

10 **SEC. 114. SMALL FLOOD CONTROL PROJECTS.**

11           *Section 205 of the Flood Control Act of 1948 (33*  
12           *U.S.C. 701s) is amended by inserting “, and projects that*  
13           *use natural features or nature-based features (as those terms*  
14           *are defined in section 1184(a) of the Water Resources Devel-*  
15           *opment Act of 2016 (33 U.S.C. 2289a(a)),” after “non-*  
16           *structural projects”.*

17 **SEC. 115. FLOOD PROTECTION PROJECTS.**

18           (a) *GENERAL CONSIDERATIONS.*—*Section 73(a) of the*  
19           *Water Resources Development Act of 1974 (33 U.S.C. 701b–*  
20           *11(a)) is amended by striking “including” and all that fol-*  
21           *lows through the period at the end and inserting the fol-*  
22           *lowing: “, with a view toward formulating the most eco-*  
23           *nomically, socially, and environmentally acceptable means*  
24           *of reducing or preventing flood damage, including—*

1           “(1) floodproofing of structures, including  
2           through elevation;

3           “(2) floodplain regulation;

4           “(3) acquisition of floodplain land for rec-  
5           reational, fish and wildlife, and other public pur-  
6           poses;

7           “(4) relocation; and

8           “(5) the use of a feature described in section  
9           1184(a) of the Water Infrastructure Improvements for  
10          the Nation Act (33 U.S.C. 2289a(a)).”.

11          (b) *CONFORMING AMENDMENT*.—Section 103(b) of the  
12          Water Resources Development Act of 1986 (33 U.S.C. 2213)  
13          is amended—

14                 (1) in the subsection heading, by striking “NON-  
15                 STRUCTURAL FLOOD CONTROL PROJECTS” and in-  
16                 serting “PROJECTS USING NONSTRUCTURAL, NAT-  
17                 URAL, OR NATURE-BASED FEATURES”; and

18                 (2) in paragraph (1)—

19                         (A) by striking “nonstructural flood control  
20                         measures” and inserting “a flood risk manage-  
21                         ment or hurricane and storm damage risk reduc-  
22                         tion measure using a nonstructural feature, or a  
23                         natural feature or nature-based feature (as those  
24                         terms are defined in section 1184(a) of the Water

1           *Resources Development Act of 2016 (33 U.S.C.*

3                   *(B) by striking “cash during construction of*  
4           *the project” and inserting “cash during construc-*  
5           *tion for a nonstructural feature if the costs of*  
6           *land, easements, rights-of-way, dredged material*  
7           *disposal areas, and relocations for such feature*  
8           *are estimated to exceed 35 percent”.*

9   **SEC. 116. FEASIBILITY STUDIES; REVIEW OF NATURAL AND**  
10                   **NATURE-BASED FEATURES.**

11           *(a) TECHNICAL CORRECTION.—Section 1149(c) of the*  
12   *Water Resources Development Act of 2018 (33 U.S.C. 2282*  
13   *note; 132 Stat. 3787) is amended by striking “natural in-*  
14   *frastructure alternatives” and inserting “natural feature or*  
15   *nature-based feature alternatives (as such terms are defined*  
16   *in section 1184 of the Water Resources Development Act of*  
17   *2016 (32 U.S.C. 2289a))”.*

18           *(b) SUMMARY OF ANALYSIS.—To the maximum extent*  
19   *practicable, the Secretary shall include in each feasibility*  
20   *report developed under section 905 of the Water Resources*  
21   *Development Act of 1986 (33 U.S.C. 2282) for a project that*  
22   *contains a flood risk management or hurricane and storm*  
23   *damage risk reduction element, a summary of the natural*  
24   *feature or nature-based feature alternatives, along with*  
25   *their long-term costs and benefits, that were evaluated in*

1 *the development of the feasibility report, and, if such alter-*  
2 *natives were not included in the recommended plan, an ex-*  
3 *planation of why such alternatives were not included in the*  
4 *recommended plan.*

5 **SEC. 117. FEDERAL INTEREST DETERMINATION.**

6 *Section 905 of the Water Resources Development Act*  
7 *of 1986 (33 U.S.C. 2282) is amended by inserting after sub-*  
8 *section (a) the following:*

9 *“(b) FEDERAL INTEREST DETERMINATION.—*

10 *“(1) IN GENERAL.—*

11 *“(A) ECONOMICALLY DISADVANTAGED COM-*  
12 *MUNITIES.—In preparing a feasibility report*  
13 *under subsection (a) for a study that will benefit*  
14 *an economically disadvantaged community,*  
15 *upon request by the non-Federal interest for the*  
16 *study, the Secretary shall first determine the*  
17 *Federal interest in carrying out the study and*  
18 *the projects that may be proposed in the study.*

19 *“(B) OTHER COMMUNITIES.—*

20 *“(i) AUTHORIZATION.—In preparing a*  
21 *feasibility report under subsection (a) for a*  
22 *study that will benefit a covered commu-*  
23 *nity, upon request by the non-Federal inter-*  
24 *est for the study, the Secretary may, with*  
25 *respect to not more than 3 studies in each*

1           *fiscal year, first determine the Federal in-*  
2           *terest in carrying out the study and the*  
3           *projects that may be proposed in the study.*

4           “(ii) *COVERED COMMUNITIES.*—*In this*  
5           *subparagraph, the term ‘covered commu-*  
6           *nity’ means a community that—*

7                   “(I) *is not an economically dis-*  
8                   *advantaged community; and*

9                   “(II) *the Secretary finds has a*  
10                  *compelling need for the Secretary to*  
11                  *make a determination under clause (i).*

12           “(2) *COST SHARE.*—*The costs of a determination*  
13           *under paragraph (1)—*

14                   “(A) *shall be at Federal expense; and*

15                   “(B) *shall not exceed \$200,000.*

16           “(3) *DEADLINE.*—*A determination under para-*  
17           *graph (1) shall be completed by not later than 120*  
18           *days after the date on which funds are made available*  
19           *to the Secretary to carry out the determination.*

20           “(4) *TREATMENT.*—

21                   “(A) *TIMING.*—*The period during which a*  
22                   *determination is being completed under para-*  
23                   *graph (1) for a study shall not be included for*  
24                   *purposes of the deadline to complete a final fea-*  
25                   *sibility report under section 1001(a)(1) of the*

1           *Water Resources Reform and Development Act of*  
2           *2014 (33 U.S.C. 2282c(a)(1)).*

3           “(B) *COST.*—*The cost of a determination*  
4           *under paragraph (1) shall not be included for*  
5           *purposes of the maximum Federal cost under sec-*  
6           *tion 1001(a)(2) of the Water Resources Reform*  
7           *and Development Act of 2014 (33 U.S.C.*  
8           *2282c(a)(2)).*

9           “(5) *REPORT TO NON-FEDERAL INTEREST.*—*If,*  
10          *based on a determination under paragraph (1), the*  
11          *Secretary determines that a study or project is not in*  
12          *the Federal interest because the project will not result,*  
13          *or is unlikely to result, in a recommended plan that*  
14          *will produce national economic development benefits*  
15          *greater than cost, but may result in a technically*  
16          *sound and environmentally acceptable plan that is*  
17          *otherwise consistent with section 904 of the Water Re-*  
18          *sources Development Act of 1986 (33 U.S.C. 2281),*  
19          *the Secretary shall issue a report to the non-Federal*  
20          *interest with recommendations on how the non-Fed-*  
21          *eral interest might modify the proposal such that the*  
22          *project could be in the Federal interest and feasible.”.*

1 **SEC. 118. PILOT PROGRAMS ON THE FORMULATION OF**  
2 **CORPS OF ENGINEERS PROJECTS IN RURAL**  
3 **COMMUNITIES AND ECONOMICALLY DIS-**  
4 **ADVANTAGED COMMUNITIES.**

5 (a) *IN GENERAL.*—*The Secretary shall establish and*

11 (b) *ECONOMICALLY DISADVANTAGED COMMUNITY*  
12 *FLOOD PROTECTION AND HURRICANE AND STORM DAMAGE*  
13 *REDUCTION STUDY PILOT PROGRAM.*—

14 (1) *IN GENERAL.*—*Not later than 180 days after*  
15 *the date of enactment of this Act, the Secretary shall*  
16 *establish and implement a pilot program to carry out*  
17 *feasibility studies, in accordance with this subsection,*  
18 *for flood risk management and hurricane and storm*  
19 *damage risk reduction projects for economically dis-*  
20 *advantaged communities, in coordination with non-*  
21 *Federal interests.*

22 (2) *PARTICIPATION IN PILOT PROGRAM.*—*In car-*  
23 *rying out paragraph (1), the Secretary shall—*

24 (A) *publish a notice in the Federal Register*  
25 *that requests from non-Federal interests pro-*  
26 *posals for the potential feasibility study of a*

1 *flood risk management project or hurricane and*  
2 *storm damage risk reduction project for an eco-*  
3 *nomically disadvantaged community;*

4 *(B) upon request of a non-Federal interest*  
5 *for such a project, provide technical assistance to*  
6 *such non-Federal interest in the formulation of a*  
7 *proposal for a potential feasibility study to be*  
8 *submitted to the Secretary under the pilot pro-*  
9 *gram; and*

10 *(C) review such proposals and select 10 fea-*  
11 *sibility studies for such projects to be carried out*  
12 *by the Secretary, in coordination with the non-*  
13 *Federal interest, under this pilot program.*

14 *(3) SELECTION CRITERIA.—In selecting a feasi-*  
15 *bility study under paragraph (2)(C), the Secretary*  
16 *shall consider whether—*

17 *(A) the percentage of people living in pov-*  
18 *erty in the county or counties (or county-equiva-*  
19 *lent entity or entities) in which the project is lo-*  
20 *cated is greater than the percentage of people liv-*

10          *data; and*

11          (D) *the project is addressing flooding or*  
12          *hurricane or storm damage effects that have a*  
13          *disproportionate impact on a rural community,*  
14          *a minority community, or an Indian Tribe.*

15          (4) *ADMINISTRATION.*—*Notwithstanding the re-*  
16          *quirements of section 105(a)(1)(A) of the Water Re-*  
17          *sources Development Act of 1986 (33 U.S.C. 2215),*  
18          *the Federal share of the cost of a feasibility study car-*  
19          *ried out under the pilot program shall be 100 percent.*

20          (5) *STUDY REQUIREMENTS.*—*Feasibility studies*  
21          *carried out under this subsection shall, to the max-*  
22          *imum extent practicable, incorporate natural features*  
23          *or nature-based features (as such terms are defined in*  
24          *section 1184 of the Water Resources Development Act*  
25          *of 2016 (33 U.S.C. 2289a)), or a combination of such*

1 *features and nonstructural features, that avoid or re-*  
2 *duce at least 50 percent of flood or storm damages in*  
3 *one or more of the alternatives included in the final*  
4 *alternatives evaluated.*

5 (6) *NOTIFICATION.*—*The Secretary shall notify*  
6 *the Committee on Transportation and Infrastructure*  
7 *of the House of Representatives and the Committee on*  
8 *Environment and Public Works of the Senate of the*  
9 *selection of each feasibility study under the pilot pro-*  
10 *gram.*

11 (7) *COMPLETION.*—*Upon completion of a feasi-*  
12 *bility report for a feasibility study selected to be car-*  
13 *ried out under this subsection, the Secretary shall*  
14 *transmit the report to Congress for authorization, and*  
15 *shall include the report in the next annual report sub-*  
16 *mitted under section 7001 of the Water Resources Re-*  
17 *form and Development Act of 2014 (33 U.S.C.*  
18 *2282d).*

19 (c) *PILOT PROGRAM FOR THE RECOMMENDATION OF*  
20 *FLOOD PROTECTION AND HURRICANE AND STORM DAMAGE*  
21 *REDUCTION PROJECTS IN RURAL COMMUNITIES AND ECO-*  
22 *NOMICALLY DISADVANTAGED COMMUNITIES.*—

23 (1) *IN GENERAL.*—*Not later than 180 days after*  
24 *the date of enactment of this Act, the Secretary shall*  
25 *establish and implement a pilot program to evaluate,*

1 *and make recommendations to Congress on, flood risk*  
2 *management projects and hurricane and storm dam-*  
3 *age risk reduction projects in rural communities or*  
4 *economically disadvantaged communities, without*  
5 *demonstrating that each project is justified solely by*  
6 *national economic development benefits.*

7 (2) *CONSIDERATIONS.—In carrying out this sub-*  
8 *section, the Secretary may make a recommendation to*  
9 *Congress on up to 10 projects, without demonstrating*  
10 *that the project is justified solely by national eco-*  
11 *nomical development benefits, if the Secretary deter-*  
12 *mines that—*

13 (A) *the community to be served by the*  
14 *project is an economically disadvantaged com-*  
15 *munity or a rural community;*

16 (B) *the long-term life safety, economic via-*  
17 *bility, and environmental sustainability of the*  
18 *community would be threatened without the*  
19 *project; and*

20 (C) *the project is consistent with the re-*  
21 *quirements of section 1 of the Flood Control Act*  
22 *of 1936 (33 U.S.C. 701a).*

23 (3) *CONSISTENCY.—In carrying out this sub-*  
24 *section, the Secretary shall ensure that project rec-*  
25 *ommendations are consistent with the principles and*

1        *requirements and the interagency guidelines, as such*  
2        *terms are defined in section 110 of this Act, including*  
3        *the consideration of quantifiable monetary and non-*  
4        *monetary benefits of the project.*

5            (4) *PRIORITIZATION.*—*The Secretary may give*  
6        *equivalent budgetary consideration and priority to*  
7        *projects recommended under this subsection.*

8            (d) *GEOGRAPHIC DIVERSITY.*—*In selecting feasibility*  
9        *studies under subsection (b)(2)(C) or in making project rec-*  
10       *ommendations under subsection (c), the Secretary shall con-*  
11       *sider the geographic diversity among proposed projects.*

12          (e) *REPORT.*—*Not later than 5 years and 10 years*  
13       *after the date of enactment of this Act, the Secretary shall*  
14       *submit to the Committee on Transportation and Infrastruc-*  
15       *ture of the House of Representatives and the Committee on*  
16       *Environment and Public Works of the Senate, and make*  
17       *publicly available, a report detailing the results of the pilot*  
18       *programs carried out under this section, including—*

19            (1) *a description of proposals received from non-*  
20        *Federal interests pursuant to subsection (b)(2)(A);*

21            (2) *a description of technical assistance provided*  
22        *to non-Federal interests under subsection (b)(2)(B);*

23            (3) *a description of proposals selected under sub-*  
24        *section (b)(2)(C) and criteria used to select such pro-*  
25        *posals;*

1           (4) *a description of the projects evaluated or rec-*  
2           *ommended by the Secretary under subsection (c);*

3           (5) *a description of the quantifiable monetary*  
4           *and nonmonetary benefits associated with the projects*  
5           *recommended under subsection (c); and*

6           (6) *any recommendations to Congress on how the*  
7           *Secretary can address the flood risk management and*  
8           *hurricane and storm damage risk reduction needs of*  
9           *economically disadvantaged communities.*

10          (f) *STATE DEFINED.—In this section, the term “State”*  
11         *means each of the several States, the District of Columbia,*  
12         *and each of the commonwealths, territories, and possessions*  
13         *of the United States.*

14          (g) *SUNSET.—The authority to commence a feasibility*  
15         *study under subsection (b), and the authority make a rec-*  
16         *ommendation under subsection (c), shall terminate on the*  
17         *date that is 10 years after the date of enactment of this*  
18         *Act.*

19         **SEC. 119. PERMANENT MEASURES TO REDUCE EMERGENCY**  
20                                 **FLOOD FIGHTING NEEDS FOR COMMUNITIES**  
21                                 **SUBJECT TO REPETITIVE FLOODING.**

22          (a) *DEFINITIONS.—In this section:*

23                 (1) *AFFECTED COMMUNITY.—The term “affected*  
24                 *community” means a legally constituted public body*

1 *(as that term is used in section 221(b) of the Flood*  
2 *Control Act of 1970 (42 U.S.C. 1962d–5b(b))—*

3 *(A) with jurisdiction over an area that has*  
4 *been subject to flooding in two or more events in*  
5 *any 10-year period; and*

6 *(B) that has received emergency flood-fight-*  
7 *ing assistance, including construction of tem-*  
8 *porary barriers by the Secretary, under section*  
9 *5 of the Act of August 18, 1941 (33 U.S.C. 701n)*  
10 *with respect to such flood events.*

11 *(2) NATURAL FEATURE; NATURE-BASED FEA-*  
12 *TURE.—The terms “natural feature” and “nature-*  
13 *based feature” have the meanings given those terms in*  
14 *section 1184 of the Water Resources Development Act*  
15 *of 2016 (33 U.S.C. 2289a).*

16 *(b) PROGRAM.—*

17 *(1) IN GENERAL.—The Secretary is authorized to*  
18 *carry out a program to study, design, and construct*  
19 *water resources development projects through meas-*  
20 *ures involving, among other things, strengthening,*  
21 *raising, extending, realigning, or otherwise modifying*  
22 *existing flood control works, designing new works,*  
23 *and incorporating natural features, nature-based fea-*  
24 *tures, or nonstructural features, as appropriate to*

1 *provide flood and coastal storm risk management to*  
2 *affected communities.*

3 (2) *CONSIDERATIONS.*—*In carrying out para-*  
4 *graph (1), the Secretary shall, to the maximum extent*  
5 *practical, review and, where appropriate, incorporate*  
6 *natural features or nature-based features, or a com-*  
7 *bination of such features and nonstructural features,*  
8 *that avoid or reduce at least 50 percent of flood or*  
9 *storm damages in one or more of the alternatives in-*  
10 *cluded in the final alternatives evaluated.*

11 (3) *CONSTRUCTION.*—

12 (A) *IN GENERAL.*—*The Secretary may*  
13 *carry out a project described in paragraph (1)*  
14 *without further congressional authorization if—*

15 (i) *the Secretary determines that the*  
16 *project—*

17 (I) *is advisable to reduce the risk*  
18 *of flooding for an affected community;*  
19 *and*

20 (II) *produces benefits that are in*  
21 *excess of the estimated costs; and*

22 (ii) *the Federal share of the cost of the*  
23 *construction does not exceed \$17,500,000.*

24 (B) *SPECIFIC AUTHORIZATION.*—*If the Fed-*  
25 *eral share of the cost of a project described in*

1           *paragraph (1) exceeds \$17,500,000, the Secretary*  
2           *shall submit the project recommendation to Con-*  
3           *gress for authorization prior to construction, and*  
4           *shall include the project recommendation in the*  
5           *next annual report submitted under section 7001*  
6           *of the Water Resources Reform and Development*  
7           *Act of 2014.*

8           (C) *FINANCING.—*

9                   (i) *CONTRIBUTIONS.—If, based on a*  
10                  *study carried out pursuant to paragraph*  
11                  *(1), the Secretary determines that a project*  
12                  *described in paragraph (1) will not produce*  
13                  *benefits greater than cost, the Secretary*  
14                  *shall allow the affected community to pay,*  
15                  *or provide contributions equal to, an*  
16                  *amount sufficient to make the remaining*  
17                  *costs of design and construction of the*  
18                  *project equal to the estimated value of the*  
19                  *benefits of the project.*

20                   (ii) *EFFECT ON NON-FEDERAL*  
21                  *SHARE.—Amounts provided by an affected*  
22                  *community under clause (i) shall be in ad-*  
23                  *dition to any payments or contributions the*  
24                  *affected community is required to provide*  
25                  *toward the remaining costs of design and*

1           *construction of the project under section 103*  
2           *of the Water Resources Development Act of*  
3           *1986 (33 U.S.C. 2213).*

4           (4) *ABILITY TO PAY.*—

5                 (A) *IN GENERAL.*—*Any cost-sharing agree-*  
6                 *ment for a project entered into pursuant to this*  
7                 *section shall be subject to the ability of the af-*  
8                 *ected community to pay.*

9                 (B) *DETERMINATION.*—*The ability of any*  
10                *affected community to pay shall be determined*  
11                *by the Secretary in accordance with procedures*  
12                *established by the Secretary.*

13                (C) *EFFECT OF REDUCTION.*—*Any reduc-*  
14                *tion in the non-Federal share of the cost of a*  
15                *project described in paragraph (1) as a result of*  
16                *a determination under this paragraph shall not*  
17                *be included in the Federal share for purposes of*  
18                *subparagraphs (A) and (B) of paragraph (3).*

19 **SEC. 120. EMERGENCY RESPONSE TO NATURAL DISASTERS.**

20            *Section 5 of the Act of August 18, 1941 (33 U.S.C.*  
21            *701n) is amended—*

22                         (1) *in subsection (a)—*

23                                 (A) *in paragraph (2)(B)—*

1                   (i) in clause (i)(I), by inserting “, or  
2                   provide contributions equal to,” after  
3                   “pay”; and

4                   (ii) in clause (ii)—

5                   (I) in the heading, by inserting  
6                   “AND CONTRIBUTIONS” after “OF PAY-  
7                   MENTS”;

8                   (II) by inserting “or contribu-  
9                   tions” after “Non-Federal payments”;  
10                  and

11                  (III) by inserting “or contribu-  
12                  tions” after “non-Federal payments”;  
13                  and

14                  (B) by adding at the end the following:

15                  “(5) FEASIBILITY STUDY.—

16                         “(A) DETERMINATION.—Not later than 180  
17                         days after receiving, from a non-Federal sponsor  
18                         of a project to repair or rehabilitate a flood con-  
19                         trol work described in paragraph (1), a request  
20                         to initiate a feasibility study to further modify  
21                         the relevant flood control work to provide for an  
22                         increased level of protection, the Secretary shall  
23                         provide to the non-Federal sponsor a written de-  
24                         cision on whether the Secretary has the authority  
25                         under section 216 of the Flood Control Act of

1           1970 (33 U.S.C. 549a) to undertake the requested  
2           feasibility study.

3           “(B) *RECOMMENDATION.*—If the Secretary  
4           determines under subparagraph (B) that the Sec-  
5           retary does not have the authority to undertake  
6           the requested feasibility study, the Secretary  
7           shall include the request for a feasibility study in  
8           the annual report submitted under section 7001  
9           of the Water Resources Reform and Development  
10          Act of 2014.”; and

11          (2) in subsection (c)—

12                 (A) in the subsection heading, by striking  
13                 “LEVEE OWNERS MANUAL” and inserting “ELI-  
14                 GIBILITY”;

15                 (B) in paragraph (1), in the heading, by  
16                 striking “IN GENERAL” and inserting “LEVEE  
17                 OWNER’S MANUAL”;

18                 (C) by redesignating paragraphs (2) and  
19                 (3) as paragraphs (3) and (4), respectively, and  
20                 inserting after paragraph (1) the following:

21                 “(2) *COMPLIANCE.*—

22                         (A) *IN GENERAL.*—Notwithstanding the  
23                         status of compliance of a non-Federal interest  
24                         with the requirements of a levee owner’s manual  
25                         described in paragraph (1), or with any other

4   **SEC. 122. EXPEDITING REPAIRS AND RECOVERY FROM**  
5           **FLOODING.**

6           (a) *IN GENERAL.*—To the maximum extent prac-  
7           ticable, during the 5-year period beginning on the date of  
8           enactment of this Act, the Secretary shall prioritize and ex-  
9           pedite the processing of applications for permits under sec-  
10          tion 10 of the Act of March 3, 1899 (33 U.S.C. 403), and  
11          section 404 of the Federal Water Pollution Control Act (33  
12          U.S.C. 1344), and permissions under section 14 of the Act  
13          of March 3, 1899 (33 U.S.C. 408), to complete repairs, re-  
14          construction (including improvements), and upgrades to  
15          flood control infrastructure damaged by flooding events dur-  
16          ing calendar years 2017 through 2020, including flooding  
17          events caused by ice jams.

18          (b) *SAVINGS PROVISION.*—Nothing in this section af-  
19          fects any obligation to comply with the requirements of any  
20          Federal law, including—

21                  (1) the National Environmental Policy Act of  
22                  1969 (42 U.S.C. 4321 et seq.);

23                  (2) the Federal Water Pollution Control Act (33

9 *“(c) CRITERIA.—In conducting the assessment under*  
10 *subsection (a) and developing the inventory under sub-*  
11 *section (b), the Secretary shall use the following criteria:*

12 *“(1) The extent to which the project aligns with*  
13 *the current missions of the Corps of Engineers.*

14 *“(2) The economic and environmental impacts of*  
15 *the project on existing communities in the vicinity of*  
16 *the project.*

17 *“(3) The extent to which the divestment or modi-*  
18 *fication of the project could reduce operation and*  
19 *maintenance costs of the Corps of Engineers.*

20 *“(4) The extent to which the divestment or modi-*  
21 *fication of the project is in the public interest.*

22 *“(5) The extent to which investment of addi-*  
23 *tional Federal resources in the project proposed for*  
24 *divestment or modification, including investment*

1       *needed to bring the project to a good state of repair,*  
2       *is in the public interest.*

3               “(6) *The extent to which the authorized purpose*

1                   (B) in subsection (b), by striking “grants”  
2                   and inserting “approves”.

3                   (c) *FIVE-YEAR REGIONAL DREDGED MATERIAL MAN-*  
4 *AGEMENT PLANS.*—

5                   (1) *IN GENERAL.*—Not later than 1 year after  
6                   the date of enactment of this Act, and annually there-  
7                   after, the District Commander of each district of the  
8                   Corps of Engineers that obtains dredged material  
9                   through the construction or operation and mainte-  
10                  nance of a water resources development project shall,  
11                  at Federal expense, develop and submit to the Sec-  
12                  retary a 5-year dredged material management plan  
13                  in coordination with relevant State agencies and  
14                  stakeholders.

15                  (2) *SCOPE.*—Each plan developed under this  
16                  subsection shall include—

17                         (A) a dredged material budget for each wa-  
18                         tershed or littoral system within the district;

19                         (B) an estimate of the amount of dredged  
20                         material likely to be obtained through the con-  
21                         struction or operation and maintenance of all  
22                         water resources development projects projected to  
23                         be carried out within the district during the 5-  
24                         year period following submission of the plan,

19                   *development project, the benefits, effi-*  
20                   *ciencies, and impacts that result from the*  
21                   *combined activities;*

22           *(E) the district-wide goals for beneficial use*  
23           *of the dredged material, including any expected*  
24           *cost savings from aligning and coordinating*

1           *multiple projects (including projects across Corps*  
2           *districts) in the use of the dredged material; and*

3                   *(F) a description of potential beneficial use*  
4           *projects identified through stakeholder solicita-*  
5           *tion and coordination.*

6           (3) *PUBLIC COMMENT.*—*In developing each plan*  
7           *under this subsection, each District Commander shall*  
8           *provide notice and an opportunity for public com-*  
9           *ment, including a solicitation for stakeholders to iden-*  
10          *tify beneficial use projects, in order to ensure, to the*  
11          *extent practicable, that beneficial use of dredged mate-*  
12          *rial is not foregone in a particular fiscal year or*  
13          *dredging cycle.*

14          (4) *PUBLIC AVAILABILITY.*—*Upon submission of*  
15          *each plan to the Secretary under this subsection, each*  
16          *District Commander shall make the plan publicly*  
17          *available, including on a publicly available website.*

18          (5) *TRANSMISSION TO CONGRESS.*—*As soon as*  
19          *practicable after receiving a plan under subsection*  
20          *(a), the Secretary shall transmit the plan to Congress.*

21          (6) *REGIONAL SEDIMENT MANAGEMENT PLANS.*—

20 **GRAM.**

21       (a) *IN GENERAL.—The Secretary shall carry out a*  
22 *demonstration program to determine the causes of, and im-*  
23 *plement measures to effectively detect, prevent, treat, and*  
24 *eliminate, harmful algal blooms associated with water re-*  
25 *sources development projects.*

1       **(b) CONSULTATION; USE OF EXISTING DATA AND PRO-**  
2 **GRAM AUTHORITIES.**—*In carrying out the demonstration*  
3 *program under subsection (a), the Secretary shall—*

4           (1) *consult with the heads of appropriate Federal*  
5 *and State agencies; and*

6           (2) *make maximum use of existing Federal and*  
7 *State data and ongoing programs and activities of*  
8 *Federal and State agencies, including the activities of*  
9 *the Secretary carried out through the Engineer Re-*  
10 *search and Development Center pursuant to section*  
11 *1109 of the Water Resources Development Act of 2018*  
12 *(33 U.S.C. 610 note).*

13       **(c) FOCUS AREAS.**—*In carrying out the demonstration*  
14 *program under subsection (a), the Secretary shall undertake*  
15 *program activities related to harmful algal blooms in the*  
16 *Great Lakes, the tidal and inland waters of the State of*  
17 *New Jersey, the coastal and tidal waters of the State of Lou-*  
18 *isiana, the waterways of the counties that comprise the Sac-*

19 (b) *NO ADDITIONAL IRC CONSTRUCTION.—The Sec-*  
20 *retary may not authorize construction of an interception-*  
21 *rearing complex on the Missouri River until the Sec-*  
22 *retary—*

23 (1) *submits the report required by subsection (a);*  
24 (2) *acting through the Engineer Research and*  
25 *Development Center, conducts further research on*

1 *interception-rearing complex design, including any*  
2 *effects on existing flows, flood risk management, and*  
3 *navigation; and*

4 (3) *develops a plan—*

5 (A) *to repair dikes and revetments that are*  
6 *affecting flood risk and bank erosion; and*

7 (B) *to establish, repair, or improve water*  
8 *control structures at the headworks of constructed*  
9 *shallow water habitat side-channels.*

10 (c) *FUTURE IRC CONSTRUCTION.—*

11 (1) *PUBLIC COMMENT.—The Secretary shall pro-*  
12 *vide an opportunity for comment from the public and*  
13 *the Governor of each affected State on any proposals*  
14 *to construct an interception-rearing complex after the*  
15 *date of enactment of this Act.*

16 (2) *PERIOD.—The public comment period re-*  
17 *quired by paragraph (1) shall be not less than 90*  
18 *days for each proposal to construct an interception-*  
19 *rearing complex on the Missouri River.*

20 **SEC. 130. MATERIALS, SERVICES, AND FUNDS FOR REPAIR,**  
21 **RESTORATION, OR REHABILITATION OF**  
22 **PROJECTS.**

23 (a) *DEFINITIONS.—In this section:*

24 (1) *COVERED AREA.—The term “covered area”*  
25 *means an area—*

1           (A) for which the Governor of a State has  
2           requested a determination that an emergency ex-  
3           ists; or

4           (B) covered by an emergency or major dis-  
5           aster declaration declared under the Robert T.  
6           Stafford Disaster Relief and Emergency Assist-  
7           ance Act (42 U.S.C. 5121 et seq.).

8           (2) *EMERGENCY PERIOD.*—The term “emergency  
9           period” means—

10           (A) with respect to a covered area described  
11           in paragraph (1)(A), the period during which  
12           the Secretary determines an emergency exists;  
13           and

14           (B) with respect to a covered area described  
15           in paragraph (1)(B), the period during which  
16           the applicable declaration is in effect.

17           (b) *IN GENERAL.*—In any covered area, the Secretary  
18           is authorized to accept and use materials, services, and  
19           funds, during the emergency period, from a non-Federal in-  
20           terest or private entity to repair, restore, or rehabilitate a  
21           federally authorized water resources development project,  
22           and to provide reimbursement to such non-Federal interest  
23           or private entity for such materials, services, and funds,  
24           in the Secretary’s sole discretion, and subject to the avail-

1 *ability of appropriations, if the Secretary determines that*  
2 *reimbursement is in the public interest.*

3       (c) *ADDITIONAL REQUIREMENT.—The Secretary may*  
4 *only reimburse for the use of materials or services accepted*  
5 *under this section if such materials or services meet the Sec-*  
6 *retary’s specifications and comply with all applicable laws*  
7 *and regulations that would apply if such materials and*  
8 *services were acquired by the Secretary, including sections*  
9 *3141 through 3148 and 3701 through 3708 of title 40,*  
10 *United States Code, section 8302 of title 41, United States*  
11 *Code, and the National Environmental Policy Act of 1969.*

12       (d) *AGREEMENTS.—*

13           (1) *IN GENERAL.—Prior to the acceptance of ma-*  
14 *terials, services, or funds under this section, the Sec-*  
15 *retary and the non-Federal interest or private entity*  
16 *shall enter into an agreement that specifies—*

17                   (A) *the non-Federal interest or private enti-*  
18 *ty shall hold and save the United States free*  
19 *from any and all damages that arise from use of*  
20 *materials or services of the non-Federal interest*  
21 *or private entity, except for damages due to the*  
22 *fault or negligence of the United States or its*  
23 *contractors;*

24                   (B) *the non-Federal interest or private enti-*  
25 *ty shall certify that the materials or services*

1           *comply with all applicable laws and regulations*  
2           *under subsection (c); and*

3                   *(C) any other term or condition required by*  
4           *the Secretary.*

5           (2) *EXCEPTION.—If an agreement under para-*  
6           *graph (1) was not entered prior to materials or serv-*  
7           *ices being contributed, a non-Federal interest or pri-*  
8           *vate entity shall enter into an agreement with the*  
9           *Secretary that—*

10                   *(A) specifies the value, as determined by the*  
11           *Secretary, of those materials or services contrib-*  
12           *uted and eligible for reimbursement; and*

13                   *(B) ensures that the materials or services*  
14           *comply with subsection (c) and paragraph (1).*

15 **SEC. 131. LEVEE SAFETY.**

16           *Section 9004 of the Water Resources Development Act*  
17           *of 2007 (33 U.S.C. 3303) is amended by adding at the end*  
18           *the following:*

19           “(d) *IDENTIFICATION OF DEFICIENCIES.—*

20                   “(1) *IN GENERAL.—For each levee included in*  
21           *an inventory established under subsection (b) or for*  
22           *which the Secretary has conducted a review under*  
23           *subsection (c), the Secretary shall—*

24                   “(A) *identify the specific engineering and*  
25           *maintenance deficiencies, if any; and*

1           “(B) describe the recommended remedies to  
2           correct each deficiency identified under subpara-  
3           graph (A), and, if requested by owner of a non-  
4           Federal levee, the associated costs of those rem-  
5           edies.

6           “(2) CONSULTATION.—In identifying deficiencies  
7           and describing remedies for a levee under paragraph  
8           (1), the Secretary shall consult with relevant non-Fed-  
9           eral interests, including by providing an opportunity  
10          for comment by those non-Federal interests.”.

11 **SEC. 132. NATIONAL DAM SAFETY PROGRAM.**

12          (a) DEFINITIONS.—Section 2 of the National Dam  
13          Safety Program Act (33 U.S.C. 467) is amended—

14                  (1) in paragraph (4)—

15                          (A) in subparagraph (A)—

16                                  (i) by striking clause (iii) and insert-  
17                                  ing the following:

18    “(iii) has an emergency action plan  
19                                  that—

20    “(I) is approved by the relevant  
21    State dam safety agency; or

22    “(II) is in conformance with  
23    State law and pending approval by the  
24    relevant State dam safety agency;”;  
25    and

1                   *(ii) by striking clause (iv) and insert-*  
2                   *ing the following:*

3                   *“(iv) fails to meet minimum dam safe-*  
4                   *ty standards of the State in which the dam*  
5                   *is located, as determined by the State; and*

6                   *“(v) poses an unacceptable risk to the*  
7                   *public, as determined by the Administrator,*  
8                   *in consultation with the Board.”; and*

9                   *(B) in subparagraph (B)(i), by inserting*  
10                  *“under a hydropower project with an authorized*  
11                  *installed capacity of greater than 1.5*  
12                  *megawatts” after “dam”; and*

13                  *(2) in paragraph (10)—*

14                  *(A) in the heading, by striking “NON-FED-*  
15                  *ERAL SPONSOR” and inserting “ELIGIBLE SUB-*

4                   inserting “projects for which the grant  
5                   is awarded,”;

6                   (iii) by amending subparagraph (C) to  
7                   read as follows:

8                   “(C) GRANT ASSURANCE.—As part of a  
9                   grant agreement under subparagraph (B), the  
10                  Administrator shall require that each eligible  
11                  subrecipient to which the State awards a grant  
12                  under this section provides an assurance, with  
13                  respect to the dam to be rehabilitated by the eli-  
14                  gible subrecipient, that the dam owner will carry  
15                  out a plan for maintenance of the dam during  
16                  the expected life of the dam.”; and

17                  (iv) in subparagraph (D), by striking  
18                  “A grant provided under this section shall  
19                  not exceed” and inserting “A State may not  
20                  award a grant to an eligible subrecipient  
21                  under this section that exceeds, for any 1  
22                  dam,”.

23                  (4) REQUIREMENTS.—Section 8A(d) of the Na-  
24                  tional Dam Safety Program Act (33 U.S.C. 467f-  
25                  2(d)) is amended—

1           (A) in paragraph (1), by inserting “to an  
2 eligible subrecipient” after “this section”;

3           (B) in paragraph (2)—

4                 (i) in the paragraph heading, by strik-  
5 ing “NON-FEDERAL SPONSOR” and insert-  
6 ing “ELIGIBLE SUBRECIPIENT”;

10                  *pump station.*

11                  (B) *INCLUSIONS.*—*The term “rehabilita-*  
12                  *tion”, with respect to an eligible pump station,*  
13                  *includes—*

14                           (i) *the incorporation into the eligible*  
15                           *pump station of—*

16                                   (I) *current design standards;*

17                                   (II) *efficiency improvements; and*

18                                   (III) *associated drainage; and*

19                           (ii) *increasing the capacity of the eligi-*  
20                           *ble pump station, subject to the condition*  
21                           *that the increase shall—*

22                                   (I) *significantly decrease the risk*  
23                                   *of loss of life and property damage; or*

1                   (ii) decrease total lifecycle reha-  
2                   bilitation costs for the eligible pump  
3                   station.

4           (b) *AUTHORIZATION.*—The Secretary may carry out  
5           rehabilitation of an eligible pump station, if the Secretary  
6           determines that the rehabilitation is feasible.

7           (c) *COST SHARING.*—The non-Federal interest for the  
8           eligible pump station shall—

9                   (1) provide 35 percent of the cost of rehabilita-  
10                  tion of an eligible pump station carried out under  
11                  this section; and

12                  (2) provide all land, easements, rights-of-way,  
13                  and necessary relocations associated with the rehabili-  
14                  tation described in subparagraph (A), at no cost to  
15                  the Federal Government.

16           (d) *AGREEMENT REQUIRED.*—The rehabilitation of an  
17           eligible pump station pursuant to this section shall be initi-  
18           ated only after a non-Federal interest has entered into a  
19           binding agreement with the Secretary—

20                   (1) to pay the non-Federal share of the costs of  
21                  rehabilitation under subsection (c); and

22                   (2) to pay 100 percent of the operation and  
23                  maintenance costs of the rehabilitated eligible pump  
24                  station, in accordance with regulations promulgated  
25                  by the Secretary.

1       (e) *TREATMENT.*—*The rehabilitation of an eligible*  
2 *pump station pursuant to this section shall not be consid-*  
3 *ered to be a separable element of the associated flood risk*  
4 *management project constructed by the Corps of Engineers.*

5       (f) *AUTHORIZATION OF APPROPRIATIONS.*—*There is*  
6 *authorized to be appropriated to carry out this section*  
7 *\$60,000,000, to remain available until expended.*

1 **SEC. 137. CRITERIA FOR FUNDING ENVIRONMENTAL INFRA-**  
2 **STRUCTURE PROJECTS.**

3 (a) *IN GENERAL.*—Not later than 180 days after the  
4 date of enactment of this Act, the Secretary shall develop  
5 specific criteria for the evaluation and ranking of indi-  
6 vidual environmental assistance projects authorized by  
7 Congress (including projects authorized pursuant to envi-  
8 ronmental assistance programs) for the Secretary to carry  
9 out.

10 (b) *MINIMUM CRITERIA.*—For the purposes of carrying  
11 out this section, the Secretary shall evaluate, at a min-  
12 imum—

13 (1) *the nature and extent of the positive and neg-*  
14 *ative local economic impacts of the project, includ-*  
15 *ing—*

16 (A) *the benefits of the project to the local*  
17 *economy;*

18 (B) *the extent to which the project will en-*  
19 *hance local development;*

20 (C) *the number of jobs that will be directly*  
21 *created by the project; and*

22 (D) *the ability of the non-Federal interest to*  
23 *pay the applicable non-Federal share of the cost*  
24 *of the project;*

1           (2) *the demographics of the location in which the*

21           (d) *REPORT TO CONGRESS.—For fiscal year 2022, and*  
22           *biennially thereafter, in conjunction with the President’s*  
23           *annual budget submission to Congress under section*  
24           *1105(a) of title 31, United States Code, the Secretary shall*  
25           *submit to the Committee on Environment and Public Works*

1 *and the Committee on Appropriations of the Senate and*  
2 *the Committee on Transportation and Infrastructure and*  
3 *the Committee on Appropriations of the House of Rep-*  
4 *resentatives a report that identifies the Secretary’s ranking*  
5 *of individual environmental assistance projects authorized*  
6 *by Congress for the Secretary to carry out, in accordance*  
7 *with the criteria developed under this section.*

8 **SEC. 138. AGING INFRASTRUCTURE.**

9 (a) *DEFINITIONS.—In this section:*

10 (1) *AGING INFRASTRUCTURE.—The term “aging*  
11 *infrastructure” means a water resources development*  
12 *project of the Corps of Engineers, or any other water*  
13 *resources, water storage, or irrigation project of an-*  
14 *other Federal agency, that is greater than 75 years*  
15 *old.*

16 (2) *ENHANCED INSPECTION.—The term “en-*  
17 *hanced inspection” means an inspection that uses*  
18 *current or innovative technology, including Light De-*  
19 *tection and Ranging (commonly known as*  
20 *“LiDAR”), ground penetrating radar, subsurface im-*  
21 *aging, or subsurface geophysical techniques, to detect*  
22 *whether the features of the aging infrastructure are*  
23 *structurally sound and can operate as intended, or*  
24 *are at risk of failure.*

25 (b) *CONTRACTS FOR ENHANCED INSPECTION.—*

1           (1) *IN GENERAL.*—*The Secretary may carry out*  
2           *enhanced inspections of aging infrastructure, pursu-*  
3           *ant to a contract with the owner or operator of the*  
4           *aging infrastructure.*

5           (2) *CERTAIN CIRCUMSTANCES.*—*Subject to the*  
6           *availability of appropriations, or funds available*  
7           *pursuant to subsection (d), the Secretary shall enter*  
8           *into a contract described in paragraph (1), if—*

9                   (A) *the owner or operator of the aging in-*  
10                  *frastructure requests that the Secretary carry out*  
11                  *the enhanced inspections; and*

12                   (B) *the inspection is at the full expense of*  
13                  *such owner or operator.*

14           (c) *LIMITATION.*—*The Secretary shall not require a*  
15           *non-Federal entity associated with a project under the ju-*  
16           *risdiction of another Federal agency to carry out corrective*  
17           *or remedial actions in response to an enhanced inspection*  
18           *carried out under this section.*

19           (d) *FUNDING.*—*The Secretary is authorized to accept*  
20           *funds from an owner or operator of aging infrastructure,*  
21           *and may use such funds to carry out an enhanced inspec-*  
22           *tion pursuant to a contract entered into with such owner*  
23           *or operator under this section.*

1 **SEC. 139. UNIFORMITY OF NOTIFICATION SYSTEMS.**

2 (a) *INVENTORY.*—Not later than 180 days after the  
3 date of enactment of this Act, the Secretary shall complete  
4 an inventory of all systems used by the Corps of Engineers  
5 for external communication and notification with respect  
6 to projects, initiatives, and facilities of the Corps of Engi-  
7 neers.

8 (b) *UNIFORM PLAN.*—

9 (1) *IN GENERAL.*—Not later than 1 year after  
10 the date of enactment of this Act, the Secretary shall  
11 develop a plan for the uniformity of such communica-  
12 tion and notification systems for projects, initiatives,  
13 and facilities of the Corps of Engineers.

14 (2) *INCLUSIONS.*—The plan developed under  
15 paragraph (1) shall—

16 (A) provide access to information in all  
17 forms practicable, including through email, text  
18 messages, news programs and websites, radio,  
19 and other forms of notification;

20 (B) establish a notification system for any  
21 projects, initiatives, or facilities of the Corps of  
22 Engineers that do not have a notification system;

23 (C) streamline existing communication and  
24 notification systems to improve the strength and  
25 uniformity of those systems; and

1           (D) *emphasize the necessity of timeliness in*  
2           *notification systems and ensure that the methods*  
3           *of notification can transmit information in a*  
4           *timely manner.*

5           (3) *IMPLEMENTATION.—*

6           (A) *IN GENERAL.—Except as provided in*  
7           *subparagraph (B), not later than 2 years after*  
8           *the date of enactment of this Act, the Secretary*  
9           *shall complete the implementation of the plan de-*  
10          *veloped under paragraph (1).*

11          (B) *EMERGENCY MANAGEMENT NOTIFICA-*  
12          *TION.—Not later than 18 months after the date*  
13          *of enactment of this Act, the Secretary shall im-*  
14          *plement the provisions of the plan developed*  
15          *under paragraph (1) relating to emergency man-*  
16          *agement notifications.*

17          (4) *SAVINGS PROVISION.—Nothing in this section*  
18          *authorizes the elimination of any existing commu-*  
19          *nication or notification system used by the Corps of*  
20          *Engineers.*

21 **SEC. 140. COASTAL STORM DAMAGE REDUCTION CON-**  
22 **TRACTS.**

23          *For any project for coastal storm damage reduction,*  
24          *the Secretary may seek input from a non-Federal interest*  
25          *for a project that may be affected by the timing of the coast-*

1 *al storm damage reduction activities under the project, in*  
2 *order to minimize, to the maximum extent practicable, any*  
3 *negative effects resulting from the timing of those activities.*

4 **SEC. 141. DAM REMEDIATION FOR ECOSYSTEM RESTORA-**  
5 **TION.**

6 *Section 542(b)(2) of the Water Resources Development*  
7 *Act of 2000 (114 Stat. 2671; 121 Stat. 1150) is amended—*

8 *(1) in subparagraph (F), by striking “or” at the*  
9 *end;*

10 *(2) by redesignating subparagraph (G) as sub-*  
11 *paragraph (H); and*

12 *(3) by inserting after subparagraph (F) the fol-*  
13 *lowing:*

14 *“(G) measures to restore, protect, and pre-*  
15 *serve an ecosystem affected by a dam (including*  
16 *by the rehabilitation or modification of a*  
17 *dam)—*

18 *“(i) that has been constructed, in whole*  
19 *or in part, by the Corps of Engineers for*  
20 *flood control purposes;*

21 *“(ii) for which construction was com-*  
22 *pleted before 1940;*

23 *“(iii) that is classified as ‘high hazard*  
24 *potential’ by the State dam safety agency of*  
25 *the State in which the dam is located; and*

1                   “(iv) that is operated by a non-Federal  
2                   entity; or”.

3 **SEC. 142. LEVEE ACCREDITATION PROCESS; LEVEE CER-**  
4                   **TIFICATIONS.**

5           (a) *SENSE OF CONGRESS.*—It is the sense of Congress  
6 that the process developed by the Flood Protection Structure  
7 Accreditation Task Force established under section 100226  
8 of the Moving Ahead for Progress in the 21st Century Act  
9 (42 U.S.C. 4101 note) should not be limited to levee systems  
10 in the inspection of completed works program of the Corps  
11 of Engineers, but should apply equally to federally owned  
12 levee systems operated by the Secretary, including federally  
13 owned levee systems operated by the Secretary as part of  
14 a reservoir project.

15           (b) *LEVEE CERTIFICATIONS.*—Section 3014 of the  
16 Water Resources Reform and Development Act of 2014 (42  
17 U.S.C. 4131) is amended—

18                   (1) in subsection (a)—

19                           (A) in paragraph (1)—

20                                   (i) by striking “under the inspection of  
21 completed works program” and inserting  
22 “for levee systems under the levee safety and  
23 dam safety programs”; and

24                                   (ii) by striking “and” at the end;

25                           (B) in paragraph (2)—

1           (i) by striking “activities under the in-  
2           spection of completed works program of the  
3           Corps of Engineers” and inserting “the ac-  
4           tivities referred to in paragraph (1)”;

5           (ii) by striking “chapter 1” and insert-  
6           ing “chapter I”; and

7           (iii) by striking the period at the end  
8           and inserting “; and”; and

9           (C) by adding at the end the following:

10           “(3) in the case of a levee system that is operated  
11           and maintained by the Corps of Engineers, to the  
12           maximum extent practicable, cooperate with local  
13           governments seeking a levee accreditation decision for  
14           the levee to provide information necessary to support  
15           the accreditation decision in a timely manner.”; and

16           (2) in paragraph (b)(3), by adding at the end  
17           the following:

18           “(C)    CONTRIBUTED    FUNDS.—Notwith-  
19           standing subparagraph (B), a non-Federal inter-  
20           est may fund up to 100 percent of the cost of any  
21           activity carried out under this subsection.”.

22   **SEC. 143. PROJECT PARTNERSHIP AGREEMENT.**

23           Section 103(j)(1) of the Water Resources Development  
24   Act of 1986 (33 U.S.C. 2213(j)(1)) is amended—

1           (1) by striking “Any project” and inserting the  
2           following:

3                       “(A) *IN GENERAL.*—Any project”; and

4           (2) by adding at the end the following:

5                       “(B) *INCLUSION.*—An agreement under sub-  
6           paragraph (A) shall include a brief description  
7           and estimation of the anticipated operations,  
8           maintenance, and replacement and rehabilita-  
9           tion costs of the non-Federal interest for the  
10          project.”.

11 **SEC. 144. ACCEPTANCE OF FUNDS FOR HARBOR DREDGING.**

12          The Secretary is authorized, in accordance with sec-  
13          tion 5 of Act of June 22, 1936 (33 U.S.C. 701h), to accept  
14          and expend funds contributed by a State or other non-Fed-  
15          eral interest—

16               (1) to dredge a non-Federal harbor or channel,  
17          or a marina or berthing area located adjacent to, or  
18          accessible by, such harbor or channel; or

19               (2) to provide technical assistance related to the  
20          planning and design of dredging activities described  
21          in paragraph (1).

22 **SEC. 145. REPLACEMENT CAPACITY.**

23          Section 217(a) of the Water Resources Development  
24          Act of 1996 (33 U.S.C. 2326a(a)) is amended—

1           (1) *in the subsection heading, by inserting “OR*  
2           *REPLACEMENT CAPACITY” after “ADDITIONAL CAPAC-*  
3           *ITY”;*

4           (2) *by striking paragraph (1) and inserting the*  
5           *following:*

6           “(1) *PROVIDED BY SECRETARY.—*

7                   “(A) *IN GENERAL.—Subject to subpara-*  
8                   *graph (B), at the request of a non-Federal inter-*  
9                   *est with respect to a project, the Secretary*  
10                   *may—*

11                           “(i) *provide additional capacity at a*  
12                           *dredged material disposal facility con-*  
13                           *structed by the Secretary beyond the capac-*  
14                           *ity that would be required for project pur-*  
15                           *poses; or*

16                                   “(ii) *permit the use of dredged mate-*  
17                                   *rial disposal facility capacity required for*  
18                                   *project purposes by the non-Federal interest*  
19                                   *if the Secretary determines that replacement*  
20                                   *capacity can be constructed at the facility*  
21                                   *or another facility or site before such capac-*  
22                                   *ity is needed for project purposes.*

23                           “(B) *AGREEMENT.—Before the Secretary*  
24                           *takes an action under subparagraph (A), the*  
25                           *non-Federal interest shall agree to pay—*

1           “(i) all costs associated with the con-  
2           struction of the additional capacity or re-  
3           placement capacity in advance of construc-  
4           tion of such capacity; and

5           “(ii) in the case of use by a non-Fed-  
6           eral interest of dredged material disposal  
7           capacity required for project purposes under  
8           subparagraph (A)(ii), any increase in the  
9           cost of operation and maintenance of the  
10          project that the Secretary determines results  
11          from the use of the project capacity by the  
12          non-Federal interest in advance of each  
13          cycle of dredging.

14          “(C) CREDIT.—In the event the Secretary  
15          determines that the cost to operate or maintain  
16          the project decreases as a result of use by the  
17          non-Federal interest of dredged material disposal  
18          capacity required for project purposes under sub-  
19          paragraph (A)(ii), the Secretary, at the request  
20          of the non-Federal interest, shall credit the  
21          amount of the decrease toward any cash con-  
22          tribution of the non-Federal interest required  
23          thereafter for construction, operation, or mainte-  
24          nance of the project, or of another navigation  
25          project.”;

24                   “(1) *DEFINITION OF ELIGIBLE NON-FEDERAL IN-*  
 25                   *TEREST.—In this subsection, the term ‘eligible non-*

1 *Federal interest’ means a non-Federal interest that*  
2 *owns or operates an existing non-Federal hydropower*  
3 *facility at a Corps of Engineers water resources devel-*  
4 *opment project.*

5 “(2) *EVALUATION.*—

6 “(A) *IN GENERAL.*—*On the written request*  
7 *of an eligible non-Federal interest, the Secretary*  
8 *shall conduct an evaluation to consider oper-*  
9 *ational changes at the applicable project to fa-*  
10 *cilitate production of non-Federal hydropower,*  
11 *consistent with authorized project purposes. The*  
12 *Secretary shall solicit input from interested*

7 “(7) SAVINGS PROVISION.—Nothing in this sub-  
8 section—

9 “(A) affects the authorized purposes of a  
10 Corps of Engineers water resources development  
11 project;

12 “(B) affects existing authorities of the Corps  
13 of Engineers, including authorities with respect  
14 to navigation, flood damage reduction, environ-  
15 mental protection and restoration, water supply  
16 and conservation, and other related purposes; or

17 “(C) authorizes the Secretary to make any  
18 operational changes to a Corps of Engineers  
19 water resources development project.”.

20 **SEC. 147. REPAIR AND RESTORATION OF EMBANKMENTS.**

21 (a) *IN GENERAL.*—At the request of a non-Federal in-  
22 terest, the Secretary shall assess the cause of damage to, or  
23 the failure of, an embankment that is adjacent to the shore-  
24 line of a reservoir project owned and operated by the Sec-  
25 retary for which such damage or failure to the embankment

1 *has adversely affected a roadway that the Secretary has re-*  
2 *located for construction of the reservoir.*

3       **(b) REPAIR AND RESTORATION ACTIVITIES.**—*If, based*  
4 *on the assessment carried out under subsection (a), the Sec-*  
5 *retary determines that the cause of the damage to, or the*  
6 *failure of, the embankment is the direct result of the design*  
7 *or operation of the reservoir by the Secretary, the Secretary*  
8 *is authorized to participate in the repair or restoration of*  
9 *such embankment.*

10       **(c) AUTHORIZATION OF APPROPRIATIONS.**—*There is*  
11 *authorized to be appropriated to the Secretary \$10,000,000*  
12 *to carry out this section.*

13 **SEC. 148. COASTAL MAPPING.**

14       *Section 516 of the Water Resources Development Act*  
15 *of 1996 (33 U.S.C. 2326b) is amended—*

16               (1) *by redesignating subsection (g) as subsection*  
17       *(h);*

18               (2) *by inserting after subsection (f) the following:*

19       **“(g) COASTAL MAPPING.**—*The Secretary shall develop*  
20 *and carry out a plan for the recurring mapping of coast-*  
21 *lines that are experiencing rapid change, including such*  
22 *coastlines in—*

23               **“(1) Alaska;**

24               **“(2) Hawaii; and**

1           “(3) any territory or possession of the United  
2       *States.*”; and

3           (3) in subsection (h) (as so redesignated), by  
4       adding at the end the following:

5           “(3) *COASTAL MAPPING.*—In addition to  
6       amounts made available under paragraph (1), there  
7       is authorized to be appropriated to carry out sub-  
8       section (g) with respect to Alaska, Hawaii, and the  
9       territories and possessions of the United States,  
10      \$10,000,000, to remain available until expended.”.

11 **SEC. 149. INTERIM RISK REDUCTION MEASURES.**

12       (a) *IN GENERAL.*—In the case of any interim risk re-  
13      duction measure for dam safety purposes that was evaluated  
14      in a final environmental assessment completed during the  
15      period beginning on March 18, 2019, and ending on the  
16      date of enactment of this Act, the Secretary shall carry out  
17      a reevaluation of the measure in a timely manner if the  
18      final environmental assessment did not consider in detail  
19      at least—

20           (1) 1 operational water control plan change al-  
21      ternative;

22           (2) 1 action alternative other than an oper-  
23      ational water control plan change; and

24           (3) the no action alternative.

1           (b) *COORDINATION.*—A reevaluation carried out under  
2 subsection (a) shall include consideration of the alternatives  
3 described in such subsection, which shall be developed in  
4 coordination with Federal agencies, States, Indian Tribes,  
5 units of local government, and other non-Federal interests  
6 that have existing water obligations that would be directly  
7 affected by implementation of an interim risk reduction  
8 measure that is the subject of the reevaluation.

9           (c) *IMPLEMENTATION PRIOR TO REEVALUATION.*—  
10 Nothing in this section prohibits the Secretary from imple-  
11 menting an interim risk reduction measure for which a re-  
12 evaluation is required under subsection (a) prior to the  
13 completion of the reevaluation under subsection (a).

14 **SEC. 150. MAINTENANCE DREDGING PERMITS.**

15           (a) *IN GENERAL.*—The Secretary shall, to the max-  
16 imum extent practicable, prioritize the reissuance of any  
17 regional general permit for maintenance dredging that ex-  
18 pires prior to May 1, 2021, and shall use best efforts to  
19 ensure such reissuance prior to expiration of such a re-  
20 gional general permit for maintenance dredging.

21           (b) *SAVINGS PROVISION.*—Nothing in this section af-  
22 fects any obligation to comply with the requirements of any  
23 Federal law, including—

24                   (1) the National Environmental Policy Act of  
25                   1969 (42 U.S.C. 4321 et seq.);

1           (2) *the Federal Water Pollution Control Act (33*  
2           *U.S.C. 1251 et seq.)*; and

3           (3) *the Endangered Species Act of 1973 (16*  
4           *U.S.C. 1531 et seq.)*.

5   **SEC. 151. HIGH WATER-LOW WATER PREPAREDNESS.**

6           (a) *DEFINITIONS.—In this section:*

7           (1) *BYPASS.—The term “bypass” means an al-*  
8           *ternate water route adjacent to a lock and dam on a*  
9           *Federal inland waterway system that can be used for*  
10          *commercial navigation during high water conditions.*

11          (2) *EMERGENCY CONDITION.—The term “emer-*  
12          *gency condition” means—*

13               (A) *unsafe conditions on a Federal inland*  
14               *waterway system that prevent the operation of*  
15               *commercial vessels, resulting from a major*  
16               *change in water level or flows;*

17               (B) *an obstruction in a Federal inland wa-*  
18               *terway system, including silt, sediment, rock for-*  
19               *mation, or a shallow channel;*

20               (C) *an impaired or inoperable Federal lock*  
21               *and dam; or*

22               (D) *any other condition determined appro-*  
23               *priate by the Secretary.*

24          (b) *EMERGENCY DETERMINATION.—The Secretary, in*  
25          *consultation with the District Commanders responsible for*

1 *maintaining any Federal inland waterway system, the*  
2 *users of the waterway system, and the Coast Guard, may*  
3 *make a determination that an emergency condition exists*  
4 *on the waterway system.*

5 *(c) EMERGENCY MITIGATION PROJECT.—*

6 *(1) IN GENERAL.—Subject to paragraph (2) and*  
7 *the availability of appropriations, and in accordance*  
8 *with all applicable Federal requirements, the Sec-*  
9 *retary may carry out an emergency mitigation*  
10 *project on a Federal inland waterway system with re-*  
11 *spect to which the Secretary has determined that an*  
12 *emergency condition exists under subsection (b), or on*  
13 *a bypass of such system, to remedy that emergency*  
14 *condition.*

15 *(2) DEADLINE.—An emergency mitigation*  
16 *project under paragraph (1) shall—*

17 *(A) be initiated by not later than 60 days*  
18 *after the date on which the Secretary makes the*  
19 *applicable determination under subsection (b);*  
20 *and*

21 *(B) to the maximum extent practicable, be*  
22 *completed by not later than 1 year after the date*  
23 *on which the Secretary makes such determina-*  
24 *tion.*

1       (d) *AUTHORIZATION OF APPROPRIATIONS.*—*There is*  
2 *authorized to be appropriated to the Secretary to carry out*  
3 *this section \$25,000,000 for each of fiscal years 2022*  
4 *through 2024, to remain available until expended.*

5 **SEC. 152. TREATMENT OF CERTAIN BENEFITS AND COSTS.**

6       (a) *IN GENERAL.*—*In the case of a flood risk manage-*  
7 *ment project that incidentally generates seismic safety bene-*  
8 *fits in regions of moderate or high seismic hazard, for the*  
9 *purpose of a benefit-cost analysis for the project, the Sec-*  
10 *retary shall not include in that analysis any additional de-*  
11 *sign and construction costs resulting from addressing seis-*  
12 *mic concerns.*

13       (b) *SAVINGS PROVISION.*—*Except with respect to the*  
14 *benefit-cost analysis, the additional costs referred to in sub-*  
15 *section (a) shall be—*

16             (1) *included in the total project cost; and*

17             (2) *subject to cost-share requirements otherwise*  
18 *applicable to the project.*

19 **SEC. 153. LEASE DEVIATIONS.**

20       (a) *DEFINITION OF COVERED LEASE DEVIATION.*—*In*  
21 *this section, the term “covered lease deviation” means a*  
22 *change in terms from the existing lease that requires ap-*  
23 *proval from the Secretary for a lease—*

1           (1) of Federal land within the State of Oklahoma  
2           that is associated with a water resources development  
3           project, under—

4                   (A) section 2667 of title 10, United States  
5           Code; or

6                   (B) section 4 of the Act of December 22,  
7           1944 (16 U.S.C. 460d); and

8           (2) with respect to which the lessee is in good  
9           standing.

10          (b) *DEADLINE.*—In the case of a request for a covered  
11       lease deviation—

12               (1) the Division Commander of the Southwestern  
13       Division shall—

14                   (A) notify the Secretary of the request via  
15       electronic means by not later than 24 hours after  
16       receiving the request; and

17                   (B) by not later than 10 business days after  
18       the date on which the Division Commander noti-  
19       fies the Secretary under subparagraph (A)—

20                           (i) make a determination approving,  
21       denying, or requesting a modification to the  
22       request; and

23                           (ii) provide to the Secretary the deter-  
24       mination under clause (i); and

1           (2) *the Secretary shall make a determination ap-*  
2           *proving, denying, or requesting a modification to the*  
3           *request by not later than 10 business days after—*

4                   (A) *the date on which the Division Com-*  
5                   *mander provides to the Secretary a determina-*  
6                   *tion in accordance with paragraph (1)(B); or*

7                   (B) *if the Division Commander does not*  
8                   *provide to the Secretary a determination in ac-*  
9                   *cordance with paragraph (1)(B), the date on*  
10                   *which the deadline described in such paragraph*  
11                   *expires.*

12           (c) *NOTIFICATION.—If the Secretary does not make a*  
13           *determination under subsection (b)(2) by the deadline de-*  
14           *scribed in that subsection, the Secretary shall submit a noti-*  
15           *fication of the failure to make a determination with respect*  
16           *to the covered lease deviation, including the reason for the*  
17           *failure and a description of any outstanding issues, to—*

18                   (1) *the entity seeking the covered lease deviation;*

19                   (2) *the members of the Oklahoma congressional*  
20                   *delegation;*

21                   (3) *the Committee on Environment and Public*  
22                   *Works of the Senate; and*

23                   (4) *the Committee on Transportation and Infra-*  
24                   *structure of the House of Representatives.*

1 **SEC. 154. SENSE OF CONGRESS ON ARCTIC DEEP DRAFT**  
2 **PORT DEVELOPMENT.**

3 *It is the sense of Congress that—*

4 *(1) the Arctic, as defined in section 112 of the*  
5 *Arctic Research and Policy Act of 1984 (Public Law*  
6 *98–373), is a region of strategic importance to the*  
7 *national security and maritime transportation inter-*  
8 *ests of the United States;*

9 *(2) there is a compelling national, regional,*  
10 *Alaska Native, and private sector need for permanent*  
11 *maritime transportation infrastructure development*  
12 *and for a presence in the Arctic by the United States*  
13 *to assert national security interests and to support*  
14 *and facilitate search and rescue, shipping safety, eco-*  
15 *nomics development, oil spill prevention and response,*  
16 *subsistence and commercial fishing, the establishment*  
17 *of ports of refuge, Arctic research, and maritime law*  
18 *enforcement;*

19 *(3) the Government of the Russian Federation*  
20 *has prioritized the development of Arctic maritime*  
21 *transportation capabilities and has made significant*  
22 *investments in military infrastructure in the Arctic,*  
23 *including the construction or refurbishment of 16*  
24 *deepwater ports in the region;*

25 *(4) is a serious concern that the closest United*  
26 *States strategic seaports to the Arctic are the Port of*

1     *Anchorage and the Port of Tacoma, located approxi-*  
2     *mately 1,500 nautical miles and 2,400 nautical miles*  
3     *away from the Arctic, respectively, and approxi-*  
4     *mately 1,900 nautical miles and 2,800 nautical miles,*  
5     *respectively, from Utiagvik, Alaska; and*

6             *(5) it is in the national interest to enhance exist-*  
7     *ing, and develop, maritime transportation infrastruc-*  
8     *ture in the Arctic, including an Arctic deep draft*  
9     *strategic seaport in Alaska, that would allow the*  
10    *Coast Guard and the Navy each to perform their re-*  
11    *spective statutory duties and functions on a perma-*  
12    *nent basis with minimal mission interruption.*

13    **SEC. 155. SMALL WATER STORAGE PROJECTS.**

14            *(a) IN GENERAL.—The Secretary shall carry out a*  
15    *program to study and construct new, or enlarge existing,*  
16    *small water storage projects, in partnership with a non-*  
17    *Federal interest.*

18            *(b) REQUIREMENTS.—To be eligible to participate in*  
19    *the program under this section, a small water storage*  
20    *project shall—*

21                *(1) in the case of a new small water storage*  
22    *project, have a water storage capacity of not less than*  
23    *2,000 acre-feet and not more than 30,000 acre-feet;*

24                *(2) in the case of an enlargement of an existing*  
25    *small water storage project, be for an enlargement of*

1       *not less than 1,000 acre-feet and not more than*  
2       *30,000 acre-feet;*

3             (3) *provide—*

4                     (A) *flood risk management benefits;*

5                     (B) *ecological benefits; or*

6                     (C) *water management, water conservation,*  
7       *or water supply; and*

8             (4) *be—*

9                     (A) *economically justified, environmentally*  
10       *acceptable, and technically feasible; or*

11                    (B) *in the case of a project providing eco-*  
12       *logical benefits, cost-effective with respect to such*  
13       *benefits.*

14       (c) *SCOPE.—In carrying out the program under this*  
15       *section, the Secretary shall give preference to a small water*  
16       *storage project located in a State with a population of less*  
17       *than 1,000,000.*

18       (d) *EXPEDITED PROJECTS.—For the 10-year period*  
19       *beginning on the date of enactment of this Act, the Sec-*  
20       *retary shall expedite small water storage projects under this*  
21       *section for which applicable Federal permitting require-*  
22       *ments have been completed.*

23       (e) *USE OF DATA.—In conducting a study under this*  
24       *section, to the maximum extent practicable, the Secretary*  
25       *shall—*

1           (1) *as the Secretary determines appropriate, con-*  
2           *sider and utilize any applicable hydrologic, economic,*  
3           *or environmental data that is prepared for a small*  
4           *water storage project under State law as the docu-*  
5           *mentation, or part of the documentation, required to*  
6           *complete State water plans or other State planning*  
7           *documents relating to water resources management;*  
8           *and*

9           (2) *consider information developed by the non-*  
10          *Federal interest in relation to another study, to the*  
11          *extent the Secretary determines such information is*  
12          *applicable, appropriate, or otherwise authorized by*  
13          *law.*

14          (f) *COST SHARE.—*

15               (1) *STUDY.—The Federal share of the cost of a*  
16               *study conducted under this section shall be—*

17                       (A) *100 percent for costs not to exceed*  
18                       *\$100,000; and*

19                       (B) *50 percent for any costs above \$100,000.*

20               (2) *CONSTRUCTION.—A small water storage*  
21               *project carried out under this section shall be subject*  
22               *to the cost-sharing requirements applicable to projects*  
23               *under section 103 of the Water Resources Development*  
24               *Act of 1986 (33 U.S.C. 2213), including—*

1           (A) *municipal and industrial water supply:*  
2           *100 percent non-Federal;*

3           (B) *agricultural water supply: 35 percent*  
4           *non-Federal; and*

5           (C) *recreation, including recreational navi-*  
6           *gation: 50 percent of separable costs and, in the*  
7           *case of any harbor or inland harbor or channel*  
8           *project, 50 percent of joint and separable costs*  
9           *allocated to recreational navigation.*

10          (g) *OMRRR RESPONSIBILITY.—The costs of operation,*  
11          *maintenance, repair, and replacement and rehabilitation*  
12          *for a small water storage project constructed under this sec-*  
13          *tion shall be the responsibility of the non-Federal interest.*

14          (h) *INDIVIDUAL PROJECT LIMIT.—Not more than*  
15          *\$65,000,000 in Federal funds may be made available to a*  
16          *small water storage project under this section.*

17          (i) *AUTHORIZATION OF APPROPRIATIONS.—There is*  
18          *authorized to be appropriated to carry out this section*  
19          *\$130,000,000 annually through fiscal year 2030.*

20          **SEC. 156. PLANNING ASSISTANCE TO STATES.**

21           *In carrying out section 22 of the Water Resources De-*  
22           *velopment Act of 1974 (42 U.S.C. 1962d–16), the Secretary*  
23           *shall provide equal priority for all mission areas of the*

14 *2007 (33 U.S.C. 2342).*

15       **(c) FUNDING.**—*From amounts otherwise appropriated*  
16 *or made available to the Secretary, the Secretary may make*  
17 *available to the National Academy of Sciences not more*  
18 *than \$3,900,000, to be used for the review of information*  
19 *provided by the Corps of Engineers for purposes of a study*  
20 *under subsection (a). The Secretary may accept funds from*  
21 *another Federal agency and make such funds available to*  
22 *the National Academy of Sciences, to be used for the review*  
23 *of information provided by such agency for purposes of a*  
24 *study under subsection (a).*

1 **SEC. 159. INLAND WATERWAYS PILOT PROGRAM.**

2 (a) *DEFINITIONS.*—*In this section:*

3 (1) *AUTHORIZED PROJECT.*—*The term “author-*  
4 *ized project” means a federally authorized water re-*  
5 *sources development project for navigation on the in-*  
6 *land waterways.*

7 (2) *MODERNIZATION ACTIVITIES.*—*The term*  
8 *“modernization activities” means construction or*  
9 *major rehabilitation activities for any authorized*  
10 *project.*

11 (3) *NON-FEDERAL INTEREST.*—*The term “non-*  
12 *Federal interest” means any public body described in*  
13 *section 221(b) of the Flood Control Act of 1970 (42*  
14 *U.S.C. 1962d–5b(b)).*

15 (b) *AUTHORIZATION OF PILOT PROGRAM.*—*The Sec-*  
16 *retary is authorized to carry out a pilot program for mod-*  
17 *ernization activities on the inland waterways system.*

18 (c) *IMPLEMENTATION.*—

19 (1) *IN GENERAL.*—*In carrying out the pilot pro-*  
20 *gram under this section, the Secretary may—*

21 (A) *accept and expend funds provided by a*  
22 *non-Federal interest to carry out, for an author-*  
23 *ized project (or a separable element of an author-*  
24 *ized project), modernization activities for such*  
25 *project; or*

1           (B) coordinate with the non-Federal interest  
2           in order to allow the non-Federal interest to  
3           carry out, for an authorized project (or a sepa-  
4           rable element of an authorized project), such  
5           modernization activities.

6           (2) NUMBER.—The Secretary shall select not  
7           more than 2 authorized projects to participate in the  
8           pilot program under paragraph (1).

9           (3) CONDITIONS.—Before carrying out mod-  
10          ernization activities pursuant to paragraph (1)(B), a  
11          non-Federal interest shall—

12               (A) obtain any permit or approval required  
13               in connection with such activities under Federal  
14               or State law that would be required if the Sec-  
15               retary were to carry out such activities; and

16               (B) ensure that a final environmental im-  
17               pact statement or environmental assessment, as  
18               appropriate, for such activities has been filed  
19               pursuant to the National Environmental Policy  
20               Act of 1969.

21           (4) MONITORING.—For any modernization ac-  
22           tivities carried out by the non-Federal interest pursu-  
23           ant to this section, the Secretary shall regularly mon-  
24           itor and audit such activities to ensure that—

1           (A) *the modernization activities are carried*  
2           *out in accordance with this section; and*

3           (B) *the cost of the modernization activities*  
4           *is reasonable.*

5           (5) *REQUIREMENTS.—The requirements of sec-*  
6           *tion 3142 of title 40, United States Code shall apply*  
7           *to any modernization activities undertaken under or*  
8           *pursuant to this section, either by the Secretary or the*  
9           *non-Federal interest.*

10          (d) *AGREEMENTS.—*

11           (1) *ACTIVITIES CARRIED OUT BY NON-FEDERAL*  
12          *INTEREST.—*

13           (A) *IN GENERAL.—*

14           (i) *WRITTEN AGREEMENT.—Before a*  
15           *non-Federal interest initiates modernization*  
16           *activities for an authorized project pursuant*  
17           *to this subsection (c)(1)(B), the non-Federal*  
18           *interest shall enter into a written agreement*  
19           *with the Secretary, under section 221 of the*  
20           *Flood Control Act of 1970 (42 U.S.C.*  
21           *1962d–5b), that requires the modernization*  
22           *activities to be carried out in accordance*  
23           *with—*

24                   (I) *a plan approved by the Sec-*  
25                   *retary; and*

1                   (II) *any other terms and condi-*  
2                   *tions specified by the Secretary in the*  
3                   *agreement.*

4                   (ii) *REQUIREMENTS.—A written agree-*  
5                   *ment under clause (i) shall provide that the*  
6                   *non-Federal interest shall comply with the*  
7                   *same legal and technical requirements that*  
8                   *would apply if the modernization activities*  
9                   *were carried out by the Secretary, including*  
10                  *all mitigation required to offset environ-*  
11                  *mental impacts of the activities, as deter-*  
12                  *mined by the Secretary.*

13                  (B) *ALIGNMENT WITH ONGOING ACTIVI-*  
14                  *TIES.—A written agreement under subparagraph*  
15                  *(A) shall include provisions that, to the max-*  
16                  *imum extent practicable, align modernization*  
17                  *activities under this section with ongoing oper-*  
18                  *ations and maintenance activities for the appli-*  
19                  *cable authorized project.*

20                  (C) *INDEMNIFICATION.—As part of a writ-*  
21                  *ten agreement under subparagraph (A), the non-*  
22                  *Federal interest shall agree to hold and save the*  
23                  *United States free from liability for any and all*  
24                  *damage that arises from the modernization ac-*

1            *tivities carried out by the non-Federal interest*  
2            *pursuant to this section.*

3            (2) *ACTIVITIES CARRIED OUT BY SECRETARY.—*

4            *For modernization activities to be carried out by the*  
5            *Secretary pursuant to subsection (c)(1)(A), the non-*  
6            *Federal interest shall enter into a written agreement*  
7            *with the Secretary, containing such terms and condi-*  
8            *tions as the Secretary determines appropriate.*

9            (e) *REIMBURSEMENT.—*

10            (1) *AUTHORIZATION.—Subject to the availability*  
11            *of appropriations, the Secretary may reimburse a*  
12            *non-Federal interest for the costs of modernization ac-*  
13            *tivities carried out by the non-Federal interest pursu-*  
14            *ant to an agreement entered into under subsection*  
15            *(d), or for funds provided to the Secretary under sub-*  
16            *section (c)(1)(A), if—*

17                    (A) *the non-Federal interest complies with*  
18                    *the agreement entered into under subsection (d);*  
19                    *and*

20                    (B) *with respect to modernization activities*  
21                    *carried out by the non-Federal interest pursuant*  
22                    *to the agreement, the Secretary determines that*  
23                    *the non-Federal interest complied with all appli-*  
24                    *cable Federal requirements in carrying out the*  
25                    *modernization activities.*

1           (2) *LIMITATION.*—*The Secretary may only reim-*  
2           *burse a non-Federal interest under paragraph (1) for*  
3           *costs of construction that would otherwise be paid*  
4           *from amounts appropriated from the general fund of*  
5           *the Treasury pursuant to section 102 of the Water Re-*  
6           *sources Development Act of 1986 (33 U.S.C. 2212).*

7           (f) *RULE OF CONSTRUCTION.*—*Nothing in this sec-*  
8           *tion—*

9           (1) *affects the responsibility of the Secretary for*  
10          *the operations and maintenance of the inland water-*  
11          *way system, as of the day before the date of enactment*  
12          *of this Act, including the responsibility of the Sec-*  
13          *retary for the operations and maintenance costs for*  
14          *any covered project after the modernization activities*  
15          *are completed pursuant to this section;*

16          (2) *prohibits or prevents the use of Federal funds*  
17          *for operations and maintenance of the inland water-*  
18          *way system or any authorized project within the in-*  
19          *land waterway system; or*

20          (3) *prohibits or prevents the use of Federal funds*  
21          *for construction or major rehabilitation activities*  
22          *within the inland waterway system or for any au-*  
23          *thorized project within the inland waterway system.*

24          (g) *NOTIFICATION.*—*If a non-Federal interest notifies*  
25          *the Secretary that the non-Federal interest intends to carry*

1 *out modernization activities for an authorized project, or*  
2 *separable element thereof, pursuant to this section, the Sec-*  
3 *retary shall provide written notice to the Committee on En-*  
4 *vironment and Public Works of the Senate and the Com-*  
5 *mittee on Transportation and Infrastructure of the House*  
6 *of Representatives concerning the intent of the non-Federal*  
7 *interest.*

8 (h) *SUNSET.*—

9 (1) *IN GENERAL.*—*The authority of the Secretary*  
10 *to enter into an agreement under this section shall*  
11 *terminate on the date that is 5 years after the date*  
12 *of enactment of this Act.*

13 (2) *REIMBURSEMENT ELIGIBILITY.*—*The termi-*  
14 *nation of authority under paragraph (1) shall not ex-*  
15 *tinguish the eligibility of a non-Federal interest to*  
16 *seek reimbursement under subsection (e).*

17 **SEC. 160. DEFINITION OF ECONOMICALLY DISADVANTAGED**  
18 **COMMUNITY.**

19 (a) *IN GENERAL.*—*Not later than 180 days after the*  
20 *date of enactment of this Act, the Secretary shall issue guid-*  
21 *ance defining the term “economically disadvantaged com-*  
22 *munity” for the purposes of this Act and the amendments*  
23 *made by this Act.*

24 (b) *CONSIDERATIONS.*—*In defining the term “economi-*  
25 *cally disadvantaged community” under subsection (a), the*

1 *Secretary shall, to the maximum extent practicable, utilize*  
2 *the criteria under paragraph (1) or (2) of section 301(a)*  
3 *of the Public Works and Economic Development Act of 1965*  
4 *(42 U.S.C. 3161), to the extent that such criteria are appli-*  
5 *cable in relation to the development of water resources devel-*  
6 *opment projects.*

7 *(c) PUBLIC COMMENT.—In developing the guidance*  
8 *under subsection (a), the Secretary shall provide notice and*  
9 *an opportunity for public comment.*

10 **SEC. 161. STUDIES OF WATER RESOURCES DEVELOPMENT**  
11 **PROJECTS BY NON-FEDERAL INTERESTS.**

12 *(a) IN GENERAL.—Section 203 of the Water Resources*  
13 *Development Act of 1986 (33 U.S.C. 2231) is amended—*

14 *(1) in subsection (a)—*

15 *(A) in paragraph (1), by inserting “, or,*

17           *“(1) IN GENERAL.—The Secretary”; and*

18           *(B) by adding at the end the following:*

19           *“(2) TIMING.—The Secretary may not submit to*  
20           *Congress an assessment of a feasibility study under*  
21           *this section until such time as the Secretary—*

22           *“(A) determines that the feasibility study*  
23           *complies with all of the requirements that would*  
24           *apply to a feasibility study undertaken by the*  
25           *Secretary; and*

1           “(B) completes all of the Federal analyses,  
2           reviews, and compliance processes under the Na-  
3           tional Environmental Policy Act of 1969 (42  
4           U.S.C. 4321 et seq.), that would be required with  
5           respect to the proposed project if the Secretary  
6           had undertaken the feasibility study.

7           “(3) INITIATION OF REVIEW.—

8           “(A) REQUEST.—

9           “(i) SUBMISSION.—The non-Federal  
10          interest may submit to the Secretary a re-  
11          quest that the Secretary initiate the anal-  
12          yses, reviews, and compliance processes de-  
13          scribed in paragraph (2)(B) with respect to  
14          the proposed project prior to the non-Fed-  
15          eral interest’s submission of a feasibility  
16          study under subsection (a)(1).

17          “(ii) EFFECT.—Receipt by the Sec-  
18          retary of a request submitted under clause  
19          (i) shall be considered the receipt of a pro-  
20          posal or application that will lead to a  
21          major Federal action that is subject to the  
22          requirements of section 102(2)(C) of the Na-  
23          tional Environmental Policy Act of 1969  
24          (42 U.S.C. 4332(2)(C)) that would be re-

1           *quired if the Secretary were to undertake*  
2           *the feasibility study.*

3           “(B) *DEADLINE.*—*Not later than 10 days*  
4           *after the Secretary receives a request under this*  
5           *paragraph, the Secretary shall begin the required*  
6           *analyses, reviews, and compliance processes.*

7           “(4) *NOTIFICATION.*—*Upon receipt of a request*  
8           *under paragraph (3), the Secretary shall notify the*

20 **SEC. 163. SENSE OF CONGRESS ON REMOVAL OF UNAU-**  
21 **THORIZED, MANMADE, FLAMMABLE MATE-**  
22 **RIALS ON CORPS PROPERTY.**

23 *It is the sense of Congress that the Secretary should,*  
24 *using existing authorities, prioritize the removal, from fa-*  
25 *cilities and lands of the Corps of Engineers in regions that*  
26 *are urban and arid, of materials that are manmade, flam-*

1 mable, unauthorized to be present, and determined by the  
2 Secretary to pose a fire risk that is a threat to public safety.

3 **SEC. 164. ENHANCED DEVELOPMENT PROGRAM.**

4 (a) *IN GENERAL.*—The Secretary shall review the mas-  
5 ter plan and shoreline management plan for any lake de-  
6 scribed in section 3134 of the Water Resources Development  
7 Act of 2007 (121 Stat. 1142; 130 Stat. 1671) for the purpose  
8 of identifying structures or other improvements that are  
9 owned by the Secretary and are suitable for enhanced devel-  
10 opment, if—

11 (1) the master plan and shoreline management  
12 plan of the lake have been updated since January 1,  
13 2013; and

14 (2) the applicable district office of the Corps of  
15 Engineers has received a written request for such a  
16 review from any entity.

17 (b) *DEFINITION OF ENHANCED DEVELOPMENT.*—In  
18 this section, the term “enhanced development” means the  
19 use, for non-water-dependent commercial or hospitality in-  
20 dustry purposes or for residential or recreational purposes,  
21 of an existing structure or other improvement.

22 (c) *DIVESTMENT AUTHORITY.*—Not later than 1 year  
23 after the date of enactment of this Act, the Secretary shall—

24 (1) submit to the Committee on Environment  
25 and Public Works of the Senate and the Committee on

1       *Transportation and Infrastructure of the House of*  
2       *Representatives a report that identifies—*

3               *(A) any structure or other improvement*  
4               *owned by the Secretary that—*

5                       *(i) has been identified as suitable for*  
6                       *enhanced development pursuant to sub-*  
7                       *section (a);*

8                       *(ii) the Secretary determines the di-*  
9                       *vestment of which would not adversely affect*  
10                      *the Corps of Engineers operation of the lake*  
11                      *at which the structure or other improvement*  
12                      *is located; and*

13                      *(iii) a non-Federal interest has offered*  
14                      *to purchase from the Secretary; and*

15               *(B) the fair market value of any structure*  
16               *or other improvement identified under subpara-*  
17               *graph (A); and*

18               *(2) develop a plan to divest any structure or*  
19               *other improvement identified under paragraph*  
20               *(1)(A), at fair market value, to the applicable non-*  
21               *Federal interest.*

22       **SEC. 165. CONTINUING AUTHORITY PROGRAMS.**

23               *(a) PILOT PROGRAM FOR CONTINUING AUTHORITY*  
24       *PROJECTS IN SMALL OR DISADVANTAGED COMMUNITIES.—*

1           (1) *IN GENERAL.*—Not later than 180 days after  
2           the date of enactment of this Act, the Secretary shall  
3           implement a pilot program, in accordance with this  
4           subsection, for carrying out a project under a con-  
5           tinuing authority program for an economically dis-  
6           advantaged community.

7           (2) *PARTICIPATION IN PILOT PROGRAM.*—In car-  
8           rying out paragraph (1), the Secretary shall—

9                   (A) publish a notice in the Federal Register  
10                  that requests non-Federal interest proposals for a  
11                  project under a continuing authority program  
12                  for an economically disadvantaged community;  
13                  and

14                   (B) review such proposals and select a total  
15                  of 10 projects, taking into consideration geo-  
16                  graphic diversity among the selected projects.

17           (3) *COST SHARE.*—Notwithstanding the cost  
18           share authorized for the applicable continuing author-  
19           ity program, the Federal share of the cost of a project  
20           selected under paragraph (2) shall be 100 percent.

21           (4) *SUNSET.*—The authority to commence pursu-  
22           ant to this subsection a project selected under para-  
23           graph (2) shall terminate on the date that is 10 years  
24           after the date of enactment of this Act.

1           (5) *CONTINUING AUTHORITY PROGRAM DE-*  
2           *FINED.—In this subsection, the term “continuing au-*  
3           *thority program” has the meaning given that term in*  
4           *section 7001(c)(1)(D) of Water Resources Reform and*  
5           *Development Act of 2014 (33 U.S.C. 2282d).*

24               *agencies responsible for monitoring, forecasting, and*

1       *notification of cyanobacteria levels in Lake Okeechobee.*  
2

3       **(b) MONTHLY REPORT.**—*Each month, the Secretary*  
4 *shall make public a report, which may be based on the*  
5 *Water Management Daily Operational Reports, disclosing*  
6 *the volumes of water deliveries to or discharges from Lake*  
7 *Okeechobee & Vicinity, Water Conservation Area I, Water*  
8 *Conservation Area II, Water Conservation Area III, East*  
9 *Coast Canals, and the South Dade Conveyance. Such report*  
10 *shall be aggregated and reported in a format designed for*  
11 *the general public, using maps or other widely understood*  
12 *communication tools.*

13       **(c) EFFECT.**—*In carrying out the evaluation under*  
14 *subsection (a)(1), nothing shall be construed to authorize*  
15 *any new purpose for the management of Lake Okeechobee*  
16 *or authorize the Secretary to affect any existing authorized*  
17 *purpose, including flood protection and management of*  
18 *Lake Okeechobee to provide water supply for all authorized*  
19 *users.*

20       **SEC. 211. GREAT LAKES COASTAL RESILIENCY STUDY.**

11 *(B) the structural or operational modifica-*  
12 *tion of an existing water resources development*  
13 *project;*

14 *(C) additional monitoring of, or adaptive*  
15 *management measures to carry out with respect*  
16 *to, existing water resources development projects,*  
17 *to respond to changing hydrologic and climatic*  
18 *conditions; or*

19 *(D) geographic areas within the Great*  
20 *Lakes System for additional study by the Sec-*  
21 *retary.*

22 *(2) FOCUS AREAS.—In addition to carrying out*  
23 *subsection (a), to contribute to the comprehensive as-*  
24 *essment described in such subsection, the Secretary is*  
25 *authorized to conduct feasibility studies for—*

1           (A) the project for coastal storm resiliency,  
2           Lake Ontario shoreline, New York; and

3           (B) the project for coastal storm resiliency,  
4           Chicago shoreline, Illinois.

5           (3) *ADDITIONAL CONSIDERATIONS.*—Any feasibility study carried out pursuant to this subsection, including pursuant to a recommendation under paragraph (1)(D), shall be considered to be a continuation of the comprehensive assessment described in subsection (a).

11          (c) *EXEMPTION FROM MAXIMUM STUDY COST AND DURATION LIMITATIONS.*—Section 1001 of the Water Resources Reform and Development Act of 2014 (33 U.S.C. 2282c) shall not apply to any study recommended under subsection (b)(1)(D) or carried out pursuant to subsection (b)(2).

17     **SEC. 212. REPORT ON THE STATUS OF RESTORATION IN**

- 25                  sources;

1           (I) monitoring requirements, including as  
2           near-real time monitoring as practicable, and  
3           adaptive management measures to respond to  
4           changing conditions over time;

5           (J) the division of responsibilities among  
6           the Federal Government and non-Federal inter-  
7           ests with respect to the purposes described in  
8           paragraph (1); and

9           (K) other matters, as determined by the Sec-  
10          retary.

11         (b) *CONSULTATION AND USE OF EXISTING DATA.*—In  
12         conducting the comprehensive study under subsection (a),  
13         the Secretary shall consult with applicable Federal, State,  
14         and local agencies, Indian Tribes, non-Federal interests,  
15         and other stakeholders, and, to the maximum extent prac-  
16         ticable and where appropriate, make use of existing data  
17         provided to the Secretary by such entities or from any rel-  
18         evant multistate monitoring programs.

19         (c) *RECOMMENDATIONS.*—In conducting the com-  
20         prehensive study under subsection (a), the Secretary shall  
21         develop actionable recommendations to Congress, including  
22         for—

23                 (1) the construction of new water resources devel-  
24                 opment projects to improve the maximum effective  
25                 river resource use and control;

1           (2) *the structural or operational modification of*  
2           *completed water resources development projects;*

3           (3) *such additional monitoring of, or adaptive*  
4           *management measures to carry out with respect to,*  
5           *completed water resources development projects, to re-*  
6           *spond to changing conditions;*

7           (4) *improving the efficiency of operational and*  
8           *maintenance dredging within the study area;*

9           (5) *whether changes are necessary to the Mis-*  
10          *issippi River and Tributaries project within the*  
11          *study area;*

12          (6) *other Federal and non-Federal action, where*  
13          *appropriate; and*

14          (7) *follow-up studies and data collection and*  
15          *monitoring to be carried out by the relevant Federal*  
16          *or State agency.*

17          (d) *COMPLETION OF STUDY; REPORT TO CONGRESS.—*

18                 (1) *ANNUAL REPORTS.—Not later than 1 year*  
19                 *after the date of enactment of this Act, and annually*  
20                 *thereafter until the final report under paragraph (2)*  
21                 *is submitted, the Secretary shall submit to the Com-*  
22                 *mittee on Transportation and Infrastructure of the*  
23                 *House of Representatives and the Committee on Envi-*  
24                 *ronment and Public Works of the Senate a report de-*  
25                 *tailing—*

1           (A) any interim actions relating to water  
2           resources development projects within the study  
3           area undertaken by the Secretary under existing  
4           authority; and

5           (B) any recommendations developed under  
6           subsection (c).

7           (2) *FINAL REPORT.*—Not later than 5 years after  
8           the date of enactment of this section, the Secretary  
9           shall submit to the Committee on Transportation and  
10          Infrastructure of the House of Representatives and the  
11          Committee on Environment and Public Works of the  
12          Senate a final report detailing the results of the com-  
13          prehensive study required by this section, including  
14          the recommendations developed under subsection (c).

15          (3) *APPLICATION OF CERTAIN REQUIREMENTS.*—  
16          Section 1001(a) of the Water Resources Reform and  
17          Development Act of 2014 (33 U.S.C. 2282c(a)) shall  
18          not apply to the study carried out by the Secretary  
19          under this section.

20          (e) *FURTHER ANALYSIS.*—

21               (1) *IN GENERAL.*—In conducting the comprehen-  
22               sive study under subsection (a), the Secretary shall  
23               carry out activities in geographic areas that warrant  
24               additional analysis by the Corps of Engineers, in-  
25               cluding feasibility studies.

1           (2) *TREATMENT.*—*A feasibility study carried out*  
2           *under paragraph (1) shall be considered to be a con-*  
3           *tinuation of the comprehensive study conducted under*  
4           *subsection (a).*

5           (f) *REQUIREMENTS.*—*The comprehensive study con-*  
6           *ducted under subsection (a) shall be carried out in accord-*  
7           *ance with the authorities for the Mississippi River and*

15          (a) *ADDITIONAL STUDIES FOR LOWER MISSOURI*  
 16          *RIVER BASIN.—*

17               (1) *IN GENERAL.—Except as provided in para-*  
 18               *graph (2), upon the request of the non-Federal inter-*  
 19               *est for the Lower Missouri Basin study, the Secretary*  
 20               *shall expand the scope of such study to investigate*  
 21               *and provide recommendations relating to—*

22                               (A) *modifications to projects in Iowa, Kan-*  
 23                               *sas, Nebraska, and Missouri authorized under*  
 24                               *the Pick-Sloan Missouri River Basin Program*  
 25                               *(authorized by section 9(b) of the Act of Decem-*

1           ber 22, 1944 (chapter 665, 58 Stat. 891)) and  
2           the Missouri River Bank Stabilization and Navi-  
3           gation project (authorized by section 2 of the Act  
4           of March 2, 1945 (chapter 19, 59 Stat. 19)), in-  
5           cluding modifications to the authorized purposes  
6           of such projects to further flood risk management  
7           and resiliency; and

8                   (B) modifications to non-Federal, publicly  
9           owned levees in the Lower Missouri River Basin.

10           (2) *EXCEPTION.*—If the Secretary determines  
11           that expanding the scope of the Lower Missouri Basin  
12           study as provided in paragraph (1) is not prac-  
13           ticable, and the non-Federal interest for such study  
14           concurrs in such determination, the Secretary shall  
15           carry out such additional studies as are necessary to  
16           investigate the modifications described in paragraph  
17           (1).

18           (3) *CONTINUATION OF LOWER MISSOURI BASIN*  
19           *STUDY.*—The following studies shall be considered a  
20           continuation of the Lower Missouri Basin study:

21                   (A) Any additional study carried out under  
22           paragraph (2).

23                   (B) Any study recommended to be carried  
24           out in a report that the Chief of Engineers pre-  
25           pares for the Lower Missouri Basin study.

1           (C) *Any study recommended to be carried*  
2           *out in a report that the Chief of Engineers pre-*  
3            *pares for an additional study carried out under*  
4            *paragraph (2).*

5           (D) *Any study spun off from the Lower*  
6            *Missouri Basin study before the completion of*  
7            *such study.*

8           (E) *Any study spun off from an additional*  
9            *study carried out under paragraph (2) before the*  
10           *completion of such additional study.*

11          (4) *RELIANCE ON EXISTING INFORMATION.—In*  
12           *carrying out any study described in or authorized by*  
13           *this subsection, the Secretary, to the extent prac-*  
14           *ticable, shall rely on existing data and analysis, in-*  
15           *cluding data and analysis prepared under section 22*  
16           *of the Water Resources Development Act of 1974 (42*  
17           *U.S.C. 1962d–16).*

18          (5) *CONSIDERATION; CONSULTATION.—In devel-*

23                  cluding data and analysis prepared under section 22  
24                  of the Water Resources Development Act of 1974 (42  
25                  U.S.C. 1962d–16).

1           (6) *EXEMPTION FROM MAXIMUM STUDY COST*  
2           *AND DURATION LIMITATIONS.*—*Section 1001 of the*  
3           *Water Resources Reform and Development Act of*  
4           *2014 (33 U.S.C. 2282c) shall not apply to the com-*  
5           *prehensive study carried out under this section or any*  
6           *feasibility study described in paragraph (7).*

7           (7) *ADDITIONAL CONSIDERATIONS.*—*Any feasi-*  
8           *bility study carried out pursuant to a recommenda-*  
9           *tion included in the report submitted under this sub-*  
10          *section shall be considered to be a continuation of the*  
11          *comprehensive study required under paragraph (1).*

12          (8) *DEFINITION.*—*In this subsection, the term*  
13          *“Missouri River project” means a project constructed*  
14          *as part of—*

15                 (A) *the Pick-Sloan Missouri River Basin*  
16                 *Program (authorized by section 9(b) of the Act*  
17                 *of December 22, 1944 (chapter 665, 58 Stat.*  
18                 *891)), located in the States of Wyoming, Mon-*  
19                 *tana, North Dakota, or South Dakota;*

20                 (B) *the Missouri River Bank Stabilization*  
21                 *and Navigation project (authorized by section 2*  
22                 *of the Act of March 2, 1945 (chapter 19, 59 Stat.*  
23                 *19)); or*

1                   (C) a non-Federal, publicly owned levee sys-  
2                   tem located within the Upper Missouri River  
3                   Basin.

4           (c) *COORDINATION*.—Upon completion of the studies  
5 under subsections (a) and (b), the Secretary shall develop  
6 a strategy that, to the maximum extent practicable, coordi-  
7 nates and aligns the results of such studies.

8 **SEC. 217. PORTSMOUTH HARBOR AND PISCATAQUA RIVER**  
9                   **AND RYE HARBOR, NEW HAMPSHIRE.**

10          (a) *REQUIREMENT TO EXPEDITE*.—The Secretary  
11 shall expedite authorized activities to address the impacts  
12 of shoaling affecting the project for navigation, Rye Harbor,  
13 New Hampshire, authorized by section 101 of the River and  
14 Harbor Act of 1960 (74 Stat. 480).

15          (b) *STATUS UPDATE*.—Not later than 180 days after  
16 the date of enactment of this Act, the Secretary shall submit  
17 to Congress a written status update regarding—

18                   (1) the activities required to be expedited under  
19 subsection (a); and

20                   (2) the project for navigation, Portsmouth Har-  
21 bor and Piscataqua River, authorized by section 101  
22 of the River and Harbor Act of 1962 (76 Stat. 1173),  
23 as required to be expedited under section 1317 of the  
24 Water Resources Development Act of 2018 (132 Stat.  
25 3823).

1 **SEC. 218. COUGAR AND DETROIT DAMS, WILLAMETTE RIVER**  
2 **BASIN, OREGON.**

3 (a) *REPORT.*—Not later than 2 years after the date  
4 of enactment of this Act, the Secretary shall submit to the  
5 Committee on Transportation and Infrastructure of the  
6 House of Representatives and the Committee on Environ-  
7 ment and Public Works of the Senate, and make publicly  
8 available, a report providing an initial analysis of  
9 deauthorizing hydropower as a project purpose at the Cou-  
10 gar and Detroit Dams project.

11 (b) *CONTENTS.*—The Secretary shall include in the re-  
12 port submitted under subsection (a)—

13 (1) a description of the potential effects of  
14 deauthorizing hydropower as a project purpose at the  
15 Cougar and Detroit Dams project on—

16 (A) the operation of the project, including  
17 with respect to the other authorized purposes of  
18 the project;

19 (B) compliance of the project with the En-  
20 dangered Species Act;

21 (C) costs that would be attributed to other  
22 authorized purposes of the project, including  
23 costs relating to compliance with such Act; and

24 (D) other ongoing studies in the Willamette  
25 River Basin; and

26 (2) identification of any further research needed.

1       (c) *PROJECT DEFINED.*—*In this section, the terms*  
2 *“Cougar and Detroit Dams project” and “project” mean*  
3 *the Cougar Dam and Reservoir project and Detroit Dam*  
4 *and Reservoir project, Willamette River Basin, Oregon, au-*  
5 *thorized by section 204 of the Flood Control Act of 1950*  
6 *(64 Stat. 179), and facilities that operate in conjunction*  
7 *with the main Detroit Dam facility, including the Big Cliff*  
8 *re-regulating dam.*

9 **SEC. 219. PORT ORFORD, OREGON.**

10       *Not later than 180 days after the date of enactment*  
11 *of this Act, the Secretary shall, at Federal expense, submit*  
12 *to the Committee on Transportation and Infrastructure of*  
13 *the House of Representatives and the Committee on Envi-*  
14 *ronment and Public Works of the Senate a summary report*  
15 *on the research completed and data gathered by the date*  
16 *of enactment of this Act with regards to the configuration*  
17 *of a breakwater for the project for navigation, Port Orford,*  
18 *Oregon, authorized by section 117 of the River and Harbor*  
19 *Act of 1970 (84 Stat. 1822; 106 Stat. 4809), for the pur-*  
20 *poses of addressing shoaling issues to minimize long-term*  
21 *maintenance costs.*

22 **SEC. 220. WILSON CREEK AND SLOAN CREEK, FAIRVIEW,**  
23 **TEXAS.**

24       *Not later than 180 days after the date of enactment*  
25 *of this section, the Secretary shall submit to Congress a*

1 *written status update regarding efforts to address flooding*  
2 *along Wilson Creek and Sloan Creek in the City of Fair-*  
3 *view, Texas.*

4 **SEC. 221. STUDY ON WATER SUPPLY AND WATER CON-**  
5 **SERVATION AT WATER RESOURCES DEVELOP-**  
6 **MENT PROJECTS.**

7 *(a) IN GENERAL.—Not later than 18 months after the*  
8 *date of enactment of this Act, the Secretary shall submit*  
9 *to the Committee on Transportation and Infrastructure of*  
10 *the House of the Representatives and the Committee on En-*  
11 *vironment and Public Works of the Senate a report that*  
12 *analyzes the benefits and consequences of including water*  
13 *supply and water conservation as a primary mission of the*  
14 *Corps of Engineers in carrying out water resources develop-*  
15 *ment projects.*

16 *(b) INCLUSION.—The Secretary shall include in the re-*  
17 *port submitted under subsection (a)—*

18 *(1) a description of existing water resources de-*  
19 *velopment projects with water supply or water con-*  
20 *servation as authorized purposes, and the extent to*  
21 *which such projects are utilized for such purposes;*

22 *(2) a description of existing water resources de-*  
23 *velopment projects with respect to which—*

24 *(A) water supply or water conservation*  
25 *could be added as a project purpose, including*

1           *those with respect to which a non-Federal inter-*  
2           *est has expressed an interest in adding water*  
3           *supply or water conservation as a project pur-*  
4           *pose; and*

5                     *(B) such a purpose could be accommodated*  
6                     *while maintaining existing authorized purposes;*

7           *(3) a description of ongoing water resources de-*  
8           *velopment project studies the authorizations for which*  
9           *include authorization for the Secretary to study the*  
10          *feasibility of carrying out the project with a purpose*  
11          *of water supply or water conservation;*

12                    *(4) an analysis of how adding water supply and*  
13                    *water conservation as a primary mission of the Corps*  
14                    *of Engineers would affect the ability of the Secretary*  
15                    *to carry out future water resources development*  
16                    *projects; and*

17                    *(5) any recommendations of the Secretary relat-*  
18                    *ing to including water supply and water conservation*  
19                    *as a primary mission of the Corps of Engineers.*

20   **SEC. 222. REPORT TO CONGRESS ON AUTHORIZED STUDIES**  
21                    **AND PROJECTS.**

22            *(a) IN GENERAL.—Not later than February 1 of each*  
23            *year, the Secretary shall develop and submit to Congress*  
24            *an annual report, to be entitled “Report to Congress on Au-*

1 *thorized Water Resources Development Projects and Stud-*  
2 *ies”, that identifies—*

3           (1) *ongoing or new feasibility studies, authorized*  
4 *within the previous 20 years, for which a Report of*  
5 *the Chief of Engineers has not been issued;*

6           (2) *authorized feasibility studies for projects in*  
7 *the preconstruction, engineering and design phase;*

8           (3) *ongoing or new water resources development*  
9 *projects authorized for construction within the pre-*  
10 *vious 20 years; and*

11           (4) *authorized and constructed water resources*  
12 *development projects the Secretary has the responsi-*  
13 *bility to operate or maintain.*

14 (b) *CONTENTS.—*

15           (1) *INCLUSIONS.—*

16           (A) *CRITERIA.—The Secretary shall include*  
17 *in each report submitted under this section only*  
18 *a feasibility study or water resources develop-*  
19 *ment project—*

20           (i) *that has been authorized by Con-*  
21 *gress to be carried out by the Secretary and*  
22 *does not require any additional congres-*  
23 *sional authorization to be carried out;*

24           (ii) *that the Secretary has the capa-*  
25 *bility to carry out if funds are appropriated*

1           for such study or project under any of the  
2           “Investigations”, “Construction”, “Oper-  
3           ation and Maintenance”, or “Mississippi  
4           River and Tributaries” appropriations ac-  
5           counts for the Corps of Engineers; and

6           (iii) for which a non-Federal inter-  
7           est—

8                       (I) in the case of a study or a  
9                       project other than a project for which  
10                      funds may be appropriated for oper-  
11                      ation and maintenance, has entered  
12                      into a feasibility cost-sharing agree-  
13                      ment, design agreement, or project  
14                      partnership agreement with the Corps  
15                      of Engineers, or has informed the Sec-  
16                      retary that the non-Federal interest  
17                      has the financial capability to enter  
18                      into such an agreement within 1 year;  
19                      and

20                      (II) demonstrates the legal and fi-  
21                      nancial capability to satisfy the re-  
22                      quirements for local cooperation with  
23                      respect to the study or project.

24           (B) DESCRIPTION OF BENEFITS.—

1                   (i) *DESCRIPTION.*—*The Secretary*  
2                   *shall, to the maximum extent practicable,*  
3                   *describe in each report submitted under this*  
4                   *section the benefits, as described in clause*  
5                   *(ii), of each feasibility study and water re-*  
6                   *sources development project included in the*  
7                   *report.*

8                   (ii) *BENEFITS.*—*The benefits referred*  
9                   *to in clause (i) are benefits to—*

10                    (I) *the protection of human life*  
11                    *and property;*

12                    (II) *improvement to transpor-*  
13                    *tation;*

14                    (III) *the national, regional, or*  
15                    *local economy;*

16                    (IV) *the environment; or*

17                    (V) *the national security interests*  
18                    *of the United States.*

19                   (2) *TRANSPARENCY.*—*The Secretary shall in-*  
20                    *clude in each report submitted under this section, for*  
21                    *each feasibility study and water resources develop-*  
22                    *ment project included in the report—*

23                    (A) *the name of the associated non-Federal*  
24                    *interest, including the name of any non-Federal*  
25                    *interest that has contributed, or is expected to*

1           *contribute, a non-Federal share of the cost of the*  
2           *study or project;*

3                     *(B) the purpose of the study or project;*

4                     *(C) an estimate, to the extent practicable, of*  
5           *the Federal, non-Federal, and total costs of the*  
6           *study or project, including, to the extent prac-*  
7           *ticable, the fully funded capability of the Corps*  
8           *of Engineers for—*

9                             *(i) the 3 fiscal years following the fis-*  
10           *cal year in which the report is submitted,*  
11           *in the case of a feasibility study; and*

12                            *(ii) the 5 fiscal years following the fis-*  
13           *cal year in which the report is submitted,*  
14           *in the case of a water resources development*  
15           *project; and*

16                     *(D) an estimate, to the extent practicable, of*  
17           *the monetary and nonmonetary benefits of the*  
18           *study or project.*

19           (3) *CERTIFICATION.—The Secretary shall include*  
20           *in each report submitted under this section a certifi-*  
21           *cation stating that each feasibility study or water re-*  
22           *sources development project included in the report*  
23           *meets the criteria described in paragraph (1)(A).*

24           (4) *OMISSIONS.—*

1           (A) *LIMITATION.*—*The Secretary shall not*  
2           *omit from a report submitted under this section*  
3           *a study or project that otherwise meets the cri-*  
4           *teria for inclusion in the report solely on the*  
5           *basis of a policy of the Secretary.*

6           (B) *APPENDIX.*—*If the Secretary omits*  
7           *from a report submitted under this section a*  
8           *study or project that otherwise meets the criteria*  
9           *for inclusion in the report, the Secretary shall*  
10          *include with the report an appendix that lists*  
11          *the name of the study or project and reason for*  
12          *its omission.*

13          (c) *SUBMISSION TO CONGRESS; PUBLICATION.*—

14               (1) *SUBMISSION TO CONGRESS.*—*The Secretary*  
15               *may submit a report under this section in conjunc-*  
16               *tion with the submission of the annual report under*  
17               *section 7001 of the Water Resources Reform and De-*  
18               *velopment Act of 2014 (33 U.S.C. 2282d).*

19               (2) *PUBLICATION.*—*On submission of each report*  
20               *under this section, the Secretary shall make the report*  
21               *publicly available, including through publication on*  
22               *the internet.*

23          (d) *DEFINITIONS.*—*In this section:*

24               (1) *NON-FEDERAL INTEREST.*—*The term “non-*  
25               *Federal interest” has the meaning given that term in*

1 *section 221 of the Flood Control Act of 1970 (42*  
2 *U.S.C. 1962d–5b).*

3 (2) *WATER RESOURCES DEVELOPMENT*  
4 *PROJECT.—The term “water resources development*  
5 *project” includes a separable element of a project, a*  
6 *project under an environmental infrastructure assist-*  
7 *ance program, and a project the authorized purposes*  
8 *of which include water supply.*

9 **SEC. 223. COMPLETION OF REPORTS AND MATERIALS.**

10 (a) *IN GENERAL.—Using available appropriations,*  
11 *not later than 180 days after the date of enactment of this*  
12 *section, the Secretary shall complete and submit to Congress*  
13 *the following materials:*

14 (1) *The report required by section 1211 of the*  
15 *Water Resources Development Act of 2018 (132 Stat.*  
16 *3808).*

17 (2) *Implementation guidance for the amend-*  
18 *ments made by section 1176 of the Water Resources*  
19 *Development Act of 2016 (130 Stat. 1673).*

20 (3) *Implementation guidance for the amend-*  
21 *ments made by section 3029(a) of the Water Resources*  
22 *Reform and Development Act of 2014 (128 Stat.*  
23 *1305).*

24 (4) *Any other report or other material required*  
25 *to be submitted to Congress by any of the following*

1       *Acts (including by amendments made by such Acts)*  
2       *that has not been so submitted by the date of enact-*  
3       *ment of this section:*

4               *(A) The Water Resources Reform and Devel-*  
5               *opment Act of 2014 (Public Law 113–121).*

6               *(B) The Water Resources Development Act*  
7               *of 2016 (Public Law 114–322).*

8               *(C) The Water Resources Development Act*  
9               *of 2018 (Public Law 115–270).*

10       *(b) USE OF EXISTING DATA.—To the extent prac-*  
11       *ticable and appropriate, the Secretary shall use existing*  
12       *data in completing any materials described in subsection*  
13       *(a).*

14       *(c) FAILURE TO SUBMIT.—If the Secretary fails to*  
15       *submit materials as required by this section, the Secretary*  
16       *shall immediately inform the Committee on Environment*  
17       *and Public Works of the Senate and the Committee on*  
18       *Transportation and Infrastructure of the House of Rep-*  
19       *resentatives, in writing, of the specific reasons for such fail-*  
20       *ure and a timeline for submission of the delinquent mate-*  
21       *rials.*

22       *(d) IMPLEMENTATION GUIDANCE.—The Secretary*  
23       *shall expeditiously issue any guidance necessary to imple-*  
24       *ment any provision of this Act, including any amendments*

1 *made by this Act, in accordance with section 1105 of the*  
2 *Water Resources Development Act of 2018 (33 U.S.C. 2202).*

3 **SEC. 224. EMERGENCY FLOODING PROTECTION FOR LAKES.**

4 *The Secretary shall submit to Congress a report on the*  
5 *extent to which section 5 of the Act of August 18, 1941 (33*  
6 *U.S.C. 701n), applies to lakes, including lakes with the flow*  
7 *of a slow-moving river, including, if applicable, rec-*  
8 *ommendations for legislative changes to ensure that such*  
9 *lakes are eligible for the program carried out pursuant to*  
10 *such section.*

11 **SEC. 225. REPORT ON DEBRIS REMOVAL.**

12 *Section 1210 of the Water Resources Development Act*  
13 *of 2018 (132 Stat. 3808) is amended to read as follows:*

14 **“SEC. 1210. REPORT ON DEBRIS REMOVAL.**

15 *“(a) IN GENERAL.—Not later than 180 days after the*  
16 *date of enactment of the Water Resources Development Act*  
17 *of 2020, the Secretary shall submit to Congress and make*  
18 *publicly available a report that describes—*

19 *“(1) the extent to which, during the 10 fiscal*  
20 *years prior to such date of enactment, the Secretary*  
21 *has carried out section 3 of the Act of March 2, 1945*  
22 *(33 U.S.C. 603a);*

23 *“(2) how the Secretary has evaluated potential*  
24 *work to be carried out under that section; and*

1           “(3) *the extent to which the Secretary plans to*  
2           *start, continue, or complete debris removal activities*  
3           *in the 3 years following submission of the report.*

4           “(b) *FOCUS AREAS.—The Secretary shall include in*  
5           *the report submitted under subsection (a)—*

6           “(1) *identification of the debris removal activi-*  
7           *ties to be started, continued, or completed during the*  
8           *first fiscal year following the date of enactment of this*  
9           *subsection within the boundaries of the North Atlantic*  
10           *Division of the Corps of Engineers;*

11           “(2) *the estimated total costs and completion*  
12           *dates for such activities; and*

13           “(3) *identification of the non-Federal interest as-*  
14           *sociated with such activities.”.*

10           (2) *PREPARATION OF PROPOSED DEAUTHORIZA-*  
11           *TION LIST.—*

12                   (A) *DEAUTHORIZATION AMOUNT.—*The Sec-  
13           retary shall prepare a proposed list of projects  
14           for deauthorization comprised of a subset of  
15           projects and separable elements identified on the  
16           preliminary list developed under paragraph (1)  
17           that have, in the aggregate, an estimated Federal  
18           cost to complete that is at least \$10,000,000,000.

19                   (B) *DETERMINATION OF FEDERAL COST TO*  
20           *COMPLETE.—*For purposes of subparagraph (A),  
21           the Federal cost to complete shall take into ac-  
22           count any allowances authorized by section 902  
23           of the Water Resources Development Act of 1986  
24           (33 U.S.C. 2280), as applied to the most recent  
25           project schedule and cost estimate.

1           (C) *INCLUSION OF DEAUTHORIZATION OF*  
2           *ANTIQUATED PROJECTS.*—*The Secretary shall re-*  
3           *duce the amount identified for deauthorization*  
4           *under paragraph (2)(A) by an amount equiva-*  
5           *lent to the estimated current value of each*  
6           *project, or separable element of a project, that is*  
7           *deauthorized by subsection (f).*

8           (3) *SEQUENCING OF PROJECTS.*—

9           (A) *IN GENERAL.*—*The Secretary shall*  
10          *identify projects and separable elements for in-*  
11          *clusion on the proposed list of projects for de-*  
12          *authorization under paragraph (2) according to*  
13          *the order in which the projects and separable ele-*

18           *and appendix in the Federal Register.*

19                   *(2) EXCLUSIONS.—The Secretary shall not in-*  
20          *clude in the final deauthorization list submitted*  
21          *under paragraph (1) any project or separable element*  
22          *with respect to which Federal funds for planning, de-*  
23          *sign, or construction are obligated after the develop-*  
24          *ment of the preliminary list under subsection*  
25          *(b)(1)(A) but prior to the submission of the final de-*

1 *authorization list under paragraph (1)(A) of this sub-*  
2 *section.*

3 *(d) DEAUTHORIZATION; CONGRESSIONAL REVIEW.—*

4 *(1) IN GENERAL.—After the expiration of the 2-*  
5 *year period beginning on the date of publication of*  
6 *the final deauthorization list and appendix under*  
7 *subsection (c)(1)(B), a project or separable element of*  
8 *a project identified in the final deauthorization list is*  
9 *hereby deauthorized, unless Congress passes a joint*  
10 *resolution disapproving the final deauthorization list*  
11 *prior to the end of such period.*

12 *(2) NON-FEDERAL CONTRIBUTIONS.—*

13 *(A) IN GENERAL.—A project or separable*  
14 *element of a project identified in the final de-*  
15 *authorization list under subsection (c) shall not*  
16 *be deauthorized under this subsection if, before*  
17 *the expiration of the 2-year period referred to in*  
18 *paragraph (1), the non-Federal interest for the*  
19 *project or separable element of the project pro-*  
20 *vides sufficient funds to complete the project or*  
21 *separable element of the project.*

22 *(B) TREATMENT OF PROJECTS.—Notwith-*  
23 *standing subparagraph (A), each project and*

3 **SEC. 309. THEODORE SHIP CHANNEL, MOBILE, ALABAMA.**

4       (a) *IN GENERAL.*—*The project for navigation, Theo-*  
5 *dore Ship Channel, Mobile Harbor, Alabama, authorized by*  
6 *section 201 of the Flood Control Act of 1965 (42 U.S.C.*  
7 *1962d-5), is revised to incorporate into the project the 40-*  
8 *foot-deep, 1,320-foot-wide, and approximately 1,468.5-foot-*  
9 *long access channel, extending north from stations 257+25*  
10 *and 273+25 from the Theodore Channel, that was con-*  
11 *structed for the former Naval Station Mobile, as a substitute*  
12 *for the authorized but unconstructed 40-foot-deep, 300-foot-*  
13 *wide, and 1,200-foot-long anchorage basin in the same loca-*  
14 *tion, to serve the public terminal that replaced the former*  
15 *Naval Station Mobile as obligated under the authorizations*  
16 *for the project.*

17       (b) *TREATMENT.*—*The Secretary shall—*

18               (1) *consider construction of the access channel*  
19 *described in subsection (a) to be complete; and*

20               (2) *assume maintenance of the access channel de-*  
21 *scribed in subsection (a) for so long as the terminal*  
22 *described in subsection (a) remains publicly owned.*

3 **SEC. 503. TERRESTRIAL NOXIOUS WEED CONTROL PILOT**  
4           **PROGRAM.**

5           (a) *IN GENERAL.*—*The Secretary shall carry out a*  
6 *pilot program, in consultation with the Federal Interagency*  
7 *Committee for the Management of Noxious and Exotic*  
8 *Weeds, to identify and develop new and improved strategies*  
9 *for terrestrial noxious weed control on Federal land under*  
10 *the jurisdiction of the Secretary.*

11          (b) *PARTNERSHIPS.*—*In carrying out the pilot pro-*  
12 *gram under subsection (a), the Secretary shall act in part-*  
13 *nership with such other individuals and entities as the Sec-*  
14 *retary determines to be appropriate.*

15          (c) *COOPERATIVE AGREEMENTS.*—*The Secretary may*  
16 *utilize cooperative agreements with county and State agen-*  
17 *cies for the implementation of the pilot program under sub-*  
18 *section (a).*

19          (d) *REPORT TO CONGRESS.*—*Not later than 2 years*  
20 *after the date of enactment of this Act, the Secretary shall*  
21 *provide to the Committee on Environment and Public*  
22 *Works of the Senate and the Committee on Transportation*  
23 *and Infrastructure of the House of Representatives a report*  
24 *describing the new and improved strategies developed*  
25 *through the pilot program under subsection (a).*

1 **SEC. 504. INVASIVE SPECIES RISK ASSESSMENT,**  
2 **PRIORITIZATION, AND MANAGEMENT.**

3 *Section 528(f)(2) of the Water Resources Development*  
4 *Act of 1996 (110 Stat. 3771) is amended—*

5 *(1) by redesignating subparagraphs (I) and (J)*  
6 *as subparagraphs (J) and (K), respectively;*

7 *(2) by inserting after subparagraph (H) the fol-*  
8 *lowing:*

9 *“(I) shall, using existing amounts appro-*  
10 *priated to the Task Force, develop and update,*  
11 *as appropriate, a priority list of invasive species*  
12 *that—*

13 *“(i) reflects an assessment of ecological*  
14 *risk that the listed invasive species rep-*  
15 *resent;*

16 *“(ii) includes populations of invasive*  
17 *plants and animals that—*

18 *“(I) are significantly impacting*  
19 *the structure and function of ecological*  
20 *communities, native species, or habitat*  
21 *within the South Florida ecosystem; or*

22 *“(II) demonstrate a strong poten-*  
23 *tial to reduce, obscure, or otherwise*  
24 *alter key indicators used to measure*  
25 *Everglades restoration progress; and*

1           “(iii) shall be used by the Task Force  
2           and agencies and entities represented on the  
3           Task Force to focus cooperative and collabo-  
4           rative efforts—

5                     “(I) to guide applied research;

6                     “(II) to develop innovative strate-  
7                     gies and tools to facilitate improved  
8                     management, control, or eradication of  
9                     listed invasive species;

20 **SEC. 507. INVASIVE SPECIES IN ALPINE LAKES PILOT PRO-**  
21 **GRAM.**

22           (a) *ESTABLISHMENT.*—The Secretary of the Interior,  
23 acting through the Director of the United States Fish and  
24 Wildlife Service, shall establish a pilot program (referred  
25 to in this section as the “pilot program”) to develop and

1 *carry out effective measures necessary to prevent, control,*  
2 *or eradicate aquatic invasive species in alpine lakes that*  
3 *are not located within a unit of the National Park System.*

4 (b) *PARTNERSHIPS.*—*The Secretary of the Interior,*  
5 *acting through the Director of the United States Fish and*  
6 *Wildlife Service, shall offer to enter into a partnership to*  
7 *carry out the pilot program with—*

8 (1) *any relevant partnering Federal agency; and*

9 (2) *any relevant compact agency organized with*  
10 *the consent of Congress under article I, section 10 of*  
11 *the Constitution of the United States.*

12 (c) *AUTHORIZATION OF APPROPRIATIONS.*—*There is*  
13 *authorized to be appropriated to carry out the pilot pro-*  
14 *gram \$25,000,000 for the period of fiscal years 2022*  
15 *through 2024.*

16 **SEC. 508. MURDER HORNET ERADICATION PILOT PROGRAM.**

17 (a) *GRANT AUTHORITY.*—*The Secretary of the Inte-*  
18 *rior, acting through the Director of the Fish and Wildlife*  
19 *Service, and in consultation with all relevant Federal agen-*  
20 *cies, shall establish a pilot program to provide financial*  
21 *assistance to States for management, research, and public*  
22 *education activities necessary to—*

23 (1) *eradicate the Asian giant hornet; and*

24 (2) *restore bee populations damaged by the Asian*  
25 *giant hornet.*

1       (b) *ELIGIBILITY.*—A State is eligible to receive finan-  
2       cial assistance under this section if the State has dem-  
3       onstrated to the Secretary of the Interior sufficient need to  
4       implement measures to eradicate the Asian giant hornet.

5       (c) *COST SHARING.*—

6             (1) *FEDERAL SHARE.*—The Federal share of the  
7       costs of activities carried out under the pilot program  
8       may not exceed 75 percent of the total costs of such  
9       activities.

10            (2) *IN-KIND CONTRIBUTIONS.*—The non-Federal  
11       share of the costs of activities carried out under the  
12       pilot program may be provided in the form of in-kind  
13       contributions of materials or services.

14       (d) *LIMITATION ON ADMINISTRATIVE EXPENSES.*—Not  
15       more than 5 percent of financial assistance provided by the  
16       Secretary of the Interior under this section may be used  
17       for administrative expenses.

18       (e) *AUTHORIZATION OF APPROPRIATIONS.*—There is  
19       authorized to be appropriated to the Secretary of the Inte-  
20       rior to carry out the pilot program \$4,000,000 for each of  
21       fiscal years 2021 through 2025.

22       (f) *DEFINITIONS.*—In this section:

23             (1) *ASIAN GIANT HORNET.*—The term “Asian  
24       giant hornet” means a *Vespa mandarinia*.

1           (2) *STATE.*—*The term “State” means each of the*  
2           *several States, the District of Columbia, and the terri-*  
3           *ories and insular possessions of the United States.*

4           (g) *SUNSET.*—*The authority under this section shall*  
5           *terminate on the date that is 5 years after the date of enact-*  
6           *ment of this Act.*

10          *PILOT PROGRAM.*—

11                  (1) *IN GENERAL.*—*The Secretary, in conjunction*  
12                  *with the Tennessee Valley Authority and other rel-*  
13                  *evant Federal agencies, shall carry out an Asian carp*  
14                  *prevention pilot program to carry out projects to*  
15                  *manage and prevent the spread of Asian carp using*  
16                  *innovative technologies, methods, and measures.*

17                  (2) *PROJECT SELECTION.*—

18                                  (A) *LOCATION.*—*Each project under the*  
19                                  *pilot program shall be carried out in a river sys-*  
20                                  *tem or reservoir in the Cumberland River Water-*  
21                                  *shed or Tennessee River Watershed in which*  
22                                  *Asian carp populations are expanding or have*  
23                                  *been documented.*

1           (B) *CONSULTATION.*—*In selecting projects*  
2           *to carry out under the pilot program, the Sec-*  
3           *retary shall consult with—*

4                   (i) *applicable Federal, State, and local*  
5                   *agencies;*

9                   *cluding nonprofit organizations.*

10          (C) *LIMITATIONS.*—

11                   (i) *NUMBER OF PROJECTS.*—*The Sec-*  
12                   *retary may select not more than 10 projects*  
13                   *to carry out under the pilot program.*

14                   (ii) *DEADLINE.*—*Not later than Sep-*  
15                   *tember 30, 2024, the Secretary shall com-*  
16                   *plete projects selected to be carried out*  
17                   *under the pilot program.*

18           (3) *BEST PRACTICES.*—*In carrying out the pilot*  
19           *program, to the maximum extent practicable, the Sec-*  
20           *retary shall consider existing best practices, such as*  
21           *those described in the document of the Asian Carp*  
22           *Working Group of the Aquatic Nuisance Species Task*  
23           *Force entitled “Management and Control Plan for*  
24           *Bighead, Black, Grass, and Silver Carps in the*  
25           *United States” and dated November 2007.*

1           (4) *COST-SHARE.*—

2                   (A) *IN GENERAL.*—*The Federal share of the*  
3                   *costs of a project carried out under the program*  
4                   *may not exceed 75 percent of the total costs of*  
5                   *the project.*

6                   (B) *OPERATION, MAINTENANCE, REHABILI-*  
7                   *TATION, AND REPAIR.*—*After the completion of a*  
8                   *project under the pilot program, the Federal*  
9                   *share of the costs for operation, maintenance, re-*  
10                   *habilitation, and repair of the project shall be*  
11                   *100 percent.*

12           (5) *MEMORANDUM OF AGREEMENT.*—*For projects*  
13           *carried out in reservoirs owned or managed by the*  
14           *Tennessee Valley Authority, the Secretary and the*  
15           *Tennessee Valley Authority shall execute a memo-*  
16           *randum of agreement establishing the framework for*  
17           *a partnership and the terms and conditions for shar-*  
18           *ing expertise and resources.*

19           (6) *PAYMENTS.*—*The Secretary is authorized to*  
20           *accept and expend funds from the Tennessee Valley*  
21           *Authority to complete any work under this section at*  
22           *a reservoir owned or managed by the Tennessee Valley*  
23           *Authority.*

24           (7) *REPORT.*—*Not later than 2 years after the*  
25           *date of enactment of this Act, and 2 years thereafter,*

1 *the Secretary shall submit to Congress a report de-*  
2 *scribing the results of the pilot program, including an*  
3 *analysis of the effectiveness of the innovative tech-*  
4 *nologies, methods, and measures used in projects car-*  
5 *ried out under the pilot program at preventing the*  
6 *spread, or managing the eradicating of, Asian carp.*

7 (8) *AUTHORIZATION OF APPROPRIATIONS.—*  
8 *There is authorized to be appropriated to carry out*  
9 *this subsection \$25,000,000, to remain available until*  
10 *expended.*

11 (b) *FISH AND WILDLIFE SERVICE ASIAN CARP ERADI-*  
12 *CATION PROGRAM.—*

13 (1) *ESTABLISHMENT.—The Secretary of the Inte-*  
14 *rior, acting through the Director of the United States*  
15 *Fish and Wildlife Service, shall establish a program*  
16 *to provide financial assistance to States to implement*  
17 *measures, including for management, research, and*  
18 *public education activities, necessary to eradicate the*  
19 *Asian carp.*

20 (2) *ELIGIBILITY.—A State is eligible to receive*  
21 *financial assistance under this subsection if such*  
22 *State has demonstrated to the Secretary of the Inte-*  
23 *rior sufficient need to implement measures to eradi-*  
24 *cate the Asian carp.*

1           (3) *PRIORITY.*—*In providing financial assist-*  
2           *ance under the program, the Secretary of the Interior*  
3           *shall give priority to States in the Cumberland River*  
4           *Watershed or the Tennessee River Watershed in which*  
5           *Asian carp populations are expanding or have been*  
6           *documented.*

7           (4) *COST SHARING.*—

8           (A) *FEDERAL SHARE.*—*The Federal share*  
9           *of the costs of activities carried out under the*  
10           *program may not exceed 80 percent of the total*  
11           *costs of such activities.*

12           (B) *IN-KIND CONTRIBUTIONS.*—*The non-*  
13           *Federal share of the costs of activities carried out*  
14           *under the program may be provided in the form*  
15           *of in-kind contributions of materials or services.*

16           (5) *LIMITATION ON ADMINISTRATIVE EX-*  
17           *PENSES.*—*Not more than 5 percent of financial as-*  
18           *sistance provided by the Secretary of the Interior*  
19           *under this subsection may be used for administrative*  
20           *expenses.*

21           (6) *AUTHORIZATION OF APPROPRIATIONS.*—  
22           *There is authorized to be appropriated to the Sec-*  
23           *retary of the Interior to carry out this subsection*  
24           *\$4,000,000 for each of fiscal years 2021 through 2025.*

1 **SEC. 510. INVASIVE SPECIES IN NONCONTIGUOUS STATES**  
2 **AND TERRITORIES PILOT PROGRAM.**

3 (a) *ESTABLISHMENT.*—*The Secretary of the Interior,*  
4 *acting through the Director of the United States Fish and*  
5 *Wildlife Service, shall establish a pilot program to carry*  
6 *out measures necessary to prevent, control, or eradicate*  
7 *invasive species in culturally significant forested water-*  
8 *sheds in noncontiguous States and territories of the United*  
9 *States in which the Corps of Engineers is carrying out flood*  
10 *risk management projects.*

11 (b) *IMPLEMENTATION.*—*The Secretary of the Interior,*  
12 *acting through the Director of the United States Fish and*  
13 *Wildlife Service, is encouraged to carry out the measures*  
14 *described in subsection (a) in consultation with—*

15 (1) *States, any territory or possession of the*  
16 *United States, and units of local government, includ-*  
17 *ing federally recognized Indian Tribes (as defined in*

6                   grams under the pilot program under paragraph  
7                   (1) to ensure proper data requirements; and

8                   (D) ensure an appropriate mechanism for  
9                   quality control and quality assurance is em-  
10                  ployed for the data acquired under the pilot pro-  
11                  gram, such as the Meteorological Assimilation  
12                  Data Ingest System.

13                  (3) *STUDY REQUIRED.*—

14                  (A) *IN GENERAL.*—Not later than 1 year  
15                  after the date of the enactment of this Act, the  
16                  Administrator shall initiate a study of the pilot  
17                  program required by paragraph (1) to evaluate  
18                  the data generated by the network described in  
19                  subsection (a) and the applications of that data  
20                  to programs and initiatives described in para-  
21                  graph (2)(B).

22                  (B) *ELEMENTS.*—The study required by  
23                  subparagraph (A) shall include an assessment

24                   *(regardless of the department of*  
25                   *the hospital in which such items*

1                   or services are furnished) after the  
2                   participant, beneficiary, or en-  
3                   rollee is stabilized and as part of  
4                   outpatient observation or an in-  
5                   patient or outpatient stay with  
6                   respect to the visit in which the  
7                   services described in clause (i) are  
8                   furnished.

9                   “(II) CONDITIONS.—For purposes  
10                  of subclause (I), the conditions de-  
11                  scribed in this subclause, with respect  
12                  to a participant, beneficiary, or en-  
13                  rollee who is stabilized and furnished  
14                  additional items and services described  
15                  in subclause (I) after such stabilization  
16                  by a provider or facility described in  
17                  subclause (I), are the following;

18                  “(aa) Such provider or facil-  
19                  ity determines such individual is  
20                  able to travel using nonmedical  
21                  transportation or nonemergency  
22                  medical transportation.

23                  “(bb) Such provider fur-  
24                  nishing such additional items and  
25                  services satisfies the notice and

1 consent criteria of section 2799B–  
2 2(d) with respect to such items  
3 and services.

4 “(cc) Such individual is in a  
5 condition to receive (as deter-  
6 mined in accordance with guide-  
7 lines issued by the Secretary pur-  
8 suant to rulemaking) the informa-  
9 tion described in section 2799B–2  
10 and to provide informed consent  
11 under such section, in accordance  
12 with applicable State law.

13 “(dd) Such other conditions,  
14 as specified by the Secretary, such  
15 as conditions relating to coordi-  
16 nating care transitions to partici-  
17 pating providers and facilities.

18 “(D) INDEPENDENT FREESTANDING EMER-  
19 GENCY DEPARTMENT.—The term ‘independent  
20 freestanding emergency department’ means a  
21 health care facility that—

22 “(i) is geographically separate and dis-  
23 tinct and licensed separately from a hos-  
24 pital under applicable State law; and

1           “(i) provides any of the emergency  
2 services (as defined in subparagraph  
3 (C)(i)).

4           “(E) QUALIFYING PAYMENT AMOUNT.—

5           “(i) IN GENERAL.—The term ‘quali-  
6 fying payment amount’ means, subject to  
7 clauses (ii) and (iii), with respect to a  
8 sponsor of a group health plan and health  
9 insurance issuer offering group or indi-  
10 vidual health insurance coverage—

11           “(I) for an item or service fur-  
12 nished during 2022, the median of the  
13 contracted rates recognized by the plan  
14 or issuer, respectively (determined with  
15 respect to all such plans of such spon-  
16 sor or all such coverage offered by such  
17 issuer that are offered within the same  
18 insurance market (specified in sub-  
19 clause (I), (II), (III), or (IV) of clause  
20 (iv)) as the plan or coverage) as the  
21 total maximum payment (including  
22 the cost-sharing amount imposed for  
23 such item or service and the amount to  
24 be paid by the plan or issuer, respec-  
25 tively) under such plans or coverage,

1           *respectively, on January 31, 2019, for*  
2           *the same or a similar item or service*  
3           *that is provided by a provider in the*  
4           *same or similar specialty and provided*  
5           *in the geographic region in which the*

1           “(I) for an item or service fur-  
2           nished during 2022 (or, in the case of  
3           a newly covered item or service, during  
4           the first coverage year for such item or  
5           service with respect to such plan or  
6           coverage), means such rate for such  
7           item or service determined by the spon-  
8           sor or issuer, respectively, through use  
9           of any database that is determined, in  
10          accordance with rulemaking described  
11          in paragraph (2)(B), to not have any  
12          conflicts of interest and to have suffi-  
13          cient information reflecting allowed  
14          amounts paid to a health care provider  
15          or facility for relevant services fur-  
16          nished in the applicable geographic re-  
17          gion (such as a State all-payer claims

17           *clause (i) with respect to an emergency*  
18           *medical condition, the term ‘emergency*  
19           *services’ shall include, unless each of*  
20           *the conditions described in subclause*  
21           *(II) are met, in addition to the items*  
22           *and services described in clause (i),*  
23           *items and services—*

1           “(aa) for which benefits are  
2           provided or covered under the  
3           plan or coverage, respectively; and

4           “(bb) that are furnished by a  
5           nonparticipating provider or non-  
6           participating emergency facility  
7           (regardless of the department of  
8           the hospital in which such items  
9           or services are furnished) after the  
10          participant or beneficiary is sta-  
11          bilized and as part of outpatient  
12          observation or an inpatient or  
13          outpatient stay with respect to the  
14          visit in which the services de-  
15          scribed in clause (i) are furnished.

16          “(II) CONDITIONS.—For purposes  
17          of subclause (I), the conditions de-  
18          scribed in this subclause, with respect  
19          to a participant or beneficiary who is  
20          stabilized and furnished additional  
21          items and services described in sub-  
22          clause (I) after such stabilization by a  
23          provider or facility described in sub-  
24          clause (I), are the following;

1           “(aa) Such provider or facil-  
2           ity determines such individual is  
3           able to travel using nonmedical  
4           transportation or nonemergency  
5           medical transportation.

6           “(bb) Such provider fur-  
7           nishing such additional items and  
8           services satisfies the notice and  
9           consent criteria of section 2799B-  
10          2(d) with respect to such items  
11          and services.

12          “(cc) Such individual is in a  
13          condition to receive (as deter-  
14          mined in accordance with guide-  
15          lines issued by the Secretary pur-  
16          suant to rulemaking) the informa-  
17          tion described in section 2799B-2  
18          and to provide informed consent  
19          under such section, in accordance  
20          with applicable State law.

21          “(dd) Such other conditions,  
22          as specified by the Secretary, such  
23          as conditions relating to coordi-  
24          nating care transitions to partici-  
25          pating providers and facilities.

1           “(D) *INDEPENDENT FREESTANDING EMER-*  
2           *GENCY DEPARTMENT.*—*The term ‘independent*

10    *erage, respectively—*

11            “(A) shall not impose on such participant  
12            or beneficiary a cost-sharing requirement for  
13            such items and services so furnished that is  
14            greater than the cost-sharing requirement that  
15            would apply under such plan or coverage, respec-  
16            tively, had such items or services been furnished  
17            by a participating provider (as defined in sub-  
18            section (a)(3)(G)(i));

19            “(B) shall calculate such cost-sharing re-  
20            quirement as if the total amount that would have  
21            been charged for such items and services by such  
22            participating provider were equal to the recog-  
23            nized amount (as defined in subsection  
24            (a)(3)(H)) for such items and services, plan or  
25            coverage, and year;

1           “(C) not later than 30 calendar days after  
2           the bill for such items or services is transmitted  
3           by such provider, shall send to the provider an  
4           initial payment or notice of denial of payment;

5           “(D) shall pay a total plan or coverage  
6           payment directly, in accordance, if applicable,  
7           with the timing requirement described in sub-  
8           section (c)(6), to such provider furnishing such  
9           items and services to such participant or bene-  
10          ficiary that is, with application of any initial  
11          payment under subparagraph (C), equal to the  
12          amount by which the out-of-network rate (as de-  
13          fined in subsection (a)(3)(K)) for such items and  
14          services exceeds the cost-sharing amount imposed  
15          under the plan or coverage, respectively, for such  
16          items and services (as determined in accordance  
17          with subparagraphs (A) and (B)) and year; and

18          “(E) shall count toward any in-network de-  
19          ductible and in-network out-of-pocket maximums  
20          (as applicable) applied under the plan or cov-  
21          erage, respectively, any cost-sharing payments  
22          made by the participant or beneficiary (and  
23          such in-network deductible and out-of-pocket  
24          maximums shall be applied) with respect to such  
25          items and services so furnished in the same man-

1           “(B) *AUTHORITY TO CONTINUE NEGOTIA-*  
2           *TIONS.*—Under the independent dispute resolu-  
3           tion process, in the case that the parties to a de-  
4           termination for a qualified IDR item or service  
5           agree on a payment amount for such item or  
6           service during such process but before the date on  
7           which the entity selected with respect to such de-  
8           termination under paragraph (4) makes such de-  
9           termination under paragraph (5), such amount  
10          shall be treated for purposes of subsection  
11          (a)(3)(K)(i) as the amount agreed to by such  
12          parties for such item or service. In the case of an  
13          agreement described in the previous sentence, the  
14          independent dispute resolution process shall pro-  
15          vide for a method to determine how to allocate  
16          between the parties to such determination the  
17          payment of the compensation of the entity se-  
18          lected with respect to such determination.

19          “(C) *CLARIFICATION.*—A nonparticipating  
20          provider may not, with respect to an item or  
21          service furnished by such provider, submit a no-  
22          tification under paragraph (1)(B) if such pro-  
23          vider is exempt from the requirement under sub-  
24          section (a) of section 2799B–2 with respect to

1           *such item or service pursuant to subsection (b) of*  
2           *such section.*

3           “(3) *TREATMENT OF BATCHING OF ITEMS AND*  
4           *SERVICES.—*

5                   “(A) *IN GENERAL.—Under the IDR process,*  
6                   *the Secretary shall specify criteria under which*  
7                   *multiple qualified IDR dispute items and serv-*  
8                   *ices are permitted to be considered jointly as*  
9                   *part of a single determination by an entity for*  
10                   *purposes of encouraging the efficiency (including*  
11                   *minimizing costs) of the IDR process. Such*  
12                   *items and services may be so considered only*  
13                   *if—*

14                           “(i) *such items and services to be in-*  
15                           *cluded in such determination are furnished*  
16                           *by the same provider or facility;*

21                           “(iii) *such items and services are re-*  
22                           *lated to the treatment of a similar condi-*  
23                           *tion; and*

24                           “(iv) *such items and services were fur-*  
25                           *nished during the 30 day period following*

1           *the date on which the first item or service*  
2           *included with respect to such determination*  
3           *was furnished or an alternative period as*  
4           *determined by the Secretary, for use in lim-*  
5           *ited situations, such as by the consent of the*  
6           *parties or in the case of low-volume items*  
7           *and services, to encourage procedural effi-*  
8           *ciency and minimize health plan and pro-*  
9           *vider administrative costs.*

10           “(B) *TREATMENT OF BUNDLED PAY-*  
11           *MENTS.—In carrying out subparagraph (A), the*  
12           *Secretary shall provide that, in the case of items*  
13           *and services which are included by a provider or*  
14           *facility as part of a bundled payment, such*  
15           *items and services included in such bundled pay-*  
16           *ment may be part of a single determination*  
17           *under this subsection.*

18           “(4) *CERTIFICATION AND SELECTION OF IDR EN-*  
19           *TITIES.—*

20           “(A) *IN GENERAL.—The Secretary, in con-*  
21           *sultation with the Secretary of Labor and Sec-*  
22           *retary of the Treasury, shall establish a process*  
23           *to certify (including to recertify) entities under*  
24           *this paragraph. Such process shall ensure that*  
25           *an entity so certified—*

1           “(i) has (directly or through contracts  
2           or other arrangements) sufficient medical,  
3           legal, and other expertise and sufficient  
4           staffing to make determinations described in  
5           paragraph (5) on a timely basis;

6           “(ii) is not—

7                   “(I) a group health plan or health  
8                   insurance issuer offering group or in-  
9                   dividual health insurance coverage,  
10                  provider, or facility;

11                  “(II) an affiliate or a subsidiary  
12                  of such a group health plan or health  
13                  insurance issuer, provider, or facility;  
14                  or

15                  “(III) an affiliate or subsidiary of  
16                  a professional or trade association of  
17                  such group health plans or health in-  
18                  surance issuers or of providers or fa-  
19                  cilities;

20           “(iii) carries out the responsibilities of  
21           such an entity in accordance with this sub-  
22           section;

23           “(iv) meets appropriate indicators of  
24           fiscal integrity;

1           “(v) maintains the confidentiality (in  
2           accordance with regulations promulgated by  
3           the Secretary) of individually identifiable  
4           health information obtained in the course of  
5           conducting such determinations;

6           “(vi) does not under the IDR process  
7           carry out any determination with respect to  
8           which the entity would not pursuant to sub-  
9           clause (I), (II), or (III) of subparagraph  
10          (F)(i) be eligible for selection; and

11          “(vii) meets such other requirements as  
12          determined appropriate by the Secretary.

13          “(B) PERIOD OF CERTIFICATION.—Subject  
14          to subparagraph (C), each certification (includ-  
15          ing a recertification) of an entity under the  
16          process described in subparagraph (A) shall be  
17          for a 5-year period.

18          “(C) REVOCATION.—A certification of an  
19          entity under this paragraph may be revoked  
20          under the process described in subparagraph (A)  
21          if the entity has a pattern or practice of non-  
22          compliance with any of the requirements de-  
23          scribed in such subparagraph.

24          “(D) PETITION FOR DENIAL OR WITH-

7           “(III) does not otherwise have a  
8           conflict of interest with such a party  
9           (as determined by the Secretary); and

10          “(ii) that requires, in the case such  
11          parties do not make such selection by such  
12          last day, the Secretary to, not later than 6  
13          business days after such date of initiation—

14               “(I) select such an entity that sat-  
15               isfies subclauses (I) through (III) of  
16               clause (i)); and

17               “(II) provide notification of such  
18               selection to the provider or facility (as  
19               applicable) and the plan or issuer (as  
20               applicable) party to such determina-  
21               tion.

22          An entity selected pursuant to the previous sentence to make  
23          a determination described in such sentence shall be referred  
24          to in this subsection as the ‘certified IDR entity’ with re-  
25          spect to such determination.

1           “(5) *PAYMENT DETERMINATION.*—

2                   “(A) *IN GENERAL.*—Not later than 30 days  
3           after the date of selection of the certified IDR en-  
4           tity with respect to a determination for a quali-  
5           fied IDR item or service, the certified IDR entity  
6           shall—

7                   “(i) taking into account the consider-  
8                   ations specified in subparagraph (C), select  
9                   one of the offers submitted under subpara-  
10                  graph (B) to be the amount of payment for  
11                  such item or service determined under this  
12                  subsection for purposes of subsection (a)(1)  
13                  or (b)(1), as applicable; and

14                  “(ii) notify the provider or facility and  
15                  the group health plan or health insurance  
16                  issuer offering group health insurance cov-  
17                  erage party to such determination of the  
18                  offer selected under clause (i).

19                  “(B) *SUBMISSION OF OFFERS.*—Not later  
20                  than 10 days after the date of selection of the cer-  
21                  tified IDR entity with respect to a determination  
22                  for a qualified IDR item or service, the provider  
23                  or facility and the group health plan or health  
24                  insurance issuer offering group health insurance  
25                  coverage party to such determination—

1           “(i) shall each submit to the certified  
2           IDR entity with respect to such determina-  
3           tion—

4                   “(I) an offer for a payment  
5                   amount for such item or service fur-  
6                   nished by such provider or facility;  
7                   and

8                   “(II) such information as re-  
9                   quested by the certified IDR entity re-  
10                  lating to such offer; and

11                  “(ii) may each submit to the certified  
12                  IDR entity with respect to such determina-  
13                  tion any information relating to such offer  
14                  submitted by either party, including infor-  
15                  mation relating to any circumstance de-  
16                  scribed in subparagraph (C)(ii).

17                  “(C) CONSIDERATIONS IN DETERMINA-  
18                  TION.—

19                   “(i) IN GENERAL.—In determining  
20                   which offer is the payment to be applied  
21                   pursuant to this paragraph, the certified  
22                   IDR entity, with respect to the determina-  
23                   tion for a qualified IDR item or service  
24                   shall consider—

1           “(I) the qualifying payment  
2 amounts (as defined in subsection  
3 (a)(3)(E)) for the applicable year for  
4 items or services that are comparable  
5 to the qualified IDR item or service  
6 and that are furnished in the same ge-  
7 ographic region (as defined by the Sec-  
8 retary for purposes of such subsection)  
9 as such qualified IDR item or service;  
10 and

11           “(II) subject to subparagraph (D),

1       (c) IRC.—Section 9816 of the Internal Revenue Code  
2 of 1986, as added by section 102, is amended—

3           (1) by redesignating subsection (c) as subsection  
4       (d); and

5           (2) by inserting after subsection (b) the following  
6       new subsection:

7       “(c) DETERMINATION OF OUT-OF-NETWORK RATES TO  
8 BE PAID BY HEALTH PLANS; INDEPENDENT DISPUTE RES-  
9 OLUTION PROCESS.—

10           “(1) DETERMINATION THROUGH OPEN NEGOTIA-  
11 TION.—

12           “(A) IN GENERAL.—With respect to an item  
13 or service furnished in a year by a nonparticipating  
14 provider or a nonparticipating facility,  
15 with respect to a group health plan, in a State  
16 described in subsection (a)(3)(K)(ii) with respect  
17 to such plan and provider or facility, and for  
18 which a payment is required to be made by the  
19 plan pursuant to subsection (a)(1) or (b)(1), the  
20 provider or facility (as applicable) or plan may,  
21 during the 30-day period beginning on the day  
22 the provider or facility receives an initial pay-  
23 ment or a notice of denial of payment from the  
24 plan regarding a claim for payment for such  
25 item or service, initiate open negotiations under

1           *this paragraph between such provider or facility*  
2           *and plan for purposes of determining, during the*  
3           *open negotiation period, an amount agreed on*  
4           *by such provider or facility, respectively, and*  
5           *such plan for payment (including any cost-shar-*  
6           *ing) for such item or service. For purposes of this*  
7           *subsection, the open negotiation period, with re-*  
8           *spect to an item or service, is the 30-day period*  
9           *beginning on the date of initiation of the nego-*

6           “(viii) the compensation paid to the  
7           certified IDR entity with respect to the set-  
8           tlement or determination; and

9           “(ix) any other information specified  
10          by the Secretary.

11          “(C) *IDR ENTITY REQUIREMENTS.*—For  
12          2022 and each subsequent year, an IDR entity,  
13          as a condition of certification as an IDR entity,  
14          shall submit to the Secretary such information  
15          as the Secretary determines necessary to carry  
16          out the provisions of this subsection.

17          “(D) *CLARIFICATION.*—The Secretary shall  
18          ensure the public reporting under this paragraph  
19          does not contain information that would disclose  
20          privileged or confidential information of a group  
21          health plan or health insurance issuer offering  
22          group or individual health insurance coverage or  
23          of a provider or facility.

24          “(8) *ADMINISTRATIVE FEE.*—

1           “(A) *IN GENERAL.*—Each party to a deter-  
2           mination under paragraph (5) to which an enti-  
3           ty is selected under paragraph (3) in a year  
4           shall pay to the Secretary, at such time and in  
5           such manner as specified by the Secretary, a fee  
6           for participating in the IDR process with respect  
7           to such determination in an amount described in  
8           subparagraph (B) for such year.

9           “(B) *AMOUNT OF FEE.*—The amount de-  
10          scribed in this subparagraph for a year is an  
11          amount established by the Secretary in a man-  
12          ner such that the total amount of fees paid under  
13          this paragraph for such year is estimated to be  
14          equal to the amount of expenditures estimated to  
15          be made by the Secretary for such year in car-  
16          rying out the IDR process.

17          “(9) *WAIVER AUTHORITY.*—The Secretary may  
18          modify any deadline or other timing requirement  
19          specified under this subsection (other than the estab-  
20          lishment date for the IDR process under paragraph  
21          (2)(A) and other than under paragraph (6)) in cases  
22          of extenuating circumstances, as specified by the Sec-  
23          retary, or to ensure that all claims that occur during  
24          a 90-day period described in paragraph (5)(E)(vi),  
25          but with respect to which a notification is not per-

19 *whether or not provided by a physician or non-*  
20 *physician practitioner, and items and services*  
21 *provided by assistant surgeons, hospitalists, and*  
22 *intensivists;*

23 “(B) *subject to paragraph (3), diagnostic*  
24 *services (including radiology and laboratory*  
25 *services);*

1           “(C) items and services provided by such  
2           other specialty practitioners, as the Secretary  
3           specifies through rulemaking; and

4           “(D) items and services provided by a non-  
5           participating provider if there is no partici-  
6           pating provider who can furnish such item or  
7           service at such facility.

8           “(3) EXCEPTION.—The Secretary may, through  
9           rulemaking, establish a list (and update such list pe-  
10          riodically) of advanced diagnostic laboratory tests,  
11          which shall not be included as an ancillary service  
12          described in paragraph (2) and with respect to which  
13          subsection (a) would apply.

14          “(c) CLARIFICATION.—In the case of a nonpartici-  
15          pating provider that satisfies the notice and consent criteria  
16          of subsection (d) with respect to an item or service (referred  
17          to in this subsection as a ‘covered item or service’), such  
18          notice and consent criteria may not be construed as apply-  
19          ing with respect to any item or service that is furnished  
20          as a result of unforeseen, urgent medical needs that arise  
21          at the time such covered item or service is furnished. For  
22          purposes of the previous sentence, a covered item or service  
23          shall not include an ancillary service described in sub-  
24          section (b)(2).

1       “(d) NOTICE AND CONSENT TO BE TREATED BY A  
2 NONPARTICIPATING PROVIDER OR NONPARTICIPATING FA-  
3 CILITY.—

4               “(1) IN GENERAL.—A nonparticipating provider  
5 or nonparticipating facility satisfies the notice and  
6 consent criteria of this subsection, with respect to  
7 items or services furnished by the provider or facility  
8 to a participant, beneficiary, or enrollee of a group  
9 health plan or group or individual health insurance  
10 coverage offered by a health insurance issuer, if the  
11 provider (or, if applicable, the participating health  
12 care facility on behalf of such provider) or non-  
13 participating facility—

14               “(A) in the case that the participant, bene-  
15 ficiary, or enrollee makes an appointment to be  
16 furnished such items or services at least 72 hours  
17 prior to the date on which the individual is to  
18 be furnished such items or services, provides to  
19 the participant, beneficiary, or enrollee (or to an  
20 authorized representative of the participant, ben-  
21 eficiary, or enrollee) not later than 72 hours  
22 prior to the date on which the individual is fur-  
23 nished such items or services (or, in the case that  
24 the participant, beneficiary, or enrollee makes  
25 such an appointment within 72 hours of when

1        *such items or services are to be furnished, pro-*  
2        *vides to the participant, beneficiary, or enrollee*  
3        *(or to an authorized representative of the partici-*  
4        *part, beneficiary, or enrollee) on such date the*  
5        *appointment is made), a written notice in paper*  
6        *or electronic form, as selected by the participant,*  
7        *beneficiary, or enrollee, (and including electronic*  
8        *notification, as practicable) specified by the Sec-*  
9        *retary, not later than July 1, 2021, through*  
10       *guidance (which shall be updated as determined*  
11       *necessary by the Secretary) that—*

12                *“(i) contains the information required*  
13                *under paragraph (2);*

14                *“(ii) clearly states that consent to re-*  
15                *ceive such items and services from such non-*  
16                *participating provider or nonparticipating*  
17                *facility is optional and that the partici-*  
18                *part, beneficiary, or enrollee may instead*  
19                *seek care from a participating provider or*  
20                *at a participating facility, with respect to*  
21                *such plan or coverage, as applicable, in*  
22                *which case the cost-sharing responsibility of*  
23                *the participant, beneficiary, or enrollee*  
24                *would not exceed such responsibility that*  
25                *would apply with respect to such an item or*

1           *service that is furnished by a participating*  
2           *provider or participating facility, as appli-*  
3           *cable with respect to such plan; and*

4                   *“(iii) is available in the 15 most com-*  
5                   *mon languages in the geographic region of*  
6                   *the applicable facility;*

7                   *“(B) obtains from the participant, bene-*  
8                   *ficiary, or enrollee (or from such an authorized*  
9                   *representative) the consent described in para-*  
10                   *graph (3) to be treated by a nonparticipating*  
11                   *provider or nonparticipating facility; and*

12                   *“(C) provides a signed copy of such consent*  
13                   *to the participant, beneficiary, or enrollee*  
14                   *through mail or email (as selected by the partici-*  
15                   *pant, beneficiary, or enrollee).*

16                   *“(2) INFORMATION REQUIRED UNDER WRITTEN*  
17                   *NOTICE.—For purposes of paragraph (1)(A)(i), the*  
18                   *information described in this paragraph, with respect*  
19                   *to a nonparticipating provider or nonparticipating*  
20                   *facility and a participant, beneficiary, or enrollee of*  
21                   *a group health plan or group or individual health in-*  
22                   *surance coverage offered by a health insurance issuer,*  
23                   *is each of the following:*

24                   *“(A) Notification, as applicable, that the*  
25                   *health care provider is a nonparticipating pro-*

1            *vider with respect to the health plan or the*  
2            *health care facility is a nonparticipating facility*  
3            *with respect to the health plan.*

4            *“(B) Notification of the good faith estimated*  
5            *amount that such provider or facility may*  
6            *charge the participant, beneficiary, or enrollee*  
7            *for such items and services involved, including a*  
8            *notification that the provision of such estimate*  
9            *or consent to be treated under paragraph (3)*  
10           *does not constitute a contract with respect to the*  
11           *charges estimated for such items and services.*

12           *“(C) In the case of a participating facility*  
13           *and a nonparticipating provider, a list of any*  
14           *participating providers at the facility who are*  
15           *able to furnish such items and services involved*  
16           *and notification that the participant, bene-*  
17           *ficiary, or enrollee may be referred, at their op-*  
18           *tion, to such a participating provider.*

19           *“(D) Information about whether prior au-*  
20           *thorization or other care management limita-*  
21           *tions may be required in advance of receiving*  
22           *such items or services at the facility.*

23           *“(3) CONSENT DESCRIBED TO BE TREATED BY A*  
24           *NONPARTICIPATING PROVIDER OR NONPARTICIPATING*  
25           *FACILITY.—For purposes of paragraph (1)(B), the*

1 *consent described in this paragraph, with respect to*  
2 *a participant, beneficiary, or enrollee of a group*  
3 *health plan or group or individual health insurance*  
4 *coverage offered by a health insurance issuer who is*  
5 *to be furnished items or services by a nonparticipating*  
6 *provider or nonparticipating facility, is a document*  
7 *specified by the Secretary, in consultation with*  
8 *the Secretary of Labor, through guidance that shall be*  
9 *signed by the participant, beneficiary, or enrollee be-*  
10 *fore such items or services are furnished and that —*

11 *“(A) acknowledges (in clear and under-*  
12 *standable language) that the participant, bene-*  
13 *ficiary, or enrollee has been—*

14 *“(i) provided with the written notice*  
15 *under paragraph (1)(A);*

16 *“(ii) informed that the payment of*  
17 *such charge by the participant, beneficiary,*  
18 *or enrollee may not accrue toward meeting*  
19 *any limitation that the plan or coverage*  
20 *places on cost-sharing, including an expla-*  
21 *nation that such payment may not apply to*  
22 *an in-network deductible applied under the*  
23 *plan or coverage; and*

24 *“(iii) provided the opportunity to re-*  
25 *ceive the written notice under paragraph*

1                   (1)(A) in the form selected by the partici-  
2                   pant, beneficiary or enrollee; and

3                   “(B) documents the date on which the par-  
4                   ticipant, beneficiary, or enrollee received the  
5                   written notice under paragraph (1)(A) and the  
6                   date on which the individual signed such consent  
7                   to be furnished such items or services by such  
8                   provider or facility.

9                   “(4) *RULE OF CONSTRUCTION.*—The consent de-  
10                  scribed in paragraph (3), with respect to a partici-  
11                  pant, beneficiary, or enrollee of a group health plan  
12                  or group or individual health insurance coverage of-  
13                  fered by a health insurance issuer, shall constitute  
14                  only consent to the receipt of the information pro-  
15                  vided pursuant to this subsection and shall not con-  
16                  stitute a contractual agreement of the participant,  
17                  beneficiary, or enrollee to any estimated charge or  
18                  amount included in such information.

19                  “(e) *RETENTION OF CERTAIN DOCUMENTS.*—A non-  
20                  participating facility (with respect to such facility or any  
21                  nonparticipating provider at such facility) or a partici-  
22                  pating facility (with respect to nonparticipating providers  
23                  at such facility) that obtains from a participant, bene-  
24                  ficiary, or enrollee of a group health plan or group or indi-  
25                  vidual health insurance coverage offered by a health insur-

1 *ance issuer (or an authorized representative of such partici-*  
2 *part, beneficiary, or enrollee) a written notice in accord-*  
3 *ance with subsection (d)(1)(B), with respect to furnishing*  
4 *an item or service to such participant, beneficiary, or en-*  
5 *rollee, shall retain such notice for at least a 7-year period*  
6 *after the date on which such item or service is so furnished.*

7 “(f) *DEFINITIONS.—In this section:*

8 “(1) *The terms ‘nonparticipating provider’ and*  
9 *‘participating provider’ have the meanings given such*  
10 *terms, respectively, in subsection (a)(3) of section*  
11 *2799A–1.*

18 (2) *TECHNICAL AMENDMENT.*—*The table of con-*  
19 *tents in section 1 of the Employee Retirement Income*  
20 *Security Act of 1974 (29 U.S.C. 1001 et seq.) is*  
21 *amended by inserting after the item relating to sec-*  
22 *tion 521 the following new item:*

*“Sec. 522. Coordination of enforcement regarding violations of certain health care  
provider requirements; complaint process.”.*

1 **SEC. 105. ENDING SURPRISE AIR AMBULANCE BILLS.**

2 (a) *GROUP HEALTH PLANS AND INDIVIDUAL AND*  
3 *GROUP HEALTH INSURANCE COVERAGE.*—

4 (1) *PHSA AMENDMENTS.*—*Part D of title XXVII*  
5 *of the Public Health Service Act, as added and*  
6 *amended by section 102 and further amended by the*  
7 *previous provisions of this title, is further amended*  
8 *by inserting after section 2799A–1 the following:*

9 **“SEC. 2799A–2. ENDING SURPRISE AIR AMBULANCE BILLS.**

10 “(a) *IN GENERAL.*—*In the case of a participant, bene-*  
11 *ficiary, or enrollee who is in a group health plan or group*  
12 *or individual health insurance coverage offered by a health*  
13 *insurance issuer and who receives air ambulance services*  
14 *from a nonparticipating provider (as defined in section*  
15 *2799A–1(a)(3)(G)) with respect to such plan or coverage,*  
16 *if such services would be covered if provided by a partici-*  
17 *pating provider (as defined in such section) with respect*  
18 *to such plan or coverage—*

19 “(1) *the cost-sharing requirement with respect to*  
20 *such services shall be the same requirement that would*  
21 *apply if such services were provided by such a par-*  
22 *ticipating provider, and any coinsurance or deduct-*  
23 *ible shall be based on rates that would apply for such*  
24 *services if they were furnished by such a partici-*  
25 *pating provider;*

1           “(2) such cost-sharing amounts shall be counted  
2           towards the in-network deductible and in-network  
3           out-of-pocket maximum amount under the plan or  
4           coverage for the plan year (and such in-network de-  
5           ductible shall be applied) with respect to such items  
6           and services so furnished in the same manner as if  
7           such cost-sharing payments were with respect to items  
8           and services furnished by a participating provider;  
9           and

10           “(3) the group health plan or health insurance  
11           issuer, respectively, shall—

12                   “(A) not later than 30 calendar days after  
13                   the bill for such services is transmitted by such

9           “(B) *AMOUNT OF FEE.*—The amount de-  
10          scribed in this subparagraph for a year is an  
11          amount established by the Secretary in a man-  
12          ner such that the total amount of fees paid under  
13          this paragraph for such year is estimated to be  
14          equal to the amount of expenditures estimated to  
15          be made by the Secretary for such year in car-  
16          rying out the IDR process.

17          “(9) *WAIVER AUTHORITY.*—The Secretary may  
18          modify any deadline or other timing requirement  
19          specified under this subsection (other than the estab-  
20          lishment date for the IDR process under paragraph  
21          (2)(A) and other than under paragraph (6)) in cases  
22          of extenuating circumstances, as specified by the Sec-  
23          retary, or to ensure that all claims that occur during  
24          a 90-day period applied through paragraph (5)(D),  
25          but with respect to which a notification is not per-

1           or coverage pursuant to subsection (a)(3), the  
2           provider or plan or coverage may, during the 30-  
3           day period beginning on the day the provider re-  
4           ceives a payment or a statement of denial of  
5           payment from the plan or coverage regarding a  
6           claim for payment for such service, initiate open  
7           negotiations under this paragraph between such  
8           provider and plan or coverage for purposes of de-  
9           termining, during the open negotiation period,  
10          an amount agreed on by such provider, and such  
11          plan or coverage for payment (including any  
12          cost-sharing) for such service. For purposes of  
13          this subsection, the open negotiation period, with  
14          respect to air ambulance services, is the 30-day  
15          period beginning on the date of initiation of the  
16          negotiations with respect to such services.

17               “(B) *ACCESSING INDEPENDENT DISPUTE*

24 *section, the Secretary, jointly with the Secretary*  
25 *of Health and Human Services and the Sec-*

1            *retary of the Treasury, shall establish by regula-*  
2            *tion one independent dispute resolution process*  
3            *(referred to in this subsection as the ‘IDR proc-*  
4            *ess’) under which, in the case of air ambulance*  
5            *services with respect to which a provider or*  
6            *group health plan or health insurance issuer of-*  
7            *fering group health insurance coverage submits a*  
8            *notification under paragraph (1)(B) (in this*  
9            *subsection referred to as a ‘qualified IDR air*  
10           *ambulance services’), a certified IDR entity*  
11           *under paragraph (4) determines, subject to sub-*  
12           *paragraph (B) and in accordance with the suc-*  
13           *ceeding provisions of this subsection, the amount*  
14           *of payment under the plan or coverage for such*  
15           *services furnished by such provider.*

16            *“(B) AUTHORITY TO CONTINUE NEGOTIA-*  
17            *TIONS.—Under the independent dispute resolu-*  
18            *tion process, in the case that the parties to a de-*  
19            *termination for qualified IDR air ambulance*  
20            *services agree on a payment amount for such*  
21            *services during such process but before the date*  
22            *on which the entity selected with respect to such*  
23            *determination under paragraph (4) makes such*  
24            *determination under paragraph (5), such*  
25            *amount shall be treated for purposes of section*

1           716(a)(3)(K)(ii) as the amount agreed to by such  
2           parties for such services. In the case of an agree-  
3           ment described in the previous sentence, the inde-  
4           pendent dispute resolution process shall provide  
5           for a method to determine how to allocate be-  
6           tween the parties to such determination the pay-  
7           ment of the compensation of the entity selected  
8           with respect to such determination.

9           “(C) CLARIFICATION.—A nonparticipating  
10          provider may not, with respect to an item or  
11          service furnished by such provider, submit a no-  
12          tification under paragraph (1)(B) if such pro-  
13          vider is exempt from the requirement under sub-  
14          section (a) of section 2799B-2 of the Public  
15          Health Service Act with respect to such item or  
16          service pursuant to subsection (b) of such section.

17          “(3) TREATMENT OF BATCHING OF SERVICES.—  
18          The provisions of section 716(c)(3) shall apply with  
19          respect to a notification submitted under this sub-  
20          section with respect to air ambulance services in the  
21          same manner and to the same extent such provisions  
22          apply with respect to a notification submitted under  
23          section 716(c) with respect to items and services de-  
24          scribed in such section.

25          “(4) IDR ENTITIES.—

1           “(A) *ELIGIBILITY.*—*An IDR entity certified*  
2           *under this subsection is an IDR entity certified*  
3           *under section 716(c)(4).*

4           “(B) *SELECTION OF CERTIFIED IDR ENTI-*  
5           *TY.*—*The provisions of subparagraph (F) of sec-*  
6           *tion 716(c)(4) shall apply with respect to select-*

8           *graph (A) with respect to the determination of*  
9           *the amount of payment under this subsection of*  
10           *air ambulance services in the same manner as*  
11           *such provisions apply with respect to selecting*  
12           *an IDR entity certified under such section with*  
13           *respect to the determination of the amount of*  
14           *payment under section 716(c) of an item or serv-*  
15           *ice. An entity selected pursuant to the previous*  
16           *sentence to make a determination described in*  
17           *such sentence shall be referred to in this sub-*  
18           *section as the ‘certified IDR entity’ with respect*  
19           *to such determination.*

20           “(5) *PAYMENT DETERMINATION.*—

21           “(A) *IN GENERAL.*—*Not later than 30 days*  
22           *after the date of selection of the certified IDR en-*  
23           *tity with respect to a determination for qualified*  
24           *IDR ambulance services, the certified IDR entity*  
25           *shall—*

1           “(i) taking into account the consider-  
2           ations specified in subparagraph (C), select  
3           one of the offers submitted under subpara-  
4           graph (B) to be the amount of payment for  
5           such services determined under this sub-  
6           section for purposes of subsection (a)(3);  
7           and

8           “(ii) notify the provider or facility and  
9           the group health plan or health insurance  
10          issuer offering group health insurance cov-  
11          erage party to such determination of the  
12          offer selected under clause (i).

13          “(B) SUBMISSION OF OFFERS.—Not later  
14          than 10 days after the date of selection of the cer-  
15          tified IDR entity with respect to a determination  
16          for qualified IDR air ambulance services, the  
17          provider and the group health plan or health in-  
18          surance issuer offering group health insurance  
19          coverage party to such determination—

20                 “(i) shall each submit to the certified  
21                 IDR entity with respect to such determina-  
22                 tion—

23                         “(I) an offer for a payment  
24                         amount for such services furnished by  
25                         such provider; and

1           “(II) such information as re-  
2           quested by the certified IDR entity re-  
3           lating to such offer; and

4           “(ii) may each submit to the certified  
5           IDR entity with respect to such determina-  
6           tion any information relating to such offer  
7           submitted by either party, including infor-  
8           mation relating to any circumstance de-  
9           scribed in subparagraph (C)(ii).

10           “(C) CONSIDERATIONS IN DETERMINA-  
11           TION.—

12           “(i) IN GENERAL.—In determining  
13           which offer is the payment to be applied  
14           pursuant to this paragraph, the certified  
15           IDR entity, with respect to the determina-  
16           tion for a qualified IDR air ambulance

25           (3) *IRC AMENDMENTS.*—

1           (A) *IN GENERAL.*—Subchapter B of chapter  
2           100 of the Internal Revenue Code of 1986, as  
3           amended by section 102(c) and further amended  
4           by the previous provisions of this title, is further  
5           amended by inserting after section 9816 the fol-  
6           lowing:

7   **“SEC. 9817. ENDING SURPRISE AIR AMBULANCE BILLS.**

8           “(a) *IN GENERAL.*—In the case of a participant or  
9           beneficiary in a group health plan who receives air ambu-  
10          lance services from a nonparticipating provider (as defined  
11          in section 9816(a)(3)(G)) with respect to such plan, if such  
12          services would be covered if provided by a participating  
13          provider (as defined in such section) with respect to such  
14          plan—

15               “(1) the cost-sharing requirement with respect to  
16          such services shall be the same requirement that would  
17          apply if such services were provided by such a par-  
18          ticipating provider, and any coinsurance or deduct-  
19          ible shall be based on rates that would apply for such  
20          services if they were furnished by such a partici-  
21          pating provider;

22               “(2) such cost-sharing amounts shall be counted  
23          towards the in-network deductible and in-network  
24          out-of-pocket maximum amount under the plan for  
25          the plan year (and such in-network deductible shall

1           “(A) *ESTABLISHMENT.*—Not later than 1  
2           year after the date of the enactment of this sub-  
3           section, the Secretary, jointly with the Secretary  
4           of Health and Human Services and the Sec-  
5           retary of Labor, shall establish by regulation one  
6           independent dispute resolution process (referred  
7           to in this subsection as the ‘IDR process’) under  
8           which, in the case of air ambulance services with  
9           respect to which a provider or group health plan  
10          submits a notification under paragraph (1)(B)  
11          (in this subsection referred to as a ‘qualified  
12          IDR air ambulance services’), a certified IDR  
13          entity under paragraph (4) determines, subject  
14          to subparagraph (B) and in accordance with the  
15          succeeding provisions of this subsection, the  
16          amount of payment under the plan for such serv-  
17          ices furnished by such provider.

18          “(B) *AUTHORITY TO CONTINUE NEGOTIA-*  
19          *TIONS.*—Under the independent dispute resolu-  
20          tion process, in the case that the parties to a de-  
21          termination for qualified IDR air ambulance
