12 *ents included in the list under section 505(j)(7)*  
13 *and no unexpired period of exclusivity;*

14 *“(B) for which the approval of the applica-*  
15 *tion has been withdrawn for reasons other than*  
16 *safety or effectiveness; and*

17 *“(C) for which—*

18 *“(i)(I) there is new scientific evidence*  
19 *available pertaining to new or existing con-*  
20 *ditions of use that is not reflected in the ap-*  
21 *proved labeling;*

22 *“(II) the approved labeling does not re-*  
23 *fect current legal and regulatory require-*  
24 *ments for content or format; or*

1                   “(III) there is a relevant accepted use  
2                   in clinical practice that is not reflected in  
3                   the approved labeling; and

8                   period of exclusivity under clause (ii), (iii), or (iv) of

2 *of the following:*

4 *tracts with public or private entities to review the*

21           *Any labeling change so required shall not have any*

6 *Act.*

7 “(3) *SELECTION OF DRUGS.*—*The Secretary shall*  
8 *not identify a drug as a covered drug or select a drug*  
9 *label for updating under subsection (b) or (c) solely*  
10 *based on the availability of new safety information.*  
11 *Upon identification of a drug as a covered drug*  
12 *under subsection (b), the Secretary may then consider*  
13 *the availability of new safety information (as defined*  
14 *in section 505–1(b)) in determining whether the drug*

10                   *United States and the Tribes concluded at Hell*  
11                   *Gate on July 16, 1855 (12 Stat. 975);*

12                   (B) *the National Bison Range was estab-*

14                   *when the bison were at grave risk of extinction;*

15                   (C) *the National Bison Range is located in*  
16                   *the middle of the Reservation on land that was*  
17                   *acquired by the United States in what was later*

21                   *(437 F.2d 458 (Ct.Cl. 1971)), to be a taking*  
22                   *under the Fifth Amendment to the Constitution*  
23                   *of the United States;*

1           (D) the Tribes never consented to the re-  
2           removal of the land described in subparagraph (C)  
3           from Tribal ownership;

4           (E) since time immemorial until the estab-  
5           lishment of the National Bison Range, the Tribes  
6           had used the land described in subparagraph (C)  
7           for—

8                     (i) hunting, fishing, and gathering;  
9                     and

10                    (ii) cultural and many other purposes;

11           (F)(i) in the 1870s, when slaughter resulted  
12           in the risk of bison extinction, a Pend d'Oreille  
13           man named Little Falcon Robe received ap-  
14           proval from leaders of the Tribes to bring or-  
15           phaned bison calves across the Continental Di-  
16           vide to the Reservation for purposes of starting  
17           a herd for subsistence and conservation purposes;

18                    (ii) starting with just a few bison calves,  
19           the animals grew into a large herd under the  
20           stewardship of members of the Tribes, who later  
21           included Michel Pablo and Charles Allard; and

22                    (iii) the Reservation was the home of that

24           establishment of the National Bison Range;

1           (G) when the Reservation was opened for  
2           homesteading, a free-ranging bison herd was no  
3           longer feasible, resulting in Michel Pablo selling  
4           the herd to off-Reservation interests;

5           (H) many of the bison, or their descendants,  
6           from the Tribal member-managed herd were re-  
7           purchased and brought back to the Reservation to  
8           form the original herd for the National Bison  
9           Range;

20               tional Bison Range; and

3                   (2) *PURPOSES.*—The purposes of this section  
4                   are—

5                   (A) to acknowledge the history, culture, and

6           *and the broader Indo-Pacific region.*

7           (3) *The security of Taiwan and its democracy*  
8           *are key elements of continued peace and stability of*  
9           *the greater Indo-Pacific region, which is in the polit-*  
10          *ical, security, and economic interests of the United*  
11          *States.*

12          (4) *The People’s Republic of China is currently*

14          *campaign to enhance the power-projection capabilities*  
15          *of the People’s Liberation Army and its ability to*  
16          *conduct joint operations, which is shifting the mili-*  
17          *tary balance of power across the Taiwan Strait.*

18          (5) *Taiwan and its diplomatic partners continue*  
19          *to face sustained pressure and coercion from the Peo-*

21          *from the international community.*

22          (6) *It is the policy of the United States to rein-*  
23          *force its commitments to Taiwan under the Taiwan*  
24          *Relations Act in a manner consistent with the “Six*

7 *Taiwan have resulted in insufficient high-level com-*  
8 *munication.*

18 *strategy; and*

22 *larly its efforts to develop and integrate asymmetric*  
23 *capabilities, including undersea warfare and air de-*  
24 *fense capabilities, into its military forces.*

1 **SEC. 314. TAIWAN'S INCLUSION IN INTERNATIONAL ORGA-**  
2 **NIZATIONS.**

3 (a) *SENSE OF CONGRESS.*—*It is the sense of Congress*  
4 *that the People's Republic of China's attempts to dictate*  
5 *the terms of Taiwan's participation in international orga-*  
6 *nizations, has, in many cases, resulted in Taiwan's exclu-*  
7 *sion from such organizations even when statehood is not*  
8 *a requirement, and that such exclusion—*

9 (1) *is detrimental to global health, civilian air*  
10 *safety, and efforts to counter transnational crime;*

11 (2) *negatively impacts the safety and security of*  
12 *citizens globally; and*

13 (3) *negatively impacts the security of Taiwan*

18 *the International Civil Aviation Organization, the Inter-*  
19 *national Criminal Police Organization, and other inter-*  
20 *national bodies, as appropriate, and to advocate for Tai-*  
21 *wan's membership in the Food and Agriculture Organiza-*  
22 *tion, the United Nations Educational, Scientific and Cul-*

16 *United States-Taiwan relationship;*

17 (2) *should be crafted giving due consideration to*  
18 *the fact that Taiwan is governed by a representative*

10          which independent experts and monitoring groups  
11          have attributed to government interference.

12          “(38) Thousands of employees at Belarusian  
13          state-owned enterprises, who have been seen as  
14          Alyaksandr Lukashenka’s traditional base during his

11          ful protesters’.

12          “(42) Similar sanctions have also been applied  
13          to Belarusian human rights violators by the Govern-  
14          ment of Canada and the Government of the United  
15          Kingdom.

16          “(43) Against the will of the majority of the

21                 and

22                 “(B) President Putin has agreed to prop up  
23                 the Alyaksandr Lukashenka regime by—

1                   “(i) confirming that a Russian police

3                   tion gets out of control’;

4                   “(ii) providing significant financial  
5                   support; and

6                   “(iii) sending Russian propagandists  
7                   to help disseminate pro-regime propaganda  
8                   on Belarus state television.

9                   “(44) The Governments of the United States, the  
10                  European Union, the United Kingdom, and Canada  
11                  have—

12                  “(A) condemned the violent crackdown on

4 *(a) FINDINGS.—Congress finds the following:*

5 *(1) Tibetan Buddhism is practiced in many*  
6 *countries including Bhutan, India, Mongolia, Nepal,*  
7 *the People’s Republic of China, the Russian Federa-*  
8 *tion, and the United States, yet the Government of*  
9 *the People’s Republic of China has repeatedly insisted*  
10 *on its role in managing the selection of Tibet’s next*  
11 *spiritual leader, the Dalai Lama, through actions*  
12 *such as those described in the “Measures on the Man-*  
13 *agement of the Reincarnation of Living Buddhas” in*  
14 *2007.*

15 *(2) On March 19, 2019, Chinese Ministry of Af-*  
16 *airs spokesperson reiterated that the “reincarnation*  
17 *of living Buddhas including the Dalai Lama must*  
18 *comply with Chinese laws and regulations and follow*  
19 *religious rituals and historical conventions”.*

20 *(3) The Government of the People’s Republic of*  
21 *China has interfered in the process of recognizing a*  
22 *successor or reincarnation of Tibetan Buddhist lead-*  
23 *ers, including in 1995 by arbitrarily detaining*  
24 *Gedhun Choekyi Nyima, a 6-year old boy who was*  
25 *identified as the 11th Panchen Lama, and purporting*  
26 *to install its own candidate as the Panchen Lama.*

1           (4) *The 14th Dalai Lama, Tenzin Gyatso, issued*  
2           *a statement on September 24, 2011, explaining the*  
3           *traditions and spiritual precepts of the selection of*

6           *viding a response to the Chinese government's claims*  
7           *that only the Chinese government has the ultimate*  
8           *authority in the selection process of the Dalai Lama.*

9           (5) *The 14th Dalai Lama said in his statement*  
10          *that the person who reincarnates has sole legitimate*  
11          *authority over where and how he or she takes rebirth*  
12          *and how that reincarnation is to be recognized and*  
13          *if there is a need for a 15th Dalai Lama to be recog-*  
14          *nized, then the responsibility shall primarily rest*

16          *Trust, who will be informed by the written instruc-*  
17          *tions of the 14th Dalai Lama.*

18          (6) *Since 2011, the 14th Dalai Lama has reiter-*  
19          *ated publicly on numerous occasions that decisions on*  
20          *the successions, emanations, or reincarnations of the*  
21          *Dalai Lama belongs to the Tibetan Buddhist faith*  
22          *community alone.*

23          (7) *On June 8, 2015, the United States House*  
24          *of Representatives unanimously approved House Res-*  
25          *olution 337 which calls on the United States Govern-*

5 *sides China have long Tibetan Buddhist traditions,*  
6 *and that matters related to reincarnations in Tibetan*  
7 *Buddhism are of keen interest to Tibetan Buddhist*  
8 *populations worldwide”.*

9 *(8) On April 25, 2018, the United States Senate*  
10 *unanimously approved Senate Resolution 429 which*  
11 *“expresses its sense that the identification and instal-*  
12 *lation of Tibetan Buddhist religious leaders, includ-*  
13 *ing a future 15th Dalai Lama, is a matter that*  
14 *should be determined solely within the Tibetan Bud-*  
15 *dhist faith community, in accordance with the in-*  
16 *alienable right to religious freedom”.*

17 *(9) The Department of State’s Report on Inter-*  
18 *national Religious Freedom for 2018 reported on poli-*

24 *Dalai Lama should be made solely by faith leaders.”.*

1       **(b) STATEMENT OF POLICY.**—*It is the policy of the*  
2 *United States that—*

3           (1) *decisions regarding the selection, education,*

5 *are exclusively spiritual matters that should be made*  
6 *by the appropriate religious authorities within the*  
7 *Tibetan Buddhist tradition and in the context of the*  
8 *will of practitioners of Tibetan Buddhism;*

9           (2) *the wishes of the 14th Dalai Lama, including*
