7 regained pursuant to this subsection on or after January 1, 2019, shall not be used to  
8 determine the date the individual purchasing the service became a member of the  
9 Teachers' Retirement System.

10 (4) Effective July 1, 1974, any active contributing member with at least two (2) years of  
11 contributing service credit who declined membership as provided in Acts 1938 (1st  
12 Ex. Sess.), Ch. 1, paragraph 29, may secure service credit for prior service, and for

4 under the retirement system, except for the return of his accumulated  
5 contributions and interest credited on those contributions.

- 6            2. The payment of retirement benefits ordered forfeited shall be stayed

8 final judgment, no retirement benefits shall be forfeited.

9 Except for paragraph (e) of this subsection, upon termination of member accounts  
10 under this subsection, funds in the account shall be transferred to the guarantee

22 member is eligible for an immediate service retirement allowance as provided in  
23 KRS 161.600, no withdrawal and refund shall be permitted, unless the allowance  
24 would prohibit the member from qualifying for Social Security benefits or the  
25 member elects to withdraw part or all of his service for the purpose of obtaining  
26 service credit in another retirement plan. Requests for refund of contributions by the  
27 member must be filed on forms prescribed by the Teachers' Retirement System and

1 the employer shall be financially responsible for all information that is certified on  
2 the prescribed form. A member may not withdraw any part of his or her

10 *another beneficiary.* A final divorce decree shall terminate an ex-spouse's  
11 status as either primary beneficiary, cobeneficiary, or contingent beneficiary,  
12 unless subsequent to divorce the member redesignates the former spouse as  
13 primary beneficiary, cobeneficiary, or contingent beneficiary.

14 (d) To the extent permitted by the Internal Revenue Code, a trust may be  
15 designated as beneficiary for receipt of a member's accumulated account  
16 balance in the retirement system as provided under KRS 161.470(7). A final  
17 divorce decree shall not terminate the designation of a trust as beneficiary  
18 regardless of who is designated as beneficiary of the trust.

19 (e) In the event that a member fails to designate a beneficiary, or all designated  
20 beneficiaries predecease the member, the member's estate shall be deemed to  
21 be the beneficiary, *unless the member is married at the time of his or her*  
22 *death, in which case the spouse shall be deemed the beneficiary.*

23 (f) Members may designate as beneficiaries only presently identifiable and  
24 existing individuals, or trusts where otherwise permitted, without contingency  
25 instructions, on forms prescribed by the retirement system.

26 (2) The provisions of this section shall be retroactive as they relate to election of  
27 beneficiaries by members still in active status on the effective date of this section.

9        administrative regulation of the board~~[of trustees shall be submitted]~~. The  
10       retirement system may impose a penalty on the employer not to exceed one  
11       thousand dollars (\$1,000) when the employer does not meet the reporting  
12       date. However, the retirement system may waive the penalty for good cause.

13       (c) Each employer employing members of the retirement system shall have on  
14       file at the retirement system's office an annual summary report~~[Employers~~  
15       ~~shall submit an annual report, in compliance with requirements of the~~  
16       ~~retirement system,]~~ of member contributions and periods employed~~[to the~~  
17       ~~retirement system]~~ no later than August 1 following the completion of each  
18       fiscal year. The retirement system may impose a penalty on the employer not  
19       to exceed one thousand dollars (\$1,000) when the employer does not meet the  
20       August 1 reporting date. However, the retirement system may waive the  
21       penalty for good cause.

22       (d) The deductions described by paragraph (a) of this subsection shall be made  
23       notwithstanding the fact that the salary as a result may be less than the  
24       minimum compensation provided by law. Every member shall be deemed to  
25       consent and agree to the deductions, and the deductions shall be considered as  
26       having been paid to the member. After August 1, 1982, member contributions  
27       shall be picked up by the agency pursuant to KRS 161.540(2).

1 (2) If an employer fails to deduct the correct retirement contribution from a member's  
2 compensation, the member may make the contribution that should have been  
3 deducted by the employer and receive retirement credit for the payment. For  
4 correction of omitted member contributions that occur more than one (1) year after  
5 the year in which the error was made, the employer shall be responsible for paying  
6 interest to the retirement system at a rate of eight percent (8%) from the end of the  
7 year in which the service was performed to the date of payment.

8 ➔Section 13. KRS 161.597 is amended to read as follows:

9 (1) A member in active contributing status may purchase any service credit which the  
10 member is authorized to purchase by making installment payments in lieu of a  
11 lump-sum payment.

12 (2) To initiate an installment payment plan, a member shall make a written request to  
13 the retirement system for an estimate to purchase service credit by making  
14 installment payments.

15 (3) To qualify for installment payments, the total cost of the service purchase, including  
16 any chargeable interest, shall exceed one thousand dollars (\$1,000).

17 (4) Installment payments shall be at least fifty dollars (\$50) per month and shall be  
18 made for a period of time which is not less than twelve (12) months nor more than  
19 sixty (60) months. Interest at eight percent (8%) per annum, unless the board  
20 specifies in an administrative regulation a different interest rate, shall be charged on  
21 all installment payment purchases of service credit that are purchasable at less than  
22 full actuarial cost. **Interest shall be assigned to the guarantee fund.**

23 (5) Installment payments shall be made on a monthly basis by~~[- payroll deduction or]~~  
24 electronic fund transfer~~[- and forwarded separately to the Teachers' Retirement~~  
25 ~~System on forms or by computer format not later than fifteen (15) days following~~  
26 ~~the end of each month]~~. The payments shall be considered accumulated  
27 contributions and shall not be picked up as provided in KRS 161.560, except that

1 subject to approval by the Internal Revenue Service and only as permitted by the  
2 Internal Revenue Code, installment payments~~[by payroll deduction]~~ shall be made  
3 on a tax-deferred basis.

4 (6) A member may elect to terminate **electronic fund transfers**~~[payroll deductions]~~ at  
5 any time and purchase the remaining service credit by lump-sum payment. A  
6 member on a leave of absence may **continue to** make~~[personal]~~ installment  
7 payments. Termination of employment in a covered position shall terminate  
8 installment payments. If the member is later employed by a different employer in a  
9 covered position, the member may request a new estimate and reinstate installment  
10 payments. A member that misses two (2) consecutive installment payments shall be  
11 in default. A member in default shall receive **a refund of all prior installment**  
12 **payments and the member's** service credit **shall be reduced accordingly**~~[on a pro~~  
13 ~~rata basis for the total amount of contributions made by installment payments]~~. A  
14 member in default may not reinstate installment payments for twelve (12) months  
15 from the date the member was in default.

16 (7) If a member dies before completing scheduled installment payments, the named  
17 beneficiary of the member's retirement account may pay the remaining balance due  
18 by a lump-sum payment within thirty (30) days of the death of the member.

19 ➔Section 14. KRS 161.614 is amended to read as follows:

20 A court order awarding additional back salary to or reinstating a member as a result of  
21 employment in a position covered by the~~[Kentucky]~~ Teachers' Retirement System shall  
22 entitle the member to additional salary or service credit, or both, under the following  
23 circumstances:

24 (1) Members shall make contributions to the~~[Kentucky]~~ Teachers' Retirement System  
25 at the rate set forth in KRS 161.540 and members' employers shall make  
26 contributions at the rate set forth in KRS 161.550, with interest accruing on all  
27 contributions at the rate of eight percent (8%) per annum from the end of each fiscal

1 year that back salary or the reinstatement was ordered. Contributions, plus interest,  
2 shall be made for each year that back salary or reinstatement was ordered. No  
3 service or salary credit shall be credited to a member's account unless full  
4 contributions are paid to the ~~[Kentucky]~~ Teachers' Retirement System;

5 (2) The member may have court-ordered back salary credited to his or her account only  
6 to the extent that the member actually received payment for the back salary and only  
7 to the extent that the court-ordered back salary is within the salary scale that was  
8 available to the member in the covered position for the years that the back salary  
9 was awarded. Court-ordered back salary can be credited to the member's account  
10 only as permitted under KRS 161.220(9) and (10). The member may have court-  
11 ordered service credited to his or her account only after the retirement system has  
12 received the contributions and interest on the full compensation that would  
13 normally be earned in the position that is the subject of the litigation;

14 (3) The member's employer ordered to pay back salary or to reinstate the member by a  
15 court of competent jurisdiction shall provide the retirement system with a  
16 breakdown of the back salary awarded to the member on a year-by-year basis;

17 (4) The calculations of the contributions and interest required to be paid for court-  
18 ordered back salary or reinstatement shall be provided by the retirement system to  
19 the member or the member's employer at the member's or employer's request.  
20 Requests for these calculations shall be made with at least two (2) weeks of advance  
21 notice to the retirement system to provide these calculations. The retirement system  
22 will calculate accrued interest as of the last day of the month during which payment  
23 of the full contributions are made;

24 (5) For purposes of this section, a settlement agreement that provides back salary or  
25 reinstatement, and is adopted by order or judgment of a court of competent  
26 jurisdiction or is referenced in an order dismissing the action as settled shall have  
27 the same effect as a court order adjudicating the matter. Orders entered by a

1 government board or agency as a result of litigation conducted on an administrative  
2 hearing level and legally binding arbitration and mediation awards shall be  
3 considered as court orders for the purposes of this section; and

4 (6) Under no circumstances shall a member be entitled to service credit as a result of  
5 court-ordered reinstatement that is in violation of the provisions of KRS 161.500.

6 ➔Section 15. KRS 161.620 is amended to read as follows:

7 (1) The retirement allowance, in the form of a life annuity with refundable balance, of a  
8 member retiring for service shall be calculated as follows:

9 (a) For retirements effective July 1, 1998, and thereafter, except as otherwise  
10 provided by this section, the annual allowance for each year of service shall be  
11 two percent (2%) of the final average salary for service performed prior to  
12 July 1, 1983, and two and one-half percent (2.5%) of the final average salary  
13 for service performed after July 1, 1983, for all nonuniversity members. The  
14 annual retirement allowance for each year of service performed by members  
15 of the Teachers' Retirement System who are university members shall be two  
16 percent (2%) of the final average salary. Actuarial discounts due to age or  
17 service credit at retirement may be applied as provided in this section;

18 (b) For individuals who become nonuniversity members of the Teachers'  
19 Retirement System on or after July 1, 2002, and before July 1, 2008, who  
20 upon retirement have earned less than ten (10) full years of service credit, the  
21 retirement allowance shall be two percent (2%) of the member's final average  
22 salary for each year of service. For individuals who become nonuniversity  
23 members of the Teachers' Retirement System on or after July 1, 2002, and  
24 before July 1, 2008, and who upon retirement have earned at least ten (10) full  
25 years of service credit, the annual allowance for each year of service shall be  
26 two and one-half percent (2.5%) of the member's final average salary;

27 (c) The board of trustees may approve for members who initially retire on or after

1 July 1, 2004, and who become nonuniversity members before July 1, 2008, a  
2 retirement allowance of three percent (3%) of the member's final average  
3 salary for each year or partial year of service credit earned in excess of thirty  
4 (30) years.

5 This three percent (3%) factor shall be in lieu of the two and one-half percent  
6 (2.5%) factor provided for in paragraph (b) of this subsection for every year or  
7 fraction of a year of service in excess of thirty (30) years. Upon approval of  
8 this three percent (3%) retirement factor, the board of trustees may establish  
9 conditions of eligibility regarding the type of service credit that will qualify  
10 for meeting the requirements of this subsection. This subsection is optional  
11 with the board of trustees and shall not be subject to KRS 161.714;

12 (d) For individuals who become nonuniversity members of the Teachers'  
13 Retirement System on or after July 1, 2008, the retirement allowance shall be:

- 14 1. a. One and seven-tenths percent (1.7%) of the member's final average  
15 salary for each year of service if the member has earned ten (10) or  
16 less years of service at retirement;
- 17 b. Two percent (2%) of the member's final average salary for each  
18 year of service if the member has earned greater than ten (10) but  
19 no more than twenty (20) years of service at retirement;
- 20 c. Two and three-tenths percent (2.3%) of the member's final average  
21 salary for each year of service if the member has earned greater  
22 than twenty (20) but no more than twenty-six (26) years of service  
23 at retirement; or
- 24 d. Two and one-half percent (2.5%) of the member's final average  
25 salary for each year of service if the member has earned greater  
26 than twenty-six (26) but no more than thirty (30) years of service at  
27 retirement; and

- 1           2.   Three percent (3%) of the member's final average salary for each year *or*  
2                   *partial year* of service earned in excess of thirty (30) years of service at  
3                   retirement subject to the same terms and conditions as set forth in  
4                   paragraph (c)2. of this subsection;
- 5       (e)   For individuals who become university members of the Teachers' Retirement  
6           System on or after July 1, 2008, the retirement allowance shall be:
- 7           1.   One and one-half percent (1.5%) of the member's final average salary for  
8                   each year of service if the member has earned ten (10) or less years of  
9                   service at retirement;
- 10          2.   One and seven-tenths percent (1.7%) of the member's final average  
11               salary for each year of service if the member has earned greater than ten  
12               (10) but no more than twenty (20) years of service at retirement;
- 13          3.   One and eighty-five hundredths percent (1.85%) of the member's final  
14               average salary for each year of service if the member has earned greater  
15               than twenty (20) but less than twenty-seven (27) years of service at  
16               retirement; or
- 17          4.   Two percent (2%) of the member's final average salary for each year of  
18               service if the member has earned twenty-seven (27) or more years of  
19               service at retirement; and
- 20       (f)   The retirement allowance of a member at retirement, as measured on a life  
21           annuity, shall not exceed the member's last yearly salary or the member's final  
22           average salary, whichever is the greater amount. For purposes of this section,  
23           "yearly salary" means the compensation earned by a member during the most  
24           recent period of contributing service, either consecutive or nonconsecutive,  
25           preceding the member's effective retirement date and shall be subject to the  
26           provisions of KRS 161.220(9) and (10).
- 27       (2)   Effective July 1, 2002, and annually on July 1 thereafter, the retirement allowance

1 of each retired member and of each beneficiary of a retirement option shall be  
2 increased in the amount of one and one-half percent (1.5%), provided the retired  
3 member had been retired for at least the full twelve (12) months immediately  
4 preceding the date that the increase is effective. In the event that the retired member  
5 had been retired for less than the full twelve (12) months immediately preceding the  
6 date that the increase is effective, then the increase shall be reduced on a pro rata  
7 basis by each month that the retired member had not been retired for the full twelve  
8 (12) months immediately preceding the effective date of the increase.

9 (3) Any member qualifying for retirement under a life annuity with refundable balance  
10 shall be entitled to receive an annual allowance amounting to not less than four  
11 hundred dollars (\$400) effective July 1, 2002, and not less than four hundred forty  
12 dollars (\$440) effective July 1, 2003, multiplied by the service credit years of the  
13 member. These minimums shall apply to the retired members receiving annuity  
14 payments and to those members retiring on or subsequent to the effective dates  
15 listed in this subsection, except the following:

16 (a) Individuals who become members of the Kentucky Teachers' Retirement  
17 System on or after July 1, 2008; or

18 (b) Members whose retirement allowance payment is reduced below the  
19 minimum allowance as a result of its division in a qualified domestic relations  
20 order or any other provision permitted under KRS 161.700.

21 (4) The minimum retirement allowance provided in this section shall apply in the case  
22 of members retired or retiring under an option other than a life annuity with  
23 refundable balance in the same proportion to the benefits of the member and his  
24 beneficiary or beneficiaries as provided in the duly-adopted option tables at the time  
25 of the member's retirement.

26 (5) Effective July 1, 2008, the monthly allowance of each retired member and each  
27 recipient of a retirement option of the retired member may be increased in an

1 amount not to exceed three and one-half percent (3.5%) of the monthly allowance in  
2 effect the previous month, provided the retired member had been retired for at least  
3 the full twelve (12) months immediately preceding the date that the increase is  
4 effective. In the event that the retired member had been retired for less than the full  
5 twelve (12) months immediately preceding the date that the increase is effective,  
6 then the increase shall be reduced on a pro rata basis by each month that the retired  
7 member had not been retired for the full twelve (12) months immediately preceding  
8 the effective date of the increase. The level of increase provided for in this  
9 subsection shall be determined by the funding provided in the 2008-2010 biennium  
10 budget appropriation.

11 (6) Effective July 1, 2009, the monthly allowance of each retired member and each  
12 recipient of a retirement option of the retired member may be increased in an  
13 amount not to exceed seven-tenths of one percent (0.7%) of the monthly allowance  
14 in effect the previous month, provided the retired member had been retired for at  
15 least the full twelve (12) months immediately preceding the date that the increase is  
16 effective. In the event that the retired member had been retired for less than the full  
17 twelve (12) months immediately preceding the date that the increase is effective,  
18 then the increase shall be reduced on a pro rata basis by each month that the retired  
19 member had not been retired for the full twelve (12) months immediately preceding  
20 the effective date of the increase. The level of increase provided for in this  
21 subsection shall be determined by the funding provided in the 2008-2010 biennium  
22 budget appropriation.

23 (7) Effective July 1, 1990, monthly payments of two hundred dollars (\$200) shall be  
24 payable for the benefit of an adult child of a member retired for service when the  
25 child's mental or physical condition is sufficient to cause dependency on the  
26 member at the time of retirement. Eligibility for this payment shall continue for the  
27 life of the child or until the time the mental or physical condition creating the

1 dependency no longer exists or the child marries. Benefits under this subsection  
2 shall apply to legally adopted survivors provided the proceedings for the adoption  
3 were initiated at least one (1) year prior to the death of the member. The board of  
4 trustees shall be the sole judge of eligibility or dependency and may require formal  
5 application or information relating thereto.

6 (8) Members of the Teachers' Retirement System shall be subject to the annuity income  
7 limitations imposed by Section 415 of the Internal Revenue Service Code.

8 (9) Compensation in excess of the limitations imposed by Section 401(a)(17) of the  
9 Internal Revenue Code shall not be used in determining a member's retirement  
10 annuity. The limitation on compensation for eligible members shall not be less than  
11 the amount which was allowed to be taken into account by the retirement system in  
12 effect on July 1, 1993. For this purpose, an eligible member is an individual who  
13 was a member of the retirement system before the first plan year beginning after  
14 December 31, 1995.

15 (10) Effective January 1, 2019, subsections (1) to (7) of this section do not apply to  
16 individuals who become members of the Teachers' Retirement System on or after  
17 January 1, 2019.

18 ➔Section 16. KRS 161.630 is amended to read as follows:

19 (1) (a) An individual who became a member prior to January 1, 2019, upon  
20 retirement, shall receive a retirement allowance in the form of a life annuity,  
21 with refundable balance, as provided in KRS 161.620, unless an election is  
22 made before the effective date of retirement to receive actuarially equivalent  
23 benefits under options which the board of trustees approves.

24 (b) An individual who is participating in the hybrid cash balance plan as provided  
25 by KRS 161.235 may, before the effective date of retirement, elect to receive  
26 his or her accumulated account balance annuitized into a monthly payment  
27 under one (1) of the actuarial equivalent payment options approved by the

1 board of trustees.

2 (c) No option shall provide for a benefit with an actuarial value at the age of  
3 retirement greater than that provided in KRS 161.235(7)(a) or 161.620, as  
4 applicable. This section does not apply to disability allowances as provided in  
5 KRS 161.661(1).

6 (2) The retirement option chosen by a retiree at the time of service retirement shall  
7 remain in force unless the retiree became a member prior to January 1, 2019, and  
8 elects to make a change under the following conditions:

9 (a) A divorce, annulment, or marriage dissolution following retirement shall, at  
10 the election of the retiree, cancel any optional plan selected at retirement that  
11 provides indefinitely continuing benefits to a spousal beneficiary and return  
12 the retiree to a single lifetime benefit equivalent as determined by the board;  
13 or

14 (b) Following marriage or remarriage, or the death of the designated beneficiary, a  
15 retiree may elect a new optional plan of payment based on the actuarial  
16 equivalent of a single lifetime benefit at the time of the election, as determined  
17 by the board. The plan shall become effective the first of the month following  
18 receipt of an application on a form approved by the board.

19 (3) Except as otherwise provided in this section, a beneficiary designation shall not be  
20 changed after the effective date of retirement except for retirees who elect the life  
21 annuity with refundable balance or the predetermined years certain and life  
22 thereafter option. A member may remove a beneficiary at any time, but shall not  
23 designate a substitute beneficiary. If a member elects to remove a beneficiary, the  
24 member's retirement allowance shall not change regardless of the retirement option  
25 selected by the member, even if the removed beneficiary predeceases the member.

26 (4) A member who experiences a qualifying event under subsection (2) of this section  
27 and who elects a new optional plan of payment shall make that election within sixty

1 (60) days of the qualifying event.

2 ➔Section 17. KRS 161.643 is amended to read as follows:

3 **(1)** Each school district, **institution**, and agency employing annuitants of the retirement  
4 system shall **have on file at the retirement system's office an annual summary**  
5 **report**~~[maintain a record]~~ of the days employed and the compensation paid to each  
6 annuitant and **other data as required by administrative regulation of the board of**  
7 **trustees**~~[submit an annual report on forms prescribed by the retirement system]~~ no  
8 later than August 1, following the completion of each fiscal year.

9 **(2)** The retirement system may impose a penalty on the employer not to exceed one  
10 thousand dollars (\$1,000) when the employer does not meet the August 1  
11 **filing**~~[reporting]~~ date or fails to provide the information required for employment of  
12 annuitants of the retirement system. **However, the retirement system may waive the**  
13 **penalty for good cause.**

14 **(3) The retirement system may promulgate administrative regulations in accordance**  
15 **with KRS Chapter 13A to require employers to report more frequently than on an**  
16 **annual basis.**

17 ➔Section 18. KRS 161.650 is amended to read as follows:

18 (1) In the case of death of a member who has retired by reason of service or disability,  
19 any portion of the member's accumulated contributions, including member  
20 contributions to the state accumulation fund and regular interest to the date of  
21 retirement, that has not, and will not be paid as an allowance or benefit shall be paid  
22 to the member's beneficiary in such manner as the board of trustees elects.

23 (2) **(a)** The member may designate a primary beneficiary or two (2) or more  
24 cobeneficiaries to receive any remaining accumulated member contributions  
25 payable under this section.

26 **(b)** A contingent beneficiary may be designated in addition to the primary  
27 beneficiary or the cobeneficiaries. The member may designate two (2) or more

1 contingent beneficiaries.

2 (c) To the extent permitted by the Internal Revenue Code, a trust may be  
3 designated as beneficiary for receipt of any remaining funds of the member's  
4 accumulated contributions.

5 (d) Members may designate as beneficiaries only presently identifiable and  
6 existing individuals, or trusts where otherwise permitted, without contingency  
7 instructions, on forms prescribed by the retirement system. Cobeneficiaries  
8 shall be composed of a single class of individuals, or trusts where permitted,  
9 who will share in equal proportions in any payment that may become available  
10 under this section.

11 (e) 1. Any beneficiary designation made by the member shall remain in effect  
12 until changed by the member on forms prescribed by the retirement  
13 system, except in the event of subsequent marriage or divorce.

14 2. Subsequent marriage by the member shall void the primary  
15 beneficiary and any cobeneficiary designation, even that of a trust,  
16 and the spouse of the member at death shall be considered as the  
17 primary beneficiary, unless the member subsequent to marriage  
18 designates another beneficiary. An individual who is married prior to  
19 becoming a retired member of the retirement system and remains  
20 married at the time of becoming a retired member shall have his or  
21 her spouse considered the primary beneficiary, unless the member  
22 designates another beneficiary for any amounts payable under  
23 subsection (1) of this section.

24 3. A final divorce decree shall terminate the beneficiary status of an ex-  
25 spouse unless, subsequent to divorce, the member redesignates the  
26 former spouse as a beneficiary. A final divorce decree shall not  
27 terminate the designation of a trust as beneficiary regardless of who is

1 designated as beneficiary of the trust.

2 (f) In the event that the member fails to designate a beneficiary or all designated  
3 beneficiaries predecease the member, any remaining accumulated member  
4 contributions shall be payable to the member's estate, unless the member is  
5 married at the time of his or her death, in which case any remaining  
6 contributions shall be payable to his or her spouse.

7 ➔Section 19. KRS 161.655 is amended to read as follows:

8 (1) Effective July 1, 2000, the Teachers' Retirement System shall for those individuals  
9 who became members prior to January 1, 2019:

10 (a) Provide a life insurance benefit in a minimum amount of five thousand dollars  
11 (\$5,000) for its members who are retired for service or disability. This life  
12 insurance benefit shall be payable upon the death of a member retired for  
13 service or disability to the member's estate or to a party designated by the  
14 member on a form prescribed by the retirement system; and

15 (b) Provide a life insurance benefit in a minimum amount of two thousand dollars  
16 (\$2,000) for its active contributing members. This life insurance benefit shall  
17 be payable upon the death of an active contributing member to the member's  
18 estate or to a party designated by the member on a form prescribed by the  
19 retirement system.

20 (2) (a) The member may name one (1) primary and one (1) contingent beneficiary for  
21 receipt of the life insurance benefit. To the extent permitted by the Internal  
22 Revenue Code, a trust may be designated as beneficiary for receipt of the life  
23 insurance benefit.

24 (b) Members may designate as beneficiaries only presently identifiable and  
25 existing individuals, or trusts where otherwise permitted, without contingency  
26 instructions, on forms prescribed by the retirement system.

27 (c) In the event that a member fails to designate a beneficiary, or all designated

beneficiaries predecease the member, the member's estate shall be deemed to be the beneficiary, unless the member is married at the time of his or her death, in which case the spouse shall be deemed the beneficiary.

(d) 1. Any beneficiary designation made by the member, including the estate should the estate become the beneficiary by default, shall remain in effect until changed by the member on forms prescribed by the retirement system, except in the event of subsequent marriage or divorce.

2. A valid marriage license shall terminate any previously designated beneficiary, even that of a trust, and establish the spouse as beneficiary unless, subsequent proof of the marriage, the member or retired member redesignates someone other than the new spouse as the beneficiary.

3. An individual who is married prior to becoming an active member or a retired member of the retirement system and remains married at the time of becoming an active or retired member of the retirement system shall have his or her spouse considered the primary beneficiary, unless the member designates another beneficiary.

4. A final divorce decree shall terminate the beneficiary status of an ex-spouse unless, subsequent to divorce, the member redesignates the former spouse as a beneficiary. A final divorce decree shall not terminate the designation of a trust as beneficiary regardless of who is designated as beneficiary of the trust.

(e) The Teachers' Retirement System shall not acknowledge a beneficiary designation unless the life insurance beneficiary form is received by the Teachers' Retirement System prior to the member's death, or the life insurance beneficiary form has been deposited in the mail with a postmark date no later than the date of the member's death.

1 (3) Application for payment of life insurance proceeds shall be made to the Teachers'  
2 Retirement System together with acceptable evidence of death and eligibility. The  
3 reciprocal provisions of KRS 61.680(2)(a) shall not apply to the coverage and  
4 payment of proceeds by the life insurance benefit under this section.

5 (4) Suit or civil action shall not be required for the collection of the proceeds of the life  
6 insurance benefit provided for by this section, but nothing in this section shall  
7 prevent the maintenance of suit or civil action against the beneficiary or legal  
8 representative receiving the proceeds of the life insurance benefit.

9 (5) Upon the death of a member of the Teachers' Retirement System, the life insurance  
10 provided pursuant to subsection (1) of this section may be assigned by the  
11 designated beneficiary to a bank or licensed funeral home.

12 ➔Section 20. KRS 161.680 is amended to read as follows:

13 (1) If any change or error in a record results in any individual receiving from the  
14 retirement system more or less than the individual was entitled to receive, the board  
15 of trustees shall, when the error is discovered, correct the error, and as far as  
16 practicable adjust the payments so that the actuarial equivalent of the benefit to  
17 which the individual was entitled shall be paid.

18 (2) The Teachers' Retirement System shall take all practicable and cost-effective  
19 steps to collect overpayments from a member's or retiree's account. Methods of  
20 correction of overpayments from any member's or retiree's account shall include  
21 but are not limited to reclamation of the overpayment from the member's or  
22 retiree's account at the depository bank, the deduction of moneys from account  
23 refunds, deduction from the retirement allowance or joint and survivor annuity  
24 payable from the account, and deduction of moneys from the life insurance  
25 benefit. Collection of overpayments shall be initiated regardless of the designated  
26 beneficiary for any amounts payable from the account.
