

116TH CONGRESS
1ST SESSION

H. R. 1179

To amend title 54, United States Code, to establish within the National Park Service the African-American Burial Grounds Network, and for other purposes.

IN THE HOUSE OF REPRESENTATIVES

FEBRUARY 13, 2019

Ms. ADAMS (for herself and Mr. McEACHIN) introduced the following bill;
which was referred to the Committee on Natural Resources

A BILL

To amend title 54, United States Code, to establish within the National Park Service the African-American Burial Grounds Network, and for other purposes.

1 *Be it enacted by the Senate and House of Representa-*
2 *tives of the United States of America in Congress assembled,*

3 **SECTION 1. SHORT TITLE.**

4 This Act may be cited as the “African-American Bur-
5 ial Grounds Network Act”.

6 **SEC. 2. FINDINGS.**

7 Congress finds as follows:

1 (1) From 1619 until 1865, millions of African
2 Americans throughout the United States were
3 enslaved.

4 (2) Slaveholders often controlled where and how
5 the dead were buried, and prohibited burials on valu-
6 able land. As a result, slave burial grounds were
7 often confined to remote areas or marginal property.

8 (3) Such burial grounds were rarely docu-
9 mented, and they infrequently appear on historical
10 maps. A lack of accurate information is typical of
11 African-American cemeteries from before the Civil
12 War.

13 (4) Following the end of slavery, many African-
14 American families continued to face restrictions on
15 where they could bury their dead. Across much of
16 the United States, local laws segregated burial sites
17 by race. African-American burial grounds often
18 failed to receive the type of maintenance and record-
19 keeping that predominantly White burial grounds
20 enjoyed.

21 (5) Many African-American burial grounds
22 from both before and after the Civil War are in a
23 state of disrepair or inaccessibility due to overgrowth
24 of vegetation, crumbling physical structures, and
25 other challenges.

1 (6) There is no official national record or data-
2 base for African-American burial ground locations,
3 and the location of many sites is unknown. As a re-
4 sult, the family members and descendants of those
5 interred are unable to visit these sites to honor and
6 remember their ancestors.

7 (7) Abandoned African-American burial
8 grounds are often discovered when construction
9 projects inadvertently disturb human remains, slow-
10 ing or halting completion of those projects.

11 (8) The presence and location of historic Afri-
12 can-American burial grounds should be recorded,
13 and there should be coordinated national, State,
14 local, and Tribal efforts to preserve and restore
15 these sites.

16 (9) African-American burial grounds are an in-
17 tegral component of the heritage of the United
18 States.

19 (10) Creating and maintaining a network of
20 previously abandoned, underserved, and other Afri-
21 can-American burial grounds will help communities
22 identify and record burial grounds and preserve local
23 history while better informing development decisions
24 and community planning.

1 **SEC. 3. PURPOSES.**

2 The purposes of this Act are to authorize the Na-
3 tional Park Service to coordinate and facilitate Federal
4 and non-Federal activities to identify, interpret, preserve,
5 and record unmarked, previously abandoned, underserved,
6 and other African-American burial grounds.

7 **SEC. 4. U.S. AFRICAN-AMERICAN BURIAL GROUNDS NET-**
