Referred to Committee on Medicaid Reform and Oversight.

AUTHORS SUBJECT TO CHANGE

1 **AN ACT** *to amend* 49.45 (23) (a) and 49.471 (4) (a) 4. b.; and *to create* 49.471 (1)
2 (cr) and 49.471 (4g) of the statutes; **relating to:** increasing reimbursement for
3 personal care services under the Medical Assistance program, Medicaid
4 expansion and eligibility for BadgerCare Plus and BadgerCare Plus Core, and
5 making an appropriation.

Analysis by the Legislative Reference Bureau

Generally, this bill implements the federal Medicaid expansion under the federal Patient Protection and Affordable Care Act and increases reimbursement rates under the Medical Assistance program for personal care services.

The bill changes the family income eligibility level to up to 133 percent of the federal poverty line for parents and caretaker relatives under BadgerCare Plus and for childless adults under BadgerCare Plus Core. BadgerCare Plus and BadgerCare Plus Core are programs under the state's Medical Assistance program, which provides health services to individuals who have limited financial resources. The federal Patient Protection and Affordable Care Act allows a state to receive an enhanced federal medical assistance percentage payment for providing benefits to certain individuals through a state's Medical Assistance program. The bill requires the Department of Health Services to comply with all federal requirements and to request any amendment to the state Medical Assistance plan, waiver of Medicaid law, or other federal approval necessary to qualify for the highest available enhanced federal medical assistance percentage for parents and caretaker relatives and

ASSEMBLY BILL 255

childless adults under the BadgerCare Plus and BadgerCare Plus Core programs. If DHS does not qualify for the enhanced federal medical assistance percentage or if the percentage is reduced, DHS is required to submit to the Joint Committee on Finance a fiscal analysis comparing the cost of covering parents and caretaker relatives and childless adults under the Medical Assistance program at up to 133 percent of the federal poverty line to the cost of limiting income eligibility to those adults to up to 100 percent of the federal poverty line. DHS may reduce income eligibility levels for those adults to up to 100 percent of the federal poverty line only if the Joint Committee on Finance approves.

Under current law, certain parents and caretaker relatives with incomes of not more than 100 percent of the federal poverty line, before a 5 percent income disregard is applied, are eligible for BadgerCare Plus benefits. Under current law, childless adults who 1) are under age 65; 2) have family incomes that do not exceed 100 percent of the federal poverty line, before a 5 percent income disregard is applied; and 3) are not otherwise eligible for Medical Assistance, including BadgerCare Plus, are eligible for benefits under BadgerCare Plus Core.

The bill also requires DHS to increase the reimbursement rates by 2.5 percent for personal care services provided under the Medical Assistance program in each fiscal year of the current fiscal biennium. To receive an increased reimbursement rate, a person who provides personal care services shall pay the reimbursement rate increase to employees or contractors who provide personal care services directly to a Medical Assistance recipient.

For further information see the *state* fiscal estimate, which will be printed as an appendix to this bill.

The people of the state of Wisconsin, represented in senate and assembly, do enact as follows:

SECTION 1. 49.45 (23) (a) of the statutes is amended to read:
