2           (c) In discharging his or her duties, a trustee may rely on information,  
3           opinions, reports, or statements, including financial statements and other  
4           financial data, if prepared or presented by:

12           member if the trustee honestly believes the committee merits  
13           confidence.

14           (d) A trustee shall not be considered as acting in good faith if he or she has  
15           knowledge concerning the matter in question that makes reliance otherwise  
16           permitted by paragraph (c) of this subsection unwarranted.

17           (e) Any action taken as a trustee, or any failure to take any action as a trustee,  
18           shall not be the basis for monetary damages or injunctive relief unless:

3           shall strive to administer the system in an efficient and cost-effective

10           request a hearing to be held in accordance with KRS Chapter 13B. The board  
11           may establish an appeals committee whose members shall be appointed by the

3           from the beginning of his or her first term on the board, the system shall

12 (1) (a) Except as provided by subsection (5) of this section, each employer

16 creditable compensation of its employees to be known as the "normal  
17 contributions," and an additional amount to be known as the "actuarially  
18 accrued liability contribution" which shall be computed by amortizing the  
19 total unfunded actuarially accrued liability over a period of thirty (30) years  
20 using the level-percentage-of-payroll amortization method. The thirty (30)  
21 year amortization period shall begin with the 2013 actuarial valuation.

22 (b) Any significant increase in the actuarially accrued liability due to benefit  
23 improvements shall be amortized using the level-percentage-of-payroll  
24 amortization method over a separate thirty (30) year period commencing in  
25 the year of the actuarial valuation in which the benefit improvements are  
26 first reflected.

27 (2) The normal contribution rate shall be determined by the entry age normal cost

1 funding method. The actuarially accrued liability shall be determined by  
2 actuarial method consistent with the methods prescribed for determining the  
3 normal contribution rate. Normal contributions and the actuarially accrued  
4 liability contribution shall be determined on actuarial assumptions and methods  
5 adopted by the board.

6 (3) Normal contribution and the actuarially accrued liability contribution rates shall  
7 be determined by the board on the basis of the annual actuarial valuation last  
8 preceding the July 1 of a new fiscal year.

9 (4) Employer contribution rates as provided by this section shall:

10 (a) Be developed separately for employers providing benefits to employees in  
11 nonhazardous positions and for employers providing benefits to employees  
12 in hazardous positions; and

13 (b) Include an employer contribution rate to fund pension benefits and an  
14 employer contribution rate to fund retiree health benefits.

15 (5) The employer contribution rate established by the board for the County  
16 Employees Retirement System that is payable on or after July 1, 2018, and until

19 each fund, shall not increase by more than a factor of one and twelve one  
20 hundredths (1.12) over the prior fiscal year's employer contribution rate as  
21 determined by the system's consulting actuary.

22 (6) The system shall advise each employer prior to the beginning of each fiscal year  
23 of any change in the employer contribution rate. Based on the employer  
24 contribution rate, each employer shall include in the budget sufficient funds to  
25 pay the employer contributions as determined by the board under this section.

26 ➔Section 9. KRS 6.350 is amended to read as follows:

27 (1) A bill which would increase or decrease the benefits or increase or decrease

1 participation in the benefits or change the actuarial accrued liability of any state-  
2 administered retirement system shall not be reported from a legislative committee of  
3 either house of the General Assembly for consideration by the full membership of  
4 that house unless the bill is accompanied by an actuarial analysis.

5 (2) (a) An actuarial analysis required by this section shall show the economic effect  
6 of the bill on the state-administered retirement system over a twenty (20) year  
7 period, including:

11 implementing the legislation over the twenty (20) year period. The  
12 annual employer cost projection shall include the effect on the  
13 contributions of participating employers as a percentage of total payroll  
14 and in total dollars of contributions.

15 (b) If a bill affects more than one (1) state-administered retirement system, the  
16 actuarial analysis shall project costs for each affected state-administered  
17 retirement system.

18 (c) A statement that the cost is negligible or indeterminable shall not be  
19 considered in compliance with this section. If a cost cannot be determined by  
20 the actuary in accordance with paragraph (a) of this subsection, then the  
21 systems shall certify in writing:

- 22 1. The estimated number of individuals affected;
- 23 2. The estimated change in benefit payments;

- 25 4. The estimated change to administrative expenses.

26 (d) An actuarial analysis shall state the actuarial assumptions and methods of  
27 computation used in the analysis and shall state whether or not the bill or

1 resolution, if enacted, would, in the opinion of the actuary, make the affected  
2 state-administered retirement system actuarially unsound or, in the case of a  
3 system already actuarially unsound, more unsound. Actuarial cost methods  
4 and assumptions that meet actuarial standards of practice established by the  
5 Actuarial Standards Board shall be used in all cost projections.

6 (e) An actuarial analysis required by this section shall be prepared by an actuary  
7 who is a fellow of the Conference of Consulting Actuaries or a member of the

11 retirement system, shall include in the analysis a complete definition of each  
12 actuarial term used in the analysis and, either in the analysis or in a separate  
13 actuarial valuation report made available as a public record, an enumeration  
14 and explanation of each actuarial assumption used to complete the actuarial  
15 analysis.

16 (b) If the actuary commissioned to complete the actuarial analysis is relying upon  
17 assumptions that have not been previously established by the actuary in an  
18 actuarial valuation of the affected state-administered retirement system, the  
19 actuary shall clearly note and describe the new assumption and the basis for  
20 selecting the assumption.

21 (4) The actuarial analysis required by this section shall be completed by the actuary  
22 retained by the affected state-administered retirement system. The state-

25 for the payment of money damages, in whole or in part, through a periodic  
26 payment schedule for a period of time not to exceed ten (10) years.

27 (b) A court entering an order in response to a motion made by a local government

1 under paragraph (a) of this subsection shall consider the ability of the local  
2 government to pay the judgment without a substantial disruption to the  
3 essential public services provided by the local government. The court shall  
4 consider the following factors in evaluating the motion and in setting a  
5 periodic payment schedule:

- 6 1. The funds available in the local government's current fiscal year and  
7 other funds available to the local government to pay the damages in the  
8 remainder of the local government's fiscal year during which the final  
9 judgment was entered;
- 10 2. The total revenues reasonably expected to be collected by the local  
11 government in subsequent fiscal years based upon the historical  
12 collections in previous fiscal years;
- 13 3. The total expenses of the local government in subsequent years for the  
14 costs associated with the provision of essential public services, the  
15 payment of debt service for the existing obligations of the local  
16 government, and any other expenses reasonably necessary for the  
17 efficient administration of the local government, including personnel,  
18 operation, and maintenance costs associated with existing infrastructure,  
19 and new costs which may be reasonably anticipated for the local  
20 government; and
- 21 4. If the award for damages is an amount that exceeds twenty-five percent  
22 (25%) of the total revenues collected by the local government in the  
23 immediately preceding fiscal year, the court may also consider any  
24 revenue or debt financing options that are reasonably available to the  
25 local government that could be employed to help satisfy the judgment.

- 26 (c) An order entered by the court establishing a periodic payment schedule shall  
27 specify the total amount awarded, the amount of each payment, the interval

- 1           between payments, and the number of payments to be paid under the order.
- 2           (d) Any judgment paid pursuant to the periodic payment schedule established
- 3           under this subsection shall bear interest accruing from the date final judgment
- 4           is entered at one-half (1/2) the interest rate provided by KRS 360.040.
- 5           (e) Upon petition to the court, the court may modify a periodic payment schedule
- 6           established in this subsection for good cause shown by the local government.
- 7           The modification may include changes to the amount of payments, the number
- 8           of payments, and the period of payments, but in no case shall an adjustment
- 9           pursuant to this paragraph alter the total amount of damages to be paid,
- 10          exclusive of interest, in the original order.
- 11       (7) Subject to the provisions of subsection (6) of this section, a court may enter an order
- 12          providing for the attachment, execution, garnishment, or seizure by other legal
- 13          process of public property, including moneys, of a local government only upon a
- 14          finding that:
- 15          (a) The local government has failed to comply with an order, modified order, or
- 16          judgment entered by the court as provided by subsection (6) of this section or
- 17          KRS 65.2004;
- 18          (b) After a period of twenty-four (24) months, the local government did not
- 19          petition the court to enter an order for the payment of money damages, in
- 20          whole or in part, through a periodic payment schedule as provided by
- 21          subsection (6) of this section or KRS 65.2004 and has not paid in full the total
- 22          damages awarded under the judgment; or
- 23          (c) The judgment for damages was not of the type that permitted the court to enter
- 24          an award of periodic damages, and the local government has failed to pay the
- 25          damages due in full after the passage of twenty-four (24) months from the
- 26          entry of a final judgment.
- 27       (8) (a) Any order providing for the attachment, execution, garnishment, or seizure by

1           other legal process of public property, including moneys, of a local  
2           government shall not impair the ability of the local government to continue to  
3           provide essential services to the public, including the payment of key  
4           personnel needed for the provision of those services and those employees  
5           necessary for the collection of revenues on behalf of the local government.

6           (b) In making a determination as to the appropriate extent of an order under this  
7           subsection, a court shall consider but shall not be limited to the factors  
8           provided in subsection (6)(b) of this section.

9           (9) Nothing in this section shall:

10          (a) Bar the pursuit of any other remedies that exist to enforce a judgment under  
11          state law; or

12          (b) Prohibit a local government and a judgment creditor from entering into an  
13          agreement for the payment of damages under terms and conditions that differ  
14          from the remedies and process established under this section.

12 certification of the employer shall bear the approval of the agent or agency  
13 responsible for the budget of the department or county indicating that the  
14 required employer contributions have been provided for in the budget of the  
15 employing department or county. The system shall determine whether the  
16 employees whose names have been certified by the employer are working in  
17 positions meeting the definition of a hazardous position as provided by  
18 subsection (1) of this section. This process shall not be required for employees  
19 who elect coverage under KRS 196.167(3)(b)2.

20 (b) Each employer desiring to provide hazardous duty coverage to employees who  
21 begin participating in the County Employees Retirement System on or after  
22 September 1, 2008, may request that the board approve hazardous duty  
23 coverage for those positions that meet the criteria set forth in subsection (1)(b)  
24 of this section. Each employer shall certify to the system, in the manner  
25 prescribed by the board, the names of all employees working in a hazardous  
26 position as defined in subsection (1)(b) of this section for which coverage is  
27 requested and a job description for each position or employee. The

1 certification of the employer shall bear the approval of the agent or agency  
2 responsible for the budget of the department or county indicating that the  
3 required employer contributions have been provided for in the budget of the  
4 employing department or county. Each employer shall also certify, under  
5 penalty of perjury in accordance with KRS Chapter 523, that each employee's  
6 actual job duties are accurately reflected in the job description provided to the  
7 system. The system shall determine whether the employees whose names have  
8 been certified by the employer are working in positions meeting the definition  
9 of a hazardous position as defined in subsection (1)(b) of this section. The  
10 board shall have the authority to remove any employee from hazardous duty  
11 coverage if the board determines the employee is not working in a hazardous  
12 duty position or if the employee is classified in a hazardous duty position but  
13 has individual job duties that do not meet the definition of a hazardous duty  
14 position or are not accurately reflected in the job descriptions filed by the  
15 employer with the system.

16 (3) (a) An employee who elects coverage under KRS 196.167(3)(b)2., and an  
17 employee participating in the Kentucky Employees Retirement System who is  
18 determined by the system to be working in a hazardous position in accordance  
19 with subsection (2) of this section, shall contribute, for each pay period for  
20 which he receives compensation, eight percent (8%) of his creditable  
21 compensation. An employee participating in the County Employees  
22 Retirement System who is determined by the system to be working in a  
23 hazardous duty position in accordance with subsection (2) of this section shall  
24 contribute, for each pay period for which he receives compensation, eight  
25 percent (8%) of his creditable compensation.

26 (b) Each employer shall pay employer contributions based on the creditable  
27 compensation of the employees determined by the system to be working in a

1 hazardous position at the employer contribution rate as determined by the  
2 board. The rate shall be determined by actuarial methods consistent with the  
3 provisions of KRS 61.565 or Section 8, as applicable.

4 (c) If the employer participated in the system prior to electing hazardous duty  
5 coverage, the employer may pay to the system the cost of converting the  
6 nonhazardous service to hazardous service from the date of participation to  
7 the date the payment is made, or the employer may establish a payment  
8 schedule for payment of the cost of the hazardous service above that which  
9 would be funded within the existing employer contribution rate. The employer  
10 may extend the payment schedule to a maximum of thirty (30) years.  
11 Payments made by the employer under this subsection shall be deposited to  
12 the retirement allowance account of the proper retirement system and these  
13 funds shall not be considered accumulated contributions of the individual  
14 members. If the employer elects not to make the additional payment, the  
15 employee may pay the cost of converting the service and provide payment for  
16 the cost as provided by KRS 61.552(14). Payments made by the employee  
17 under this subsection shall not be picked up, as described in KRS 61.560(4),  
18 by the employer. If neither the employer nor employee makes the payment, the  
19 service prior to hazardous coverage shall remain nonhazardous. The  
20 provisions of this paragraph shall not apply to members who begin  
21 participating in the systems administered by Kentucky Retirement Systems or  
22 County Employees Retirement System on or after January 1, 2014.

23 (4) The normal retirement age, retirement allowance, hybrid cash balance plans, other  
24 benefits, eligibility requirements, rights, and responsibilities of a member in a  
25 hazardous position, as prescribed by subsections (1), (2), and (3) of this section, and  
26 the responsibilities, rights, and requirements of his employer shall be as prescribed  
27 for a member and employer participating in the State Police Retirement System as

1 provided for by KRS 16.505 to 16.652.

2 (5) Any person employed in a hazardous position after July 1, 1972, shall be required to  
3 undergo a thorough medical examination by a licensed physician, and a copy of the  
4 medical report of the physician shall be retained on file by the employee's  
5 department or county and made available to the system upon request.

6 (6) If doubt exists regarding the benefits payable to a hazardous position employee  
7 under this section, the board shall determine the benefits payable under KRS 61.510  
8 to 61.705, or 78.510 to 78.852, or 16.505 to 16.652.

9 ➔Section 25. KRS 61.637 is amended to read as follows:

10 (1) A retired member who is receiving monthly retirement payments under any of the  
11 provisions of KRS 61.510 to 61.705 and 78.510 to 78.852 and who is reemployed  
12 as an employee by a participating agency prior to August 1, 1998, shall have his  
13 retirement payments suspended for the duration of reemployment. Monthly  
14 payments shall not be suspended for a retired member who is reemployed if he  
15 anticipates that he will receive less than the maximum permissible earnings as  
16 provided by the Federal Social Security Act in compensation as a result of  
17 reemployment during the calendar year. The payments shall be suspended at the  
18 beginning of the month in which the reemployment occurs.

19 (2) Employer and employee contributions shall be made as provided in KRS 61.510 to  
20 61.705 and 78.510 to 78.852 on the compensation paid during reemployment,  
21 except where monthly payments were not suspended as provided in subsection (1)  
22 of this section or would not increase the retired member's last monthly retirement  
23 allowance by at least one dollar (\$1), and the member shall be credited with  
24 additional service credit.

25 (3) In the month following the termination of reemployment, retirement allowance  
26 payments shall be reinstated under the plan under which the member was receiving  
27 payments prior to reemployment.

- 1 (4) (a) Notwithstanding the provisions of this section, the payments suspended in  
2 accordance with subsection (1) of this section shall be paid retroactively to the  
3 retired member, or his estate, if he does not receive more than the maximum  
4 permissible earnings as provided by the Federal Social Security Act in  
5 compensation from participating agencies during any calendar year of  
6 reemployment.
- 7 (b) If the retired member is paid suspended payments retroactively in accordance  
8 with this section, employee contributions deducted during his period of  
9 reemployment, if any, shall be refunded to the retired employee, and no  
10 service credit shall be earned for the period of reemployment.
- 11 (c) If the retired member is not eligible to be paid suspended payments for his  
12 period of reemployment as an employee, his retirement allowance shall be  
13 recomputed under the plan under which the member was receiving payments  
14 prior to reemployment as follows:
- 15 1. The retired member's final compensation shall be recomputed using  
16 creditable compensation for his period of reemployment; however, the  
17 final compensation resulting from the recalculation shall not be less than  
18 that of the member when his retirement allowance was last determined;
  - 19 2. If the retired member initially retired on or subsequent to his normal  
20 retirement date, his retirement allowance shall be recomputed by using  
21 the formula in KRS 61.595(1);
  - 22 3. If the retired member initially retired prior to his normal retirement date,  
23 his retirement allowance shall be recomputed using the formula in KRS  
24 61.595(2), except that the member's age used in computing benefits shall  
25 be his age at the time of his initial retirement increased by the number of  
26 months of service credit earned for service performed during  
27 reemployment;

- 1           4.   The retirement allowance payments resulting from the recomputation  
2               under this subsection shall be payable in the month following the  
3               termination of reemployment in lieu of payments under subparagraph 3.  
4               The member shall not receive less in benefits as a result of the  
5               recomputation than he was receiving prior to reemployment or would  
6               receive as determined under KRS 61.691; and
- 7           5.   Any retired member who was reemployed prior to March 26, 1974, shall  
8               begin making contributions to the system in accordance with the  
9               provisions of this section on the first day of the month following March  
10              26, 1974.
- 11   (5)   A retired member, or his estate, shall pay to the retirement fund the total amount of  
12       payments which are not suspended in accordance with subsection (1) of this section  
13       if the member received more than the maximum permissible earnings as provided  
14       by the Federal Social Security Act in compensation from participating agencies  
15       during any calendar year of reemployment, except the retired member or his estate  
16       may repay the lesser of the total amount of payments which were not suspended or  
17       fifty cents (\$0.50) of each dollar earned over the maximum permissible earnings  
18       during reemployment if under age sixty-five (65), or one dollar (\$1) for every three  
19       dollars (\$3) earned if over age sixty-five (65).
- 20   (6)   (a)   "Reemployment" or "reinstatement" as used in this section shall not include a  
21       retired member who has been ordered reinstated by the Personnel Board under  
22       authority of KRS 18A.095.
- 23       (b)   A retired member who has been ordered reinstated by the Personnel Board  
24       under authority of KRS 18A.095 or by court order or by order of the Human  
25       Rights Commission and accepts employment by an agency participating in the  
26       Kentucky Employees Retirement System or County Employees Retirement  
27       System shall void his retirement by reimbursing the system in the full amount

1 of his retirement allowance payments received.

2 (7) (a) Effective August 1, 1998, the provisions of subsections (1) to (4) of this  
3 section shall no longer apply to a retired member who is reemployed in a  
4 position covered by the same retirement system from which the member  
5 retired. Reemployed retired members shall be treated as new members upon  
6 reemployment. Any retired member whose reemployment date preceded  
7 August 1, 1998, who does not elect, within sixty (60) days of notification by  
8 the retirement systems, to remain under the provisions of subsections (1) to  
9 (4) of this section shall be deemed to have elected to participate under this  
10 subsection.

11 (b) A retired member whose disability retirement was discontinued pursuant to  
12 KRS 61.615 and who is reemployed in one (1) of the systems administered by  
13 the Kentucky Retirement Systems or County Employees Retirement System  
14 prior to his or her normal retirement date shall have his or her accounts  
15 combined upon termination for determining eligibility for benefits. If the  
16 member is eligible for retirement, the member's service and creditable  
17 compensation earned as a result of his or her reemployment shall be used in  
18 the calculation of benefits, except that the member's final compensation shall  
19 not be less than the final compensation last used in determining his or her  
20 retirement allowance. The member shall not change beneficiary or payment  
21 option designations. This provision shall apply to members reemployed on or  
22 after August 1, 1998.

23 (8) If a retired member accepts employment or begins serving as a volunteer with an  
24 employer participating in the systems administered by Kentucky Retirement  
25 Systems or County Employees Retirement System within twelve (12) months of his  
26 or her retirement date, the retired member shall notify the retirement system and the  
27 participating employer shall submit the information required or requested by the

1 systems to confirm the individual's employment or volunteer status. The retired  
2 member shall not be required to notify the retirement systems regarding any  
3 employment or volunteer service with a participating agency that is accepted after  
4 twelve (12) months following his or her retirement date.

5 (9) If the retired member is under a contract to provide services as an independent  
6 contractor or leased employee to an employer participating in the systems  
7 administered by Kentucky Retirement Systems or County Employees Retirement  
8 System within twelve (12) months of his or her retirement date, the member shall  
9 submit a copy of that contract to the retirement system, and the retirement system  
10 shall determine if the member is an independent contractor or leased employee for  
11 purposes of retirement benefits. The retired member and the participating employer  
12 shall submit the information required or requested by the systems to confirm the  
13 individual's status as an independent contractor or leased employee. The retired  
14 member shall not be required to notify the retirement systems regarding any services  
15 entered into as an independent contractor or leased employee with a participating  
16 agency that the employee enters into after twelve (12) months following his or her  
17 retirement date.

18 (10) If a member is receiving a retirement allowance, or has filed the forms required for  
19 a retirement allowance, and is employed within one (1) month of the member's  
20 initial retirement date in a position that is required to participate in the same  
21 retirement system from which the member retired, the member's retirement shall be  
22 voided and the member shall repay to the retirement system all benefits received.  
23 The member shall contribute to the member account established for him prior to his  
24 voided retirement. The retirement allowance for which the member shall be eligible  
25 upon retirement shall be determined by total service and creditable compensation.

26 (11) (a) If a member of the Kentucky Employees Retirement System retires from a  
27 department which participates in more than one (1) retirement system and is

1 reemployed within one (1) month of his initial retirement date by the same  
2 department in a position participating in another retirement system, the retired  
3 member's retirement allowance shall be suspended for the first month of his  
4 retirement and the member shall repay to the retirement system all benefits  
5 received for the month.

6 (b) A retired member of the County Employees Retirement System who after  
7 initial retirement is hired by the county from which the member retired shall  
8 be considered to have been hired by the same employer.

9 (12) (a) If a hazardous member who retired prior to age fifty-five (55), or a  
10 nonhazardous member who retired prior to age sixty-five (65), is reemployed  
11 within six (6) months of the member's termination by the same employer, the  
12 member shall obtain from his previous and current employers a copy of the  
13 job description established by the employers for the position and a statement  
14 of the duties performed by the member for the position from which he retired  
15 and for the position in which he has been reemployed.

16 (b) The job descriptions and statements of duties shall be filed with the retirement  
17 office.

18 (13) If the retirement system determines that the retired member has been employed in a  
19 position with the same principal duties as the position from which the member  
20 retired:

21 (a) The member's retirement allowance shall be suspended during the period that  
22 begins on the month in which the member is reemployed and ends six (6)  
23 months after the member's termination;

24 (b) The retired member shall repay to the retirement system all benefits paid from  
25 systems administered by Kentucky Retirement Systems or County Employees  
26 Retirement System under reciprocity, including medical insurance benefits,  
27 that the member received after reemployment began;

- 1           (c) Upon termination, or subsequent to expiration of the six (6) month period  
2           from the date of termination, the retired member's retirement allowance based  
3           on his initial retirement account shall no longer be suspended and the member  
4           shall receive the amount to which he is entitled, including an increase as  
5           provided by KRS 61.691;
- 6           (d) Except as provided in subsection (7) of this section, if the position in which a  
7           retired member is employed after initial retirement is a regular full-time  
8           position, the retired member shall contribute to a second member account  
9           established for him in the retirement system. Service credit gained after the  
10          member's date of reemployment shall be credited to the second member  
11          account; and
- 12          (e) Upon termination, the retired member shall be entitled to benefits payable  
13          from his second retirement account.
- 14   (14) (a) If the retirement system determines that the retired member has not been  
15          reemployed in a position with the same principal duties as the position from  
16          which he retired, the retired member shall continue to receive his retirement  
17          allowance.
- 18          (b) If the position is a regular full-time position, the member shall contribute to a  
19          second member account in the retirement system.
- 20   (15) (a) If a retired member is reemployed at least one (1) month after initial  
21          retirement in a different position, or at least six (6) months after initial  
22          retirement in the same position, and prior to normal retirement age, the retired  
23          member shall contribute to a second member account in the retirement system  
24          and continue to receive a retirement allowance from the first member account.
- 25          (b) Service credit gained after reemployment shall be credited to the second  
26          member account. Upon termination, the retired member shall be entitled to  
27          benefits payable from the second member account.

1 (16) A retired member who is reemployed and contributing to a second member account  
2 shall not be eligible to purchase service credit under any of the provisions of KRS  
3 16.505 to 16.652, 61.510 to 61.705, or 78.510 to 78.852 which he was eligible to  
4 purchase prior to his initial retirement.

5 (17) Notwithstanding any provision of subsections (1) to (7)(a) and (10) to (15) of this  
6 section, the following shall apply to retired members who are reemployed by an  
7 agency participating in one (1) of the systems administered by Kentucky Retirement  
8 Systems or County Employees Retirement System on or after September 1, 2008:

9 (a) Except as provided by paragraphs (c) and (d) of this subsection, if a member is  
10 receiving a retirement allowance from one (1) of the systems administered by  
11 Kentucky Retirement Systems or County Employees Retirement System, or  
12 has filed the forms required to receive a retirement allowance from one (1) of  
13 the systems administered by Kentucky Retirement Systems or County  
14 Employees Retirement System, and is employed in a regular full-time  
15 position required to participate in one (1) of the systems administered by  
16 Kentucky Retirement Systems or County Employees Retirement System or is  
17 employed in a position that is not considered regular full-time with an agency  
18 participating in one (1) of the systems administered by Kentucky Retirement  
19 Systems or County Employees Retirement System within three (3) months  
20 following the member's initial retirement date, the member's retirement shall  
21 be voided, and the member shall repay to the retirement system all benefits  
22 received, including any health insurance benefits. If the member is returning  
23 to work in a regular full-time position required to participate in one (1) of the  
24 systems administered by Kentucky Retirement Systems:

25 1. The member shall contribute to a member account established for him or  
26 her in one (1) of the systems administered by Kentucky Retirement  
27 Systems or County Employees Retirement System, and employer

1 contributions shall be paid on behalf of the member by the participating  
2 employer; and

3 2. Upon subsequent retirement, the member shall be eligible for a  
4 retirement allowance based upon total service and creditable  
5 compensation, including any additional service or creditable  
6 compensation earned after his or her initial retirement was voided;

7 (b) Except as provided by paragraphs (c) and (d) of this subsection, if a member is  
8 receiving a retirement allowance from one (1) of the systems administered by  
9 Kentucky Retirement Systems or County Employees Retirement System and  
10 is employed in a regular full-time position required to participate in one (1) of  
11 the systems administered by Kentucky Retirement Systems or County  
12 Employees Retirement System after a three (3) month period following the  
13 member's initial retirement date, the member may continue to receive his or  
14 her retirement allowance during the period of reemployment subject to the  
15 following provisions:

16 1. If a member is reemployed by a participating agency within twelve (12)  
17 months of the member's retirement date, the participating agency shall  
18 certify in writing on a form prescribed by the board that no prearranged  
19 agreement existed between the employee and agency prior to the  
20 employee's retirement for the employee to return to work with the  
21 participating agency. If an elected official is reelected to a new term of  
22 office in the same position and has retired from the elected office within  
23 twelve (12) months prior to taking the new term of office, he or she shall  
24 be deemed by the system as having a prearranged agreement under the  
25 provisions of this subparagraph and shall have his or her retirement  
26 voided. If the participating agency fails to complete the certification, the  
27 member's retirement shall be voided and the provisions of paragraph (a)

- 1 of this subsection shall apply to the member and the employer.  
2 Employment that is accepted by the retired member after twelve (12)  
3 months following the member's retirement date shall not constitute a  
4 prearranged agreement under this paragraph;
- 5 2. Notwithstanding any other provision of KRS Chapter 16, 61, or 78 to  
6 the contrary, the member shall not contribute to the systems and shall  
7 not earn any additional benefits for any work performed during the  
8 period of reemployment;
- 9 3. Except as provided by KRS 70.291 to 70.293, 95.022, and 164.952 and  
10 except for any retiree employed as a school resource officer as defined  
11 by KRS 158.441, the employer shall pay employer contributions as  
12 specified by Section 8 of this Act, KRS 61.565, and KRS 61.702, as  
13 applicable, on all creditable compensation earned by the employee  
14 during the period of reemployment. The additional contributions paid  
15 shall be used to reduce the unfunded actuarial liability of the systems;  
16 and
- 17 4. Except as provided by KRS 70.291 to 70.293, 95.022, and 164.952 and  
18 except for any retiree employed as a school resource officer as defined  
19 by KRS 158.441, the employer shall be required to reimburse the  
20 systems for the cost of the health insurance premium paid by the systems  
21 to provide coverage for the retiree, not to exceed the cost of the single  
22 premium. Effective July 1, 2015, local school boards shall not be  
23 required to pay the reimbursement required by this subparagraph for  
24 retirees employed by the board for eighty (80) days or less during the  
25 fiscal year;
- 26 (c) If a member is receiving a retirement allowance from the State Police  
27 Retirement System or from hazardous duty retirement coverage with the

1 Kentucky Employees Retirement System or the County Employees Retirement  
2 System, or has filed the forms required to receive a retirement allowance from  
3 the State Police Retirement System or from hazardous duty retirement  
4 coverage with the Kentucky Employees Retirement System or the County  
5 Employees Retirement System, and is employed in a regular full-time position  
6 required to participate in the State Police Retirement System or in a hazardous  
7 duty position with the Kentucky Employees Retirement System or the County  
8 Employees Retirement System within one (1) month following the member's  
9 initial retirement date, the member's retirement shall be voided, and the  
10 member shall repay to the retirement system all benefits received, including  
11 any health insurance benefits. If the member is returning to work in a regular  
12 full-time position required to participate in one (1) of the systems  
13 administered by Kentucky Retirement Systems or County Employees  
14 Retirement System:

- 15 1. The member shall contribute to a member account established for him or  
16 her in one (1) of the systems administered by Kentucky Retirement  
17 Systems or County Employees Retirement System, and employer  
18 contributions shall be paid on behalf of the member by the participating  
19 employer; and
  - 20 2. Upon subsequent retirement, the member shall be eligible for a  
21 retirement allowance based upon total service and creditable  
22 compensation, including any additional service or creditable  
23 compensation earned after his or her initial retirement was voided;
- 24 (d) If a member is receiving a retirement allowance from the State Police  
25 Retirement System or from hazardous duty retirement coverage with the  
26 Kentucky Employees Retirement System or the County Employees Retirement  
27 System and is employed in a regular full-time position required to participate

1 in the State Police Retirement System or in a hazardous duty position with the  
2 Kentucky Employees Retirement System or the County Employees Retirement  
3 System after a one (1) month period following the member's initial retirement  
4 date, the member may continue to receive his or her retirement allowance  
5 during the period of reemployment subject to the following provisions:

- 6 1. If a member is reemployed by a participating agency within twelve (12)  
7 months of the member's retirement date, the participating agency shall  
8 certify in writing on a form prescribed by the board that no prearranged  
9 agreement existed between the employee and agency prior to the  
10 employee's retirement for the employee to return to work with the  
11 participating agency. If an elected official is reelected to a new term of  
12 office in the same position and has retired from the elected office within  
13 twelve (12) months prior to taking the new term of office, he or she shall  
14 be deemed by the system as having a prearranged agreement under the  
15 provisions of this subparagraph and shall have his or her retirement  
16 voided. If the participating agency fails to complete the certification, the  
17 member's retirement shall be voided and the provisions of paragraph (c)  
18 of this subsection shall apply to the member and the employer.  
19 Employment that is accepted by the retired member after twelve (12)  
20 months following the member's retirement date shall not constitute a  
21 prearranged agreement under this paragraph;
- 22 2. Notwithstanding any other provision of KRS Chapter 16, 61, or 78 to  
23 the contrary, the member shall not contribute to the systems and shall

22 period;

6 ➔Section 33. KRS 78.530 is amended to read as follows:

7 (1) (a) Each county and school board, as defined in KRS 78.510, will participate in  
8 the system by appropriate order authorizing such participation which has been  
9 entered and duly recorded in the records of the governing body of the county  
10 or school board. In cases where general purpose county government does not  
11 participate, but the sheriff and his employees or the county clerk and his  
12 employees do, the sheriff or the clerk shall retain the order in his office. The  
13 authority to issue and properly record such order of participation being hereby  
14 granted, permits such county to participate in the system. The effective date of  
15 such participation shall be fixed in the order.

16 (b) Notwithstanding any statute to the contrary, after April 9, 2002, the systems  
17 shall deny the request for participation of any agency which does not have an  
18 irrevocable contract with the state Personnel Cabinet for health insurance  
19 coverage under KRS 18A.225 to 18A.229 for its active employees, except  
20 that:

21 1. County governments entering the system between April 9, 2002, and  
22 July 1, 2003, under this section shall be excluded from this requirement;  
23 and

24 2. Agencies entering the system on or after April 9, 2002, which were  
25 established by a merger or an interlocal agreement to provide public  
26 services shall be excluded from this requirement if all agencies entering  
27 into the merger or interlocal agreement had an initial participation date

1 with the system prior to April 9, 2002.

2 (2) Once a county or school board participates, it shall thereafter continue to  
3 participate, except as provided in KRS 78.535.

4 (3) (a) Concurrent with the adoption of the appropriate resolution to participate in the  
5 system, a county may elect the alternate participation plan which will require  
6 the county to purchase on behalf of each employee electing coverage, at the  
7 time the county elected to participate in the system as provided under  
8 subsection (1)(b) and (c) of Section 35 of this Act~~[KRS 78.540(2)]~~, current  
9 service credit for employment in regular full-time positions between July 1,  
10 1958, and the participation date of the county. Cities which participate in the  
11 system pursuant to subsection (6) of this section, KRS 79.080, 90.400, 90.410,  
12 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 shall be required to  
13 purchase on behalf of each employee electing coverage only as much service  
14 credit as the employee has accumulated in the city-administered plan, up to  
15 the participation date of the city. Accumulated service shall include service for  
16 which an employee received a refund pursuant to KRS 95.620 or 95.866, if  
17 such refund has been repaid. If the employee has not yet repaid the refund, he  
18 may make payment to the system by any method acceptable to the system, and  
19 the requirement of five (5) years of continuous reemployment prior to  
20 repayment of refunds shall not apply. Upon the employee's repayment, the city  
21 shall purchase the associated service credit for the employee. Cost of such  
22 service credit over and above that which would be funded within the existing  
23 employer contribution rate shall be determined by the board's consulting  
24 actuary. The expense of such actuarial service shall be paid by the county;

25 (b) The county shall establish a payment schedule subject to approval by the  
26 board for payment of the cost of such service over and above that which  
27 would be funded within the existing employer contribution rate. The

1 maximum period allowed in a payment schedule shall be thirty (30) years,  
2 with interest at the rate actuarially assumed by the board. A shorter period is  
3 desirable and the board may approve any payment schedule provided it is not  
4 longer than a thirty (30) year period, except that cities which participate in the  
5 system pursuant to subsection (6) of this section, KRS 79.080, 90.400, 90.410,  
6 95.520, 95.621, 95.761, 95.768, 95.852, or 96.180 may, at their option, extend  
7 the payment schedule to a maximum of thirty (30) years, may choose to make  
8 level payments at the interest rate actuarially assumed by the board over the  
9 life of the payment schedule chosen, and may retain employer contributions  
10 and the earnings thereon attributable to employees electing coverage;

- 11 (c) A city entering the system under the alternate participation plan, may, by  
12 ordinance, levy a special property tax to pay for current service credit  
13 purchased for the period between July 1, 1958, and the participation date of  
14 the city. The special tax shall be to pay, within a period of no more than  
15 fifteen (15) years, for the cost of such service credit over that which would be  
16 funded within the existing employer contribution rate, as determined by the  
17 board's consulting actuary. The reason for levying the special tax and the  
18 disposition of the proceeds shall be part of the ordinance levying the tax. The  
19 special tax shall be rescinded when the unfunded prior service liability has  
20 been amortized, and shall not be subject to the provisions of KRS 132.017 or  
21 132.027. In addition, the city may maintain any tax, the proceeds of which had  
22 been devoted to funding pension obligations under the locally administered  
23 plan prior to participation in the system, for the purpose of funding current  
24 service costs incurred after the date of participation. The city may increase the  
25 tax to pay current service costs which exceed the local pension system costs to  
26 which the tax had been devoted, but the city shall not collect from the tax  
27 more revenues than are necessary to pay current service costs incurred after

1 the date of participation. The city may continue the tax so long as it  
2 participates in the system, and the tax shall not be subject to the provisions of  
3 KRS 132.017 or 132.027. The city shall not collect either tax authorized by  
4 this paragraph if its participation has been terminated pursuant to Section 34  
5 of this Act~~[KRS 61.522]~~;

6 (d) The county may at a later date purchase current service credit from July 1,  
7 1958, to the participation date of the county by alternate participation plan for  
8 those employees who rejected membership in the system at the time the  
9 county first participated. In addition, the employer shall pay the employer  
10 contributions on the creditable compensation of the employees who later elect  
11 membership from the participation date of the county to the date the member  
12 elects participation. The employee shall pay the employee contributions on his  
13 creditable compensation from the participation date of the county to the date  
14 he elects membership plus interest at the current actuarial rate compounded  
15 annually on the employee and employer contributions. Cost of the service  
16 credit over and above that which would be funded within the existing  
17 employer contribution rate shall be determined by the board's consulting  
18 actuary. The expense of the actuarial service shall be paid by the county. The  
19 county shall pay the cost of the service by lump sum or by adding it to the  
20 existing payment schedule established under paragraph (b) of this subsection;

21 (e) A county which did not participate by alternate participation may, until July 1,  
22 1991, purchase current service credit for those employees who rejected  
23 membership in the system at the time the county first participated. The  
24 employer shall pay the employer contributions on the creditable compensation  
25 of the employees who later elect membership from the participation date of  
26 the county to the date the member elects participation. The employee shall pay  
27 the employee contributions on his creditable compensation from the

1 participation date of the county to the date he elects membership plus interest  
2 at the current actuarial rate compounded annually on the employee and  
3 employer contributions. The county shall pay the cost of the service credit by  
4 lump sum or by establishing a payment schedule under paragraph (b) of this  
5 subsection; and

6 (f) A county which participated in the system but did not elect the alternate  
7 participation plan may at a later date elect the alternate participation plan. In  
8 this case, the county shall purchase on behalf of each employee participating  
9 in the system current service credit for employment in regular full-time  
10 positions between July 1, 1958, or a later date selected by the county  
11 government, and the participation date of the county. The county shall also  
12 purchase, for employees who decide to participate when the county elects the  
13 alternate participation plan, current service credit for employment in regular  
14 full-time positions between July 1, 1958, or the later date selected by the  
15 county government, and the participation date of the county. In addition, the  
16 county shall pay the employer contributions on the creditable compensation of  
17 the employees who later elect membership from the participation date of the  
18 county to the date the member elects participation. The employee shall pay the  
19 employee contributions on his creditable compensation from the participation  
20 date of the county to the date he elects membership plus interest at the current  
21 actuarial rate compounded annually on the employee and employer  
22 contributions. Cost of the service credit over that which would be funded  
23 within the existing employer contribution rate shall be determined by the  
24 board's consulting actuary. The expense of the actuarial service shall be paid  
25 by the county. The county shall pay the cost of the service by lump sum or by  
26 a payment schedule established under paragraph (b) of this subsection.

27 (g) Notwithstanding any other provision of the Kentucky Revised Statutes to the

1 contrary, this subsection shall not apply to members who begin participating  
2 in the system on or after January 1, 2014, and no county that elects to  
3 participate in the system on or after January 1, 2014, shall be eligible to  
4 participate under the alternate participation plan.

5 (4) Every school board not participating on June 21, 1974, shall enact a resolution of  
6 participation no later than July 1, 1976.

7 (5) The order of the governing body of a county, as provided for in subsection (1) of  
8 this section, may exclude from participation in the system hospitals and any other  
9 semi-independent agency. Each such excluded agency shall be identified in the  
10 order authorizing participation and such excluded agency may participate in the  
11 system as a separate agency.

12 (6) (a) After August 1, 1988, except as permitted by KRS 65.156, no local  
13 government retirement system shall be created pursuant to KRS 70.580 to  
14 70.598 and any local government retirement systems created pursuant to KRS  
15 79.080, 90.400, 90.410, 95.768, and KRS Chapter 96 shall be closed to new  
16 members. New employees who would have been granted membership in such  
17 retirement systems shall instead be granted membership in the County  
18 Employees Retirement System. Employees who would have been granted  
19 membership in retirement systems created pursuant to KRS 95.768, or any  
20 other policemen or firefighters who would have been granted membership in  
21 retirement systems created pursuant to KRS 79.080, 90.400, or 90.410, or any  
22 such policemen or firefighter members employed on or prior to August 1,  
23 1988, who transfer to the County Employees Retirement System, shall be  
24 certified by their employers as working in hazardous positions. Each city  
25 participating in the County Employees Retirement System pursuant to this  
26 subsection shall execute the appropriate order authorizing such participation,  
27 shall select the alternate participation plan as described in subsection (3) of

1           this section, and shall pay for the actuarial services necessary to determine the  
2           additional costs of alternate participation. Cities which closed their local  
3           pension systems to new members and participated in the system prior to July  
4           15, 1988, whose employees at the time of transition were given the option to  
5           join the system shall not be required to offer said employees a second option  
6           to join the system.

7           (b) Notwithstanding any statute to the contrary, after April 9, 2002, the  
8           system~~systems~~ shall deny the request for participation of any agency which  
9           does not have an irrevocable contract with the state Personnel Cabinet for  
10          health insurance coverage under KRS 18A.225 to 18A.229 for its active  
11          employees, except that agencies entering the system on or after April 9, 2002,  
12          which were established by a merger or an interlocal agreement to provide  
13          public services shall be excluded from this requirement if all agencies entering  
14          into the merger or interlocal agreement had an initial participation date with  
15          the system prior to April 9, 2002.

16       (7) Any city which closed a police and firefighter pension plan to new members  
17       between January 1, 1988, and July 15, 1988, and participated in the system under  
18       the alternate participation plan shall, if its police and firefighters were not covered  
19       by Social Security, or any city which operates a pension under KRS 90.400 or  
20       90.410, shall be required to certify that its police and firefighters are working in  
21       hazardous positions, and shall offer its police and firefighters in service at the time  
22       of entry a second option to participate under hazardous duty coverage if they were  
23       not offered hazardous duty coverage at the time of their first option. The provisions  
24       of subsection (3)(b) of this section notwithstanding, a city affected by this  
25       subsection may, at its option, extend its payment schedule to the County Employees  
26       Retirement System for alternate participation to thirty (30) years at the rate  
27       actuarially assumed by the board.

➔Section 34. KRS 78.535 is amended to read as follows:

Notwithstanding any other provision of KRS 78.510 to 78.852 to the contrary:

(1) For purposes of this section:

(a) "Active member" means a member who is participating in the system;

(b) "Employer" means the governing body of a county as defined by KRS 78.510;

(c) "Employer's effective cessation date" means the last day of the system's plan year in the year in which the employer has elected to cease participation in the system, provided the employer has met the requirements of this section and has given the system sufficient notice as provided by administrative regulations promulgated by the system; and

(d) "Inactive member" means a member who is not participating with the system.

(2) Any employer participating in the County Employees Retirement System on July 1, 2015, may:

(a) If the employer is a nonstock nonprofit corporation organized under KRS Chapter 273, voluntarily cease participation in the system subject to the requirements and restrictions of this section; or

(b) Be required to involuntarily cease participation in the system under the provisions of this section if the board has determined the employer is no longer qualified to participate in a governmental plan or has failed to comply with the provisions of KRS 78.510 to 78.852.

(3) (a) If an employer desires to voluntarily cease participation in the County Employees Retirement System as provided by subsection (2)(a) of this section:

1. The employer shall adopt a resolution requesting to cease participation in the system and shall submit the resolution to the

- 1                   board for its approval;
- 2                   2. The cessation of participation in the system shall apply to all
- 3                   employees of the employer;
- 4                   3. The employer shall pay for all administrative costs of an actuarial
- 5                   study to be completed by the County Employees Retirement System
- 6                   consulting actuary and for any other administrative costs for
- 7                   discontinuing participation in the system as determined by the board
- 8                   and as provided by this section;
- 9                   4. The employer shall provide an alternative retirement program for
- 10                  employees who will no longer be covered by the system, which may
- 11                  include a voluntary defined contribution plan;
- 12                  5. If the alternative retirement program established by the employer
- 13                  meets the qualification requirements under 26 U.S.C. sec. 401(a) and
- 14                  is capable of accepting trustee-to-trustee transfers of both pre-tax and
- 15                  post-tax contributions, an employee of the employer ceasing
- 16                  participation may seek to transfer his or her account balance to the
- 17                  employer's qualified alternate retirement program within sixty (60)
- 18                  days of the employer's effective cessation date. An employee's election
- 19                  to transfer his or her account balance within sixty (60) days of the
- 20                  employer's effective cessation date is an irrevocable waiver of the right
- 21                  to obtain service credits in the system for the time worked for the
- 22                  employer ceasing participation; and
- 23                  6. The employer shall pay by lump sum to the system the full actuarial
- 24                  cost of the benefits accrued by its current and former employees in the
- 25                  system as determined separately for the pension fund and the
- 26                  insurance fund by the actuarial study required by subparagraph 3. of
- 27                  this paragraph. The full actuarial cost shall not include any employee

1 who seeks to transfer his or her account balance to the alternative  
2 retirement program as provided by subparagraph 5. of this paragraph  
3 within sixty (60) days of the employer's effective cessation date. The  
4 actuarial cost shall be fixed, and the employer shall not be subject to  
5 any increases or subsequent adjustments, once the lump sum is paid.

6 (b) If the board determines an employer must involuntarily cease participation  
7 in the system as provided by subsection (2)(b) of this section:

8 1. The cessation of participation in the system shall apply to all  
9 employees of the employer;

10 2. The employer shall pay for all administrative costs of an actuarial  
11 study to be completed by the County Employees Retirement System  
12 consulting actuary and for any other administrative costs for  
13 discontinuing participation in the system as determined by the board  
14 and as provided by this section; and

15 3. The employer shall pay by lump sum to the system the full actuarial  
16 cost of the benefits accrued by its current and former employees in the  
17 system as determined separately for the pension fund and the  
18 insurance fund by the actuarial study required by subparagraph 2. of  
19 this paragraph. The actuarial cost shall be fixed, and the employer  
20 shall not be subject to any increases or subsequent adjustments, once  
21 the lump sum is paid.

22 (4) Any employee hired on or after the employer's effective cessation date by an  
23 employer who has ceased participation in the system as provided by this section  
24 shall not, regardless of his or her membership date in the County Employees  
25 Retirement System, be eligible to participate in the County Employees Retirement  
26 System through the employer that ceased participation for the duration of his or  
27 her employment with that employer.

1 (5) If an employer has ceased participation in the system as provided by this section:

2 (a) The rights of recipients and the vested rights of inactive members accrued  
3 as of the employer's effective cessation date shall not be impaired or  
4 reduced in any manner as a result of the employer ceasing participation in  
5 the system; and

6 (b) Employees of the employer ceasing participation shall accrue benefits  
7 through the employer's effective cessation date but shall not accrue any  
8 additional benefits in the County Employees Retirement System, including  
9 earning years of service credit through the ceased employer, after the  
10 employer's effective cessation date for as long as they remain employed by  
11 the employer. The day after the employer's effective cessation date, each  
12 employee described by this paragraph shall be considered an inactive  
13 member with respect to his or her employment with the employer that  
14 ceased participation and, subject to the provisions and limitations of KRS  
15 78.510 to 78.852, shall:

16 1. Retain his or her accounts with the County Employees Retirement  
17 System and have those accounts credited with interest in accordance  
18 with KRS 78.510 to 78.852;

19 2. Retain his or her vested rights in accordance with paragraph (a) of  
20 this subsection; and

21 3. Be eligible to take a refund of his or her accumulated account balance  
22 in accordance with KRS 61.625 or any other available distribution if  
23 eligible.

24 (6) For purposes of this section, the full actuarial cost shall be determined by the  
25 County Employees Retirement System consulting actuary separately for the  
26 pension fund and the insurance fund using the assumptions and methodology  
27 established by the system specifically for determining the full actuarial cost of

ceasing participation as of the employer's effective cessation date. For purposes of determining the full actuarial cost, the assumed rate of return used to calculate the cost shall be the lesser of the assumed rate of return utilized in the system's most recent actuarial valuation or the yield on a thirty (30) year United States treasury bond as of the employer's effective cessation date, but shall in no case be lower than the assumed rate of return utilized in the system's most recent actuarial valuation minus three and one-half percent (3.5%).

(7) The system shall promulgate administrative regulations pursuant to KRS Chapter 13A to administer this section.

(8) Any employer who voluntarily ceases participation, or who is required to involuntarily cease participation as provided in this section, shall hold the Commonwealth harmless from damages, attorney's fees, and costs from legal claims for any cause of action brought by any member or retired member of the departing employer.

~~[(1) If a participating county fails to fully comply with the provisions of KRS 78.510 to 78.852, the board may require the county to involuntarily cease participation in the system as provided by KRS 61.522.]~~

~~(2)~~ In lieu of cessation of participation of a county which fails to fully comply with the provisions of KRS 78.510 to 78.852, the board may file an action in the Franklin Circuit Court to collect money owed and to attach so much of the general fund of the delinquent county as is necessary to achieve full compliance with the provisions of KRS 78.625.

(10) The board may utilize the provisions of subsection (3)(b) or (4) of Section 38 of this Act to ensure employer compliance and payment of any amount payable by an employer under the provisions of this section.

➔ Section 35. KRS 78.540 is amended to read as follows:

Membership in the system shall consist of the following:

- 1 (1) (a) All persons who become employees of a participating county after the date the  
2 county first participates in the system, except that:
- 3 1. Mayors and members of city legislative bodies may decline prior to their  
4 participation in the system; and

11 participation, or in the case of persons on authorized leave, within thirty (30)  
12 days of their return to active service, to become members and thereby agree to  
13 make contributions as provided in KRS 78.520 to 78.852;
- 14 (c)~~(b)~~ All persons who are employees of a county who did not elect to  
15 participate within thirty (30) days of the date the county first participated in  
16 the system or within thirty (30) days of their return to active service and who  
17 subsequently elect to participate the first day of a month after the county's date  
18 of participation;
- 19 (d)~~(3)~~ All persons who declined participation as provided by paragraph (a)~~in~~  
20 ~~subsection (1)~~ of this subsection~~section~~ and who later elect to participate.  
21 Persons who elect to participate under this paragraph~~subsection~~ may  
22 purchase service credit for any prior years by paying a delayed contribution  
23 payment, provided the person began participating in the system prior to  
24 January 1, 2014. The service shall not be included in the member's total  
25 service for purposes of determining benefits under KRS 61.702; and
- 26 (e)~~(4)~~ All persons electing coverage in the system under KRS 78.530(3)(d).
- 27 (2)~~(5)~~ The provisions of subsection~~subsections~~ (1)(a) to (1)(c) ~~and (2)~~ of this

4 the County Employees Retirement System to employees in any employee category  
5 not covered by a city pension system at the date of participation.

6 ~~(3)~~~~(6)~~ Membership in the system shall not include:

10 defined benefit plan within Kentucky other than those administered by the  
11 Kentucky Retirement Systems or the County Employees Retirement System,  
12 except for employees who have ceased to contribute to one (1) of the state-  
13 administered retirement plans as provided in KRS 21.360.

14 (4) (a) The membership of any person in the system shall cease:

15 1. Upon withdrawal of his accumulated account balance at or any time  
16 after termination of employment, regardless of length of service;

17 2. Upon retirement;

18 3. Upon death;

19 4. For persons hired prior to August 1, 2000, upon termination of

22 5. For persons hired on or after August 1, 2000, upon conviction of a  
23 felony relating to the person's employment as provided in paragraph  
24 (c) of this subsection.

25 (b) For purposes of KRS 78.510 to 78.852, termination of employment with  
26 prejudice shall mean termination as the result of conviction of the member  
27 in a court of competent jurisdiction of embezzlement or larceny of public

1 funds or property or malfeasance in office, or the forcing of a member to  
2 make restitution for any funds or property criminally taken by the member  
3 at the time of termination of employment.

4 (c) Notwithstanding any provision of law to the contrary, an employee hired on  
5 or after August 1, 2000, who participates in the system and who is  
6 convicted, in any state or federal court of competent jurisdiction, of a felony  
7 related to his employment shall forfeit rights and benefits earned under the  
8 system, except for the return of his accumulated contributions and interest  
9 credited on those contributions. The payment of retirement benefits ordered  
10 forfeited shall be stayed pending any appeal of the conviction. If the  
11 conviction is reversed on final judgment, no retirement benefit shall be  
12 forfeited. The employer shall notify the system when an employee is  
13 convicted under the provisions of this subsection.

14 (d) When membership ceases, except in the case of retirement, the member  
15 shall thereafter lose all right to any retirement allowance or benefits under  
16 KRS 78.510 to 78.852 arising from service prior to the date of such  
17 cessation of membership.

18 ➔Section 36. KRS 78.610 is amended to read as follows:

- 19 (1) Each employee shall, commencing on August 1, 1990, contribute, for each pay  
20 period for which he receives compensation, five percent (5%) of his creditable  
21 compensation.
- 22 (2) The agency reporting official of a participating county shall cause to be deducted  
23 from the "creditable compensation" of each employee for each and every payroll  
24 period subsequent to the date the county participated in the system the contribution  
25 payable by the member as provided in KRS 78.510 to 78.852. The agency reporting  
26 official shall promptly pay the deducted employee contributions to the system in  
27 accordance with KRS 78.625.

- 1 (3) The deductions provided for in subsection (2) of this section shall be made  
2 notwithstanding that the minimum compensation provided by law for any employee  
3 shall be reduced thereby. Every employee shall be deemed to consent and agree to  
4 the deductions made as provided in subsection (2) of this section; and payment of  
5 salary or compensation less the deductions shall be a full and complete discharge of  
6 all claims for services rendered by the person during the period covered by the  
7 payment, except as to any benefits provided by KRS 78.510 to 78.852.
- 8 (4) Each employer shall, solely for the purpose of compliance with Section 414(h) of  
9 the United States Internal Revenue Code, pick up the employee contributions  
10 required by this section for all compensation earned after August 1, 1982, and the  
11 contributions picked up shall be treated as employer contributions in determining  
12 tax treatment under the United States Internal Revenue Code and KRS 141.010.  
13 These contributions shall not be included as gross income of the employee until the  
14 contributions are distributed or made available to the employee. The picked-up  
15 employee contribution shall satisfy all obligations to the retirement system satisfied  
16 prior to August 1, 1982, by the employee contribution, and the picked-up employee  
17 contribution shall be in lieu of an employee contribution. Each employer shall pay  
18 these picked-up employee contributions from the same source of funds which is  
19 used to pay earnings to the employee. The employee shall have no option to receive  
20 the contributed amounts directly instead of having them paid by the employer to the  
21 system. Employee contributions picked up after August 1, 1982, shall be treated for  
22 all purposes of KRS 78.510 to 78.852 in the same manner and to the same extent as  
23 employee contributions made prior to August 1, 1982.
- 24 (5) The provisions of this section shall not apply to individuals who are not eligible for  
25 membership as provided by Section 34 of this Act ~~[KRS 61.522]~~.
- 26 ➔Section 37. KRS 78.615 is amended to read as follows:
- 27 (1) Employee contributions shall be deducted each payroll period from the creditable

1 compensation of each employee of an agency participating in the system while he is  
2 classified as regular full-time as defined in KRS 78.510 unless the person did not  
3 elect to become a member as provided by KRS 78.540~~[(2)]~~ or is not eligible to  
4 participate in the system as provided by Section 34 of this Act~~[KRS 61.522]~~. After  
5 August 1, 1982, employee contributions shall be picked up by the employer  
6 pursuant to KRS 78.610(4).

7 (a) For employees who are not employed by a school board, service credit shall  
8 be allowed for each month contributions are deducted or picked up during a  
9 fiscal or calendar year, if the employee receives creditable compensation for  
10 an average of one hundred (100) hours or more of work per month based on  
11 the actual hours worked in a calendar or fiscal year. If the average number of  
12 hours of work is less than one hundred (100) hours per month, the employee  
13 shall be allowed credit only for those months he receives creditable  
14 compensation for one hundred (100) hours of work.

15 (b) For noncertified employees of school boards, for service prior to July 1, 2000,  
16 service credit shall be allowed for each month contributions are deducted or  
17 picked up under the employee's employment contract during a school year  
18 determined by dividing the actual number of contracted calendar days worked  
19 by twenty (20) and rounded to the nearest whole month if the employee  
20 receives creditable compensation for an average of eighty (80) or more hours  
21 of work per month based on the employee's employment contract. The school  
22 board shall certify the number of calendar days worked, the rate of pay, and  
23 the hours in a work day for each employee monthly or annually. The employer  
24 shall file at the retirement office the final monthly report or the annual report  
25 for a fiscal year no later than twenty (20) days following the completion of the  
26 fiscal year. The retirement system shall impose a penalty on the employer of  
27 one thousand dollars (\$1,000) if the information is not submitted by the date

1 required with an additional two hundred and fifty dollars (\$250) for each  
2 additional thirty (30) day period the information is reported late.

- 3 1. If the employee works fewer than the number of contracted calendar  
4 days, the employee shall receive service credit determined by dividing  
5 the actual number of contracted calendar days worked by twenty (20)  
6 and rounded to the nearest whole month, provided that the number of  
7 hours worked during the period averages eighty (80) or more hours.
- 8 2. If the employee works fewer than the number of contracted calendar  
9 days and the average number of hours worked is less than eighty (80) per  
10 month, then the employee shall receive service credit for each calendar  
11 month in which he worked eighty (80) or more hours.
- 12 3. The retirement system shall refund contributions and service credit for  
13 any period for which the employee is not given credit under this  
14 subsection.

- 15 (c) For noncertified employees of school boards, for service on and after July 1,  
16 2000, at the close of each fiscal year, the retirement system shall add service  
17 credit to the account of each employee who made contributions to his or her  
18 account during the year. Employees shall be entitled to a full year of service  
19 credit if their total paid calendar days were not less than one hundred eighty  
20 (180) calendar days for a regular school or fiscal year. In the event an  
21 employee is paid for less than one hundred eighty (180) calendar days, the  
22 employee may purchase credit according to administrative regulations  
23 promulgated by the system. In no case shall more than one (1) year of service  
24 be credited for all service performed in one (1) fiscal year. Employees who  
25 complete their employment contract prior to the close of a fiscal year and elect  
26 to retire prior to the close of a fiscal year shall have their service credit  
27 reduced by eight percent (8%) for each calendar month that the retirement

1 becomes effective prior to July 1. Employees who are employed and paid for  
2 less than the number of calendar days required in their normal employment  
3 year shall be entitled to pro rata service credit for the fractional service. This  
4 credit shall be based upon the number of calendar days employed and the  
5 number of calendar days in the employee's annual employment agreement or  
6 normal employment year. Service credit may not exceed the ratio between the  
7 school or fiscal year and the number of months or fraction of a month the  
8 employee is employed during that year.

9 (d) Notwithstanding paragraph (c) of this subsection, a noncertified employee of a  
10 school board who retires between July 1, 2000, and August 1, 2001, may  
11 choose to have service earned between July 1, 2000, and August 1, 2001,  
12 credited as described in paragraph (b) of this subsection, if the employee or  
13 retired member notifies the retirement system within one (1) year of his initial  
14 retirement. The decision once made shall be irrevocable.

15 (2) Employee contributions shall not be deducted from the creditable compensation of  
16 any employee or picked up by the employer while he is seasonal, emergency,  
17 temporary, or part-time. No service credit shall be earned.

18 (3) Contributions shall not be made or picked up by the employer and no service credit  
19 shall be earned by a member while on leave except:

20 (a) A member on military leave shall be entitled to service credit in accordance  
21 with KRS 61.555; and

22 (b) A member on educational leave who meets the criteria established by the state  
23 Personnel Cabinet for approved educational leave, who is receiving seventy-  
24 five percent (75%) or more of full salary, shall receive service credit and shall  
25 pay member contributions in accordance with KRS 78.610, and his employer  
26 shall pay employer contributions or the contributions shall be picked up in  
27 accordance with Section 8 of this Act ~~KRS 61.565~~. If a tuition agreement is

1 broken by the member, the member and employer contributions paid or picked  
2 up during the period of educational leave shall be refunded.

3 (4) The retirement office, upon detection, shall refund any erroneous employer and  
4 employee contributions made to the retirement system and any interest credited in  
5 accordance with KRS 78.640.

6 ➔Section 38. KRS 78.625 is amended to read as follows:

7 (1) The employer shall prepare the reporting records necessary for the system to  
8 administer the provisions of KRS 78.510 to 78.852 and, from time to time, shall  
9 furnish the information the system may require in the discharge of its duties.  
10 Upon employment of an employee, the employer shall inform him or her of his or  
11 her duties and obligations in connection with the system as a condition of  
12 employment.

13 (2) The agency reporting official of the county shall file the following at the retirement  
14 office on or before the tenth day of the month following the period being reported:

16 Section 8 of this Act~~[61.565]~~, and Section 28 of this Act~~[61.702]~~;

17 (b) The employer contributions and reimbursements for retiree health insurance  
18 premiums required under KRS 61.637; and

19 (c) A record of all contributions to the system on the forms prescribed by the  
20 systems.

21 ~~(3)~~~~(2)~~ (a) If the agency reporting official fails to file at the retirement office all  
22 contributions and reports on or before the tenth day of the month following  
23 the period being reported, interest on the delinquent contributions at the  
24 actuarial rate adopted by the board compounded annually, but not less than  
25 one thousand dollars (\$1,000), may be added to the amount due the system.

26 (b) Delinquent contributions, with interest at the rate adopted by the board  
27 compounded annually, or penalties may be recovered by action in the Franklin

1 Circuit Court against the county liable or may, at the request of the board, be  
2 deducted from any other moneys payable to the county by any department or  
3 agency of the state.

4 ~~(4)~~~~(3)~~ If an agency is delinquent in the payment of contributions due in accordance  
5 with any of the provisions of KRS 78.510 to 78.852, refunds and retirement  
6 allowance payments to members of this agency may be suspended until the  
7 delinquent contributions, with interest at the rate adopted by the board compounded  
8 annually, or penalties have been paid to the system.

9 (5) The system may at any time conduct an audit of the employer in order to  
10 determine if the employer is complying with the provisions of KRS 78.510 to  
11 78.852. The system shall have access to and may examine all books, accounts,  
12 reports, correspondence files, and records of any employer. Every employer,  
13 employee, or agency reporting official of a county, as defined in subsection (3) of  
14 Section 32 of this Act, having records in its possession or under its control, shall  
15 permit access to and examination of the records upon the request of the system.

6 amendment, suspension, or reduction shall not be affected.
- 7 (b) For purposes of this subsection, the amount of benefits the member has

- 11 (c) The provisions of this subsection shall not be construed to limit the General

13 (b) If all liabilities to all individuals entitled to benefits from the policemen's

17 policemen's or firefighters' pension fund shall, within sixty (60) days of repeal,  
18 proceed with the liquidation of any residual assets of the fund. All residual

24 legislative body of the city, for retention by the city clerk the same as for other  
25 city records, of the actions taken to dissolve the fund and liquidate residual  
26 assets of the fund.

27 (3) Any policemen's pension fund or any firefighters' pension fund established under

15 funds over those required to provide for the purposes set forth in paragraphs (a), (b),  
16 and (c) of this subsection, these excess funds shall be distributed to the city for use  
17 by the city for any other purpose it may elect, including, but not limited to, the  
18 establishment of a reserve for payment under paragraph (d) of this subsection. The  
19 governing board of the fund may annually expend for the necessary expenses

24 pension contributions required pursuant to Sections 8 and 28 of this Act~~KRS~~  
25 ~~61.565~~. Pursuant to the terms of this section, if firefighters of the city of the

1           forth in paragraphs (a), (b), and (c) of this subsection, these excess funds shall  
2           be distributed according to the terms of an agreement negotiated between the  
3           city and the union organization representing the firefighters. The city may use  
4           its share of the distributed excess funds for any purpose it may elect,  
5           including, but not limited to, the establishment of a reserve for payment under  
6           paragraph (e) of this subsection.

7       (4)   (a)   The governing body of each pension fund shall insure that all of the assets in  
8           the fund are distributed for the purposes in subsection (3) of this section, and  
9           only for these purposes. If in any calendar year the assets in either fund exceed  
10          those needed for the actuarial liability for payment of pension benefits and any  
11          anticipated liabilities under subsection (3)(b) and (c) of this section, the  
12          legislative body of the city establishing the pension system shall insure by  
13          pension bonus ordinance that a portion of these excess funds be distributed in  
14          an equitable manner to all eligible pension recipients. Nothing in this  
15          subsection shall be construed to require any change to be made to any pension  
16          ordinance as it exists on July 15, 1998.

17       (b)   The governing board of either fund may annually expend for the necessary  
18           expenses connected with the fund, including but not limited to expenses for  
19           medical, actuarial, accounting, and legal or other professional services, the  
20           amount such governing board deems proper.

21       (5)   Any ordinance establishing a pension fund under this section shall make equitable  
22           provision for the rights of persons having an interest in assets transferred to the fund  
23           from any fund heretofore established by statute.

24       (6)   To assure equal protection for the beneficiaries of either fund, any action taken by  
25           the city executive or legislative body in cities of the first class that affects a  
26           policemen's pension fund or a firefighters' pension fund established under this  
27           section shall, to the maximum extent permitted by law, treat each fund in a uniform

1 manner and shall not cause any change to be made to the structure or operation of  
2 either fund, whether through legislation, litigation, compromise, settlement, or  
3 otherwise, unless any proposed change is offered to the other fund before it takes  
4 effect. Nothing in this subsection shall be construed to require any change to be  
5 made to any pension ordinance as it exists on July 15, 1998.

6 (7) The legislative body in a city of the first class shall issue the appropriate order,  
7 pursuant to KRS 78.530(1), directing participation for policemen in the County

13 may retain membership in the local system. The city shall elect the alternate  
14 participation plan, pursuant to KRS 78.530(3), for policemen who transfer to the  
15 County Employees Retirement System. Notwithstanding the provisions of KRS  
16 78.530(3)(b), the city may, at its option, extend the payment period for the cost of  
17 alternate participation to a maximum of twenty (20) years with the interest at the  
18 rate actuarially assumed by the board. The city shall have the right to use assets in  
19 the local pension fund, other than assets necessary to pay benefits to the remaining  
20 active members of the local policemen's pension system and to retirees and their  
21 survivors as determined by actuarial valuation, to assist in the payment of the  
22 annual installment cost of alternate participation. All policemen who become  
23 members of the County Employees Retirement System pursuant to this section shall  
24 be granted hazardous duty coverage, and the city may, at its option, purchase  
25 accumulated sick leave for each policeman upon retirement pursuant to KRS  
26 78.616.

27 (8) The legislative body in a city of the first class may issue the appropriate order,

1       pursuant to KRS 78.530(1), directing participation for firefighters in the County  
2       Employees Retirement System. In the event that the legislative body in a city of the  
3       first class issues such an order, then all new employees who would have been  
4       granted membership in the local firefighters' pension system shall be members of  
5       the County Employees Retirement System. All active members of the local

10      to the County Employees Retirement System. Notwithstanding the provisions of  
11      KRS 78.530(3)(b), the city may, at its option, extend the payment period for the cost  
12      of alternate participation to a maximum of twenty (20) years with the interest at the  
13      rate actuarially assumed by the board. The city shall have the right to use assets in  
14      the local firefighters' pension fund, other than assets necessary to pay benefits to the  
15      remaining active members of the local firefighters' pension system and to retirees  
16      and their survivors as determined by actuarial valuation, to assist in the payment of  
17      the annual installment cost of alternate participation. After certification by the  
18      County Employees Retirement System of eligibility for hazardous duty coverage,  
19      each firefighter who becomes a member of the County Employees Retirement  
20      System pursuant to this section shall be granted hazardous duty coverage.

21   (9) Notwithstanding the provisions of Sections 8 and 28 of this Act~~KRS 61.565~~,

25      employees who participate in said plan, shall have the right to enter into agreement  
26      with its employees or with their respective collective bargaining representatives.  
27      This agreement may include, but is not limited to, specifications of what portion of

1 the required employer contribution shall be borne by the participating employer and  
2 what portion shall be borne by the participating employee. This provision in no way  
3 modifies the employer's obligation to remit the contributions required by the County  
4 Employees Retirement System pursuant to Sections 8 and 28 of this Act~~[KRS~~  
5 ~~61.565]~~, whether such contributions are borne by the city or by its participating  
6 employees.

7 (10) With regard to the employer participation or employer contributions pursuant to  
8 Sections 8 and 28 of this Act~~[KRS 61.565]~~ as it relates to future pension  
9 contribution requirements or as it relates to payback period or interest charge for  
10 service liability cost under alternate participation, if any statute or any resolution of  
11 the appropriate state board of trustees having authority over employer participation  
12 or employer contribution grants any terms or conditions to any city of the home rule  
13 class, or to any county, or to any urban-county government, which are more  
14 favorable in terms of participation than terms or conditions granted to any city of  
15 the first class, then said provisions for employer participation or contribution shall  
16 be available to the city of the first class, at its option and effective upon adoption by  
17 the city of the first class and notification to the County Employees Retirement

19                      61.705, or 78.510 to 78.852, that were available for all members of the system  
20                      to purchase on August 5, 1997.

22                      purchase of service agreement as provided by paragraph (a)2. of this  
23                      subsection, the cost of the service shall be computed in the same manner  
24                      as for a lump-sum payment which shall be the principal, except that

26                      the member elects to make the purchase shall be added for the period  
27                      that the installments are to be made.

- 1           2. Multiple service purchases may be combined under a single installment  
2           agreement, except that no employee may make more than one (1)  
3           installment purchase at the same time.
- 4           3. For after-tax installment purchase of service agreements, the employee  
5           may elect to stop the installment payments by notifying the retirement

- 25          7. The retirement system shall determine how much of the total cost  
26          represents payment for one (1) month of the service to be purchased and  
27          shall credit one (1) month of service to the member's account each time

9                   death, the beneficiary, shall have sixty (60) days to pay the remaining  
10                  principal or a portion of the remaining principal of the installment  
11                  purchase of service agreement by lump sum, subject to the restrictions of  
12                  paragraph (a)1. of this subsection, or by transfer of funds under  
13                  paragraph (a)3. of this subsection, except that payment by the member  
14                  shall be filed with the system prior to the member's effective retirement  
15                  date. If the member or beneficiary does not pay the remaining cost, the  
16                  retirement system shall refund to the member or the beneficiary the  
17                  payment, payments, or portion of a payment that does not represent a  
18                  full month of service purchased, except as provided by subsection (22)  
19                  of this section.

20                  9. If the employer does not report installment payments on an employee for  
21                  sixty (60) days for an after-tax installment purchase of service  
22                  agreement, except in the case of employees on military leave or sick  
23                  leave without pay, the installment purchase shall cease and the

4 and the member later becomes a participating employee in one (1) of the  
5 three (3) systems administered by Kentucky Retirement Systems, the  
6 employee may complete the adjusted original installment purchase by  
7 lump sum or installment payments, subject to the restrictions of this
