UNHUMANS

The Secret History of Communist Revolutions (and How to Crush Them)

By Jack Posobiec
and Joshua Lisec

If you don't understand communist revolutions, you aren't ready for what's coming.

The old rules are over. The old order is over. Accusations are evidence. Activism means bigotry and hate. Criminals are allowed to roam free. Citizens are locked up. An appetite for vengeance is unleashed—to deplatform, debank, destroy. This is the daily news, yet none of it's new. Patterns from the past make sense of our present. They also foretell a terrifying future we might be condemned to endure.

For nearly 250 years, far-left uprisings have followed the same battle plans—from the first call for change to last innocent executed, from denial a revolution is even happening to declaration of the new order. *Unhumans* takes readers on a shocking, sweeping, and succinct journey through history to share the untold stories of radical takeovers that textbooks don't teach.

And there is one conclusion: We're in a new revolution right now.

But this is not a book about ideology or politics. *Unhumans* reveals that communism, socialism, Marxism, and all other

radical-isms are not philosophies but tactics—tactics that are specifically designed to unleash terror on everyday people and revoke their human rights to life, liberty, and property. These are the forces of unhumanity. This is what they do. Every. Single. Time. *Unhumans* steals their playbook, breaks apart their strategies piece by piece, and lays out the tactics of what it takes to fight back—and win, using real-world examples.

Unhumans is the essential read for every concerned citizen both of the US and worldwide. We must stop what is coming.

Praise for *Unhumans*

“In the past, communists marched in the streets waving red flags. Today, they march through HR, college campuses, and courtrooms to wage lawfare against good, honest people. In *Unhumans*, Jack Posobiec and Joshua Lisec reveal their plans and show us what to do to fight back.”

—**J. D. Vance, Senator (R-OH)**

“Jack Posobiec sees the big picture and isn't afraid to describe it. He's been punished for that, but it makes him one of the rare people worth listening to.”

—**Tucker Carlson**

“The far Left murdered 100 million people in the twentieth century and have repeatedly shown that they will stop at nothing to achieve their totalitarian goals. They have torn down countless societies using a sophisticated playbook of propaganda. The only way to stop them in the future is to use their own subversive playbook against them. *Unhumans* reveals that playbook and teaches us how to deploy it immediately to save the West.”

—**Donald Trump, Jr.**

“We are now living through an era of irregular warfare. This is a gray-zone communist revolution by new means. *Unhumans* exposes their battle plans and offers a fifth-generation warfare system to fight back and win.”

—**Lt. Gen., USA (Ret.) Michael T. Flynn**

“Jack Posobiec and Joshua Lisek have written one of the most important books of the year—or any year, for that matter. Unhumans teaches that the events Americans are living through now are not without precedent. There is a pattern to these events—a ‘gray-zone communist revolution’—and if we do not wish to repeat the pattern, we must act intelligently to stop the destructive plans of the ‘unhumans.’ This is truly a must-read book for every patriotic American.”
—**Robert Stacy McCain, The American Spectator**

“With beauty, rhythm, and prose more often seen in fiction, Unhumans is a breakneck adventure through millennia of human history. Posobiec and Lisek guide the reader through Ancient Rome, Maoist China, Franco’s Spain, and more as they chronicle the awesome and ancient battle between civilization and uncivilization, humans and unhumans. Placing the current culture war in historical perspective, Unhumans teaches readers to combat the tyrannical forces that have crumbled empires—and that have come for our own.”

—**Dr. Peter Boghossian**
